OVERSIZED LOAD-- Five eighteen wheelers passed through Cross Plains enroute to Houston.

Giant Transport Travels Through Cross Plains

Robbins Motor Transportation of Garland passed through Cross Plains Tuesday, August 1, around 3 p.m. transporting five major components of a coal gasification plant from Daggett,

California to Houston. The overall dimensions of the units after they were loaded on equipment for transport are 17 feet, 9 inches wide and 21 feet, 6 inches high.

West Texas Utility in Cross Plains was contacted for clearance purposes. It took the caravan approximately 1 1/2 hours to make the turn from Highway 279 east on Highway 36 out to Home Sweet Home Enterprises.

BIKE-A-THON RIDERS PASS THROUGH CROSS PLAINS TODAY

Six bikers will arrive in Cross Plains about 4 p.m. today, having left from Tomball on Tuesday morning. They will be spending the night at 36 West Motel, then continuing on to their final destination of Abilene on Friday morning.

The 350-mile bike-a-thon is to raise funds to provide the "Small Steps" day care center in inter-city Houston with operating expenses for one year. Their goal is to raise \$35,000 through pledges and donations.

The six men riding in the bike-a-thon include Charlie Middlebrook of Tomball, a minister and adjunct faculty member at ACU; Randall Larr of Dallas, an ACU grad student; and Dick Stovall of Graham, a minister. The other three men who are joining in the ride are: David Pratt of Houston, a business consultant who took a class under Middlebrook at ACU last spring; Lee McLeod of Austin, a youth minister; and Tommy Martin of Graham, a church deacon and deputy chief of the Young

County Sheriff's Department.

The "Small Steps" day care center is a work of the Houston Impact Church of Christ. There are presently 17 children being cared for, 5 days a week, in an environment where they can learn the love of God and see hope in following Him--instead of the despair of the existence they see around them every day in their homes and on the streets in the inter-city. It is hoped that more and more children can be incorporated into the day care as funds are available.

Members of the Cross Plains Church of Christ invite others to join in welcoming the riders into town this afternoon (Thursday) at 4 p.m. Meet on the parking lot of the church's Activity Center on 36 East. "We became involved," says Bob Pipes, "mainly due to the fact that Dick Stovall is a personal friend of mine. We're going to feed them and encourage them, and hopefully pledge/donate some money toward their goal of \$35,000."

Shower For Ancell Family Saturday

The home of Judy Jackson Ancell, formerly of Cross Plains, and her two children was destroyed by fire on July 26 in Clyde. The structure and all the families' possessions were lost.

A shower will be held at Pioneer Revival Center, one mile east of Cross Plains on Highway 36, Saturday, August 12, from 5 to 6:30 p.m.

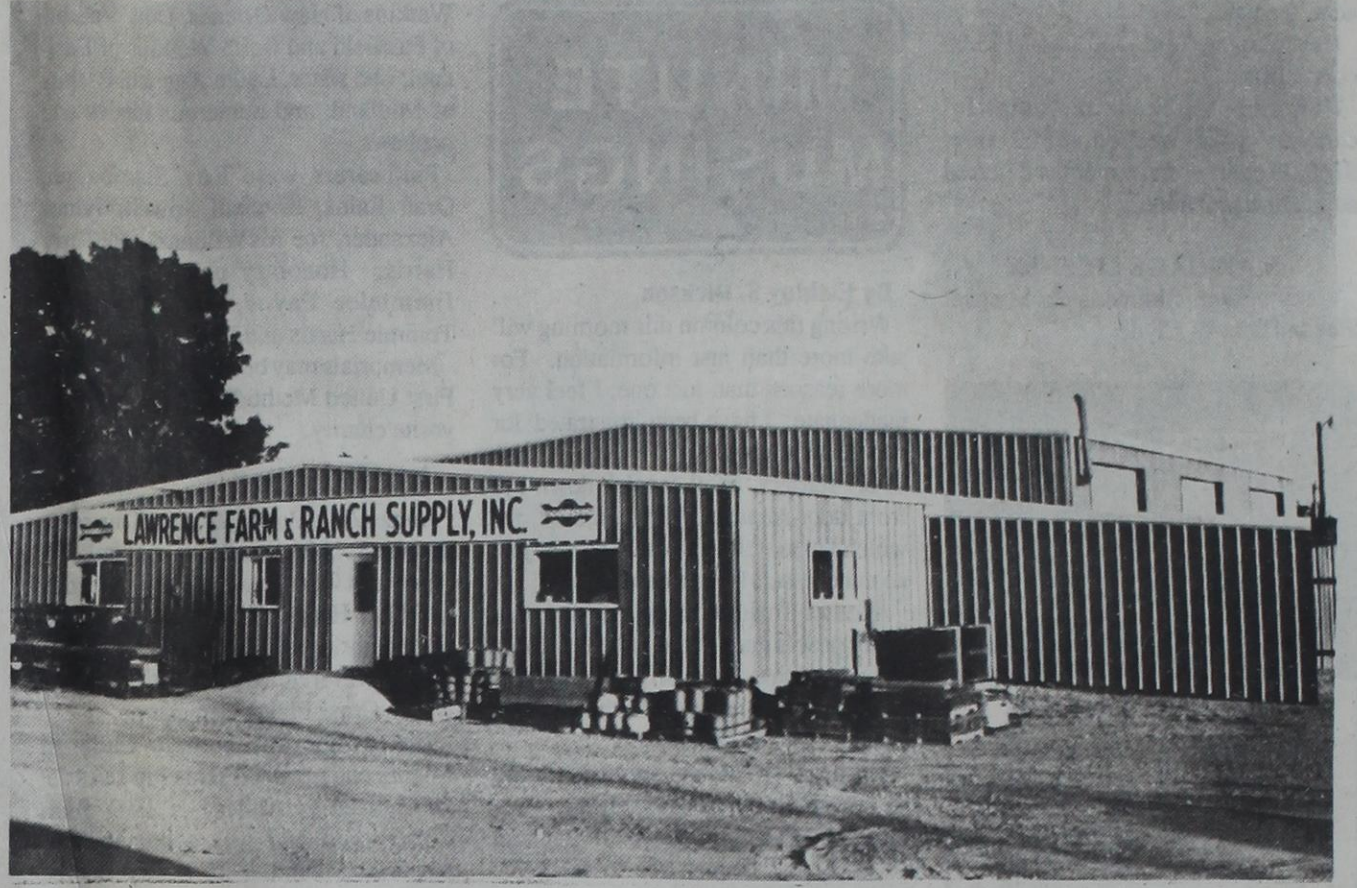

The family needs household goods, furniture, ladies size 29x32, size 10 or medium, girls size 12 and 16. Any donations will be greatly appreciated.

A money tree will be available at the shower.

Gifts may be left at the Simons' residence (Avenue E and 6th Street). For further information contact Fay Simons at (817) 725-6198.

Colonial Oaks Services

First Baptist will conduct worship services at Colonial Oaks Nursing Home on Sunday, August 13, commencing at 3:30 p.m.

NEW LOCATION-- Lawrence Farm and Ranch Supply, Inc. holding open house in new facility.

