CROSS PLAINS, TEXAS

GAS PROBLEMS AIRED AT MASS MEETING

A mass meeting of the citizens was held here last Friday night, for the purpose of discussing the local gas problems, and it was a lively meeting. There was much complaint registered about the existing rates, and service. A committee was appointed to get in touch with the Southwest Gas Co., local distributors, with instructions to ask for lower rates and better service. It was also agreed that if the committee failed to get favorable response, a petition would be presented to the city council, requesting that they take immediate action in the matter, exercising their administrative powers to bring about the desired results.

This meeting was the result of recent gas shortages here, during the severe cold weather. Several times the gas was off. This coupled with a 75 cent rate has not proven satisfactory. It is understood that the gas company is contracting for gas wells southwest of town, and will lay line to this new supply base, which would give Cross Plains two sources of supply. It is hoped that something

is done at once to insure sufficient gas at all times.

Later, Mr. Forbes, from the Houston office of the Southwest Gas Company and Mr. Strickland, district manager, were here the first of the week, and met with the Committee referred to above, and assured them that they were taking steps to give adequate gas service. They state that new expansion joints have been installed and the lines buried deeper in some places, to prevent, as far as possible, the lines pulling into again, as they did recently. They also agreed to test all the meters, the Review is informed and to maintain staple service. A special rate for commercial use was agreed on, it is said. The regular rates of 75c will be charged for the first 15,000 feet, then a 50c rate will apply, with \$12.00 as the minimum. They declared that they could not afford to lower the domestic rate, with the present number of consumers. The committee was also advised that arrangements were being made with Morris and St. John to connect with their lines southwest of town for emergencies, and the lines are now being laid, it is said.

Mr. Jimmie Love made a business trip to Odessa last week. While there his car was stolen.

ALLEGED BANK BANDIT ARRESTED CONFESSES

A young man, giving his name as Frank Teague, and his age at 17, was arrested here Saturday afternoon, by City Marshall, Will Hamilton, and he later confessed as being one of the two men who robbed the Wildorado bank, last Friday. His companion, whose name is Allen, he states, escaped capture here, but officers are still searching for him. They came to Texas, from Roswell, N. M.

The two young men drove into Tate's garage on north Main street Saturday to have some tire work done, and C. W. Brigner, who works at work there, became suspicious of them, and called the City Marshall, who accosted and questioned them. When he asked for identification papers of some kind, the older man stated that he did not have any, but that the younger man had some in his suit case in the car, so the officer went with the boy to the car to investigate. They failed to find anything, and he was taken in charge—but while this was being done, the older man, named as Allen, slipped out and was gone before the search was finished, and made his getaway. Officers and citizens immediately started a hunt for him, but he could not be found. B. F. Acker, local citizen, reported late in the day that a man, suiting the description of the one who escaped, stopped him near Turkey Creek, near town, asked for a ride, and not knowing of the robbery at that time, he let him ride, and he left the car just as they were driving into Coleman, it is stated. Mr. Acker had no idea that he was hauling a man wanted for bank robbery, until he had returned to Cross Plains.

The two men were driving a Buick roadster when they stopped at Tate's garage, and it is supposed to be the car stolen from a Mr. Collier, of Amarillo, at the time the bank at Wildorado was robbed. Some insurance papers bearing the name of Collier were found in the car, and the young man who was taken in charge, stated that they had stolen it. A New Mexico number was on the car when taken in charge, but a Texas number was found in the car.

The boy taken into custody, was placed in the city jail, but Sheriff Hughes came down and took him to Baird late Saturday.

MAKES CONFESSION

Frank Teague, as the prisoner gave his name, made a full confession to the City Marshall, Sheriff and County Attorney, it is stated. He told them that it was his first attempt to rob a bank—and would be the last one. They only secured \$100 from the Wildorado bank, and when he was arrested, he had only 25c on his person, and was not armed, as the citizens at Wildorado who had him captured for a few minutes, took his gun, but were told if they did not release him that his companion would kill the president of the bank, and he was released in order to save the banker's life. Teague told the officers that Allen had the money taken in the robbery at Wildorado, and that he was also armed.

Much excitement prevailed here Saturday when it was learned that an alleged bank bandit had been captured, and the people swarmed to town to get a glimpse of the prisoner and car, but only a few got to see the prisoner until the sheriff came after him—then many got a good look at him. Some think that they probably planned to rob one of the banks here had their plans not been frustrated.

G. C. Miller, of Gorman is now with the Review, as Linotype operator and utility man. Gorman is well represented in Cross Plains and they continue to come. We have plenty of room, and we are glad to have 'em.

