Move To Establish Markets Here

LOCAL FARMERS MAY USE STREETS; WILL CONTACT TRUCKERS

So long as traffic is not blocked, local farmers may display or sell their produce on any Cross Plains street of their choosing, decreed the city council Tuesday night.

"We are highly appreciative of the support Cross Plains has given by the farmers of this section and we welcome them to sell their vegetables, melons, fruits or produce anywhere they please, so long as traffic is not blocked," said a statement from the council, submitted to the Review for publication.

It was pointed out, however, that this freedom does not apply to itinerant peddlers. Only farmers of the Cross Plains trade territory may peddle here without the customary license.

An effort will be made by the Chamber of Commerce to contact produce trucks which operate throughout this section of Texas and get them in touch with local producers, in the hope of creating a strong market for farmers of this vicinity, according to Clyde D. Sims, president of the organization.

"Hundreds of cantaloupes, watermelons, tomatoes, potatoes and other vegetables were lost last year for the want of a market," Sims declares, "and we are desirous of seeing these losses turned into profits; and we intend to do our best to achieve this objective."

3 Hurt When Cars Collide On South Main Street Curve

Three were injured and two cars greatly damaged when autos driven by V. A. Underwood, local agriculture teacher, and a Rising Star lady collided at the turn of high way 206 on South Main Street late Friday afternoon.

MARRIAGE LICENSES ON INCREASE IN CALLAHAN

Applicants for marriage licenses have increased this month, reports Mrs. S. E. Settle, county clerk. Fourteen have been issued. Recent licenses went to Walter Campbell and Lucille Bolden, Julian Walter Mauldin and Susie Burks, J. W. Hickerson and Mrs. Hazel Winslow, Paul R. Triley and Martha M. Perkins, W. E. Martin and Beatrice Bishop, J. E. Buford and Amanda Davis, W. G. Willis and Ann Brazill.

BAIRD SCHOOL BOY HIT BY AUTO DIES THREE HOURS LATER

Rudy Bryant, seven year old Baird school boy, was injured fatally Monday afternoon when he was hit by an automobile as he ran into the street to retrieve a bounding ball. The accident occurred in front of the Baird ward school building.

ICE TEA GLASSES TO BE GIVEN LADIES AT THEATRE THURSDAY

Ice tea glasses will be given ladies who attend Thursday night pictures at the Liberty theatre, beginning next week—April 28—the Review was told yesterday by Joe Boles, manager.

DOMINO TOURNAMENT IN COTTONWOOD GYM

A domino and forty-two tournament, originally scheduled in the Cottonwood school gymnasium two weeks ago but postponed because of inclement weather, will be held Friday night, the Review was told yesterday. Players will be assessed 25 cents each, proceeds from which are to be used in paying for sweaters for the basketball girls.

ONE TEACHER HIRED AND ANOTHER RESIGNS

Leo Varner, Atwell school teacher, was elected to teach at Cross Plains next year by the board of trustees in regular meeting Monday night. The resignation of Miss Deores Tanner was also accepted.

Hammett Wins Sweetwater Invitation Golf Tournament

By eliminating Doug Jones, of Big Spring, one up in the 36 hole final, J. T. Hammett, Philpeco country club's ace sharpshooter, emerged victorious over a strong field in the annual Sweetwater invitation golf tournament Sunday afternoon.

Hammett, who is a student in Hardin-Simmons University at Abilene, took time out from his studies to enter the Sweetwater event, which formally opens tournament play in West Texas.

For a while in the late stages, it looked as if the Philpeco swatter would come away with an easy victory. But the tall Doug rallied sharply on the last four holes to give

the mighty gallery, which covered the fairways from edge to edge and packed around the greens, a pleasant chill as he carried things right up to the home hole.

They started out on the fourth nine with J. T. three holes to the good. He lost No. 30 to a birdie four but captured 31 with a par. On the short thirty-second, Hammett had a chance to go dormie four but he missed a two-foot sidehill putt and was still three up and four to go.

