## WILL DISMISS CITY RECEIVERSHIP

### FIRST CATTLE SHIPMENT IN 2 YEARS MOVES FROM YARDS HERE PAST WEEK

The first cattle to be shipped by rail from the local stockyards in two years moved from here last week. The shipment was composed of 100 head which had been sold by B. W. Webb to a northern buyer for seven and a quarter cents per pound. Mr. Webb purchased the cows from Raymond DeBusk at seven cents per pound.

### TOMMIE AIKEN LEGION POST TO HAVE SPECIAL MEETING MONDAY NIGHT

A called meeting of the Cross Plains Tommie Aiken American Legion Post has been set for Monday night June seventh, the Review is informed by A. O. Harris, Post Adjutant. Mr. Harris submitted the following statement for publication.

"All ex-servicemen are requested to be present Monday night June seventh. Some good information awaits all of you, and an important event will be arranged for a celebration, to be remembered by all of us. Come one and all."

### PRESBYTERIANS TO BUY MANSE NEAR BY CHURCH

A committee from the Presbyterian church, composed of J. C. Garrett, Tom Bryant and S. C. Barr, is negotiating to purchase the residence the first door north of the Church building, to be used as a manse. The deal is expected to be closed within the next few days. The church at present owns a manse in the extreme South part of town.

### LOCAL BAKERY SPENDS \$260 FOR NEW MACHINE

A new cake mixing machine was installed at Barr's Bakery here this week, at an expense of \$260. The machine is the very latest model produced by a nationally known manufacturer of bakery equipment. It was used for the first time Tuesday morning. The machine, the Review was told, is only another step toward the improvement of the local concern's many bakery products.

### PENTECOSTAL REVIVAL BEING CONDUCTED HERE

Rev. A. M. Fox of Nimrod, will begin a Pentecostal evangelistic meeting in Cross Plains this week. Services will be held on the vacant lot in front of Garrett Motor Company and will continue through two weeks, the Review was told. Mrs. Walter Travis will have charge of the singing and special music. The entire public and members of all denominations are invited, the Rev. Mr. Fox told the Review.

### COMAL H. D. CLUB TO MEET THURSDAY 11th

The Comal Home Demonstration Club will meet June 11, at the home of Mrs. Tom Strickland. There will be a chair upholstering demonstration. All members are urged to be present. No meeting was held at the last scheduled time, due to rain.

Mr. and Mrs. T. S. Caton of Clarksville, Dr. and Mrs. J. H. Caton of Eastland, Judge and Mrs. Jesse R. Smith of Breckenridge, and Shelton Caton of Abilene, were guests in the home of Mr. and Mrs. J. A. Caton here Sunday.

Miss Opal Freeman of Santa Anna is visiting her parents, Mr. and Mrs. John Freeman, Southwest of town. She has been quiet ill.

Mr. and Mrs. Raymond DeBusk and Ross DeBusk left Tuesday for a few days visit in El Paso.

Mr. and Mrs. Robert Westernman of Leanesa spent the past week here visiting friends and relatives.

## 4th Annual Golf Tournery Opens Friday

### PHILPECO WILL BE HOST TO SECTION'S BEST SHOT-MAKERS

A barbecue supper at eight o'clock and the calcutta pool immediately following will officially open Philpeco country club's fourth annual invitational golf tournament Friday night. Many of West Texas' outstanding shotmakers will be entered.

Prizes were received this week and will be awarded winners and runners-up of each flight, medalist, consolation winners and the winner of the driving contest.

J. T. Hammett, who lived at the Philpeco club until a few months ago, is the defending champion having won the tournament the past two successive years. He is now living at Eastland but will defend his title, he told the Review last week. He was also scheduled to compete in an exhibition match Thursday afternoon with two fellow townsmen Sam Conner and Bob Sikes against Houston Cole, H. H. Vaughan both of Ranger and H. G. Agnew of Ballinger.