C. C. McDermott was in from his ranch west of town, this week, and ordered the Review sent to his daughter, Mrs. Gladys Silva of Fort Hancock.

Mrs. Leo Tyler of Clyde spent the week end here visiting her parents. Mr. and Mrs. W. C. Adams.

FIRE DESTROYS HOME HERE LAST WEEK

Glen Adams' home was destroyed by fire here last Thursday, just as the Review was going to press. Most of the furniture and clothing were consumed in the fire. The building was insured, but there was none of the household goods. Mr. Adams is the junior member of the Review Publishing Company, and like all newsy folks, could ill afford such a loss. The fire Department reached the home to have saved the building, but the hose was such an extent that it was time before they were able to see a heavy stream of water on the building just north, was saved by the fire boys.

The city should make some kind of arrangements to see that such a loss is not sustained again from a like cause. The fire truck should be housed in a brick building, or some one should be employed to keep the machinery and equipment in operating condition at all times. Time is valuable when there is a fire, and delay may mean great losses, so the fire truck, hose and chemicals should be ready for service at all times.

GWIN GOES TO PAMPA AS CITY MANAGER

F. M. Gwin, Mayor and secretary of the chamber of commerce here, will leave for Pampa, Texas, where he will become city manager. Pampa has adopted the city manager plan of government, and Mr. Gwin will be the first city manager.

Cross Plains will lose one of its most valued citizens when he goes to take up his new duties, and we will miss the loss very keenly. His splendid family will remain here until the school term is out.

As Mayor and as secretary of the chamber of commerce, Mr. Gwin has been untiring and enthusiastic in promoting the best interest of Cross Plains and surrounding country, for the past several years, and he is due much credit for the development of our city. He has been constantly on the job, looking after the city's welfare, and to say that he has made good, is not enough. He has spent his own money and worked over time in his efforts to accomplish worth while things for Cross Plains, and the citizenship have learned to appreciate his work. While we regret to lose him we wish him success where he goes.

When Mr. Gwin retires as Mayor, J. W. Westerman, president of the City Council, will automatically become mayor, until another mayor is elected, and it is not likely that a special election will be ordered, as the regular city election will be held in April. As to who will succeed Mr. Gwin as secretary of the chamber of commerce is a matter yet to be determined as far as the Review is informed. Oak Lewis has been suggested for that position, and he would make a good one.

BANK REPORTS GOOD LOOK THEM OVER

Both banks here are in fine condition, everything considered. They have declared dividends and paid all employees a bonus. That's fine. It is true that the reports published in this issue, are not as strong as they were during the boom days back in '25, but there are nearly a million dollars on deposit in the two banks—and that's not bad.

BRYANT BUYS BURKETT GAS BUSINESS, MONDAY

Tom Bryant, has purchased the gas distributing system and pipe lines, at Burkett, from the Southwest Gas Company. He will manage the business out of his Cross Plains office. The consideration is not stated.

Buel Benham left Monday for Waco.

1928 Plans

What are your plans for the New Year? Do you contemplate building a home? Why not put your rent money in a home? Ask us about plans, specifications, etc. It will be a pleasure to serve you.

PRESBYTERIAN REVIVAL STARTS NEXT SUNDAY

Rev. W. H. Matthews, Pastor First Presbyterian Church of Martin, Texas, leader in Revival to begin at The Presbyterian Church next Sunday. Dr. Matthews is a minister of wide experience as a pastor with an especial preparation for Evangelistic work. For years he was student pastor of A. & M. college of Texas, was Chaplain over seas during World war, and with varied experiences in student bodies in different places in Texas. Has a winning personality with all ages but understands and appreciates the problems, passions and ambitions of the youth with whom he is always a favorite. He is continually in demand as an Evangelist and spends all the time possible away from his pastorate each year. He is a pastor and not a professional evangelist.

We could not select a more opportune time for a revival than NOW. We are beginning a new year, and made the New Year resolutions. Nothing would aid us more than a few days in a revival in making this year the greatest year of our lives.

We need to spend some time in the interest of our better self. Gradually the world is coming to see that the teachings of Jesus point the way while wise men worry about a "Cure" the

simple teachings of Jesus hold the solution. Its the only way out.

But it's every man's problem. It's a personal problem. There is help for YOU in this series of revival services.

Invest a few nights in your better self in your soul's development. You will find the heart warming as you help in the singing, visions of things more worth while will come to you as you listen to the preaching of the simple Gospel. The good news. Bring your neighbor with you.

Come the FIRST night. S. P. Collins, (Pastor)

1928 GOOD YEAR

Business, it seems, has been much better this month than most folks had expected. With some it has been exceedingly good. The Review force has been busy—and the good work continues.