LAWRENCE FARM AND RANCH OPEN HOUSE AUGUST 12

Lawrence Farm & Ranch Supply will host Open House at their new location 3 blocks east of traffic light on Highway 36, Saturday, August 12, from 8 a.m. to 5 p.m. Everyone is invited to come by to see the new sales and warehouse areas. Refreshments will be served and there will be balloons for the kids. Come by for pens, magnetic clips, a sack of ice cream salt, and other gifts. Several livestock and pet product videos will be available for viewing.

The KIX 104 Cooker will be here cooking hamburgers from 11 a.m. to 2 p.m. Proceeds will benefit local youth organizations. They will also be doing a remote broadcast.

Several door prizes will be given

away. Door prizes include sacks of ACCO pet and livestock feed, a livestock water trough, a pair of Moore Maker fence pliers, Moore Maker knife sharpening stone and oil, two Leanin' Tree Decorative wall tiles, lawn sprinklers, an ice chest plus many others.

A Priefert Manufacturing representative will demonstrate their portable corral system. The system features a circular sweep, adjustable width alley with alley gates, alley stop, electronic scales, sorting gate, squeeze chute, and calf table.

An ACCO FEEDS representative will be present to discuss their line of feed available at Lawrence's. ACCO FEED

is the choice of champions. Every year since 1987, nine years in a row, the Grand Champion Steer at the Houston Livestock Show and Rodeo has been fed ACCO FEED.

A Sheffield Fence representative will be here and can discuss your fencing needs. Another representative will be able to discuss your lawn and garden, livestock and pet care needs. Come on out to find out more information about the products they represent that are available at Lawrence's.

Lawrence Farm & Ranch Supply began operation in Cross Plains in 1962 by Bill and Ethel Lawrence. It was originally located in what is now

MINUTE MUSINGS

By Esthly S. Dickson

Writing this column this morning will take more than just information. For more reasons than just one, I feel very inadequate. I have been 'frustrated' for two or three days.

For starters, I fell (again) down my front door-steps. I wasn't injured, for which I'm grateful. But the fall was just so unnecessary! Pure carelessness!

Another frustration is the fact that every pear is gone off my tree. I believe the wind blew them off, and the local deer picked them up off the ground. Does that make any sense??

My daughter-in-law, Karen, and two daughters visited me on Saturday. They have such a short time, now, until school starts again. I don't see them nearly often enough. They spent the weekend with Lucille Callaway and family.

Sally Ready was only well this morning. Bob visited his mother at the Nursing Home nearly every day. They visited in Abilene with Art and Bertie Roady one day. They talked to Cindy (daughter) in Missouri.

Betty Beggs had an interesting trip recently. They went with Mr. and Mrs. Daniel Beggs and Mr. and Mrs. DeWayne Jones. They went to Salado (near Waco). There were only one hundred sixty in the classes this Sunday.

Helen Tilletson is such a nice neighbor -- I always enjoy my chats with her. She stated that they were well and enjoying each day as it comes. They enjoy their family activities and keep busy through each week.

Grandsons served as pallbearers. Memorials may be made to the Forrest Heights United Methodist Church.

LETTERS TO THE EDITOR

Most older Americans are unaware that Medicare is in danger of financial collapse. I urge you to run stories alerting senior citizens in our community about this crisis.

Congress must not "fix" Medicare as they have in the past. Simply cutting spending in Medicare will lead to rationing.

I support the position of The Seniors Coalition to give me the option of innovative free market choices in health care, or allow me to stay on Medicare if I want to. Please call their Washington office at 1-800-273-9009 for more information on their solution to the crisis.

V J DAY: Next week will mark the 50th anniversary of the surrender of Japan and the end of World War II, the greatest conflict ever known to mankind. Tremendous media time has been lately devoted to the wisdom of dropping the two atomic bombs on Japan. Most of those doing the talking were not born when the decision was made. We have all seen our share of "Monday Morning Quarterbacks" who can tell you exactly what should have been done in any situation. There are very few of us who have not questioned our actions after the fact without saying "I did what looked right to do at the time." That is probably how President Truman felt when he measured the certain loss of thousands of American servicemen versus the loss of almost as many Japanese. He had the guts to make a decision and he did what he thought was the right thing to do at the time. Certainly no one person in the Pacific Armed Forces regretted the action that was taken to bring the War to an end.

So go out and thank a Veteran of World War II and say a prayer for those who made the ultimate sacrifice for their Country.

Addition To C.P. Jr. Rodeo

This information was inadvertently omitted from the August 3 Jr. Rodeo Article: Buckles for the 16-19 age group for the Junior Rodeo were donated by M-W Cattle Company, Mike Winfrey and Dean Dillard, and Terry Harris of BugBusters. Thank you Mike, Dean, and Terry.

In Loving Memory of Raymond Dan Archer

June 9, 1943-July 7, 1995

Only 3 short years minus 3 days, we stood at this same spot stricken with grief and remorse over the loss of our brother Mc. Little did we know that we would take this grief and sorrow trail again so soon.

Raymond Dan Archer was born the second son of Earl and Jewell Archer on June 9, 1943. Dan left this world on July 7, 1995 as he had lived it—on his terms, in his own way, and in his own time.

Dan was a solitary man with many unique ways and characteristics who's life touched so many. Dan had a way of making instant friends that would last a lifetime. Much of this was due to the wonderful gift of conversation and the tall tales he could weave as he viewed life.

In Dan's youth he loved fast cars and in later years his old black Lincoln became a friend as he drove the country, always knowing his old friend would get him safely wherever he went.

He also loved TEXAS—a truer, more devoted Texan you will never find, and this was demonstrated by his love of Texas history. He was an avid reader and cross-word puzzle solver. He made it a daily habit to keep up with the political scene, and he loved to debate politics with his brothers and nephews. In earlier years, he did the rodeo circuit and schooled himself in the art. He felt the most comfortable sitting outside looking over this great country that he was so proud of. How he loved Texas!

A man of few worldly possessions, he left this world leaving behind more than he ever asked for. His legacy included his undying love, admiration, and devotion to his mother, Jewell—a relationship that was not fully understood by many. He also left the ability to revel in the accomplishments of each of his brothers and sisters, making you feel that you were always "the best and the brightest", as he always made sure he knew what you were doing in your life and congratulated you—it always made you feel so special.

Although Dan never had children of his own, he made his nieces and nephews his kids by the interest he took. Most times you would find him talking to one of them, probing to find their life interest and giving advice from his past experiences to help keep them on the right track. They all loved him for this time he gave, for he never hurried through their lives. Long time friends depended upon him to bring the same type of understanding, since he helped

many girls and boys in school and in the right direction for success.

Dan was our family link. He traveled across the U. S. and eventually would show up to visit in your home, bringing news of other family members that we had not seen for awhile. He had a way of sharing family news that made it sound fun and exciting to hear. He loved the yearly family reunion. For it was these few days that he was at his best—telling tales and soaking up family history to be shared and told to his nieces and nephews.

