### HOOVER INVITED TO TEXAS COTTON PALACE

Head of Food Conservation Movement in United States Expected to Visit Waco.

Waco, Texas.—Herbert Hoover, the man who saved Belgium from starvation, and who has been selected by the president as the food conservation movement in the United States, has been invited to deliver an address at the Cotton Palace Exposition. It is believed that Mr. Hoover will be glad to avail himself of the opportunity of presenting his great message of conservation to the hundreds of thousands of people from all parts of the great Southwest who will attend the great exposition.

It is doubtful if there is a more popular man in the United States than Mr. Hoover. Everybody will be anxious to hear him tell the people what they must do in the way of raising and conserving food products in order to win the great struggle across the sea.

### THOUSAND HAPPY BABIES ALL UNDER ONE ROOF

Premises to Be One of the Stellar Attractions of Texas Cotton Palace in Waco.

Waco, Texas.—Almost 1000 pink-toed, fuzzy-headed little babies will be one of the stellar attractions at the Texas Cotton Palace Exposition. The indications are that that number of children will be entered in the famous Better Babies contest that has grown to be one of the most important functions of the exposition.

The chief object of the Better Babies contest, which is conducted under the auspices of the extension department of the University of Texas, is to give to the world a stronger and healthier race of children. A thorough and scientific examination of each child is made by specialists from among the membership of the medical profession. The McJannet County medical society, and prominent physicians from other sections throughout the State have offered their services free of charge for this important work.

The Better Babies contest is not a local or State affair. It is open to the world. Children can be entered from anywhere. Last year children were entered from as far east as New York and as far west as California.

### CULINARY DEPARTMENT AT BIG EXPOSITION

Rare Display of Food and Canned Goods of Every Description Will Be an Exhibition at the Big Show.

Waco, Texas.—Every natural woman in the world loves to prepare food of every possible description, and by the same token, every natural man in the world loves to eat it. It is therefore a foregone conclusion that both men and women will want to go right straight to the famous culinary department at the Texas Cotton Palace Exposition.

Grab of a thousand varieties, and canned goods of every possible description, will be on exhibition. A visit to this department will even make the mouth of a hardened dyspeptic water with eagerness to get at it. It will also cause many an indifferent housewife to go back home determined to prepare better and more appetizing food for her husband, her kiddies and herself.

### PUBLIC SCHOOL OPENS

On Monday morning at 9 o'clock, quite a number of school boys and girls, and several patrons had gathered at the school building for the opening of the present term of school. The pupils assembled in their respective rooms; from which they marched to the auditorium where a short program was given. After being led in prayer by Rev. Kidd, Mrs. Mitchell, the music teacher, gave a splendid piano solo which was appreciated by all present. After being presented by the Supt. Rev. Kidd made a splendid talk upon what it takes to make a successful school and aroused the ambitions of the boys and girls. Mr. Fielder, the superintendent then made a short talk, and read the rules and regulations concerning the pupils. We are glad to have Mrs. C. E. Boydston and Mrs. Mitchell who will teach expression and music in the building this year.

The other teachers present were; Miss Ethel Hatchett, Miss Myrtle Conner, Mrs. M. E. Wakefield, and Miss Myrtle Atwood. The pay school opened with about a hundred pupils present, and all are in fine spirits for good school work.

Miss Ethel Hatchett, Miss Myrtle Conner, Mrs. M. E. Wakefield, and Miss Myrtle Atwood. The pay school opened with about a hundred pupils present, and all are in fine spirits for good school work. The pupils who do not attend this month will be considerably behind for there will be no turning back, but the work will go right on. A request was made of the patrons of the school to meet at the school building on Friday afternoon September 28 at 4 o'clock, for the purpose of organizing a parent-teachers association. If you are interested in the welfare of the school, whether you have children in it or not, be sure to meet with the teachers and parents. Much good can be accomplished by such an organization as this.

"The Supreme test of the nation has come. We must all speak and act and serve together". Woodrow Wilson.

A Car Saved is A Car Made

American railroads must carry a double burden of service during the war. Their efficiency is essential in developing national military effectiveness. They also must "do their bit" by helping to maintain "Business as Usual".

More than 100,000 cars will be required for government purposes during the next three months. Transportation facilities will be taxed to capacity by commercial requirements during this period. Government business must have preference however, and effective conservation of equipment is therefore imperative. Additional facilities and equipment can not be had now. We must do the best we can with what we have.

Carriers and shippers alike have been wasteful in the use of cars. It is the patriotic duty of both to economize. Wherever possible, light loading of cars, delays in loading or unloading, and kindred practices must be avoided as in violation of national welfare.

Maximum loading of Katy cars moved under load in 1916 would have saved 43,000 cars. Such a saving would provide enough cars to transport approximately 50,000,000 bushels of wheat. With full co-operation of shippers and consignees in the effort the management is making to conserve equipment the supply of cars on the M. K. & T. Lines for the use of commercial shippers can be increased 30%.

Railroads are peculiarly dependent upon public co-operation. Without public understanding of their problems and popular support of their proper purposes they cannot successfully perform their functions.

