## GRAIN FARMERS TO MEET AT DRESSY

### HOME TOWN GOSSIP

**WANTED:** A good gully washing rain, no 'fluke-out' showers need apply.

Now with that matter adequately attended to, we will get down to the serious business of telling you the gossip gleaned in our travels the past week.

The beautiful romance of Margaret Wagner and 'Pinkie' Tyson, which is commanding the city's spotlight of attention, may be temporarily halted. The charming little lady in question will leave in a few days for a tour of the Middle West.

You have heard about the proverbial triangular love affairs, but here's a triangular political situation that is equally as perplexing.

Cecil Lotief and Ed Curry were planning a 'picnic' out of the State Representative race and along comes D. L. Kinnaird, of Eastland—an uninvited guest—to share their fun.

We are authentically informed that Ames Melton, sports editor of the Star Telegram will be in town next week to cover the Phil Pe Co country club second annual invitation golf tournament.

We also learn from a reliable source just before going to press that a host of "big shots" in the realm of golfdom have already notified they intend to enter the Phil Pe Co tournament. Those notifying club officials Thursday morning that they will be here were: James Phillips, James Smith, H. H. Vaughan and Sam Brimberry, all of Ranger; Sam Conner, Eastland; Harkrider, number one Brady country club; Sheridan, number two of the Brady club; O. V. Cunningham, Cisco; J. R. White, Richard Snyder, of the Dublin-DeLeon club.

Yes, suh, there'll be plenty of competition and the man that wins that tournament will have the satisfaction of knowing that this section's very best was competing.

Sorry to disappoint you lovers of gossip this week but docta Bingham informs us that we are completely out of space and the several good choice bits of 'gossip' will have to be held over until next week.

### CARLOAD ONIONS SHIPPED MONDAY

Callahan county farmers made agricultural history this week when they loaded the first car of onions ever shipped from this county. Under the supervision of Robert E. Hayes, expert onion grader from Farmersville, 526 bushels of onions were loaded Thursday morning. They were inspected by the Federal Fruit and Vegetable Licensed Inspector, N. J. Backus of Eagle Pass.

75 farmers had part in loading the car. No grower tried over 4 acres and the average was 1 acre per farmer. When no rain was received in May, all onion growers knew their onions were going to be cut short, as any other crop has been, get some yields of as high as 75 bushels were reported. It is estimated the farmers have 400 bushels yet on hand.

### RODEO SCHEDULED AT J. R. PRATERS JULY 8

J. R. Prater told the Review that an old time rodeo would be staged at his place, two miles South of Cross Cut, July eighth, and that the entire public was invited. All of the customary rodeo thrills are promised.

## Citizens Will Vote Again On 3.2 Beer

### ELECTION CALLED FOR JUNE 30 IN THREE PRECINCTS

County Judge J. H. Carpenter told the Review in a telephone interview Wednesday afternoon that the Cross Plains and Putnam precincts would be required to hold another election and vote the areas "wet" before the sale of 3.2 beer would be legal. He stated that Baird would not have to hold another election, due to the fact that precinct one was never voted "dry" until the county as a whole voted "dry" and that the precinct automatically became "wet" again when citizens repealed the old statutes at the polls several months ago.

Petitions were submitted the Commissioners Court in session the past week, calling for elections to be held in the Putnam and Cross Plains precincts. "The election was ordered and will be held June 30", Judge Carpenter stated for publication Wednesday afternoon.

A petition from the Clyde precinct was also presented the court the past week calling for a vote in the 32 question to be held there. The court ordered the election for Clyde to be held June 30, the same as in Cross Plains and Putnam precincts.

will not be ruled out in Cross will no be ruled out in Cross Plains and Putnam precincts before the election the last of this month, however, due to the fact that dealers in the two places have been granted license from the county and met requirements outlined by law. In fact it was believed that the entire county—except Clyde precinct—was legally wet, until a few days ago, when a ruling on the issue was received from the Attorney General's department at Austin.

