

"Nothing but the United States' mint can make money without advertising"

The Cross Plains Review

(SERVING THE LARGEST SHALLOW OIL FIELD ON EARTH)

Without offence to friends or foes we sketch Cross Plains exactly as it goes.

VOL. XXII 6 PAGES THIS WEEK CROSS PLAINS, TEXAS, "When The One Great Scorer Comes To Write Against Your Name He Writes Not If You Won Or Lost But How You Played The Game" FRIDAY, SEPTEMBER 1, 1933 5c PER COPY No. 35

CROSS PLAINS WET; COUNTY DRY

HOME TOWN GOSSIP

To the strains of that popular tune 'How Dry I Am', citizens of the Cross Plains trade territory may now rise and sing with deep conviction, Callahan and all adjoining counties, save Shackelford, went bone dry in the balloting Saturday and consequently none of the foamy 3.2 beverage will be sold in these parts.

And speaking of the election, we beg to remind you of this column's prediction on the outcome last week. We hit Callahan County and the state results rather accurately and were only 19 votes from correct on Cross Plains.

Maybe Bob Boone will tell his brother-in-law R. A. Antry, who runs the Coleman Chronicle, about this and the big town pencil pusher will again apologize to this rural scribe for his recent sarcastic witticism regarding our ability as a prophet.

Our gossip news flash of the week is that Mrs. W. J. Gray, local telephone girl, has spotted her a suitor. And like the Northwestern Mounted Police, she is reputed to always get her man.

Personally, we are sorry to hear this, because the loss of such an efficient plug puller at the local telephone office would be a bitter blow to the old home town. Say it isn't so Mrs. Gray.

Curtis Burkett is now a father. He is said to have stood the ordeal very heroically. Congratulations, Curtis and Madelyn.

Ever since Cleve Callaway soiled his feet in the sea of politics we have known that he was a fiend for publicity, but never did we think that he would resort to the Mahatma Gandhi method of breaking into print. Alas, however, he has and is fasting.

Today the rotund one is on the fifth lap of his seven day fast. Girls please be considerate enough not to invite him on any midnight suppers before Monday.

The most unusual story heard in the rounds for news the past week is that an insurance company recently assessed a local man upon his own death. The assessment was paid before the policy holder realized that he was remitting on his own mortality and that he is yet very much alive. Selah! Something's creepy in Kansas.

Paul Harrell: "You're a cheat".
Felix Mitchell: "You're a liar".
Judge Long: "Now that the two lawyers have identified each other, we will proceed with the case".

Cross Plains high school 'Buffaloes' will open pre-season training Monday afternoon. Equipment is to be issued in the gymnasium at two o'clock.

Coach 'Goober' Keyes has told this department confidentially that he intends to have a winning football team this season, even if he has to cancel his social obligations at Clyde.

Thoughts and things: Arthur Burkett looks more like a school boy than a grand-father. Bet Cross Plains will not be among the missing, when the boys crowd the bar at Albany the fifteenth of this month for the first legalized serving of 3.2. Never saw so many bugs as swarmed in here Sunday night and collected about lamp posts. 'Shortie' Schooley has more pep than ever, wish we could see the world fair sights.

BABY GIRL IS BORN TO MR. AND MRS. CURTIS BURKETT

Mr. and Mrs. Curtis Burkett are parents of a seven pound baby girl born at the Sealy hospital, Santa Anna, Sunday night. The child has been named Anna Lyn.

REVIVAL TO LAST 10 DAYS MORE

DR. M. E. DAVIS IS PREACHING TO LARGE CROWDS EVERY NIGHT

The Baptist revival, which passed its seventh day Thursday night, is scheduled to continue 10 days more, according to J. E. Henkel, church clerk.

To date there have been four conversions. Large crowds are attending each of the night service and substantial congregations are said to have been present the past week at the morning hours.

Dr. M. E. Davis, of Howard Payne College, is doing the preaching. He is assisted by Rev. J. E. Carroll and Miss Opal Lackey, Howard Payne students.

"A religious census has been taken and we are going to wage a campaign against loss souls in Cross Plains", said a member of the church to the Review yesterday.