Other well known shotmakers who will compete, aside from those mentioned above, are: Tanny Farrer, Texas Tech champion; Wayne Middleton and Bob Hafele, of Fort Worth; Gid Faircloth, of Ranger; and all of the Philpeco ranking players.

Four full flights, of 16 players each, are expected. The lowest qualifying figure which had been posted Thursday morning was that of Alva Harrell, of the local club, who tacked up a 73, one over par for the 18 holes.

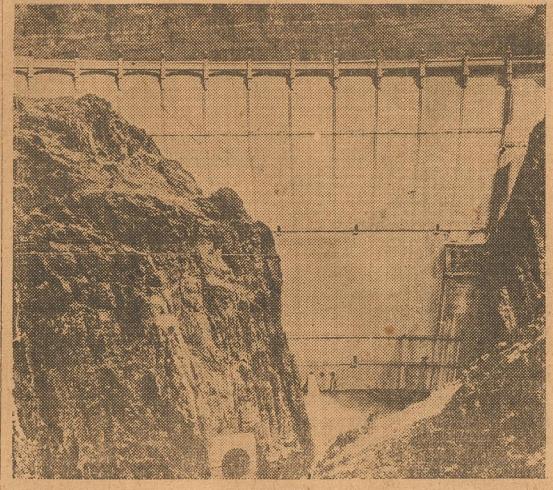

Winners of the various divisions of last years tournament were: first flight, J. T. Hammett; runner-up "Shanty" Hogan, of Abilene; first flight consolation, O. L. Stamble, Cisco; second flight, O. V. Cunningham, Cisco; runner-up, Elmer Norris, Ranger; second flight consolation, Bob Hafele, Fort Worth; third flight, Jack Gourley, Eastland; runner-up, A. P. Jones, Brady; third flight consolation, J. W. Thornton, Pioneer; fourth flight, O. T. Jarvis, May; runner-up W. C. McDaniel, Cisco; fourth flight consolation, "Lucky" Creecy, Pioneer.

Johnny Gregg, of Rising Star, won last year's driving contest. Houston Cole was medalist with a sizzling 65.

Finals in the championship flight are to be played Sunday afternoon. The local course is said to be in excellent condition after the recent rains. Fairways are comparatively green, and recently mowed. Sand traps have been recently worked, tee boxes improved, and roughs cleared.

Par for the course is 444 554 334.

### Only Boulder Dam Is Higher Than This

Owyhee dam, main feature of the irrigation works of the new Owyhee federal reclamation project on the Oregon-Idaho border, is the second highest dam in the United States, second only to the great Boulder dam. It is 405 feet in height and creates a storage reservoir of 1,120,000 acre-feet capacity which will serve 112,000 acres of land.

### SETTLE CELEBRATES 10TH ANNIVERSARY WITH SPECIAL SALE

J. L. Settle announce this week a special tailoring sale, celebrating his tenth successive year of business in Cross Plains. A 45 inch advertisement on an inside page of today's issue of the Review heralds special reduced prices for the first six days of next week.

Mr. Settle, one of the most widely known tailors in this section, first became affiliated with the cleaning and pressing trade at Prosper in 1913. He came to Cross Plains in 1920 and operated a shop here three years. He then went to Santa Fe, New Mexico and opened a tailoring establishment. He returned to Cross Plains in 1926 and in the past 10 years has built an enviable business with a large clientele.

The Settle cleaning plant in Cross Plains has been repeatedly improved and modernized until it is today one of the best equipped shops in Texas, for a town the size of Cross Plains. Only last month a new Master Hoffman press was added to the already well rounded equipment.

Mrs. George B. Scott had as her guest the past week her sister-in-law, Mrs. R. L. Hickey, of San Angelo.

Charlie Stone visited in Brownwood past week.

### COUPLE WELL KNOWN HERE WED IN CISCO, SATURDAY MORNING

Coming as a surprise to their many friends both in Brownwood and Cross Plains, was the marriage Saturday morning of Miss Wilma Charlene Pratt and W. A. Williams, Jr. The wedding vows were recited at Cisco, with the Rev. J. Stewart officiating. The parents of the bride, a few relatives and close friends were in attendance.

