MRS. REED IS HONORED AT SHOWER TUESDAY

Washington, November 25—Only last month this column praised President Roosevelt as being the first occupant of the White House to recognize old-age pensions as a moral obligation of the U. S. Government, and lauded him with: "Had his administration brought into existence nothing constructive besides pensions for the aged, the name of Franklin D. Roosevelt would still go down in history as that of a great President, a far-seeing statesman, an outstanding friendly helper of mankind." Also, in my release for the week just past I made bold to assert: "I can not believe Mr. Roosevelt entertains the thought of becoming a dictator."

Since then I have made a very careful study of the so-called wages and hour bill! In fact I have just now finished reading it. In harping President Roosevelt's impractical and economically impossible proposals I do not, by that token, presume to blast everything bearing the Roosevelt indicia. For the purpose of keeping the record straight I am reminded that this column applauded most, if not all, of the President's broad and liberal social policies—until he launched that punitive expedition into socialistic midwifery on the body of the Supreme Court. Moreover, in criticizing Mr. Roosevelt's acts, I am holding no brief for Mr. Hoover's late but unimpaired regime, with its namby-pamby sit-down and do-nothing mania.

But—if President Roosevelt's pet agenda for the control of wages and hours, known as the Glass-Cornery bill, is not as red as the flag of Soviet Russia, then I am color blind. For its political darling, matched in bravura only by his abortive attempt to enlarge the Supreme Court, the Administration's "must" bill for the enslavement of labor and ruination of industry would strip the whole show, and leave any Stalin looking like a sick amateur. This so-called wage and hour bill is the closest and most cleverly conspired approach to actual dictatorship yet devised outside of Europe. The slick political adroitness of this whole scheme for bringing down upon the heads of a trusting people such a diabolical set-up for inquisitorial despotism must surely arouse hot envy in the breasts of Messrs. Hitler and Mussolini and cause these gentlemen to know humiliation and shame for their comparably inferior I. Q. ratings in the school of political cunning. To think, in all these years of ruthless rule by the firing squad, they had overlooked such a masterful stroke—one so astoundingly simple yet so powerful effective.

The chief difference between a self-revealed economist and a hoodlum is the hoodlum does not pretend to understand economics. Whether President Roosevelt covets to administer a national government for the country's financial pro-embodiment, or is deliberately, if blindly, prescribing a compulsory drench of eulogistic purge, the fact remains that his so-called wage and hour bill, while cloaked as an aid and benefit to labor, is in fact nothing less than a bull and chain for both labor and industry. The bill would set up an arbitrary "board," and provides that this board "may classify employers, employees and employments, and give absolute power for the control of everything within range of these classifications, thus regimenting everyone who works and everyone who hires.

Q. What did Bean do after his Mexican revolutionary war service? A. In 1834, he was sent to the United States in the interest of the Mexican Republic, and each was given a command under Gen. Jackson. After the war the United States and Mexico; built Fort Teran on the Neches in 1832 became close friend of Houston and was helpful in keeping Indians quiet in 1836; after which he returned to Mexico and married a refined Mexican woman whom he had met during the revolution, when he settled down and lived happily until his death October 3, 1865.

Q. How long were the Pineda and Cortez explorations in Texas and Mexico after the discovery of America by Columbus? A. Twenty-seven years — from 1500 to 1527. Q. How did Ellis P. Bean escape from the Mexican prisons? A. When the 1811-12 revolution was in progress, the viceroys offered him liberty if he would enlist in the royal army. He accepted the offer and at the first opportunity went over to the revolutionists under Gen. Morelos, and soon became a colonel. He commanded the troops and captured Capt. ... was so

COUNTY AGENT'S COLUMN

Pecan Week, November 28, December 4th.

For the third year Governor Altred has proclaimed a "Pecan Week." Governor James Stephen Hogg made the pecan a most noted tree in Texas by designating it to be planted on the capitol grounds and then upon his own grave, which subsequently led it to be designated as the state tree.