AUTO MISHAP FATAL TO LOCAL WOMAN, 82; FUNERAL AT BURKETT

Mrs. Henry Thate, 82, expired in a Santa Anna hospital early Wednesday night of injuries sustained exactly 48 hours before, when the car in which she was riding with her son, daughter-in-law and daughter crashed into a highway bridge near Echo. Funeral services were held at Burkett Thursday afternoon.

Mrs. Thate had been to see her husband, who is seriously ill at Santa Anna and was returning home when the mishap occurred. The car, which was driven by her son slipped from pavement at the Jim Ned hill, three miles from Echo, on highway 23 and crashed into a culvert. Mrs. Thate sustained a broken arm, broken shoulder and crushed ribs over the lungs. None of the other occupants of the car was injured.

Immediately after the collision, Mrs. Thate was taken to the home of her daughter Mrs. Arthur Wesley, at Burkett. Shortly thereafter, however, her condition became grave and she was rushed to the Santa Anna hospital.

Mr. Thate was said by physicians to be in a very critical condition Thursday.

Mrs. Henry Thate was born in Germany in 1851 and came to the United States in the early eighties, settling at San Antonio. She moved with her husband and children to Coleman county in 1909.

Surviving are her husband; four daughters, Miss Minnie Thate, Mrs. (Continued on page 6)

SWARM OF BUGS MOVES IN ON CROSS PLAINS EARLY SUNDAY MORN

Swarms of small bugs, said to be wheat parasites settled about lamp posts on the streets here Sunday. A radius of more than two feet was circled about each of the lighting places and the insects were four inches deep in places.

Millions of the bugs were killed Monday afternoon by local men, who poured kerosene on the infested spots and cremated the insects. A check up with no less than seven local people—who claim to know their bug-ology—failed to reveal the name of the unusual creatures. It was understood, however, that they have migrated from the wheat fields of Kansas.

PETTY CRIME WAVE SWEEPS CITY AS 7 HOMES ARE LOOTED

A wave of petty crime swept Cross Plains the past week as no less than seven homes and one business concern were looted and apparent burglars chased from others.

A. W. Barckett's automobile was stripped of headlights, motor meter and other small accessories Sunday night. The car was parked in the family garage just in rear of the house. Entrance was made through a small door which opened into the yard.

The same night, the homes of Cecil A. Lotief and R. L. Gaines were visited by prowlers and small losses are reported at each place.

Anderson Chevrolet Company was entered Sunday night, for the second time within a week. But like the first 'visit' nothing was missing the following morning.

A number of local people have reported going to the door late at night the past week after hearing someone knock, and arriving just in time to see someone flee into the darkness.

BOBBIE LEE WESTERMAN HAS MINOR OPERATION

Miss Bobbie Lee Westerman, of this place, underwent a minor operation in a Santa Anna hospital Wednesday afternoon, to correct a limb irregularity. She was brought home Wednesday night and is reported convalescing normally.

Miss Athalie Adams, who recently entered training to become a nurse at Sealy Hospital, Santa Anna visited in Cross Plains Thursday afternoon.

REVIVAL MEETING TO BEGIN FRIDAY NIGHT AT WEBB TABERNACLE

A revival meeting will begin at Webb's tabernacle, 11 miles Southwest of Cross Plains, Friday night, according to an announcement received by the Review yesterday from Rev. G. W. Renfro, who is to do the preaching.

Two services will be held daily—morning and evening—and the meeting is scheduled to continue through September 10. Rev. W. E. Hawkins, radio evangelist, has promised to be in attendance for at least part of the meeting.

Texts as announced for the evening services by the Rev. Renfro for the meeting are as follow: Friday, "The Birth of Christ"; Saturday, "The Life of Christ"; Sunday, "The Crucifixion of Christ"; Monday, "The Resurrection of Christ"; Tuesday, "The Day of Pentecost"; Wednesday, "The Work of the Holy Spirit"; Thursday, "Second Coming of Christ"; Friday, "Christ's 1,000 Year Reign on Earth"; Saturday, "The Great White Throne Judgment"; Sunday, "Heaven a Place for Glory and Bliss".

"This is the Lord's meeting and we especially invite everyone to come and worship with us", the Rev. Renfro's announcement said.

LOCAL YOUTH SURGICAL PATIENT AT SANTA ANNA

Duke Pierce, son of Mr. and Mrs. Joe Pierce of this place, was a surgical patient at the Sealy hospital, Santa Anna, Wednesday, when a small growth was removed from the side of his head. He was brought home that night and is recovering rapidly.