The management of the Missouri, Kansas & Texas Railway particularly needs the earnest and patriotic support of shippers in its efforts to effect practical conservation of equipment. The degree of success which will attend conservation efforts depends largely upon M. K. & T. patrons. Their help is earnestly solicited in the campaign to increase the nation's transportation efficiency.

Cotton Palace Directors Will Give One Day to Officials and Employees of Railway and Express Companies of Texas.

Waco, Texas.—Thousands of railroad and express company officials and employees are anxiously looking forward to their special day at the Texas Cotton Palace Exposition. This is the only exposition in the United States that has one day known as Railway and Express Men's Day. It is considered one of the most important gatherings of the year. It enables the employees to get better acquainted with the high officials, and the officials to get better acquainted with the men who do the daily bustling. Best of all, however, it gives the general public an opportunity to get acquainted with both the men and the officials, which is a mighty important item in the growth and development of the great state of Texas.

Committees have already been appointed and are now working out a big program.

There is no question but what it will be visited in capacity until the close of the exposition on November 18.

The new coliseum will have a seating capacity of more than 10,000, which is more than double that of the old coliseum. It will also be equipped with a magnificent stage. The dancing floor will be twice as large as before.

This will be the largest coliseum of its kind to be found anywhere in the South or Southwest.

In addition to dancing and other attractions, free band concerts by the world-famed lines band will be given in the coliseum every afternoon and night during the entire exposition. This will be one of the greatest musical treats that has ever been presented to the people of Texas and adjoining States.

## AUTOMOBILE RACES AT TEXAS COTTON PALACE

Some Noted Speed Kings Will Race at the Big Exposition in Waco.

Waco, Texas.—No man, woman or child who has a reasonable supply of good rich red blood coursing through their veins ever failed to witness a thrilling, exciting and dangerous automobile race when they had an opportunity to do so. There is good news for such people. The wildest and swiftest auto races that have ever been staged in America will be seen at the exposition this year. An aggregation of the world's best known dare-devil racing fiends will be on hand with their specially constructed racing machines. These celebrated racers will come to the exposition with the full determination of smashing a bunch of the world's best records. There is also a possibility that a few of the racers may incidentally smash their heads and legs.

The auto racing at the Cotton Palace will be an event that old and young will surely want to see. There is nothing in the world quite so thrilling and breath taking. Be sure and be there.

## BIG FOOTBALL GAMES.

Best Teams in Texas Will Contest at Cotton Palace.

Waco, Texas.—Football will be one of the big attractions at the Texas Cotton Palace Exposition. Games have been arranged between the leading colleges and universities of the State.

The Cotton Palace boasts of having the most modern football field in Texas. The groundkeeper looks upon it as his special pet and treats it with the same tenderness he would devote to a baby.

## FINE JERSEY CATTLE.

Waco, Texas.—Are you interested in blooded Jersey cattle? If so, you will surely want to visit the part of the Texas Cotton Palace Exposition where they are located. Forty head of these fine beautiful animals will be auctioned off during the exposition. The auctioning will be under the auspices of the Texas Jersey Cattle Club.

## RAILWAY AND EXPRESS MEN'S DAY AT EXPOSITION

Cotton Palace Directors Will Give One Day to Officials and Employees of Railway and Express Companies of Texas.

Waco, Texas.—Thousands of railroad and express company officials and employees are anxiously looking forward to their special day at the Texas Cotton Palace Exposition. This is the only exposition in the United States that has one day known as Railway and Express Men's Day. It is considered one of the most important gatherings of the year. It enables the employees to get better acquainted with the high officials, and the officials to get better acquainted with the men who do the daily hustling. Best of all, however, it gives the general public an opportunity to get acquainted with both the men and the officials, which is a mighty important item in the growth and development of the great state of Texas.

Committees have already been appointed and are now working out a big program.

WORLD-FAMED INNES BAND IS COMING

Will Be Big Musical Attraction at Cotton Palace at Waco in November.

TWO FREE CONCERTS EVERY DAY

Under the Personal Direction of Frederick Innes. This Famous Musical Organization Will Attract From All Over Texas.

Waco, Texas.—The musical attraction at the Texas Cotton Palace, which opens November 3 and closes November 18, will be of the highly superior quality that has always characterized that particular phase of the South's most unique exposition.

The directors of the Cotton Palace are congratulating themselves on being able to close a contract with the world-famed Innes Band. This great musical aggregation has won the well-earned plaudits of millions of music lovers all over the United States. It is an organization that the people of Texas will be proud to hear.

In securing the famous Innes Band they feel that they have obtained the very best that could be obtained in America.

The fact that this band is now playing at the great Toronto Fair, at Toronto, Canada, which is the largest exposition on the Western Hemisphere, is ample assurance of its unsurpassed popularity.

In addition to the band of more than 50 pieces, Mr. Innes will bring with him a quartet of vocalists composed of some of the world's most famous singers.

It should be remembered that no charge whatever is made to the huge coliseum to hear these wonderful concerts. They will be absolutely free to the visitors every afternoon and night. No other exposition accords this liberality to their visitors.