Mr. and Mrs. W. A. McGowen, Mrs. Claude Brown and Mrs. Rochmaker, are on a duck hunt, near Gulf, Texas.

Mr. and Mrs. Vincent Hart were visiting in Dallas, Monday.

Mr. and Mrs. John A. White of Dallas visited the past week with his parents, Mr. and Mrs. M. A. White, who reside west of town. A nephew, Marvin White, also of Dallas, accompanied them on their visit.

The New Year

Is here and we are making our plans to serve you with a full measure of efficiency, and we hope to merit your good will and confidence by our zealous endeavor to make you a satisfied customer. When in town, visit us. You have a special invitation and will be given a hospitable welcome.

We keep fresh Chocolates in bulk all the time.

TO THE VOTERS OF CALLAHAN COUNTY

I wish at this time to announce for re-election to the office of County Treasurer and to thank each and every one who has so loyally supported me in the past, and to solicit your support and influence for the coming July 1928 election.

If re-elected I shall endeavor to discharge my duties diligently and efficiently, that my interests and the interests of the people may be best served.

With best wishes for a happy and prosperous year and again thanking you for the many favors shown me in the past, I beg to remain, cordially yours,
MRS. ROY JACKSON.

TO THE VOTERS OF CALLAHAN COUNTY

The office of County Clerk is a very important position, as here all deeds, releases, proceedings pertaining to probating of Wills, Guardianship matters, and other conveyances,

are recorded, affecting the titles to all real estate, and much of the personal property, in the County, as well as many other phases of recording.

Through the confidence and suffrage of the people of Callahan County, I have the honor of being entrusted with the official duties and responsibilities of this office. And, now, in making this my public announcement for re-election, I wish to say that, if nominated, I shall continue to put forth every effort, as I have diligently done in the past, in attending to the varied duties of the office, in a courteous, efficient and satisfactory manner—being at all times at my post of duty, recording instruments with careful accuracy, and giving the public our usual quick service in all matters receiving our attention.

With this promise, I hereby submit myself for re-election as County Clerk of Callahan County, at the coming July Primaries, and shall earnestly appreciate your confidence and support.

respectfully submitted,
S. E. SETTLE.

WHEN BETTER AUTOMOBILES ARE BUILT . . . BUICK WILL BUILD THEM

Everything that is BUICK for only \$1195 f. o. b. factory

You may have thought that you couldn't buy a Buick for as little as \$1195—that you would have to pay considerably more for Buick quality.

The truth is that you can have any one of three popular Buick models at this figure—a Sedan, Coupe or Sport Roadster—all of them, cars of true Buick quality.

You have always wanted a Buick—and today's Buick surpasses all previous creations. See it—drive it—and own the car you have long wanted.

SEDANS \$1195 to \$1995 / COUPES \$1195 to \$1850
SPORT MODELS \$1195 to \$1525

All prices f. o. b. Flint, Mich., government tax to be added.

Again

—the Greatest Sensation of America's Greatest Industry

for Economical Transportation

Again, Chevrolet has created an automobile so far beyond all expectations in the low-price field that it constitutes the greatest achievement of America's greatest industry.

Built on a 4-inch longer wheelbase—offering numerous improvements in performance, beauty and safety—the Bigger and Better Chevrolet marks a spectacular epoch in the development of luxurious transportation at low cost.

The engine is of improved valve-in-head design with alloy "invar strut" pistons . . . hydro-laminated camshaft gears . . . mushroom type valve tappets . . . AC oil filter . . . AC air cleaner and a new crankcase breathing system.

Throughout the entire car similar

advancements are represented— from the four-inch longer wheelbase and the new semi-elliptic shock absorber springs—84% of the wheelbase, to the marvelously beautiful new Fisher bodies in new Duco colors.

Come in and drive this great new car. Drive it through traffic—and get the thrill of its darting pick-up . . . the smooth, certain action of its non-locking four-wheel brakes! Drive it on the open road—and test every point in the speed range for smoothness and roadability! Try it on the hills—and learn the true meaning of Chevrolet power!

Do that—and you will agree with thousands of others that here is the world's most luxurious low-priced automobile.

Every feature of advanced design demanded in the finest cars now offered in the New Chevrolet! Read this partial list.

