SHERIFF NORDYKE RESIGNS JOB

Sign Up For "Gas" Rationing This Week End

TO QUIT DECEMBER FIRST; BRAME TO TAKE OVER DUTIES

CAR OWNERS ASKED TO COME FIRST DAY TO EXPEDITE TASK

Registration Will Be Held In Band Hall On Campus Of Cross Plains School

Automobile owners who are to register for gasoline rationing this week end are being asked by school authorities to appear the first day—Thursday—if at all possible. It is pointed out that a full staff of workers will be available Thursday, whereas on Friday and Saturday such will not be the case, however, registrations can be made on those days for those unable to present themselves the first day.

The registration will take place in the band hall on Cross Plains high school campus. A crew of workers will be on the job from eight in the morning until eight o'clock that night. It is expected that virtually all of the cars for the Cross Plains area will be included in the first day's registration. Only 500 blanks are available for Cross Plains and the crew to work Thursday can easily handle this number, the Review was told.

Application blanks may be secured at most any filling station. The blank should then be filled in properly by the registered owner of the car. Serial number of all tires should be printed on the blank, and no passenger car owner is permitted to own more than five casings. Where the serial number of the tire is no longer legible, the manufacturer's name of the tire may be inserted in the space of the obscured number. It is pointed out that the blank must be signed by the registered owner of the car. If the registered owner is in the armed forces the custodian of the car must appear before the county rationing board.

Leo Varner, local school superintendent who is in charge of the registration here, said yesterday that even if rationing of gasoline should again be delayed the registration will go ahead as planned.

Dr. V. E. Hill, chairman of the special gasoline rationing board for this county, yesterday issued the special announcement which he asked that gasoline registrants adhere to if they desire more gallons than will be allotted on the A cards.

"In regard to supplemental gasoline rationing, you should ask for supplemental gasoline application blanks when you register at the school houses for your 'A' card. If you feel that you are entitled to extra gasoline that is actually necessary to carry on your business necessary to the war effort and welfare of the nation, fill out this application-blank and mail it to or leave it with the ration board office at the court house as soon as possible, but please do not try to meet with the board as it will be busy trying to pass on the emergency applications before rationing starts.

"Please do not ask for more supplemental gasoline than is actually necessary. The government is trying to conserve the rubber necessary for the war effort, including the necessary rubber for the support of the army and the welfare of the nation. Our officials have worked out these plans which they think are necessary for winning the war. Our patriotic duty is to cooperate with them 100%." (Signed Dr. V. E. Hill).

ABLENE FAMILY MOVES TO FARM NEAR HERE

Mr. and Mrs. R. B. Belyeu, of Abilene, have moved to the Mont Jones place, one mile West of town. Mrs. Belyeu is Mr. Jones' daughter. The Belyeu's have two children in Cross Plains high school, Lillian and Bill.

Army Sergeant

LEONARD RAY

Sgt. Leonard Ray has been in the army one year and two months. He is in the Medical Corps, stationed at Camp Cook, California.

Sgt. Ray is the son of Mr. and Mrs. M. F. Ray, of Cross Plains. In a recent letter to his parents, he stated that he expected to go to an Officer's Candidate School within the next few weeks.

Local Girl Made Nurse Lieutenant In The U. S. Army

Miss Helen Younglove, daughter of Mrs. Alice Younglove, has volunteered and been accepted in the U. S. Army medical corps and given the rating of a second lieutenant.

Miss Younglove is a registered nurse with eight years of experience. She is a graduate of the Sealy hospital school of nursing and has worked at hospitals in San Angelo, Brownwood, Pampa and Santa Anna. She is now stationed in New Orleans.

Helen is a graduate of Cross Plains high school, having finished with the class of 1934. In school she was extremely popular with fellow students and enjoyed an exceptionally high average in academic subjects.

Farmers Organize AAA Committee For Work During 1943

Callahan county farmers and ranchmen met in nine different communities Friday and elected county committee members, who in turn met the following morning and named a county committee to administer the AAA program in this county during 1943.

The county committee as chosen by the delegates Saturday is composed of: J. Lester Farmer, Eula; Fred W. Stacy, Cross Plains; and Clyde T. Floyd, Opheim.

Community committeemen from the nine different Callahan localities are: E. A. Franke, Jack Gilliland and Hugh Ross, Baird; W. H. Ferguson, Vance Stephenson and J. A. McKee, Eula; W. L. Lawrence, E. I. Vestal and S. O. Montgomery, Cross Plains; Harley L. Sikes, L. H. Hayhurst and B. M. Bunn, Denton; W. R. Thompson, W. M. Black and E. F. Champion, Cottonwood; John L. Estes, M. E. Jolly and C. T. King, Clyde; T. N. Poindexter, Roy L. Armor and Ernest Gwin, Opheim; H. R. Tabor, O. F. Henderson and Wiley Smedley, Rowden; A. J. Ellis, E. H. Williams and R. L. Clinton, Putnam.

Mr. and Mrs. W. J. Cross and daughter, Billie Jean, and Mrs. Walton Ray and little daughter, Clara Fay, spent Sunday afternoon in Brownwood where they visited in the home of Mrs. Frank Cross.

