## Paul L. Whitton, Jr. Among Finalists For Superintendent Of The Year Award

Frenship Superintendent Paul L. Whitton Jr. is one of five finalists for the annual Superintendent of the Year Award sponsored by the Texas Association of School Boards. His selection as a finalist placed him in a group of outstanding superintendents.

Other finalists include Larry Appel, Dumas Independent School District; Gordon M. Anderson, Spring ISD; Richard J. Clifford, Southwest ISD; and Charles Patterson, Killeen ISD. They were selected from a field of 13 superintendents originally nominated for the award.

The 11-year-old award recognizes superintendents for excellence and achievement in educational leadership.

This year's winner will be announced October 1 in Houston during the joint annual convention of the school board association and Texas Association of School Administrators.

The winning superintendent will receive a \$4,000 award funded by Balfour Co.

Whitton began his teaching career in 1965 in the Clyde district east of Abilene. He served as a principal, assistant superintendent and superintendent in various districts before being named superintendent at Frenship ISD in Wolforth.

The Frenship School Board praised Whitton for his commitment to create an educational environment grounded in trust and mutual respect and his leadership in involving staff in the development of district goals and programs.

He is the nominee for the Region 17 Education Service Center.

Whitton is a former area resident and a Cross Plains High School graduate. He is the son of Kathryn Whitton of Oklahoma City, Oklahoma and the late Paul Whitton who was a longtime superintendent for Cross Plains ISD.

## Colonial Oaks Services

## Fall Cowboy Gathering In Baird September 23

Lots of cowboys will gather in Baird on September 23, and a lot of folks will gather to watch them!

Saturday, September 23 marks the first annual Fall cowboy Gathering happening in Baird. The special event will pay tribute to Baird native and legendary cowboy Bob Estes.

Activities include cowboy poets and singers, a mule riding exhibition and Bit and Spur Show. The chuck wagon exhibit will feature five wagons offering authentic ranch style cooking and meals for on-lookers. A bull riding competition will also be held at the rodeo arena.

A giant cowboy parade is set for the afternoon featuring the Hardin Simmons six white horses and nearly a dozen riding clubs from the region.

In addition to the Cowboy Gathering that offers many western style events, the numerous antique stores will be open as usual in this "Antique Capital of West Texas".

The day will climax with the ever popular street dance on Market Street with boot scootin' music provided by Western Express.

For more details call the Baird Chamber of Commerce at (915) 854-2003.

## Revival At Highway 206 Baptist Mission Sept. 24-Oct. 1

A revival is scheduled at the Highway 206 Baptist Mission, located just north of the school campus, beginning Sunday, September 24, through October 1. Services commence at 7 p.m. except on Sundays when they begin at 5:30 p.m.

Saturday, September 30, there will be a fish fry at 5 p.m. and the Risen Son Singers from View will perform at 6 p.m. Revival services begin at 7 p.m.

J.B. Wascom of Beaumont will be the evangelist. Pastor Edward Walters, Sr. invites everyone to attend.

## Clyde Chamber's Pecan Festival Nearing

Saturday, October 7th, is the date for the 1995 Pecan Festival. The festivities will begin with the parade at 9:30 a.m., followed by entertainment, booths, and attractions under the pecan trees on North 1st Street. This year, the parade will be led by a Color Guard from Dyess Air Force Base.

Parade entries are now being accepted. There is no fee for entering the Parade. Ribbons will be awarded for various divisions, including floats, antique cars, horses and horse drawn wagons, motorcycles, and bicycles. West Texas Utilities will have their antique ice wagon in the parade, as well as an all electric Chrysler automobile. These two vehicles will be on display throughout the day. This year's parade coordinator is Stanley Keys. For more information, call Stanley at 893-5507 or contact Karla Joplin at 893-2106.

Booth reservations are now being accepted. Booths rent for \$10.00 without electricity, and \$15.00 with electricity. Electric booths are limited. To reserve your space please contact Karla Joplin, Chamber Secretary, at 893-2106.

See you on October 7th!

## Spaghetti Supper Fund-Raiser Friday, October 20 For David Kirkwood

A spaghetti supper to help with medical expenses for Clyde's David Kirkwood will be held Friday, October 20 before the Clyde-Breckenridge varsity football game.