DOVE SEASON OPENS TODAY; BIRDS UNUSUALLY PLENTIFUL

Dove season will open throughout this section today, Friday September first. Local hardware stores reported to the Review yesterday that they had been informed that there are a greater number of doves this Fall than at any time in recent years.

50 POUND WATERMELON IS RAISED IN CROSS PLAINS

A watermelon weighing 50 pounds and 34 inches long was shown in Cross Plains Saturday. The melon was grown by J. M. Tubbs, on his place just East of town on highway 23.

The melon was an Improved Tom Watson and only one of the many unusual specimen displayed in Cross Plains this year by Mr. Tubbs.

Prohibition Forces Win Narrow Victory Over County After Big Boxes Vote Wet On Everything

No beer for Callahan. Citizens rejected the foamy beverage at the polls Saturday by a vote of 733 to 681. Repeal was opposed in this county by a count of 746 against 657, state legalization of 3.2 was also shunned by Callahan counties 712 to 660.

MRS. T. A. ARLEDGE SUCCUMBS TUESDAY AT DAUGHTER'S HOME

Mrs. T. A. Arledge, a long time resident of this section, died at the home of her daughter, Mrs. R. G. Hinds, here, Tuesday morning shortly after eleven o'clock. Funeral services were held at Cross Cut, with Rev. H. T. Dennis, Swenson pastor officiating. Interment was made in the Cross Cut cemetery.

Mrs. Arledge was before her marriage April 6, 1903, Miss Alice Ann Loggins. She moved with her husband to Cross Cut a month after their marriage and resided near there until her death.

Surviving are; her husband T. A. Arledge, a daughter Mrs. R. G. Hinds, three step sons, Charlie, Jess and Dock Arledge all of this locality and a sister Mrs. Joe Hughes, of Big Lake.

Mrs. Arledge had been in failing health for sometime and had for the past two months been under the constant care of a physician.

PIONEER P. T. A. TO MEET FRIDAY NIGHT

Pioneer Parents Teachers will hold open house to patrons of the school, Friday night, at the school building. What makes a successful Parents Teacher Association will be the subject discussed from the view point of the school and parents.

Music by Mrs. Ross Newton and Miss Edith Ely. A social hour sponsored by the Executive Committee will close the program. All those interest in child-welfare are invited.

LIONS HERE PLEDGE ASSISTANCE TO RID COUNTRY OF CRIME

Cross Plains Lions Club in a communication to Secretary Dorn Tuesday afternoon pledged 'whole hearted cooperation in the nationwide drive against crime', which was officially launched this week.

The Cross Plains communication also asked the Secretary for literature to inform them as to how they may lend local assistance in the campaign.

Cross Plains Commissioners precinct, however, went wet on every issue balloted upon. The precinct favored repeal by 155 against 146; 3.2 beer by 154 against 134 and local option by 160 against 134. A full size chart at the bottom of this page shows the complete returns on all issues voted upon Saturday at every Callahan box.

Amendments Win
This county went almost two to one for the issuance of \$20,000,000 worth of relief bonds to take care of destitute citizens this winter. The tabulation of the entire county was 892 for and 486 against.

Other constitutional amendments were favored by citizens of this county by decisive margins. State returns Thursday indicated that the amendments had been okeyed in virtually every Texas county and that passage was assured.

The largest victory given any proposal in Callahan county was the 'Homestead amendment'—to exempt from taxes homes up to \$3,000 in valuation. The margin on this amendment was nearly five to one in this county—1,043 to 268.

Shackelford Goes Wet
Of the five counties adjoining Callahan, Shackelford was the only one to go wet. Brown, Coleman, Eastland, and Taylor clung to the dry columns. Reports from Albany, the Shackelford county seat, yesterday were to the effect that beer would go on sale there September 15.

BROWN COUNTY GOES VERY DRY SATURDAY

Complete election returns from Brownwood Wednesday afternoon showed that Brown county went dry in every respect in the statewide balloting Saturday. Citizens rejected 3.2 beer by a majority of 505 votes and repeal of the eighteenth amendment by 726. The county supported the issuance of \$20,000,000 worth of relief bonds by a majority of 333.

Brown's vote on the three issues was; for beer 1004, against 1549; for repeal 946, against 1673; for bonds 1442, against 1109.

