L. D. MESSER ELECTED NEW PRESIDENT OF OLD SETTLERS PICNIC

An average crowd was in attendance at Tate Grove last Friday for the annual Old Settlers Picnic and L. D. Messer was elected to head the organization for the coming year. Mrs. Clyde Bridges was elected Secretary-Treasurer.

Uncle Jay failed to show up as the main speaker but a very entertaining program was enjoyed throughout the day with singing, dances and musical contests. Flip Breadlove was master of ceremonies and kept everything moving along in grand order. The picnic will be held at the same place again next year and plans are already in the making for another grand affair.

Weather Bogs Down Watermelon Contest

Continued dry weather has bogged down the Watermelon Contest to some extent but we still have a fair outlook for a sizeable melon to send to our Texan in California who is in distress. In previous years sixty to one-hundred pound melons have been raised in numbers but this year the weather has brought about a different picture. Keep a good watch on your melon patch and be ready to bring in your biggest melon regardless of weight. We just want the biggest in the county whatever that size might be.

The "Biggest Watermelon Contest" closing date has been set for Saturday, Sept. 8th. Melons may be brought in on Thursday afternoon and all day Friday preceding Saturday the 8th.

This contest is being sponsored by the local Chamber of Commerce and the Leader. Murphy-Spicer Funeral Home will ship the watermelon to California.

SOMEWHERE IN NEW MEXICO — This armed Laguna Navajo helps stand guard over his tribe's uranium-rich lands in New Mexico. Newsmen who sought to investigate deposits were turned back. The ore was found several months ago, but was kept a tribal secret.

Explorer Scouts Receive Trophies And Medals

Thirteen Explorer Scouts of the Adobe Walls Area Council took part in a Sports Tournament held at Philmont Scout Ranch near Cimmaron, New Mexico. Three trophies were awarded in Riflery, Archery, and Bait Casting. Those to receive a trophy in Riflery were Tommy Long and John Hubby of Borger and Frank Jones of Wellington. Cliff Stogner received a trophy in Archery. Those to receive a trophy in Bait Casting were Charles Fryling of Phillips and Bill Mack Walker of Shamrock. Each of these boys will be awarded medals at a later date in Pampa. The rodeo boys, David Bean, S. E. Mayo and Greenhouse of Miami, Tommy Hodnett and Gordon Moore of Clarendon, will be awarded with special belt buckles.

Revival To Begin At Hedley Christian Church Aug. 27

Rev. James T. Mitchell, local pastor of the First Christian Church, will be the evangelist in a revival at the First Christian Church at Hedley, August 27th through September 9th. Rev. Bedford Smith will be the song evangelist. The meeting will feature gospel preaching and inspirational singing. Services will be held nightly except Saturday. Everyone is cordially welcome to attend all services.

THE FAMILY FARM'S FUTURE

Meetings have been arranged by the PMA Community Committee for the purpose of discussing our Farm Programs and their service to the family farmers and ranchers of Donley and to determine how they can be improved to better protect and preserve the traditional American pattern of family farming.

The schedule of meeting is as follows:

- Ashtola School Tuesday, Aug. 20—7:30 p. m.
- Alamogordo School Thursday, Aug. 23—7:30 p. m.
- Lella Lake School Monday, Aug. 27—7:30 p. m.
- Clarendon Veteran's School Tuesday, Aug. 28—7:30 p. m.
- Hedley Veteran's School Wednesday, Aug. 29—7:30 p. m.

A county-wide meeting will be held at the Court House in Clarendon on September 7th at 7:30 p. m. All persons are urged to attend one or more of the community meetings and the county-wide meeting.

This review will affect everyone in the county, because whatever affects the farmers will affect everyone else, such as implement dealers, grocery stores, banks, elevators and others; therefore if you have any suggestions to be made in improving the operations of the Farm Programs in Donley County be sure to attend at least one meeting.

GRADUATION EXERCISES AT WEST TEXAS STATE

Commencement exercises climaxing the summer session of school at West Texas State College in Canyon will be held Friday night in Buffalo Stadium. The program will begin at 8 p. m. with 258 persons applying for degrees.

