A Good Plan

A good plan for dealing with suspected racketeers who telephone or call on you is to ask them to outline their proposition in a letter and mail it to you.

This procedure is followed by a public utility which is a target for all the easy-money boys in its community. It has reduced its contributions to ill-fated ventures about three-fourths.

The time consumed in writing a letter gives the donor an opportunity to think and investigate. Most propositions lose their appeal when reduced to written words. Most important of all, however, is the fact that the United States Postoffice is an efficient sleuth and prosecutor when its attention is called to a letter that smells of fraud. The crooks know this and therefore avoid the mails.

This Might Work

A resident of Cleveland, two days after he had finished a drive by automobile from Cincinnati to Cleveland received a note informing him that he had "rushed" a traffic light in Dayton. The details of the traffic violation were correctly stated, the incident having been observed by a member of Dayton's traffic vigilance committee.

The letter continued: "Dayton's accident record for 1934 is something that every motor car driver should be heartily ashamed of. The civil-minded citizens, numbering almost 200, who are members of the Vigilance Committee, are conscientiously, and we hope, tactfully endeavoring to educate the public to the advantages of being careful while driving their cars. We hope that this violation which has been reported, will in no way offend you, but that it will create within you a desire not to kill anybody, nor become involved in a serious accident of any nature."

"Always be on the alert when you are driving. Think and try to cooperate with the Police Department and with the Traffic Commission. It may save your life; it may save the life of one of your children, and we hope that you will try to think that our work is worth the while."

The letter impressed the man who received it, and the friends to whom he showed it. Reckless and careless driving, however, can't be stopped by notices unsupported by strong public opinion. All of us must cooperate in this movement to make the high-ways safe.

Pretty Good Country

True story: A member of President Roosevelt's cabinet was having his face shaved and the barber, knowing his identity, said his relatives in Italy wanted to enter the United States, he would like to have his help in getting permission for his relatives in Italy to enter the United States.

He said there were a dozen who wanted to come, but that the quota was an insurmountable obstacle.

"I think I can fix it," parried the Secretary. "You know lots of Italians here in Washington who are proud of Mussolini and Italy and who are unemployed and disgruntled with conditions here. They are probably eager to get back to Italy. You arrange for them get back and I will see that proper papers are issued so that your relatives can take their places."

"Oh, but they wouldn't go back to Italy, exclaimed the barber.

"Why not?" asked the Secretary. "You don't understand," said the barber. "They may complain, but they know that this is the best country in the world. People in Italy know it, too. A fourth of the population would move here if you would let them in."

This may be true of other nationalities in Europe also.

Opinions of Others

Who Owes You A Living?

Millions of people are being educated in our country today to believe that someone owes them a living. The laws of nature do not seem to recognize this doctrine.

Just go out into primitive country and see who owes you a living—you will soon find that your existence depends on your ingenuity and initiative.

Governments were organized to go nature one better and make it a little easier to live and to take care of the helpless whom nature would otherwise unceremoniously remove.

But today millions of perfectly healthy, able-bodied people are being taught to loaf at the expense of the savings of others, instead of to rustle for themselves.

Such a system can endure only so long as there are stored-up savings to confiscate, then the inexorable laws of nature will prevail.

An epidemic of pests completely devours a tree or a field of grain, and then the pests die. Nature does not owe them a living.

The same thing can happen to governments and to human beings who make the governments—if they eat up their capital to maintain idleness, they will eventually find that nature refuses to hear their demands that "someone owes them a living."

This may not be a pleasant-sounding philosophy, but it is a fact which honey-coated political cure-alls try to hide.—Kerrville Mountain Times.

Slightly Disgusting

There seems to be a bit of friction between the governor and the legislature which bodies no good for the public weal.

After dawdling along for 30 days of the first special session without much more than scratching the surface of its problems, the legislature adjourned last Tuesday midnight. The governor called a new session to start next morning, and when it convened he appeared before the legislators, pointed out the need for prompt action, and urged them to get down to work.