SABANNO GOES DRY 24 TO 2 IN ELECTION SATURDAY

Sabanno—a community heretofore regarded as a wet stronghold—voted 24 to two against the selling of 3.2 beer in Eastland county in the statewide balloting Saturday. 26 votes were cast at the box.

Texans! Heed this 1933 War Call from the Economic Front

A historic Texas institution is in a fight and invites you to pitch in!

The history of Texas is a romantic story of courage and thrilling adventure. The early settlers had first to make Texas a free land for free men. Then came the prolonged struggle against the virgin wilderness, to convert Texas into the modern and glorious state she is today. But the path of progress was not always strewn with roses. Economic reactions of the past interrupted but could not retard the determined advance of a determined people.

So, the history of Texas is also a tale of strife against odds, dogged persistence and rigid self-discipline. Her people have always clung together in a community of spirit, so the world acknowledges a loose-knit fraternity among Texans—without formal membership, but irresistible when aroused.

Today, though the strife has been transferred from military to economic fronts, the spirit of Texas citizenship will rise again in defense of an institution which is as much a part of Texas history as Sam Houston, Davy Crockett or James Bowie. That institution is the Missouri-Kansas-Texas Lines.

The same independence and freedom from outside domination that is born in the blood of every Texan is also an inheritance of the Katy. That independence and that freedom is now threatened by pressure from without and the pioneering Katy, which played so rich a part in the conquering of the wilderness and

making Texas the home land it is, comes directly to her people for support.

The Katy has been self-sustaining and self-supporting throughout the last four disheartening years. With heroic determination and supreme effort, the Katy has fought to avoid seeking help from any quarter. Now, with victory in sight—the economic skies clearing—one final effort must be put forth.

One course would be to appeal to the Government of the United States for money from the public treasury, and so increase the national burden. The other way is to appeal to the men and women of Texas. This is done here, directly and straightforwardly, without hesitation, apology or sacrifice of pride. For, has not the Katy contributed its full share to the pioneering and developing of this great land, and does it not stand today a Texas institution devoted to the service and welfare of Texas people?

Texans! Only a little cooperation is asked. Route every available shipment via Katy Lines—patronize Katy trains when you travel. The resulting increase in revenue will enable the Katy to remain self-supporting— independent, free from the need for outside capital which charges as its price the sacrifice of identity and freedom, which this generation of Texans holds as near and dear as their fathers before them.

Never in the past has Texas refused to rise in defense of her native and traditional institutions. *She will not refuse now!*

General Sam Houston at the Battle of San Jacinto

How to do your Bit—

use coupon below or telephone nearest Katy office. It costs you nothing extra to join this movement. All the Katy asks is your support. Now—

What to do?

You can do three things. *First*, ship your freight via Katy—ride our trains. *Second*, use your influence on every hand to boost the Katy, opportunities are constantly presenting. *Third*, when you hear about movements of freight or know of people who intend to travel, see, phone or write the nearest Katy employee—for every Katy man and woman is in this fight, eager and anxious to pass on information to proper officials. Use coupon below—Mr. Cahill will personally see every communication.

The Cross Plains Review

FRIDAY OF EACH WEEK

JACK SCOTT — EDITOR

Entered as second class mail matter at the Post-office at Cross Plains, Texas, April 2, 1909, under act of March 3, 1879.

Telephone Number — 114

NOTICE TO PUBLIC

Any erroneous reflection upon the character, standing or reputation of any person, will gladly be corrected if brought to the attention of the editor personally at the office, Eighth Street, Cross Plains, Texas.

SUBSCRIPTION RATES

One year in trade territory — \$1.50
One year elsewhere — \$2.00
Payable in advance.

The Review is an independent Democratic newspaper, supporting what it believes to be right and opposing what it believes to be wrong, regardless of party politics, publishing the news fairly and impartially at all times.

Kidnaping, Its Time To Stop It

Kidnaping in America has risen to the most atrocious crime of the hour. Innocent babies are snatched from their cribs and held by bloodthirsty gangsters, who have no care of the child's keep, but are only interested in securing ransom money.

Cross Plains is composed of typical, average American citizens, and typical Americans have heretofore looked upon kidnaping merely as another headline; something interesting to read about. Rarely do we ever become excited, because it is generally believed that only the rich and famous are exposed to this twentieth century depredation. But once this lowest of evils strikes home, we are aroused to the realization that it is time Mr. John J. Public takes the matter in his own hands and brings to an end the gangster regime.