Almost Meant Title
That little slip almost cost him for Doug won 33 with a par and halved 34 to leave the new champion two and two to play. On 35, Hammett hooked a tee shot into a cedar bush, had to pitch clear and finally lost the hole to a bogey five. That brought them to the home green with the galleries adither ever Jones' last 36.

But Hammett played 36 perfectly. Doug, in the frog hair in two, chided dead for a par four. J. T. hit the green with his second and added a dead silence, puffed within two inches of the cup for a "give" and the title.

The issue was really decided on the second nine of the morning round. After taking a fat 41 going out and being one down, Hammett waxed warm. He fired a nifty 34, the best round of the day, and picked up three holes to be two-up at lunch time. Jones was never able to pick up this lost ground although he came very close in those closing minutes. The morning cards:

Par out 455 534 444-36
Hammett out 455 554 454-41
Jones out 535 555 445-39
Par in 435 534 444-36-72
Hammett in 325 534 544-34-75
Jones in 535 554 444-37-74

COTTONWOOD MAN'S MOTHER IS BURIED SUNDAY AFTERNOON

Funeral services for Mrs. M. L. Bennett, 87, mother of Otis F. Bennett, of Cottonwood, here held at Sweetwater Sunday afternoon. Interment was made in the family plot of the cemetery there, beside the grave of Mr. Bennett who preceded his wife in death by 12 years.

Mrs. Bennett succumbed Saturday morning at 2:20 after an illness of 19 days. She would have been 88 years old, age of December sixth.

Survivors include: Mrs. J. W. Lynch, Sweetwater; Miss Clara Bennett, Sweetwater; Otis F. Bennett, Cottonwood, and W. H. Bennett, Sweetwater, as well as nine grandchildren and four great grandchildren.

In young womanhood Mrs. Bennett taught school at Crab Apple, Georgia, in a one room log cabin. Recently a large building was erected on the grounds where Mrs. Bennett taught more than a half century ago, in memory of the first school and first teacher, the little log cabin was restored and is preserved in the present campus. The new structure bears a bronze plate dedicated to Mrs. Bennett, as a pioneer teacher.

THE MAID IN YELLOW TO BE PRESENTED IN PIONEER ON APRIL 22

The Pioneer school is presenting another opera titled "The Maid in Yellow" at the high school auditorium April 22, at 8 o'clock. Admission will be ten and twenty-five cents.

The opera is the same one that was given year before last. It was so pretty and successful that it is being given again because of the many requests. There will be over a hundred grammar and high school students in the opera, all being in costume. We extend an invitation to every one in Cross Plains to attend.

FOR COOPERATION IN CONSERVATION PROGRAM LAST YEAR

County Agent Ross H. Brison announces the receipt of \$67,916.43 worth of government checks to be distributed among farmers and ranchmen of the county. Of the amount, it is understood, that a large portion—exact amount of which was not immediately obtainable—comes to the Cross Plains vicinity.

Regarding the recently arrived checks Mr. Brison had the following to say yesterday:

Farm and ranch checks numbering 423 and totalling \$67,916.43 have been received at the county office and every producer having a check in the office has been notified to call for it. Checks have not been received on approximately 150 applications for payment but every effort has been and is being made to get those applications for payment paid off. In addition to making minor corrections on work sheets at the state office Mr. Cook, while at College Station with the work sheets, this week has been making any corrections possible at the state office on Applications for Payment to expedite payment on them.

The State Committee has accepted the County Committee's recommendation that ranchmen be allowed to start the deferred grazing practice as late as June 1st. Anyone wishing to earn 60 per cent of the range building allowance by preventing stock from grazing as much as 25 per cent of the range may do so.

A recent amendment provides that if the allotment to any farm is less than 50 percent of the sum of the 1937 cotton acreage plus diverted acres, the allotment shall be increased to 50 percent, provided that the increase does not bring the allotment up to more than 40 percent of the tilled land on the farm.

