## First Subscriber

First to take advantage of the Review's annual bargain day subscription offer, which opened last week, was George T. Lamar, of Cisco, retired army captain. Captain Lamar is always one of the very first to place his subscription to the old home town newspaper in good standing for another year.

Second to subscribe during the current subscription campaign was W. B. Baldwin, well known local lumberman, who too is always quite punctual.

The Review is offering its usual subscription offer this year despite rising publication costs, which have caused a number of other Texas publishers to advance the subscription prices of their papers.

## PIONEER SCHOOLS GET GRID MENTOR

Pioneer high school secured a football coach and principal Wednesday morning to fill a faculty vacancy created by the recent resignation of Orville Ethridge. The new coach is named Davidson. He is a graduate of Daniel Baker College at Brownwood, where he was a well known athlete. He comes to Pioneer from Weinert where he taught last year.

The new coach is married and has baby boy. The Davidson family moved in Tuesday night and he asumed teaching duties Wednesday

#### SNAKE BITES MAN BUT HE DOES NOT KNOW IT FOR DAY

R. Blaine Jordon was bitten by a snake Tuesday afternoon but it was Wednesday morning before he discovered it. Walking through the weeds Mr.

Jordon felt a sting on the calf of his leg, however, he thought that he had only been pricked by a grassbur. He thought nothing of it until later in the afternoon when the place began to burn. First aid was applied, but even then it did not occur to him that he had been bitten by a reptile. On Wednesday morning his leg was so sore and swollen that he could hardly use it. Close investigation revealed prints of the snake's fangs and there was no

longer any doubt as to the cause

of his difficulty.
