KIDNAP MONEY FOUND AT COLEMAN

HOME TOWN GOSSIP

Political dopeters are mentioning R. Ely, highway commissioner and former citizen of Cross Plains, as possible gubernatorial candidate for next Summer's election. Tom Hunter, of Wichita Falls, is also considered an avowed candidate. Then, Coke Stevenson, Speaker of the House of Representatives; Edgar Witt, Lieutenant Governor and Jimmie Allred, Attorney General, are said to be casting envious eyes at the governor's mansion.

As for Jim Ferguson, he can by no means be counted out. No political genie is complete without 'Farmer Jim' and in all probability he will endeavor to straighten out his citizenship difficulties in order to place his name on the ticket, since his wife will have completed her second term.

All of this advance dope on politics goes to remind us that no one should fail to renew their Review subscription during the bargain days and be ready to keep in touch with the approaching campaigns.

Now that 'Machine Gun' Kelly has been captured, Stanley Clark can wait on his gasoline customers after dark with more enthusiasm. Last week a big black coupe, carrying a man of Kelly's description and a woman drove in at his station shortly before closing time.

In the man's lap was a fiddle case. Fat took one look at the gent and knew that he was no musician. For the first time in history Fat allowed a car to leave without suggesting that he test the oil, battery or tires.

Each Fall the newspaper big shots look back over the year and pick out what they consider the 10 biggest stories to break into print—some what in the same fashion as sport scribes pick all conference teams and etc.

This week we make an attempt to scoop the top notchers, who assemble the headlines. The big news stories for 1933 in the order of their importance that have happened to date, are in this scribbler's opinion as follows: Roosevelt's inauguration, Urshel kidnap case and trial, the world's fair, national repeal vote, the N. R. A., Zangara's attempt to assassinate Roosevelt, Cuban revolt, tropical storms in the South, federal government's drive on crime and the Kansas City massacre.

Willis Brown's ability as a fisherman had gone undisputed until Wednesday afternoon, when he became so upset over the landing of a four pound bass. A bit of checking up on his record as a nimrod reveals this to be his first sizeable catch of the season.

We have Babe Wood's word of verification to the above and certainly further proof is unnecessary.

Friday afternoon the Cross Plains high school Buffaloes meet Clyde. This column predicts the herd to upset the 'Bulldogs' by at least two touchdowns. Our official guess on the game is Cross Plains 13, Clyde nil.

Other forecasts for the week and football calendar follow.

BURKETT OIL WORKERS KILLED SATURDAY ON BAYOU, SOUTH HERE

After having slain C. E. McGriff, Brown county oil worker, on the Bayou near Cross Cut Saturday night, A. M. Phillips drove to the home of his estranged wife at Brady, where he aroused the family at two thirty Sunday morning and announced he was 'going to finish the job'.

"I killed McGriff and left his body in the car a few miles out of Brady (on the Brownwood highway) and now I'm going to finish up with my wife, daughter and myself", Phillips is quoted as having said. His 12 year old daughter began to cry and plead with her father causing him to reconsider.

"No, I'll leave you two; take care of the children", he said and walked through the back door of the house firing a pistol bullet through his left lung barely missing his heart. He was carried to a Brady hospital and is not expected to recover.

A check up with Wiley Newton, deputy sheriff at Burkett, revealed that Phillips was at that place Friday night and that he and McGriff talked for quite a while on the streets of Burkett. Both appeared to be in a congenial mood.

Earlier Friday, however, Phillips was in Cross Cut and attempted to get a pistol. He also made inquiries regarding a weapon at Burkett Saturday. He did not state his reason for needing a gun.

McGriff left Burkett late Saturday afternoon announcing that he was going to camp on the Bayou that night and hunt squirrels the following day. Phillips was also in Burkett late Saturday afternoon.

Officers believe that Phillips went to the Bayou and located McGriff about nine thirty that night. McGriff was killed by the charge of a 20 gauge shot gun from close distance.

Phillips rolled the victim in a quilt and drove through Brownwood to Brady, in McGriff's car, stopping just this side of the Brady city limits. He abandoned the car and began walking down the highway. About two o'clock he met a road sprinkler and was given a ride into town.

