\$42,000 Worth Of Defense Bonds Sold In County

FURTHER PURCHASES ARE ENCOURAGED BY CALLAHAN LEADERS

Local People Respond Very Loyal To Government's Appeal, Chairman States

People of Callahan county are responding loyally to the call issued by the Treasury of the United States for purchases of defense bonds and stamps to finance the staggering totals of national defense, according to a statement issued yesterday by M. H. Perkins, County Defense Bond Chairman, and Joe G. Weiler, chairman of the Cross Plains committee.

It is reported that the first billion mark was reached in sales on July 21 and that purchasers are now on their way toward the second billion mark.

Callahan county committees report that up to August first more than \$42,000.00 worth of bonds had been sold in this county. It is pointed out that this was done without any serious concern or concentrated effort by anyone, simply by letting the people know that their government was requesting the purchase of these securities to finance national defense.

In urging local people to purchase these bonds Mr. Weiler and Mr. Perkins yesterday released the following statement: "Defense bonds are a good investment and bring a good revenue, one that is as safe as the nation has to offer. The stamps are likewise a systematic method of saving and may be converted into bonds when the necessary number has been secured. The stamps are especially convenient for children and help to encourage both the habit of thrift and patriotism. Many of the wealthy men of today will tell you that they owe their success in life to having started the habit of saving at an early age."

Any further information regarding the defense saving bonds or stamps may be secured from Mr. Weiler, Mr. Perkins or any member of the local committee on defense bond sales.

1942 MODEL HUDSONS GO ON DISPLAY HERE
New 1942 model Hudson cars went on display at the local dealership, Calhoun Motor Company, here this week. E. A. (Bill) Calhoun, owner and manager, told the Review that he was afraid that no more than half as many cars would be available next year as ordinarily.

ROY McCHARRENS ARE TRANSFERRED TO BAIRD
Mr. and Mrs. Roy McCharren, who moved here more than a year ago from Breckenridge, will leave within the next few days to make their home at Baird, where he has been transferred by the state highway department. Mr. McCharren has been in charge of road maintenance work in this locality.

Ira H. Hall made a business trip to Fort Worth Monday.
Herman Rudloff made a business trip to Fort Worth Tuesday.

White said that he could not reach a satisfactory agreement with the Cisco officials.
The Baird coach has another year to go on his present two-year contract.

LOCAL PIGGLY WIGGLY FAMILY AT CONVENTION
Mr. and Mrs. W. D. Smith and daughter, Lina Lee, left Monday for New Orleans to attend the national convention of Piggly Wiggly owners. The Smiths will visit a number of points of interest in the old South before returning to their home here the latter part of this week.

Mrs. Loren Kellar and Wanda Jean will leave Saturday for Sweeney, where Mrs. Kellar will be employed in the Sweeney Independent Schools for the coming year.

How School Lunch Room Will Be Operated Here

By LEO VARNER

The Cross Plains Community Lunch Program has been approved and it is estimated that approximately 500 students will eat hot lunches daily. The old Burnt Branch school building has been moved to the North end of the campus and has been remodeled and equipped to take care of present or future needs. The public is cordially invited to inspect the building and equipment at any time.

The pupils will be allowed thirty minutes for lunch and the lunch period will last one hour. Two shifts may eat during this time, each shift consisting of as many as 250 pupils.

Each pupil will be required to bring a plate, knife, fork, spoon and drinking glass and any other utensil that may be necessary.

Patrons are asked to bring anything that can be used in the kitchen.

Due to the increased cost of foodstuff and because the P. T. A. went to an expense of over four hundred dollars to equip the lunch-room only part of which was donated the price of the hot lunch has been raised to eight (8) cents per meal. Contributions of foodstuff will be accepted in lieu of money, but enough of one article must be contributed to feed the entire group. For example, if sweet potatoes are to be contributed enough must be given at one time to feed all who are to eat. However, we will set aside certain days on which one certain article may be brought. In this way several families could give small quantities which would amount to enough to serve everyone. Milk, except for cooking purposes, cannot be accepted. A list of articles will be made and publicized as soon as possible.

Mrs. Olga Banks, former Home Economics teacher in the Baird School, is the County Supervisor for this project and it is due chiefly to her efforts that this county has instituted this program in practically all the schools.

A committee will be appointed when school starts, to determine the eligibility of pupils to eat free of charge and the parents of the pupils so designated are assured that this information will not be public. For example, if a boy wants to eat in the lunch room, but is not able to pay, he will be issued a ticket just like the others. This ticket will admit him to the lunch-room for one month. No one will ever know whether he paid or not.

Any suggestions for the improvement of this project will be welcomed. This belongs to you as much as it does to anyone else and we will need your cooperation and help to make it the best lunch-room in this territory.