Dan was a true Southern gentleman, always remembering to honor his father and mother's teachings of saying, "Yes, Ma'am," or "No Sir", "Thank-you", and "Please."

Dan feared he would leave this life never leaving his mark. Little did he know what he gave to us and what he left behind. We talked little of his uniqueness, since it was just a given that Dan would just be Dan-dependable and true as the day is long-always there-always knowing when you needed him to be around and lend his words of encouragement.

A more courageous and strong man in his death we have never known, and this was demonstrated in the last days of his life. He spoke his mother's, sister's and brother's names those last days, as if he was recounting all that had transpired in his life with each of us. Dan once said that "I love you" were three words that were not said enough, so his last days were filled with these words. And we shall always remember them.

Dan's illness and death left us all with an unbearable void and heartache that will not soon be healed. He told us to not weep for him, since this was his train ride and he was in charge of the trip, and when he was ready, his time would come. And it did—peacefully, at 12:32 a.m. on July 7.

Raymond Dan Archer—some called him Boone, some called him Daniel—we called him son, brother, and uncle, and he will live in our hearts and memories forever.

From this day forth when we visit Cottonwood, Texas, we will bring three bunches of flowers instead of two, since Dan is now with his brother and father.

And on a cool summer morning as we look out over this land, and the cool summer breeze gently caresses our faces and the sun gives us warmth, we will know Dan is beside us saying, "How you doing, Sis"—"How you

doing, Bud", and we will know he has found peace in his life with the loving arms of the Lord around him.

Dan, we love you and will never forget. Rest in Peace.

Love,
Your Mother, Brothers, Sisters,
Nieces, and Nephews

BURKETT NEWS

By LOVERA STRICKLAND

June Stalcup and Melba Walker recently made a weekend trip to Lubbock to visit relations. Melba attended a family reunion, and June visited her relatives at Cotton Center. It was a safe and enjoyable trip.

Hannah and Hillary Pickett and their mother and dad are on an extended visit with their grandmother, Melba Walker. They arrived last Wednesday, and the heat was terrible on them since they are from Colorado. So the rain and cooler weather was very welcome.

The Burkett Baptist Church had a good attendance Sunday, with dinner following the preaching service. After dinner, everyone joined in singing some great gospel songs. Everyone enjoyed the fellowship.

Save Time At Social Security—Call Ahead And Make Appointment

With today's hectic life-styles, it seems everyone is in a hurry. Whether visiting a doctor or conducting personal matters, people don't want to sit and wait.

"We understand that you don't have a lot of time to take care of your Social Security business," reports Ken Hargis, manager of the Abilene district office. "That's why we ask you to call and make an appointment so you will be waited on within 10 minutes of your scheduled time."

Hargis said to make an appointment, call Social Security's toll-free number, 1-800-772-1213. An SSA representative will ask you a few questions. Depending on the reason for your call, the representative may be able to take care of your business immediately and save you a trip. For example, you can change your address or sign up for direct deposit by telephone.

"If you still need an appointment, the representative will ask for your name, Social Security number, address, telephone number and other basic information we need to prepare for your appointment," Hargis said.

You can choose an appointment by telephone or in person at the Social Security office or a contact station. The SSA representative will help you select a convenient date and time.

"If you make an appointment to file a claim for benefits at least seven days in advance, we will send you a confirmation letter," Hargis stated. "The letter will include the time of your appointment and list the documents you will need to bring with you such as a birth certificate or marriage license."

"If you selected a telephone appointment, you can mail the necessary documents to us when you return your application. We'll return the documents as soon as we finish reviewing them."

MARY POPPINS RIGHT

A small amount of sugary liquid on an infant's tongue appears to act as a sort of natural pain killer before routine, but painful medical procedures. Researchers at Brown University found that when 2 and 4 month-olds received the sugary fluid before a routine vaccination the babies cried less than the infants given plain water. This confirmed findings at Johns Hopkins where a bit of sugar was given to newborn boys undergoing circumcision: the babies cried less. Researchers suggest that in some way the sugary fluid activates the body's own naturally produced pain-killing substance.

Your better health is our concern.

BREAKTHRU

By Bob Pipes, preacher
Cross Plains Church of Christ

A teenage girl, bewildered by a moment of temporary but rather intense family stress, declared she was leaving home forever. She stormed out, taking with her only a few cents, no coat nor extra clothes. All afternoon she walked, mile after mile, becoming tired and hungry, not really getting out of town, and feeling more foolish and less angry every minute, every mile. She wanted to go back home but her pride wouldn't let her. Finally, she stopped at a small cafe and ordered a hot drink and a hamburger. She didn't have enough money to pay for it but she'd just have to tell them later... Someone sat down at the counter next to her and asked gently, "What about another one -- and another cup of chocolate?" It was her father who had followed her all the way. Isn't that just the way a father ought to be? He either follows -- or he's waiting with open arms upon the prodigal's return.

Well that was enough! All anger gone, she was only too glad to return home where, as she had really known all along, she was dearly loved, wanted and needed. It's hard to run away from love that follows. And that's the kind of love God has. He loves us, not because we are always lovable, but because He is love -- and His love will break thru to you if you'll let it! Him. Luke 15:11-24 records the Lord's parable of the lost and prodigal son. Read it and see the picture of "The Father's Welcome to Sinners Who Repent and Come Home." Do you need to come home?

Prickitt-Flippin Exchange Vows July 28

Sandra Prickett of Lake Brownwood and E. J. Flippin of Pioneer were united in marriage July 28 at 7 p.m. at the bride's home.

The double-ring garden ceremony was performed by Rev. Richard Hetzell. The patio and yard area was decorated with baskets and arrangements of sunflowers. Bales of hay accented the country style wedding.

Guests were registered by Karen Duke.

The bride and groom entered the scene to the music of "Can I Have This Dance for the Rest of My Life." The bride carried a bouquet of sunflowers made by Celia Salyer.

Jeannie Pruett recited the Love Chapter, I Corinthians 13. Charlotte Berryhill sang "The Lord's Prayer." Karen Duke read a poem by Robert Browning, "Grow old along with me - The best is yet to be. The last of life for which the first was made."

A reception was held immediately following the ceremony. Dianne Prickett made the three tier wedding cake decorated with sunflowers.

Members of the house party were Janice Moore, Dorothy Singlary, Celia Salyer, Jeannie Pruett, and Karen Duke.

The couple will make their home at Lake Brownwood.

DRAW NIGH TO GOD FELLOWSHIP FRIDAY, AUGUST 11

The Draw Nigh God Fellowship will be held at Sister McGinn's church in Rising Star Friday, August 11, beginning at 7 p.m.

Everyone is cordially invited to attend the services.

(NAPS)—Shriner's Hospitals for Crippled Children was honored earlier this year as the recipient of the American Hospital Association's Nova Award. Shriners Hospitals was recognized for its Children's Health Care Options Improved through Collaborative Efforts and Services (CHOICES) program.

Shriners at the 1919 Imperial Council Session voted to establish a Shriners Hospital for Crippled Children to treat orthopaedic injuries, diseases and birth defects in children. It was to be supported by a \$2 a year assessment from each Shriner. They concluded, after months of research and debate, that there should be not just one hospital but a network of hospitals throughout North America.