Dr. Charles Forbes Taylor will be speaker for the afternoon delivering his address, "Happy Landings." Rev. H. L. Thurston, pastor of the Methodist Church in Canyon, will give the invocation. Dr. J. L. Russell, Dr. W. H. Juniper and Frank Morgan, registrar, will confer the degrees.

Among the candidates for degrees from Donley County are Mrs. Ann Kennedy, Dick Kennedy, Mrs. Hazel Brandon and Mrs. Florine Kyser, for Bachelor degrees, also Mrs. Wilma Batson of Lelia Lake, Sam King of Lelia Lake and Mrs. Marjorie Bain for Masters degrees.

Locals In Caprock League Play-Off

The local baseball club wound up in second place in the Caprock Baseball League Sunday after defeating Washburn in a closely played game before one of the largest crowds to watch the locals play this season. The final score was 9 to 5. Eddie Reynolds went all the way on the mound for Clarendon.

The Amarillo Sports finished up in first place, Clarendon second and Groom third. Vega placed fourth after Washburn was contested and thrown out. Panhandle had been contested and it first looked like Washburn would finish third with Vega and Groom tied for fourth place. Things apparently happened over Tuesday night revealing the final outcome stated above.

The play-off games will start this coming Sunday on the local diamond with the locals determined to eliminate Groom in order to get a crack at the Amarillo Sports and the League championship. The winner of the Clarendon-Groom game will then play Amarillo a single and also a double-header game to determine the winner of the Caprock League. The Clarendon team defeated the Amarillo Sports in their last game and are most eager to drop them again, at least two out of three games. If you want to see a good game, be sure to come out Sunday afternoon at 3 o'clock at the local diamond which is located one block south of the Methodist Church.

New Dance School To Be Opened Here

A new dancing school will be opened in Clarendon Saturday, operated by a Welsh war bride, Mrs. Thelma Resch. It will be located in the basement of the Donley Hotel and will be known as the Thelma Davies School of Dancing.

The reason for the name 'Davies' is that Mrs. Resch comes from a dancing family, and her mother, known professionally as Terry Davies, owns and operates one of the largest dancing schools in Wales.

Among the types of dancing offered in the Davies school will be acrobatics, ballet, tap and toe dancing. Enrollment for the lessons will start Saturday, August 25th from 10 a. m. to 3 p. m. and regular classes will commence Saturday, Sept. 1st.

P. T. A. PRESIDENT RESIGNS

Mrs. Bill Weatherly, president of the P.T.A. resigned this week as head of the organization. Mrs. Maurice Lane has accepted the office effective now as the new officers for the coming school year were installed at the close of the last school year.

Once again, parents are reminded that all children enrolling in school for the first time or those transferred in from other districts must show proof of smallpox vaccination. Don't wait and start your child to school with a sore arm. Do it now if you have not already done so!

ENTERS RABBITS IN COLORADO STATE FAIR

Tommy Saye, local rabbit breeder, has entered three of his pedigreed rabbits in the Colorado State Fair which is in progress this week at Pueblo, Colo. Tommy has entered rabbits in various shows during the past two years and has won numerous ribbons. He raises Californians, Havana Rexes and Black Flemish Giants.

Mr. and Mrs. J. H. Hurn attended the Old Settlers Reunion at Mobeetie Saturday. They returned home Sunday after spending Saturday night with their daughter, Mr. and Mrs. C. J. VanZandt and Joe at Mobeetie.

Mr. and Mrs. H. M. Breedlove and Mike will attend graduation exercises at Lubbock Friday where her sister, Miss Francis Phelps will be a member of the graduating class.

Donley Co. Jerseys Sweep Top Honors at Colorado State Fair

Entries from J. R. Gillham's Greenbelt Dairy swept almost all of the top honors at the Colorado State Fair at Pueblo, August 20. Gillham's thirteen entries won a total of seven purple champion ribbons, fourteen blue first place ribbons, and five red second place ribbons. Topping the list was his aged bull Aim's Noble Prince, selected as senior and grand champion, and Tulip's Design Bob, 1st senior yearling and junior champion bull.