David, a 1992 graduate of Clyde High School, contacted bacterial meningitis May 31 while a student at LA Thourneau College in Longview. He's the son of Bob and Lucy Kirkwood of Clyde.

The spaghetti supper will take place from 5:00 p.m. until 8:30 p.m. at the Clyde High School Cafeteria. Spaghetti, salad, garlic bread, tea and coffee will be served during the fund-raising supper. The cost for the supper is \$3.50 per person or \$10 for a family of four. Dessert will be available at an extra charge.

Friends of the Kirkwood family, members of the Cherry Height Baptist Church and the youth of the First Baptist Church will help serve the meal.

The 22-year-old Clyde man is now back home with his parents in Clyde according to his father, Bob Kirkwood.

David has been through a number of surgeries fighting off the disease, including having his left leg amputated above the knee, his right leg amputated below the knee and his left arm amputated below the elbow.

Besides the fund-raiser, a "David Kirkwood Trust Fund" has also been set up at Peoples State Bank to help with medical expenses for the Kirkwood family. Donations can be mailed to the local bank at P.O. Box 459, Clyde, Texas 79510.

## CALLAHAN COUNTY ATTORNEY'S OFFICE HAS RECORD MONTH

The Callahan County Attorney's Office had a record month for the year in August. District and County Clerk's records reflect that 46 cases were disposed during the month of August—a record month for the year. Those figures accounted for 7 felony and 39 misdemeanor cases closed.

The 46 cases accounted for 20 percent of the total cases pending including fugitives who have yet to be arrested and approximately 28 percent of the apprehended cases.

The previous high disposition months were May with 42 cases closed and April with 40 cases closed. The other

five months of the year had 20 to 30 cases disposed each month.

The key to quick case disposition, according to County Attorney Allen Wright, is court settings. In each of the months with large disposition numbers there were significant court settings, says Wright.

Wright said the felony case load has been reduced about 30 percent since he took office in 1993. The misdemeanor case load has been reduced by well over 50 percent in the same time period.

Twenty-nine new misdemeanor cases and eight new felony cases were filed during August.

## SHOWING OF POWER PLAY AT FBC SUNDAY, SEPT 24

Bro. Jim O'Dell and the congregation of First Baptist Church would like to invite you to attend the showing of the outstanding new film, "POWER PLAY", on Sunday, September 24 at 6:00 p.m. in the church auditorium.

Robbie Steele (MARIETTA DePRIMA)—is an ambitious, aggressive attorney with a Vancouver-based law firm. Her win-at-all-costs mentality leave her with a reputation for cutthroat practices, and lands her such nicknames as "Ice Queen" and "The Terminator" among her own colleagues, not to mention the competition.

Robbie's current challenge is getting the highest dollar possible for her client's (HAGAN BEGGS) sale of Vancouver's pro-hockey team, the Blades. Her ace card is recruiting retired star Cody Harris (KEN OLANDT) to sign with the struggling Blades.

What Robbie doesn't count on, however, is that Harris, whose past reputation as a brawler attracted the fans, has changed—he's become a Christian. And he's not the only one to change...Robbie's colleague in the case, Tom Spivak (JOHN SHEPHERD), finds his own life moving in a new direction because of Cody's influence.

As the tension increased in the case on the ice and between her and Harris—Robbie's hard outer shell begins to crack. She battles with herself to remain in control, something she's always been able to do. This time, though, she begins to realize that maybe winning isn't everything...maybe there's more.

POWER PLAY is the newest dramatic film from World Wide Pictures, the motion picture ministry of the Billy Graham Evangelistic Association.

# Quips, Clips & Comments

By KAY DENNIS MOSLEY

Lunch anyone??? At our regular monthly meeting Mr. Rolan Jones presented the program "Unusual Flowers and Vegetables". Some of the food items we were familiar with and some we were not. I thought it might be interesting to include in this weeks column some recipes and ways of preparing one or two of these vegetables and flowers.

**Acorn Squash** - Wash, halve and remove seeds. Rinse in cold water. Place both halves on a cookie sheet. Fill cavities with either two Tablespoons honey or brown sugar and one teaspoon margarine or sprinkle with butter buds and cinnamon, cover tops of squash with foil. Cover bottom of cookie sheet about half way up with water and bake at 350 degrees until fork tender; (the flesh, not the outer shell) about 35 to 45 minutes. Remove foil; salt and pepper to taste and serve. Excellent items to accompany acorn squash for a meal might include, crusty garlic or French bread, cheese sticks and a crisp vegetable or fruit salad.