He went immediately to the house, where his wife and daughter were staying.

A young son of Mr. and Mrs. Phillips is with relatives in Burkett and is seriously ill with typhoid fever. Doctors regard the child's condition as serious.

Funeral arrangements for McGriff were held held at Brady and interment was made in the city cemetery at that place.

DR. L. M. BOND MADE CALLAHAN CHAIRMAN

Announcement was received here yesterday by Dr. L. M. Bond that he had been appointed chairman of Callahan County for the Texas Ophthalmic Extension program. Dr. Arch Harbour, Coleman, has been appointed district chairman.

The extension program will endeavor to familiarize eye specialists with recent developments in the science of treating eyes. It will also envelop a complete educational program for optometrists over the entire state.

Dr. Bond has been a member of the state association more than 20 years and is well versed in the campaign that is mapped out for the extension work. The body will meet October 10, at San Angelo in a regular monthly meeting.

More Ransom Money Found At Coleman Thursday Morning

Late news dispatches from Coleman Thursday at noon were to the effect that another portion of the Urshel ransom money had been located at Coleman. While the Review's information at this late hour is incomplete it was understood that the recent find included approximately \$6,000.

Another man was also arrested in connection with the case.

25 FARMERS RECEIVE COTTON CHECKS HERE SATURDAY AFTERNOON

Cross Plains had a good old fashioned pay day Saturday afternoon, when more than 25 farmers received cotton checks totalling more than \$2,000, for their part in the federal plow up program. County Agent Ross B. Jenkins delivered the drafts here in person and established an improved 'paying counter' on North Main Street, where he handed out the dough.

Not all farmers who had checks in the batch were present and consequently they were not delivered at that time, since the person to whom the draft is made payable must receive it and sign receipts. Among the large number, which had checks were: W. J. Carpenter, Richard Mitchell, C. V. Aiken, S. R. Morris, Thomas Duncan, J. O. Martin, Loyd Montgomery, Alfred Franke, W. J. Stacy, Hugh McDermitt, Fred Stacy, Tom Bruce, Ed. Henderson, C. D. Westerman, Jim Brown, J. R. Johnson, W. L. Renfro, Tom Peterson, Sam Swafford, Henry Williams, R. L. Penny, A. G. Merryman, J. W. Jordan, Flem Johnson, Elbert Pierce, Russell Dennis, Weldon McDowell, Sam Porter and others, whose names the Review was unable to learn.

BUFFALOES TO PLAY CLYDE THERE TODAY

Cross Plains high school 'Buffaloes' meet Clyde 'Bulldogs' in the first conference game of the year for both teams there Friday afternoon. The kick-off is set for three thirty.

Last week the local club lost seven to nothing to DeLeon, bi-district champion last year.

Dryden Astounds World's Fair Crowds, A Third Of Mile In Air

Chicago, Sept. 20—While Paddy the monk sulked at solitary confinement again Tuesday, a stunt man stole the show from him.

Paddy slipped away from keepers Sunday and thrilled world's fair crowds by simian gymnastics on the girders and cables of the sky ride—tallest structure West of New York. He was captured finally and padlocked in his cage.

The stunt man, Bunny Dryden, who is well known in Cross Plains having displayed his antics on the high wire here last Summer, for weeks had been trying to get permission to do the same thing, all to no avail.

So Tuesday Bunny decided no simian was going to make a monkey out of him. Visitors suddenly were a-sles 600 feet up on the sky ride tounded to see a man slip out on cables.

'UNCLE BILL' NEEB PIONEER CITIZEN, IS LAID TO FINAL REST

W. M. (Uncle Bill) Neeb, 79, was laid to rest in the Dressy cemetery Monday afternoon. Funeral services were conducted from the Baptist tabernacle here, with Rev. Dewitt Van Pelt, Methodist pastor at Dressy, officiating. He was assisted by Rev. S. P. Collins, local minister.