Community Blood Drive Nets 25 Pints

The Meek Community Blood Bank's Bloodmobile was in Cross Plains on Tuesday, August 1. Diane McGuire of Blood Bank reported that there were 25 pints of blood given. The blood drive was very timely, given an extreme shortage of blood supplies in the Abilene area.

The next blood drive has been scheduled for Tuesday, February 6, 1996.

MRS. RUSSELL WALLACE MANION

Glenda Evans Weds Russell Manion July 8, 1995 In Afternoon Ceremony

Glenda Faye Evans, daughter of Maxey and Norma Evans of Cross Plains, and Russell Wallace Manion, son of Felix Manion and Georgie Manion of Baird, were married Saturday, July 8 at 2 p.m. in the First United Methodist Church in Cross Plains with the Rev. Grady Chastain, pastor of the Cornerstone Fellowship Church of Brownwood, officiating the double-ring ceremony.

The bride, given in marriage by her parents, wore a formal gown of white satin with a fitted bodice, sweetheart neckline, accented with a band of lace, seed pearls, and iridescents. The front bodice was covered with lace, beads, and iridescents. The tapered sleeves featured lace-covered cut-outs, beaded tassels, and the bodice fastened in the back with tiny satin covered buttons. The full-gored skirt fell in the back to a chapel length train. A large satin bow enhanced with lace, beads, and iridescents; lace-covered cut-outs, sprinkled with beads and iridescents formed scallops around the skirt and edged the hem.

A wreath of miniature white silk flowers held the double-layered fingertip veil of illusion. A garter, worn by the brides' mother at her wedding and a lucky penny in white-satin shoes completed the brides ensemble. She carried a bridal bouquet of white roses sprinkled with peach colored carnations, blue daisies, stephanotis, and ferns.

Amy Welch of Cross Plains attended the bride as maid-of-honor. Bridesmaids were Tina Evans, sister of the bride, of College Station, Courtney Kirkham of Cross Plains, and Kimberly Johnson of San Antonio. Their dresses were tea-length navy lace-over-taffeta. They carried bouquets of silk flowers with navy and peach satin streamers.

Kevin Curtis of Baird attended the groom as best man. Groomsman were Clay Odom of Baird, Tee Barton of Albany, and Russell Joy of San Marcos. Ushers were Bill Windham and Billy

Parkhill of Baird, Rocky Roberts and Robert Allgood of Brownwood. The groom and his attendant, the ushers, and the fathers of the wedding couple wore black formal tuxedos with pleated white shirts and cummerbunds.

The brides' mother wore a tea length dress of navy, accented with white embroidery, beads, and iridescents at the midriff. Mother of the groom wore a tea length dress of light blue accented with embroidery at the midriff.

Registry attendants were Lori Dillard of Cross Plains and Tamara Flippin of Brownwood.

Music for the wedding was performed by Melanie Merrill, cousin of the bride, of Shreveport, Louisiana, and Kelli Merrill, cousin of the bride, also of Shreveport. Also played was a taped song by the bride titled, "Standing Right Next to Me." Clay Odom and Jim Sadler of Baird played guitar and mandolin, and sang, "You Say It Best When You Say Nothing at All."

A wedding reception was held at the church following the ceremony. Lori Dillard, Tamara Flippin, and Kathy Fawn of San Antonio served at the bride's table. The white cake of three tiers was decorated with flowers and angels. Angel mints, nuts, and fresh fruits were served. The groom's table featured a tiered chocolate cake decorated with flowers and strawberries dipped in chocolate. Punch was served from a crystal bowl, and coffee from a silver coffee urn. Servers at the groom's table were Jennifer and Darby Martin of Baird.

After a honeymoon in Austin, the couple will reside in San Marcos where they attend Southwestern Texas State University.

Wedding coordinator, Connie Kirkham, also hosted with many friends of the bride, a bridal shower in her home in Cross Plains. Baird friends of the groom hosted a wedding shower in Baird.

The wedding couple's attendants hosted pre-wedding parties, and the groom's parents hosted the rehearsal dinner.

LAKESWOOD NEWS

By MILLIE OWEN

Since the last report from Lakewood, we have received five inches of rain, for which we are very thankful. It really helped the fairways as well as the greens. It also filled the lake back up. It kinda slowed down the pool business for a day or two, but then the hot weather brought everyone back.

We want to thank the Kiwanis of Cross Plains for their donation towards another ladder for the pool. We now have three.

Our next scheduled tournament will be August 19-20. It will be a 3-person scramble. Entry fee is \$150 per team. You will be flighted after 18 holes on Saturday. Mulligans will be available for \$5 per person. Please call and sign up

by 6:00 p.m. on Friday the 18th.

Don't forget our Thursday afternoon scramble. We now have a cattle drive going. After the 9-hole scramble we draw for a hole and everyone entered in the scramble can pay one dollar and play for the money. The carry over from last week was \$76. This week you could have a chance to win about \$100. Come on out and have some fun. Please call and register by 5:30 p.m. on Thursday the 10th.

Last, but not least, we would like everyone to watch out for the old copperhead snake. We have killed 5 recently, and this past Saturday, we had a golfer bit by one. So please, if you are golfing, do not stick your hand in the bushes-use your club.

COTTONWOOD NEWS

By BEVERLY BROWN

The Cottonwood Quilting Club members will be hosting their Rehab Benefit Night on Friday, August 18 in conjunction with their monthly musical. Members of the club will be in Cross Plains on Saturday 12 to contact the local merchants for donations for the benefit. Featured on the evening will be a chicken fried steak dinner at \$5.00 for adults and \$2.50 for children under 12.; a country store, bake sale and quilting drawing. All proceeds from the evening will benefit the West Texas Rehabilitation center in Abilene.

Items for the country store will be appreciated. You may bring them on Thursday, August 10 or 17 to Cottonwood Community Center. There will be no quilting on Thursday 17 as the members will be setting up their country store and getting the building ready for Friday night's benefit.

We had a great rain last week. Total rainfall reported in vicinity was 5 1/2 inches. It did give the pastures and gardens a boost, but caused havoc on the county roads in sections here in the community. Phone calls coming in and

out of the area were sent all over Cross Plains and else where.

I certainly do wish to express my gratitude to Laverne Hutton for relaying an important call, she received for us.

Ladies, we do appreciate your help with sandwiches taken to range fire in Putnam

recently. The American Red Cross Chapter of Taylor County made sure the supplies were taken in to the men on the fire line.

Mrs. Max Byrd of Keller was here on Sunday to see her sister, Billie Kelly, who had out patient surgery done on Thursday. Dena Nickerson visited with her sisters Sunday afternoon at the Bill Kelly's.

Teri Brown and Gilbert Ibaara visited with her parents, Wayne and Beverly Brown Saturday and Sunday from the Houston area.

Mr. and Mrs. Alton Hastan and family of Jacksboro were in Cottonwood last week visiting with her mother, Barbara Albrecht and Andrew. Mr. and Mrs. Lee Creamer and family, and Emma Sue Albrecht.