In 1935 the crop amounted to one hundred million pounds and was sold out in two years under adverse business conditions. This year it is estimated that about 74 million pounds will be harvested. A pound of pecan meats are valued as the equivalent of five pounds of steak. Pecans are one of Texas' natural resources; they are more nearly adapted to the soils of Texas than any other states and Texas does produce the most wonderful nuts in all the world. So, let's buy pecans this week, grown in Texas by our own people and help our own producers.

Pig Notes

Do you know that the average litter for Texas are showing about six pigs? It is estimated by the United States Department of Agriculture that 40 per cent of the pig losses are caused by improper bedding arrangement. Very few farrowing pens are provided with rail around the wall which prevents the sow from laying down on the pigs. This rail is erected about eight inches from the wall and at a height of about eight inches from the bed or the ground. Pigs as the sow lays down the pigs may run back under the rail and avoid being crushed.

Do you know that the average farmer farrows 100 pigs for each pig that live to be weaned? And that each pig at birth represents an investment of 140 pounds of sow feed? A fair estimate of the value of such feed would be not less than 2 cents a pound which means that each pig is worth about \$2.80, day's market. Pig culture is as important and as essential to the grower as the saving of a sheep, a calf, or colt is to the grower of these animals.

Community Committeemen Elected County wide elections were held for the purpose of selecting county committeemen and their alternates for the coming 1938 farm program. Callahan County is giving a quota of nine community committeemen or three committeemen for each 500 farmers or a portion thereof. The census shows that Callahan County has 1623 farms, therefore, we have three groups of 500 each. This year the county is redistricted so as to try to get divided into types.

The central portion includes, Baird, Bayou, and Oplin. This grouping includes most of the rich land of the county, but not

all, of course. Community No. 2, includes most of the cotton and grain lands, and the peanut section. This was grouped to include the communities of Clyde, Eula, and Denton. There are three committeemen in each of these two divisions. The third division includes Putnam, Atwell and Cross Plains which also includes ranch land, cotton land, and peanut land. Three committeemen are selected for this section also.

Saturday, December 4th the community committeemen will meet with the county agent at 2:00 o'clock and elect from their midst a chairman for each group of 3. The chairman automatically is stepped up to become a member of the county committee. The alternate from his section then will take his place as community committeeman. The new county committee will handle all of the 1937 unfinished business and will handle the 1938 program.

The committeemen that have been certified today (Monday) are A. E. Young, Baird; Ed Davis, Bayou; S. S. Harville, Oplin; Joel Griffin, Clyde; Aaron McKee, Eula; T. N. Mohix, Denton; Fred Stacy, Cross Plains; S. N. Foster, Atwell. Putnam had not reported at this writing.

County Agents of Callahan County

Callahan County has had the services of four county agents since the work was first put on October 1, 1936. On that date Roger Q. Evans was appointed and served until August 18, 1937 or one year and ten months. The county paid him \$66.66 per month. On the 26th, day of December the same year I. B. Cupp was appointed and served until June 30, 1939 or one and one-half years. The county paid him \$25.00 per month. At the same time they paid their county judge \$83.00 and the sheriff \$26.00 per month. As someone remarked, "Things were tough about then."

The county was without an agent for the next six years but on January 1, 1926 A. M. Cooper was appointed county agent and served until January 31, 1932. He served six years and one month. He was paid \$83.33 per month. For eleven months of 1932 and nine months of 1933 there was no county agent. When the A.A.A. Program was launched in 1935 Ross B. Jenkins was appointed, effective September 25, 1935.

During the first three months of the A.A.A. program, June 24 to September 25, of 1935, Jenkins was paid direct from the Department of Agriculture from Washington and the county paid no part of the salary but beginning with October payroll in 1935, the county has paid the county agent \$66.66 per month or a total of \$800 per year. That is the salary that is now maintained and the same salary is paid to Miss Clara Brown, County Home Demonstration Agent.