'Uncle Bill', as he was known to practically all residents of Cross Plains, expired at his home here shortly after midnight Sunday. Death resulted from pneumonia and complications with which he had been quite ill several days.

W. M. Neeb was born at Austin, Texas, July 30, 1854. He was united in marriage to Miss Nanie Sims at New Braunfels in 1875. The couple moved to Cross Plains in 1886 and have resided here the remaining 47 years.

'Uncle Bill' was a charter member of the Dressy Methodist Church, which was established in the early nineties.

Surviving are his wife, six sons, two daughters, 23 grand-children and four great grand-children.

Honorary pall bearers at the funeral Monday afternoon were lifelong friends and neighbors of the deceased man. They were: Noah Johnson, W. T. Wilson, J. T. Freeman, W. M. Franke, P. Smith, Phelix Smith, J. W. Westerman, Hue Edington and Ed Henderson. Active pall bearers were: Doyle Neeb, Nig Neeb, Garrett Neeb, W. B. Baum, Pete Neeb and Frank Spencer.

DEER PLAINS SCHOOL OPENS MONDAY MORN

Deer Plains school will open Monday morning, according to an announcement from Raymond Steele, principal, this week. Two teachers, the same as last year, will compose this year's faculty.

Both teachers and students are pointing to a successful term at Deer Plains with a good enrollment assured. Mr. Steele told the Review that due to the fact that rural schools will be required to run eight months to get state aid, they were starting a bit early this year but that he felt that it would not inconvenience anyone since practically all of the cotton had been gathered.

REVIEW PRICE CUT TO \$1.00 DURING THE BARGAIN DAYS

The Review's twenty-fifth annual subscription offer enters into its second week today, with the price of the paper for the next 12 months reduced 33 percent. The rate for the Cross Plains territory is one dollar and anywhere more than 50 miles from Cross Plains \$1.50.

Due to the increase in price of materials, which go into the making of a newspaper it will be necessary to go back to the \$1.50 price for the Cross Plains trade and \$2.00 elsewhere at the close of this Fall's bargain days. With this thought in mind the Review is urging all of its subscribers to renew at once and take advantage of the 33 percent saving.

There are several hundred delinquents on the subscription list, who have been carried for the past two years because of the Review staff felt that the subscribers wanted the paper and that they would pay when conditions allowed. But the time has come when the Review must ask co-operation of its readers by renewing during these bargain days.

No cards are being mailed out. A simple, sincere plea is being set for through the news and advertising columns of the Review and we feel certain that our friends will rally to the cause.

Those who have renewed since last Saturday are: George Lamar, Cross Plains; Lewis Norman, Cross Plains; T. J. Harris, Nimrod; Loran Barr, Austin; A. O. Pethel, route one; George Clifton, route one and Ott Peavy, Cottonwood; Mrs. L. E. Newton, and W. L. Byrd, Cross Cut.

'WHAT ABOUT WORK' IS PIONEER P.T.A TOPIC

'What About Work' was the subject of the program given at the meeting of the Pioneer Parents Teachers Association Tuesday evening.

L. C. Cash discussed the influence of work on a child's character.

Special music was given the mother singers who made their first appearance at that time.

Mrs. Lucille Westerman's room won the picture for the largest attendance of parents present.

Pioneer Parents Teachers Association will meet Tuesday afternoon at the school building. The budget for the year will be presented by the finance committee and plans for the project to be carried out the year will be discussed.

Tom Bearden Arrested At Baird Is Not Tom P Bearden 'Phone Man'

Tom Bearden arrested at his home at Baird Sunday, in connection with the robbery of the Marathon Oil Company at Fort Worth last Spring, is not Tom P. Bearden, manager of the Home Telephone Company here.

The accused man is an oil field worker, who has been employed near Baird recently, but has never made that place his home.

Tom P. Bearden, who has resided at Baird more than 20 years and is manager of a number of Texas telephone exchanges, has had explanations running in a Fort Worth newspaper the past week.

Perhaps the second most important development in the famous Urshel kidnaping case, for which defendants are on trial now in Oklahoma City, happened less than 50 miles from Cross Plains early Wednesday, when federal agents located \$73,250 buried in two containers on a farm in Coleman county.