COUNTY TAX RATE REPORTED LOWER
When Callahan county property owners receive statements for their 1941 taxes this Fall they will likely receive a pleasant surprise in that their taxes will be somewhat lower than in recent years.

BLANK WHITE REJECTS CISCO COACHING JOB
Bill White, Baird high school football coach, Tuesday turned down an offer which would have elevated him to the head coaching position at Cisco, a Class AA high school.

LOCAL PIGGLY WIGGLY FAMILY AT CONVENTION
Mr. and Mrs. W. D. Smith and daughter, Lina Lee, left Monday for New Orleans to attend the national convention of Piggly Wiggly owners. The Smiths will visit a number of points of interest in the old South before returning to their home here the latter part of this week.

Mrs. Loren Kellar and Wanda Jean will leave Saturday for Sweeney, where Mrs. Kellar will be employed in the Sweeney Independent Schools for the coming year.

LET CONTRACT ON HIGHWAY 36 ROAD WORK THIS WEEK

Contract For 7.8 Miles To Fill Last Gap Between Cross Plains, And Abilene

A Texas Highway Department improvement project in Callahan County on Highway 36 extending for 7.8 miles on the section from Denton Community to U. S. route 83 is included in the list of new work for which bids are scheduled to be received at the Highway Department in Austin at the August road letting, August 28 and 29.

The Callahan County project is entirely a state road fund project and is to include grading and construction of drainage structures along the section to be improved, including construction of a new bridge over the Bayou.

It is one of a number of varied projects located in 23 counties that have been listed for the August letting. Their total cost will amount to approximately \$2,086,000, according to the estimates.

Much of the new work is for improvement of sections of Texas highways that are a part of the national strategic military road network and on which the Highway Department is concentrating under the Defense Program.

COTTONWOOD MAN BURIED SATURDAY

H. T. (Turner) Peavy, 51, of Cottonwood, was laid to rest in the cemetery there Saturday afternoon. Services were conducted from the Cottonwood Church of Christ, of which he was a member, with Minister Roy J. Clark officiating.

Mr. Peavy, a World War veteran, had been in declining health for some time and quite ill for about three months.

Survivors include the widow, five children, H. T. Jr., Buel, Anna Jewel and Mary Sue and Mrs. James Carpenter of Abilene; his father and step-mother, Mr. and Mrs. Ott Peavy and four brothers, Sub Peavy, Cottonwood; Elmer Peavy, Lawn; Will Peavy, Nimrod; and Dee Peavy, Oplin.

Funeral arrangements were in charge of Higginbothams, Cross Plains.

COTTONWOOD HIGH SCHOOL TRANSFERS TO CROSS PLAINS

Cottonwood's entire high school will be transferred to Cross Plains this year, it was announced Tuesday afternoon after a meeting of the Cottonwood board Monday night.

Heretofore, the last two year students—juniors and seniors—were transferred to Cross Plains. The newly adopted plan will include the freshmen and sophomore students to the group being transferred here, increasing enrollment of the local institution by possibly 13 students. The Cottonwood students are to be transported in a bus operated by Ode Strahan, of that community.

FREE SHOW MONDAY FOR SCHOOL STUDENTS
All school students will be guest of honor at a free picture show at the Liberty theatre Monday afternoon beginning at 1:15. It is pointed out that registration and classifications will have been completed by that time and students will be dismissed in order to avail themselves to this privilege if they so desire.

New School Head

LEO VARNER

Leo Varner, recently elected superintendent of Cross Plains schools, begins his first term as head of the local system on Monday morning as the Autumn semester opens. He has extended a cordial invitation to the general public to attend the opening exercises Monday morning at nine o'clock.

LOCAL LIBRARY IS BECOMING POPULAR

The Cross Plains Public Library ends this week one of the most successful seasons in its history, having greatly increased its circulation, added much new material to its stock, and conducted a highly satisfactory story hour for children.

This enlarged program has been made possible through aid given by the WPA, the City Council, and the Wednesday Study Club. The above named agencies have cooperated to supply a library clerk, funds for purchasing new books and incidentals, and a supervisory service in connection with the general maintenance of the library which now serves three communities adjoining the Cross Plains proper area.

The library is becoming increasingly popular with children as well as adults and has provided many persons with a pleasant and profitable use of leisure time during the summer months.

Prospects are bright for a continued library service during the coming months and officials are hopeful of adding more books at frequent intervals. Citizens are urged to visit their library, to look over the available reading matter, to learn something of its facilities, and to thus appreciate the efforts of the WPA, city officials, and other interested persons in giving Cross Plains a first class up-to-date library.

OWEN RENFRO SUSTAINS PAINFUL HURT TUESDAY

Owen Renfro sustained a painful arm laceration Tuesday afternoon while repairing an automobile light at his place of business on North Main Street. Eight stitches were required to close the cut which severed one of the larger blood veins in the wrist.

Jim Will Wilson was a visitor in Stephenville last Thursday.