The bride and groom are both formerly of Cross Plains and have many friends here. She is the daughter of Mr. and Mrs. D. C. Pratt, who moved from here in 1933 to Brownwood. The groom is the eldest son of Mr. and Mrs. W. A. Williams, of this city. For the past two years he has attended a Brownwood college and been employed with a tire firm in that city.

Mrs. Williams received her degree from Daniel Baker College last week. She is a member of the Treize Club, a prominent organization of the younger set in Brownwood.

For the marriage ceremony the bride was attired in a white Panama suit with British tan blouse and British tan accessories. The couple left shortly after the ceremony for a bridal trip to Carlsbad Cavern and other points in New Mexico. They will make their home in Brownwood.

### FUNERAL FOR MRS. BELL STRAWN HELD

Funeral services for Mrs. Nancy Bell Strawn were held Thursday afternoon of last week at the Hogg cemetery in Brown County, with Minister J. P. Salver, pastor of the Burkett Church of Christ, officiating.

Mrs. Strawn was born November 29, 1866. She was married November 29, 1881. The husband and 10 children survive.

Mrs. Strawn had been a member of the church of Christ since she was 18 years of age.

She expired at the home of her son Lester Strawn in the Amarada camp, May 27, at the age of 69 years, five months and 28 days. She had been ill some time.

Paul Harrell and Weese Ragscell were business visitors in Oklahoma this week.

### BILL WHITE NAMED FOOT BALL COACH; FACULTY COMPLETE

Bill White, former Daniel Baker flash, who tutored the Desdemonia high school team through a sensational season last year was named coach for Cross Plains high school Buffaloes at a meeting of the board of trustees Monday night. He will take up his duties here about the first of September.

White, whose home is at Rising Star, was previously elected for the 1936 season to coach at DeLeon, however, he rejected that position for the Cross Plains job.

In college, White played four years of football, manning the quarterback position. In his senior year he was captain of the Hill Billy aggregation, despite the fact that injuries kept him out a good part of the season. Aside from football White was active in other sports and is said to be a talented basket ball and track coach.

The board of trustees deliberated until near mid-night Monday before announcing their choice.

Miss Mary Baker was also elected by the board Monday night, to teach home economics in the high school. Miss Baker holds a B.S. degree from San Marcos State Teachers College, having finished in 1931. The first three years of her college work was done at W.T.S.T.C. at Canyon. She taught last year at Gordon and the year before at Taylor.

Unless there are changes, the faculty of 20 for the local school system is now complete for the school year of 1936-37.

### CALLAHAN PIONEERS ORGANIZE SATURDAY

The Pioneers Association of Callahan county was organized in a meeting at Baird Saturday afternoon. Jesse S. Hart, who came to this county in the early 1860's and has resided here longer than any other person, was named president.

Other officers selected are: B. L. Russell, first vice-president; Mrs. L. L. Blackburn, second vice-president and historian; and Miss Eliza Gilliland, secretary.

Plans discussed included the staging of a pageant, depicting the county's history. The exhibition will very likely be held in August, however, definite plans have not yet been formulated nor committees appointed.

Sometimes it looks as if Congress has the will to adjourn, but not the grit.

### Knows His Onions When It Comes To Raising Radishes

How do you like your radishes: large or small, hot or mild? Virtually all types are grown abundantly in the Cross Plains trade territory, however, what was said to be the most unusual radish ever seen here was being exhibited in a local drug store Monday and Tuesday. The radish weighed two and one half pounds. It measured 14 inches around and was 10 inches long. The odd vegetable was grown in the garden of Jack Ripper, in the Northeast part of town.

### LOCAL MAN IS WED TO ROWDEN GIRL IN ABILENE THURSDAY

Ed Henderson, Jr., left Cross Plains Thursday morning for Abilene where he was to be married at five o'clock yesterday afternoon to Miss Lilac Smedley, of Rowden. The ceremony was to be solemnized in the home of the bride's aunt by Dr. J. F. Cox, president of Abilene Christian College where the bride was until recently a student.