The money was uncovered on the place of Cass Coleman, uncle of Kathryn Kelly wife of the machine gun bravo. Coleman admitted helping Kelly bury the money and stated that the will o' wisp bandit and his wife had visited his family twice, since the famous raid on the Shannon farm, at Paradise, Texas, August 12.

Coleman and Will Casey, a farmer residing 14 miles East of Coleman and charged with giving refuge to Machine Gun Kelly, were charged in federal court, at Abilene, yesterday, with conspiracy and obstruction of justice.

Scarcely less sensational was the recovery, Wednesday, of a 1931 Ford pick up truck—the vehicle which Kelly's wife and 11 year old Geraldine Arnold toured Texas in the ruse of vegetable peddlers. Officers have refused to state on whose farm the truck was found but intimated that it was near Coleman.

Due to the fact that main thorough-fares were closely guarded, George (Machine Gun) Kelly is expected to have passed through Cross Plains at least twice since Charles E. Urshel, wealthy Oklahoman, was kidnaped from his palatial mansion. In getting to Coleman where he had contacts, Kelly is believed to have passed through here once about August 15 and once sometime later. His wife accompanied him on the later journey, is the assumption.

Coleman, who had been in custody since Monday morning, finally 'kicked in' with the information the officers were pressing him for; to-wit, that a large sum of the Urshel ransom was buried on his farm. He offered to go to the spot at once, but Sheriff Mills decided to await for arrival of federal agents, who were immediately summoned, by one of their colleagues, Charles Winstead, who had been working with Mills and deputies for several days.

The federal agents, reached Coleman at 11 Tuesday night and pushed on to Cass Coleman's farm where Coleman was being closely guarded by Sheriff Mills and deputies, and Winstead.

A few minutes before midnight the party left the farm house, wending a way eastward, across a hundred-acre cotton patch, to an abandoned well, located in the center of the patch. Ten feet from the well are a clump of four small willow trees growing close together. The place is a landmark—a standout.

Coleman stepped off three yards from the willow tree. "You'll find the thermos jug down there," he said, pointing at his feet. He stepped four yards from the well. "The syrup bucket is down there," he announced.

Digging out the treasure was a matter of only a few minutes. Both jug and bucket were found tightly packed with currency. The money was in \$20 bills, except for one ten-dollar note, and was in packages of \$2,000 each. Federal operatives carefully checked each bill against the serial numbers in their possession. They announced that all but the ten-spot was Urshel money.

Mr. and Mrs. W. R. Love and Mrs. Fred Cutbirth were in Brownwood Monday.

EDITOR NORRIS CHAMBER

THE TIGER

THREE RAHS FOR C. C. H. S.

1933-34 PUBLISHED BY THE STUDENTS OF CROSS CUT HIGH VOL. ONE

Definite Objectives Set By "The Tiger"

School Activities Are Underway

Lessons Are Started Earlier Than Usual

EDITORIAL LOYALTY

By Norris Chambers This is the first attempt this school has made toward maintaining a school paper, or publication. Schools around us have brought out papers for the last few years, and now we are trying our hand—but we shall not be satisfied if we have a paper just as good as the others, we want a better one. We intend to make a better one. Are you patrons behind us?? You must be if we are to succeed.

There is only one way in which a school maneuver can be made a great success and that is by arousing the interest of not only the school, but the entire community. If the community is not interested, then the enterprise will be a failure. But we believe this community is interested—we believe they will be behind us always—That is the only way, remember, to make our paper a grand success.

The Gossipers Oracle

Editor's Note: The Gossiper's Oracle will appear in The Tiger each week. As this is the school's first attempt, and as they had but two days to get this, excuse any faults you may find. We assure you that a better paper will appear henceforth.

By Clifton Chambers

The Cross Cut High School started off with a boom! Everyone came to school with a smile on his face, and the busses started off in high.