DINNER FOR FAMILY, SEVEN GUESTS SERVED BY HOME EC. STUDENT

Margaret Browning, one of the very active students, in second year Home Economics, in Cross Plains high school, entertained her family and seven out of town guests, with a delightful dinner Saturday evening of last week. Those attending were: Mr. and Mrs. C. M. Browning and boys, Ronald and Billie Ray Browning, of Pioneer; Mrs. C. Brantley of Bronte; Mr. and Mrs. Sam Christens of Comanche; Mr. and Mrs. W. E. Browning, Harold and Wanda Lea Browning of Cross Plains. The dinner consisted of Pikes Peak roast, and gravy, carrot timbales, mashed potatoes, cranberry salad rings, hot rolls, coffee and mince meat pie. The entire dinner was planned, purchased, prepared and served as part of the home work of the home-making students and was accepted as a very successful affair, by all those present.

R. A. BOYS BANQUET WEDNESDAY NIGHT

The Royal Ambassadors of the Cross Plains Baptist church enjoyed a banquet in the church basement Wednesday night, after which they rendered a program at the regular prayer meeting service in the auditorium of the church. The banquet and program were in honor of the Lottie Moon Christmas offering for missions, and were sponsored by the Woman's Missionary Society. Boys present at the banquet and taking part in the program were: Donnell Clark, Paul Smith, Ray Baum, Cecil Rudloff, Alvin Kemper, Jack Hingworth, Jerry Angeley, Eugene Johnson, Bill Russell, Eugene Gray, Neal Smith, Harold Donaldson, Jack Ripper, D. e. n. Womack, Jimmie Lancaster, Clay Kinnaird, Jack Jiles Upton, Robert Lewis Smith, Bobby Hingworth, Rex Angeley, Delbert Kinnaird, Glenn Wooten, Clint Taylor, Junior Proctor. In charge of the program were Mr. and Mrs. J. E. Henkel, Mr. and Mrs. C. W. Kemper, Mr. and Mrs. Marvin Smith, Mrs. Jeff Clark, Mrs. J. W. Dunlap and Mrs. S. M. Buatt.

14 BUFFALOES WILL GET GRID LETTERS

One final act remains to culminate the 1937 football season for Cross Plains high school Buffaloes. That will be the awarding of letters to 14 athletes. The awards will probably be jackets, for which the boys have already been measured. Lettermen were announced by coach Bill White yesterday as follows: Co-Captains J. H. Childs and Lloyd Flahe, Albert Essery, James Hall, Granville Flores, Cornelius Elliott, Donald Strahan, Bruce Strahan, Frenchy Bennett, J. P. Henderson, Basil Lusk, Colvin Lackey, Teddy Walker, Jack McMillan.

LUBBOCK MAN NEW THEATRE MANAGER

Joe Boles, formerly of Lubbock, became manager of the Liberty theatre here this week succeeding W. A. Beavers. Mr. Boles is no new comer to the show business having been identified with that field for a number of years. Recently he managed at theatre in Crosbyton and prior to that he was associated with the Griffith Amusement Company. E. E. Lutz of Dallas, manager of the local theatre, was in Cross Plains over the week end and, according to Mr. Boles, supervised extensive improvements in the theatre's sound system. "I believe we have a plant capable of giving Cross Plains people entertainment as interesting as they can find in Texas; looked during the holiday season are some of the year's greatest pictures," said the new manager. Billings for the ensuing week are announced in the theatre's usual advertising space on the last page of today's Review.