The groom told a representative of the Review before leaving Thursday morning that he would not return to Cross Plains until probably Sunday; that a bridal trip through Western Texas was planned. Upon their return, however, they will make their home West of Cross Plains.

The bride is a member of one of Callahan county's most prominent families. She is the daughter of Mrs. Katie Lee Smedley, of Rowden. She is also a niece of Mrs. W. R. Wagner, Jr., of Cross Plains.

The groom is one of Cross Plains' most promising young men. He attended Cross Plains high school where he was an outstanding athlete. He is at present associated with his father Ed Henderson. They operate a stock farm, three miles West of Cross Plains.

Mrs. M. A. Floyd and daughter Miss Willie Floyd of Abilene, are visiting Mrs. J. R. Williamson here this week. Miss Floyd is on her way to S.M.U. at Dallas.

Mr. and Mrs. Jeff Ferr and children of Amarillo visited Mrs. Ferr's mother, Mrs. Walton Wagner here the past week.

No wonder the automobile factories are showing signs of slackening. All the garages are full.

### County Democratic Executive Committee Criticizes Blanton

Congressman Thomas L. Blanton's method of naming postmasters for several communities throughout the 17th Congressional District was severely criticized at a meeting of the Callahan county Democratic executive committee in session at Baird Saturday afternoon. 14 of the county's 20 precinct chairmen were present.

for the appointment of Postmasters, it has been the method of our Congressman to go in person to a mass meeting called by him for the purpose of selecting a Postmaster and in the convening of such mass meeting, he would inform the persons present that the Postmaster would be elected for his recommendation by vote, but no one would be permitted to vote in such election for Postmaster except voters who had supported him and voted for him in the last two campaigns for Congress, and whom lived within one mile of the Post Office, thus eliminating one-half or more of patrons of the Post Office, besides evading and ignoring entirely the Civil Service Law which provides that the

### BUATT'S WORK IS PRAISED AS AUDIT OF RECORDS MADE

An order is expected to be issued by Judge M. S. Long out of forty second district court any day now to dismiss the receivership of the city of Cross Plains. An audit of all transactions made over the past three year period was completed this week by an Abilene accounting firm and placed in the hands of Judge Long.

The city entered receivership May eighth, 1933. The audit covered all work done by S. M. Buatt, who was appointed receiver for the city at that time, through May 27, 1936.

Satisfaction with the business like management which had been exercised by Mr. Buatt was expressed in the report of the auditors to the court.

The audit revealed that \$18,749.58 had been collected by the Receiver during the period of three years and 19 days. \$3,543.58 is yet on deposit in the local bank.

Finances of the city of Cross Plains are in better condition by more than \$100,000 than when Buatt assumed the duties as receiver. The refinancing program launched by the city council and for which Mr. Buatt has labored indefatigably is explained as the chief reason for the huge reduction in the indebtedness.

At the time the city of Cross Plains entered receivership scores of local bills were delinquent, not to mention many defaults which had necessarily been made on the city's bonded debt and interest payments. Today all local bills are in good standing and creditors who hold city bonds are being satisfied according to the refinancing program. Belief that when the present refinancing program is completed the city will be but about \$100,000 in debt for all civic improvements, has been repeatedly expressed by those familiar with the situation. Aside from the revenue from taxation, the city now has the water, sewer and gas systems as continual sources of revenue.

### 36 ARE NAMED FOR JURY SERVICE 2ND WEEK 42ND. COURT

Announcement is made from the office of Sheriff Robert L. Edwards this week of the names of the 36 men selected for service as jurors the second week of forty second district court. The following named men are to appear at the courthouse Monday morning June 15, at nine o'clock.