Gillham's winnings included 1st on junior bull calf, 1st and jr. champion on sr. yearling bull, 1st and senior and grand champion bull on aged bull, 1st and 2nd jr. heifer calves, 1st and 2nd sr. heifer calves, 1st and 2nd jr. yearling heifers, 1st and 2nd sr. yearling heifer and jr. champion heifer, 1st three year old cow, 1st four year old cow, and reserve champion senior female, 1st calf herd, 1st yearling herd, 1st on 3 best females, 1st on produce of dam, and 1st on junior get of sire. The Greenbelt entries won first in every class in which they were entered.

The Gillham cattle will be exhibited at Tyler, Sulphur Springs, Texarkana, Oklahoma City, and Dallas during the fall fair season.

County Fair Plans Going Forward

Plans are going forward on the Donley County Fair, Horse Show and Races to be held in Clarendon on September 21-22nd.

H. M. Breedlove, county agent, says that the catalogue advertisements are now being worked up and that fifteen hundred copies of the catalogue will be printed and distributed in Donley County and surrounding area. Committees are all at work on their departments of the show, and this year it is hoped that we will have one of the largest county fairs ever held in Donley County.

Every one is asked to cooperate with the committees as it takes every one taking a part to make the fair a success.

COOLER WEATHER AIDS CROPS

Even if we can't get a good rain, this cooler weather is helping crop conditions considerably. At least the feed and cotton isn't twisting like it was under that 100 degree temperature of last week. Crops in some localities are still holding up fine but in other sections crops are needing moisture badly. A light sprinkle fell here in town Tuesday night and farther west at the airport .09 inch was received. There is still a chance to receive beneficial showers as long as the tropical storm is still brewing in the Gulf area.

MATCHED ROPING WITH WELLINGTON HERE SUNDAY

The Clarendon Roping Club will have a matched roping contest with the Wellington Roping Club at the local arena here Sunday afternoon at 3 o'clock. A Jackpot roping will be held following the matched roping contest.

New Auto Sales Tax Law Effective Sept. 1

An advertisement is being published in this issue of the Leader by the local tax office to acquaint the general public with the new law regarding the 1.1% auto sales tax. There are numerous changes and complications connected with the new law and it will be advisable for those purchasing autos or selling same to read this advertisement to avoid possible trouble. There is a \$5 tax on all even trades of vehicles and a \$10 tax on a bona fide gift of vehicle. It will be advisable for you to contact your county tax collector or any reliable source before making purchase or change in ownership of automobile.

Replacement Of Lake McClellan's Ruined Spillway Given Priority

Replacement of Lake McClellan's ruined spillway will be given priority over other Panhandle dam projects by the several-county committee at the present time.

This action was taken by the newly organized Lake McClellan Improvement Committee during a meeting last week, in the club house on the lake's shore.

Because the present condition of the spillway poses a hazard to the lives of residents below the dam and to property, the members of the committee indicated their unanimous belief that its replacement is almost mandatory.

However, the group will take up problems at other Panhandle lakes when replacement of the McClellan spillway is well under way.

On a suggestion by Rex Baxter, manager of the Amarillo Chamber of Commerce, the group will first attempt to have the \$450,000 replacement project placed in the 1952 budget of the Soil Conservation Service; second, attempt to seek approval by the Bureau of the Budget in Washington; and third, work with senators and representatives to pass the appropriation next year.

Representatives from Borger, Amarillo, Wheeler, McLean, Alanreed, Clarendon, Shamrock, and Pampa attended the meeting.

Soil Conservation Service engineers have already completed plans for the new spillway and have only to submit them to Washington. Findings by the engineers brought out that the spillway was poorly designed from the beginning and is next to irreparable. The new spillway, which would be moved further south, will be almost twice as big as the present one. Its width alone would be 160 feet instead of the present 80 feet.

Following the meeting the group toured the spillway site and part of the surrounding shoreline, then adjourned to the picnic ground for a barbecue supper sponsored by the Pampa Chamber of Commerce.