Over 2 1/2 Feet Of Rainfall Has Been Recorded Here This Year

Does it seem to you that the Cross Plains country has had an abnormal amount of rainfall this year? Whereas the normal 12 month rainfall for Cross Plains is around 27 inches, more than 31 and one-half inches has already been recorded here in a little less than the first eight months of 1941.

Wednesday's rain, which measured 1.65 inches at 3 p.m., brought the total precipitation for August to 6.11 inches, to become the wettest month thus far this year and possibly one of the wettest Augusts in history.

DRESSY AND CROSS PLAINS TO BALLOT ON CONSOLIDATION

Proposal Would Make Local District The Biggest In County By 5 Square Miles

An election for the consolidation of the Cross Plains and Dressy school districts will be held September 13.

Petitions asking the vote were presented to County Judge B. H. Freeland last week. It was reported that no opposition to the proposal has been manifested in either district, and that the necessary majority at either box for the carrying of the proposition is expected to be tabulated.

Hulan Barr was named to preside in Cross Plains for the voting which will take place in the Cross Plains Motor Co., Inc. building, and Flem Johnson was named judge for Dressy voting which is to be done in the school building there.

It is pointed out that if the election carries the Dressy school building will become the property of the people of that community to be used for whatever purposes they designate. The proposed merger would make the Cross Plains-Dressy district the largest in Callahan county by about five square miles. The district would be 115 square miles, whereas Baird is now 110 square miles and Bayou approximately 103.

Dressy students have been transferred to Cross Plains for the past several years and the consolidation would not effect enrollment figures. A new 48 passenger school bus with all-steel body was bought last week by the local district to serve students on the Dressy route.

Local Utility Man Wed To Brownwood Lady On Saturday

Coming as a complete surprise to their many friends was the marriage Saturday evening of Mrs. Myrtle Williams of Brownwood, and L. F. Foster of Cross Plains. The ceremony was solemnized in the First Baptist Church at San Antonio with the pastor, Rev. H. Nobles, officiating.

The bride wore a navy blue crepe ensemble with a corsage of tube roses. She was attended by her sister, Mrs. Jack Miller of San Antonio and Miss Hattie Mae Cunningham of Sacramento, California.

Following the ceremony a reception was held at the Miller home in San Antonio. Assisting Mrs. Miller in the serving was Mrs. Lee Cunningham of Fort Worth.

After a short bridal tour the couple returned to Cross Plains Monday night. The bride, however, has gone to Brownwood, where she will continue to work two weeks before coming here to make her home.

Mr. Foster is manager for the West Texas Utilities Company in Cross Plains, having come here from Albany about six months ago. He enjoys a large circle of friends here, as well as at Albany, Baird and Rising Star where he formerly served the West Texas Utilities.

R. G. Hopson, formerly employed by Western Auto Associate Store here, has moved to Fort Worth.

Mrs. R. A. Holles was an Abilene visitor one day last week.

VENTILATED CELLAR PROVES BIG HELP TO CALLAHAN H. D. LADY

Mrs. C. B. Young of the Eula Home Demonstration Club finds when she ventilated her cellar properly that potatoes grown this year and onions are keeping well, none have rotted nor have the small potatoes sweetened any. The eggs that she markets are kept nice and cool in the cellar until she is ready to take them to town. This summer is the first time Mrs. Young has got to test the ventilation on perishables during the summer months as she ventilated the cellar early last fall. This is the way the ventilators are, to give the best circulation of air making the cellar not only cooler but much drier. A ventilator is put in the highest and lowest points of the cellar, one ventilator comes within six inches of the floor, each ventilator has as many square inches in it as the floor has square feet in it—example a 6 by 8 cellar would need two ventilators 6 by 8 inches. Mrs. Young finds that her canned foods are of better quality in a cooler and drier storage.

\$29,700 LOANED TO CALLAHAN TENANTS TO PURCHASE FARMS

To date a total of \$29,700.00 has been loaned to Callahan County tenant farmers with which to buy land and improve it for homes through the Tenant Purchase division of the Farm Security Administration.

Farms have been purchased for Troy Allen, Denton community; Oliver C. Jones, Denton community; Olin J. English, Cross Plains; Ernest M. Higgins, Admiral. Several other loans are being processed but have not been completed to date. Through the Tenant Purchase program of the FSA tenants of Callahan County may become land owners.

Construction has been started on the Oliver C. Jones home in the Denton community. Other improvements will be started as soon as the farmers get in possession of their farms they have purchased. The approximate date of these improvements is October first through the remainder of the year.

Mrs. C. W. Kemper and son, Alvin were visitors here Monday.

J. L. Womack and son, Dean, were San Angelo visitors the latter part of last week.

Mr. and Mrs. J. C. Graham are visiting her son, Mr. and Mrs. Oliver Wolfe and daughter, Virginia, in Beaumont this week. They also plan to visit in Houston, Galveston and other Southern points of interest.