First Married Men From This County Get Military Notices

First married men to be ordered to report from this county for physical examinations preparatory to being inducted into the armed services received their notices Sunday. They were ordered to report at Baird for the first physical Friday morning, November 20.

As far as could be learned only four men from Cross Plains were included in the first group to be called. They were: Stanley Pierce, Bill Coley, Mark Adair and L. G. Jennings.

In a telephone interview with the secretary of the draft board Tuesday afternoon the Review was told that the full list of the names of the men called from this county nor the exact number could not be released until after the first examinations had been passed.

"The men recently called up for physical examinations will not be inducted into service until possibly the latter part of December or some time in January," stated Royce Gilliland, draft board secretary.

Mr. Gilliland also informed the Review that the Callahan county board had been instructed to send questionnaires to the recent "teenage" registrants. These questionnaires were being prepared yesterday, however, it was likely that possibly two weeks would elapse before the questionnaires would be mailed, due to the fact that some little bit of time is necessary to prepare the list for mailing.

GENE BLITCH RECEIVES COMMISSION AS 2ND LT. IN FERRYING COMMAND

Harold E. (Gene) Blitch, formerly of Cross Plains, has been commissioned a Second Lieutenant in the Ferrying Division of the Air Transport Command at Hensley Field, Grand Prairie, Texas, and assigned to duty as an officer pilot with the 5th Ferrying Group, at Love Field.

Lt. Blitch was originally employed in the Ferrying Division as a civilian pilot. His appointment is the result of excellent performance of duty and having successfully completed a course of training in the Air Transport Command's Officers Training School. He has been in this branch of service since May of this year. He is a son of Mr. and Mrs. Joe Blitch of DeLeon.

James Blitch, a younger son, who is a Seaman 3rd class in the U. S. Coast Guards, has been transferred from New Orleans to Fort Pierce, Florida.

Cpl. Joe Blitch, the third son, who is in the Cannon Company, has been in the service for some time, and is now stationed some where in Australia.

BUFFALOES WIN CAGE CROWN IN FIRST TRY

Cross Plains high school Buffaloes won the first cage tournament in which they competed this season Saturday night when they made off with honors in the Denton invitation cage event. The local team was composed of: Herman Moore, Billy Mack Coppinger, Oran Peavy, Brooks Hill, Oliver Robbins, Truett Holley and Neal Strahan, Bobby Fincher, a regular on this year's team was absent.

Mr. and Mrs. Craig McNeal and Mrs. A. Painter visited Mr. and Mrs. Joe Blitch in DeLeon Sunday.

Mr. and Mrs. H. A. Young spent the week end in the home of Mr. and Mrs. W. J. Carpenter in Abilene.

15 Teams To Play In Basketball Tourney Here This Week End

Fifteen teams, eight girls and seven boys, representing eight schools are entered in the invitation basketball tournament to be held in the Cross Plains high school gymnasium Friday and Saturday of this week. Play will begin Friday afternoon, when the initial session is to be held. Other sessions are carded Friday night, Saturday afternoon and Saturday night. Finals in both divisions will be played Saturday night.

Boys and girls teams from the following schools will compete: Cross Plains, Colony, Pioneer, Mozelle, Denton, Bayou and Seranton. Cross Cut will also enter a girls team but no boys squad.

By virtue of their splendid showing at Denton last week end Cross Plains boys are deemed strongest in their bracket, however, they are likely to be pushed by any of the other six combinations, all of which are reported strong. The local boys are coached by Leo Varner.

Hubert Kelley, coach of the Cross Plains girls squad, is expecting his feminine charges to also make a very credible showing despite the fact that they have had only a few days of training. It is remembered that Kelley has given Cross Plains some of its greatest girls basketball teams.

FRED A. SMITH

Pictured above is Sergeant Fred A. Smith, son of Mr. and Mrs. A. A. Smith, of Cross Plains. He joined the army on September 16, 1940, and was first stationed in Pasadena, California. On April 27, 1942, he was transferred to Camp Bowie. Fred is a first class cook in 39th Engineers and is now in Louisville, Louisiana.

Former Local Boy And Temple Girl Wed In Colorado

Cpl. Billy Davidson, Jr., formerly of Cross Plains, and Miss Kathryn Jolly, of Temple, were united in marriage Tuesday evening, November 10, at seven-thirty o'clock in the Baptist parsonage in Colorado Springs, Colorado, with the First Baptist pastor reading the double ring ceremony.

The bride is the daughter of a prominent Lockhart couple. She is a graduate of an Austin high school. For the past several years she has been employed in Temple.

Cpl. Davidson is the only son of Mr. and Mrs. Bill Davidson, of Cross Plains. He is a graduate of Cross Plains high school, having finished with the class of 1938. Billy was employed in Wichita Falls before being inducted in the Army on June 30. He is stationed in Camp Carson, near Colorado Springs, Colorado.

Special Jurors Are Announced For The 42nd District Court

Special jurors to serve in the 42nd District Court of Callahan county, now in session at Baird, were announced from the office of Sheriff C. R. Nordyke Monday.