As an answer to this, house and senate adjourned almost immediately. Thursday morning neither house had a quorum. Friday morning no quorum was present, although the house remained in session 45 minutes for informal discussion of old age pensions. The senate met and adjourned within two minutes—not to reconvene until next Monday.

That is one way to put the governor in his place—or so the legislators seem to think. But probably the lawmakers' resentment goes deeper than that. The real reason might have been the quick calling of the second special session. If the governor had allowed a week or

ten days, the members could have gone home at the expense of the taxpayers. The quick call shut off mileage. The house passed a salary bill the first day, but the senate failed to do so. The fact that they were in Austin temporarily without pay probably did not increase the law-makers' esteem for the governor.

All of this, of course, is very distressing and slightly more than disgusting. The people have a right to expect better cooperation than has been shown.

**THE NEW FORD V-8 FOR 1936**

Why do we say The New Ford V-8 for 1936?

What is new about it?

Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but, after all, it is the engine you buy when you buy a car. Hence we put the engine first.

Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery—always of sterling quality and excellent taste—is rich and enduring. The appointments of the car have a new touch of refinement. There

is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made—Steering is made easier by a new steering gear ratio. The cooling system circulates 5½ gallons of water through a new, larger radiator. Natural thermosiphon action is assisted by two centrifugal water pumps. New style hood louvres permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford gears—The gear shift lever now travels a shorter distance.

The two qualities you want in brakes—Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety—as always—in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the

driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8—driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8—the finest, safest, most dependable Ford car ever built. Now on display by Ford dealers.

# Coach Gingrich's Moran Bulldogs Will Invade City Friday

## KICK-OFF SET FOR 3 O'CLOCK; GOOD GAME IS EXPECTED

Cross Plains high school Buffaloes will entertain the Moran Bulldogs here Friday afternoon in the herd's third home game of the current season. Kick-off for the maneuver is scheduled at three o'clock.

Despite pessimistic reports from Coach Jack Gingrich, the Bulldogs who are at present tied for the leadership of the weak half of district 17-B, are expected to wage Coach Claude Daniel's charges a bitter battle.

Gingrich, who because of his pessimism is known as the Shopenhour of this district, informed the Review in a communication Tuesday that Brewster, 197 pound full back will be out of the Cross Plains game as a result of a fractured arm sustained in the Woodson game. He also laments the fact Snyder, regular quarter, will be missing due to a broken arm received in the fracas with Clyde. Pennell, ace of the Moran backfield, is also reported to be ailing. Townsend, only other starting back for the Bulldogs, was kicked from the squad last week for breaking training.

"That means our backfield will be a 'jumped up affair', with little threat", Gingrich reports.

The Moran linesmen are apparently infested with a plague of carbunkles, for Gingrich states, "Weber, regular center, Brooks and Chaney, regular guards, Hess, regular end, and Eddleman, best blocking back, all have carbunkles and carry their arms in slings. It is doubtful if any of these will be ready for the game.

Gingrich further relates. "Three others are ineligible because of grades. Really the ball game shouldn't amount to much as we play May the week after Cross Plains and I want to save all available strength for them. As you know both May and Moran are undefeated and this game will probably be the only stumbling block in May's way. We have others as we have played only Woodson and Colony. Clyde beat us six to nothing, Desdemonia 33 to nothing. This is probably the saddest letter I've ever written and happens to be very true."

To the sports scribes who have heard Gingrich's lamentations in the past the above is not alarming. Despite the crippled aspect of his squad, he will no doubt have a charging, hustling, proficient eleven on the field when the opening whistle sounds.

Say You Saw It In The Review.

## Results Of Other Teams In This District

### MAY TIGERS WIN 39 TO 0 FROM COLONY

Coach Weldon Chambers' May high school Tigers had easy sailing Friday afternoon in overwhelming Colony 39 to nothing. The victory left May with 1,000 percentage; tied with Moran for the leadership of the weaker half of the district.