Last week newspapers screamed the news that a former Cross Plains man had received a kidnap threat mentioning his twelve year old son. This was the nearest the blow had ever come to this community. We knew the man; understood quite well that he was not rich and only moderately famous. Starkly, thinking men realized that kidnaping has reached the point to where no one is immuned, neither the poor nor the infamous.

As a result of last week's kidnaping news Cross Plains citizens are awake to the bitterness of child snatching and are ready to cooperate with the law to meet our severest punishment to violators of this statute.

When the thing strikes home to most communities the nation over, Americans will refuse to sit idly back and look upon the evil merely as a spectator at an ampuheater, but will arise and stand united to stamp out kidnaping as was done with 'cattle rustling' in the days of open ranges.

Farm Management

By Ross B. Jenkins
County Agent

Editor's Note: This is the first of a series of articles on general farm management written by County Agent Ross B. Jenkins to appear in the Review. They will be continued, however, each week and Mr. Jenkins will offer in his regular discourses solutions to such problems as are of importance to farmers of this immediate locality.

For the past several years the turkey area has been steadily advancing west because of the worms and diseases that cause that needed change of grounds.

So many people want a positive remedy for Blackhead that its importance is great. There has been many laboratory tests made of this trouble, none has been found that will work on repeat trials. The infection seems to live for long periods on the range and in the poultry yards and may break out at any time the conditions become right. The cecum or pin worm is the opener for the diseases, and these are always present in chickens. They attack the walls of the cecum and in this injured tissue the organism so-called blackhead does its deadly work. Sooner or later the man who runs turkeys with chickens will be forced out by this little worm. When turkeys are kept separate from chickens and free cecum worms, there is little danger from the disease. It is the raising of turkeys with chickens year by year that drives the turkeys further west each year. But the Pacific has about been reached so new measures must be adopted rather soon.

Most sick turkeys look about the same, and the symptoms of blackhead are not very characteristic nor pronounced until the diseases has killed off enough to get the profit. BLACK-HEAD is a poor name for the heads many times do not turn black. The droppings become foamy and yellowish brown in color. Young birds usually die quickly but older ones may linger long and in some instances get appearantly well only to be constant spreaders.

Only by cutting open one of the birds that has died can a sure diagnosis be made. Blackhead causes ulcer-like spots on the inside walls of the cecum

and well defined circular spots, usually greenish in color, on the liver. Livers of the young birds may not show this very plainly but the cecum will show the wounds. The cecum of course is that little blind gut or rather there are two of them. No medicine will cure it. Good feed and quick isolation of affected birds may help keep down the spreading.

During this hot dry weather most all green stuff is gone from the range and the ses turkeys are still hunting food so they take to any dead rabbit or any other putrid food in reach and that is the cause of limberneck. Keep any dead flesh from the range. Give a tablespoon of castor oil to each affected bird and most will be saved.

Crooked breast will always be a debatable subject it seems but the reason is rather simple. It is caused by faulty feeding. Good strong stock free from worms and fed a ration of at least 5 pounds of bone meal and 3 to 4 pounds of oyster shell per 10 pounds of growing mash will prevent crooked breast. Sitting on the ground does not have any thing to do with it. It is the strength of bone that counts. If a bone were bent so much as to cause the breast to stay bent the turkey would be aware of the fact and change positions all during the night just as they do any way. Most turkeys and chickens are neglected when it comes to providing sufficient bone building materials. Green feeds are a great help and milk can't be improved upon.

Cross Plains Part In The NRA Program

The N.R.A. plan is designed to put five million men back on payrolls in a short time.

When this is done, 20,000,000 people (assuming four to each wage earner's family) will suddenly be placed in position to buy the normal necessities of life. That means that the total trade volume of the nation will, upon the complete acceptance of this plan, be lifted by from 10 to 20 percent.

Cross Plains, Texas, will have a definite share in this increased prosperity to the extent that it participates in the plan, so there is a responsibility on every citizen here to cooperate to the utmost to make this gigantic national plan a complete success. Every EMPLOYER and every CONSUMER has a definite responsibility to assume.

THE EMPLOYER'S RESPONSIBILITY:

N.R.A. calls upon every employer to shorten hours of labor, so as to make room for more employees.