"FLIGHT FOR GLORY" AT THEATRE FRIDAY

"Flight for Glory," a gripping drama revolving around a renegade foreign legion of the air, comes to the Liberty Theatre Friday and Saturday in what is believed to be one of the most unique and impressive offerings of aviation to come to the screen.

Against the brooding atmosphere of the Andes is etched a powerful story of men living in the shadow of their past; despairing men gambling with their lives in a far-flung outpost of the world.

A remote settlement in South America forms the background of "Flight for Glory." Here aviators disgraced by reckless careers in the States, work for a heartless operator of a Peruvian air service who buys only condemned planes for his luckless pilots to fly over the stormy mountain passes, a practice which takes a constant and heavy toll of men.

Into the little community enters another dangerous note in the form of a beautiful young bride with her aviator husband.

SHOWER COMPLIMENTS RECENT BRIDE TUESDAY

Misses Rosa Van Lane, Ava Walker and Mrs. Fred Cutbirth were co-hostesses when they honored Mrs. H. H. McDermott with a miscellaneous shower at the home of the latter Tuesday afternoon from three until five o'clock.

The pink and white color scheme was carried out and spring flowers were used in house decorations. As guests arrived they were asked to register in a bride's book presided over by Miss Lane. They were then ushered to the dining room, where refreshments of canapes, cookies, punch, with sweet peas as plate favors were served from a lace covered table, centered with a crystal punch bowl which was banked with sweet peas and fern. Mrs. Edwin Baum presided at the punch bowl.

Those present were: Mesdames, Claude Burks, Alex Shockley, Baird, Buster Richardson, W. J. Cross, W. O. Spencer, J. G. Aiken, Carmen Wright, Jeff Clark, Curk.

Having served as Public Weigher for several terms, Mr. Loving is well known by voters of the precinct which comprises Cross Plains, Dressy and Caddo Park.

County Agent's Column
The Callahan County work sheets were carried to the state office at College Station Thursday, April 14th, by A. L. Cook, Senior Assistant in Agricultural Conservation, who remained there to make any minor corrections necessary so that cotton allotments to farmers of the county might be made without any delay.

Many farmers of the county will be interested to know that out of 19 counties in this Extension district Callahan County was the seventh county to complete its work in work sheets to the state office. The county office and submit the county was also among the first third of the counties in the state to complete its work. Within the next few days the cotton allotments will be figured by the state office. When this is done the work sheets will be brought back to the county and each person in the county will be notified by letter the acreage of cotton that may be sown without paying the 2 cent tax.

Last week Steve N. Foster, Chairman of the Callahan County Committee, John A. Mc-Kee and Euan J. Burton, representing the County Agricultural Association and County Agent Ross H. Brison met the State Agricultural Conservation Committee at College Station and talked with them in an effort to get authority for committees in each county to allot cotton to farmers that under the present law are taking more than their share of the cotton reduction. The State Committee gave to the group every consideration and several of them remarked they were in favor of the recommendation. The committee was advised that they would submit the recommendation to higher officials in the hope that the law might be changed so as to allow the committees in each county that privilege. While before the State Committee the group also recommended that payments be made for cleaning out tanks that were practically filled with mud. The County Committee, in session Monday, April 18th, also recommended in writing that farmers and ranchers be paid for cleaning out tanks that were filled up.

Inoculation of Peanuts
The many farmers of the county who are planning to inoculate peanuts this year will be interested to know that if the inoculation is done properly the yields per acre should be increased several bushels. Most drug stores of the county handle the inoculation material and the directions for using it are included with each package which costs about 35 cents for enough material to treat one bushel of seed. There are a few precautions that should be observed. The first one is that after the seeds are treated they should not be allowed to dry because drying kills the nitrogen fixing bacteria. A second precaution is that the inoculation material should be used with just enough water to lightly dampen the seed. If the seeds are too wet they will not plant good and a poor stand might result.