The special jurors are to appear at the courthouse Wednesday morning, November 25. They are as follows:

Nordyke Will Accept Place With Texas Rangers As A Special Investigator.

A surprise announcement to Callahan county came Monday morning when Sheriff C. R. Nordyke announced that he would resign his post December first to take a place as special investigator with the Texas Rangers. He had been elected for another full two year term by voters at the polls only a few months ago.

The Callahan County Commissioners Court in extraordinary session Monday named B. O. Brame, former County Commissioner from precinct one, to fill out Nordyke's present term which will be from December 1 to January first. It was not known here yesterday whether or not Brame or some one else would be appointed for the two full terms for which Nordyke was recently elected, or whether a special election would be held. It was pointed out, however, that should Nordyke choose to come back January first and qualify for the term from 1943 to 1945 he could legally do so under the law. In view of the fact that the position to which he has been appointed is much more remunerative it is not expected that he will elect to do this.

J. H. Rone Is Laid To Last Rest In Dressy Cemetery

Funeral services for J. H. Rone, long time resident of this area, were held from the Church of Christ here Wednesday afternoon of last week, November 11. Interment was made beside the grave of his wife who preceded him in death 28 years.

James H. Rone was born March 30, 1860 in Missouri. He moved to Dallas County, Texas, while a young man. While there he married Miss Cynthia Ann Crowover, who died in 1914.

Survivors include two sons and five daughters. They are: Misses, Minnie and Lizzie Rone, R. W. Rone and W. T. Rone, all of Cross Plains; Mrs. C. S. Crockett, Bangs; Mrs. A. T. Crockett, Brownwood; and Mrs. R. H. McDaniel, Lorraine, all of whom were present at the funeral and interment services. Other survivors include 17 grand children and 12 great grand children, as well as one brother and one sister, S. P. Rone and Mrs. Crechy House.

Mr. Rone had been in failing health for two years and confined to bed for the past two and one half months in the Sealy hospital at Santa Anna. He passed away there November 10.

Funeral services here last Wednesday afternoon were conducted by the minister J. P. Salyer, of the Coleman Church of Christ.

Out-of-town people here for the funeral included: S. P. Rone, Colorado City; Mr. and Mrs. J. W. Lee, Lorraine; Arthur Crowover and son, Seymour; Mrs. Col Tucker, Slaton; Mr. and Mrs. C. C. Yarbrough, Putnam; Mrs. Hazel Buffard, Temple; Mr. and Mrs. Otto Harrel and baby daughter, Joyce Lyn, Coleman.

Interment was made in the Dressy cemetery.

FORMER LOCAL COUPLE. PARENTS OF BABY BOY

Mr. and Mrs. Billy Mae Adams, of Marshall, formerly of Cross Plains, announce the birth of a baby boy, Friday, November 13. The child weighed seven pounds.

The latest reports were to the effect that both mother and son are doing nicely. Mrs. Adams is the former Miss Ernestine Sipes, daughter of Mr. and Mrs. Sam Sipes, of Cross Plains.

Miss Jo Ruth Arvin had as her guest last week end her mother.

Home Town Gossip

Before this faithful old writer and thinking what is the biggest news that could be gathered for the old home town this week our mind leisurely gathered to the battle fronts of the and meditates upon the various jobs Cross Plains boys are doing.

That a story we'd have if it were possible to print a map of the world this week and place thereon the names of the old home town boys at the spots where they're located. Right down on the map of Africa would be Roland Bryson, in the desert sands of the Sahara would likely be Bobby Hise, in the international dateline somewhere below the equator would spot Dub Neel. Far out in the South seas, somewhere in the Pacific would be the little boy Huntington. And so on down the line until all of the several hundred former Cross Plains boys had been located. Yes, suh it'd be a wonderful news story but just another of those things we're not able to print.

Have you ever stopped to consider what a valuable role the women of America are playing in the present war emergency? Just look around you here at home, and you'll find women at the work benches, behind the counters and in the counting rooms, doing jobs that heretofore were always manned by the stronger sex.

Only a few weeks ago the local Texas Utility office, preparing for future emergencies, began schooling two girls in the art of meter reading, wiring and pole climbing. Miss Rosa Van Lane and Mrs. L. F. Foster not only read every meter in the of home town recently but also made a few electrical connections amid the whip and pop of high voltage lines.

The best story heard this week: A Negro funeral was attended by a white man whose peculiar powers were not known by the other present. Another negro told what happened at the cemetery.

"Well suh," he reported, "when he begins to lower Joe in the hole, he says 'Let me down easy boys.'"

"Did they go ahead and bury him," asked a listener.

"How in the world would I know, I led de pack."

A Coleman man who was once a merchant in Berlin, comes forward with this prediction which was printed in his home town paper last week:

"Germany will be licked by November of next year," says Alex Mayers.

Mr. Mayers was a merchant in Berlin. He speaks the language, he knows the people. He is a hard student of the war situation and is a brilliant analyst of European political problems.

"We will clean up the African continent within 90 days. The French will throw in with the United States; the Italians will, with respect to the warring and unpopular Mussolini, take up arms with the United States against Germany. This has all been prepared in advance. The Government was breaking ground for this contingency when it opened citizenship to 900,000 Italian aliens in this country.