Voting at each of the boxes in the Cross Plains precinct will be held in the same buildings as were used for that purpose in the last election, the Review has been informed.

### JENKINS EXPLAINS HOW RENTED ACRES MAY BE USED AGAIN

By County Agent Ross B. Jenkins "During the past week there has been quite an interest shown regarding the crop that the government will permit to be grown on the rented acres. There have been some new concessions granted the wheat and corn-hog grower during the past week. They will permit these acres to be planted to any forage crop without the necessity of signing a request with the county agent. Corn and grain sorghums are not permitted on these acres, however, if any farmer has his rented acres planted to any of these crops and agrees not to sell any feed from the farm, then he has right to request that he harvest his feed for home consumption on that farm. We have the necessary blanks in the office for application to the various allotment committees and we will recommend the granting of the request to any man who truthfully states he needs the feed for his own use and agrees not to sell any other. We do not believe any man has a right to request that he be permitted to plant his rented acres if he has a surplus that will permit his selling feed. It is not our belief that Callahan county can grow too much feed and we further believe

### 'Prowlers' Loot L. Jackson Home

A small amount of money, valuable papers including insurance policies, letters and important records, were stolen from the home of Mr. and Mrs. L. Jackson, who live one mile East of town, Monday night.

"I would gladly give the money—\$4.50—and an attractive bill fold which was taken, if only the letters and papers were returned to me", Mrs. Jackson told the Review Wednesday.

### E. E. COOK SPEAKS ON RELIEF PLANS HERE WEDNESDAY

County Relief Administrator E. E. Cook explained the federal government's plan of rehabilitation to an audience of approximately 60 in the basement of the Presbyterian church here Wednesday afternoon. He outlined three new movements which the government plans to launch in an effort to assist people who are now on the direct relief rolls.

The first plan set forth was to endeavor to secure from land owners a small number of acres—no less than six—with a rental contract until 1936, with the understanding that the government be allowed to place on the land a tenant, considered desirable by both contracting parties. The compensation for which is to be the improvement of the house on the land at a material cost of no more than \$75 to the government. The labor is likewise to be furnished by the government from the relief rolls, in improving the living quarters. A family would be placed on the tract and assisted to become self sustaining.

Another plan outlined by Cook Wednesday afternoon was the government plans to ship 100 good milk cows into Callahan County and sell them to families now on the direct relief rolls, or bordering there. The cows—from good dairy stock—would be sold on credit with the government taking a two year non-interest bearing note.

The third measure explained in the Wednesday afternoon meeting was that of placing a portable cannery in Callahan county, moving it from time to time from one community to another. The equipment would consist of several larger cookers and sealers. People would be allowed to use the canning equipment and have cans furnished them, for a toll of the edibles canned.

A cannery of this nature is expected to be located in Cross Plains sometime within the near future.

### C. A. DICKENSON FREED ON CHARGES IN CONNECTION WITH ROBBERY HERE

Charges against C. A. Dickenson, Tuscola automobile dealer, who had been indicted in connection with the theft of automobile tires from the Sinclair Service Station here, were dismissed in forty second district court at Baird, Monday.

Dickenson was tried once, the case ending in a mistrial when the jury could not agree. And at the instance of the court and with assent of the state's attorney, the charges of receiving and concealing stolen property, was erased.

Referring to the former mistrial, Judge M. S. Long stated that he was of opinion that a conviction would not be reached and that it therefore should be dropped.

A two year sentence was returned by the jury Monday afternoon in the case of Raymond Shaddix, charged with looting the Holmes Drug Store at Baird, Shaddix, who is a minor, was tried as a juvenile and the jury recommended he be sentenced to serve in an institution for minors.

Judge Long assessed sentences in four other state cases in which defendants pleaded guilty. Jake Timmons was given a year with sentence suspended on a charge of chicken theft, and R. C. Timmons received a one-year term on the same charge.