May's touchdowns were made by; McDaniel, two; McBride, two; Robason, one; Brown, one. Holt, McDaniel and McBride accounted for one each of the extra points after touchdowns.

McDaniel made his two trips into pay dirt on running plays. McBride got his touchdown tickets after accepting heaves from McDaniel. Brown scored on a blocked punt and Robason on an intercepted pass.

McBride and McDaniel were the outstanding backs for the victors, while the Colony, full starred. May's forward wall presented a stiff defense and charged hard on the offensive throughout the contest.

First downs were, May 12, Colony three. May was penalized 30 yards to none for Colony.

### FORMER GRIDDER FROM THIS DISTRICT GOING GOOD IN "BIG TIME"

Reports from the Southwestern football conference declare that Judson Atchison, former athlete from this district having played four years with Baird, is rated as one of the state's fastest backs. His passing ability has also brought wide praise from the Longhorn publicity quarters.

Atchison will be remembered in Cross Plains as the hard running, pass statching back who almost disrupted the bi-district championship Buffaloes here in 1933.

### BAIRD BEARS PILE UP 26 TO 6 WIN FRIDAY

Led by Bill and Bob Austin and Bernie Bryant, a hard running Baird high school football team defeated Woodson Friday afternoon 26 to six. The contest was a non-conference clash.

Baird's next game will be with Rising Star Friday afternoon.

## Buffaloes Fall Before Strong Albany Football Team 23 to 0 Friday Night

Albany high school continued its drive for the district 17B title Friday night with an unexpectedly decisive victory over the Cross Plains Buffaloes, 23 to 0. It was the Lions' third win in conference play and left them needing but one more win to clinch their half the district.

Albany scored two or three minutes after the game began, following a Cross Plains fumble. Mitchell on a double reverse went over untouched from the 25 yard line. Cauble failed to kick the point.

Later in the first period, Taylor, Albany fullback, raced 40 yards, being pulled down from behind on the Buffalo 18 yard line. Mitchell broke through on a weak side thrust for 17 yards, and Cauble plunged the last yard and booted the point.

Starting an eventful second quarter Mitchell raced 40 yards for the third Lion touchdown, and Cauble again converted. J. T. Cross, star of the Buffalo attack, unreeling a 25 yard run, but interception of a pass ended that threat. Cauble tossed to Mitchell for a 40 yard gain by Albany. Cross Plains' defense held, the Buffaloes took the ball in their own territory and ground out six first downs before losing the ball on downs at the Albany 20.

A 35 yard aerial gain, Cauble to Childers, in the third quarter put the ball on the 25 yard line, in the vicinity of which Cauble booted a field goal.

The teams fought on even terms through the last period.

At least 100 local fans made the jaunt to Albany to see the game.

## GRAND CAPITAL PRIZE

### THE PLAN Is Brief

The object of the distribution is two-fold; primarily to increase the already large subscription list of The Cross Plains Review, and at the same time afford our friends and readers an unparalleled opportunity to profit and in a big way, through their spare time during the next few weeks. So it is a plan that works both ways, and to the ultimate benefit of all concerned.

In order to gain this end quickly and advantageously, the most valuable and attractive list of prizes ever offered by a newspaper in this section of the country has been made ready for distribution among those who participate most heartily.

Ambition and energy are the only requisites necessary for success. The plan adopted is the fairest and most impartial conceivable. There will be no 'double vote' offers, extra votes given or any other vote inducement whatsoever other than those outlined here, inaugurated during this competition. Neither will there be any long term subscription accepted. Neither will we allow anyone to spend money to win. Have this explained to you. The plan of the campaign is straight forward and simple and is fully outlined in this announcement.