"With that situation we will begin the final march on Germany from four different vantage points. The Russians will come in from the East; the allies, re-enforced by Italian troops, will march in through the Brennan Pass; the Allied Nations will send another army through France, and still another through Norway. These four splendidly equipped armies will converge on Berlin starting sometime in early April.

"The German people, seeing the hands hitting on the wall, will overthrow Hitler as they did the Kaiser in a similar situation nearly a quarter of a century before, and sue for peace.

"Hitler, the hellion, may commit suicide by killing one-half of the people of the earth with poison gas."

"The allied troops should be in Berlin by November of next year."

GLOSTER THOMPSON GRADUATED RECENTLY FROM FLYING SCHOOL

Having graduated from the Coleman primary flying school, Aviation Cadet, Richard G. Thompson, son of Mr. and Mrs. Willie R. Thompson of Cottonwood, has completed the first and probably the most difficult part of his flight training preliminary to being awarded the coveted wings of the Army Air Corps.

Cadet Thompson now moves to a basic flying school where he will learn to handle faster and more powerful ships preparing him for the final phase of his training in an advanced flying school.

Typical of the Army Air Forces' newest wartime training program, Coleman Flying School, Ltd. is turning out an ever increasing number of fighting air men.

Texas is second in the United States in number of airports, pilots and planes.

On the 28 airlines serving the United States, eight operate in Texas.

There were 111 airports and eleven seaplane anchorages in Texas as listed by the Civil Aeronautics Board as of January 1, 1941.

They are going? Were there relatives in the West where a welcome awaited? Were they bound for the Plains of Texas or for California, which the may have heard of as lands of opportunity and wealth for all? Or were they following a wander urge that carried them westward across deserts, valleys and mountain ranges? What were they getting out of life? Did they smile and laugh as do other people who have homes and definite riches in this world?

Through what experiences did they pass in all those years from prattling childhood to the moment that they came toiling up that hill, and through what experiences will they pass as they travel broad highways and narrow byways that stretch on perhaps to the end of their days?

In fiction, the writer tells us what has gone before and then carried the creatures of his imagination to the climax that leaves them with assured places in the world. But, in life, we view a scene for an instant, as though revealed by a flash of lightning at night. Darkness follows.

There was an anachronism. Over a million-dollar brick highway, he gazed at thousands of cars and above which the motors hummed, was toiling this in a manner befitting the days of Daniel Boone was fighting the Indians. A plodding pair—where were

Announcement was made this week of the marriage of Miss Violet Ruth Yeager, of Pioneer, and Pfc. Oscar W. Koenig, of San Antonio, Saturday evening, November seventh, at six o'clock, in the home of Rev. and Mrs. W. E. Rodgers in Pioneer, with Rev. Rodgers reading the single ring ceremony.

Mrs. Koenig is the daughter of Mr. and Mrs. M. I. Yeager, of Pioneer, who attended Pioneer high school and was extremely popular among her associates.

The groom is stationed in Camp Edwards, Massachusetts, with the 56th Division.

NEED MORE VITAMIN C. The processing of Vitamin C (ascorbic acid), of which we are likely to need 100 tons a year for our fighting forces alone, compared with only seventeen tons in 1940 for all purposes, is occupying the attention of several large manufacturers.

This vitamin is obtained largely from such fruit as citrus, tomatoes, pineapple juice and various green vegetables. It is isolated in crystal form and may be had in compressed tablets. Its efficacy in preventing infection of wounds

Adult civilians need at least thirty milligrams of Vitamin C daily. Though eighty milligrams are believed optimum. Fighting men require proportionately more. One of the next industries in Texas should be the manufacture of vitamin from the innumerable products that state produces.

\$25. For 25c No Gambling Involved

If you were told that a 25 cent investment would likely return you \$25.00 or more, it would sound like a game of chance wouldn't it?

But it isn't. Here's the proposition:

Around your farm or home there are probably a number of usable items which you have discarded, yet they are needed by some one else who would pay good money to get them.

War production has stopped the manufacture of many needed items. For this reason it is essential that all utensils, tools, appliances, implements and the like be kept in a good state of repair and when un-needed by the present owner sold or conveyed to another person.

Look around your farm, home or business. See if there are not several things you could dispose of at an advantage to yourself and the purchaser as well. Then try a 25 cent investment in the Review's classified ad column.

Advertising does not work miracles, but it does render a useful service that profits both buyer and seller.

GLOSTER THOMPSON GRADUATED RECENTLY FROM FLYING SCHOOL

Having graduated from the Coleman primary flying school, Aviation Cadet, Richard G. Thompson, son of Mr. and Mrs. Willie R. Thompson of Cottonwood, has completed the first and probably the most difficult part of his flight training preliminary to being awarded the coveted wings of the Army Air Corps.

Cadet Thompson now moves to a basic flying school where he will learn to handle faster and more powerful ships preparing him for the final phase of his training in an advanced flying school.

Typical of the Army Air Forces' newest wartime training program, Coleman Flying School, Ltd. is turning out an ever increasing number of fighting air men.

Texas is second in the United States in number of airports, pilots and planes.

On the 28 airlines serving the United States, eight operate in Texas.