Mr. and Mrs. Charles Taylor, Jr., of Loraine, spent last week end here with his parents, Mr. and Mrs. Charles Taylor.

WILLIS BROWN PAINTS HIS SERVICE STATION

A fresh, new coat of white paint is being applied to the Willis J. Brown service station and grocery on South Main Street, giving the building a noticeable improved appearance. In addition to the painting Mr. Brown has done quite a bit of repairing both inside and out.

Mason Hallbrook, of Abilene, returned Leo McDermott, who had been visiting friends and relatives in Abilene, to her home here Sunday.

Say, I Saw It In The Review!

P.T.A. Asks Kitchen Utensils Be Given For School Lunch Room Use

At a meeting of the Cross Plains Parent-Teachers Association in the high school building Monday afternoon a list of kitchen utensils needed in the lunch room was compiled and patrons of the project will be asked to contribute these. It is pointed out that only large sizes will be usable.

The list of needed items as given in the Review by Mrs. J. C. Huntington, P.T.A. president, follows: 8 roasting pans, 8 muffin pans, household scales, 3 garbage pails with covers, 8 water pitchers, 3 double boilers, 6 dish pans, 8 paring knives, 3 wooden stirring spoons, 2 long wire forks, 4 measuring cups, 4 quart measures, 4 butcher knives, 6 vegetable brushes, 3 can openers, 24 dish cloths, 45 dish towels, 12 pot holders, 3 rotary egg beaters, food grinder, 12 baking sheets, 5 gallon lard cans, 4 iron skillets, 2 Dutch ovens with wire baskets, 6 sets of measuring spoons, 3 egg turners, 8 scalloping pans, 6 mixing bowls, 3 flour sifters, 4 rolling pins, 3 cheese graters, 4 potato mashers, 1 juice extractor, 6 chore girls.

Anyone who will donate either one or several of these items is urged to bring it, or them, to the school lunch room before Monday. Or, the items may be left with Mrs. J. C. Huntington or any officer of the P.T.A.

PIONEER COACH QUITS FOR LOCKHART PLACE

Coach Orville Ethridge, of Pioneer, relinquished his post here this week to accept the assistant coaching job at his home town of Lockhart. As the Review went to press Superintendent L. C. Cash was contacting prospects in the endeavor to get the vacancy filled by the opening of Pioneer school September first.

In addition to coaching athletics Ethridge taught history and science and was high school principal.

CISCO JUNIOR COLLEGE MAKING STRONG BID FOR LOCAL STUDENTS

Officials of Cisco Junior College were in the city early this week contacting graduates of Cross Plains high school with a view of interesting them in attending the Cisco institution this fall.

Opening for the first time last fall the college enjoyed a highly successful season and with a new and greater appropriation from the State, the school expects a much larger enrollment this fall. The school gives two years of accredited college work.

PRESBYTERIAN CHURCH

Notices for Sunday, August 31st. Sunday School 9:45 A.M. Morning worship 11:00 A.M. Evening service 8 P.M.

The attention of every member of the church is called to the announcement of a called meeting of the congregation. This meeting of the congregation is called for the eleven o'clock hour Sunday morning. Several important items of business is to be brought before the congregation for their approval or disapproval. Reports for the past year as well as plans for the coming year are to be considered. As you know the contract with the Board of National Missions closes with the month of September. A new contract with this Board is to be considered. Presbytery meets the 10th of September and all the reports of the church for the year are to be completed and ready for this meeting of Presbytery. The pastor is placing his resignation before the congregation for their consideration before the meeting of the Church should be present.

Yours Sincerely,
The Pastor.

REVIEW APOLOGIZES FOR RECENT MISTAKE IN TAX RENDITIONS

In an item which appeared in the August 15 issue of the Review there appeared an item headed: "Callahan county valuation down \$1,374, in '41'".

Figures for the news item were taken from the Texas Almanac and totals for state taxes were inadvertently used in the place of those of county taxes. Due to the fact there is a homestead exemption on state taxes the news item was seriously in error. The Review hereby apologizes for the mistake and offers the following correction.

Instead of Callahan's county's valuation being more than million dollars lower—as the item stated—the valuations are actually a fraction higher, however, definite figures will not be available until the tax roll is approved by the state Comptroller.

ROLAND G. HOWELL TO SCHOOL JOB AT SONORA

Roland G. Howell has resigned his position as band director at Cross Plains to accept a more lucrative position in the same capacity at Sonora. The Marion Harvey place occupied by the Howells has been rented by Mr. and Mrs. Jack Ripper and family.

BAILEY WILSON HOME IS NOW BEING ROCKED

A crew of workmen are busy at the home of Mr. and Mrs. T. Bailey Wilson this week, giving the structure a natural stone veneer outer wall. The Wilson place, recently enlarged and modernized is now one of Cross Plains' most commodious homes.

