## STOCK SHOW OUTSTANDING SUCCESS

COMPETITION KEEN. INTEREST HIGH AND NICE PRIZES GIVEN

From the standpoint of interest manifested, livestock exhibited, prizes awarded and close competition, Cross Plains F.F.A., chapter's fifth annual fat stock show held here Saturday is credited with being one of the most successful of its kind ever staged in this section.

Winners of both the dry lot and milk fed classes were not sold in the auction ring due to the fact that they had been invited to participate at Brownwood Wednesday. The grand champion calf here, fed by Deel Edington, took second place at Brownwood and another calf fed by the same youth took fifth. Two dry lot calves fed by Kent Davis, which took first and third here, won the first two places in the Brownwood exhibition.

### Sipe Springs Dry Hole Is Of Value

W. A. Koush is interested primarily in oil, so he watched expectantly recently as a shallow well was sunk on his place, four miles southwest of Sipe Springs. The test was dry but at 377 feet a productive vein of fresh water was encountered, enough to supply inexhaustible quantities for domestic purposes.

Mr. Koush does not live on the place, making his home just East of Pioneer, however, the abundance of water for irrigation uses is already causing him to contemplate a "farming by proxy" project.

Another well completed on the Koush farm this week, however, is said to be a good shallow oil producer. Potentiality had not been ascertained at press time.

Mr. and Mrs. J. P. Smith were visitors in Lampasas and Austin Sunday.

### All Star Tournney Here This Week

ANOTHER FOR GIRLS GETS UNDERWAY AT CROSS CUT TONIGHT

A commercial basketball tournament for all-star teams throughout this section of Texas will be held in Cross Plains high school gymnasium this week end. Play will begin Friday afternoon at four o'clock and continue until Saturday night at 7:30, when the final game is scheduled.

Teams invited include: Moselle, Brockenridge Y.M.C.A., Oplin, May, Burkett, Cross Plains, Carbon, Morton Valley, Denton, Beattie, Daniel Baker, Howard Payne, and Wylie, most of which had notified of their intention to participate at noon yesterday.

The Cross Plains team composed of: D. C. Alvin and Melvin Hargrove, Norman Coffey, Glister Thompson, Leo Varner, Parker Comptner, Beams Morris, and Cornelius Elliott was runner-up in the cross-timber tournament at Morton Valley this week. The locals lost to Carbon in the finals by a margin of four points.

Trophies are to be awarded Saturday night. A girls basketball tournament, expected to attract wide interest, will get underway in the Cross Cut school gymnasium Friday night. Play will progress through Saturday, with finals scheduled at 7:30 Saturday evening.

Some of the strongest teams in Texas have been invited, including the first and second place winners of Brown, Colman, Comanche, Eastland, Callahan, Mills and other nearby counties. Most of the teams have already accepted, the Review was told yesterday.

Since girls basketball does not go beyond county competition, the Cross Cut tournney hopes to acclaim an unofficial champion for West Central Texas.

Games are to begin at six o'clock Friday evening. Among the teams expected to be on hand are: Cross Cut, Bangs, Moselle, Buffalo, Beattie, DeLeon, Morton Valley, Pioneer, Bala and Denton, as well as two Mills county representatives.

Trophies will be given first and second place winners and the teams will be permitted to choose their own awards from a handsome array in the \$15.00 and \$5.00 prize classes respectively.

Active ball bearers were: Will Portune, Ernest Riggs, Ivan Odum, J. C. Childers, L. E. Montgomery and A. M. Porter. Honorary ball bearers were: H. H. McDermitt, Bob Merriman, Claude Stephens and Glen Montgomery.

Having lived in this vicinity 48 years, Mr. Teague was widely known. Survivors include two sisters and one brother.

Cross Plains took a double basket victory from Burkett here Tuesday night. The local boys bested the visitors by 10 points and the Cross Plains losses were victorious by the narrow margin of one field goal.

Grand jurors of forty-second district court in session at Baird this week drafted a resolution of protest to the Texas & Pacific Railroad, condemning the company's practice of unloading hobo cars at the yards in the Callahan county seat, pointing out that the transients were causing congestion and creating a problem to the neighboring towns of Putnam and Clyde as well as to Baird.

Mr. and Mrs. Arthur Flahle and Mr. and Mrs. Donald Flahle visited in Graham Monday.