Each industry will before long adopt its own code which will fix the increased labor obligations to be assumed by all firms associated with that particular industry. Until that time all employers are asked to sign the President's Agreement and to meet the hours and wages established in that Agreement. This Agreement is sometimes referred to as the Blanket Code.

The success of N.R.A. therefore calls for the cooperation of EVERY EMPLOYER.

It is to the Employers self-interest to do this. Why? Because more people working, with bigger payrolls, will increase the market for his goods. Every dollar spent by an Employer now for increased payroll will return many fold as business flows from a consuming public, once more able to buy to supply its unfilled needs.

So every employer should sign the the President's agreement at once.

THE CONSUMER'S RESPONSIBILITY:

Every individual, man and woman, who buys anything, owes it to himself and his community and to the nation, to buy only from those Employers who have taken the increased burden of increasing payrolls to bring back prosperity. This is to the self-interest of the consumer because no citizen can fail to share in this added prosperity. It will reflect itself in increased values for everything he owns. It will make his present position more secure, by reversing the process of deflation.

So every consumer should sign the consumer's pledge, which commits him to do his part in this great national economic experiment.

The duty of every citizen of Cross Plains, Texas, is therefore plain. The President has said:

"On the basis of this simple principle of everybody doing things together, we are starting out on this Nation-wide attack on unemployment. It will succeed if our people understand it—in the big industries, in the small villages. There is nothing complicated about it and there is nothing particularly new in the principle. It goes back to the basic idea of society and of the Nation itself that people acting in a group can accomplish things which no individual acting alone could even hope to bring about."

Cross Plains must do its part in this great plan. It has never failed when the nation called and it will not fail now.

I. H. Kendrick,
Chairman, N.R.A. Committee

The largest portable ride ever built for the, "The Twister," will be seen at the 1933 State Fair of Texas, on the Beckman and Gerety Midway. This gigantic ride weighs more than the most popular rides ever carried by a travelling company.

Buying Old Coins

I will pay you a premium for old or rare coins. The better the condition of the coin, the better the price. See me if you have any to sell.

Jack Scott, tp

Give Your Shoes A Fair Chance

When your shoes become worn and need repairing, give them the same chance that you would take yourself, if you were ill. Choose the man to repair them with accuracy.

He should be skilled in the business and have various mechanical devices to supplement his efforts.

Gautney has one of the best equipped plants of its kind in West Texas and he is by no means a new comer to the shoe repairing industry. He will appreciate your patronage and will devote first class service to each job.

GAUTNEY'S SHOE SHOP

A LESSON

I wish it had not happened for it makes me sad to think of it. But it is true in every particular, for I know of the incident first-hand.

A little boy of about nine took an acute attack of appendicitis. The diagnosis was unquestioned, for a fine surgeon was called—he advised immediate operation. The father rebelled stubbornly; "I don't want no cuttin' done," he said with finality. The surgeon returned to his place of business.

Four days later the same surgeon—a man of eminence—was called hurriedly to see the boy; he had grown much worse. The doctor found him with cold, clammy extremities, thready pulse, dilated pupils, swollen enormously in the body—peritonitis!

A glance was enough; the boy, was dying. "He can't live another hour," the surgeon said quietly; "it's no use to try the impossible."

The father wrung his hands and begged the doctor to do something—operate—anything. He writhed in despair with his unreasonable requests. But it was too late.

The doctor was in deadly earnest when he spoke to that father—a bitter lesson was to be studied. "I called here and told you what should be done," he said; "you didn't want me to do what I knew should be done. You wanted to temporize—I hoped the child might get well, in spite of my better judgment. You refused to listen—you are responsible for this child's death!"

Which was too true. So many people step in front of the trained physician. That boy could have been saved, but the one in authority objected. What do we learn from this?

Looking Back Down Memory's Lane From The Review Files of 13 Years Ago Today

CALLAHAN COUNTY FARMERS ENTIRELY SELF SUPPORTING

A farmer in this country does not need to make a money crop, if he is out of debt. He can raise everything he needs to eat at home, and should be pretty well doing that this year. Two acres planted to sweet potatoes, peas, and other garden crops adapted to this climate should supply the average family with all the vegetable food it needs, and a few hogs will supplement the table with meats and cooking oil. (This is not to be construed as an argument in favor of hog lard.) A few bushels of wheat and corn will supply the bread portion. But then money crops are just as easily produced. So have it all.