LETTER TO HOUSEHOLDS (Multi-Child)
NATIONAL SCHOOL LUNCH PROGRAM/SCHOOL BREAKFAST PROGRAM

Parent/Guardian: The Cross Plains school serves meals each school day. Children may buy lunch for \$1.00 and breakfast for 50c. Children may also get meals free or at a reduced price.

If you now get food stamps or AFDC for your children, your children can get free meals. If your total household income is the same or less than the amounts on the Income Chart below, your children can get free meals or reduced-price meals. A foster child may get free or reduced-price meals regardless of your income. The reduced price is 40c for lunch and 30c for breakfast.

TO GET FREE OR REDUCED-PRICE MEALS FOR YOUR CHILDREN, YOU MUST COMPLETE AN APPLICATION AND RETURN IT TO THE SCHOOL. WE CANNOT APPROVE AN APPLICATION THAT IS NOT COMPLETE.

HOW TO APPLY

If you now get food stamps or AFDC for the children you are applying for, the application must have the children's names, a food stamp or AFDC case number for each child, and the signature of an adult household member.

If you are applying for a foster child, the application must have the child's name, the child's "personal use" income, and an adult signature.

If you do not list a food stamp or AFDC case number for all children you are applying for, then the application must have the children's names, the names of all household members, the amount of income each person got last month and where it came from, the signature of an adult household member, and that adult's social security number or the word "none" if the adult does not have a social security number.

Verification: Your eligibility may be checked at any time during the school year. School officials may ask you to send papers showing that your children should get free or reduced-price meals.

Fair Hearing: You may talk to school officials if you do not agree with the school's decision on your application or the results of verification. You may also ask for a fair hearing. You may do this by calling or writing:

Name M. Lee Thompson, Superintendent Phone 817-725-6121
Address P.O. Box 669, Cross Plains, Texas 76443

Reporting Changes: If your children get free or reduced-price meals because of your income, you must tell the school if your household size decreases or your income increases by more than \$50 per month or \$600 per year. If your children get meals because you get food stamps or AFDC, you must tell the school when you are not getting AFDC or food stamps for them.

Confidentiality: School officials use the information on the application only to decide if your children should get free or reduced-price meals.

Reapplication: You may apply for meals anytime during the school year. If you are not eligible now but have a change in status, like a decrease in household income, an increase in household size, become unemployed or get food stamps or AFDC for your children, you may then complete an application.

Handicapped: Meal substitutions at no additional cost for children who meet the definition of "handicapped" will be served, provided a physician has submitted a statement attesting to this fact and prescribing a substitute.

IN THE OPERATION OF THE CHILD FEEDING PROGRAMS, NO CHILD WILL BE DISCRIMINATED AGAINST BECAUSE OF RACE, SEX, COLOR, NATIONAL ORIGIN, AGE OR HANDICAP. IF YOU BELIEVE YOU HAVE BEEN DISCRIMINATED AGAINST, WRITE IMMEDIATELY TO THE SECRETARY OF AGRICULTURE, WASHINGTON, D. C. 20250.

We will let you know when your application is approved or denied.

Sincerely, M Lee Thompson

APPLICATION INSTRUCTIONS (Multi-Child)

To apply for free and reduced-price meals, complete the application using the instructions for your household. Sign and return the application to the school. Please complete a separate application for each foster child.

PART 1 - STUDENT INFORMATION: ALL HOUSEHOLDS COMPLETE THIS PART. (1) Print the names of the children you are applying for. (2) List their grade and school.

PART 2 - HOUSEHOLDS GETTING FOOD STAMPS OR AFDC: COMPLETE THIS PART AND PART 5.

(1) List a current food stamp or AFDC case number for each child. (2) Sign the application in PART 5. An adult household member must sign. SKIP PART 4 - Do not list names of household members or income if you list a food stamp or AFDC case number for each child.

PART 3 - HOUSEHOLDS WITH A FOSTER CHILD: COMPLETE THIS PART AND PART 5 - A foster child is the legal responsibility of a welfare agency or court. (1) List the foster child's monthly "personal use" income. Write "0" if the foster child does not get "personal use" income. SKIP PART 4 - Do not list any other children, household members or income. (2) A foster parent or other official representing the child must sign the application in PART 5.

"Personal use" income is (a) money given by the welfare office identified by category for the child's personal use, such as for clothing, school fees, and allowances; and (b) all other money the child gets, such as money from his/her family and money from the child's full-time or regular part-time job.

PART 4 - ALL OTHER HOUSEHOLDS: COMPLETE THIS PART AND PART 5.

(1) Write the names of everyone in your household, whether they get income or not. Include yourself, the children you are applying for, all other children, your spouse, grandparents, and other related and unrelated people in your household. Use another piece of paper if you need more space. (2) Write the amount of income each household member got last month, before taxes or anything else is taken out, and where it came from, such as earnings, welfare, pensions, and other income. If any amount last month was more or less than usual, write that person's usual monthly income. (3) An adult household member must sign the application and give his/her social security number in PART 5.

To figure Monthly Income: Weekly x 4.33 Every 2 Weeks x 2.15 Twice a Month x 2

PART 5 - SIGNATURE AND SOCIAL SECURITY NUMBER: ALL HOUSEHOLDS COMPLETE THIS PART.

(1) All applications must have the signature of an adult household member. (2) The application must have the social security number of the adult who signs. If the adult does not have a social security number, write "none" or something else to show that the adult does not have a social security number. If you listed a food stamp or AFDC case number for each child or if you are applying for a foster child, a social security number is not needed.

PART 6 - RACIAL/ETHNIC IDENTITY: Complete the racial/ethnic identity question if you wish. You are not required to answer this question to get free or reduced-price meals. We need this information to make sure that everyone is treated fairly.

GREETINGS FROM YOUR SENIOR CITIZENS

By THELMA LONG

Wasn't the rain nice? Did we Thank God? Mary Bates granddaughter, Lori visited - she wasn't ready to go home as she was attending art lessons. Helen Brown, Mary's cousin also visited Mary and Pauline for a few days, then Mary's brother spent a night with her. Helen Freeman's son, Jim, came by and had lunch with Helen, then came back and spent the night. Your reporter was blessed with a short visit from her great niece, Dee and Chris Pearson. They are doing mission work in New Zealand and were here to attend the workshop at Abilene Christian University. They are an inspiration to me. Bill Kilgore spent some time in the Brownwood Hospital - We are glad to have him back again.

Mildred Lowe and Ruth Thate from Burkett visited on Wednesday. Bobby Jack McCowen brought his Mother Ruby McCowen on Wednesday - Ruby and Irma Miller played the piano and sang for us.. Thanks ladies. We are sorry to hear of the death of Claudia Mae Watkins, she was very nice lady and one of our group. She will be missed - Our sympathy to her family. Dorothy Eubank is to have a big birthday celebration at the home of Charles and Kathy Chesshir - Happy Birthday to Dorothy from all of us at the center. We had a good game day on Friday - I fail to remember who the winner was but I know who the big loser was, but I'm not telling. One hallmark of freedom is the sound of laughter.