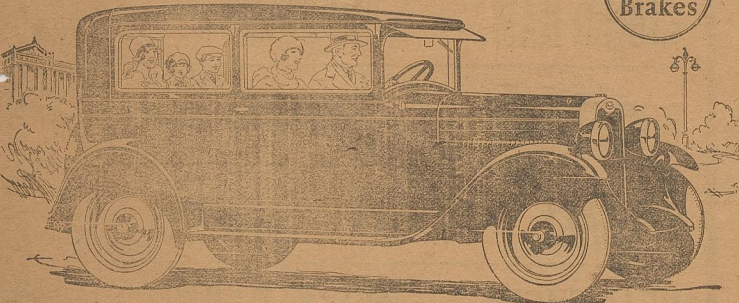

Improved valve-in-head motor.
New stronger frame 4" longer wheelbase 107".
New four-wheel brakes.
Thermostat control cooling system.
New alloy "invar strut" pistons.
New instrument panel indirectly lighted.
New ball bearing worm and gear steering.
Semi-elliptic shock absorber springs; 84 per cent of wheelbase.
Safety gasoline tank at rear.
Larger balloon tires 30" x 4.50".
New streamline bodies by Fisher.
New Duco colors.

Theft-proof steering and ignition lock.
A. C. oil filter.
A. C. air cleaner.
Single-plate dry disc-clutch.
New crankcase breathing system.
New two port exhaust.
Heavy one-piece full-crown fenders.
Alumite pressure lubrication.
Vacuum tank fuel supply.
Improved Delco-Remy distributor ignition.
Combination tail and stop light.
Large 17" steering wheel with spark and throttle levers located on top.
Rear view mirror.

Rev. W. H. Matthews will conduct Revival at Presbyterian Church, starting Sunday.

Freedom Brings Light

There is only one cure for evils which newly acquired freedom produces, and that cure is freedom. The blaze of truth and liberty may at first dazzle and bewilder nations which have become half-blind in the house of bondage. But let them gaze on, and they will soon be able to bear it. In a few years men learn to reason, and the extreme violence of opinions subsides. The scattered elements of truth cease to contend and begin to coalesce. And at length a system of justice and order is educed out of the chaos.—Macaulay.

Originated in Error

An explanation of the origin of the word "hoodlum" has been given in the following tale: Out in San Francisco a great many years ago there was a man named Muldoon, who was the leader of a band of boy ruffians. A reporter who had been assigned to a story of this gang attempted to coin a name for them and transposed the name Muldoon, calling the gang hoodlums. The typesetter mistook the letter "n" for "h" and made the word "hoodlum." It passed the proof-reader and became a recognized word.

Ancient Wedding Gowns

Most of the Plantagenet and Tudor queens were married in that vivid hue which is still popular in parts of Brittany, where the bride is usually dressed in crimson brocade. It was Mary Stuart who first changed the color of the bridal garments. At her marriage with Francis II of France in 1558, which took place not before the altar but before the great doors of Notre Dame, she was gowned in white brocade, with a train of pale blue Persian velvet six yards in length.

Seemed Too Much for One

A little girl was traveling in a street car with her mother, a woman of very slight build.

Presently an extremely stout woman boarded the car, and sat down opposite the little girl.

The car started off with a jerk, and the little child contemplated the woman opposite her for some minutes, then, turning to her mother, inquired in a loud voice:

"Mother, is that all one lady?"

Keep Bright

Keep your mind bright and you won't get blue.—Forbes Magazine.

Rather the Contrary

Carried away by the beauty of the heroine on the screen, he murmured unobtrusively, "Isn't she lovely!"

"Every time you see a pretty girl you forget you're married," snapped his better half.

"You're wrong, my dear; nothing brings home the fact with so much force."

POLITICAL ANNOUNCEMENTS

The following candidates announce for the offices specified, subject to the action of the Democratic Primary in July, and solicit your careful consideration.

FOR SHERIFF
EVERETT HUGHES

COUNTY TREASURER
MRS. ROY JACKSON

COUNTY CLERK
S. E. SETTLE

THE ANNOUNCEMENT OF EVERETT HUGHES

I wish at this time to announce for re-election to the office of Sheriff, and to those who so loyally supported me in the last campaign, and at this time to solicit your support for a second term, and shall appreciate the influence and support of every one who may see fit to vote for me this term, whether you were for me in my last campaign or not, and I cannot express my feeling of appreciation to the entire citizenship of the county, but wish to say to you that I have done my very best to make you the kind of Sheriff that I promised you in my first campaign, and will endeavor to discharge my duties as an officer promptly and efficiently, that my interest and the interest of the public may be best served.

That I accept and recognize the responsibility of my position and will perform them to the very best of my knowledge.

EVERETT HUGHES.

