Tag Team Match Tops Wrestling Card Here Saturday Night

Six hundred and ninety-eight wrestling fans were on hand to watch the ladies wrestle last Saturday night and a good portion of this number is expected back again this Saturday night to see the Tag Team match between Alex Kasaboski and Benny Trudell vs Tommy Martindale and John Pauch. The other main events will be between Alex Kasaboski and Tommy Martindale and Benny Trudell and John Pauch in separate matches. "It will be a full card with plenty of action" was the statement made to Boss Lion Carroll Knorrp by Dorry Detton, wrestling promoter of Amarillo. The matches here are sponsored each Saturday night by the local Lions Club.

August Youth Revival To Begin August 3rd

Announcement has been made by the First Baptist Church of this city that plans are being made for a Youth Revival, August 3rd through 17th. Rev. Douglas Dillard, student at Southwestern Baptist Theological Seminary in Ft. Worth, will lead in the campaign. According to the pastor, Howard E. Scott, Rev. Dillard is an experienced preacher in working with the young people. He was one of a group selected by the Youth For Christ movement for a preaching tour of Japan a year or so ago. He is a young man with a zeal for enlisting young people in Christian service, and a preacher with a message for youth. Both young and old will delight to hear him. No announcement can be made as yet in regard to the music director for the revival, but the church plans to have a young man experienced in youth work to direct this important phase of the evangelistic campaign.

Weekly Church Page Sponsored By Local Merchants

A church page, which will be a weekly feature of the Leader sponsored by a number of local merchants, is appearing in this issue of your Leader. It will appear for weeks to come in an effort to encourage church attendance. The theme of the series of messages is "You in the Church and The Church in You." The Leader, along with the sponsors, hope that you, our readers, will enjoy and receive benefit from this church page which will also carry the calendars of the various churches.

Pheasant-Shoot At Country Club Sunday

A pheasant-shoot will be held at the Clarendon Country Club, this coming Sunday, April 6, at 1:30 o'clock P. M. Pheasant, hams, bacon, and pecans will be given as prizes. Shoots in the past have been well attended both by participants and spectators, with a number of out of town sportsmen participating in the event. As in the past, each shooter must furnish his own gun and use his own shells. However, shells are available at the Country Club for those wishing to buy them there. Everyone is invited to attend the pheasant-shoot, either to participate, or to watch the shooting.

Explorer Scouts To Participate In District First Aid Meet

More than fifty Explorer Scouts from the Southern District, Adobe Walls Council, Boy Scouts of America, are expected to assemble at the Community Building, Wellington, Texas, Friday night, April 4, at 8:00 P. M., for their District First Aid Meet. Dr. Tom R. Hunter, District Health & Safety Chairman announced this week. The Explorers will compete, in teams of five men, for the first, second, and third places—such status to make them the Southern District's representatives at the Adobe Walls Council Meet to be held in Pampa, April 18. At the Council Meet prizes of equipment will be given to the winning teams. Participating Explorer Units, and the number of teams expected from each Unit are: Post 32, Wellington, four teams; Crew 33, Estelline, two teams; Crew 34, Lelia Lake, two teams; Crew 36, Hedley, two teams; Post 37, Clarendon, three teams; and Post 76, Shamrock, two teams. "The Explorer First Aid Meet is the first of its kind to be held in the Southern District, and is an activity promoted by the District Health & Safety Committee to help train Explorers to help others in time of emergency," Dr. Hunter said. "We have an excellent group of men working with our Committee in promoting and operating this event. Ed Poole, and John Lee are serving as a Physical Arrangements Committee, and we have ten judges so far: Dr. E. K. Jones, Dr. D. V. Watkins, Bura Handley, Bill McDonald, Russell Yates, Riley Dunson, Hiram Cudd, Coach Maxie McKnight, all of Wellington and Herman Moseley of Quail, and Dr. T. A. Hunt, of Memphis. These men will be responsible for making the decisions as to the proficiency of the Explorers in First Aid," Dr. Hunter added. The public is invited to attend and observe this meet, but will be asked to be seated in the balcony of the Community Building, as only the competing Explorers, and the officials of the Meet will be allowed on the main floor.

Local Essay Winners Announced

Winners in the essay contest sponsored by the Clarendon Chamber of Commerce and the Donley County Soil Conservation District were announced at the Tuesday noon luncheon of the Lion's Club. Jimmy Faulkner, Chamber of Commerce Manager made presentations of cash awards to Clyde Morgan, Miss Carolyn McDonald and Fred Clifford, first, second and third place winners, who were guests at the luncheon. All are students of Mrs. L. N. Cox. Essays were judged in Pampa and all entries have been forwarded to Washington, D. C. for entry in the national contest in which \$10,000.00 will be awarded. Subject for the essays was "Conservation Farming for Abundant Living". Entries were received from Hedley and Clarendon.

SISTER OF LOCAL RESIDENTS DIES IN OLD MEXICO

Mrs. R. R. Nunn, sister of Mrs. W. G. Word and Miss Mary Howren of Clarendon, died at her home in Parral, Old Mexico, Saturday, March 21. Services and burial was at Parral. Mrs. Nunn's death followed a lengthy illness. Mrs. Word was with her at the time of her death having gone to Parral several weeks ago to be with her sister.

M. L. THORNBERRY ELECTED MAYOR OF HEDLEY

M. L. Thornberry, Hedley and Clarendon Drug store operator, was elected Mayor of Hedley in the Tuesday election with only a three vote margin. Thornberry received 109 votes and Jim Everett received 106. O. C. Plunk, C. H. Reid, R. M. Saunders, M. D. Shaw and Jess Mann, were the five Aldermen elected.

COTTON GINNING REPORT

According to W. M. Patman, Special Agent, the Census report shows that 12,611 bales of cotton were ginned in Donley County from the crop of 1951 prior to March 1st as compared with 4,688 bales for the crop of 1950.