INTRODUCING "TEXAS MIDWEST"

Discover the Texas Midwest, a region located midway between Fort Worth and Midland. You live in it! The Texas Midwest stretches north to south from Munday to Ballinger and east to west from Ranger to Colorado City.

In the summer of 1994 a regional organization formed to create an alliance of communities in the 20 counties surrounding Abilene. The TEXAS MIDWEST COMMUNITY NETWORK (TMCN) was founded to create a regional identity and find ways to encourage communities to work together for economic development. Today, a year later, thirty-three towns have united in the regional effort.

Community leaders in the Texas Midwest are aware of the importance of identity in a society that is growing more

and more global friendly. They see the need for a regional name that conjures up a visual location when mentioned. They want a viable way to enhance economic development efforts for rural communities.

"The Texas Midwest is a great place to live and to do business," says Rick Rhodes, TMCN President and former mayor of Sweetwater, "we just need to identify ways to get this message out to the rest of the world. Through the TMCN, community leaders will have opportunities to network on a regular basis, share ideas, and co-op efforts that will strengthen our region."

So what about the "Big Country" as a name for this region? For years Abilene and surrounding rural communities have been dubbed Big Country. The

name has grown in sentimental value as well as inspired many titles for businesses and organizations throughout the region. The term Big Country will undoubtedly live on in the hearts, minds and phone books of residents for many years to come.

But where is the Big Country? If you are not familiar with the name and do not live in the region, you might think it is in Montana or Wyoming. As you continue to hear references to the Big Country as a description of the vicinity around Abilene, be aware that it is actually located in the Texas Midwest.

Watch for future announcements about TMCN and the projects launched for the region. For more information write to TMCN, P. O. Box 605, Baird, TX 79504.

A Positive Attitude Makes The Difference In Getting Well Or Not Getting Well

HOUSTON—Dying of cancer, one woman was grateful for time to share memories with her children. Another patient saw chemotherapy as a chance to make friends with the nurses she'd never have met otherwise.

Call them Pollyannas or call them naive—but they are likely to live longer.

"A positive attitude sometimes is the difference between getting well and not getting well," says Philip McCarthy, MD, and oncologist-hematologist at the Methodist Hospital in Houston, whose daily post overseeing bone marrow transplant unit has allowed his countless opportunities to witness the differences in healing between optimists and pessimists.

Optimists stay positive and expect the best outcome regardless of their limitations. Pessimists, on the other hand, assume the worst will happen and that they are powerless to alter their fate. They are wrong.

McCarthy and other Methodist physicians and nurses attest that patients who arm themselves with optimism are better able to battle illness and strengthen their immune system. Those who surrender to pessimism often find that their minds and bodies turn against them.

That attitude affects illness, has been acknowledged nationally. Using standardized psychological tests to distinguish the optimist from the pessimist, doctors have shown a distinct connection between healing and frame of mind.

sistic men from Harvard classes of 1939 through 1944 more likely to have had a serious chronic disease such as arteriosclerosis by age 45.

As Methodist's acting chief of hematology and oncology, Garrett R. Lynch, MD, sees a range of attitudes in people dealing with serious illness. The futility that pessimists envision, he says, often becomes a self-fulfilling prophecy.

"They won't seek all the options," says Lynch. "They won't want to put up with the side effects of a treatment that can cure them."

While Mari Rude, a cancer nurse specialist at Methodist, hasn't conducted formal research, experience has shown her that positive thinkers also seem to suffer less than pessimists while undergoing treatment.

"Cancer patients who automatically assume doom and gloom seem to have more side effects from chemotherapy or radiation," Rude says. "They are slower to recover from surgery, and they aren't able to go on with their normal lifestyles."

How easy is it for health professionals to distinguish the cheerful from the gloomy?

An optimist approaches an illness differently from the start, says Rude, and you usually can tell from the questions they ask.

"Optimists ask when they can return to their normal activities, how long their

recovery will be and how they can best manage side effects so they won't be limited," Rude says. "Pessimists focus on how they'll suffer rather than how they can cope. They usually talk about how weak they are going to be."

So is it possible to harness pessimism and get a better grip on the reins of health?

Unfortunately, our attitude to life is formed in childhood and difficult to alter. You can't suddenly change a person's personality because they have come down with a serious illness," Rude says, "but you can recommend that pessimists seek therapy and look to friends and family for support."

Witness:

—State of mind was found to be a better predictor of death than damage to the heart, artery blockage, cholesterol levels, or blood pressure, a recent University of Minnesota study of 122 men found. Of the 25 most pessimistic men, 21 died within eight years. Of the most optimistic, only six died.

—Optimists are more likely to survive after the diagnosis of heart disease, revealed a recent Duke University study of 1,719 men and women who underwent heart catheterization, a common procedure used to check the arteries for clogging. Twelve percent of those pessimistic about recovering died, compared to only 5 percent of those who were hopeful.

Training In Performing Arts Provided

The Performance Studio will begin its eighth year of providing training in the performing arts. This studio is unique in that it offers all phases of instruction and is located in the rural Central Texas Community of San Saba.

The studio is owned and operated by Kay Lynn Scott with 21 years teaching experience in public education and eight years in the performing arts. The studio has helped many aspiring entertainers develop their talents and reach their goals. Scott is instrumental in helping talent find opportunities to perform at such functions as civic events, conventions, opy shows. Her Performance Show Team has traveled all over Texas to provide first rate entertainment to many audiences.

This year the studio has even expanded more to offer classes in dance (tap, ballet, jazz, and country and western), vocals, theatre acting, on-camera acting, guitar, keyboard, harmony, drill team, modeling, and pageant training. Scott is extremely proud of her roster of outstanding instructors for the fall semester who include: Pat Alston, Dana Rivers Bourke, Julie Gates, Criss McPherson, and Anjanette Sanderson. Plans are currently under way to provide a wide variety of workshops for training on the commercial and film industry, as well as, modeling.

Registration for fall classes will be August 15 through August 22, 3:00 p.m. to 7:00 p.m. at the Performance Studio, 111 East Wallace, San Saba (across from Circle K). A schedule of classes and resumes of the instructors will be provided at this time. For more information, you may write or call: The Performance Studio, P. O. Box 93, San Saba, TX 76877. Au Pairs Provide Child Care and Exchange of Cultures

When both parents work, in-home child care may be the answer to the emotional tug-of-war between home and the office. Hosting and au pair allows the family to operate more the way families traditionally did. EurAuPair Intercultural Child Care Programs, a leading sponsor of the au pair cultural exchange program, successfully provides a secure solution to child care needs, while providing American families and European au pairs the opportunity to share each other's language and culture.

Established as a pilot program in 1986, international au pair programs have provided over 50,000 young people from Europe the opportunity to learn firsthand about American culture by living as a member of an American host family and helping the parents look after their children. What was originally a long-standing European tradition has now provided thousands of middle income American families, more than 10,000 in 1994, with valuable culturally enriching child care.