S. P. LONG

S. P. Long, age 68, died early Wednesday morning, January 11, after a brief illness with pneumonia. He was a pioneer citizen of Dressy, having resided in this community for over 40 years. He was a member of the Christian church, and was also a member of the W. O. W. Funeral services will be conducted today, (Thursday.)

Deceased is survived by his wife and eight children. They are: Mrs. Pomp Payne, Mrs. Carl Khitts, Fred Long, Mrs. Price Odom, Mrs. Johnnie Henderson, Norrel and Marie Long, all of this community, and Mrs. Henry McDaniels of Spur.

The entire community is saddened by the passing of this good man, and all join in deep sympathy with the bereaved family.

CORNS

Ends pain at once!
In one minute pain from corns is ended. Dr. Scholl's Zino-pads do this safely by removing the cause—pressing and rubbing of shoes. They are thin, medicated, antiseptic, healing. At all drug and shoe stores. Cost but a trifle.

Dr. Scholl's Zino-pads
Put one on—the pain is gone!

Pray for your enemies, if you can not love them.

Red Cross Ball Blue is the finest product of its kind in the world. Every woman who has used it knows this statement to be true.—Adv.

Some people are proud of their past—probably because it is past.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night?

If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor, always. At other times, a few drops of Fletcher's Castoria.

The doctor often tells you to do just that; and always says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold!

Lesson for January 15

JESUS AND SINNERS

LESSON TEXT—Mark 2:1-17.
GOLDEN TEXT—I came not to call the righteous, but sinners to repentance.

PRIMARY TOPIC—Jesus Forgives a Sinner.
JUNIOR TOPIC—Jesus Heals and Forgives.

INTERMEDIATE AND SENIOR TOPIC—Jesus Shows His Sympathy and Power.
YOUNG PEOPLE AND ADULT TOPIC—Jesus' Power to Make Whole.

I. Jesus Preaching the Word (vv. 1, 2).

1. The surging crowd (v. 2).
So great was the crowd gathered about the house where Jesus was stopping, that there was no room to receive them. As soon as it was noised about that Jesus was in the house, the multitudes gathered.

2. What Jesus preached unto them (v. 2).

He preached unto them the Word of God. He always preached the Word before He wrought miracles, for to make known the will of God was His supreme mission. Miracles were not an end in themselves, but to authenticate His work. The people came, some to be healed, and some out of curiosity. He gave them that which they needed, regardless of the motive which actuated their coming.

II. Jesus Forgiving Sins (vv. 3-5).

The man brought to Him was suffering from the dread disease of palsy, but his most deadly affliction was that of sin. This miracle was wrought by Jesus in confirmation of His message.

1. Faith coming to Jesus (v. 3).

The actuating impulse of the palsied man and the four friends who carried him was faith.

2. Faith overcoming difficulties (v. 4).

Though prevented by the crowd from coming to Jesus, they ascended the outer stairway and let the afflicted man down through the roof.

3. Faith rewarded (v. 5).

No word was uttered either by the paralytic or his bearers. Their action was enough. The paralytic got more than he expected. He desired healing of the body and he got bodily healing plus forgiveness of sins.

III. Jesus Answering the Scribes (vv. 6-10).

1. Their objections (vv. 6, 7). They asked:

(1) Why does He thus speak? (2) Who can forgive sin?

They were entirely right in their reasonings that only God can forgive sins. Their blunder was in not perceiving Him to be God.

2. Jesus' answer (vv. 8-10).

He knew their inner thoughts and reasonings and manifested unto them His essential deity in that He had power to know their thoughts. He inquired, "Which is easier to say, thy sins be forgiven thee, or to say, arise and take up thy bed and walk? But that ye may know that the Son of man hath power on earth to forgive sins, He saith to the sick of the palsy, I say unto thee, Arise, and take up thy bed, and go thy way into thine house." He was willing that His power in the invisible realm should be tested by His power in the visible.

IV. Jesus Healing the Paralytic (vv. 11, 12).

1. His healing was by the direct method—speaking the Word (v. 11). Christ's words are enough. With the command was given the strength to obey. That which Christ commands He gives the strength to perform.

2. The obedience of the man (v. 12).

He immediately arose, took up his bed and went forth before them all. The poor helpless man walked away with his bed upon his shoulder.

3. The people were amazed, and glorified God (v. 12). They said, "We never saw it on this fashion."

V. Jesus Eating With Publicans and Sinners (vv. 13-17).

1. The call of Levi (v. 14). Levi was a tax-gatherer under the Roman government. As Jesus passed by, He commanded Levi to leave his business and follow Him.

2. Jesus dining in Levi's house (v. 15). It seems that Levi, when he found the Savior, invited many of his business associates to eat with him. This gave an opportunity to Jesus to come into touch with these sinners.