MISS MINA MONTGOMERY IS ATTENDING ABILENE SCHOOL

L. D. Montgomery and family and Mr. and Mrs. Duke Westerman spent Sunday in Abilene, the guests of Mr. and Mrs. Montgomery's daughter, Miss Mina, who is attending a business college.

PIONEER MEN PURCHASE FARMERS' GIN COMPANY

Ed and Grover Curry of Pioneer have bought the Farmers' Gin Co., gin in Cross Plains, and are now repairing the same preparatory to opening the season soon. Messrs. Curry have had a number of years experience in the gin business, and state that they will add considerably to the pretty good equipment the gin has now. Cross Plains will have two gins well equipped to take care of the cotton trade this season.

BURKETT

By Miss Ila Wesley

(Too late for publication last week)

It is reported that cotton is opening rapidly. In two or three places they have begun picking.

Mr. and Mrs. B. Porter of Brownwood spent Friday and Saturday with Mr. and Mrs. F. B. Porter.

Mr. and Mrs. W. E. Lohn of Lohn visited in the Tom Marshel home Sunday.

Mr. and Mrs. A. H. Oliver and daughter Lelia Jo, accompanied by Mrs. Ava Bell Oliver and Mrs. Tillie Golsen left Monday for Waco where they will spend the week with relatives.

Mr. and Mrs. John Thomas McEntee of Brooklyn, New York spent a few days last week with Mr. and Mrs. T. A. Burns. Mrs. McEntee is a niece of Mr. Burns.

Prince Lou Henderson spent a few days last week visiting her grandmother in Cross Plains.

Cloyd Porter of Brownwood spent Friday and Saturday with Dorothy Wesley.

Reta McBride of Brownwood is spending the week with Helen Helberg.

James Henderson is spending the week, with his grandmother in Cross Plains.

Many members of the Church of Christ have been going to preaching at Fisk, Coleman and New Central

Mr. and Mrs. Walter Westerman visited in Brownwood Wednesday.

Tom Bryant and son, R. E., made a business trip to Abilene Tuesday.

Hulan Barr visited friends in Abilene over the week end.

CROSS CUT

By Norris Chambers

We want to apologize to ourselves—for we are probably the only party which reads this column—for omitting the copy last week. We are sorry that we did it and if it occurs again we shall kick ourselves severely.

In this community it has been rumored and suspected that Cross Cut is not to have a full four grade high school. And it may even come to pass that we shall not. But why cannot Cross Cut have a high school? You say that we haven't the money—but listen—if you eliminate the tenth and eleventh grade this year—as it is talked that you may do—and send them to other schools that they do not like, and probably do not want to attend, you are gradually taking away that necessary element to build up any worthwhile community—you are eliminating the "home interest" feeling. If you do not have a short school now, you can never have another high school. The lower grades will gradually dissolve and be swallowed up by surrounding schools, and the fair name of Cross Cut will cease to be—only the legends of the old shall tell of the old school house. No, that can never be! Why can't those who are blindingly disloyal see the light? Queen Sabe!

And now that first rock building is completed, although it is not yet opened for business. Bula Rancho, Mr. Prosperity!

Mr. Howard Newton was in Cross

Cut Saturday afternoon.

It rained Saturday afternoon, and of course it would pick that date to end a drought, for there was to be a party at the home of Veda Pearl Woodridge, and everyone was looking forward to it. But life's worst blows are sometimes blessings in disguise—I remember one time I started to stick my hand in a sausage mill to see if it would grind, and about that time the dern thing broke!

There was a rodeo at Mr. Prater's Sunday. We understand that it was a dandy, but misfortune kept us from going.

Say, if any of you have any old coins, come around and we will trade you out of them.

Mention Review Ads When Buying.

LABOR DAY SEPT. 4TH

Don't postpone getting the tires you need now. Enjoy your last summer holiday on a new set of Goodyears. Prices are still lower than they were last fall. Play safe. Before you start out, drive in and let us look over your tires.