The non-profit EurAuPair program, (pronounced yoor-o-pair) arranges for European young adults between the ages of 18 and 25 to come to the United States as au pairs. ("Au pair" literally means "on par" or equal in French.) These young adults live as a part of an American family and care for the children. Au pairs offer families flexible hours of care and individualized attention in the secure, familiar surroundings of the family's own home. Participants in this unique cultural exchange program further benefit from the opportunity to learn about another culture and language.

Because of its origins in Scandinavia, EurAuPair has the highest percentage of au pair participants from this part of Europe. "So many of our Host Families request to host au pairs from Scandinavia," says Min Kim, Western Regional Director for EurAuPair. "Perhaps it is because their English skills are so strong." EurAuPair also places au pairs from France, England, Germany, Spain, and most other countries in Western Europe.

For more information about hosting an au pair, contact EurAuPair Intercultural Child Care Programs at 1-800-713-2002 (toll free), or locally please call Sharon Rogers at (713) 379-1365.

Heel Pain?

A new endoscopic technique has been developed to correct heel pain caused from Heel Spur Syndrome. Unlike traditional surgery which required long, often painful recovery periods, this new technically advanced procedure uses very tiny incisions which enable the patient to return to normal shoes in approximately three days, and back to work soon thereafter! A very simple, fast procedure without general anesthesia.

Inoculations Needed For Overseas Travel

HOUSTON—The only inoculation usually required by foreign governments is for yellow fever, but travelers should consider other medical precautions.

The most commonly recommended vaccine for overseas travel is gamma globulin as a hepatitis A preventative.

Also frequently suggested is a one-time polio booster for adults vaccinated long ago, said Dr. James Runnels of the Travel Medicine Service at Baylor College of Medicine in Houston.

Other precautions depend on destination. For example, exposure to Japanese encephalitis is possible in Southeast Asia.

Meningitis is present in Africa and Nepal, and Saudi Arabia requires meningitis vaccinations for pilgrims to the Islamic holy cities of Mecca and Medina.

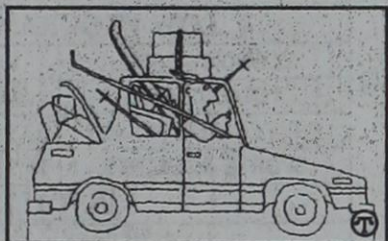

Vaccination against cholera is sometimes advisable, Runnels said, because some local officials still follow outdated guidelines.

Pointers For Parents

Tips On Getting Good Grades In Back-To-School Packing

(NAPS)—Wondering how to get your college kids' school stuff back to school? Rather than packing everything into the family car for a long, crowded drive to school, many parents are choosing to ship their kids' belongings and then fly or drive in comfort. This alternative can save time, money—and even your sanity. Consider the following:

- Shipping saves time. There's no hassling with packing and unpacking the car, and everything's there waiting for you and your child when you arrive at school.
- Shipping saves money. It's more economical to ship than to rent a trailer and drive.
- Shipping saves stress. Sending your son or daughter off to college is an anxious time for families. Knowing that your child's belongings will be safely packed and shipped is one less thing to worry about. Then you can drive leisurely or put the student on a plane.
- Shipping saves your stuff. In

Rather than packing everything in the family car, there's a growing trend to shipping back-to-school necessities.

the past, clothes and a popcorn popper were the staples of college life. "Necessities" for today's college student may include a TV, VCR, personal computer, stereo or other expensive—and fragile—equipment. Shippers, such as Pak Mail Centers of America, can specially package everything so that it arrives safely and in one piece.

Osteoporosis: Preventable, Treatable

(NAPS)—Recent studies indicate it is never too late to take preventative and treatment measures in the battle against osteoporosis, a bone-thinning disease afflicting 20 million American women.

Even elderly women whose spines, in effect, have crumbled and left them with the tell-tale "dowager's hump," can benefit from adequate amounts of calcium to stave off further vertebral fractures or even a broken hip.

"Women start out at a disadvantage with less-dense bones than men," says registered dietician and nutritionist consultant Janee Newquist, "and they start losing density at an earlier age than men do."

Bone loss is especially rapid in the first three to five years after menopause because of estrogen withdrawal, but research has shown that increasing calcium intake reduces postmenopausal bone loss.

Calcium is found in fish and leafy vegetables, but no food group packs the same calcium-laden wallop as dairy products.

"By eating one cup of plain non-fat yogurt, a woman is well on her way to meeting the body's daily calcium needs," Newquist says. "It contains 450 milligrams of calcium."

Depending on their circumstances, from childhood to later years, females need three to five

servings daily of milk or milk products to reach the needed calcium levels. Cheeses, custards and puddings offer variety.

Although calcium is beneficial at any age, the fight against osteoporosis is best begun early. Research at a children's nutrition center found the most bone-forming activity occurs just before and after the start of puberty.

"Up until age 13, four times as much calcium is absorbed compared to later in life," says Newquist, "and studies done with middle-aged women show that those with denser bones reported drinking milk with meals as a child."

FARM AND RANCH CONT.

MRS. FRANK EDWARD HENDRIX III

Baum-Hendrix Wed August 5

Carrie Ann Baum and Frank Edward Hendrix III exchanged wedding vows at the First United Methodist Church of Uvalde on August 5 at 10:30 a.m. The double-ring ceremony was officiated by Rev. Greg Hackett, and assisted by Rev. Grady Roe. The scripture reading was provided by Johnny Mitchell of Nashville, Tennessee.

The bride is a graduate of Uvalde High School and Texas Tech University. She is presently employed as a teacher at the Lubbock Independent School District.

The groom is a senior at Texas Tech University where he is a member of the Red Raider football team.

Before the ceremony, Duane Gayle of Victoria, sang "It's Just Meant to Be," which the groom wrote for his bride. Other selections, "This is the Day: A Wedding Song", and "The Lord's Prayer," were played and sung by Polly Morrison of Uvalde. Barbara Dillahunt of Uvalde was the organist for the ceremony, and Mike Phillips, also of Uvalde, played the trumpet.

Arrangements of white roses, snapdragons, stock, tube roses, alstroemeria lilies, and Queen Anne's lace decorated the sanctuary. Altar flowers were placed in memory of the bride's paternal grandfathers, Edwin Baum and Elliott Bryant, and the groom's grandparents, Frank E. Hendrix, Sr. and Mr. and Mrs. Charles Willis Henry. The Family Pews were designated by miniature ivory roses and

the bride was given in marriage by her parents and escorted by her father. She chose an ivory silk shantung gown designed by Jim Hjeltn. White jeweled Alencon lace covered the elongated fitted bodice and an open sweetheart neckline led to the off-the-shoulder long lace sleeves which tapered at the wrists. Lace appliques cascaded down onto the softly gathered skirt which draped to a chapel length. Attached to a headpiece of rosebuds and flowers, the veil extended beyond the train. Her bridal bouquet was a cascade of champagne and ivory roses accented with greenery. The bride's Maid of Honor was Jamie

Vaden of Uvalde, and Matron of Honor was Laurie Mitchell of Nashville, Tennessee. Bridesmaid were Kelly Comegys of Uvalde, Kathleen Elam of Mesquite, Wendy Johnson of San Antonio, Amy Moorehead of Wichita Falls, and Leslie Rackets of Lubbock. The bride's attendants wore ivory shantung dresses. Silk chiffon accented the low cut back and draped to the hem of the floor length dresses. They carried bouquets of champagne and ivory roses tied with sheer gold ribbon.