**Jicama** (pronounced Hick' uh mah) - is good peeled, washed and sliced into vegetable sticks and served raw or diced and included in either vegetable or fruit

salads. Jicama can also be added to stir fry dishes for added flavor and texture. Jicama eaten by itself contains absolutely **NO** fat.

Some flowers are also edible...however, make sure they are organically grown (have not been treated with pesticides nor commercial fertilizers). Nasturtium leaves are edible and may be used in salads as a green. The blossoms of the nasturtium are also edible and are a beautiful and decorative addition to salads and to top cakes and desserts. Marigolds have a very distinctive taste and may be used (sparingly) as a spice or condiment.

Check out this recipe!!!---!!!

**Rose Hip Tea** - With a bracing citrus flavor, this tea is full of vitamin C. For each cup of tea, put one teaspoon of dried rose hips (Rubrifolia or Rosa Tugosa) into a teapot. Add very hot water (not boiling, to preserve the Vitamin C) and allow to stand for several minutes, covering the teapot with tea cozy or thick towel.

Off the wall you say!---! Well, it just might be -----.

I'm sure you've seen running roses climbing up that wall. Just think "food" when you view those roses...and... remember "organically grown"-----only.

JASON BARRON & LINDA SMITH

## Barron and Smith To Wed September 23

Debbie Barron of Cross Plains and Fred Austin of Clyde would like to announce the wedding of their son, Jason Barron, to Linda Smith, daughter of Nonnie G. Smith of Coleman County.

The couple will be married on September 23, 1995, at First Baptist Church in Coleman at 7:00 p.m. All family and friends are invited.

# GREETINGS FROM YOUR SENIOR CITIZENS

By THELMA LONG

Maurine McCuin had dinner with her daughter and family on Saturday night (Labor day weekend) in Stephenville, then on Monday, her children visited her. Roger Watson also had his children home over Labor Day. Helen Freeman's children were here and they all went to Abilene to eat out. A real fun time. Mary Bates had her children home for a visit.

Weston Jones was here after being out sick. He is still not feeling well. Maurine McCuin is not well either and O.B. and Pauline Switzer are having more than their share of health prob-

lems. We want Ethel Sims to watch her step. Hope all will soon be well again.

Doyle McMillan shared a funny joke with us. We all had another good laugh.

John McFerrin injured his hand with a drill and Roy Tatom had surgery on his hand. Mmm painful!

Bud and Ruth Lewis visited Thelma on Tuesday.

Vicky Worley is on vacation, down on the coast. Hope no hurricane comes in down that way. Ophelia Lawson is visiting in Louisiana with her son.

Wasn't the north wind a welcome relief and the rain was truly a blessing.

-Happy Days-

# NEWS FOR VETERANS

**Office Closed:** Your Callahan County Veterans Service Office will be closed September 25 and 26 for required annual training.

**Forfeited Land Sales:** The Texas Veterans Land Board will open bids on October 24, 1995 for forfeited land in 99 Texas counties. There are no tracts offered in Callahan County. There are two offerings in Taylor County, one in Jones County and one in Brown County. Call 915/854-1520 or 1-800-252-VETS for more information.

**Gulf War Vets:** Many of the 700,000 Americans who served in the Persian Gulf have developed headaches, joint pain, fatigue, diarrhea and other ailments. VA and the defense department have set up hotlines for those with health problems. Active duty personnel can call 1-800-796-9699 and those out of the

services may call 1-800-749-8387.

**November 7 Election:** All voters are urged to support Proposition 5 in the upcoming (Nov. 7) constitutional amendments election. Passage will authorize the Texas Veterans Land Board to issue an additional \$500 million in tax-exempt, general obligation bonds to support the Texas Veterans Home Loan Program. 1994 was the busiest year ever for the program when \$354 million was loaned to 6,800 veterans, a 130 percent increase over 1993, which was also a record year! Remember—these loans are repaid by our veterans and do not cost Texas taxpayers one cent!

**November 7 Election:** Voters are also asked to support Proposition 14 which would increase the property tax exemption for disabled veterans in Texas.