3. The perplexed scribes and pharisees (v. 16). They asked, "How is it that He eateth and drinketh with publicans and sinners?"

4. Jesus' reply (v. 17). "They that are whole have no need of the physician. I came not to call the righteous, but sinners to repentance."

Our Future

We never know for what God is preparing us in His schools; for what work on earth, for what work in the hereafter. Our business is to do our work well in the present place, whatever that may be.—Christian Exponent.

Learn Secret of Prayer

We need to learn the secret of important prayer that takes hold of God's promise and refuses to let go till the blessing comes.—Timberlake.

Where Swatters Are Taboo

In Ukraina, the southern Russia province, superstitious natives hold the common house fly in reverence and make no effort to kill the pest. Many persons regard the fly as a sacred animal.

Jaywalk Into Cars

Five per cent of the automobile accidents of the country are caused by persons who walk into the sides of moving machines. Like automobiles running into the sides of trains.

NEW WHIPPET CAR A MOTOR MARVEL

One of the sensations in the automobile world is the perfected "Whippet" produced by the Willys-Overland, Inc., and it is direct evidence that John N. Willys, president of the corporation, proposes to make good on his declaration that "there can be no monopoly in the light car field." The perfected car, and the price at which it is offered, placing it directly in competition with the lowest priced cars, has centered the eyes of the automobile industry and the motor car world in general on the enterprising Toledo manufacturer. It makes him the first manufacturer of automobiles to enter the price field heretofore exclusive to but one light car manufacturer.

The "Whippet," which has been in production for more than 18 months, holds the national fuel economy record of 43.28 miles to the gallon in a test between Los Angeles and New York City, covering a distance of 3,551 miles, under official observation of the A. A. A. In a speed test on Rockingham Speedway, Salem, N. H., a "Whippet" recently attained a speed of 71.6 miles an hour over a 50-mile route. This was officially timed.

The same engine that has accomplished these records is the power plant employed in the perfected "Whippet," now offered at the lowest price in the history of Willys-Overland.

The "Whippet" was the first light car to be equipped with four wheel brakes, setting a new trend in the light car field. The braking area of the "Whippet's" brakes is greater than any other light car.

Details of the perfected "Whippet" disclose a wider range of colors, employment of full crown fenders, a new cadet sun visor that imparts a smart military effect, and the addition of automatic windshield cleaner, rear view mirror, and a combination rear driving light and stop light. These additions make the "Whippet" the most fully equipped light car built in the four cylinder field.

Life's Added Problems

Life is becoming more mathematical every day. We are now urged to count our blessings before eating, our calories while eating, our change after eating and our sheep while going to sleep.—Kansas City Star.

Opportunity

Next thing for scientific breeders to do is to cross the carrier-pigeon with the parrot so that messages can be delivered verbally.—Wall Street Journal.

Various Trades Offer Occupation to Blind

Blind men are employed in many engineering factories. In one German electrical concern, says the annual report of the National Institute for the Blind, more than one hundred sightless people are employed, while double that number are being trained. Blindness, it is said, is no hindrance to a man looking after two or even three automatic machines. The average earning capacity of a blind operative in these works is considered to be about 80 per cent of that of a normal-sighted man.

Ninety blind persons employed in French engineering trades earn about 85 per cent of full wages. A motor factory in America employs 44 blind men, who are given the work for which they seem most competent.

Nature's Economy

Inventions during the next two or three centuries will, in the opinion of many experts, probably be in the direction of imitations of the wonderful economy and the simple, direct methods of nature. Take the electric eel as an example. Its electric organ is in no sense a storage battery, but a contrivance by which electric energy is liberated at the moment when it is required. At rest, the organ shows so small an electromotive force that a good galvanometer is required to detect it, but a sudden nervous impulse from the eel's spinal cord raises a potential of many volts, with very little heat, and so small an expenditure of matter as to defy the most expert chemist to weigh it. Fireflies, glow-worms and many deep sea fishes produce light without heat, at a cost which would make the price of a wax candle an extravagant outlay.

Feet and Talking

It's the fellow who can't talk on his feet who puts his foot in his mouth when he tries.—San Francisco Chronicle.

Grandfathers on Vacation

Fifteen grandfathers, whose ages totaled 1,200 years, recently enjoyed their annual two-weeks' vacation together at Littlehampton, England. They are members of the Browning Hall Grandfathers' club of London. The oldest in the party was eighty-four and the youngest seventy.

Correct the Fault

Whatever you dislike in another person take care to correct in yourself.

