BROADWAY MELODIES OF 1938 IS BOOKED AT LIBERTY SUNDAY

Broadway picks up its drooping ears like an old fire horse at the sound of the alarm as "Broadway Melody of 1938" sounds gaily from Hollywood.

There is irony in the new order of showmanship, as Metro-Goldwyn-Mayer produces a musical comedy that exalts in lavish splendor anything that Broadway ever attempted, including Ziegfeld's Follies.

Indeed, the studio raided Broadway for most of the talent which appears in this spectacular new film at the Liberty Theatre Sunday Monday and Tuesday. Only Robert Taylor, who co-stars with Eleanor Powell, is strictly a product of the screen. Miss Powell, of course, scintillated on the stage long before she tapped her way to cinematic fame. The combination appeared in "Broadway Melody of 1936", before the handsome young college boy

men know there is no piece of equipment in the home more important than the cook stove. So, for results, cheaper bills and less kitchen drudgery, try one of these popular, new Vesta ranges, manufactured by one of America's outstanding build-stoves—The Athens Stove Company.

is as fine a stove as money can buy. Every burner is of 100 percent porcelain to stand the test of heat and insure no danger of breakage, regardless of heat to which it may be exposed. Oven fully insulated and thermostat for oven control, a prerequisite of scientific baking. Fuel savings alone on this model eventually pay its cost.

This stove is similar to the more expensive model in appearance. Chief difference is in design and burners, which are not of porcelain but are of heavy weight, specially tempered cast iron. Has oven control and features of the more expensive stoves.

All of these stoves are guaranteed to perform exactly as represented. Low down payment and easy monthly payment terms make it possible for you to buy any model and pay for it as it saves on fuel bills.

LIBERTY TO PRESENT MADAME X WEDNESDAY

A motion picture to stir the hearts of old and young alike comes to the Liberty Theatre Wednesday with the presentation of "Madame X" with Gladys George in the memorable title role and a featured cast of artists which includes John Beal in the role of the son and Warren William as the father. Based on the play by Alexandre Bisson, with a fresh screen treatment by John Meehan who adapted such Norma Shearer hits as "The Divorcee" and "A Free Soul," the new picture emerges as a classic of all time, heart-stabbing story of a woman's degradation and ultimate sacrifice to save the name of her son completely modernized in its narrative and the psychological treatment of its characters.

Mr. and Mrs. Ressie Browning and daughter of Brownwood were visitors here Sunday.

Mrs. J. L. Bonner of Anson spent Wednesday here visiting her parents Mr. and Mrs. Fred Cutbirth.

TRADE UPTURN

Because there appears to be signs of an early and substantial pick up in industrial activity the Government's principal forecasters maintain their view that improvement both in industrial activity and trade is definitely due this spring.

NEW AAA OF 1938:

In summarizing the new Agricultural Adjustment Act of 1938, President Roosevelt said: "By experience we have learned what must be done to assure to agriculture a fair share of an increasing national income, to provide consumers with abundant supplies of food and fiber, to stop waste of soil, and to reduce the gap between huge surpluses and disastrous shortages."

WORSE THAN WAR:

Since its birth in 1776, our Nation has engaged in six major wars. These wars, in total, extended over a period of fifteen years and the number of American soldiers killed either in action or from wounds during this time was 244,357.

UNEMPLOYED OVER 45:

About one-third of the jobless are less than 25 years old and only slightly more than a quarter of the unemployed are 45 or over.

FIRST AAA LOAN:

California raisin producers received the first loan under the new Agricultural Adjustment Act. The loan was for the amount of \$2,500,000.

ARMY FLYING SCHOOL:

The Adjutant General announced in Washington that flying cadet examinations will be given during March and April 1938, to qualify for the Army's Flying School. The Army Air Corps has enough vacancies to accept every young man who can meet the requirements.

Million Dollars

Along with most of West Texas, the Cross Plains territory was visited by opportune showers and moisture over the week-end. The total precipitation was reported slightly less than two inches.

The rain was received jubilantly by farmers, stockmen and ranchmen, as March winds had dried out top soil and small grain and pasture were beginning to suffer. The moisture came slowly, being absorbed as it fell, greatly benefitting all vegetation.

Low overhanging clouds began yielding moisture Saturday morning and continued until Monday afternoon. Most water fell in brief, intermittent showers, however the skies dripped almost constantly for more than 48 hours.

While the moisture was sufficient to almost assure a grain crop, when farmers would welcome a hard rain to replenish stock water supplies, which although not dangerously low are not adequate to last through the summer. Practically no streams in this section ran during the week end. A few tanks, mostly those with large water-sheds, filled up some.

Greatly revived and giving promise of a bumper yield is one of the greatest grain averages ever planted in this immediate vicinity. Barring insects, hail and wind damage, and, first, a bumper crop is virtually assured, the Review is told.

Years of blindness K. Gafford, 98, well known Cross Plains shortly after Tuesday afternoon attack of pneumonia and eventual life. Funerals were conducted from St. P. Collins and Flow officiating. Internment the family plot of the city.

Deprived of his sight five or six years, Mr. Gafford was held in declining health since July, 1935 to Texas in early man near Cross Cut. In however, he moved to and resided in the town on highway 200 in his home that his survivors include 20 several children.
