PICNIC COMMITTEES ARE NAMED

Bring Ration Books In Applying For Canning Sugar

61ST CELEBRATION IS SCHEDULED FOR JULY 16 AND 17TH

LOST RATION BOOKS CAN'T BE REPLACED BEFORE TWO MONTHS

Applications For Sugar Must Not Be Made At Tuesday Meeting Of Ration Body

According to instructions received by the local Rationing Board from the Office of Price Administration, each member of a family unit will be allowed five pounds of sugar per annum for canning purposes. No other instructions have been received in regard to sugar for canning. Applications must be made at the Callahan County Rationing Board, and applicants must bring their War Ration Books before a certificate may be issued there.

No war ration books will be issued to persons who registered excess amounts of sugar until a sufficient number of ration periods have expired during which the consumer— if he had ration stamps—might have purchased an amount of sugar equal to his excess. At the present time, no family or individual should consume sugar at a greater rate than a pound per person each two weeks, it is pointed out.

In the event a War Ration Book is lost or destroyed, a person may make application to his local rationing board for a new one but it cannot be issued to him until two months after the date of his application. Consumers are asked to exercise the utmost care of their War Ration Books inasmuch as no exceptions will be made to the lost book rule. Persons claiming special hardship because of illness or other conditions beyond their control may take their cases up with their local Rationing Board.

While the boards cannot issue new books until the two month period has elapsed they may in a deserving case permit a person to file a Special Purpose Application for a Sugar Purchase Certificate.

Sugar rationing has been suspended on Tuesdays, account Tire Board meeting.

Church Parsonage At Cross Cut Lost In Flames Tuesday

Fire of undetermined origin completely destroyed the Methodist parsonage at Cross Cut Tuesday afternoon, and most of the household belongings of Rev. and Mrs. J. G. Walker. The loss was estimated at several thousand dollars.

Cross Plains fire department heeded the call to Cross Cut but despite the fact that they arrived on the spot in less than 10 minutes after the alarm was sounded here, the building was already destroyed. They did assist, however, in saving small outbuildings by the use of chemicals.

FRED TUNNELL IS HOME FROM CISCO HOSPITAL

Fred V. Tunnell, who underwent an appendix operation in a Cisco hospital recently, was returned to his home here Tuesday. He is reported improving normally and is expected to be at his desk in the Citizens State Bank probably by the first of next week.

Pilot Known Here Writes of Being Shot Down By 'Japs'

(Editor's Note: Below is a letter received from Lieutenant William Horace "Bruce" Erwin, son of Mr. and Mrs. Horace Erwin, well known in this locality. The missive conveys a splendid insight in the Pacific war activities.)

South Pacific Area
April 3, 1942

Dear Folks,
I have a chance to get a letter to you if I write it tonight, so I've stopped all work to do so.

Since I've been on this side of the ocean I've had quite a time. For two months I've been in Australia on an island in this vicinity. I've been forced down in the jungle and have been kept by natives for three days before being rescued. I had to crash land my plane so was cut up a bit, but am completely recovered now. I've seen some action and have a very healthy regard for the fighting qualities of our little yellow enemies.

In various ways I've become separated from my original friends, but have made new ones. We're

BOYS 18 - 19 TO REGISTER JUNE 30 IN 5TH INVENTORY

Approximately Forty Million Men Have Been Signed In 4 Previous Registrations

President Roosevelt has designated June 30 as the date for registration of young men 18 and 19 years of age in order to complete the nation's war time canvass of manpower.

This was the fifth registration ordered by the chief executive, and will complete the registration of all men from the ages of 18 to 65. The young men of 18 and 19 are not subjected to military service under the selective service act.

Also ordered to register on June 30 are men who reached their 20th birthday between December 31, 1941, and June 30, 1942. These men would be subject to military service. Approximately 40,000,000 men have registered in the four previous registrations. The registration next month is expected to add between 2,000,000 and 3,000,000 persons to the lists.

Seventeen million men were listed in the first registration of men 21 to 35. The second registration turned slightly less than 1,000,000 men who had become 21 since the first listing. About 9,000,000 signed up in the registration of men 29 years old and those from 35 to 44. An additional 13,000,000 were given cards in the recent registration of men of 45 to 64, inclusive.

Local Man Who Saw Pearl Harbor Blow Is Furloughing Here

Jimmy Lusk, who was in Pearl Harbor when the Japanese made their sneak attack December seventh, is spending a few days furlough at the home of his parents, Mr. and Mrs. W. E. Lusk, nine miles Northeast of Cross Plains. He will leave within the next few days for San Diego.