**HOUSING AUTHORITY DIRECTOR SPEAKS TO KIWANIS**—Johnnie Bland (center), Director of the Housing Authority of Cross Plains, shared information with the Kiwanis Club at their September 12 meeting. Past Director, Era Lee Hanke (right), was also at the meeting and "Amen"ed the information. They were guests of the entire club, invited by member Roy Stambaugh (left). Johnnie mentioned that there are presently vacancies for

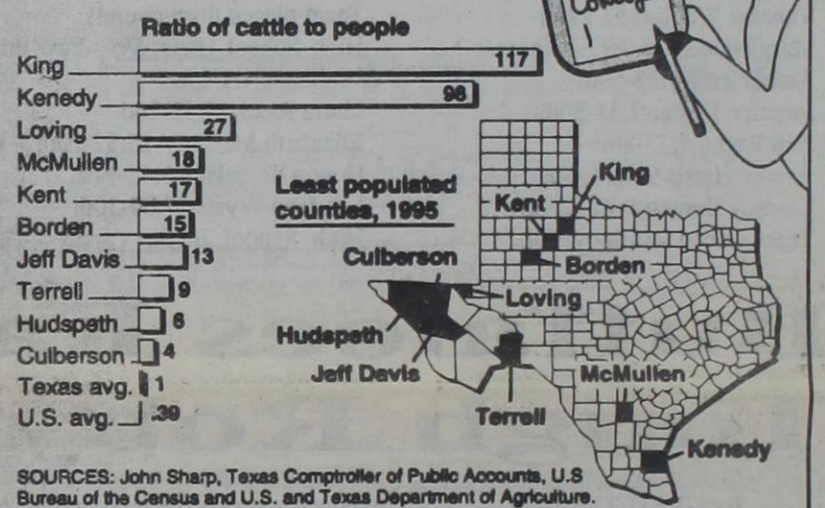

low income, elderly and/or handicapped persons. Applications may be picked up at the office at 119 West 9th Street on Monday, Wednesday, or Friday between the hours of 9 a.m. and 3 p.m.

This information shared is typical of the good informative programs at the Kiwanis Club meetings each Tuesday at noon in the Buffalo Room at Dairy Queen. Everyone is always welcome to join in the fun and fellowship.

## Chicken Pox Vaccine Available

The FDA recommends one shot for children ages 1 to 12 and two doses for teens and adults who have not had chicken pox. It is reported to be 90% effective at prevention, and the few who still get it will have a much milder case. Tests show the vaccine Varivax lasts six to ten years. Ask your doctor if he recommends the vaccine for your family.

Check with your health insurance provider to see if the vaccination is covered.

Your better health is our concern.

Give some people an inch and they want to be a ruler! You thought I was going to say, "Give some people an inch and they take a mile," right? It's almost the same -- just a little more catchy: "Give some people an inch and they want to be a ruler."

Some people can't handle a little authority for it goes to their head and they want to be in charge and over it all. That's not what leadership is all about. Leadership is setting an example of whatever you are wanting another to do, rather than demanding something or driving a person to do something.

The perfect example of someone handling authority wisely and effectively is that of the Galilean. He wasn't bragging when He said, "All authority has been given to Me in heaven and on earth" -- just factual. He had preceded that statement with a life that proved that rather than coming to rule and be served, He came to serve -- to be a Servant! (Matthew 20:28) One writer of the New Testament put it this way: "He humbled Himself, becoming obedient, even unto death, even the death of the cross. Therefore God also highly exalted Him, and gave unto Him the name which is above every name, that in the name of Jesus every knee should bow... and every tongue should confess that Jesus Christ is Lord, to the glory of God the Father," Philippians 2:7-10.

Yes, give some people an inch (of authority) and they take over being a ruler. Let us be keen to stay down to the measure that has been given us -- and if anything, measure ourselves short rather than long. One must be a servant before becoming a leader -- for that's what leadership is all about!

Come work with us as we strive to follow the Master's example.

## Buffaloes Faced Tough Roby Lions

By GREG TURNER

Once again the Cross Plains Buffaloes hosted a tough defender in the Roby Lions last Friday night. The Buffaloes showed much improvement from the previous week. Roby was strong in running the veer-option, but Cross Plains shut down the outside runs almost all night. This was due to a change in defense established by Head Coach Cord Woerner and coaching staff.

