The Cross Plains Review

(SERVING THE LARGEST SHALLOW OIL FIELD ON EARTH)

Without offence to friends or foes we sketch Cross Plains exactly as it goes.

VOL. XXII PAGES THIS WEEK CROSS PLAINS, TEXAS, FRIDAY, APRIL 7, 1933 5c PER COPY No. 14

HOME TOWN GOSSIP

Browne Baum, who wandered from the haunts of the old home town several years ago to seek fame and fortune in the city, returned this week with material evidence of his toils. No, he didn't show us his bank roll. He introduced us to a very charming young woman, who is now his wife.

Date for the baseball farce, between Cross Plains married and single men was changed yesterday to Sunday, instead of Monday as previously announced. The game will be played on the local diamond.

This column picks the single boys for victory, despite the rumor that is abroad that the "bill payers" will have several celebrated stars in action.

Once Upon A Times Mrs. Ted Smith had rich, golden hair which reached to her ankles. E. H. Jurgenson was an Army officer for Admiral William A. Moffett, who lost his life in the ill fated Akron Tuesday morning. E. N. Ridgeway was a Doctor and yet holds a M. D. degree. J. M. McMillan refused an offer of \$3,000 a month to sell out to bootleggers here. Grady Tyson was Jim Ferguson's favorite barber.

Numbers of suggestions have reached this department for new names for Cross Plains, should the present title be abandoned. And if you don't think the contributors did a fair job of submitting new cognomens, try to think of one yourself. Its almost as difficult as naming triplets.

"Barweshon" was suggested by Jesse McAdams. He takes the letters in the word from names of several of Cross Plains oldest families.

Leader is offered by a public spirited citizen, who declares that Cross Plains is justly entitled to such a designation.

"Corners" is submitted by another, in lieu of our being situated in the corner of one county and near three others.

"Wescen" is another suggestion significant of Cross Plains location. It is a short cut for West Central, the portion of Texas this trade territory covers.

An anonymous contributor apparently a politician—likes "Democrat" and sees no reason why Cross Plains should not be thusly designated.

"Rich" is suggested by some fellow, who no doubt had reference to the potential possibilities of this place and not the present financial condition.

Then there is always somebody trying to be funny and an unsigned letter reaches this column, declaring that the town should be called "Gossipville", and that this oppressed pencil pusher should be mayor.

But until something even more appropriate comes along we have decided to keep on using the present name. We just started the idea with the hope that the title would be changed and everybody would have to have their stationery reprinted. Business, eh what?

Did you know that Higginbothams building here is the largest single room mercantile structure between Fort Worth and El Paso and that there are approximately a quarter of a million bricks in the building?

Have you ever wondered just exactly what happens after midnight in your old home town, when you are well occupied in peaceful slumber?

The hour is now midnight and your Cross Plains newsboy is on the job to paint the picture and answer that question. Every store is closed. A lone watchman patrols alleys and streets. Save for the intermittent traffic of cattle trucks, industry is at a standstill.

Trees along Eighth Street sway lonesomely as a Spring breeze ruffles their branches in synthetic rhythm. Scarcely any stores are lighted. Street lights maintain a consistent vigil. Oh! heck, I'm sleepy; what's the use?

LIGHT VOTE CAST SATURDAY

13 LOCAL TEACHERS ARE REELECTED

SALARIES SLICED 20 PERCENT WHEN ALL BUT 1 ARE RETAINED

Trustees Undecided Whether Agriculture Department Will Be Maintained Again

STUDENTS TOP TREES WITHOUT PROFS HELP

Cross Plains high school vocational agriculture students displayed their ability to carry out classroom teachings last week without supervision, when they topped seven large native pecan trees on the Sam Barr farm, without assistance from the instructor, V. A. Underwood.

The class met at the farm Wednesday morning of last week and topped two trees under the instructor's supervision. That afternoon two students—W. M. Long and Alton Barr—returned to the farm and topped seven trees unassisted.