EARL SMITHS MOVE IN AT MRS. ED CROCKETT PLACE

Mr. and Mrs. Earl Smith and family have moved into the Mrs. Ed Crockett place on North Main Street, directly across the street West of the home of Mr. and Mrs. C. W. Kemper.

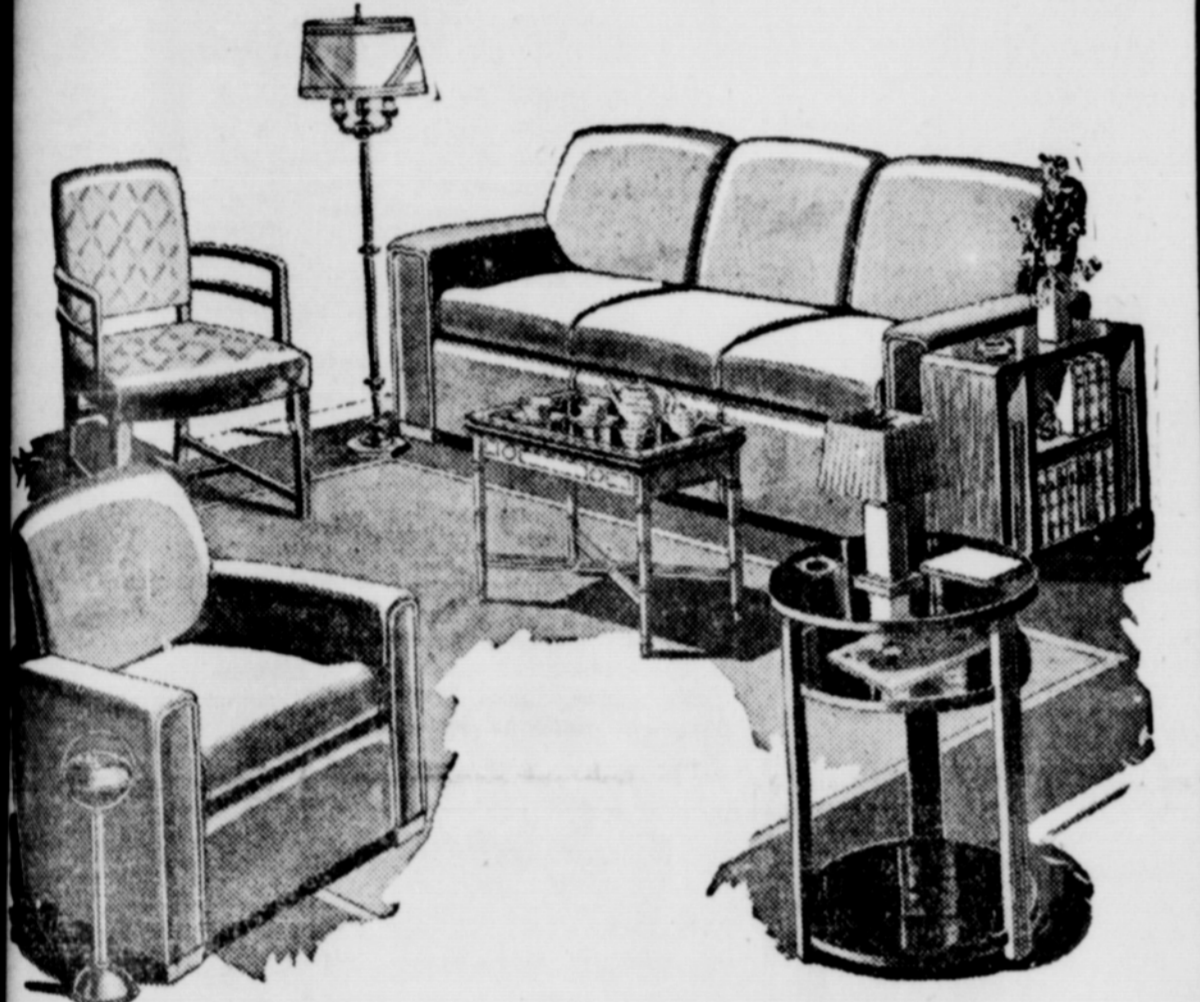

Mrs. Crockett purchased the house about a month ago and intended to move in, however, she later altered her plans and has rented the place.

Mr. and Mrs. M. B. King and children were San Angelo visitors last Monday.

Billy Davidson, Cornelius Elliott and Kenneth White were Fort Worth visitors the past week end.

NEWS BRIEFS OF BYGONE DAYS

Little Squibs Gleaned From Files Of Review

More about a boyhood hero, William Jennings Bryan: Bryan's contribution to the cause of religion was immeasurable. He assailed Bob Ingersoll, for "the cold and cheerless doctrine, 'I do not know.'" And to the question, "If a man die, shall he live again?" Bryan made answer:

"Christ gave us proof of immortality—and yet it would hardly seem necessary that one should rise from the dead to prove that the grave is not the end. To every created thing, God has given a tongue that proclaims a future life.

