NUMBER FORTY-SIX

New Fire Truck Contributions Totals Nearly \$2,000. According To Walker

The financial drive, now being sponsored here by the Volunteer Fire Department and the Chamber of Commerce is rapidly nearing the goal of \$3,000.00 which has been set, with \$1,932.50 being subscribed

to date, according to an announcement made by Fire Chief V. C. Walker this week. The proposed new truck will be a tank type, capable of carrying

a sizable amount of water to the scene of a fire and will provide the local fire department with equipment for fighting fires in urban and rural districts in this area, as well as being useful for fighting fires here in the city. The new truck will be capable of pumping water as it moves, making it ideal for battling grass fires. According to Walker's records, the following firms and individuals have contributed to the fund to date:

Cross Plains Fire Dept. \$20000 40.00 E. I. Vestal S. N. Foster & Son 25.00 Frozen Food Locker Co. 15.00 West Texas Utilities Co.... 100.00 Clyde Bunnell 10.00 D. C. Lee 10.00' A. F. Old Landmark Being Razed On Main Street

> Two old buildings on South Main Street are to be replaced with new structures in the near future, according to announcements by Jim McMillan

and Mark Adair, this week. The two old buildings formerly housed a domino parlor and the McMillan Shoe Shop. The building housing the domino parlor has been sold by Mark Adair and has already been moved from the site and the building now occupied by McMillan will be torn down and new construction will begin on the lots as soon as possible.

According to Mr. McMillan, the new buildings will be of concrete and tile construction and will add much to the appearance of Main Street.

The razing of the McMillan building marks the end for one of the last old buildings on Main Street, according to several of the old-timers here.

Tax Collections Are Reported Good Here

Work Progressing On Fence Around Football Field; Labor Needed

Chairmen O. B. Edmondson and Bailey Wilson stated this week that work is progressing on erection of the fence around the high school football field, with posts being cut, welded and cemented on the south and east sides of the field and boys from the school agricultural class are now busy cleaning and painting the posts with aluminum paint.

The chairmen asked the Review to issue a call for volunteer workmen to help with the project and anyone interested in helping with the erection of the fence is asked to contact either Edmondson or Wilson. To date only a few men have donated their time and it is hoped that a number of men can be lined up this week to complete the job as soon as possible.

J. Y. Seward, superintendent of the Pioneer Gasoline Co., announced this week that his crew would begin construction on the new press box in the near future and stated that it would be 16 feet long and eight feet wide and would be connected to the back of the west side stands squarely on the 50-yard line. His company is donating the material and labor for the framework which will be

When completed the field will present a very attractive appearance and will be one of the finest

SCS Supervisors Vote Seed Drills For Area

The Board of Supervisors of the Central Colorado Soil Conservation District in regular meeting at Coleman, Monday, voted to purchase three grass seed drills to be made available to farmers and ranchers of this district.

In School Competition Miss Billie Jean Wright, daughter of Mr. and Mrs. George Wright of this city, was the winner of the

beauty contest held Friday night. February 8. in the high school gymnasium. Helen Coffey was runner-up and Velda and Thelda Crow took third place.

Miss Wright was escorted by Charles Barnard, Miss Coffey by Morris Ray Cavanaugh, Velda Crow by Bobby Oliver and Thelda Crow by Johnnie Adair.

There were 29 entries in the contest this year. Judges were from Hardin-Simmons University, Abilene.

Other presentations made were: Grade school queen: Sidney Mc-Clure, escorted by Dale Mitchell. Bison queen: Barbara Illing worth, escorted by Bobby Vaught voted most versitile boy.

Last year's most beautiful girl: Barbara Hutchins, escorted by James Barr.

Best citizen selected by high school teachers: May Alexander, escorted by Buford Conn. F.F.A. sweetheart: Billie Jean

Wright, escorted by Charles Barnard. Football sweetheart selected by

football boys: Eddie Fave Rouse, escorted by Bobby Dillard. The program was under the di-

rection of Mrs. Vernon Mikel, annual sponsor. Mrs. B. K. Eubank furnished music throughout the evening.