Although reluctant to discuss the happenings of that historic Sunday, Jimmy is known to have played a vital part in the defense of Pearl Harbor on that occasion. He and other members of his marine company manned rifles and "pot-shot" Japanese planes. When the raid was over Jimmy's company fought fires for a lengthy period.

Jimmy reports that the destruction wrought by the Japs has now been repaired and that Hawaii again has the appearance as before the attack.

"You can quote me as saying that the Japs are really going to pay for what they did. Every man in the service has a score to settle with the little yellow devils".

Mrs. H. G. Whitehorn, Mr. and Mrs. C. W. Whitehorn and Mrs. N. E. Grisson were business visitors in Rising Star Tuesday.

Mr. and Mrs. L. D. Koenig and baby, of Coleman, visited Mr. and Mrs. R. L. Little here the past week end.

Mrs. Craig McNeal and Miss Leota Loving visited relatives and friends in Denton the latter part of this week.

Mr. and Mrs. B. W. Webb, Tommy Ray Webb, Mr. and Mrs. Tommy Webb and Mrs. Edwin Baum and son, Tommy, returned Tuesday night from California where they visited in the homes of Mr. and Mrs. Bo Cavet and Mr. and Mrs. Olan Adams.

JERSEY HEIFER PAYS OWNER HERE \$710 IN PERIOD OF 11 YEARS

A heifer calf bought 11 years ago has paid Rev. J. R. Williamson, who lives three miles West of town, a total of \$710. The Rev. Mr. Williamson reports that from the heifer he has sold \$225 worth of cream, \$235 worth of calves and still has \$250 worth of her stock on hand. The Jersey which was a four month old calf when first bought is now 11 years of age and yet productive.

An egg like unto a large jumbo peanut was exhibited in town Monday afternoon by Mr. and Mrs. W. O. Spencer, who live 10 miles West of Cross Plains. The unusual specimen is believed to have been laid by a White Leghorn hen.

Although eggs of many odd sizes and shapes have been seen in recent years, local poultrymen declare never before had they observed one exactly like that shown by Mr. and Mrs. Spencer.

Miss Leota Loving has returned here from Comfort, Texas, to spend the summer months with her parents, Mr. and Mrs. Ira Loving.

BONDS ONLY FOR SALE FOR FIFTEEN MINUTES AT NOON JULY FIRST

You won't be able to buy anything but war bonds and stamps in the stores of the United States from noon to 12:15 on July first.

The suspension of normal business has been arranged by the retailers advisory committee of the treasury to signalize the opening of the treasury's campaign to sell a million dollars worth of war bonds in the month of July.

A 113 word telegram asking Cross Plains cooperation was received by the Chamber of Commerce here Saturday. A reply assuring Cross Plains' 100 per cent cooperation was immediately telegraphed.

57 COMPLETE FIRST AID TRAINING HERE

Certificates of graduation will go to 57 local people who successfully completed the Red Cross first aid course here Friday night of last week. A number of outstanding grades were reported but valedictory honors belong to Mrs. D. C. Lee who finished with an average of 99 per cent perfect.

An advance course was instituted Monday night of this week and will continue through five instruction periods. It is reported that 33 are enrolled in the advanced course. Meetings are each Monday and Thursday evenings in the Methodist church basement.

Baptist Workers To Meet Here In Monthly Session

Regular monthly convention of the Callahan County Baptist Workers Association will be held in Cross Plains June 10, according to announcement received yesterday from Rev. A. A. Davis. Theme: "Four Monuments That Jesus Left."

Mrs. H. B. Straley, wife of the County Commissioner who resigned his post this week and volunteered in the United States marines, was appointed Thursday morning to fill out her husband's unexpired term as Commissioner from precinct three. She assumed duties of the office immediately and sat with other Commissioners Thursday as a member of the county equalization board.

Along with three other veterans of the last war, county commissioner H. B. Straley, of Oplin, Monday enlisted in the United States marines. It was reported from the Abilene recruiting station at Abilene that the quartet of veteran "leathernecks" would do guard duty in the continental United States.

Mrs. Straley will not be a candidate for election to the post in the July primary.

Straley was elected county commissioner two years ago and had offered himself as a candidate for reelection to a second term.

R. B. McGowan, Jr., of Monahans, arrived here this week to spend a few days with his grandmother, Mrs. George B. Scott and other relatives.