Let it be understood at the very out-set that this is not a "beauty" nor "popularity" contest, but a strictly legitimate competitive proposition for enterprising men and women, and boys and girls, and one in which no element of chance enters. One feature of this competition is the fact that there will be no losers in this race.

### How To Enter The Election

The first step in order to become a candidate and compete for a prize is to clip the nominating coupon fill in your name and address and mail or deliver to the Campaign Department of The Cross Plains Review. This coupon entitles you or the person whom you might nominate to 10,000 FREE votes. These votes are given you as a starter, and speeds you on your way to win. Only one such nomination will be accepted for each candidate entered.

22—Two hundred thousand extra votes will be awarded each candidate with every four one-year subscriptions or the equivalent turned in during their first week in the campaign. These are in addition and above all regular votes.

### Campaign Short & Snappy

The campaign is a very short one and under no circumstances will it be extended beyond the date advertised. At the end a committee of judges will count and tabulate totals and those who poll the greatest number of votes will whisk away in their own beautiful motor car. All others will receive cash in proportion to their vote totals, as explained in the advertising announcement.

#### WORK IN SPARE TIME

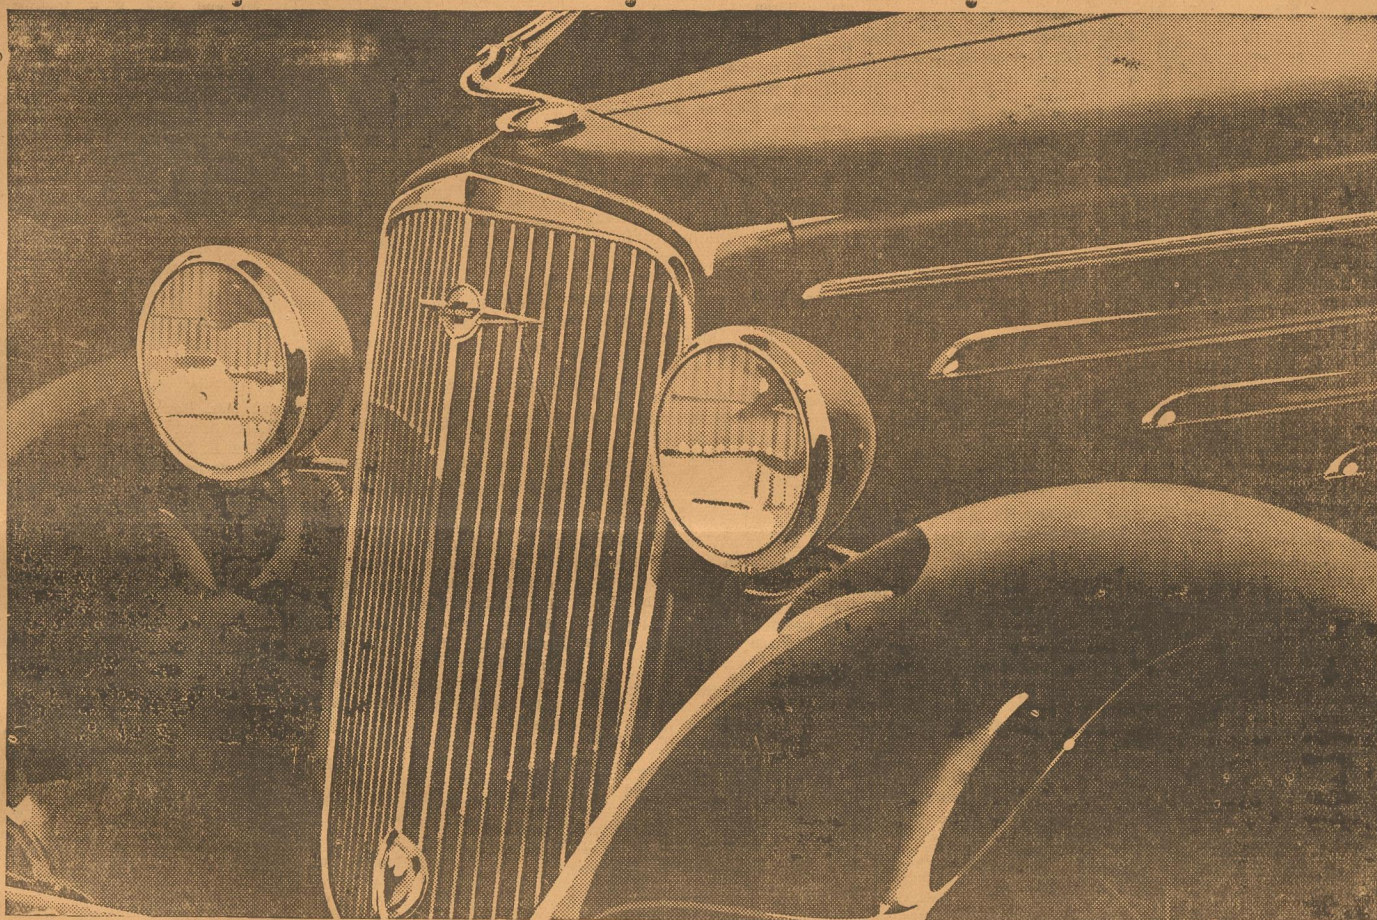

Very little is required of you to win. You have the time, plenty of it. An hour a day spent among your friends and neighbors for The Cross Plains Review is sufficient to win the biggest gift in the list.

You have the time. Really, your spare time—a few minutes at noon, a few minutes in the evening, is worth more to you these next few weeks than any whole time employment you imagine. Yet it is but a side issue—a spare time proposition. Nothing more. There is no sentiment about it. To earn money honorably is desirable. The money and the fine, speedy motor cars are now provided. It is here for you.