There were 111 airports and eleven seaplane anchorages in Texas listed by the Civil Aeronautics Board as of January 1, 1941.

they going? Were there relatives in the West where a welcome awaited? Were they bound for the Plains of Texas or for California, which the many have heard of as lands of opportunity and wealth for all? Or were they following a wander urge that carried them un- resting across deserts, valleys and mountain ranges? What were they getting out of life? Did they smile and laugh as do other people who have homes and definite riches in this world?

Through what experiences did they pass in all those years from prattling childhood to the moment that they came toiling up that hill, and through what experiences will they pass as they travel broad highways and narrow byways that stretch on perhaps to the end of their days?

In fiction, the writer tells us what has gone before and then carried the creature of his imagination to the climax that leaves them with assured places in the world. But, in life, we view a scene for an instant, as though revealed by a flash of lightning at night. Darkness follows.

Miss Violet Ruth Yeager Bride Of Oscar W. Koenig

Announcement was made this week of the marriage of Miss Violet Ruth Yeager, of Pioneer, and Pfc. Oscar W. Koenig, of San Antonio, Saturday evening, November seventh, at six o'clock, in the home of Rev. and Mrs. W. E. Rodgers in Pioneer, with Rev. Rodgers reading the single ring ceremony.

Mrs. Koenig is the daughter of Mr. and Mrs. M. L. Yeager, of Pioneer. She attended Pioneer high school and was extremely popular among her associates.

The groom is stationed in Camp Edwards, Massachusetts, with the 36th Division.

NEED MORE VITAMIN C.

The processing of Vitamin C (ascorbic acid), of which we are likely to need 100 tons a year for our fighting forces alone, compared with only seventeen tons in 1940 for all purposes, is occupying the attention of several large manufacturers. This vitamin is obtained largely from such fruit as citrus, tomatoes, pineapple juice and various green vegetables. It is isolated in crystal form and may be had in compressed tablets. Its efficacy is in preventing infection of wounds. Adult civilians need at least thirty milligrams of Vitamin C daily, though eighty milligrams are believed optimum. Fighting men require proportionately more. One of the next industries in Texas should be the manufacture of vitamins from the innumerable products the state produces.

You: No? Well, I understand that the factories which used to make washing machines now have turned to war work— Reddy: True! You: ... and so what are we going to do when our present machine wears out? Reddy: That's just the point! We're going to help keep 'em in good working condition— You: But new parts are hard to get, too! Reddy: Yes. That makes it doubly important that we take good care of the things we have. You: But suppose my machine breaks down?

Reddy: Well, Lady, the point is, make repairs before it breaks down! Check up on your washing machine—and all other appliances—now before some essential part gives way. Call your electric fix-it man. Let him go over your appliances carefully. Then he should make repairs that will prevent breakdowns.

You: Thank you, Reddy. But suppose I can't find a repair man—many of them are in the Army, you know. Reddy: In that case call the West Texas Utilities. Our service department has arranged to help out in emergencies!

NEWS BRIEFS OF BYGONE DAYS

Little Squibs Gleaned From Files Of Review

August 9, 1918: W. A. McGowan and family are in receipt of a message stating that their son, Murman, had arrived safely in France.

Also Mr. and Mrs. P. Smith have word that their son, Charles, who was on the same ship with young McGowan, had also made the trip safely. Young Smith remained less than two months in the training camp, as it was May 27, when he went to Camp Bowie. But now he, with nearly two million American sons are doing service for their country in a foreign land. Roy Mitchell and Ollie Harlow are also among those of this community going over on this ship. However, at this time their parents have not received any word of their arrival.

August 9, 1918: That the people of this community to each individual are patriotic is evidenced by the fact that on last Saturday a watermelon and two chickens were auctioned off for the sum of \$34.55 for the Red Cross, and all of this with the most disastrous drought starting then in the face ever known throughout the West. No, there are no more patriotic people to be found than those of this community.

August 9, 1918: Messrs. Ross and Bill Wagner went over to Brownwood Tuesday evening, and the next morning were accepted by the recruiting officer for service in the Merchant Marines. They, with a recruiting officer returned to this city Wednesday evening and Drew Baum, another splendid young man of this city was also examined and accepted, and the party returned to Brownwood the same evening.

Ross has been for some time connected with the Bank of Cross Plains and has a splendid record with that institution. Bill has been one of the efficient bookkeepers at the Higginbotham Co. and also has a most enviable record. And Drew Baum has also been salesman in the dry goods department for Higginbothams and with the other two has scores of friends who regret their departure, but who expect for them great records in the service of their country.

September 16, 1918: Henry McDaniel, eldest son of Mr. and Mrs. J. W. McDaniel, and Miss Anice Long, daughter of Mr. and Mrs. S. P. Long, were quietly married in Cross Plains on Saturday night, August 31, Elder J. M. Harlow officiating. The young bride and groom are both from two good families, pioneers in this country, and have the best wishes of many friends for a long life. They will for the present make their home on the farm.