Those selected are as follow: Lee Ivy, Baird; M. F. Dill, Cross Plains; Roy Campbell, Opalin; E. J. Crawford, Clyde; O. C. Rouse, Cisco route four; C. R. McElroy, Abilene, route one; C. E. ## State Committee Will Visit This Area To Inspect Proposed Sites For Sandy Belt Experiment Farm

Chas. F. Hemphill, of this city, and M. O. Hood, of Rising Star, made a trip to College Station Friday of last week in the interest of speeding allocation of the state experimental farm for the "deep sandy belt." It is definitely known that the farm will be located in one of four counties: Callahan, Brown, Comanche, Eastland.

The four counties will be required to purchase a suitable tract of sand land, after which the Legislature will make annual appropriations to maintain the experiment station. A number of buildings would be erected to make the farm a model, all funds for this purpose are to be paid by the state.

As yet only two counties have made a bid for the farm. They are Eastland and Comanche, Callahan has done nothing, other than send a delegate to hearing in College Station.

Mr. Hemphill told the Review upon his return that the four counties will each be required to con-

tribute toward the purchasing of land upon which the experiment station is to be located. The county receiving the farm will probably pay 40 percent and the other three counties 20 percent each.

Realizing that the farm would be a permanent asset for Cross Plains and this entire trade territory, the Loyalty Club in session Tuesday at noon named Chas. F. Hemphill, Ross B. Jenkins and Jesse McAdams as a committee to endeavor to secure the location of the station in or near Cross Plains. They are expected to consider proposed sites and secure an agreement from the Commissioners Court to pay 40 percent in the event a location in this county is accepted.

A committee from College Station inspect any site that may be proposed. The committee will also visit the other three counties.

The farm would be the only one in Texas devoted to the experimenting with deep sand.

## BURKETT GIRLS ATTEND BROWNWOOD PARTY

Wednesday of this week the intermediate girls auxiliary of the Burkett Baptist church, with their leader Mrs. E. P. Watson, went to Howard Payne College, at Brownwood, to attend a house party sponsored by the W.M.U. of district 16.

Among the features of the program was a moving picture film shown by Mrs. B. L. Lockett, Missionary to Africa. The film showed different phases of her work in the black continent.

Those who planned to make the trip are: Misses, Emma Jo Newton, Ruth Gray, Lucille Adams, Theda Evans, Lola Fay Brink, Louise Burkett.

On Monday the W.M.U. will have a special program at the Burkett church—"Ministerial Relief." All ladies of the church are invited, the Review was told.

## "DIP POTATOES BEFORE PLANTING", JENKINS

The following advice to sweet potato growers in given this week by County Agent Ross B. Jenkins. "Before setting out sweet potato slips they should be dipped in a solution of one ounce of bichloride of mercury to eight gallons of water. Heat a gallon of water and add 1 oz. bichloride to dissolve this material, and dilute to a total of 8 gallons. This will protect the potatoes against dry rot, stem end rot, and other fungus diseases."

## "TOUGH GUY" IS BOOKED AT LIBERTY SUNDAY

Crashing to a new high in adventure, and bringing to the screen the latest and most unusual trio, "Tough Guy," Metro-Goldwyn-Mayer's amazing story of the Secret Service, is the new attraction playing at the Liberty Theatre, Sunday, Monday and Tuesday.

Its three characters are a hunted crook, a boy and a dog. Jackie Cooper, of "The Champ," Joseph Calleia, of "Riffraff," and Rin-Tin-Tin, Jr., police dog actor, are the three comrades amid the hectic pursuit and hair's-breadth escapes in a chase with the Secret Service.

Jackie's role is his most "grown up" to date, as a youngster who runs, away to save his pet dog, accidentally falls in with the crook, unknowing becomes his comrade, and figures in a breathless series of adventures, in which the hunted man finds regeneration through the comradeship of the youth and the faithful animal.

## REGATTA AT LAKE BROWNWOOD TO BE HELD JUNE 20-21

Visitors to Brownwood's Second Annual Regatta and Speed Boat Races, June 20 and 21, will find greatly improved facilities for handling the large crowds that attend the event. Native stone repair shops, concession house, dance pavillion and picnic structures have been constructed along the shore during the winter months by WPA labor. The parking grounds have been enlarged and cleared of underbrush, paved roads built throughout the park, and a water supply system has been installed. Numerous improvements will make it easier for spectators to witness the races and water events from more comfortable surroundings.