"If He touches the cold and pulseless heart of the buried acorn and causes it to burst forth from its prison walls, will He leave neglected in the earth the soul of man made in the image of His Creator? If He deigns to stoop and whisper to the rosebush, whose withered blossoms float upon the autumn breeze, the sweet assurance of another springtime, will He refuse the words of hope and cheer to the sons of men when the frosts of winter come? If matter, mute and inanimate, though changed by the forces of nature into a multitude of forms, can never die, will the spirit of man suffer annihilation after it has paid a brief visit, like a royal guest, to this tenement of clay? No, I am sure that I shall live again as I am that I live today.

"When I was in Cairo, I secured a few grains of wheat that had slumbered for more than 3,000 years in an Egyptian tomb. As I looked at them, this thought came into my mind: If one of those grains of wheat had been planted on the bank of the Nile the year after it grew and all its lineal descendants had been planted and replanted from that time until now, its progeny would today be sufficiently numerous to feed the teeming millions of the world.

"There is in the grain of wheat an invisible something which has power to discard the body that we see and from earth and air, fashion a new body so like the old that we can not tell the one from the other. And if the grain of wheat can thus pass unimpaired through 3,000 resurrections, I shall not doubt that my soul has power to clothe itself in a new body, suited to its new existence, when this earthly frame has crumbled into dust."

Over Texas: A garage in Dallas "If it rains before Sunday, we'll resign your car free."—Although the Legislature passed the biggest tax bill in history, the deficit keeps on growing because appropriations were even higher. The deficit, now \$30,000,000, will be \$52,000,000 in 1943—unless new sources of revenue are found. And therein lie the hopes of thousands who would like to see racing return for they say racing pay \$2,500,000 a year in taxes to the State.

When one of us grandchildren visited Grandma and the log cabin,

July 22, 1927: A baby, alive and apparently only a few days old was found beside an old road close to an old abandoned well, near DeLeon last week. It was discovered by Bill Deady of that city, who heard its cry and investigated. The baby was taken to town and provided for. It was wrapped in an old blanket, and an old English broad-cloth shirt. The shirt had a laundry mark, R-54, written in indelible ink in the collar band. The baby showed signs of having been there several hours, but suffered no serious loss of vitality. It was supposed that whoever deserted the baby intended to dispose of it by dropping it in the old well near by, but weakened in the resolve and left it near the old road, yet that is just speculation. Efforts are being made to establish the identity of the little unwanted baby. A woman's track led from the roadway to the spot where the bundle was left. The tracks and laundry marks may lead to a clearing up of the mystery.

July 29, 1937: Higginbotham Bros. & Co., here are installing modern new fixtures in the Dry Goods Department, and rearranging the departments. When complete the improvement will represent an investment approximating \$4,000. This store is to be congratulated for this worthy improvement, giving evidence in their faith in the future of their business in Cross Plains, which is justified. It will be several days yet before the remodeling will be complete and all the new fixtures installed, business will go on as usual, they state.

August 5, 1927: Sunday night Pioneer was again visited by a disastrous fire, destroying three frame buildings, with an estimated loss of \$8,000. The Owl Drug Store and two other adjoining buildings were totally destroyed before the flames could be brought under control. The Cross Plains Fire Department was called out, and they responded in commendable manner, and labored untiringly to bring the fire under control. Hundreds of cars followed the fire Department truck to the scene of the disaster, from here, and in a few hours after returning, they turned out again to witness the big fire here which destroyed two buildings.

August 12, 1927: Capt. William Erwin, Texas Ave, who is a nephew of our fellow townsman, Geo. Erwin and is well known here, hopped off from Love field, Dallas, Tuesday in the "Spirit of Dallas" on the Dallas to Hong Kong, China flight. He was accompanied by his wife, The "Spirit of Dallas" was christened by Governor Moody Monday. Capt. Erwin expects to fly to Honolulu, on to Guam then to Hong Kong—W. E. Easterwood of Dallas, promoter of the flight, is offering a prize of \$25,000.00 for successful termination of the flight. Capt. Erwin is a favorite and his friends here and across the waters are banking on him. He became an ace during the world war, bringing down a number of enemy planes. His home is in Dallas. He formerly lived here and their many friends will watch the progress of the flight with much interest.

August 26, 1927: The first rotary drilling machine to be used in the oil fields here, is being rigged up by Shaw & Rathge on the Miller No. 8 five miles West of town. Its progress will be watched with interest. The machine was shipped in several days ago and they expect to start drilling at once. It is understood, this field has never considered as suitable for rotary drilling machine, but their use may prove to be more practical than some thought. Anyway, we live and learn to live, and we shall see what we shall see.