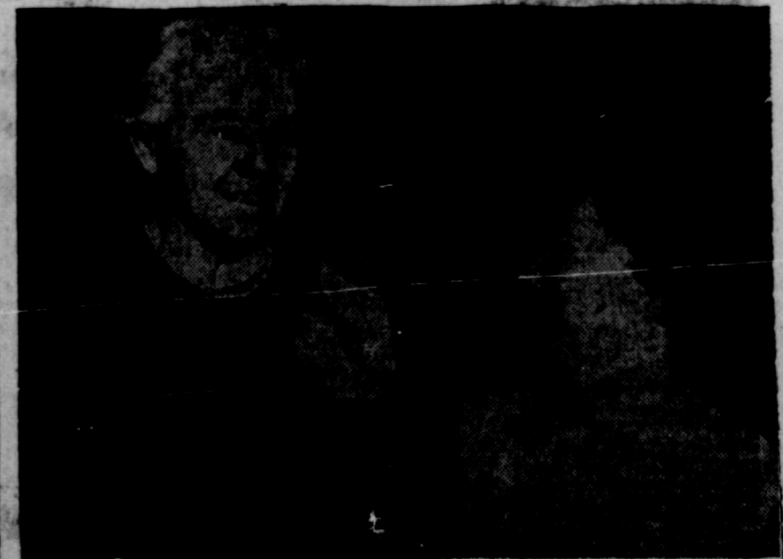

G. S. "Pinkey" Vineyard, chairman of the committee, presided at the session.

Those attending the meeting from Clarendon were Odos Caraway, Pete Kunz and Jimmie Faulkner.

FARMERS NOTICE

Local oil dealers are publishing an advertisement in this issue of the Leader explaining the new amendment of the Texas Motor Fuel Tax laws which will go into effect as of Sept. 1, 1951. This is a very important item to all farmers and ranchers in regard to their exemption invoice and refund on tax paid on motor fuel. Read this advertisement on page two for all particulars if you are not already familiar with the new set-up, for it can save worry and trouble in the future.

News From The Office of Price Stabilization

Business men who operate firms which retail services to the public will be told how to meet the requirements of the Office of Price Stabilization regulation (CPR 34) in a meeting in the Palm Room of the City Hall in Pampa at 8 o'clock Wednesday night, August 29.

The area meeting is for merchants in Donley, Gray, Roberts, Carson, Lipscomb and Hemphill counties.

All business men whose operations are covered by CPR 34—the government price regulation covering service establishments—are urged to attend the clinic if they need help in preparing their reports to the Office of Price Stabilization, or if they need help in otherwise complying with the law.

NOTICE!

During the last session of the Legislature, Texas Motor Fuel Tax laws were amended and sections referring to refund of motor fuel tax have been changed and will directly effect Consignees as Refund Dealers, effective as of Sept. 1, 1951.

AMENDMENTS

"IT SHALL BE UNLAWFUL FOR ANY REFUND DEALER OR ANY EMPLOYEE THEREOF TO PREPARE OR NOTARIZE ANY CLAIM FOR REFUND OF TAX PAID ON MOTOR FUEL PURCHASED FROM SAID REFUND DEALER, OR TO ACT IN ANY CAPACITY as AGENT OR EMPLOYEE OF ANY CLAIMANT FOR REFUND OF THE TAX PAID ON MOTOR FUEL PURCHASED FROM SAID REFUND DEALER BY KEEPING HIS BOOKS, RECORDS, REFUND CLAIM FORM OR OTHER DOCUMENTS TO BE USED OR INTENDED FOR USE BY SAID CLAIMANT IN THE PREPARATION OF HIS TAX REFUND CLAIM."

The law states that the dealer or seller cannot have in his possession Invoices of Exemption more than seven days from date of delivery. Therefore, the buyer should make provision for suitable container to be placed near his gasoline storage tank, in order that seller may leave Invoice of Exemption at the time of each delivery.

All customers should go to Oil Company with whom they are dealing and either have Affidavit of Claims made out, or pick up all Invoices of Exemption, prior to September 1st, 1951.

To Acquaint Public In Motor Vehicle Safety Responsibility Law

AUSTIN—Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced his intentions of calling upon the State's newspapers and radio stations to assist his Department in putting the "damper" on the false rumors and misinformation that is currently being spread in some circles concerning Texas' new Motor Vehicle Safety Responsibility Law.