**YOU CANNOT LOSE**  
 You cannot lose. You are paid for every minute of your time. Every active non-gift winner is given an absolute guarantee that he or she will be paid for his or her time. Ten per cent of all business you produce is yours if you fail to land one of the big gifts. That in itself is a good business proposition. We all have a few spare minutes after work that we can turn into cash.

There is one thing, though, that is certain. There is absolutely no way you can secure one of these gifts—either cars or cash—except by votes. Votes secured through subscriptions to The Cross Plains Review.

**Rule 7—Rules and Regulations**  
 Votes cannot be purchased. Every cent accepted through the campaign department must be represented by subscriptions. All subscriptions subject to our check and any candidates found putting up their own money for subscriptions other than their own subscription, or turning in any subscriptions that are not bona-fide and paid in full by the subscribers themselves, will be disqualified.

Price of the 1936 model Chevrolet is not yet available, this figure is based by the Review upon the selling price of the 1935 model.

Purchased from Anderson Chevrolet Company, Chevrolet Sales and Service, and will be on display in their show rooms.

One beautiful closed sedan, fully equipped, to be given away by The Cross Plains Review in the "Everybody Wins Something" Distribution. It costs you nothing NOW or EVER! Call at the Office of The Review for a thorough explanation.

### HERE ARE THE PRIZES

SECOND PRIZE .....\$100.00  
 THIRD PRIZE .....\$50.00  
 10 per cent cash commission to all non-prize winners.

### \$1209.10 IN COMMISSIONS

A special fund of not more than \$1,200.10 in cash will be set aside to be distributed in the form of salaries among live non-prize winners on 10 per cent basis. Any candidate who remains active throughout the campaign, making regular weekly cash reports, but who fails to win one of the big prizes offered, will participate in this commission feature. Think of it. Ten per cent of every subscription you collect goes into your own pocket, if you fail to win a prize. This arrangement assures compensation to all candidates and means that there will be no losers in this race—everybody gets something. For further information call, telephone or write Campaign Department, The Cross Plains Review Office open, evenings to 7 o'clock.