18th District Legion Convention Meets Here This Week End

The 1952 Cancer Crusade opens here Monday, April 7th. County Crusade Chairman, Mrs. W. J. Lewis, Jr. said that a number of volunteers will canvass every neighborhood in the city. Contributions can also be mailed to CANCER, in care of your Clarendon postoffice or can be mailed directly to Mrs. Lewis. "At every home visited by our volunteer solicitors," she announced, "an American Cancer Society educational leaflet, explaining the Texas Cancer Crusade, important facts about cancer and the warning signals which disease gives, will be left whether a contribution is made or not." Mrs. Lewis said that imparting this life-saving information to the public is equally as important as the fund-raising success of the campaign. "Reaching every person with the simple truths about cancer is our chief aim. To collect voluntary contributions for the nationwide research effort and to enlist workers for the educational and service programs carried on by the Donley County Unit of the American Cancer Society is the secondary objective. The goal for the state is \$600,000. The slogan for this year's Crusade is "Cancer Strikes One in Five. Strike Back! Join the Texas Cancer Crusade." Mrs. Lewis emphasized that one of the surest ways to strike back at cancer is to know the vital facts of the disease and to act promptly at the first sign of a symptom. She said, "22 million people now living will die of cancer unless present mortality rates are altered. In Texas alone, more than 8000 persons die of the disease each year. Nearly one-half of these lives could be saved if everyone were aware of the early warning signs and each sought prompt accurate treatment. So remember when you are called upon for your contribution, strike back, and give generously."

City To Give Storm Warning Signal

Mayor, Major B. Hudson announced this week that the City would continue with their storm weather signal again this year through cooperation of the Amarillo weather bureau and the highway patrol. If cyclonic conditions develop in this area, the weather bureau will notify the highway patrol who will in turn contact the fire department and two long blasts will be sounded. So keep this in mind if you hear two long siren blasts during the stormy weather season. The system will be used on a 24 hour basis, Mayor Hudson added.

C of C Membership Hits High Peak

"We are elated at the response we have received so far from the people of Clarendon who have been contacted during this annual Chamber of Commerce membership drive," Bob Moss, president, said Monday. "Elsewhere in this issue of the Leader we are publishing a roster of our membership as of last Saturday. We want everyone to know the progressive, civic-minded people of our community who so far have pledged their support to the Chamber of Commerce and its program of work. Members of the Membership and Finance Committee are turning in new members every day but there still remain almost two hundred prospective members who have not been contacted. We are indeed grateful to these individuals and firms who have already expressed their confidence by their willingness to lend financial support. So far we have contacted very few people who do not have a desire to see Clarendon and the community go forward and who are not willing to support a program designed to accomplish this end," Moss continued. "As members to the Chamber of Commerce are secured they will be published through the Leader," Moss concluded.

Services Held Monday For Mrs. McNeal

Funeral services were held Monday at the First Baptist Church for Mrs. Lillie Belle McNeal with Rev. James T. Mitchell officiating, assisted by Rev. Howard Scott. Mrs. McNeal, age 70 years, died in a Pampa hospital March 29th. She had been a resident of Clarendon for the past 25 years, moving here from Paris, Texas. She was a member of the First Baptist Church.

Services Held Monday For Mrs. W. L. Baker

Final rites for Mrs. Martha Mae Baker, 74 years old, were held Monday morning in Griggs Pioneer Chapel in Amarillo with Rev. R. D. Erhard officiating. Mrs. Baker, who had been making her home with a son, Allen A. Baker in Borger, died Friday morning while visiting her daughter Mrs. Billie Hudnall in Amarillo. Prior to her husband's death last May, Mrs. Baker had been a resident of Donley County for several years. Other survivors include another son, William G. Baker, Cisco, and two other daughters, Mrs. Dennis Hazelett, Dallas and Mrs. Clarence Drum, McLean. Burial was in Citizens Cemetery, Clarendon.

SPECIFIC AGREEMENTS HELP AVERT DISPUTES, BAR SAYS

A well drawn contract is designed to avoid the unfortunate disputes which are usually based on honest misunderstanding, and not to let one person take advantage of another. Lawyers agree that one of the most important functions served by the careful execution of a contract is the preservation of business friendship.

Nearly every day all of us are making agreements with our fellow citizens. We base our plans and decisions on the faith that such agreements will be carried out. The grocer delivers food to us, relying on our promise to pay at a later date. We go to work each day on the faith of our employer's agreement to pay at the

end of the week month. Our whole system of free enterprise and trade is based, to a large extent, upon mutual agreements or promises to do something in the future.

Oral or written, such agreements are usually contracts. Probably the great majority of contracts that we enter into are never put into written form. Generally speaking, you can enter into a verbal agreement that is just as binding as a written contract. The important thing for each party to remember is to make the agreement or understanding perfectly clear whether it is oral or written. Usually you will find that the best way to do this is to put it into a written contract. Exact terms of an oral contract may be difficult to establish if a disagreement arises.

It is easy enough to define a contract as an agreement between two or more people where each of the parties does something or promises to do something in return for the act or promise of the other. The real problem is to be actually certain what each party has agreed to do.

Suppose Mr. Householder has a piece of paper on which is written the heading "Proposal" and which thereafter reads as follows:

"We will build a garage for you on your lot for the estimated price of \$800, work to be done in a workmanlike manner. All of our work is guaranteed to your satisfaction. Subject to the conditions printed on the reverse side."

This is signed by the XYZ Company. Under this signature is the word "Accepted" followed by a line for the signature of Mr. Householder. His question is, should he sign it?

Before he signs it there are some things he should consider. He should first remember that once he and the XYZ Company have both signed the agreement, no matter how informal it may appear, they have bound themselves to the terms as written and cannot later escape the obligations they have assumed.

With this in mind, here are some of the misunderstandings that might arise from such an agreement: The company has agreed to build a garage—yet nothing is said about the size or type of construction. It has not even been stated whether it is to be a single or double garage. There is no indication in the agreement as to where on the lot the garage will be built. It says nothing about when the work is to be finished. There is no agreement as to whether Mr. Householder is to pay in advance, in installments, or not until it is completed.

Further, they have not actually agreed upon a price. The agreement refers to an estimated price of \$800. They should be specific and make either a fixed price contract or an agreement where by the builder is reimbursed for his expenses plus a definite profit percentage. Perhaps the XYZ Company feels that if their expenses are higher than anticipated, they will be able to charge more than the estimated \$800. On the other hand, Mr. Householder probably feels that \$800 is the maximum price he will have to pay.

