Callahan County, Texas

Many are in better position to fortify themselves against future demands for cash at this season than at any other time. On the farm, crops and livestock are moving to market at better prices. Others have increased income. Now is the time to increase your reserve-or to start one. This suggestion is passed on to depositors and friends with the sole thought of being helpful.

A little forethought may save much inconvenience. We especially invite the reserve accounts of new friends . . . . those whom it has not been our pleasure to serve before.

CROSS PLAINS, TEXAS

7:50 a.m.

11:30 a.m.

It is always desirable to have a cash reserve in the bank. It will be even more desirable during the months and years ahead. Higher taxes are certain for everyone, including many who have never paid direct taxes before. There will also be other demands on family and individuel incomes.

To Hasten Victory No American wants this war

to go one minute beyond the time we can bring it to a victorious end. To hasten that victory-to save possibly the lives of millions of our boys on our far flung fronts-it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives -you lend your money.