C. R. Nordvick, of Baird, was in town Tuesday.

### It's News When Foot Relief Arranged

Are your feet hard to fit? Can you buy shoes in Cross Plains? Higgintotham Brothers & Company is endeavoring to secure foot comfort for every man and woman of the Cross Plains trade territory, says M. G. Underwood, head of the shoe department, who announces that the local store will participate in a one-day demonstration of the \$40.00 Dr. Scholl's traveling laboratory to be in Rising Star one day only—Tuesday of next week, March eighth.

The traveling clinic of this nationally known shoe manufacturer is said to carry x-ray machines, pedographs and automatic shoe sizers. Three factory experts will assist Mr. Underwood and Nick Higgintotham, of the Rising Star store, in fitting shoes to take care of any foot irregularity.

It is pointed out that the huge "shoe store on wheels" can not be brought to all Higgintotham stores throughout the territory, and that his friend, weak, broken-down arches. Then there are legions who have foot troubles; such as, corns, callouses, bunions, crooked, overlapping toes and those who continually suffer their heels over. In short, many people will tell you "I have the hardest foot in the world to fit". It is this class, Mr. Underwood says, who should be vitally interested in Dr. Scholl's Scientific Shoes.

With this array of shoes the will be included the latest model X-ray Machine, the Pedograph and Dr. Scholl's Automatic Shoe Sizer. In testing feet and fitting these shoes all guesswork is eliminated.

Dr. Scholl has given the growing feet of children the same careful consideration as he has adults. He claims that many of the foot ailments from which men and women suffer today can be traced back to improperly made or fitted shoes when their feet were in the tender, plastic stage of childhood.

Resident here 48 years is interred Monday afternoon. Funeral services for J. C. "Uncle Buddie" Teague, 79, who died at his home eight miles West of town Monday were conducted from the Burnt Branch Methodist church with Rev. Floyd W. Thrash and Rev. J. C. Williamson, Cross Plains ministers, officiating. Interment was made in the Burnt Branch cemetery.

Active ball bearers were: Will Portune, Ernest Riggs, Ivan Odum, J. C. Childers, L. E. Montgomery and A. M. Porter. Honorary ball bearers were: H. H. McDermitt, Bob Merriman, Claude Stephens and Glen Montgomery.

### BOYS STUDY CROPS BEST ADAPTED FOR CROSS PLAINS SOIL

The Future Farmers of Cross Plains are all carrying on home projects under the supervision of V. A. Underwood, teacher, and have a program set up which should help them grow into the farming business.

All have their long-time project program set up along with their list of other supervised practice jobs which they plan to carry out on the home farms.

The check-up on the projects for this year shows a balanced and well rounded program of work fits nicely into diversified farming program which is typical for Cross Plains agriculture, the Review is told.

The check-up reveals that 14 boys fed out 28 head of calves; 15 boys fed out 37 head of pigs; 10 boys fed out 52 head of lambs; one boy feedling and caring for a brood gilt; five boys own 310 laying hens; 12 boys will brood 800 baby chicks; three boys have a milk cow each for their projects; 12 boys will have 61 acres of corn; six boys have 82 acres of cotton; 12 boys have 49 1/2 acres of grain-sorghums for head production; four boys have 17 acres grain-sorghums for forage production; six boys will have 12 1/2 acres of sweet potatoes; eight boys will have 155 acres of wheat; two boys will raise 10 acres of barley; five boys to 96 acres of oats; six boys 73 acres of peanuts; two boys six acres of melons; three boys will care three fourths of an acre of vegetables; five boys care for

ATURDAY TO Beer Election

75 VOTERS PETITION COMMISSIONERS FOR BALLOT ON QUESTION
A petition asking for a beer election for justice precinct six, composed of Cross Plains, Dressy and Caddo Peak, was tendered County Judge L. B. Lewis Wednesday afternoon and will come for consideration before the Commissioners Court Monday. The petition was signed by 75 voters.

Beer sales are legal in this county at Baird, Oplin and Putnam. Cross Plains had the former beverage until September 29, 1935. Beer was legalized in this precinct June 30, 1934, however, another election was held August 24, 1935, and brew voted out effective September 29. In the 1934 election the precinct favored the sale of beer by exactly 50 votes. In the 1935 election the precinct went dry by 54 votes, indicating that sentiment is normally pretty evenly divided on the proposition.

Figures on this year's poll tax payments recently released by Tax Assessor and Collector Olaf Holdingslund show this precinct to have 437 qualified voters, not counting exemptions for "overs" and "unders."

It was reported at Baird yesterday that a recent movement to call a countywide election on beer had been abandoned.