Pleading guilty to a charge of robbery, Frank Boykin was assessed five years. A two-year term was suspended for Lee Emerson on his plea of guilty to a charge of liquor possession.

### NEW SCHEDULE FOR OUTGOING MAIL IS NOW IN OPERATION

A new schedule for outgoing mail was placed into operation here the past week. Incoming mail not affected by the revision of schedules.

Mail which formerly left here at 11 o'clock each morning—except Sunday—now leaves at three in the afternoon, for Pioneer, Rising Star, Cisco and all points.

In commenting upon the new schedule, Postmaster I. H. Kendrick said, "It is the intention of the postal department to give the public the best service possible and your postmaster would appreciate your cooperation by depositing outgoing mail in the office at least 30 minutes before time of departure."

### GRAND JURY SAYS BEER BEING SOLD VIOLATION LAW

After hearing of the Attorney General's opinion in the matter of selling 3.2 beer in the Cross Plains and Putnam precincts the grand jury in session recently delivered the following report to District Judge M. S. Long.

To M. S. Long, Judge, 42nd District Court. We, the grand jury for the June term of district court of Callahan County, Texas, having completed our investigations, submit our report as follows:

We have investigated 11 cases and examined thirty nine witnesses, and as a result of our investigations have found eight bills of indictment all of which are felonies.

During our work we have investigated the condition of the county jail and find it to be kept in clean and sanitary condition, for which we commend the Sheriff.

In the course of our investigations, we find that in certain towns in the county machines are being operated that the District and County Attorney advise us are in the nature of slot machines and their operation is a violation of the law. But, inasmuch, as operators of such machines are probably unaware that their operation is a violation of law, we have not indicted anyone in this connection. We recommend that the County Attorney and peace officers of the county notify and warn all operators of such machines that the same is a violation of the law, and that, after such warning, charges may be filed against anyone refusing (Continued on page 8)

### COMPETITION WILL BE STRONG IN 2ND GOLF TOURNAMENT

Strong competition in Phil Pe Co country club's second annual invitation golf tournament was assured this week, when Gid Faircloth, Ranger country club ace, and Bill McMahon, of Cisco, winner and medalist respectively of last year's tourney, assured club officials that they will be on hand to defend their titles.

From the local club there will also be a strong list of entrants, one of which is already being doped as a favorite. J. T. Hammett, 17 year old maestro, who recently won medal honors at the West Texas open in Big Spring and is semi-finalist at Ranger, is perhaps Phil Pe Co's best bet. He is closely seconded, however, by Wayne Middleton, another youth who frequently turns in sob-par cards. A large number of visitors from all parts of West Texas are expected:

- \* The Review was told yesterday that W. Rains, of Stamford, one of West Texas leading golfers was expected to be here for the Phil Pe Co country club tournament. Marion Harvey, secretary of the local club stated that he had been informed, 'Rains would probably be on hand. Port Bludworth, of Brownwood, runner-up in last year's tourney is also expected to be here to compete.

Qualifying for visitors will close at 4 o'clock Friday afternoon and match play will begin Saturday morning at 7 o'clock. Final matches in all flights will begin at 1 o'clock Sunday afternoon followed by the closing of the Calcutta pool and awarding of prizes. (Continued on page 8)

### ANNUAL CONVENTION OF SCRIBES IS THIS WEEK

Texas Press Association will hold its annual convention in Dallas this week, beginning Thursday and continuing through Saturday. 500 newspaper men, representing virtually every publication in Texas, are expected. From Cross Plains, Jack Scott, of the Review, will probably attend.

Miss Nelda Gregg left Sunday to visit with friends in Wichita Falls, Burk Burnett and Oklahoma City. Later she will join a group of friends in Denton where they will leave immediately for the World's Fair, at Chicago.

### ADVERTISEMENT HAS WRONG SIGNATURE

An advertisement on another page of today's Review announcing that E. A. (Bill) Calhoun has been appointed Plymouth dealer in Cross Plains, bears the signature of Calhoun's General Repairs. The advertisement should have borne the signature of Calhoun Motor Company.