Garrison emphasized that the State will conduct a thorough educational program in November and December to acquaint the public accurately and adequately with the purposes and requirements of the law which will become effective next January 1st.

At the same time, Director Garrison warned the public not to believe statements that the statute is now in effect or that it is a compulsory insurance law. He emphatically pointed out that the law will have no effect upon motor vehicle owners and operators until January 1st and declared that under no condition or circumstances will it compel motorists to carry automobile liability insurance.

According to Garrison, the new regulations bear no resemblance to a compulsory insurance law. He pointed further to the fact that only one state has such a law but that Texas became the 35th state to enact a security-type Safety Responsibility Law. It is true, according to Garrison, that, beginning January 1st a motor vehicle owner or operator who is involved in an accident resulting in death or injury, or property damage exceeding \$100, must furnish proof of his ability to meet claims up to \$15,000 or have his motoring privileges suspended until he does. Proper insurance may be accepted as sufficient proof of such financial responsibility but the law also offers several other choices of furnishing such proof. Among these are the posting of a bond

ENLISTED WOMEN IN ARMED FORCES—During the early months of 1951 more than 35,000 women were serving on active duty with the Army, Navy, Air Force and Marine Corps. Current enlistments are increasing and thousands more will be available through the Reserve. No longer are women considered as merely a source for releasing men to active duty for they have become a vital and integral part of our Armed Forces.

Please Notice

Effective September 1st 1951, a new law regarding the 1.1% auto sales tax. This law is made to be very complicated on any and all transactions on automobiles. The sales tax affidavit, as has been the law for the purchaser to sign, must be signed both by the purchaser and the seller regarding the sale price and the amount of tax to be paid, if the joint affidavit is in-correct the seller of said vehicle is subject to fine.

There will be a \$5.00 tax on all even trades, whereas the present law does not require tax to be paid on an even trade.

There will be a \$10.00 tax on a bona fide gift, the present law does not require tax to be paid, on Bona Fide gifts.

On any and all out of state vehicles purchased and brought into Texas to be licensed, the purchaser must present either a Title or manufacturer's certificate. Some states do not have the Title law or do not have the manufacturer's certificate. In this case the auto must be licensed in the state purchased, and then will be licensed in Texas.

We suggest that you contact your county tax collector or any reliable source before making purchase of automobile.

Rural Electrification Week In Texas, August 19-25

This week of August 19-25, has been set aside by Governor Allan Shivers as Rural Electrification Week in Texas.

Joining with the seventy-six other rural electric cooperatives all over Texas is Greenbelt Electric Cooperative at Wellington, Texas.

This locally-owned business had its beginning in Sept. 9, 1939, when 160 miles of line were first electrified to serve 300 members.

Since that time 1640 miles of line have been built, and today the Co-op is serving 2900 members.

For twenty years prior to 1935, private interests worked with the idea of rural electrification, and they came up with an answer: it couldn't be done.

Then the Rural Electrification Administration was set up as an agency of the U. S. Department of Agriculture. It was established on May 11, 1935, by Executive

Order, and authorized to make loans at 2 per cent interest over a 25 year period.

Again the private power companies were offered the job, and again they refused. Then the job was turned over to farmers and ranchers.

On Dec. 23, 1938, the loan was granted and work was soon underway on the Greenbelt Electric Co-op.

This same story was repeated 77 times over Texas and more than 1,000 times all over the United States, Alaska, and the Virgin Islands. Their facilities today include more than 1,100,000 miles of line serving about 3,500,000 farms and other rural consumers.

By May 1, 1951, REA had advanced \$1,572,022 in loans, and by April 1, of the same year, \$282,196,233 in principal and interest payments had been returned.

This included \$30,239,015 in payments on principal ahead of schedule. Less than \$750,000 was reported more than 30 days over-

due. Only one loan foreclosure has been necessary to date on an operating power system; it was on a loan that had been made to a commercial power company.

To date Greenbelt Electric Co-Op has borrowed \$2,162,819.55 from the Government, and \$273,493.78 has been paid back in interest and on the principal. \$3,430.94 has been paid back as advance payment on the principal.