When the bell began to ring, the smiles began to melt—everyone looked serious and sober during the chapel program, during which all of the teachers were introduced and persuaded to make a long speech. Mr. Newton's speech was so long that everyone got tired before he finished, but they seemed to like it. The rest of the teachers made long speeches.

Brother Mauldin made a good talk in chapel, and everyone enjoyed it.

We understand that all of the old sweethearts are united again, and business is expected to start any day. If we had all of the paper that is wasted each year on these love notes, we would never have to buy anymore.

And this is the first attempt to write gossip of any kind. You know we shall be thrilled to see our work in print, and next week we intend to give you some better gossip and news.

So now we use those new Spanish terms so heavily stressed by Supt. Hughes, adios and buenos dias!

This year we are wasting no time getting started with our studies. All lessons began Tuesday, which was really as soon as they could, for the books were handed out Monday, and we had no time to study for lessons that day. But you may take it from one who is studying, we are having them now.

We believe that this is a sign that this school year is going to be the most successful we have had. Usually we play around for a week or two before we get down to business.

Many benefits are derived from starting our lessons so soon. This year we shall be well underway by the time we started during the years gone by.

Miss Leewright is teaching us English, Mr. Hughes, Spanish, and Mr. Newton Mathematics.

BETTER PAPER NEXT WEEK

We didn't have but two days to get out this edition, and we intend to make a better one next week, for we shall have the whole week to work in. The staff has not been fully organized yet, so we few cannot hope to do as good as the whole combined High and Grammar School.

Our paper's reputation rests its readers. Without many subscribers we cannot make a good paper.

Note Of Thanks

We might point out right here in the beginning that we are greatly indebted to the editor of the Cross Plains Review for the space so generously donated to this school. He has made this paper possible, and now it is up to the students and the patrons of this community to bear its standard high.

NEW SYSTEM IS ADOPTED IN TEACHING OF ENGLISH

Miss Leewright, the English teacher, has introduced a new system of teaching in this school. Her system deals with assigning lessons from a month to six weeks in advance. Then if there is a ball game and a student has an opportunity to get out of studying by saying he didn't know where the lesson was, she can say, "don't try that one, you have all of the assignments."

This system also gives the student an opportunity to work up his lessons and themes in advance, and thus save much labor when there is something else to be done.

Plans Are Laid For A Successful Year

This small paper is being brought into existence to establish a closer communion between the patrons of this community and the teachers and the students of the school. It is our purpose to have a place for both nonsense and dignified discourse, contrary to the policy of most school papers.

We plan to bring out our publication every week, and have in it each time something worthwhile and interesting to the people of other communities as well as this one. Although it is mainly the policy of the establishment to publish school news, we intend to find room for community happenings. The staff will be announced next week, and we would appreciate it very much if you would tip off the reporters occasionally. No matter how good a reporter is, he cannot find out everything that happens, even in a small community. But you can help—write us an article and we shall be glad to print it.

Judging from the way work was begun this year, we can successfully say that this is going to be one of the most prosperous and enlightening school years that this little town has known for many a year. One, if he were present Monday at the opening exercises, could catch the harmonious vibrations between pupil, teacher, and patron. There is no doubt but what this year is the beginning of the rise of prosperity, and the end of the reign of depression.

At times it may seem as if we are sleeping on the job—our paper may be small and uninteresting. But if this comes to pass, stop and think: "Are you doing your part by cooperating with us and taking our paper; are you giving us what news you know? Stop and think; couldn't you do something else? Aren't you sleeping on the job too?"

But let us all keep awake at all times. You may be assured that we shall keep on the job as long as the public is with us—and we believe that shall be eternally!

Plane Geometry Or Will You Have Arsenic?

Plane Geometry started off the second day with a page of axioms to memorize. If this is not starting off with a bang what is it. But good results were obtained there on the first, and if the things must be memorized sometime, why not at the beginning.

Mr. Newton is apparently a good geometry teacher. All of his students like him, and he seems to like them, however it is doubtful, for a page of memory work is the limit. But we're with Mr. Newton! —Junior Reporter

Mary Massa Honored In Birthday Surprise

Miss Mary Massa was honored with a birthday picnic supper at the Phillips Co country club Tuesday evening, when friends so efficiently arranged things that the event was a complete surprise to the honoree.