The firm was formerly known by the title used on the advertisement, but upon being appointed Plymouth dealer here, Mr. Calhoun changed the firm style to Calhoun Motor Company. We apologize for the error.

### DEMONSTRATION AGENT EMPLOYED FOR THIS COUNTY

Callahan county will have a Home Demonstration Agent within the next few days. County Commissioners in session Monday, upon the insistence of 50 women from various parts of the county voted, to employ an Agent for the remainder of the year and wired A&M college at College Station, requesting that a woman be sent here immediately.

The Agent will begin into active work within the immediate future. Home Demonstration clubs were recently organized in a number of Callahan communities and the supervision of a demonstration agent was deemed necessary to successfully carry on the work. Every club in the county was represented in the gathering that "called on" the commissioners Monday.

### SATURDAY IS LAST DAY TO FILE FOR PLACE ON BALLOT

The Callahan Democratic executive committee will meet Monday June 25 for the purpose of determining the order of candidates' names on the ballot, estimate cost of July primary and the August run-off, and apportion costs among the various candidates, the Review was instructed last night by County Democratic chairman, J. Rupert Jackson, of Baird. Candidates for county and precinct offices have until midnight Saturday, June 16, in which to file application with Mr. Jackson, for a place on the ballot.

Stephenson; Dudley, Thurman Roberts; Lanham, F. M. Johnson; Oplin, C. M. Morse; Rowden, Ray Boen; Denton, Roy Kendrick; Hart, W. L. Clinton; Gardener, C. C. Welch.

### LOCAL GOLFERS WILL MEET COLEMAN HERE

Phil Pe Co country golfers will meet Coleman on the local links Sunday afternoon, in a scheduled match in the Heart o' Texas golf association. Phil Pe Co is still setting the league pace with four wins and one loss, according to Marion Harvey, Secretary.

### TONIGHT TO HEAR WHEAT MARKETING CO-OP EXPLAINED

At a meeting of grain growers of the Cross Plains trade territory in the high school building here Tuesday night plans were outlined for co-operative marketing, whereby farmers of this locality hope to receive from one to two cents more per bushel for grain.

Only a small representation of farmers was present Tuesday night, however, the plan was adequately explained by H. G. Lucas, of Brownwood, and time for another meeting was set. The next meeting of farmers to discuss the association will be held in the school building at Dressy tonight (Friday) at eight o'clock. Mr. Lucas and others of Brownwood, familiar with the workings of the association and its success in the panhandle, will be present at the meeting at Dressy.

Farmers from all over the Cross Plains trade territory, regardless of in which county they reside, are invited to be present.

The plan of the association is for wheat growers throughout this locality to join together in forming a body which will purchase grain at the highest possible price and ship directly to the Farmers National Grain Corporation, the largest grain buying organization in the world. Members will not be forced to sell their grain to the association and will be free to sell to any buyer who offers a better price.

Each man entering into the association will be required to buy at least one share of stock for \$5.00, the money from which will be used to install a portable elevator in Cross Plains. The portable elevator will load grain directly from wagon or truck into railroad car ready for shipment.

The stock which farmers are required to buy can be paid for in cash, or either within three to five years. The stock will entitle the farmer to share directly in the profits of the organization. And in the event of a loss in the institution the holder of the stock will not be liable for any further payment.

The meeting at Dressy Friday night will be called to order at eight o'clock. Farmers from any and all parts of the Cross Plains trade territory are urged to be present.

### J. D. CONLEE TAKES OVER BUTLER PLACE

J. D. Conlee assumed management of the W. E. Butler service station and grocery just West of town on highway 23 Monday morning. Mr. Conlee has been doing remodeling, improving and rearranging at the place practically all week. He has also arranged for a larger quantity of groceries, which will arrive Saturday morning.