REA itself operates no rural electric facilities, and its program involves no grants or subsidies. Greenbelt Electric Co-Op is a locally owned and operated, tax-paying business.

It is one of 77 rural electric co-ops which have brought about the 90 per cent electrification of Texas.

It is one of 1,000 co-ops which have brought about the 86 per cent electrification of the United States. But the job is far from complete.

Kilowatt hour consumption has increased for first seven months of 1950 from 1,848,097, to 2,253,352 KWH for first seven months

in 1951. This means not only that farmers of this area find electric power essential, but that lines must be made heavier, and that facilities must be made constantly better.

Helping Families Rebuild Is Red Cross' Main Flood Task

A Central Missouri homeowner shows a Red Cross disaster worker how Missouri River flood waters tore out walls inside his home. He and his wife managed to save only a few pieces of bedclothing. Throughout the Kansas, Missouri, Oklahoma and Illinois flood area 425 trained Red Cross disaster workers assisted by hundreds of chapter volunteers are engaged in the Red Cross' biggest part of its disaster job, helping more than 26,000 families back to normal restoring homes, furniture, livelihoods for those without means to help themselves. All help is given outright, not lent. Flood relief contributions to local Red Cross chapters will finance this help, now costing almost double the original \$5,000,000 Red Cross estimate. This help to individual families is not included in the \$25,000,000 authorized by Congress for restoration of public works, essential businesses, etc.

LEGION AUXILIARY

The American Legion Auxiliary met in regular session Tuesday night, August 21 at 8 p. m. with Mrs. Glenn Hoggatt, president, presiding. Plans for the new year work were discussed. Morning coffee, a Good Will Basket and a Square Dance team have interest running high. All who are eligible are invited to join the Auxiliary and share the fun. Mr. Bob Baird is directing the Square Dancing, so come tonight and learn with the other amateurs.

Mr. Addirene DuBose of Amarillo visited Saturday thru Monday afternoon with her mother, Mrs. J. R. Ayers, and sister, Emma Ayers.

BIRTHDAY PARTY

Bill Dale Hill entertained with a swimming party on his fourteenth birthday Monday afternoon. The party was given at the Bert Smith home with swimming in the Smith pool.

Refreshments were served to Vanetta McClellan, Janice Benson, Phyllis Hill, Kay Schollenbarger, Bobby Johnson, Ronnie Martin, Billy Mac Hicks, Harold Elliott, Bill Noblet, Don Landers, Charles Roberts, Monte Smith and the host, Bill Dale Hill.

Sgt. F/C R. A. Beverly flew his plane from Ft. Leonard Wood, Mo. Saturday to spend the week end with his parents, Mr. and Mrs. Roy Beverly. He left Monday to return to his base.

BIRTHDAY PARTY

Carl Wayne Wiley was honoree at a birthday party given in the Bert Smith yard Tuesday afternoon, celebrating his third birthday. After opening his gifts, the children played until refreshments were served. Suckers were given as favors.

Those present were Pamela Hicks, Theresa Phillips, Pat Heath, Larry Mooring, Nancy Youngblood, Randall Butler, Margaret Sue and Lloyd Lynn McCord, Danalene Estlack, Keith and Andy Covington, Linda and Carole Sue Humphrey, Robert Vick, Lola and Lorna Underdown, also Mesdames Dale Hill, Monte Mooring, Ardith Butler, Al Covington, Joe Humphrey, Melvin Vick, C. E. Underdown, the honoree, Carl Wayne Wiley and the hostess, Mrs. T. G. Wiley.

Those sending gifts but unable to attend were Mitchell Martin, Mrs. Colie Huffman, and Mrs. Bert Smith, Donald and Harlene.

ASHTOLA NEEDLE CLUB

Instead of meeting at 3 o'clock in the afternoon, the club met at the school house at 7 o'clock with the members and their families and invited guests with a chicken barbecue. Many thanks go to Hubert Rhoades, Doyce Graham and others who barbecued the chickens and done a wonderful job of it.