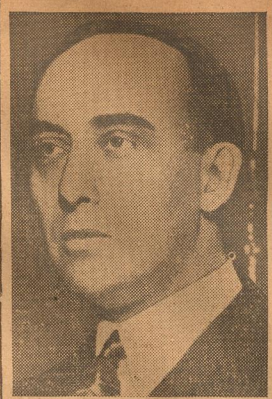

The races this year are attracting greater attention from speed boat racers throughout the Southwest, and it is expected that the largest field to enter a summer boat race meet this year in Texas will be on hand Sunday afternoon, June 21, for the National Outboard Association races of two heats each. More than \$700 in cash prizes will be awarded to the winners. 40 entries already have been assured.

The two-day program will get under way Saturday morning, with bait and fly casting tournament under the auspices of the Izaak Walton League. Prizes totaling \$30 are offered in these events.

Saturday afternoon local boat races will be held and a number of novelty races, designed to interest and thrill the spectator, have been arranged. Aquaplane riding and other water sports also have been scheduled for Saturday afternoon.

Regatta officials expecting record breaking crowds at Lake Brownwood for the two-day Regatta, which offers unique entertainment for residents of arid West Texas, Lake Brownwood, a 7800 acre body of water, is one of the largest inland lakes in the state, and racing officials state its protected waters offer an ideal course for speed boat races. More than 10,000 people attended the 1935 races last summer.

**Davis Red & White Grocery Begins Three Day Anniversary Observance**

Porter J. Davis Grocery in Cross Plains and 14 other Red & White stores throughout the Coleman district today begin a three day observance of two anniversaries.

First comes commemoration of the organization of the Red & Whites group in this section. The other observance is the fifteenth anniversary of the founding of the first Red & White stores in the nation and the resultant expansion of the organization to 34 states and Canada.

In celebration of the two anniversaries, the Porter J. Davis Red & White Grocery in Cross Plains launches today a sale of groceries at special prices, which is to continue eight days.

Voluntary operation of the individual grocers forms the basic plank in formation of the Red & White group. As a national organization it was conceived and developed for the benefit of the independent retail store operator and is never operated for profit.

Red & White is purely a friendly organization, declare officials, whose existence is made possible by the splendid cooperation, confidence and integrity of its members. One

of the unique principles upon which the Red & White organization was founded, the Review was told yesterday, is the application of the Golden Rule. This basis principal is said to have proved to be highly successful and lends a fraternal atmosphere to the organization which forms a bond that is not easily broken.

The Red & White plan of operation was conceived by F. M. Flickinger of New York in 1921. It was designed to meet the demand for a wholesale-retail, cooperative organization. From Buffalo, it spread to the Northwest into Minneapolis. From there it was pioneered in Denver. Its steady growth now finds Red & White developed from the Hudson Bay district in Canada to the Gulf of Mexico, and from Portland, Maine to Portland, Oregon.

In the course of a few years the Red & White plan of cooperative home owned, home operated stores, has been adopted by thousands of retail grocers, the Review was told. Each Red & White store is owned and operated by the man behind the counter, who has affiliated himself with a group of similar independent retail grocers in his district. These stores, the nation ov-

er, are serviced by local wholesale grocers who supervise the activities of the group and help them with their mass buying arrangement, advertising and other cooperative activities which are entered into.

The Red & White group owns and controls the longest list of food products ever packed by one organization, the Review was told. These products enjoy the unique distinction of having a longer list of approved items by the bureau of foods, sanitation and health of Good Housekeeping magazine, than any other similar line.

Last year was a momentous year for Red & White, officials declare. New plans were put into operation which were responsible for a complete re-modernization program making better merchandising homes in which to serve the people of each community.