September 13, 1918: Something more than forty of the young registrants in June left on Thursday for Camp Travis. Among those being called were Duke Westerman, Homer Paschall, Bob Baum and Monroe McDaniel, of the Cross Plains community, Dee Barnett and one of the Bishop boys of Brown County went from Cross Plains and perhaps others whose names we do not have. Those from the August registration will be called in October, so it is said.

John Kendrick's Son Made Captain In Army Air Corps

First Lieutenant George W. Kendrick, son of John Kendrick of Cross Plains, has been advanced to the rank of captain at Goodfellow Field, Army Air Forces Basic Flying School at San Angelo. It was announced recently by Col. Linus D. Frederick, commanding officer.

Captain Kendrick went to Goodfellow Field as an enlisted man before it was put in operation in February, 1941 and was commissioned a first lieutenant in April, 1941.

Out of the service less than a year since his first enlistment in June, 1935, Capt. Kendrick has served in the Army Air Forces all for several years and has succeeded beyond the average in his undertakings. He states he is anxious to get into the service since he will have nothing to do after the first. He is paying the tax for being a bachelor. We wish him well wherever he is called to go.

October 25, 1918: Lieutenant W. P. Erwin, son of the Rev. and Mrs. W. A. Erwin, well known here, who is an officer in the aviation service has been officially credited with bringing down his fifth German plane and therefore is an "American Ace". He has credit also for landing two sausage balloons. Like-ly he has done a great deal more than he is credited with. He has been recommended for the French croix de guerre and the congressional cross. He tells his folks that he intends to bring back all the trophies that are over there.

The Victoria Cross will be next in line. He is made of the stuff that makes America great and unconquerable.

November 22, 1918: W. M. Adams, the pennant man, has bought the Diff Jones home just Northwest of the Baptist church, and will occupy the same about the first of December. Mr. Adams has been living for two years on the old George Swan place joining the town-site on the Northeast.

November 22, 1918: Mr. and Mrs. J. E. Clark returned to this city last Friday after spending some time in Marlin, where Mr. Clark was trying to regain his health through the virtue of mineral waters of that town. We regret to say that Mr. Clark is still in poor health. He is associated with Mr. J. M. Hembree in representing I. W. Seaman and son, oil operators, of Union Town, Penn.

GUARD CHILDREN AGAINST SEASONAL HEALTH HAZARDS

In discussing seasonal health hazards for young children today, Dr. Geo. W. Cox, State Health Officer, stated that babies and young children need as careful protection now against winter complaints as they do in hot summer weather against "summer complaint."

Influenza, tonsillitis, pneumonia, bronchitis, and asthma are included among those diseases which may be dangerous winter illnesses among young children since they affect the respiratory or breathing system. Such diseases as pneumonia may develop from a neglected cold, they may follow as an after-effect of measles or whooping cough, or they may occur suddenly and with very little warning. These diseases of the respiratory system are more prevalent in winter than in summer and are much more difficult to combat than digestive ailments such as summer complaint.

"These winter diseases are especially dangerous to babies and young children," Dr. Cox said, "through the secretions from nose and mouth. Children susceptible to these complaints should be vaccinated. The first line of defense, however, is to strengthen the powers of resistance against disease; the second is to keep children under medical supervision and contact with others who have coughs, colds or fevers."

Perhaps the oldest contrivance to the scrap drive in Texas is the 92-year old flat iron given by P. V. Gibson of Amarillo. It is believed originally to her grandmother Tennessee.

All America Knows Budweiser... but Few Know This

Starch Helps Make Munitions, Batteries..

Everyone knows that corn starch is used in pies, puddings, cakes and other good things to eat. In addition to various household uses, it is necessary, too, for making batteries, cosmetics, paper and textiles, to name a few. Where does Anheuser-Busch fit in this picture? We learned a lot about cereals from constant analysis of barley for Budweiser. With that knowledge we started a Corn Products Division, which now supplies millions of pounds of starches each year to food and other industries.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

- VITAMINS, B COMPLEX**—Our plant is one of the world's largest sources for manufacturers of pharmaceutical and food products.
- VITAMIN D**—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.
- BAKER'S YEAST**—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.
- CORN SYRUP**—many millions of pounds annually for America's candy industry.
- SYRUPS**—for food, table and confectionery uses and special syrups for medicinal purposes.
- VITAMINS FOR LIVESTOCK**—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.
- REFRIGERATING EQUIPMENT**—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.
- DIESEL ENGINES**—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

YOUR COUNTY HOME DEMONSTRATION AGENT

TEXAS EXTENSION SERVICE

A training school for all new officers of Home Demonstration and Girls' 4-H Clubs was held in the District Court room in Baird on November 14.

All new Club officers including presidents, vice-presidents, secretaries, treasurers, reporters, parliamentarians, recreation leaders, 4-H sponsors, and council delegate were urged to attend. Registration began at 10:00 A.M. and the program will close about 4:00 p.m.

1942 reporters were also urged to come and bring their scrap books for judging.

Completion of her work as Clothing demonstrator give Maxine Johnson, Oplin 4-H girl, an opportunity to check on her results.

Maxine's story in her own words is as follows: "In the beginning of the club year I volunteered to be a clothing demonstrator. I took inventory of my clothes on hand, took note of conditions of clothing, listed materials on hand that could be used, and listed garments needed and articles to be purchased. In selecting garments needed, I tried to buy in a way that would provide me an economical and harmonious wardrobe.