As a result of the great conflict in Europe, in which the United States is taking an important part, the demand for poultry during the coming years will be a much larger number than before. It will be necessary for every family, whether they live in the cities or on the farms, to raise poultry to assist in the big problem of feeding the world.

Those in charge of this important phase of the show have completed arrangements for obtaining some of the most valuable and celebrated paintings in America. Paintings worth more than \$100,000 will be on display. There will be no extra charge made for entrance to the art exhibit. It will be absolutely free to all visitors.

Waco, Texas.—No society event held anywhere in Texas during the year ever attracted so much notice, or such a large attendance as does the premier Society Ball at the Texas Cotton Palace.

This celebrated ball is attended by beautiful women and popular men from all parts of the State, and in many instances by people from other States. It is the one big society affair of the State each year. It is conducted by everybody that the Society Ball greatly exceeds any similar presentation by any other exposition in the country.

Expert decorators are now at work evolving an exclusive scheme of decorations for the new palatial coliseum for the night of the Society Ball.

The commodious new coliseum will afford a seating capacity more than twice as great as heretofore. The dancing floor will also be twice as large as before. This will be good news to the thousands who will participate in this most brilliant affair.

## U. S. SOLDIERS TO GIVE MILITARY SPIRIT

Texas Cotton Palace at Waco Will Be Mecca for Wearers of the Khaki.

WACO TO HAVE 40,000 TROOPS

Big Army and Aviation Camps Will Give Exposition at Waco in November True and Inspiring Military Aspect.

Waco, Texas.—One of the chief features of the Texas Cotton Palace Exposition this year will be the military spirit that will prevail everywhere. There will be more soldiers and high army officers present at the Cotton Palace than any exposition can boast of anywhere.

Long before the opening of the great exposition on November 3, the City of Waco will be known all over the world as the location of a great army cantonment and a colossal aviation camp.

More than 40,000 soldiers will be located on the big army camp on the edge of Waco. Thousands of men and hundreds of modern enemy destroying aeroplanes will be located in the aviation camp immediately adjoining.

The army camp occupies 1,500 acres and the aviation camp 700 acres. Several million dollars are being expended by the government in the erection of buildings of various kinds to take care of the troops and the aviators. An enormous army hospital is being erected at a cost of half a million dollars.

Arrangements are being made to have the soldiers participate in sham battles and army manoeuvres of all kinds on the Cotton Palace grounds during the exposition. In this way the people of Texas will be enabled to learn all about the army boys who are going to France to fight for their country.

Waco, Texas.—Every inch of space in the monster Automobile building at the Texas Cotton Palace Exposition has already been taken by the hundreds of exhibitors who will have their cars and accessories on display. This is the largest auto display to be found in the Southwest. It will be a most delightful place for the visitors to the exposition who are interested in the most popular mode of traveling of the present century. Every make of car and cars of all designs will be on exhibition. This will include cars of the lowest price up to the highest priced palace on tires that has thus far been designed by the world's greatest mechanics.

Judging by the thousands of letters that have been received by the Cotton Palace management concerning the automobile show, it is a fair presumption that the visitors this year will be more interested in the automobile than in any other feature of the exposition. This year the exhibition opens on November 3, until it closes on November 18.

As a result of the great conflict in Europe, in which the United States is taking an important part, the demand for poultry during the coming years will be a much larger number than before. It will be necessary for every family, whether they live in the cities or on the farms, to raise poultry to assist in the big problem of feeding the world.

## MAJOR GENERAL PARKER WILL OPEN EXPOSITION

The Texas Cotton Palace Exposition Will Be Formally Opened November 3.

Waco, Texas.—Major General James Parker has accepted the invitation tendered him by the directors of the Texas Cotton Palace Exposition to formally open the great exposition on the night of November 3.

This will be the first exposition in the United States to have the distinction of being opened by a man holding the high rank of major general.

It will be a great day for Waco and the great exposition that is making Texas famous all over the country.

General Parker is one of the best-known army men in the service. He entered West Point just 45 years ago, and has been in continuous service since that time. He is possessed with an affable and genial personality and will take great pleasure in meeting the great throngs who visit the Cotton Palace Exposition.

A special committee has been appointed to formulate a program for the opening night. It will be largely of a military character and will be quite different from anything heretofore seen in the southwest. The presence of General Parker and many other notable army officers will present a scene that everybody will want to witness.

BETTER THAN EXPECTED

FATS 21, LEANS 11

Cotton yield is of course better than was expected. There have been ginned about 176 bales of cotton in the county up to Sept. 1 with 225 the same date.

Webb, agent for the United States Department of Agriculture reports 176 bales of cotton in the county up to Sept. 1 with 225 the same date.

Hargrave, who lives about 10 miles west of town, says he has about eight bales off fifty acres of land here on Monday. W. T. Williams of the Dressy country says about one-eighth of a section means fifteen dollars. John Lee of north of the Board Flat district will make one-fourth of a section have not heard of any other prospects that yield.

A baseball game was staged Wednesday afternoon between the "Fats and Leans" of Cross Plains for the benefit of the local Red Cross chapter. The game and cause was well patronized, about \$55.00 in receipts being realized.