LOCAL BOY SUSTAINS VERY PAINFUL INJURY

Ire Simons, 12 year old son of Mr. and Mrs. Augustus Simons, who live West of town, sustained a very painful injury the first of this week, when he stepped on a large nail, while playing at his home.

The local attending physician reports that the child has been seriously ill from the effects of the wound, however he is recovering as rapidly as could be expected.

Cross Plains Observance Is Now Oldest Event Of Its Kind In The Whole State

Public address system: Roy Lee Little and J. M. McMillan. Mr. Walker told the Review Wednesday at noon that as yet no carnival had been booked for this year's Picnic but that a good show was expected to be contracted with in the next few days.

Hot Contest Looms For Congress Post In South District

The formal filing of his application for a place on the July primary ballot by District Attorney O. C. Fisher of San Angelo ensures a lively contest for the Congress post now held by C. L. South of Coleman. Fisher has already sounded the keynote of differences with the incumbent. He has pointed to his disagreement with Congressman South's opposition to revising the Neutrality Act, and also to South's votes against building 5 major battleships, 9 cruisers, 23 destroyers, 9 submarines, and 950 naval aircraft.

Fisher, who is a native of the hill country, having been reared in Kinble County, has in recent years been quite a favorite with the voters at San Angelo and surrounding counties. He has served successfully as County Attorney, State Representative, and is now in his 6th year as District Attorney.

Navy Asks Skilled Men In Trades For Abilene Interview

Construction men who have been considering enlisting in the Navy's construction regiments should make application within the next few days at the Navy recruiting station at the post office building in Abilene to be eligible to be interviewed for ratings on June record, it was announced yesterday.

Skilled men in various trades are being enlisted in the navy construction regiments to use the tools of their trade in over-seas work. Men receive ratings and pay according to their ability and experience as determined by Ensign A. T. Gaffney at the time of the interview.

Applicants must be between the ages of 17 and 50, have passed a preliminary physical examination and have letters of recommendation showing trade experience before being eligible to be interviewed.

This is the first visit of Ensign Gaffney to this district. Navy recruiters did not know if he would return at a later date.

Mr. and Mrs. Morris Ivy, of Penwell, visited in the home of Mr. and Mrs. John Ivy at Cottonwood the past week.

Mr. and Mrs. R. E. Wilson have as their guest this week, their daughter, Mrs. J. J. Lawson, of San Antonio.

WOOL IS PRECIOUS; CARE FOR IT NOW

Two or three times this Nation's domestic production of wool will be necessary to meet military needs in 1942. With the manufacture of woolen blankets prohibited and a similar order for clothing expected shortly, homemakers should take the best possible care of these articles.

Louis Bryant, Extension Service specialist in home management, offers these suggestions for making wooleens last longer.

Collect all winter clothing, blankets, and woolen accessories which will not be used again until next fall. Inspect the garments carefully for soil and grease spots. If they are spotted or dirty, send them to the cleaner. Dry cleaning or washing in a correct solution of neutral soap kills all forms of moths.

Articles not soiled enough to warrant cleaning or laundering should be hung out to air on a sunny day and given a thorough brushing.

Give each garment as much chance as possible to keep its shape. If articles are packed in chests or trunks place the heaviest things at the bottom and the lighter things on top. Fold everything lightly.

There are dust-proof bags on the market made of heavy paper treated with a moth preventive. These will hold several garments and will allow the garments to hang in natural lines. Stuffing the sleeves and body of the garment with wads of tissue paper will help keep it free of wrinkles. Do the same with folded garments.

There are lots of real Americans and then there are some men who want to make money out of the fight for survival.

Doughnut Holes

When he was a boy, Hanson Gregory, a New England sea captain, noticed that the center of his mother's cakes were doughy, and suggested the center be cut out before cooking. This came about the hole in doughnuts.

AN OPEN LETTER TO A DRIVER WHO SPEEDS THROUGH OUR STREET

I saw you barely miss a little boy on a tricycle this afternoon and heard you yell, "Get the H—out of the way! Don't you know any better than to ride in the street?" He didn't answer because he hasn't learned to walk very well yet. So I'm going to answer for him.

No, the little boy doesn't know any better than to ride his tricycle in the street. He has been warned not to, but little boys don't always heed warnings. Some adults don't either, especially traffic warnings; for example, the one limiting the speed of automobiles.