"I arranged a storage space for folded garments and a space for garments hung on hangers, provided shoe rack, hosiery bag, hat shelf, and hat racks.

"Garments which I made included a kitchen apron, victory bonnet, a dress and a veral Christmas gifts using cotton materials.

Maxine's work was not limited to clothing for she also made a recipe file, practiced eating by the Texas Food Standard. Helped to make a frame garden and a tub garden, and helped with meal preparation.

New Home Demonstration Council chairman for Callahan County is Mrs. Lester Farmer of Eula. Mrs. Farmer was elected at the October meeting of the county council and will take office in January, 1943.

The Eula Home Demonstration Club was organized in Mrs. Farmer's home six years ago and she has been a club member since that time serving as vice-president, president and council delegate. In 1940 she was kitchen demonstrator winning third place in the county and in 1941 she served as food supply demonstrator.

Mrs. Farmer is a native of Callahan County and a typical farm woman of the type of which America may well be proud. She is proud of her four sons, two of whom are in defense work and the other two in the army air forces, and of her three daughters attending school at Eula. Mr. Farmer is chairman of the AAA committee and also serves as chairman of the County War Board and of the Farm Machinery Rationing Committee.

The Home Demonstration Council is made up of the representatives of each of the 15 home demonstration clubs in the county: Adair, Atwell, Clyde Helping Hand, Cottonwood, Cross Plains, Dressy, Enterprise, Eula, Midway, North Clyde, Oplin, Putnam, Tecumseh, Union and Zion Hill.

Home is not always the safest place to be for home next to automobiles in the greatest number of fatal accidents besides the huge amount of non-fatal accidents. Last year there were 31,500 lives lost due to home accidents according to figures of the National Safety Council. Of these over 16,000 deaths were results of falls. Next in order were burns, poisons and fire-arms.

Non-fatal accidents requiring medical treatments were 4,650,000 including approximately 130,000 permanent disabilities. Wage loss, medical expense, and overhead cost of insurance associated with 1941 home accidents totaled \$600,000,000.

Falls on stairways are very common. Keep stairs well lighted and clear all steps of toys, brooms, and other trash. High heels are especially dangerous on stairways. Keep shoes in good repair. Prevent falls both inside and outside the house by teaching children to pick up their toys.

Avoid placing any furniture in doorways or narrow passageways. If you must use kitchen stools piled on chairs to reach high places, watch for trouble.

Stew pans on the stove with handles turned out invite tragedy—especially if you youngster grabs at them. Next to burns and scalds, smothering causes most of our accidental infant deaths. Babies are no match for pillows in a tussle.

Opening cans with a butcher knife may open a cash in your wrist. Wrong use of tools causes 1 out of 10 home accidents.

Never use a penny to make a burnt-out fuse work. Fuses are safety valves, prevent fires. The penny removes that protection.

Don't run electric cords across floors, through doorways, or under rugs. There's danger of tripping, short circuits, shock, fire. Place outlets where needed.

Every accident affects the war in one way or another. Men and women are kept from work, machinery idle, production slowed because of home accidents.

Remember to save manpower for warpower and that accidents help the Axis.

NEWS from YOUR COUNTY HOME DEMONSTRATION AGENT TEXAS EXTENSION SERVICE

A training school for all new officers of Home Demonstration and Girl's 4-H Clubs was held in the District Court room in Baird on November 14.

All new club officers including presidents, vice-presidents, secretaries, treasurers, reporters, parliamentarians, recreation leaders, 4-H sponsors, and council delegate were urged to attend.

1942 reporters were also urged to come and bring their scrap books for judging.

Completion of her work as Clothing demonstrator give Maxine Johnson, Oplin 4-H girl, an opportunity to check on her results.

Maxine's story in her own words is as follows: "In the beginning of the club year I volunteered to be a clothing demonstrator. I took inventory of my clothes on hand, took note of conditions of clothing, listed materials on hand that could be used, and listed garments needed and articles to be purchased."

"I arranged a storage space for folded garments and a space for garments hung on hangers, provided shoe rack, hosiery bag, hat shelf, and hat racks."

"Garments which I made included a kitchen apron, victory bonnet, a dress and a veral Christmas gifts using cotton materials."

Maxine's work was not limited to clothing for she also made a recipe file, practiced eating by the Texas Food Standard, Helped to make a frame garden and a tub garden, and helped with meal preparation."

New Home Demonstration Council chairman for Callahan County is Mrs. Lester Farmer of Eula. Mrs. Farmer was elected at the October meeting of the county council and will take office in January, 1943.

The Eula Home Demonstration Club was organized in Mrs. Farmer's home six years ago and she has been a club member since that time serving as vice-president, president and council delegate. In 1940 she was kitchen demonstration winning third place in the county on her improved kitchen and in 1941 she served as food supply demonstrator.

Mrs. Farmer is a native of Callahan County and a typical farm woman of the type of which America may well be proud. She is proud of her four sons, two of whom are in defense work and the other two in the army air forces, and of her three daughters attending school at Eula. Mr. Farmer is chairman of the AAA committee and also serves as chairman of the County War Board and of the Farm Machinery Rationing Committee.