HIGH SCHOOL NETTERS OFF FOR DISTRICT MEET

Byron Wright and James Patterson will go to Abilene Friday to compete at the district meet in singles and doubles tennis matches. Patterson will play singles and then team with Wright in the duo.

The Cross Plains boys won their right to enter district competition by eliminating all other Callahan County boys at the meet at Baird two weeks ago.

Misses Rosalea Cutbirth, Bobbie Lee Westerman, Tommie Kate Mayes, and Messers, Mack Bingham, Socrates Walker and Floyd Halbert were Cisco visitors Sunday night.

Herbert Freeman and baby of Paint Rock visited his parents Mr. and Mrs. J. C. Freeman Sunday.

MAYBE THE HEN IS A RIPLEY 'BELIEVE IT OR NOT' READER

Even chickens get prankish with the approach of Spring and do things in a novel manner.

R. E. Wilson believes that he has one of the most individual leg-horn hens in this section. Last week she gave a big cackle, announcing to the neighborhood that she had done something unusual. A gourd shaped egg was found in the nest as a voucher for the hen's achievement.

The egg is on display at Wilson's Cafe here. It is quite similar to a gourd—the kind dippers are made from.

ELECTION MAKES NO CHANGES IN SCHOOL TRUSTEES SATURDAY

There are no changes in the board of trustees of Cross Plains Independent school district as a result of the annual election held here Saturday. B. I. Marshall and V. C. Walker were re-elected for three year terms.

B. I. Marshall lead the ticket in selection of local trustees with 115 votes, V. C. Walker was next with 74 and Porter J. Davis received 51.

PHIL-PE-CO GOLFERS MATCH STROKES WITH BRADY HERE SUNDAY

Official Of Club Urges 25 Mashie Swingers To Be Ready For Contest

Fred Tunnell, chairman of the tournament committee of Phil-Pe-Co Country Club, is in receipt of a letter from Clyde Hall, president of Brady Country Club, stating that their golf team, of about 25, will be here Sunday afternoon to match shots with the Phil-Pe-Co boys in the second match of the Heart of Texas Golf Association. Brady won their first match with Cisco, playing on their home course, while Phil-Pe-Co lost to Santa Anna and Brownwood won from Coleman.

The matter of playing both Brady matches at Coleman had been taken up with the Brady Club, but according to Mr. Hall's letter the Brady team prefers to play the matches on a home and home basis and in compliance with their wishes the first match will be played here Sunday afternoon and the return match at Brady Sunday afternoon April 23.

Mr. Tunnell said yesterday that he hoped all members would get in as much practice as possible this week and he urges that not less than 25 be at the club house at, or as nearly as possible, 1:00 o'clock Sunday afternoon so the matches may be started early on account of the long drive by the Brady club. Only about 16 having been playing regularly for Phil-Pe-Co and Mr. Tunnell points out that approximately 10 more will be needed to match the Brady boys, as it is desired that every Brady player who makes the trip, will have a match.

A number of the members of the local team, are planning to make a pleasure trip of the Brady match, driving down Saturday to do a little fishing and enjoying other recreation. Brady has a fine club house equipped with pool and billiard tables, a bowling alley, tennis courts, showers etc., and those who go down early will find plenty of entertainment and a very hospitable reception by officials and members of the Brady Club.

'AG' STUDENTS MAKE APPARATUS TO TREAT GRAIN FOR DISEASE

Members of the vocational agricultural class in the Cross Plains High School have perfected an apparatus for treating small grain, grain sorghums, and corn for smut, V. A. Underwood, teacher, said yesterday. The apparatus is inexpensive can be constructed by any farmer. It consists of a 40 gallon barrel, a little waste lumber and some pipes.

The apparatus has been used by the second year class in treating corn and maize seed. One and one fourth bushels of corn and fifteen pounds of maize seed have been treated by members of the class, under the supervision of Underwood.