Cross Plains took the opening kickoff, was unable to maintain control of the ball and was forced to punt. From that point the Roby Lions marched an impressive drive to the endzone, scoring on an eight-yard run with 5:49 left in the first quarter. The extra point failed. From this point on, there was a defensive battle occurring with neither team able to generate much offense. The Buffaloes late in the first quarter, showed ball movement when Quarterback Brock Walker threw a 44-yard pass to Jarad Richards down the center of the field. But, again, the offense couldn't

maintain a steady drive, giving the ball over once again to the Lions.

Early in the second quarter, with the ball on their own 20 yard line, a running back from Roby fumbled the ball. The strong defensive play of Hugo Mauricio, Donnie Dillard, Carlton Thomas, and Jody Fortune caused the fumble with Mike McClure recovering the loose pigskin. The Buffs threatened once again with the offense moving the ball toward the goal line. Unable to score on fourth and one foot, brought the game to halftime, Roby leading 6-0.

Into the third quarter, it was a seesaw battle of offense and defense. The Buffaloes in the third quarter threatened to score once again on an impressive drive led by the good blocking of Thomas, C. J. Parham, Jeremy Pancake, Jeff Brown, and McClure, and some fine running by Fortune and Kevin Nickerson. Quarterback Walker passed to Dillard for a 34-yard gain. From the Lions' 15 yard line, Walker threw across the middle of the endzone to Dillard only to be intercepted. Again, the defense had to stiffen up. The score at the end of the third quarter remained the same at 6-0.

Going into the fourth quarter, a person could sense the tension and think at this point, that whoever makes the big play will win the game. Unfortunately for the Buffaloes, the play came when a Roby lineman intercepted a pass and ran in 38 yards for the touchdown with 10:17 left in the fourth quarter. The young, spirited Buffaloes took the ball and with fight in the eyes worked hard to move the ball. Unable to achieve a first on fourth and six, the Buffs gave the ball to the Lions on the Cross Plains 35 yard line. Roby went on in to score 6 more points making the final score 20-0.

You know what they say about hindsight—why didn't you punt on fourth and six for the first down and at least make the score look presentable. "Do you go into a game to make the score look 'not-too-bad', or try to win the game? As long as there is time on the clock, we will be trying to win the game," stated Woerner. Well, all the Monday Morning Coaches support you and your coaching staff so keep up the good work!

This week we play Bangs on their homecoming. If you read the newspaper, sports section, you know Bangs has some fine talent in the backfield. Coach

Woerner stated, "We will have to stop the running attack of Chris Dancer who had touchdowns of 73 yds, 51 yds, 34 yds, and 5 yds." Game time is 8:00 p.m. Friday night. See you there!!!

**CAPITOL COMMENT**

**KAY BAILEY HUTCHISON**  
U.S. SENATOR

**Promise to Challenge Welfare Being Fulfilled**

Welfare, as the American people have experienced it over the last 25 years, is a thing of the past. Both the U.S. Senate and the House of Representatives have passed legislation to redesign America's welfare programs. When the dust settles — that is, when a conference committee has hammered out a final bill that both houses of Congress finally approve — we will have fulfilled one of our primary 1994 campaign promises: to recreate the country's welfare system into one that is better both for beneficiaries and for the taxpayers who provide it. Already, we have a pretty good idea of what the new system is going to look like. States will receive block grants to provide welfare services with relatively few strings attached; 95 federal programs are being folded into three new block grants that include:

- \* The Temporary Family Assistance Grant (replacing Aid to Families with Dependent Children and related programs)

- \* The Child Care Block Grant
- \* The Workforce Development Block Grant (which consolidates 85 different federal job training and education programs).

A key part of the Senate bill is the Hutchison funding formula I devised to accommodate the needs of states with growing populations, such as Texas. But more important, it moves us toward the primary goal of cutting overall welfare spending and putting people back to work. Our new system of public assistance, if signed into law by the President, will end welfare as a way of life. People no longer will qualify automatically for a welfare check — and the decisions beneficiaries make will have consequences.

The Temporary Family Assistance Block Grant incorporates rigorous work requirements. States will be required to put welfare recipients to work within two years, and impose a five-year, lifetime limit on receiving welfare benefits. Half of all adult welfare recipients in one-parent households must be working by the year 2000. And we are imposing even stiffer work participation rates — 90 percent beginning in 1999 — on two-parent welfare households. States that fail to achieve these participation rates will be penalized as much as 5 percent of their block grant funds.