The Home Demonstration Council is made up of the representatives of each of the 15 home demonstration clubs in the county: Adair, Atwell, Clyde Helping Hand, Cottonwood, Cross Plains, Dressy, Enterprise, Eula, Midway, North Clyde, Oplin, Putnam, Tecumseh, Union and Zion Hill.

Home is not always the safest place to be for home rate next to automobiles in the greatest number of fatal accidents besides the huge amount of non-fatal accidents. Last year there were 31,500 lives lost due to home accidents according to figures of the National Safety Council. Of these over 16,000 deaths were results of falls. Next in order were burns, poisons and firearms.

Non-fatal accidents requiring medical treatments were 4,650,000 including approximately 130,000 permanent disabilities. Wage loss, medical expense, and overhead cost of insurance associated with 1941 home accidents totaled \$600,000,000.

Falls on stairways are very common. Keep stairs well lighted and clear all steps of toys, brooms, and other trash. High heels are especially dangerous on stairways. Keep shoes in good repair. Prevent falls both inside and outside the home by teaching children to pick up their toys. Avoid placing any furniture in doorways or narrow passageways. If you must use kitchen stools piled on chairs to reach high places, watch for trouble.

Stew pans on the stove with handles turned out invite tragedy—especially if you youngster grabs at them. Next to burns and scalds, smothering causes most of our accidental infants deaths. Babies are no match for pillows in a tussle.

Opening cans with a butcher knife may open a rash in your wrist. Wrong use of tools causes 1 out of 10 home accidents.

Never use a penny to make a burnt-out fuse work. Fuses are safety valves, prevent fires. The penny removes that protection. Don't run electric cords across floors, through doorways, or under rugs. There's danger of tripping, short circuits, shock, fire. Place outlets where needed.

Every accident affects the war in one way or another. Men and women are kept from work, machines idle, production slowed because of home accidents.

Remember to save manpower for warpower and that accidents help the Axis.

ENTERPRISE H. D. CLUB WINS FIRST WITH SCRAPBOOK

First place in reporters' scrapbooks in the Home Demonstration Clubs of Callahan County went to the Enterprise Club of which Miss Opal Perry is reporter.

Second place went to Eula and third place to Dressy.

News stories written by the club reporter and other news on 1942 home demonstration work which she collected were placed in the scrapbook of each reporter during the year. Club reporters are given training in news writing and have organized a Reporters' Association which meets quarterly and of which Mrs. Hadden Payne of Dressy, Council reporter, is chairman.

Judging of the scrapbook was done on basis of number of news stories written, quality of news stories written by reporter, and general arrangements of interesting articles on club work. Mr. Sam Yeager, editor of the Putnam News served as the judge.

When a single girl looks her best she has the best chance of finding the man she is after.

Household Hints

Rancidity in lard can be prevented by keeping it away from air, light and warmth. Store in tin or crockery containers in a cool place. Shells and other things should be stored in different folds each week so the creases will not break through.

That fish may be sealed much easier by first dipping them into boiling water for a minute.

Food bought in season will help to keep that part of the budget within reason.

Onion juice should be added after a mixture is cooked rather than cooked with the mixture if the best flavor is desired.

To protect garden shoes keep the soles and other linings should be treated with a coat of castor oil, tallow or wood grease. Lay dry in a warm place.

Salt fish are quickest and best freshened by soaking in sour milk, because a Nation-BUY WAR BONDS.

Application For Extra Gas Must Be Made In Writing Direct To County Board

Gasoline rationing registration was temporarily interrupted here Saturday when clerks exhausted the supply of forms. A new batch was ordered immediately, however, and the sign-up was scheduled for completion Wednesday in the band hall on Cross Plains school campus.

A check-up with the registration office revealed that 432 people were signed up before the supply of blanks became exhausted.

"We sincerely thank the clerks and ration board members who assisted during the registration," said Leo Varner, who was in charge of the job here. "Without their assistance competent disposition of the matter would have been impossible."

Mr. Varner estimated that by the time the registration was completed the final number of A books issued in Cross Plains would equal or pass the 500 mark.

Persons desiring to make application for more gasoline than is provided for in the A book are required to make application direct to the county board in charge of this phase of rationing.

LUNCHEON CLUB WILL HAVE BANQUET LATER

A ladies-club banquet of the Chamber of Commerce Luncheon Club scheduled for Tuesday night of this week was called off, when it was learned that members of the club were so busy with Fall business, created by the harvesting of crops, that the function would work a hardship on several and others would be impossible to attend at all.

The event was to have been at the Methodist church Tuesday night. Plans call for the banquet to be held some time in December or January, according to word received from Dr. J. H. McGowan, chairman of the committee in charge of arrangements.

LAUNDRIES TO STOP MAKING DELIVERIES

Cross Plains laundries will discontinue pick-up and delivery service on December first, the Review was told by proprietors of two of the establishments, Tuesday afternoon. It was pointed out that gasoline rationing made continuance of this service impossible. On another page of today's issue of the Review is an advertisement in which the laundries explain their situation.