Mr. Conlee told the Review Wednesday night that beginning Saturday he would also buy chickens and farmers produce. He stated that he would continue to handle Gulf gasoline and oils at the location.

Mr. Conlee is well known throughout the Cross Plains trade territory having resided here virtually all of his life and been in public work for a number of years.

Mrs. M. E. Baldwin, of Bluff Dale, is visiting her son W. B. Baldwin and family here at present.

### DELEGATES BACK FROM CENTENNIAL MEET AT AUSTIN

Mrs. George B. Scott, of Cross Plains, and Mrs. W. H. Norred, of Putnam—Callahan county's delegates to the Texas Centennial advisory board convention—returned last week end from Austin where they attended the first session of Centennial delegates to plan the celebration which is to be held in 1936.

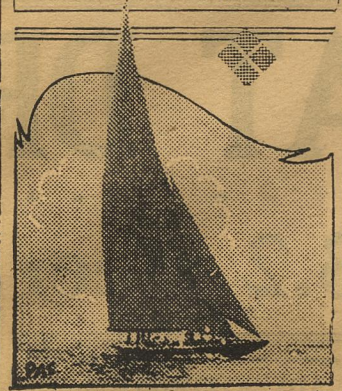

The Texas Centennial commission and its advisory board organized permanently and the commission set September first as the date for receiving proposals from communities which want to offer "financial inducement and support" for the main show of Texas' 1936 celebration.

Communities wishing to participate with events other than the main show were given until Nov. 1 to submit proposals.

Twenty-five of the 33 Texans named by statute to membership on the commission, elected Cullen F. Thomas of Dallas president, Lowry Martin of Corsicana vice president, Gus Taylor of Tyler,

treasurer and Will H. Mayes of Austin secretary. The latter post is a paid position, and the election necessitated Mr. Mayes' resignation as a member of the commission.

### DeLeon Farmer Shows Robbers His Bank Statement To Prove He Has No Cash At Home As They Assumed

Robbers threatened the life of Amos Tension, Duster farmer, at his home there Wednesday night. Tension, a single man who resides with his aged mother on their farm twelve miles west of DeLeon, was lying on a cot on the front porch of their home, his mother sitting in a chair nearby. Suddenly two men, one of them masked, made their appearance on the end of the porch and leveled guns at the pair, demanding money which they evidently believed to be kept about the premises. They were assured that no money was there, but persisted in their demands, threatening to shoot Tension's toes off, and finally threatening to "bump him off" if the money was not produced.

After both Mr. Tension and his mother had assured them that no money was kept at the place, they demanded to see his monthly bank statement and deposit slips and were finally convinced that a small amount of pocket change, approximately \$10, was all that was on the place, which they took. Threatening the pair with death if they attempted to notify the officers that night, and after cutting the telephone line, they left, taking with them Mr. Tension's gun, which they unbreached and left hidden under some persimmon trees nearby. Finger prints on the gun may provide a clue.

Mr. Tension is a rather large man, yet one of his assailants was still larger, the other being of medi-

um size. The larger of the two was masked. The pair started to tie Tension up with wire, asking him where wire could be found for the purpose. They later changed their minds. The pair used much abusive language and threats, badly frightening the aged woman. Officers were notified Thursday morning and County Sheriff Brighman and others went to the scene. There is no positive clue to the identity of the pair. DeLeon Free Press.

**THREE "GOOD ONES" COMING TO LIBERTY IN NEXT SEVEN DAYS**

"Here's news for the theater going public", said W. A. Beavers, manager of the Liberty Theater here, in announcing to the Review his billings for the next seven days. "The Big Chance", which opens at the Liberty tonight for a two day run, is a sensational expose of the prize fight racket. It tells of the crooked promoters, who try to frame innocent fighters and sometimes get theirs when a real "pug," steps into the ring and shows them up as cheaters. "The Big Chance," boasts a splendid cast headed by John Darrow, and Merna Kennedy.