Welfare recipients whose cash assistance is reduced for failing to work no longer will get an offsetting increase in food stamp benefits or housing assistance — no more playing Uncle Sam for a sucker.

The welfare situation didn't get to this point overnight, nor will it be quickly remedied. But you walk a mile one step at a time. We have started this walk toward making welfare a hand up, not a hand out.

The battle is not over — it won't be over until our welfare rolls are back to the level they were in 1965 (when the Great Society social experiment began), and until self-reliance is again a predominant value in our country.

**Terry Shults Completes Navy Basic Training**

Navy Seaman Recruit Terry W. Shults, son of Hollis W. and Cherry G. Shults of Route 2, Rising Star, recently completed U.S. Navy basic training at Recruit Training Command, Great Lakes, Illinois.

During the eight-week program, Shults completed a variety of training which included classroom study, practical hands-on instruction, and an emphasis on physical fitness. In particular, Shults learned naval customs, first aid, fire fighting, water safety and survival, and a variety of safety skills required for working around ships and aircraft.

Shults and other recruits also received instruction on the Navy's core values — honor, courage and commitment; and what the words mean in guiding personal and professional conduct. Shults joins 55,000 men and women who will enter the Navy this year from all over the country.

Men and women train together from their first day in the Navy just as they do aboard ships and at shore bases around the world. To reinforce the team concept, Shults and other recruits also were trained in preventing sexual harassment and ensuring equal opportunity.

Even as the naval service gets smaller over the next few years, highly motivated young people like Shults, are still finding an opportunity to improve their knowledge and education as they become part of the most highly technical naval force in history. This year alone the Navy will have more than 57,000 job openings and opportunities, most of which include guaranteed training.

He is a 1995 graduate of Cross Plains High School.

**Garden Tip Of The Month**

By ROLAN JONES

**START A FALL GARDEN!**  
Now is the ideal time to start a fall garden using cool weather vegetables. Vegetables which do not withstand the summer heat in this area of Texas do very well in the fall.

September and October are the best times for establishing radishes, spinach, beets, turnips, swiss chard, cabbage, broccoli, cauliflower, kohlrabi, turnips, lettuce, carrots, and all types of greens.

There are many advantages to fall gardens, including fewer insects, no weeds after frost, and less watering is required. All of the above vegetables will withstand frost and most will withstand hard freezes. In some winters you will have fresh vegetables until the beginning of spring garden season.

September is considered the best month to start bermuda grass and set out your flowering bulbs for next year.

Transplanting shrubs, small trees, and dividing perennial flowers at this time give them all winter and spring to establish a root system.

If you use salt based commercial fertilizer, you should consider beginning an organic approach to all of your gardening. The continued use of commercial fertilizers tend to deplete the natural occurring microorganisms in the soil, creating a hard lifeless, unhealthy soil.

Start a compost pile using grass clippings, leaves, small sticks, and kitchen waste. Along with helping to create a more healthy soil, you will also decrease the amount of material going to the trash and landfill and will be helping the environment.

Use organic fertilizers such as cottonseed meal and bone meal, and use fall leaves to mulch between rows and around plants to keep down winter weeds.

**WeCTOGA Annual Fall Meeting Sept. 25**

West Central Texas Oil and Gas Association President Glenn Picquet announced the Annual Fall Meeting will be held at the Abilene Country Club, Abilene, on Monday, September 25, 1995. The golf tournament will begin with a shotgun start at 12:00 noon. The directors and membership meeting will start at 5:00 p.m. with a social hour to precede dinner served at 7:30.

**SOCIAL SECURITY REP. SCHEDULE**

A representative of the Social Security Administration in Abilene will be at the Eastland Senior Citizens Center on Mondays at 9:30 a.m. October 2 and 23; November 13 and 27; and December 11. You may call Social Security toll-free any weekday 7 a.m. to 7 p.m. 1-800-772-1213.

**WTRC Benefit Trail Ride September 29-October 1**

The ruins of Fort Chadbourne on the historic Chadbourne Ranch in Coke County will echo with the sights and sounds of the past as an estimated 300 trail riders converge on the ranch for Trail Ride IV for Rehab September 29 through October 1. The ranch was the site of the first trail ride to benefit West Texas Rehabilitation Center in the spring of 1994.