According to reports from those shown in grass seeding and prob- in attendance at the affair, a new singing star was discovered during the program. He is Johnnie Adair, who sang. "Because of You." dur

County Red Cross Drive Starts March 1: Quota Set At \$1,550

The Red Cross drive in Callahan County will get underway March 1, with the 1952 quota for the county set at \$1,550 stated Mrs Myrtle Berry, chapter chairman. The following chairmen for the

drive have been selected to work in the different communities over the county: Mrs. Loren Everett Putnam; Miss Maurine Eubank Admiral; Miss Hazel Respess Cottonwood; V. C. Walker, Cross Plains; Mrs. A. C. Baker, Rowden; C. W. Thompson, Eula; Mrs. Tom Odom, Denton Valley; Mrs. G. B Poindexter, Oplin; Homer Swafford, Clyde; Mrs. Lonnie Ray, Baird. Mrs. Ashby White is fund chairman for Callahan County. Callahan County Red Cross Chapter has received the American National Red Cross Certificate of Honor for distinguished achieve-

ment in the 1951 Red Cross Fund Legion To Sponsor **Community Night**

Here Next Tuesday

Mrs. E. S. Hamlin Mrs. Elvis Scott, president of the American Legion Auxiliary here **Buried At Oplin** announced yesterday that the Legion and Auxiliary will sponsor a community night entertainment

program at the Legion hall here next Tuesday night, February 19 starting at 7:30.

She stated that music, able games and games for the kids would be played throughout the evening and that light refreshments would be sold by the auxiliary during the evening. Mrs. Scott pointed out

year. that there would not be an admission charge and everyone in the 3:00 p.m. Sunday in the Wylie community is extended, a cordial Funeral Chapel at Baird, with invitation to be present and enjoy ourial in the Oplin cemetery. the evening's entertainment.

Burkett Boy Receives Bowen Show Award

Convention To Meet At Don Gray of Burkett was the Admiral February 17 recipient of the Bowen Showmanship Award, presented each year

by Robert Bowen to the lad who exhibits the best showmanship of fat steers at the Coleman County Livestock Show.

Bowen was out of town at the time of the show this year and thereby was unable to make the presentation then.

The award was presented to young Gray last week at the Burkett school before the entire school assembly, Supt. W. R

Chambers called the assembly, and owen made the presentation

One of the prettiest sights in

local March of Dimes campaign Brings Forth Early reported this week that a total of Fruit Tree Blossoms Spring has arrived in Cross

\$740.78 had been raised here for the annual funds drive. A program, food sale and auc-Plains! At least, to all outward tion, held at the high school gymappearances, one would think

nasium Thursday night of the past week climaxed the drive, and over \$600.00 of the total was raised at that time.

With a large crowd present, the evening's activities was started with a supper served by the ladies of the community, after which a hilarious amateur program was rendered by local talent under the direction of Miss Billie Ruth Loving Pat McNallen. The show was a take-off on the popular radio program, "Live Like a Millionaire." Everyone present agreed that the talent was as good as could be found anywhere and that the program was equally as good as the original show on the radio. In close competition, Miss Wilda Queen was picked as the winner. The members of the local MOD Committee are to be commended for their work in the drive and it is felt that the money raised this year compares favorably with the larger amount raised last year because of the extended drouth over this section.

Cross Plains died early Saturday morning at the home of her **Shuford Announces** daughter following a long illness. HEALTH NOTES

Inasmuch as the incident of whooping cough in Texas is excted to show an increase during e coming months, Dr. Geo. W. State Health Officer, reased a statement today urging at strenuous efforts be made to ntrol the spread of this debilitatchildhood disease. There were

1273 cases reported during the first five weeks of this year.

"Whooping cough can only be contracted by direct exposure to the disease, and isolation of cases must be universally practiced if the incidence is to be controlled," Dr. Cox stated.

"The infectious agent or germ of whooping cough is transmitted by droplets expelled in coughing, sneezing, or speaking," Dr. Cox said. "The discharges from the nose and throat are dangerous to susceptible persons; the need for early recognition and careful isolation of whooping cough is obvious. Your family physician should

be called at the first sign." "The first symptom of this disease is usually a dry cough,

which persists day and night and at Coleman.