The most important thing in a contract is to determine the essential elements of performance. This is not as difficult as it might seem. Here is a good rule to follow: As to the acts of each party determine what is to be done,

when, where and by whom. See that these essential parts are included in your agreement. In addition, remember that if a contract is worth signing, it is worth reading and understanding — all of it.

Ban On Returning Cotton Burrs to Land In Donley Lifted

AUSTIN — The State Department of Agriculture has lifted the ban on returning cotton burrs to the land in 42 counties of West Texas.

In revoking the regulation under which burrs have been burned as "gin trash", Agricultural Commissioner John C. White stated: "These counties in West Texas are only lightly infested with the cotton pink bollworm, and we feel that the cotton burr can be returned to the land without danger of spreading pink bollworm infestation."

"The pink bollworm is one of the most serious threats the cotton farmer of Texas has ever faced. We have to maintain rigid controls wherever there is evidence that infestation is spreading to the point where there is a chance of damage to the grower. There are now 193 counties of Texas under pink bollworm quarantine measures, and this year planting and plow-up deadlines, with penalties under the law for non-compliance, have been extended to include 59 counties."

"Lifting the ban on return of the cotton burr to the land in West Texas does not mean, of course, that the quarantine itself is lifted. Other quarantine regulations will remain in effect. It does mean, however, that since there is little likelihood that it will cause pink bollworm infestation to spread at this time, the grower can put the burr to profitable use on his land."

"The growers of West Texas have been anxious to return the burr to the soil for its important organic and fertilizing effect. During the drought the burrs also will help prevent soil erosion from blowing."

"The cotton yields of this area were annually getting lower. At the same time, the area occupies a high place in the nation's cotton production, and the Department felt that measures should be taken to balance insect control regulations with the economic situation of the area."

ginning time in 1952 until March 31, 1953. Commissioner White made his announcement after conferring in Lubbock for two days with cotton growers, ginners and oil millers of West Texas.

Among the 42 Counties released include Donley, Gray, Hall, Childress, Collingsworth and Wheeler.

Jake LaGrone and Brack LaGrone went to Comanche Saturday to move Jake's mother, Mrs. C. E. LaGrone and son, Tom, to Clarendon where they will make their home.

Recent Bride Feted With Shower

Mrs. Joe Shadle, the former Cherry-Vallance, was honoree at a miscellaneous shower given Friday afternoon, in the home of Mrs. C. W. Lane. Hostesses were Mrs. Homer Estlack, Mrs. George Thompson, Mrs. Gordon Bain, Mrs. Bill Riney, Mrs. Odell LaGrone, Mrs. Bill Johnson of Memphis, Mrs. Leon Carter of Sherman, Texas, and Mrs. Bill Lane.

Guests were greeted at the door by Mrs. Lane, who introduced them to Mrs. Dick Vallance who in turn presented them to Mrs. Joe Shadle and Mrs. Tom Shadle, in the receiving line. Miss Barbara Estlack presided at the bride's book. Mrs. Howard Scott and Miss Shirley Aten provided the musical background playing organ selections throughout the afternoon.

Gifts were placed in a bedroom decorated in blue, with pink curtains, and displayed on card tables laid with white cloths and on double beds covered with white spreads. Misses Mary Lou Fitzgerald and Shirley Barker assisted with the display.

In the dining room, the buffet was decorated with an arch under which stood a miniature bride and groom. The table was laid with a blue and white cloth. The centerpiece of pink carnations, blue streamers and net was flanked with pink tapers in blue candelabra. Pink punch was served from a crystal bowl with individual cakes decorated in pink and blue. Completing the table setting were napkins engraved with the names "Cherry and Joe." Shirley Wilson poured the first hour and Patsy Wallace served the cake. The second hour, Dora Lynn Lemons poured, and

Barbara Ann Smith served cake. A large number of friends and relatives called in the afternoon and a number sent gifts who were unable to attend.

FARM NEWS
From the County PMA Committee

1951 AGRICULTURAL CONSERVATION PROGRAM

348 farmers and ranchers in Donley County earned a total of \$85,207.29 assistance on the following soil and water conservation practices:

Large Ridge Terraces: 48 farms—\$5,760.16 assistance earned; Diversion Terraces: 48 farms—\$4964.88 assistance earned; Waterways: 6 farms—\$610.00 assistance earned; Subsoiling: 61 farms—\$6378.20 assistance earned; Deep Plowing: 153 farms—\$32,633.00 assistance earned; Drainage Ditch: 7 farms—\$2,008.50 assistance earned; Water Wells: 21 farms—\$7254.00 assistance earned; Stock Water Dams (new): 33 farms—\$10,361.60 assistance earned; Stock Water Dams (enlarged): 2 farms—\$449.90 assistance earned; Erosion Control Dams: 9 farms—\$1060.56 assistance earned; Superphosphate (20%): 16 farms—\$828.24 assistance earned; Mixed Fertilizer: 1 farm—\$46.00 assistance earned; Austrian Winter Peas: 17 farms—\$772.75 assistance earned; Hairy Vetch: 11 farms—\$747.60 assistance earned; Rye: 37 farms—\$2975.00 assistance earned; Pasture Grass Seeding: 122 farms—\$7856.40 assistance earned; Control of Mesquite: 1 farm—\$500.50 assistance earned.

In Community "A" (Goldston and Jericho) \$5153.43 assistance was earned on 21 farms and ranches; Community "B" (Martin and Ashtola) \$7860.75 assistance on 39 farms and ranches; Community "C" (Clarendon and Chamberlain) \$12,436.61 assistance on 58 farms; Community "D" (Midway and Naylor) \$13,491.96 on 57 farms and ranches; Community "E" (Lelia Lake, Windy Valley and Hudgins) \$15,097.21 assistance on 66 farms and ranches; Community "F" (Bray and McKnight) \$7518.89 assistance on 36 farms and ranches; Community "G" (Hedley, Giles & Smith) \$15,851.85 assistance on 74 farms and ranches; Community "H" (South of Alanreed & McLean and Whitefish & Skillet) \$7796.52 on 27 farms and ranches.