Migratory Bird Treaty

A resident of Ohio, who had previously raised wild fowl under a federal permit, but failed to submit the required report of operations and continued to make sales and shipments without renewal of the permit, was arraigned in Federal court at Toledo, Ohio, found guilty, and fined \$300 and costs.

To engage in the business of rearing and selling migratory waterfowl, says the bureau of biological survey, United States Department of Agriculture, it is first necessary to obtain a permit from the secretary of agriculture and then to comply with all requirements of state law.

These requirements are made under the migratory bird treaty act regulations to protect and perpetuate migratory species of birds passing each year between the United States and Canada.

Lets the World Go By

For the seventy-fourth consecutive season, Mrs. Richard T. Anchmuty of New York has arrived at her summer home, the Dormers, on the Lenox Pittsfield road. She has never owned an automobile, has no listed telephone, no electric lights, no steam heat in her villa, nor a radio. She prefers to drive over the wooded roads in an open victoria. Glowing fagots in her fireplace and kerosene lamps furnish heat and light. She is in her ninetieth year.—Boston Globe.

Not That Sick

Girl—I want a nice book for an invalid.
Librarian—Something religious?
Girl—N., not now. He's convalescent.

Cure for Optimism

The neurologist says optimists live longer than pessimists. They might if they didn't have such sublime faith in loose brakes.—San Francisco Chronicle.

Hen Lays Twin Eggs

A hen in Ulster lays two eggs at a time, sometimes three. The owner explains this by saying that the hen, a last year's pullet, had sunstroke when a month old. Since it has grown up the hen has on four days a week laid two eggs at a time, and has twice laid three.

Apotheosis of the Pancake

Sign in restaurant window—"Waffles of Class and Distinction."—Boston Transcript.

Canadian Lakes Beautiful

Among the seven reservations set aside by the government of Canada in the Rocky mountains there is none more beautiful than Waterton Lakes National park, which lies on the eastern slope of the Rockies where these mountains approach the international boundary. The park forms a rough square with a long L-shaped section added to the east, the whole having an area of about 220 square miles.

Newest American Sport

Critic-baiting has become an even rarer and more typical American sport than framing prize fights or fixing horse races and championship baseball games. The man who practices professional criticism in this year of our Lord lives constantly in a metaphorical gashouse district, his head and seat in imminent prospect of bash and boot.—George Jean Nathan in Vanity Fair.

Profit by Past Errors

The past is gone, and gone forever. You may learn by your mistakes, but do not be guilty of the sin of constantly worrying over them. Turn your face toward the future. Give your mistakes and blunders a decent burial in the past, and let the memory of them furnish you with implements of industry by which you may operate the gold mine of future possibilities.—Exchange.

Fowls in Biblical Times

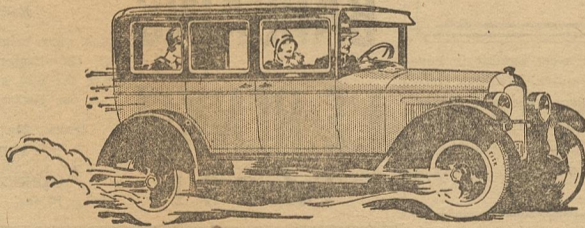

Partridges are noted in the Old Testament. The fatted fowl (1 Kings, 4:23) is interpreted as either goose or duck. Cocks and hens were brought from Persia two or three centuries before Christ. A tomb at Marissa of about 200 B. C. has a good representation of a crowing cock. Sparrows and other "chattering birds" were also used for food.

It doesn't pay to advertise unless you are able to deliver the goods.

Quality Showed in Outward Beauty—Whippet introduced the vogue in light car design for smart, compact bodies with low, fleet lines.

John R. Willys
President,
The Willys-Overland Company

Big 4-wheel Brakes—more braking surface per pound of car weight than any other light car. You can stop from 40 miles an hour within 51 feet.

Rear Gasoline Tank—for utmost safety—with vacuum fuel feed. This costs more to build, but is much safer.

Increased Speed—Whippet superiority is also expressed in greater—and safer—speed; 55 to 60 miles per hour, and many owners say 65.