THEY GAVE HIM A GUN AT LIBERTY

Riding on the crest of the wave for his sterling performance as the heroic Portuguese fisherman in "Captains Courageous", Spencer Spencer Tracy now maintains his standard of "excellent acting in a new picture. This one is the Metro-Goldwyn-Mayer adaptation of William Joyce Cowen's novel, "They Gave Him a Gun." The picture comes to the Liberty Theatre Sunday and Monday, with Gladys George and Franchot Tone as Tracy's colleagues. W. S. Van Dyke II was the director. He has followed the memorable story of war closely, as the author, himself a former soldier of the line, described it. But more than that, the picture clings to the powerful psychological effect of war on certain characters, long after the conflict is ended. The scars remain on their souls. The supporting cast includes Edgar Dearing, Cliff Edwards, Mary Treen and others. The story describes a circus barker who enlists in the regulars and there, up in the lines, meets a small-town clerk who has just learned the deadly use of a gun. They both fall in love with the same girl, a Red Cross nurse. The ex-circus barker is reported missing and she marries the workling, out of pity for his helplessness. But the other man escapes from an enemy prison camp and they meet again in the States after the Armistice. Now, an expert with firearms, the clerk has become a crack. The circus man tries to save him from himself, still loving the girl.

CALLAHAN SCHOOL SUIT IS REVERSED

Union school district of Callahan county was returned to its original status as such by an opinion handed down by the court of civil appeals at Eastland. Residents of the district voted, following the burning of the Union school building several months ago, to dissolve the consolidated district. A suit was brought against the district by J. E. Wood and others in 42nd district court, and Judge Milburn S. Long held the election valid. Reversal of the case by the appeals court means that that body found the election invalid. Appeal of the suit to the state supreme court is expected, however. The new Bayou school building in Southern Callahan county will be completed by Christmas, according to County Superintendent R. C. Christman. The district is a consolidation of five districts, and is located 18 miles West of Cross Plains.

REWARD! To any reader of this newspaper who can show us how we can afford to continue sending the paper to subscribers who are not paid up after January first. Increased cost of news print, the principal raw material which goes into the publishing of a newspaper, forbid us from respecting our wishes in the matter. We have no choice. It will be utterly impossible to carry delinquents. For that reason we are making a concentrated effort to renew all old subscribers before the present bargain day offer—a thirty three and one third percent reduction—expires. If you have not renewed your subscription this Fall now is the time to do so. Please do not force us to remove you from our mailing list by reason of your non-payment. A single dollar bill will send the Review to any address in 50 miles throughout the entire year of 1938; elsewhere \$1.50. If not convenient for you to drop in and renew your subscription mail your remittance. AND BY ALL MEANS DON'T FORGET THE BARGAIN DAYS ARE RAPIDLY DRAWING TO A CLOSE AND WHEN THEY ARE OVER WE MUST RESUME OUR FORMER PRICE OF \$1.50 IN THE CROSS PLAINS TERRITORY AND \$2.00 ELSEWHERE. WH HAD PART THE BEGINNING OF THANKSGIVING. Every reason for the institution of Thanksgiving Day was the Pilgrims the few of them after that terrible first year and disease, wanted to thank God for all his gifts. And so was born the day of Thanksgiving. It came a long way since in the matter of health, people think of Thanksgiving in connection with the health of the nation. We are so accustomed to health that we hardly give thought until illness strikes. The Department of Health has labored for years to secure the public now enjoys the fruits of medical science. It has made in medicine, enabling thou-

WH HAD PART THE BEGINNING OF THANKSGIVING. Since that first Thanksgiving, the mode of transmission of many diseases has been discovered and the known preventives of diseases become common knowledge. Yellow fever, plague, and cholera have almost ceased to exist. Smallpox, diphtheria, and typhoid fever can be eliminated as a cause of death if a person takes advantage of the immunization. Malaria and other diseases can be controlled if the public demand for their control, as a part of every day activities of the government, be insistent, enough. During the past half century the expectation of life has increased about fifteen years. This means that a baby born in 1937 can be expected to live fifteen years longer than if he had been born fifty years ago. We have much more to be thankful for, in the matter of health, than did our Pilgrim forefathers, so let us in our individual Thanksgiving be reminded of the strides preventive medicine is making in improving health conditions in Texas.