More than 1/2 of the total amount of assistance was earned on deep plowing. Any one of the 153 farmers who earned assistance on this practice in 1951 will give you several reasons why they feel that the \$32,633.00 P.M.A. assistance plus that same amount paid by those 153 farmers was money well spent. Their farms did not blow last year, and they have not been blowing this spring. The yield per acre on all the crops planted on the 7,650 acres (approximate figure) was greatly increased over that that was not deep plowed. Farming was easier, weeds a lot more scarce—and those are just a few of the reasons they feel that it was and is a good practice.

33 Stock water dams built with an average assistance of a little less than \$320.00 on each earned the next highest amount. Ask the rancher about dams for stock water. They serve more than one purpose and are well worth the \$5180.00 these ranchers paid out of their own pockets, on them.

All the soil and water conservation practices are worth much more than the assistance earned. The winter legumes have done so much more to help the farms on which they have been planted than the cost would indicate. They save the top soil, build it up and increase the production of the crop which follows.

What are you doing in 1952 to improve your farm or ranch? An improved farm or ranch helps you and your neighbors.

Mr. and Mrs. Walter Hutchins called in the home of Mr. and Mrs. D. E. Stevenson Sunday night.

Miss Iva Hinkle spent the week end here with her mother, Mrs. Hinkle and Miss Stella.

Mrs. Hinkle had as visitors last Saturday, children and grandchildren from Tahoka and McLean.

Mr. and Mrs. Bill Sullivan and children of Amarillo visited the week end with relatives here.

Jerry LaGrone of Amarillo spent the week end with home-folks.

Mrs. H. T. Warner, Mrs. Victor Smith and Mrs. A. J. Hicks were Amarillo visitors Friday.

Texas Highway Users Want To Keep Their Roads In Top Shape

AUSTIN — Results of the observance of Texas Highway Week, January 27 - February 2, show conclusively the highway users of Texas want to keep their roads in top condition, according to officials of the Texas Good Roads Association.

The Week was observed throughout the state, with the fullest cooperation of Chamber of Commerce highway committees and newspaper and radio publicity. In addition, speakers appeared before more than 400 service clubs, telling of highway conditions and needs.

"It is very obvious from every report we have had that the users of highways recognize the need of continuing good roads in Texas," said J. H. Kuitgen, Waco automobile dealer and president of TGRA. "When Governor Allan Shivers proclaimed Highway Week, in observance of the 35th anniversary of the creation of the State Highway Department, we felt future action of this association should be charted in accordance to the observance."

"The statements made by Governor Shivers; Chairman E. H. Thornton of the Highway Commission; Mayor Armistead Rust of San Angelo, president of the League of Texas Municipalities; and Judge George Prowse of Corpus Christi, president of the County Judges and Commissioners Association over a state wide radio hook-up were direct and to the point. There is no doubt now in our minds the people want and will insist on good highways, built by an honest and efficient highway department."

At the same time General Ike Ashburn, executive vice president of the association, said the organization is proceeding with its plans of finding out exactly what the people of Texas want and how the program can be provided for.

"We recognize additional tax loads are frowned upon", General Ashburn said. "We also know that these same people realize they are paying for good roads whether they have them or not. In other words, it is our feeling highway users recognize the economy of good roads. We feel they will weigh the advantages of good roads against additional costs and be able to say what they want."

The state highway department has estimated it will require approximately \$100 million a year for the next five years to build new roads and maintain the present highways to economic and safety standards.

Claydene Emmons and Shirley Sparks of Canyon visited relatives and friends here the week end.

Mr. and Mrs. Walker Lane and Patti visited with Mr. and Mrs. D. E. Stevenson Sunday afternoon.

Mr. and Mrs. Harless McMaham of Lubbock visited the weekend with friends here.

Richard Vallance spent the week end with his grandmother, Mrs. L. O. Dennis, at Memphis.

Mr. and Mrs. Bill Walker visited the week end with his parents, Mr. and Mrs. Jack Walker.

The perfect man doesn't drink or smoke or swear; doesn't borrow from his friends and doesn't steal; doesn't make love to all the girls and overlord the men. In fact, the perfect man doesn't exist.

Statements About The Wayland College International Choir

While leading in a campus revival at Wayland College during the week beginning February 5, 1951, Dr. W. O. Vaught, Jr., pastor of the Immanuel Baptist Church of Little Rock, Arkansas, made the following statement:

"I have heard many college choirs in the last 15 years, but I have never heard any college choir to surpass the International Choir of Wayland College. When I heard them for the first time I realized that they sang not only with their voices but with their souls. I felt for the first time in my life I was hearing a college group blend talent, superb training and consecration in perfect harmony. Hearing them was, for me, an experience of a life time."

The following statement was written in a letter to Shelby Collier from Dr. H. H. Hobbs, pastor Oklahoma City, following the

of the First Baptist Church of choir's appearance at the Southern Baptist Convention in Chicago:

"Please accept my gratitude and that of our committee for your fine contribution to the program of the Southern Baptist Convention last week. We shall ever be indebted to you for the high standard of music which you brought. Our people will be blessed throughout the length and breadth of our convention by your having been there."

This was written to Mr. Collier with regard to this same performance in Chicago by Dr. Robert G. Lee, president of the Southern Baptist Convention:

"I wish to express, as much as words can express appreciation, my gratitude for the service you rendered our Lord through our Southern Baptist Convention during the recent sessions at Chicago. Your singers were superb in a superlative way—and I am sure that thousands who heard them sing would agree in any praise

and commendation I might give. "Know assuredly that I am grateful for the great service rendered."

"Praying God's blessings upon you and the school where you work, I am

"Yours earnestly,
"Signed: Robert G. Lee."

The Lynn County News: " - - distinctly unique and without a doubt the most inspiring musical program ever heard here - - was given by the Wayland International Choir - - - (They brought) music that appeals to the ear and

captures the heart of the trained musician and the untrained layman alike."

Mr. and Mrs. Geo. McKee received word this week from their son, Jim, that he had been transferred to Ft. Belvoir, Va., where he will receive special training in the field of Photo-Engraving. Jim has received his basic training at Ft. Leonard Wood, Mo.