I'm going to tell you something about that little boy. He has a mother who endured considerable inconvenience, anxiety and suffering to bring him into the world. He has a father who has worked hard and made many sacrifices to make him healthy and happy. The supreme purpose of their lives is to have their little boy grow up to be a useful man.

Now stop a minute and think. If you should kill a child how would you feel facing its parents? What excuse could you give them for having robbed them of their dearest possession? More important: What excuse could you possibly offer for Him whose Kingdom is upside up for little children?

Children, my hasty friend, were here long before you or your automobile were thought of. All the automobiles on earth are not worth the life of one little boy. We don't know what that little boy may some day be. But we know what you are, and its unimportant. We could get along without you, but we can't spare a single little boy on this street.

DO YOU KNOW THAT IT TAKES;

500 pounds of scrap metal to build a 2,000 pound bomb.

50 pounds of scrap metal to build a 50 Calibre machine gun.

1000 pounds of scrap metal to build a 75 M M Howitzer.

1000 pounds of scrap metal to build a 16" Naval shell.

3 tons of scrap metal to build a 3" anti-aircraft gun.

18 tons of scrap metal to build a 27 ton medium tank.

9000 tons of scrap metal to build a 35,000 ton battleship.

"Scour" the premises for that scrap metal. Bring it to your local dealer, sell it for cash and buy more U. S. Victory Bonds and Stamps. Do this and you'll be doing "double duty."

County Agent Says --

Poultry

Do not allow a few culls to sabotage your production program. Hens not laying, provided that they have been properly managed, should be sold.

Reasons:

1. Fat hens are bringing a good price on the market.

2. Non-layers consume approximately 4 lbs. mash and 3 lbs. grain per month. At present feed prices this approximates 15¢ per month net loss on feed.

3. Non-layers take up room in the house, and if "broody" take up nest room, break eggs, and generally are a nuisance.

Reminder:

Feed cost per dozen increased or decreases in direct relation to production. When mash is worth \$3.00 per hundred and grain \$2.00 per hundred, hens producing at the rate of 90% produce eggs for 19.5 cents per dozen. If there are enough non-layers in the flock to bring the production average down to 40% and the feed cost remains the same, then it costs 15.8 cents to produce a dozen of eggs. Do not let non-

layers cut into your profits. Sell the non-layers and use the money to make those changes in the poultry house you have been planning. Next month you should start using the floor-line ventilation in the houses. If you have not added this then let the culls pay the cost.

Doing the job:

1. Make a small catching coop out of wire. The hens will go into a wire coop where they will shy away from a wooden coop.

2. Do the job in the late afternoon, if the birds can be housed at that time. This enables you to handle them after they have finished laying for the day.

3. Handle birds carefully to avoid undue excitement and possible injury.

4. Do the job yourself. Do not ask anyone to cull your chickens. You can do the job and be better satisfied because no one knows your flock as well as you. If you need help get bulletin B-105, "Culling Hens," from your county Extension office. Read it carefully, study the pictures, then go through the flock and take out all hens which are not laying.

Calcutta Feed Friday Night; Matches Start Saturday In All Flights; Final Sunday

What is expected to be Philpeco country club's vaudelectory to tournament golf until after the war's duration will get underway Friday as qualifiers post test figures for the tenth annual invitational event. The Calcutta supper will be held on the club house lawn Friday night. Match play starts Saturday morning. Finals in all flights will be played Sunday.

Although at least four full flights are expected, this year's tourney is figured to lack some of its usual color due to the absence of J. T. Hammett, an eight times champion, and other brilliant shot-makers who have stacked their golf clubs and shouldered arms in the defense of their country. Hammett is at Scott Field, Illinois, and will, of course, be unable to compete here.

Figured to be strong contenders for the Philpeco title this year are three youths, all of whom literally came up on the local course. They are: William Gibson, 17 year old club champion; Paul Huntington, who won the driving contest in the Ranger tournament Friday and Robert Gibson, finalist in the recent membership tournament at Philpeco.

General chairman of this year's tournament is Jake Huntington, who has done a brilliant job in arranging details and drumming up interest in the tenth annual Philpeco invitation.

L. C. Cash, Pioneer school superintendent, will act as starter.

Candidates Must File Application To Get On Ballot

All candidates for county and precinct offices who wish to have their names printed on the ballot for the Democratic primary election July 25, must make written application to J. Rupert Jackson, Jr., at Baird, on or before June 15, the Review was advised by the chairman of the county Democratic executive committee yesterday.