The Best Man was Carlton Hendrix, brother of the groom, of Colorado Springs, Colorado. Groomsmen included Stephen Diebel of Victoria, Brad Elam of Mesquite, Scott Fitzgerald of Lubbock, Duane Gayle of Victoria, and Sam Sutton, cousin of the groom, of Houston.

Ushers were Jeb Baum, of New Orleans, Louisiana and Kevin Baum, of Denver, Colorado, brothers of the bride; Stacey Petrich of Lubbock; and Chip Sutton, cousin of the groom, of Fort Worth.

Elizabeth Cowan, cousin of the bride, of Amarillo was the Guest Book Attendant.

Following the ceremony, a reception was given by the bride's parents at the Uvalde Country Club. The bride's cake was four tiers of Italian Cream, each adorned with white roses, stephanotis, alstroemeria lilies, baby's breath, tube roses, and greenery. The groom's chocolate cake was topped with chocolate-dipped strawberries, a Double T, and #59, the groom's football number.

A rehearsal dinner had been provided before the wedding by the groom's parents on the Frio River at Neal's in Concan.

The bride is the daughter of Dr. and Mrs. Jack Baum of Uvalde and the granddaughter of Mrs. Elliott Bryant of Cross Plains, and Mr. and Mrs. Ray Ingram of Houston.

The groom is the son of Mr. and Mrs. Frank E. Hendrix, Jr. and the grandson of Mr. and Mrs. C. M. Wilcox of Kingsville.

Greenwood Insurance Agency. The business was then moved to the Happy Howell Building and the Gainey Peanut Warehouse on South Main Street in 1964. M. E. (Happy) Howell built the building in the late 1940s. He operated the Red & White Grocery in the north part of the building. Katy Kilgore and Annie Mae Wright operated the Village Inn Cafe in the south part of the building. The cafe was later operated by Claude and Juanita Mayes, Lillie Mae Wilks, and the Jowers Family.

The warehouse was built in the 1920s. It was the ice house for the Cross Plains area until the early 1930s. Ice was made in 300 pound blocks. The building was later owned by the Gainey Peanut Company. That was during the time when farmers bagged peanuts in the field in burlap sacks and brought them to market. The building was stacked with peanuts up into the rafters immediately before the Lawrence's moved to the South Main Street location.

The Lawrence's purchased the Howell Building in 1965 and the Gainey Warehouse in 1967. Bill and Ethel sold their interest in the business to James and Wilma in 1968, prior to Bill's open heart surgery. The Main Street location was remodeled in 1977, moving the main office into the south part of the building, and adding additional dock-level floor space to the warehouse. Both of these structures received heavy damage during the 1994 Memorial Day Weekend Tornado. The Main Building did not have structural damage, but the roof covering was rolled off into the parking lot and the building contents suffered much water damage. The West half of the Warehouse was destroyed in the tornado. After much consideration, the current location was purchased and additional space added. The building at the current location was built in the late 1970's as an addition to Johnston Truck & Supply, owned and operated by Dan Johnston.

Glenn Lawrence worked with the business from its beginning until early 1966. Glenn later worked at Oscar Kocing's station and later leased the Dave Lee Highway 36 Gulf station before joining the Abilene Police Department. James and Wilma Lawrence moved to Cross Plains from Abilene in February 1967 to become associated with the business. James had worked for West Texas Utilities in Abilene for 13 years. Wilma had worked for Lone Star Gas Company as a rural mail carrier. Keith Lawrence attended Cross Plains Schools for 12 years, earned a Masters degree in Agronomy (Range and Pasture Management) from the University of Nebraska. He worked for the Texas Agricultural Experiment Station in Vernon between college degrees. He worked for the Experiment Station in San Angelo before coming back to Cross Plains in March 1994 to become associated with the business. Leslie Lawrence is a graduate of Crane High School and Abilene Christian University with a degree in Education. She taught at the Chillicothe, Vernon, and Grape Creek Schools, and had a registered child care center.

The current inventory includes feed, seed, fertilizer, chemicals, tires, batteries, equipment supplies (plow sweeps, disks, bearings, roller chain, sickle blades, baling twine and wire, grease, oil, filters), fencing material, veterinary supplies, lawn, garden and pet supplies, tack, livestock and hay handling equipment, feeders, poly storage tanks, firewood, oxygen, acetylene, and welding supplies. The business also includes the custom application of fertilizer and chemicals.

Open House will also be an opportunity for you to show your appreciation to Ted Wheeler for his 17 years of service at Lawrence Farm & Ranch Supply. Ted's first day of work was August 7, 1978. We regret to announce that August 12 will be Ted's last day of work at Lawrence's. Please come by to show your appreciation to Ted for his many years of service.

A special "Thanks" to Jack Scott for helping to gather information and putting it in order for this article.

TEXAS SUPREME COURT CLARIFIES HUNTING LEASE WAIVERS

COLLEGE STATION—Landowners who lease their land for hunting often obtain waivers to minimize their liability. Recent rulings by the Texas Supreme Court have clarified what a waiver should contain.

"A waiver is defined as the intentional relinquishment of a known right," says Judon Fambrough, attorney with the Real Estate Center at Texas A&M University and author of *The Texas Deer Lease*.

"To be effective, the release provision must be based on an offer and acceptance where the parties have equal bargaining power," says Fambrough. "For example, parents cannot release in advance a minor's right to recover for personal injuries caused by the negligence of another."

Likewise, the agreement for release must be based on consideration, but it need not be monetary. An agreement not to sue in exchange for hunting rights may be sufficient.

Recently, the Texas Supreme Court added three requirements for an effective waiver agreement. First, there must be a statement in which the hunter expressly releases the landowner from any acts arising "from the landowner's negligence."

Second, the written contract must give the hunter fair notice of the release provision. The fair-notice principle focuses on the appearance and placement of the provision, not its content.

"The fair-notice requirement is not necessary if the landowner can prove the hunter had actual notice or knowledge of the provision," says Fambrough.

Third, the release provisions must be conspicuous. The element of "consciousness" is tied to the "fair-notice" requirement.

"Basically, the release provision must be conspicuous enough to give the hunter fair notice of its existence," says Fambrough. "What is conspicuous? There's no real answer."

Fambrough suggests several ways to make a provision conspicuous. These include emphasizing entire paragraphs, not just a portion; placing provisions at the beginning or end of the contract on a separate sheet of paper; use of italicized headings and having hunters initial the

waiver paragraph if it is part of the contract or to sign the page if it is a separate sheet.

The *Texas Deer Lease* contains a sample release form. Both are available to Texas residents for a total of \$3 (\$4

out of state). Send checks to: Real Estate Center, Texas A&M University, College Station, TX 77843-2115. For faster delivery, use a credit card and call toll-free 1-800-244-2144.