Mrs. Addirene DuBose of Amarillo visited the week end with her mother, Mrs. J. R. Ayers and Emma Ayers.

Dates Set for Coming Scouting Events

Dates, places, and final arrangements for two coming Scouting events in the Southern District, Adobe Walls Council, were set at the regular meeting of the District Committee, March 27, in Memphis, Texas. D. E. Scott, District Chairman announced this week.

The first of the two events is to be a District-wide Court of Honor for all Boy Scouts, to be held May 9th, in Clarendon, under the guidance of the District Advancement Committee, Guy Wright, Chairman. This Court of Honor will provide for the presentation of all Boy Scout ranks from the mass Tenderfoot Investiture to the presentation of the Eagle Award, the highest honor a boy can earn in Scouting. The specific location of the Court of Honor in Clarendon will be announced at a later date.

May 16-17 will be the weekend for the Spring Camporee for all Boy Scouts of the Southern District; the Camporee to be held near Wellington under the direction of the District Camping & Activities Committee—Henry C. Sullivan, Chairman. The program of the Camporee will open with a public campfire ceremony on Friday night, and continue thru Saturday with demonstrations, training in Scout Skills, and competition between the Patrols and Troops of the District.

Dr. Tom R. Hunter, Chairman of the District Health & Safety Committee reported that all arrangements were complete for the District Explorer First Aid Meet to be held in Wellington, Friday, April 4th. He indicated that between 12 and 16 five-man teams of young men were expected to compete—representing Ex-

plorer Posts and Crew from six towns in the four-County District—Clarendon, Estelline, Hedley, Lelia Lake, Shamrock and Wellington.

Plans for members of the District Committee to attend the Region IX Annual Meeting were discussed, along with the availability of air transportation courtesy of the Cabot Carbon Co., and Phillips Petroleum Co. Several members of the Committee indicated their intention of attending this annual affair involving Scouters from New Mexico, Oklahoma and Texas.

GOODNIGHT HIGH SCHOOL TO PRESENT PLAY FRIDAY, APRIL 11

The annual high school Junior-Senior play, "The Red Lamp" will be presented at the Goodnight High School, Friday, 8:00 P. M., April 11, 1952.

"The Red Lamp," the basis of the plot, brings good luck, confusion, and comedy galore. Don't fail to see this comedy in two acts.

Members of the cast are Lugenia Hubbard, Broadius Spivey, Doris Newberry, Marion Garland, Billy McDowell, and Ploy Sutton. Mr. John O. Thompson, speech instructor, will direct the play. Assistant director is Mr. Gerald Millard.

Mr. and Mrs. F. A. Fitzgerald and Gary visited Sunday in Hereford with her parents, Mr. and Mrs. E. L. Strange and George. Others present were Mr. and Mrs. Lowell Rowell and family of Optima, Mr. and Mrs. L. D. Campbell and family, Mr. and Mrs. Keith Campbell and family all of Plainview, Mr. and Mrs. Lee Cook and family of Canyon and Mr. and Mrs. Clarence Strange and family of Hereford.

Committee Named For Retail Trade Development

Willard Skelton, of Skelton Brothers Clothing, was named General Chairman of the Chamber of Commerce RETAIL TRADE DEVELOPMENT AND PROMOTIONS COMMITTEE at the directors meeting last week. Other members of the Committee named so far are Bill Todd, of Household Supply; Glenn Hoggatt, of Glenn's Jewelry; W. B. Smith, of Smith's Texaco Service Station; Alvin Landers, of Clarendon Food Store; and Homer Estlack, of Estlack Machinery.

The Retail Trade Development and Promotions Committee has a six-point program for 1952:

- (1) Conduct a survey to determine the specific holidays that will be observed during 1952 by Clarendon merchants and service establishments;
- (2) Develop town-wide sales promotions based on ideas presented by local retail and service establishments;
- (3) Develop a solicitation control plan through which all fund raising drives will clear before being presented to local businesses;
- (4) Advocate a program of uniform closing hours among the different types of businesses in Clarendon;
- (5) Cooperate with the Publicity, Goodwill and Publications—committee on a WELCOME NEWCOMERS to Clarendon program and (6) Promote the annual "Christmas in Clarendon" program with expansion of the present decorative lighting system.

Persons interested in working on any of these projects are asked to contact either Mr. Skelton at telephone 181 or to call the Chamber office, telephone 211. A meeting of the Committee will be held in the next few days.

Gerner Outstanding Chemistry Student

This year's chemistry award was presented to Robert Earl Gerner, better known as Bob to his friends and classmates. Bob is a junior chemistry major from Lelia Lake.

The award, presented annually by the Chemical Rubber Company, is given to the student who has made the most progress in chemistry. Dr. C. A. Pierle, head of the chemistry department at West Texas State College, Canyon, Texas, and Tony Brown, chemistry professor at WT, will decide who will receive the award. Bob received a "Handbook of Chemistry and Physics." It is a valuable book and has been sent to have Bob's name inscribed on it.

Bob is an all around favorite on the campus as well as being smart in the field of chemistry. What time isn't spent in Chem-

istry Labs and class, Bob spends on German and Biology.

When asked what he thought about being the one to receive the award, Bob answered, "I thought it was all right." The fact that the award was to be presented was announced at the beginning of the year and gave all the Chemistry majors something to look forward to.

As to future plans, Bob hasn't decided yet, but he thinks he would like to go into the field of medicine.

Bob is a son of Mrs. Ed Gerner of Lelia Lake.

Cpl. Billy Joe McFall is at home on furlough visiting his wife, Jo Dean, and baby, and Mr. and Mrs. Maburn Trout and family. He has just completed a training course in Virginia.

Mr. and Mrs. Sallami and son of Amarillo were guests Sunday in the home of Mr. and Mrs. S. S. DeGaihs and Mr. S. D. Saied.

Mayor Issues Proclamation

Mayor, Major B. Hudson, today issued a proclamation urging the public to observe April as Cancer Control Month and calling on all citizens to join in the American Cancer Society's 1952 Cancer Crusade.

The Crusade opens here on April 7th and the month will be observed throughout the nation by an intensive fund-raising and educational campaign.