Sunday, Monday and Tuesday, the Liberty will offer Bert Wheeler and Robert Woolsey in "Hips, Hips, Hooray". Other headliners in the cast are; Ruth Etting, Thelma Todd, and Dorothy Lee. The story of "Hips, Hips, Hooray," is keeping with the production, is mad, merry and musical. Wheeler and Woolsey portray peddlers of fruit-flavored lipsticks who succeed in capturing a huge cosmetic concern headed by Thelma Todd and Dorothy Lee. Simultaneously, they secure the hands and hearts of these maiden proprietresses, irking the villainous George Meeker, manager of the beauty salon.

Wednesday and Thursday the Liberty has booked, John Boles and Gloria Stuart in "Beloved". A special feature with the Wednesday night showing will be a movie flash, giving actual, authentic scenes from the killing of Clyde Barrow and Bonnie Parker.

"Selected short subjects" will be shown with each of the presentations during the next seven days", Mr. Beavers concluded.

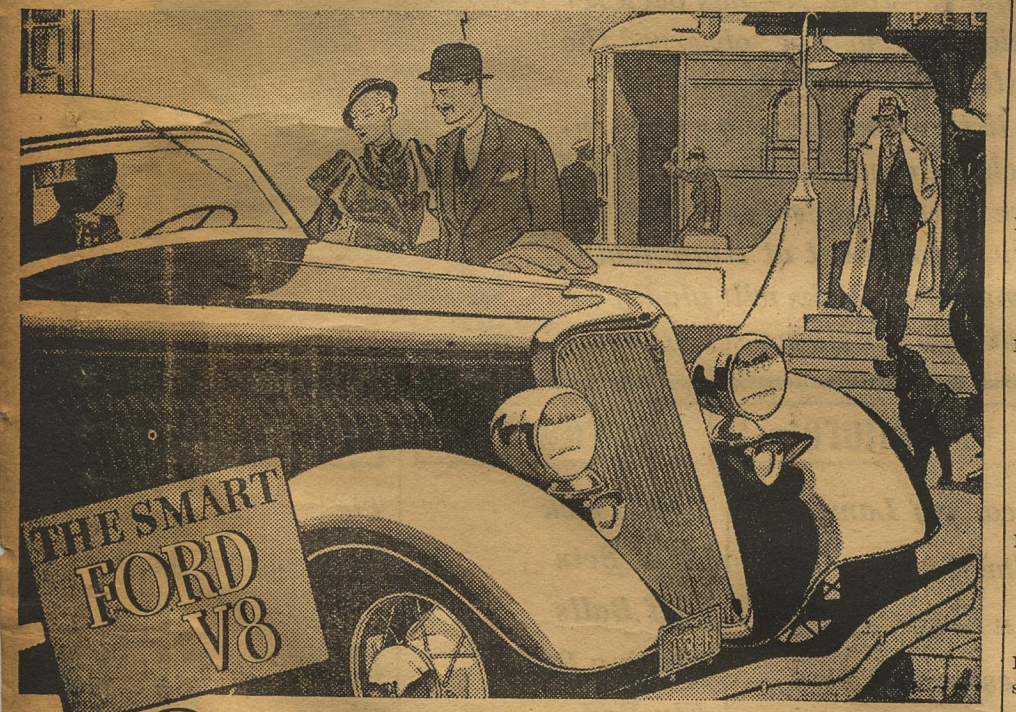

**CROSS CUT TRIMS GROSVENOR SUNDAY**

Grosvenor's scores were brought in by Horton, Baskett, and Owens.

The game was close from start to finish, with each inning producing ample thrills for the large crowd of spectators.

EASY TO ERR

Just had a letter of inquiry from an anxious wife in a neighboring state; she is anxious about 66-year old husband. Somebody told her to write me.

He had what is known as a "stroke" nearly one year ago. Was at the hospital four weeks immediately following the unfortunate collapse, and has been in bed "most of the time ever since." Can only hobble around with crutches and with two helpers besides.

