"When The One Great Scorer Comes To Write Against Your Name He Writes Not If You Won Or Lost But How You Played The Game"

Feeling Water Pinch Four More Cities Eye Huge B'wood Lake

Four more cities have manifested interest in purchasing water from Brownwood lake, one of which is 57 miles away, indicating that the pinch for additional water supply" is being felt by most all cities and towns throughout this section

Comanche, Stephenville, Santa Anna and Coleman are the most recent cities to begin studies of proposals to pipe water from the Brownwood lake. Already Bangs is being supplied from that scource. Brownwood officials have expressed themselves as being desirous of selling distilled water, however, the suffering cities desire to purchase raw water.

Other cities and towns reporting current water shortages include: Baird, Colorado City, Moran and Rising Star. Even Fort Worth, Dallas and Abilene have recently imposed restrictions for the reason that facilities are inadequate to accommodate present demands.

Cisco and Brownwood are enjoying an abundance of soft water The Brownwood lake covers 142,-000 acres.

Last Rites For Mrs. J. M. Jones Held At

Funeral services for Mrs. J. M. Jones, 78, were held Thursday afternoon at the Baptist church at Atwell, a community northeast Richbourg, of Brownwood, officiat- whom survive him. In 1910 he was ing. Burial was in the Scranton cemetary near Atwell.

favorable, according to reports.

HE THAT TOOTETH NOT HIS OWN HORN, THE SAME SHALL NOT BE TOOTED

Somewhere in the mail today is the second millionth copy of the Cross Plains Review. At least this fact seems certain after calculations were made of circulation figures for the past

The Review, established April 1, 1909, was first published by Belmont Shields, who later received nationwide notoriety as a result of his magazine, "The Wampus Cat" which was barred from the mails. Since Shields, the paper has had many owners and seven different editors. Best estimates are to the fact that about 200 different printers have worked on the publication at one time or another.

The Review is today Cross Plains' oldest business institution, having operated under the same name for more than 2,000

108 Horsemen Ride In Parade Thursday

108 horsemen rode in the Parade Thursday morning at the 63rd annual celebration here. The number was believed to be the greatest night. They were: Clay Cade, of ever to ride in the procession.

Leading the horsemen were Andy Hudson and G. E. (Edd) Morgan, who acted as flag bearers. Mr Hudson, one of the oldest cowboys in the Cross Plains country, participated in the first rodeo ever held back brone riding, and H. Mcin Texas. It was staged in the Summer of 1888 at Pecos.

Prize winners in the parade were Order of Eastern Star \$7.50: Conlee's Cafe \$5.00; third place, W. T. Cox Grocery, \$2.50; best horse drawn entry. W. A. Huckaby, \$4.00; Chuck Wagon, \$2.00; best horse and rider. Bee Hickman, \$4.00; best decorated bicycle, N. L. Dillard, representing Red & White Store \$2.50; second best bicycle, Charles Brown \$1.00.

Carbon Paper at The Review

Yes, here's how more than 5,500 people died and thousands more were injured last year-because someone took one or two drinks, and then drove.

If you think you can drink and then drive safely you're simply courting suicide—or murder. You're drinking a toast to Death!

Statistics show that one out of every six drivers involved in fatal automobile accidents had been drinking. Drinking drivers are three or four times more likely to be involved in accidents. Tests have proved time and again that a couple of drinks are sufficient to lower a driver's reactions to the danger point. When quick action and alert judgment are demanded, the driver who has been drinking fails.

If it were only the drinking driver himself who paid the penalty, that would be bad enough. But when he cuts short the lives of other innocent people—riders in his car, occupants of other cars, or pedestrians caught by his erratic driving—that's manslaughter!

Don't smile when you read this, Mr. and Mrs. Citizen. The law operates with a heavy hand on drinking drivers. It is going to be even Conference and the daily and weekly newspapers of the hation through their Press and Publisher Associations. tougher in the future. It's serious business!

When you drink, don't drive. When you drive, don't drink!

WHAT IS NEURASTHENIA?

Neurasthenia, or nervous prostration is a condition of mind and body in which the patient has numerous distressing symptoms with no localized seat of the disorder. It is more common in men than in women.

The patient has headaches, is depressed and can not concentrate his mind. He has insomnia and becomes irritable and weak. Ringing in the ears and dizziness are common. There is palpitation of the heart and hyperacidity of the stomach. Vision and smell are af-

The disease is quite a common one and chiefly affects that active type of individual who never has time to relax, but is always expending every ounce of energy as soon as it comes to him. This kind of life leaves a man in a position of one who lives above his income, making up the deficiency by drawing on his reserves. When the reserves are spent the crash comes and the only thing to do then is to regulate expenditure and slowly recuperate. When one of these active people have a crash due to his having spent all his reserves of vitality, he must do the same thing: control his expenditure of nervous energy and build up a reserve again.

What can Chiropractic do for this man? Chiropractic is based on the idea of an unimpeded flow of nervous energy to all parts of the body. By ensuring that no vertebrae are out of alignment and pressing on nerve trunks, Chiropractic clears the lines so that no obstacle impedes the path and the organs of the body get their supply of vital force. This means that the work of the nervous system is not wasted, but is utilized in rebuilding improper function. People suffering from nervous strain should consult a Chiropractor at once, and not put it off until they reach the breaking point.