This week all Red & White stores throughout the Coleman unit are staging a double merchandising event. They are celebrating their anniversary with a combined food sale. An inspection of these stores will show beautiful posters and banners announcing the sale at prices, which represent real savings to all.

**Hectic Days Sleepless Nights**

**IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.**  
 Don't allow yourself to become nervous. Take Dr. Miles Nervine. It will relax your tense nerves and let you get a good night's sleep.  
 Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.  
 Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.  
 Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nervine. I now enjoy myself thoroughly and sleep every night. Miss Juliette Currier, New Market, N. H.  
 I have used Dr. Miles Nervine in liquid form and find it the best medicine for the nerves I have ever used. Christene Lanier, Middleton, Tennessee  
 Whenever I have over-indulged and feel restless I take one or two Nervine Tablets just before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nervine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found. Miss Grace Redman, St. James, Minn.  
 Before using your Nervine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time and the good result is wonderful. J. H. Redding, 1027 16th Ave., Rock Island, Ill.

Postmaster must be one of three who has made the highest grade in a competitive examination.

"Whereas this county and the surrounding counties composing the 17th District, are practically all Democratic and no Republican opposition to a Congressman has ever developed;

"Wherefore, be it resolved by the Democratic Executive Committee of Callahan county, Texas, that we declare the actions practiced in the matters mentioned above by our Congressman, Thos. L. Blanton to be undemocratic to the highest degree that it thwarts the wishes of the people in its absurd unfairness, being detrimental to the well being of the patrons of such Post Office, creating dissension between neighbors and is condemned by us as petty politics."

The resolution is reported to have been unanimously passed.

At the beginning of the meeting Hugh Ross, Jr., of Baird was elected County Chairman for the ensuing year. He presided over the session.

**COUNTY AGENT'S COLUMN**

**Grasshopper Control**

Reports are pouring into the county agent's office this week that grasshopper infestation is greater and more wide spread than it has been in recent years this early. Since many have asked for the formula for killing grasshoppers it is carried again. The formula for grasshoppers and also for cut worms is:

- 1 lb. Paris Green or White Arsenic.
- 25 lbs. Bran.
- 2 quarts molasses.
- 2 to 3 gallons of water.
- 6 lemons or oranges.

Sprinkle this down the rows and grasshoppers or cut worms relish it. They will immediately become paralyzed. The commissioners court some years back purchased some 3 or 4 thousand pounds of Arsenic and have approximately 3 thousand pounds on hand now. This arsenic cost the court about 13 cents a pound but the markets have come down since that time and the court will sell the existing supply at 10 cents a pound. Any member of the court may be contacted for this poison. They are allowed to sell it only in 100 pound bags. If this arsenic is purchased in smaller quantities it must be put up by one of the drug stores in Baird as no member of the court is permitted under the law to parcel out poison.

**Sweet Potato Slips**

This office ordered for the farmers many sweet potato slips last Spring and will be glad to do so again this year. We have quotations on certified Porto Rica yams at 75 cents per thousand slips FOB Omaha, Texas. The express runs 15 cents per thousand extra. These plants will be ordered only in 3000 lot bunches. A crate holds 3000 plants and nothing less than a crate will be handled through this office. This office does not receive any pay for this work and therefore cannot afford any expense in dividing lesser lots.

**4-H Club**

Assistant County Agent Leon Ranson of Taylor County and C. W. Chesser of Haskell with the County agent of Callahan secured permission from Mayor C. L. Johnson of Abilene to use the Abilene park at Buffalo Gap on the days of June 22nd and 23rd for a 4-H Club encampment.

All 4-H Club boys who have a project and are keeping records are eligible to go to this encampment. Each club will meet and decide the foods that they will take and arrange transportation. The government has been requested to grant

Mr. and Mrs. Bill Ridgway and daughter of Brownwood were week end visitors here.

Mr. and Mrs. Orba Booth have returned home after a weeks vacation in Amarillo.

Dr. and Mrs. J. H. McGowen have returned home after a weeks visit in Tennessee.

Mrs. H. A. Young visited friends in Wiche Falls over the week end.