This man evidently had a hemorrhage in the brain. One of his arms hangs helpless at his side—the nerves paralyzed. Such things are classified usually under the heading of "Nervous Diseases," though they may be broken-down blood-vessels.

The great error: If this man had heeded certain warnings, such as high blood-pressure—and maybe rapid increases in bodily weight—and if he had just kept in touch with his physician and had his diet carefully supervised—he might not have had this serious condition to battle with. But men will push on and on—

Another error. This man must have had good treatment while in the hospital—but expenses were prohibitive; he went home, and, then began the experiment—with a bone adjuster! Adjusting the bones

## Grand Jury Says Beer Being Sold Illegally By Law

in danger of having to buy feed to  
 make our crop. A farm that will  
 not feed its livestock is not going  
 to be a profitable venture very  
 long.

"If cotton farmers need to feed  
 that their rented acres might make  
 (provided we get a rain) then we  
 have blanks to fill for that re-  
 quest also. Any farmer who has  
 discussed feed with us knows that  
 the county agent believes in more  
 feed and fatter livestock. Don't  
 become alarmed about the govern-  
 ment interfering with your farm-  
 ing program if you play fair and  
 do not try to take advantage of  
 other peoples rights. The agricul-  
 tural section is anxious to help  
 men to the realization of full barns and  
 fat livestock with no lack of food  
 or feed and no burdensome sur-  
 pluses."

to cease the operation of such  
 machines.

In your charge to this grand jury  
 you instructed us to investigate the  
 rumor that beer is being sold ille-  
 gally in certain parts of our coun-  
 ty; you stated that in your opin-  
 ion certain precincts in Callahan  
 County, Texas, were dry and that  
 no one had a right to sell beer in  
 such precincts. Our investigations  
 showed this to be true. We also  
 find that the Attorney General of  
 Texas in a recent ruling to the  
 County Attorney of Callahan Coun-  
 ty, held that these certain pre-  
 cincts in Callahan County were dry  
 and had no right to allow beer sold  
 therein. However, we find that  
 permits have been issued to indi-  
 viduals giving them permission to  
 secure license to sell beer in these  
 precincts. It appears to the grand  
 jury that because of this fact it  
 would be unfair to vote bills of in-  
 dictment at this time against these  
 citizens. We are of the opinion, in  
 view of the ruling of the Attorney  
 General, and in view of the fact  
 that permits and license have been  
 issued, that it would be fair, just,  
 and a matter of economy for the  
 Commissioners Court of Callahan  
 County to call elections in these  
 precincts to determine the wishes  
 of the people in this matter. In  
 this way if the said precincts vote  
 wet, then the establishment can  
 proceed to sell 3.2 beer, and if they  
 vote dry, the ones to whom the  
 permits were issued and from the  
 County and State took the license  
 fees, can close their business and  
 receive their fees back. We believe  
 that in the long run this will be  
 cheaper than prosecutions or in-  
 junctions, and will give the people  
 of each precinct a chance to ex-  
 press their wishes in the matter,  
 your grand jury being representa-  
 tive citizens of the different parts  
 of the county and believing in up-  
 holding the law in all things—and  
 yet desiring to be fair, respectfully  
 recommends to the County Judge  
 and the Commissioners Court that  
 they call elections in such pre-  
 cincts and thus give the people in  
 each precinct an opportunity to ex-  
 press their wishes. In case this is  
 not done at once, we recommend  
 that the District and County At-  
 torney take action to stop the un-  
 lawful sale of beer in these pre-  
 cincts. The District and County  
 Attorney and Sheriff join in this  
 recommendation.

We find the conduct of our citi-  
 zenship good and justly proud of  
 our county record in this respect.  
 The officers, the county and all  
 members of the different courts  
 are to be commended for the man-  
 ner in which they discharge their  
 duties. We extend our thanks to this  
 court and all officers thereof for  
 their courtesy and cooperation we  
 have received from them. Our  
 work being complete, we ask that  
 we be discharged.