KEEP YOUR CAR PURRING LIKE A KITTEN

Our staff of trained mechanics know every inch of your car from bumper to bumper. And they have wonderful equipment to work with-Motor Analyzers, Brake Machines, Wheel Alignment Machines. In fact, they have all kinds of specialized tools and machines. This, combined with their experience and know-how, assures you of A-1 repair service to keep your car running at its best. Free estimates always.

> **BISHOP CHEVROLET CO. Cross Plains**, Texas

tends to become increasingly severe. The disease is fully developed when vomiting of food and whooping accompany the paroxysm of cough. Dr. Cox stressed the fact that children who have whooping cough should not attend school or come in contact with other children until three weeks after the appearance of typical signs of the disease

R.I.P.*

"Prevention and control of whooping cough, especially among infants and small children, may be accomplished through use of approved vaccine and convalescent serum," Dr. Cox asserted," and it is important that such measures be taken to protect them. Neglecting to do so, and allowing the young child to suffer an attack of this disease, may seriously impair his future health."

Mr. and Mrs. Fred Morriss and daughter, Melody, of Fort Worth and A. L. Barr of Midland spent the week end with relatives here.

Q-I am taking a correspondence

course under the GI Bill, which I hope to finish soon. Would I be permitted to sign up for an advanced phase of the same course, also under the GI Bill, even though the 1951 cut-off date has passed? A-Yes. But you must submit your application to VA for the advanced course before you complete your present course.

Q-I am a former truck driver, and I lost a leg in the Korean fighting. When I apply for disability compensation, will my payments be higher than they'd be if I'd been an office worker, for

example, who could go back to his job even though he had a leg missing?

A-No. Generally, disabilities are rated on the basis of average impairment of earning capacity resulting from such injuries in individual occupations into consideration. Q-I am a paralyzed veteran, entitled to \$120 a month pension because I need the constant aid and attendance of another person, in order to get about. Must that

other person be a nurse, or could it be someone in my own family? A-That person need not be a nurse. It may be any person, including a member of your own family.

As Disaster Areas

Counties To Be Listed

The prolonged dry weather has

resulted in the designation of 89

counties in Texas as disaster areas.

No estimate is available of the ac-

tual losses sustained by farmers

tion Service of Texas, under date conditions last year. of January 15, 1952. The map depicted conditions

covering about two-thirds of the State extending from Bailey and El Paso counties on the west to Cherokee on the east and Starr on the South. Over this area, conditions are described as severe. Only in one-fifth of the counties are adequate moisture and cover conditions reported. A survey completed recently by Cappleman's staff indicates credit conditions are tight, which prompted designation of the counties as disaster areas and Farmers Home Administration has made available funds for crop production purposes.

The record breaking drouth cut crop yields drastically and because of low crop income many farmers have been unable to finance production of this year's crop. Disaster loans are available in each county designated as a disaster area. Farmers who have suffered production losses on crops and livestock may apply for funds to pay for seed, fertilizer and materials for insect control where needed, gas and oil for tractors, feed for livestock, essential farm and home operating expenses, and repairs to machinery and other expenses incident to production of a crop. Credit is advanced under au-

thority of Public Law 38 and is available to family-type farmers who have sustained losses, and who cannot obtain from local sources the funds requested to plant a crop this year. Farmers may apply for loans at the office of County Supervisor Clarence Symes located in the court house in Baird, Texas.

Cappleman admitted some concern about the lateness of the season and the lack of moisture and other favorable planting conditions. With the Department of Agriculture calling for full scale production in 1952, many areas of the State are going to be hard put to get acreage planted to the crops wanted in the production program. 'Despite adverse growing conditions, I believe farmers will come through, he said.

COST \$1,250 TO IMPROVE A PASTURE GOT IT BACK IN 3 MONTHS

That's what one Texas farmer did. It cost him \$1,250 to improve a 35 acre farm. But in three months increased milk production and the decrease in feed costs paid the \$1,250 back plus \$200.

He made a "crop" profit and at the same time he rebuilt the fertility of the soil.

Grasses and legumes plus crop rotation are working wonders. You gain in two ways from a grass-legume program. In rotation with crops, yields are higher. Your land because of increased fertility, even in permanent pastures, is worth more.

Talk this over with your Soil Conservation Service and your County Agent.