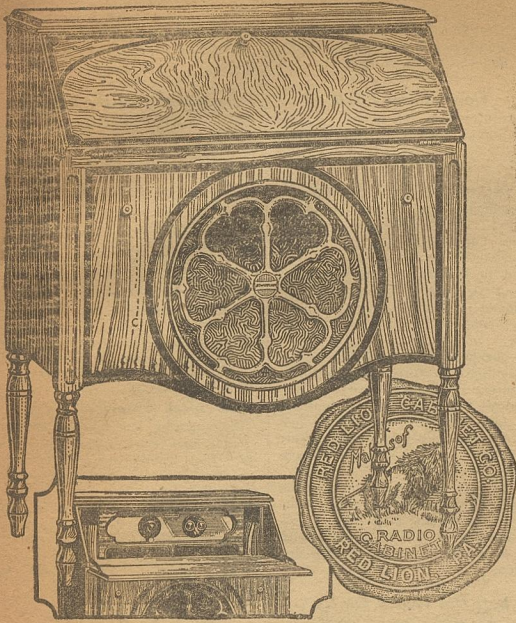

Greater Gasoline Economy—Whippet holds the A. A. A. Coast-to-Coast economy record of 43.28 miles per gallon.

Other Important Features—164 inches of springs, full force feed lubrication, faster acceleration, silent timing chain, longer leg room, adjustable steering wheel, lower center of gravity, single plate clutch, longer connecting rods, banjo-type rear axle housing with removable shaft, are among the many quality car features of the Whippet.

THE WHIPPET NOW READY FOR IMMEDIATE DELIVERY

WILLYS-OVERLAND, INC.

Cross Plains, Texas

SYLVESTER BANK IS ROBBED OF \$3,000

The First National Bank of Sylvester, was robbed of \$2,500 or \$3,000 last Tuesday, by two unmasked men. Officers pursued them, but they escaped.

THANK YOU

I wish to thank those who were so thoughtful and kind to remove my furniture and clothing from the Glen Adams home, which was destroyed by fire, last week. I am very grateful.
Mrs. Minnie Pinney.

MRS. A. J. CRABB ENTERTAINED

Mrs. A. J. Crabb entertained last Saturday afternoon with bridge. A dainty refreshment plate was passed to the following: Mrs. Gwin, Westerman, Wilkerson Haggard, Young, Aunty, Scott, Williams, Clark, McNeil, Weller, H. Smith, Bryant and Cutbirth.

SURPRISE SHOWER

The Mother's Self Culture Club sponsored a shower given Mrs. Glen Adams, Tuesday afternoon, at the Baptist church. A large crowd was present. Mrs. Adams recently lost most of her household effects in a fire which destroyed their home.

CARD OF THANKS

We wish to thank and extend our appreciation to the Fire Boys and to all who so willingly gave their assistance in rescuing and saving things from the fire which destroyed our home. And to the many friends, and to all the ladies who participated in the shower of gifts, we extend sincere thanks and our deepest gratitude.
Mr. and Mrs. Glen C. Adams.

Miss Hilda Phillips of Wichita, Kansas, is visiting her sister, Mrs. O. M. Hunter.

Mr. and Mrs. Guy Hester made a trip to Baird Friday.

Ike Kendrick and Geo. Scott had business in Pioneer last Saturday.

Mr. Jack Aiken was called to the bedside of a sick brother in Lamesa this week.

Uncle Bill Neeb made a trip to Abilene Saturday.

Mr. Carroll of Trent was a visitor here Monday.

FOR SALE OR TRADE—No. 5 Underwood typewriter and American adding machine. Both new. What have you got?—D. O. Gautney.

FOR SALE—My farm north east of town, would take some trade.—Ben Pierce.

42-CLUB ENTERTAINED

The forty-two club was charmingly entertained by Mrs. C. N. Mitchell and Miss Girlie Lewis at the home of Miss Lewis. Music was furnished while the guests gathered.

Because of the absence of many of the players there were only four tables of forty-two.

Delicious refreshments consisting of fruit salad, sandwiches, olives, potato chips, cake and coffee, were served to the club members and the following visitors: Mr. and Mrs. Frank King, Mr. and Mrs. Clayton Powell, Mr. and Mrs. Jack Lynn and Messrs. E. D. Priest and Jimmie Crow.

Mr. and Mrs. John Bryant visited in Eastland Sunday.

A. C. Dodson was a Dallas visitor Sunday.

J-O-Y CLASS MEETS

Monday night the J-O-Y Sunday school class met at the home of their teacher, Mrs. Geo. B. Scott for a social and the re-organization of the class. In the business meeting the following officers were elected:

President, Mary Parker; 1st vice-president, Jack Hickey; 2nd vice-president, Lexie Mae Williams; secretary, Pauline Miller; treasurer, Miss Tatum; reporter, Gyrlee Lewis.

After the business meeting the group was entertained by games, and other sources of amusement.

Mrs. Bill Boyd and children of McCamey are visiting relatives here this week.

Mr. and Mrs. Hunter and mother of Eastland are visiting their brother and son, O. M. Hunter.

LIBERTY THEATRE