Semesan Jr. dust was used to treat the corn at the rate of 2 ounces per bushels and Ceresan dust was used to treat maize at the rate of 2 ounces per bushel.

One and 1/2 ounce of Semesan Jr. cost 31c and 1/2 ounce of Ceresan cost 3c. The barrel cost \$1.25 and the other equipment used cost \$1.60 making a total cost of \$2.85 for the apparatus, plus labor, which required about 4 hours of work.

2-FILLING STATIONS CHANGE HANDS HERE

In a business transaction completed early this week Edwin Neeb became owner of the vacant filling station on Eighth and Main Street, facing the Citizens State Bank and S. C. Sipes the unoccupied station adjoining the Lone Star Cafe, on North Main.

Although the sale price of the calf was not learned, it was understood that it brought a generous premium.

VICTORS IN COUNCIL RACE ARE T. D. LITTLE AND CHARLIE HEMPHILL

Interest Lags As Less Than 100 Citizens Go To The Polls In Annual Election

Cross Plains voters were either asleep or disinterested in the election of Aldermen here Tuesday. Less than 100 ballots were cast. T. D. Little and Charles F. Hemphill were elected.

The official tabulation credited T. D. Little in leading the ticket with 97, Hemphill was next with 52. S. B. Jackson 46 and Jesse McAdams 21. Little and Hemphill took the oath of office Tuesday night at the regular semi-monthly meeting of the Council. Both are former members of the body having served a number of years ago. Tenures of office are for two years.

Other members of the council are: S. P. Collins, Mayor; R. E. Wilson, J. C. Garrett and Ben Pierce.

STATE DEPARTMENT CONGRATULATES GIRL ON SPELLING PAPER

In a news story last week concerning Cross Plains' third successive victory at the county interscholastic league track meet, the Review was in error in stating that Misses Georgia Clifton and Mildred Browning won the fourth and fifth grade spelling. Misses Mary Marie Hill and Mildred Browning were really the spelling team which won first place at the meet. Miss Georgia Clifton was a member of the choral club, singing team.

A letter from the university of Texas, to Miss Hill Wednesday, read as follows: "We take pleasure in informing you that your spelling paper which was sent to us by the Director of Spelling of your county has been graded 100 percent in the state office of the League, and that you are therefore entitled to a spelling certificate awarded to each contestant graded 100 percent by the State Office graders. This certificate will be mailed you in the near future."

We wish to congratulate you on your perfect paper, and on your successful participation in this contest, and to wish you the best success in all future Interscholastic League contests that you may engage in."

The Review apologizes for the error and hopes that the above will be sufficient explanation to all concerned.

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Theford's Black-Draught is useful in stimulating them to activity, which, again started, should continue regularly until some future disturbance interferes. In this way, Theford's Black-Draught is one of the TONIC laxatives, tending, as it does, to establish a regular habit of evacuation.

Nicknamed! that's what happened

THE contest for a name and slogans for Conoco's new gasoline is over. The winning name and slogans have been selected and awards made to the contestants listed here.

More than half a million good friends tried sincerely to help us, and we are grateful to all of them for the names and slogans sent us, each of which had a careful reading and consideration.

Even though we have selected and paid for a splendid name, we find we cannot use it or any of the many hundreds of good names submitted.

Here is what happened:

Personality always wins a "nickname." We never thought of that in our anxiety to get a good name for an outstanding

gasoline. Bronze was used as a color to make this new gasoline distinctive and to protect our customers. It was liked by everybody—they, you, everybody called it Conoco Bronze. So, try as we might, we couldn't change now. It will always be known as Conoco Bronze. It had too much personality to avoid this popularity rating—"nicknamed"!

Therefore, conforming with contest rules, we are using a name of our own creation, the name used in all the contest advertisements—"Conoco Bronze"—even though it is not the name for which we paid \$5,000.

Each user of Conoco Bronze gets a perpetual prize of instant starting, lightning pick-up, greater mileage and power—for it is a great gasoline.