Guests this week in the home of Mr. and Mrs. S. S. DeGaihs and Mr. S. D. Saied were Mr. and Mrs. Oscar Saied of Oklahoma City, Mr. and Mrs. Ben Saied, Mr. and Mrs. Alex Saied and Naja Saied, all of Childress.

Mrs. Jack Semrad and Beth of Amarillo are visiting a few days this week with her parents, Mr. and Mrs. Henry Tatum.

Sgt. Ralph R. Percival was to resume his duties Thursday last as Flight Engineer on the B-25 at Carswell Air Base at Ft. Worth. Sgt. Percival has been a patient in the base hospital there since Feb. 4, having had surgery and skin grafts on his foot.

Pfc. and Mrs. Lowell Wakefield visited recently in the home of her mother, Mrs. V. K. Wade. Pfc. Wakefield was in transfer from Chanute Field, Ill. to Kelly Field in San Antonio.

What to look for if you want a better 1 1/2- or 2-ton truck

"Our Dodge 2-ton models have done a remarkable job for us."

... says S. W. TANNER
Veteran's Gas and Service Co., Pueblo, Colorado

"In all-round satisfactory performance, dependability and economy, our Dodge 'Job-Rated' 2-ton trucks have done a remarkable job for us."

"In fact, one truck has 80,000 miles on it, and the only replacement has been a new jet in the carburetor. That's economical maintenance you just can't beat!"

"My partner, Eric Samuelson, swears by Dodge, too ... says our 2-ton trucks handle just like a passenger car."

Look first for the truck that best fits your job! Look for strong, rugged load-carrying units—frame, springs, axles, wheels, and others—engineered to provide the strength and capacity you need. Look for load-moving units—engine, clutch, transmission, and others—engineered to meet the most severe operating conditions.

Look, too, for a powerful engine, easy steering, short turning ability, and extra payload capacity.

You'll get all these advantages when you choose a Dodge "Job-Rated" 1 1/2- or 2-ton truck.

Yes, look for the best in a 1 1/2- or 2-ton truck, and you'll find it in a Dodge. Come in today.

Big Power at a Saving. Dodge "Job-Rated" 1 1/2- and 2-ton trucks feature a high-compression 109-h.p. engine. For outstanding economy, you get 4-ring pistons, chrome-plated top rings, and other advantages.

Exceptional Handling Ease. Champion Truck Rodeo contestants choose Dodge "Job-Rated" trucks because you can cut sharper, maneuver easier, park faster—thanks to wide front tread and short wheelbase.

Fast Delivery Work. There's a 5-speed transmission available on most models for higher road speed—greater pulling power. And low loading height simplifies the job of loading and unloading.

Total money of all kinds in the United States is about 28 billion. The total debt is about 270 billion. All of the money on deposit in the United States by individuals, companies and corporations is 192 billion. Individuals own 49 billion in government bonds. These figures are very important to our economy. It proves

beyond a doubt the great faith that we have in our country. It should also warn us not to let any inflationary political planners rush our credit too far. If every one that owned bonds were to try and cash them at one time we would have serious trouble. By the same token if everyone should try to get his money out of the bank at the same time well, we know what would happen then. If then, our future economy depends on faith; especially the faith of the coming generation, we should strive to give them a clean slate, a sound foundation on which to begin their building for the next generation. I may be old-fashioned but I believe that every dollar of this debt will have to be paid, and that until we do pay it off

we are as much mortgaged as would be an individual, a school district, or a county that went too far into debt. What do you think??

Behind the cloud the starlight lurks, Through showers the sunbeams fall; For God who loveth all His work, Has left His hope with all.

—Whittier.

There is an old saying: "Everybody talks about the weather, but nobody does anything about it." Anyway, it seems that all of the counties within the range of this column are going into an organization with the intention of trying to prove this old adage false.

On most any street corner you can find someone who will take you on for a discussion, no matter which stand you take. Anyhow, as the summer approaches these efforts will be news; something to think about and watch. I believe this; if there is an area in the whole country where folks will be quick to catch the good or the bad from such efforts, it will be in the panhandle.

More about the rain-making later. In the meantime if your opinion drop us a line. Several are urging me to keep trying to get the Department of Truth started. What can I do? If you have a suggestion write us a card today. Even Rep. Rogers gave the idea his blessings. I didn't fare so well with Wes Izzard. He didn't reply. Evidently he has more confidence in his ouija board, especially as regard politics.

Someone said this; that we didn't need to know more truth so much as we needed to act on what we already knew. Reminded me of the old farmer who when visited by the new county agent and urged to try out some of the new ideas replied: "Heck Young Feller, I already know more than I'll do."

Have you had a kindness shown, pass it on. It was not meant for you alone, pass it on. Let it travel down the years. Let it wipe another's tears. Till in heaven the deed appears, pass it on.

When we first begun this column six years ago, we asked the readers to send us a list of old time sayings. Sayings they had heard their grandmother or someone use down through the years. We received quite a few then. As this is just about my sixth anniversary as a columnist; (I use the word very timidly) would you do me the favor and just sit down all of the ones that come to your mind and mail them to me. I will appreciate it a lot. And I will keep hoping that; Every day in every way, I am learning what to say.

Soil Conservation District News

The National Association of Soil Conservation Districts just recently held its annual convention at Cleveland, Ohio.

The program included talks by some of the outstanding agricultural leaders of our country.

Judging from the remarks made by some of these men the Soil Conservation District movement is gaining momentum and is the best approach to the problem of conserving our most vital natural resource—the soil.

Below are some excerpts taken from some of the speeches made at the convention:

"Every farm and every acre of farm land in the country should be in Soil Conservation Districts. I am convinced of that. Every ACP participant and every other farmer has everything to gain by taking advantage of your District organization and facilities. And your Districts, in turn, are great-

ly strengthened when all farmers of the locality are District co-operators."—Secretary of Agriculture, Charles F. Brannan.

"Soil Conservation Districts represent the best device so far created through which government can assist farmers without dominating them. Soil Conservation Districts provide our best example of democracy in action."—Dr. Robert M. Salter, Chief, Soil Conservation Service.