DALLAS PEOPLE VISIT AT BRIGHTWELL RANCH
Mr. and Mrs. Marshall Newcomb and two children, of Dallas, visited last week in the home of her parents, Mr. and Mrs. W. P. Brightwell who live West of Cross Plains. Mr. Newcomb is an attorney for the Lone Star Gas Company.

Easy to Borrow TROUBLE

Old Si Chestnut said the other day: "It's a lot easier to borrow money than trouble—because you are expected to pay back the money."

That's right. People who borrow money are expected to pay it back. In fact, banks require sufficient security to guarantee that loans will be repaid. This protection they owe to their depositors who trust their money with the bank. Anybody can borrow trouble, especially if he makes insecure loans.

CONGRATULATIONS!

To Our Schools As They Begin A New Term Monday Morning September The First, Promptly At Nine O'Clock

With the largest enrollment in history and an experienced corps of 21 instructors, headed by Superintendent Leo Varner, every indication points to a very successful year for Cross Plains Schools. Many improvements have recently been made to place the school plant in readiness for the new term. A cordial invitation is extended the general public to attend the opening exercises Monday morning.

METHODIST CHURCH

"Let your head save your heels. Sometimes a minute of thinking is better than an hour of hustling".

Think what the churches have meant to this community. Go to church somewhere Sunday. If you are new in the community the church is the best place to get acquainted.

"In The School of Christ"—is the subject for the Sunday morning service. We hope to make this service one that will be of interest to all we are all thinking of the opening of school after the Summer vacation period.

Pastor will preach Sunday night on the subject: "Vision and Faith the Need of the World".

Young people meet at 7 p. m. and evening preaching service 7:45.

Now that the Summer activities are over we hope to have all services and activities of the church meeting regularly.

LOYD BRYAN WORKING AT RED & WHITE STORE

Lloyd Bryan has accepted a position with the local Red and White Store, recently purchased by M. E. Howell. Mr. Bryan is well known to the grocery buying public having been connected with various stores here for the past several years.

Mrs. Loren Kellar attended a conference for Homemaking Teachers in Dallas last week.

Mrs. Hershel Miller and children are visiting friends and relatives in Gorman this week.

FOR SALE: Bargain! Will sacrifice for cash, a good B flat tenor Saxophone. For information write or see Mrs. Harton Lacy. 27p

Mary Jane Foster And Harold Barclay Married Wednesday

Marriage of Miss Mary Jane Foster, of this city, and Harold Barclay, of Brownwood, was solemnized at the home of the bride's parents here Wednesday night, August 27, at seven o'clock with Rev. C. E. Poe, local Baptist pastor, reading the single ring ceremony.

The bride is a graduate of Cross Plains high school and ex-student here at Stephenville. She enjoyed a wide circle of friends both here and at Atwell, where she attended school before moving with her parents to Cross Plains.

The groom is the son of Mr. and Mrs. Vernon Barclay, formerly of Cross Plains. He is likewise a graduate of the local high school and a former student of John Tarleton College. He is at present associated with his father in the automotive salvage business at Brownwood, and it is in that city that the newly weds will make their home.

Due to the fact that the Review forms were closed about an hour before the wedding was solemnized a more complete account of the marriage was not available this week, however, a complete account will appear in next week's issue.

Home Town Gossip

(Continued from page 1)

were being made yesterday for two weddings in which local girls are to be involved. . . A young lady visiting here this week for the first time since moving away 11 years ago remarked that only a few of the people whom she knew at that time still reside here. . . Prospects for Fall business were never better in Cross Plains than right now.

CARD OF THANKS

To our many friends, Greetings: During the long illness and death of our loved one, H. T. (Turner) Peavy, our many friends have assisted us all in a royal manner. Though we have been life-time residents of the Cottonwood community we have never realized the depth of the love and the number of our friends, true friends, until this time. We keenly feel in the depths of our emotion an appreciation, toward each and everyone who assisted us and for the many deeds of kindness, that is transcended only by the love and friendship that you have manifested.

We pray that God's richest and most beautiful blessings will rest upon each of you, and that when we have crossed over the Great Divide our happiness will be exalted by the great reunion of all of you and us around the Great White throne.

Mr. and Mrs. R. A. Bolles and family visited Mr. and Mrs. Ray Judy in Cisco Sunday.

Mrs. J. B. Tillery is to leave the latter part of this week for San Angelo to attend business this week end.

News From The AAA Office

By E. L. Pierson,

Callahan County cotton farmers who are cooperating with the AAA program can obtain 85 percent of parity government loans on their 1941 production, J. L. Farmer, chairman of the county AAA committee, points out.

The loan rate for the Callahan area has been announced at 14.00 cents per pound basis Middling White and Extra White 15/16". That rate compares with the 8.90-cent rate available in 1940. The average loan rate for 15/16 inch middling cotton, net weight, was 14.82 cents per pound on August 1, the beginning of the marketing year.