BUY THIS TIRE

Prices are marching up. But if you act in time you can still buy Goodyears at prices shown here—and most of them lower than they were last fall... Look at this new 1933 Goodyear Pathfinder. With FULL CENTER TRACTION, 20% thicker non-skid tread, and stouter Supertwist Cord body, it turns in more miles, more blowout protection, more safety, than you could get from any tire costing four times as much a few years ago... Now is certainly the time to replace worn, dangerous tires with Pathfinders all around. No one can guarantee how long today's still low prices can last. We have your size. Be sure to get Goodyear quality tubes, too.

Cross Plains,

Texas

Mayo Studio Opens Branch Place Here

Mayo Studio, Brownwood, will open a branch studio in Cross Plains Saturday morning. The firm will be located in the building formerly occupied by the Southwest Gas Company, on Eighth Street, just in rear of the Citizens State Bank.

J. K. Mayo was in Cross Plains Wednesday and stated that as a method of advertising the business and becoming acquainted with the people of this trade territory he would have a special price on 'stamp photos' for a week or two. He told the Review that he would charge 10 cents for six of the snaps and guaranteed permanent work.

Mayo Studios have been located in Brownwood 18 years and are well known throughout Central Texas for their exceptional workmanship.

"Whether or not the studio will be maintained in Cross Plains, depends entirely upon the response given by the people of this place to the local establishment", Mr. Mayo told the Review.

"I have always wanted to locate in Cross Plains and can promise as efficient and satisfactory work here as could be obtained in any of the larger cities of Texas. We have a first class studio with which to serve Cross Plains", he continued.

BAPTIST REVIVAL Continued from page one

A. K. Wesley, Mrs. B. D. Wesley and Mrs. Will McAnally, all of this immediate vicinity; six sons, Frank, Henry, Otto, Dick, Herman and Paul, also all of which reside near Cross Plains.

A total of 240,000 people went thru the giant passenger plane which was displayed in the Southwestern Aviation Exhibit by the American Airways at the State Fair of Texas in 1932.

A twenty-year old University of Oklahoma sophomore, Walter Emery, won the national intercollegiate golf championship. Emery provided upset after upset in the preliminary rounds and then staged a spectacular finish to win the 36-hole final from Rodney Bliss of Cornell, 2 and 1.

CALLAHAN COWGIRL TO PARTICIPATE IN ABILENE RODEO SHOW

(From Abilene Morning News)

A peppy black-eyed cowgirl who grew up on a Callahan county ranch and her father's crack cutting horse, Sparky, are slated as strong contenders for top money in the cutting event of the Labor Day rodeo and race meet, scheduled here September 4 and 5 by the American Legion post and labor unions.

The young woman, an Abilenian now, is Eva Cutbirth McNeil. A member of a pioneer ranch family of the Baird section, she has ridden all her life—"working right with my daddy, W. L. Cutbirth," she explained. The Abilene meet will be her first real show, her only other similar appearance being in a high school rodeo in Eastland county. However she came out with a new pair of boots in that.

Her horse is a bay, 15-hands high and about 12 years old. Cutbirth has ridden him as a cutter for years. "He'll beat anything I've seen in Shackelford and Callahan counties," the cowman declared. "However, I'm not sure what he'll do in a show. He tried it at night once, and came through fine, the electric lights not bothering him a bit."

Eva McNeil will also be riding in the women's racing events here, along with a sister, Marguerite Cutbirth, but they haven't selected their horses yet.

Both are typical cowgirls. Asked what they plan to wear for the shows, each declared it will be "nothing new." Both have special made leather 'chaps—"that we wear for work on the ranch"—and except for the races they plan to be wearing them with shirts and broad hats—typical ranch regalia. "We want to be comfortable," the two explained.

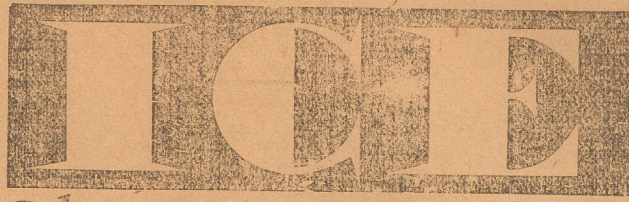

The cutting event will net \$75 to the winners, divided \$40, \$25 and \$10. A number of strong entries are slated, including the Swenson horse that took that event at the Cowboy reunion at Stamford in July.

Buck Jones changes roles in Liberty Theatre's picture presentation "Child of Manhattan", Monday and Tuesday.