As in the past, Trail Ride IV will provide a central campsite, a day-long ride on Saturday and a shorter ride on Sunday morning with lunch and supper on Saturday and breakfast on Sunday provided. Participation cost is a free-will donation that will go directly to benefit West Texas Rehabilitation Center in Abilene and San Angelo.

Entertainment will be provided on Saturday evening around the campfire with riders encouraged to bring their guitars, banjos, fiddles, and harmonicas and join in the fun.

Fort Chadbourne was established in 1852 and remained in use until 1864. Shortly after the Civil War, G.G. Odom settled in the area and founded the Chadbourne Ranch at the site of the abandoned fort. The ranch is still owned by his descendants. Ruins of the fort still stand on the ranch.

For more information call West Texas Rehabilitation Center, (915) 691-7290 (Abilene) or (915) 949-9535 (San Angelo). After 7:00 p.m., call Mac Sayles at (915) 554-7884.

**Oakdale Park To Host 21st Annual Fall Bluegrass Reunion In Glen Rose September 29-October 1**

Oakdale Park, located in the Central Texas town of Glen Rose, will host its annual Fall Bluegrass Reunion on September 29-30, and October 1. The three day musical will feature professional and semi-professional bands and musicians from Texas, Oklahoma, South Carolina, Tennessee, and Georgia.

Musicians will be playing traditional Bluegrass music, which originated in the back hills of Tennessee and Kentucky. Instruments include the fiddle, flat-top guitar, banjo, upright bass, mandolin and dobro. Bands traveling from out of state to perform on the Oakdale bluegrass stage include The Gillis Brothers, Georgia; Twice as Nice, Texarkana; The Lewis Family, Georgia; Randall Hylton, Tennessee; Carolina Rebels, South Carolina; Boggy River Bluegrass, Oklahoma. Texas bands performing during the weekend are Cherokee Grass, Maypearl; Wise County Bluegrass Boys, Saginaw; and Bluegrass Reunion, Keller. Jim Atchley of Austin will serve as Master of Ceremonies throughout the weekend. The stage show begins Friday at 7:00

p.m. and runs until midnight. Saturday begins with an Open Stage at 10:30 a.m., and all musicians are invited to try out the Oakdale Stage. The formal program runs from 1:00 p.m. until midnight. Sunday hours are 10:00 a.m. until 6:00 p.m.

In addition to the stage show, informal Bluegrass jam sessions will be scattered throughout the park. Guests are encouraged to stroll through the grounds and listen to the musicians who will be gathered under the trees and various shelters.

Tickets are \$10 per person each day or \$25 for the three-day show. Children 15 years of age and younger are admitted free with their parents. Camping is available on the grounds, or guests may drive in for the day.

Informal "pickin' and grinnin'" will begin nightly a week prior to the formal program. Early arrivals can be assured of lots of music and a good time. For a complete program, contact Oakdale Park, Box 548, Glen Rose, Texas, (817) 897-2321.

**PUBLIC NOTICE**  
BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS  
SPECIAL ELECTION  
NOVEMBER 7, 1995

**PROPOSITION NO. 1 ON THE BALLOT**

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance education loans to students."

**PROPOSITION NO. 2 ON THE BALLOT**

Senate Joint Resolution 36 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

**PROPOSITION NO. 3 ON THE BALLOT**

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

**PROPOSITION NO. 4 ON THE BALLOT**

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a division or award of a homestead in a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

**PROPOSITION NO. 5 ON THE BALLOT**

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

**PROPOSITION NO. 6 ON THE BALLOT**

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

**PROPOSITION NO. 7 ON THE BALLOT**

House Joint Resolution 73 proposes a constitutional amendment that would reduce the amount of general obligation bonds authorized for the superconducting super collider fund from \$500 million to \$250 million.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment reducing the amount of general obligation bonds authorized for undertakings related to the superconducting super collider research facility from \$500 million to \$250 million."

**PROPOSITION NO. 8 ON THE BALLOT**

House Joint Resolution 80 proposes a constitutional amendment abolishing the office of constable in Mills, Reagan, and Roberts counties. In Mills County, the office of constable is abolished, and the powers, duties, and records of the office are transferred to the sheriff. In Reagan and Roberts counties, the office of constable is abolished and the powers, duties, and records of the office are transferred to the sheriff only if a majority of voters in each of the respective counties favors the proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the abolition of the office of constable in Mills, Reagan, and Roberts counties."