"We in Districts have two major end products to sell, it seems to me. They are democratic local self government and conservation on the land."—Ralph Partridge, Farm Editor, Denver Post.

"In England they are practically socialized and are struggling to know how they ever can get

back from such a condition. We can still get back, if we go about it, in my opinion. But, nevertheless we can only do it by getting people back to the frame of mind where they solve their own problems, and that's what Soil Conservation Districts are doing in this field."—Senator Robert A. Taft.

Mr. and Mrs. Jerome Stöcking returned Saturday after a two weeks vacation in New Orleans and Covington, La.

The cost of living went up + up

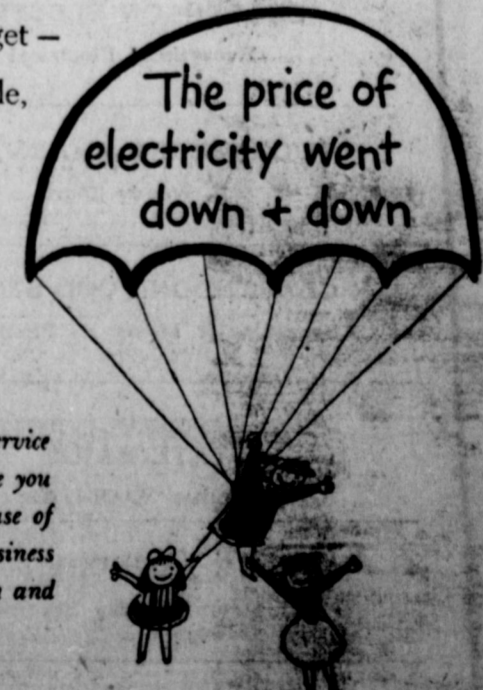

It's a Fact!

For the average West Texas family, a kilowatt-hour of electric service costs less today than it did 20, 15 — even 10 years ago!

Although the cost of materials, manpower, fuel, and everything else needed to provide electric service has gone up in price, your local rates have stayed low.

Your electric service is still the biggest bargain in the family budget — your most dependable, low-cost servant.

The price of electricity went down + down

The cost of your electric service has remained low because you use a lot of it and because of the skills and efficient business methods used by the men and women of this company.

"The Church with a Friendly
Welcome."

"Take My Hand!" Thus has spoken our true Leader. As He Journeys in the service of God, He calls women and men and children to walk with Him. He has led youth and age to peace and victory. He has been the 'Christ of the Indian Road.' He is the Christ of every road where God's children must walk.

What a privilege! Ordinary people may have high company. What a blessed invitation. As they enter upon the serious tasks of life, they may have royal fellowship. Especially to those who leave the home fireside, to face a lonely way, He calls... "Take My Hand." Not one of us is equal to meeting the world in our own strength. But we can be conquerors, if divine strength and wisdom flows in upon our souls.

To every one of us, He is repeating the gracious invitation of the centuries, "Take My Hand." Wonderful things have been done by those who hearkened to the call! We do not need to walk alone. We must not walk alone. He will be our Teacher, our Friend, our Comforter, our Lord, our divine Comrade. Attend His Church! Take His Hand!

Young Lady Believes In Modern Training

Miss Shirley Price, senior at Lindenwood College, St. Charles, Mo., and granddaughter of Mr. and Mrs. J. T. Patman of Clarendon, has designs on becoming a secretary, but she's also going to know how to run a house.
That's because, although she is majoring in secretarial science, she is spending eight weeks of her last college semester living in Lindenwood's home management house. In the belief that all young women who want to learn the science of home management should be permitted to, the college does not limit home management experience to majors in home economics.

Mobada S. Degaish Completes Teletype Operator Course

SAN DIEGO, Calif. — Marine Private First Class Mobada S. Degaish, son of Mr. and Mrs. S. S. Degaish of Clarendon, Texas, successfully completed a 8-week Teletype Operator and Message Center Course, here at the Signal School Battalion, Marine Corps Recruit Depot recently.
During the course he received instructions in such subjects as theory of operation, message center procedure in servicing, logging, routing messages, use of simple codes and ciphers, map reading, unit organization, teletype operation, procedure and preventive maintenance of teletype equipment.
The course prepares personnel for teletype and message center work with equipment used in marine organizations.
He was inducted in the Marine Corps on Sept. 13, 1951 at Abilene, Texas, and received his recruit training here at the Marine Corps Recruit Depot.
He is now awaiting assignment as a Teletype and Message Center Operator with a regular unit.
Degaish is married to the for-

mer Ruby J. Boyd, of Chattanooga, Tenn.

RETURNS FROM COMBAT TOUR OF DUTY IN KOREA

Attack Squadron 702, recently returned from a combat tour of duty in Korea, is reorganizing at the U. S. Naval Air Station, San Diego, Calif.
Serving with the squadron is Bobbie R. Kidd, airman, USN, son of Mr. and Mrs. James E. Kidd of Clarendon, Texas.
Members of the squadron are undergoing training in new developments in Naval aviation. Classes are offered in the fields of ordnance, aerology and electronics. Pilots of the squadron fly the Navy's "Skyraiders" carrier-based attack bombers.

Gene Bryan, a former Clarendon resident, left March 27 for Dallas where he will join a group reporting for duty in the Naval Air Corps. From there he will go to Pensacola, Florida, for training.

Want a lot of mileage for your money?

WE'LL admit that the price tags of automobiles--all automobiles--aren't what they used to be.
But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others.
So let's see how a Buick SPECIAL fits into the picture.
Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the low-priced field"--you'll find that, in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower.
But that's just the beginning.
What you're getting here is Buick quality--this SPECIAL comes down the

same assembly line as SUPERS and ROADMASTERS.
Its heft tells you it has extra sturdiness in frame and structure.
Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer.
You get Buick's Million Dollar Ride, which protects you--and the car--from jars and jolts.
Even the tires are bigger--which, any tire man will tell you, lengthens their wear.
And if you pay a bit extra for Dynaflo Drive* you're easing the strain on the engine, the rear end, the tires--and eliminating clutch repair bills.

So when we talk about "mileage for your money" we're talking about the miles you'll get from your car--including the unused miles that are what you have to sell when you trade it in.

Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you?

*Standard on ROADMASTERS, optional at extra cost on other Series.

a magnificent richness of texture.

Another Library friend gave us "The March of Women" by Vanda Delmar, a 1951 Book Club edition. The comments on this book quoted from our leading publication, indicate that it will be very enjoyable. "Elephant Walk" by Robert Standish is another edition that has been exceptionally popular. "Live With Lightning" by Mitchell Wilson is quite readable and "The Eustace Diamonds" by Anthony Trollope is a 1951 Literary Guild copy. This friend gave us several others, but as they were duplicates of some we had I shall not tell their story. These books are quite useful for our shelves are exceedingly low on new reading material for enjoyment.

We have a new Ken Holt mystery which completes the set—"The Clue of the Marked Claw" by Bruce Campbell. The boys and girls both read these books.

This week the firemen brought me a metal table with three tiers of shelves. Wonderful for displaying children's books. When

our new equipment from the Lion's Club and "Loyal Order of Moose" is completed our Library will be ready for competition with some of the much larger towns.

RECEIVES TRANSFER TO JET FIGHTER SCHOOL

Williams Air Force Base, Chandler, Arizona — Pfc. L. M. Putman, Jr., son of Mr. and Mrs. L. M. Putman, was, upon completion of jet engine school at Amarillo Air Force Base, Texas, transferred to this, the nation's first jet fighter school.

Pfc. Putman has been assigned to the 3529th Maintenance Squadron. His new job will be that of jet mechanic in the engineering section. A graduate of Clarendon High School, he en-

listed in the Air Force in December 1950.

Pfc. Putman is married to the former Norma Anne Bobbitt, daughter of Mr. and Mrs. H. G. Bobbitt. While stationed at Williams Air Force Base he is residing at 107 N. Washington, Chandler, Arizona.

Mr. and Mrs. Sam Dale called in the home of Mr. and Mrs. D. E. Stevenson Sunday afternoon.

Gabie Betts Burton Library Notes
By May L. Prewitt

A friend gave us "The Fortune Tellers" by Berry Fleming. This book is a Book Club edition of the past year. It is said to be a distinguished major novel of flood, fear and tense human struggle. The flavor and atmosphere of the town, Fredericksville, and its people are conveyed with a kind of cosmic humor, with an awareness of accidents and coincidences of good and bad fortune, which give the book

From where I sit... by Joe Marsh

Might As Well "Get In Key"

Last Tuesday Judge Cunningham wanted to go fishing. "Why aren't you working?" I asked. Judge explained how his wife had gone on a trip, taken his keys by mistake—and now he couldn't get in the office. So we went fishing. Next day, he wanted me to go again. I was surprised those keys hadn't shown up yet. "The little woman phoned to say she mailed them," the Judge explained. "They're now in the office, under the mail slot. I'd get 'em if I could just open that door." He grinned and picked up his fishing rod.

"Great little woman, the wife. You can always count on her. Let's go!"

From where I sit, we can use tolerance like the Judge shows for his wife's absent-mindedness... and she shows for his habit of lighting out for the fishing hole at every opportunity. He can't see why she likes tea, and she doesn't share his taste for a glass of beer. But they get along fine! Learning to respect other people's ways will "open the door" to happier living.

RADIOS NEED INSPECTION TOO!

It's not monkey business when we say—Radios need inspection too. It's a fact.

A radio is one thing you can't monkey with. If your radio hasn't been inspected within the last six months we suggest that you let us test the tubes and give the set a general check-up.

Office photo showing Dr. Miller making a Chiropractic adjustment to remove the cause of this lady's sickness. Chiropractic corrects the cause of a dis-eased condition.

Nine times out of ten your trouble is the result of some nerve disorder—your body at one time functioned normally and if given the chance will do so again. Your health has been a matter of growing concern to you lately. You have tried this and that with little or no results. Why not stop the uncertainty and find the CAUSE of your trouble before wasting more time and money? CHIROPRACTIC is no cure all, nor do we claim it to be such. We do know that thousands of sick people have been restored to health by CHIROPRACTIC after they had become discouraged and about ready to give up.

REMEMBER: IT IS NOT TRUE TO SAY "WE DID EVERYTHING POSSIBLE" UNLESS CHIROPRACTIC WAS INCLUDED.

SINUS TROUBLE
This case is a lady, age 49, who had a history of 6 years of sinus trouble and hay fever, pains in the right side of neck and shoulder, rheumatic pains in knees, tired back, pressure feeling in stomach, dizziness and nervousness. After going the rounds of doctors and remedies, she finally came to a chiropractic clinic for spinal examination. After the X-rays located the cause of her trouble, spinal corrective adjustments were begun to realign and remove interference in nerve wave frequencies which restored normal function to the entire ill-functioned body. Upon discharge, this patient reported no symptoms of any kind remained. The body contains everything necessary for health if its forces are free to work efficiently.

HEADACHES
A 43 year-old man came to a Chiropractic Clinic complaining of a drawing pain in his right groin and abdomen causing a limp; was nervous and unable to sleep, had bad headaches, left ear throbbled, and had gas pains. The Neurocalometer spinal analysis and X-ray located the subluxation causing the nerve irritation and interference. When case was discharged he reported no symptoms remained.

SCIATIC RHEUMATISM
A man, age 55, came to a Chiropractic Office complaining of pain in the left leg, gas in stomach, a drowsy, dizzy-headed feeling, dull headaches, backache, nervous shaking in left side, and low blood pressure. A spinal Neurocalometer analysis and X-rays revealed a nerve interference. Adjustments were begun and in time he reported all symptoms gone and that he was feeling fine.

KIDNEY TROUBLE
A man, age 32, had been getting treatment for kidney trouble for some time, but noticed he was getting no better and nervousness was increasing; was constipated; caught colds easily and just felt low generally when he came to a Chiropractic office for examination and spinal analysis. The cause was found to be nerve interference causing defective energizations of kidneys and digestive tract. Corrective adjustments restored alignment of subluxated spinal bones which removed nerve interference and permitted normal energization. Patient was discharged in a few months feeling full of pep and without complaints.