Mr. and Mrs. Dee Barr and daughter, Dorothy of Abilene visited here the past week.

permission to use the buildings on the ground formerly occupied by the CCC camp. If any change should occur in this schedule the boys will be notified. Callahan Clubs number seven and list one hundred thirteen members.

**County Agent's Office Gets  
New Furniture**

The commissioners court recognizes the tremendous amount of work that is handled in this county agent's office and has this week had installed 72 square feet of desks. A new bulletin board has also been provided on which the most current agricultural bulletins are kept for free distribution to the farmers. This new and needed equipment will enable the county agent's office to give still better service to the many farmers who have business with it.

**Example Of Soil Payments**

Since June 10th is the final day for which a work sheet may be signed for the new AAA Soil Program below; is an example of a typical farm and how the payments will run.

This farm has 160 acres total. 120 acres are devoted to crops. There are 60 acres in the cotton base and the other 60 acres are for foods and feeds. The cotton haas 125 pounds average yield. The producer may rent 35 per cent of 60 acres to be so planted to sudan or peas and receive \$6.25 an acre or \$131.25 for replacing 21 acres of cotton to soil crops. In addition he may rent 9 acres of his surplus feed lands or 15 per cent of 60 and receive \$6.25 per acre on this which amounts to \$96.25 or a total of \$187.50 as a soil conserving payment. In addition to that he may earn an additional dollar per acre for each of the 30 acres so planted to soil crops as a soil building practice payment. This \$30.00 may be earned either by turning under 15 acres of peas which will draw \$2.00 an acre or 30 acres of sudan grass or sorghum that has not been cut or pastured or by terracing with standard terraces which will earn 40 cents per 100 feet. Therefore, this producer may earn a total of \$217.50 for having cooperated with the government for making his 30 acres more productive and at the same time may use 15 acres of sudan grass for grazing, pick all the peas from the other 15 acres that he needs for his home use both seed and green crop and then turn the entire crop under in time to seed a Fall crop of wheat, barley, or oats. Such a program should appeal to every farmer throughout the United States.

L. W. Westerman has returned home from Odessa where he has been working.

Dr. and Mrs. C. M. McGowen of Baird visited Dr. and Mrs. J. H. McGowen here Sunday.

Mrs. Mollie McLain, and children, Wilda and Walker, were Cisco visitors over the week end.

Mr. and Mrs. James and daughter, Pearl, and Mrs. James grandchildren, Maxine, Bobbie and Jimmie Dale Floyd, from Pioneer, visited Mr. and Mrs. H. N. Lawson Sunday.

Miss Elizabeth Marshall spent Saturday night and Sunday with Myrtha Westerman.

Mrs. J. S. Welty and family had as their guest Sunday afternoon,

**WIN INDIANAPOLIS 500 MILE RACE**

Last Saturday Louis Meyer broke the track record, at 109 miles per hour, driving the entire race without tire trouble of any kind. He is the only driver ever to win 3 times, and has always used Firestone Tires.

No tires except Firestone Gum-Dipped Tires could have resisted the terrific heat generated at such high sustained speeds on the hot brick track, lap after lap, hour after hour. You can have no greater proof of blowout protection.

Not one of the thirty-three drivers would risk his life on any other tire, for each driver knows that heat is the chief cause of tire failure and blowouts. Firestone cords are soaked in liquid rubber, which saturates and coats every cotton fiber, preventing friction and heat and adding great strength. This is the Firestone patented process of Gum-Dipping, that gives you greatest blowout protection and safety.

Profit by the experience of race drivers. Equip your car today with Firestone Gum-Dipped Tires—it costs so little to protect lives worth so much.

**THE New Firestone STANDARD**

Designed and constructed by Firestone skilled tire engineers—a first quality tire built of all first grade materials, embodying the many exclusive Firestone patented construction features. Its exceptional quality and service at these low prices are made possible by large volume production in the world's most efficient tire factories. Made in all sizes for passenger cars, trucks and buses. Let us show you this new Firestone tire today.