**PROPOSITION NO. 9 ON THE BALLOT**

Senate Joint Resolution 7 proposes a constitutional amendment that would allow investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia. Currently, such investments are prohibited by article XVI, section 70(r) of the Texas Constitution, which would be repealed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia."

**PROPOSITION NO. 10 ON THE BALLOT**

Senate Joint Resolution 1 proposes a constitutional amendment that would abolish the constitutional office of state treasurer effective September 1, 1996. The transfer of specific constitutional powers and duties to the comptroller of public accounts takes effect on that date. The statutory powers and duties and the property and other obligations of the state treasurer are transferred to officers and agencies of state government as the legislature provides by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of state treasurer."

**PROPOSITION NO. 11 ON THE BALLOT**

House Joint Resolution 72 proposes a constitutional amendment requiring that land devoted to wildlife management be taxed on the basis of its productive capacity. The proposed amendment also adds a temporary provision to the Texas Constitution validating the changes to the law made by Chapter 560, Acts of the 72nd Legislature, Regular Session, 1991, which amended the Tax Code to allow land used for wildlife management to be appraised as agricultural land. The temporary provision also provides that a property owner is not authorized to claim a refund of taxes paid unless the tax payment was challenged before the effective date of the proposed amendment. The temporary provision expires on January 1, 1998.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow open-space land used for wildlife management to qualify for tax appraisal in the same manner as open-space agricultural land, subject to eligibility limitations provided by the legislature."

**PROPOSITION NO. 12 ON THE BALLOT**

House Joint Resolution 31 proposes a constitutional amendment providing that the legislature may exempt from ad valorem taxation income-producing personal property and mineral interests that have a taxable value which is insufficient to recover the costs of administering the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxation personal property and mineral interests having a value insufficient to recover the administrative costs of collecting the taxes."

**PROPOSITION NO. 13 ON THE BALLOT**

House Joint Resolution No. 35 proposes a constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life."

**PROPOSITION NO. 14 ON THE BALLOT**

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

Disability	Maximum Tax Exemption
10%-30%	\$ 5,000
30%-50%	\$ 7,500
50%-70%	\$10,000
More than 70%	\$12,000
Age 65 and 10% or higher	\$12,000
Loss or loss of use of limb	\$12,000
Blindness or paraplegia	\$12,000

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."

**LETTERS TO THE EDITOR**

Dear Readers:  
Hi! My name is Lindsay. I'm a fifth grad student from Clayton Elementary School in Englewood, Colorado. Our class is studying geography and history of the United States. We would appreciate it if you would send us a postcard from your state so we can learn more about our country.  
Thank you for your help.

Sincerely yours,  
Lindsay Cery

Please send postcards and/or other information to Clayton Elementary School, 4600 S. Fox Street, Englewood, CO 80110.

**LAKWOOD NEWS**

By MILLIE OWEN

It's pretty wet at Lakewood this week. We are so thankful for the four inches of rain we have had the last two weeks.

We want to remind all the members about the club Championship Tournament this weekend, September 23 and 24. The entry fee is \$25. Golfers will play 18 holes each day. Participants must know his handicap. For more information, call 643-7792.

Also this Saturday, Cross Plains School will have their first cross-country track meet here. Come on out early morning and watch the kids run.

As long as daylight permits, we will continue our Thursday afternoon scrambles. Please sign up by 5:00 p.m. so play can start at 5:30 p.m. Cattle drive money this week is \$29. So come on out and bring a friend and join the fun!

**ATTENTION!! Women Over 65**

Medicare can provide you with a mammogram!

Women over 50 are at the highest risk for breast cancer. An annual clinical breast exam and mammogram can help find breast cancer early. Early detection is the best protection against breast cancer.

Medicare pays for a mammogram every other year (after you have met your annual deductible). Only 3% of eligible women are aware of this benefit and take

advantage of it.

If you have not used this benefit this year, call the accredited mammography facility nearest you to schedule your mammogram appointment. To get the name of the closest FDA-approved facility, call 1-800-4-CANCER. On alternate years, the YWCA of Abilene provides the exam and mammogram at no cost for eligible women through the Breast Cancer Awareness Program. For more information, call the YWCA of Abilene at (915) 677-5321.