Mr. and Mrs. Bill Lowe and Miss Massa were completing a round of golf, when they were called to the lawn tables by a group of friends. In the center of a large table abundant with food was a birthday cake, bearing lighted candles. Miss Massa was asked to cut it. In so doing, a beautiful wrist watch was discovered in the decorations; a gift from the group.

Among those present were: Mrs. Fred Cutbirth, Mr. and Mrs. Bill Lowe, Mr. and Mrs. Ben Garner, Mr. and Mrs. Nat Williams, Dr. and Mrs. J. H. McGowen, Mr. and Mrs. T. S. Holden and Mr. and Mrs. C. I. Powell.

PIONEER

By Wayne Middleton

The Pioneer football team is rounding into good shape and all the boys are taking a great interest in their opening conference game with Caddo Friday the 29th.

The probable starting line up for Pioneer in the Pioneer-Caddo game is:

Left end—Red Aldridge; Left tackle—T. Gibbard; Left Guard—Billy Barton; Center—Howard Harris; Right end—J. T. Hammett or H. Sheehan. Fullback—Bill Sheehan; Right Half—Foster Cash; Left Half—Dub Stone or Page Rockett; Qt. Back—Hardy Harris.

The Pioneer high school is remodeling their library and is greatly improving it by adding many new books.

Eight librarians were appointed to take care of the library books.

Several Pioneer football fans attended the T.C.U.—Daniel Baker football game Friday night at Brownwood including coach Snodgrass and several of the football boys.

With the addition of several new students the Pioneer High School is enlarging the study hall for seating capacity.

Walter Lasly has gone to South Bend to work for the Phillips Petroleum Co.

DRESSY

By Helen Johnson

There was a sadness in our community when God saw fit to call from our midst Uncle Bill Neeb whom had been a resident for so long. He was a charter member of the Methodist Church at this place, and has a number of loved ones and a host of friends to suffer his going away.

Little Joe Frank Ferrell visited Wesley Baum of Cross Plains one day last week.

Mrs. W. E. Atlee of Gallup New Mexico is visiting her sister Mrs. C. D. Baird this week.

Our school will begin October 2 with the same efficient teachers as the past year. Mr. C. S. Martin, principal, Mrs. Anna Myrl McGowen intermediate and Mrs. C. S. Martin primary. We expect the same continued good service as they have been with us long enough to be a part of us and we have learned to love them for their teaching ability, and interest in us.

The singing class under the supervision of Mrs. Beakley of Burkett was well attended at the first lesson Friday night at the Methodist church lesson will continue each Friday night.

Rev. Van Pelt filled his regular appointment at Cottonwood Sunday.

Mrs. C. D. Baird, Mrs. F Ferrell and Rev. Van Pelt attended the Missionary zone meeting at Putnam one day last week they were accompanied by Mrs. Caton of Cross Plains and Miss Coppinger of Cottonwood.

B. M. Baum's mother was carried to her daughters home this week end at Denton to stay for a while as she recovers from a continued spell of Erysipilas.

There will be a special at the Methodist Church October 7, everybody invited to come and have a good time the proceeds will go for the benefit of the parsonage.

It's Smart TO BUY TIRES NOW

Now...

is the time to buy tires. Prices may go higher. If they do, it will actually cost you money to use up old tires. And with fall and winter weather and wet and slippery roads just around the corner, it's a good idea to have the protection of safe new tires all around. And remember this—tire wear is slower in winter than it is in summer—the tires you buy now will give you full protection all winter and you will still have good tires for next spring and summer to withstand the ravages of hot summer roads. We carry the complete line of Goodyear Tires—Speedway, Pathfinder and All-Weather. At the price you wish to pay we have a Goodyear Tire. Why not come in today and talk it over?

Goodyear Pathfinder

- 4:40-21 \$5.55
- 4:50-20 \$6.00
- 4:50-21 \$6.30
- 4:75-19 \$6.70
- 30x3 1/2 \$4.95