The full loan rate is available to producers planting within established cotton acreage allotments for the 1941-42 marketing year, and producers who knowingly exceed their allotment will be eligible for loans at 60 percent of the rate available to cooperators on that part of the cotton subject to penalty. Cotton marketed in excess of 1941 farm marketing quotas will be subject to a penalty of 7 cents per pound.

Differentials for grade, staple and location in the new program will be calculated in relation to the loan rate of 15/16-inch middling cotton which is the basic description of all future and spot contracts. The rate for middling 15/16-inch cotton will be 20 points, or 2 cents per pound, above the basic rate for 7/8 inch middling cotton.

As in 1940, the loan rate will be based on net weight of cotton and will be 60 points above that for gross weights to compensate for the lesser pounds on which the loan is extended. All grades and staple lengths of cotton approved by the USDA Board of Examiners are included in the schedule of loan rates. A classification fee of 15 cents per bale will be made.

Loans will be made directly by the Commodity Credit Corporation through approved lending agencies.

The final date for making application for wheat crop insurance for 1942 is August 30, 1941. The AAA office will remain open Saturday afternoon for the purpose of accepting late crop insurance applications.

ATWELL

Uncle Ed Maddux returned from Fort Worth Friday and left Tuesday for Hobbs, N.M. to visit a while with Rev. and Mrs. Frank Maddux.

Mrs. W. A. Pruitt and son of Gatesville visited her sister, Mrs. Emery Foster recently.

CADDO PEAK VOTE LIKELY TO BE SET FOR SEPTEMBER 27

September 13 is Day Set For Dressy And Cross Plains To Ballot On Proposition

A petition was circulated in the Caddo Peak school district this week and signed by 25 qualified electors, asking an election for the consolidation of that district with the Cross Plains school district. As the Review went to press early Thursday morning the date of voting had not been set by the County Judge, however, it was expected that September 27, would be the day designated.

C. O. Gillit was employed to drive a bus to serve students from Caddo Peak who are already being transferred here. Mr. Gillit was employed by the board of trustees in special session Wednesday night.

Another election is to be held September 13. At that time voters of Dressy and Cross Plains will vote on the consolidation of those districts. No opposition has been entered, say those familiar with the proposal, and the election is expected to carry with very few, if any, dissenting votes.

In recent months the Turkey Creek and Victoria districts were merged with Cross Plains.

KEMPER MOVES BACK TO OPEN CAFE HERE

T. E. Powell, of Baird, was in Cross Plains Tuesday making arrangements to have his building on South Main Street—last recently vacated by the Western Auto-Associate Store—repaired and repaired. He informed the Review that he had leased the property to C. W. Kemper, formerly of this place who has been operating a cafe in Baird for the past several months.

Mr. Kemper will likely open the place the first of October.

REVAL BEGINS FRIDAY NIGHT AT ROWDEN CHURCH

The Church of Christ meeting will begin Friday night, September 5, at Rowden, eleven miles West of this city on Highway 36. The meeting will be held under the tabernacle, near the Rowden store, with Rev. J. L. Davidson, pastor, doing the preaching.

The entire public is extended a cordial invitation to attend.

LOCAL GIRL RECEIVES A BACHELOR OF ARTS DEGREE

Miss Etie Burdfield, who lives near Burkett, was graduated last week from Daniel Baker College in Brownwood with a class of seventy-one students. She was congratulated on excellent work, which culminated in a Bachelor of Arts Degree.

Mrs. C. W. Kemper and Alvin were Baird visitors Wednesday night.

Mr. and Mrs. Willis Comedly and Rev. and Mrs. W. L. Bryan attended a singing in Cisco Sunday.

Mrs. Charles Taylor has returned to her home here after a weeks visit in Corpus Christi.

After 23 Years Rev. Collins Resigns Presbyterian

After 23 years as pastor of the First Presbyterian Church in Cross Plains Rev. S. P. Collins has resigned and asked the congregation to choose his successor. The action was taken at the regular Sabbath morning services Sunday.

The Rev. Mr. Collins first came to Cross Plains in 1908 and preached here one year. He returned again in 1914 and remained two years. Then in January 1922 he again became pastor of the local church and has served in that capacity during the intervening 20 years.

His many friends throughout this section will be gratified to learn that Rev. Collins does not plan to leave Cross Plains. He and Mrs. Collins will continue to reside in this

little city where they are widening circle of friends. The following statement regarding the pastor's resignation handed the Review Tuesday for publication of the Presbyterian Church Notes has been a feature of this some time:

"In a congregational in Sunday, the congregation join the pastor in asking holy dissolve the position. The purpose in it release both pastor and ex to make any changes in the well being of each, because of any dissatisfaction of either but main