ATTEMPT TO CURTAIL DAMAGE OF \$100,000 OF PESTS LAST YEAR

Grasshopper drives may become as common as rabbit drives in this section within coming months in the endeavor to curb the pests mounting damage to crops, declares County Agent Ross H. Brison.

It is explained that grasshopper eggs are most likely to be found along fence rows, roadsides and banks of ditches in dumps of grass. In order to whip the plague before it gets started, farmers are being asked to observe and report to the county agent when and how abundantly the hoppers are being hatched.

Several methods of waging war on the pests are already outlined. They include:

(1) Grasshopper drives, similar to rabbit drives which have become so common throughout this section. Results of the drive will be supplemented by farmers cooperating in sowing poison in the hatching areas. It is pointed out that millions of the hoppers may be killed in this way before they reach the crops to do any real damage.

(2) Plenty of bran and poison is available this year and will be furnished on the same basis as in 1937. This material must be fully mixed when it leaves the mixing station at Baird and should be sown in the same manner that grain is sown. If applied in this way no stock will be poisoned.

(3) County Committee composed of County Judge L. B. Lewis, Jim Yarborough of Union, and H. W. Ploymann of Bayou invites your cooperation in this 1938 grasshopper war and believes that by following the procedure outlined above the damage to crops can be held to a minimum. The damage to crops last year was estimated at \$100,000, says Mr. Brison.

SCHOOL ORGANIZED IN FIGHT AGAINST TRAFFIC ACCIDENT

The organization of a School Safety Patrol has been completed in the Cross Plains grammar school. The school safety patrol is a new innovation in Texas. Many of the larger cities have maintained this organization for a number of years. In the schools that have launched this organization, the supervision of the department of public safety, highway patrol vision, not a single report of a child being seriously injured in school zones has been reported.

The primary purpose of the patrol is to create a constant attitude of safety consciousness among students as they leave and approach school.

Selection of the personnel of organization has been made school authorities on the basis of age, leadership, character, personality, scholastic attainment, courtesy.

The duties of the safety patrol are to prevent the other student from jay-walking when going to and from the school grounds, see that they do not cross the streets in the face of heavy traffic and to prevent them from running into the streets while on the ground.

The function of the safety patrol is one of warning only. Their efficiency depends entirely upon courtesy and cooperation of motoring public.

The patrol will be given a yellow background, black lettering, and are to be merely for advising and assisting motorists and in no manner to be construed as a means of trailing traffic.

These flags are to be used holding the students back on curb when traffic is passing. Parents may assist in the program by refraining from dangerous practices of picking up or discharging their children on opposite sides of the street, the school grounds, thus causing students to dash through the street. Neither the parents nor the school should park their cars at the intersection of the street, but they will observe the safety patrol or of students at cross the Review was told.

THIEVES LOOT ELBERT PIERCES' FARM HO SATURDAY AFTERNOON
Thieves entered the Elbert Pierce's farm, four miles Northtown, Saturday afternoon and made a small amount of money. A man's hat, clock, and a number of personal effects were taken. The Pierce's family had to leave Cross Plains to do week end work, and an early return had been believed to have prevented loss.

Officers are working on the case and report at least one implicate. The thieves are believed to have heard the Pierces' return and left hurriedly.

FORMER LOCAL WOMAN IS ILL IN BROWNWOOD
Mrs. M. E. Wakefield, formerly of Cross Plains, was reported seriously ill at her home in Brownwood, suffering from a heart condition. Her condition was not believed critical.

LOCAL COUPLE PAR OF 10 POUND BABY
Mr. and Mrs. Louis Brice of Cross Plains are parents of a 10 pound baby boy born Monday morning at four o'clock. The baby has been christened Tommy. Mrs. Brice is the former Emma Teague, of Cross Plains, couple moved here in June year.

Miss Doris Watson, of Cross Plains Tuesday.