Dr. J. Lee Winslett, Chiropractor

Activity of the evening was desession. District | Superintendent and Eugene Wilcoxen. Stephens made the main address of the evening.

The August district meet will be held at the Cross Plains church on a date to be announced later.

MONDAY WILL BE VISIT

Monday afternoon will be visitatist Women's Missionary Union meet at the church at three o'clock for a short session after which they will visit the sick of the city as well as others.

Mrs. Joe Baum will be in charge of meeting and urges all members and any interested visitors to be

CARD OF THANKS

To all the people of Cross Plains and Cottonwood who were so helpful, and whose words and deeds of kindness made it possible for our deepest thanks and gratitude could not have stood alone.

E. E. Weaver and family

Do mel Clark, summer school student at John Tarleton, spent the Williams, Arlene and Karene, Mrs. past week end at home here with his mother, Mrs. Jeff Clark.

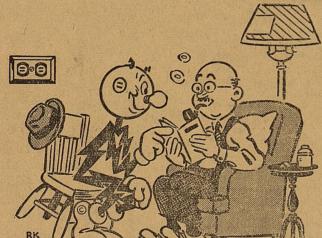

Mr. and Mrs. Eddie Graham of Leuders visited his mother, Mrs. Nannie Graham, during the picnic.

Mrs. Thelma Tennison and mother of Fort Worth visited relatives here over the past week end.

\$2,346,854.87 * plus \$230,416.46

Ain't Hay!"

It's the yearly payroll of the employees of my Company, and they spend it right here in West Texas for food, clothing, and other living needs. In fact, everybody in the area we serve benefits from this payroll.

And, Boss, here's another point I want to make. For many years the employees of my business-managed, taxpaying Company have been building up a high-quality, low-cost service . . . this has helped to stimulate industry and general business in this area. As one of the pioneers, my Company has contributed much to the development of West Texas.

*Social benefits to employees paid for by the Company-Gift insurance, retirement annuity, hospitalization fund, etc.

Ranger Boosters Of Rodeo Here Saturday

Ranger rodeo boosters will arrive in Cross Plains about 10:00 on Saturday, July 26th, and will bring with them an entertaining program which will be given on the main street.

The boosters will have information to tell about the world championship rodeo opening in Ranger on July 30th and running thru August 2nd. All four performances will be at night at the Junior Chamber of Commerce arena in the west edge of Ranger.

Howard Brown of Dublin will stage the show and many specialty features have been booked for program. There will be a cowgirl sponsor contest and Alec Alexander. the popular colored bull fighter and clown will be featured, as well as trick riding, roping.

Over \$3,000. dollars in prizes will be awarded in bull riding, bareback and saddle brone riding, bull dogging and calf roping.

The Ranger Round-Up is sponsored by the Ranger Junior Chamber of Commerce.

APPLICATION DATE EXTENDED 2 WEEKS FOR POSTAL EXAMS

The deadline on applications for a position as substitute clerk in the Cross Plains post office has been extended until August 7, according to F. R. Anderson, post master. Originally, applications were required to be on file with the Director, Fourteenth U.S. Civil Service Region in Dallas by July 24. Blanks may be obtained from Mrs. Verna Mae Ramsey, Civil Service Clerk, at the local office.

Competitive examinations will be held at a later date, the place also to be announced. Requirements are that applicants actually live within the delivery of the Post Office named or be bonafide patrons of such office. Persons employed at the post office will be considered bonafide patrons.

Absence of occupation is not rest; A mind quite vacant is a mind distressed. — Cowper

Great men are very apt to have great faults; and the faults appear the greater by their contrast with their excellences. - Charles Sim-

Horse power represents the power required to lift a weight of 33,000 pounds 1 foot in one minute or 550 pounds 1 foot in 1 second.

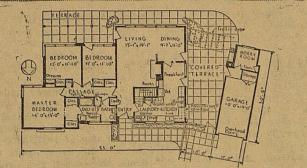

Source of Honey

Goldenrod is the chief source of supply for the third and last flow of honey which ends with the coming of frost. Its flavor is not as good as that of clover honey, but it is excellent for wintering bees.

Ex-Soviet Official Charges Spy Rings Infest U.S. Cities

Soviet spy rings are operating in Washington, New York, Chicago, San Francisco and other important cities in the United States, according to Igor Gouzenko, former Soviet Embassy clerk, whose disclosures of Red espionage to obtain the secret of the atom bomb rocked the world.

"I could tell from the messages I handled when I worked in Moscow (as a Soviet cipher clerk) that there are at least two or three Soviet spy rings in cities like New York, Chicago and San Francisco, and, of course, many more in Washington," Gouzenko states in an article in the March issue of Cosmopolitan magazine.

Gouzenko's disclosures were of New York and Washington." such vital importance that when One of the principal sour Prime Minister Mackenzie King of Soviet information on atomic en-Canada received his information he ergy was Dr. Allan Nunn May, went first to Washington where he highly respected scientist who was told the story to President Truman and then to London where he pre- laboratory in Montreal. sented Gouzenko's facts to Prime Minister Attlee.