The ladies furnished cakes, pies, salads, drinks and all the trimmings that it takes to make a supper that was enjoyed by all present. The next meeting will be Sept. 6 at 3 o'clock. Subject, Summer Recollections with Ivan Tollerson leader and Laura Mahaffey, hostess.

Mrs. W. W. Lovelady and Ronnie of Amarillo arrived Friday to visit the week end with her parents, Mr. and Mrs. Carroll Lewis and family. They were joined Sunday by Mr. Lovelady and accompanied him home Sunday afternoon.

Sunday guests in the home of Mr. and Mrs. L. L. Wallace were Mr. and Mrs. Slick Naylor and family of Conway, E. T. Naylor and son of Amarillo, Miss Louise Boyles of Sudan and Miss Joyce Deitburner of Panhandle.

PICNIC IN AMARILLO

Mr. and Mrs. Glenn Casey of Amarillo entertained members of the Bryan family, (her aunts and uncles and their families) at their ranch near Amarillo Sunday. FARM NEWS

From the County PMA Committee

1951 ACP BUDGET

There is still plenty money in the budget for permanent type practices this year, so if you need some Terraces, Earthen Dams, Water Wells for Livestock Water, etc., come by the office and make application.

COTTON LOAN RATE SET

Loans on the 1951 crop of cotton in Donley County will be made at 31.52 cents per pound. The National average for Middling 7/8 inch is 30.46 cents per pound, compared with the 1950-crop average loan rate of 27.90 cents. The rate for both years is 90 per cent of the cotton parity prices as of August 1.

Loan rates vary according to location, from a high of 32.55 cents per pound in the concentrated mill areas of the Carolinas to a low of 30.97 cents per pound in Arizona and California.

Loans will be made on cotton stored on or off farms, either direct by the Commodity Credit Corporation or through lending agencies, principally banks. Warehouse storage must be approved by the Commodity Credit Corporation, and farm storage structures by the PMA County Committee. A special form of loan agreement will be available to cotton cooperative marketing associations, whereby they may obtain a loan on cotton on which they have made loans to their producer-members.

Cotton producers' notes will bear interest at the rate of 3 per cent per annum and will mature July 31, 1952 but will be callable on demand. Loans will be available through April 30, 1952.

Farmers who are interested in

getting a loan on their cotton may obtain information on rates and procedure from their county PMA committee office.

USDA PROGRAM

Secretary Brannan's Nation wide Family Farm Policy Review Program is aimed at obtaining farmers opinion of the present programs of the Department of Agriculture, along with suggestions for their improvement.

In carrying out the most extensive survey of any, Secretary of Agriculture Brannan is calling upon the 3,000 State and County Agricultural Mobilization committees to take the program to the grass roots. These committees will hold meetings at the state, county, and community levels, during which time representatives and leaders of farm group, churches and civic organizations will be invited to express their opinion.

The USDA wants to adapt future policies to the needs and recommendations of family farms. It is important that all interested persons attend one of the meetings that are being held over the county. Be sure to contact your community committee, as they are the ones in charge of these meetings, for the time and place. The heads of the four USDA Agencies in this county will be at each meeting.

"If democracy is to be a continuing source of hope to rural people elsewhere in the world, democracy must continue to advance in rural America"—Progress in agriculture must be continued and no person is in a better position to make recommendations for this progress than the rural people and especially the man or family who operates a farm.

A county wide meeting will be held at the Courthouse at 7:30

P. M. on Friday, Sept. 7, 1951. Everyone is invited to participate in this meeting.

REPORT COTTON AND WHEAT ACREAGES

So that we may keep our records up to date, please come by the office and report your cotton and wheat acreages for 1951. It is important for us to keep our records up to date, so don't forget to come by the office.

The U. S. Department of Agriculture has more than 13,000 fewer full-time employees and about 8,000 fewer part-time employees than were on the rolls of the Department of Agriculture in the year of 1940.

That Old Refrain...

Claims by self-appointed benefactors of the American farmer that the rural electrification job is complete sound like an old familiar refrain.

When only one farm out of every ten had electric service 16 years ago, private power companies had this to say:

"The problem of actively promoting rural electrification has received serious consideration of utility companies for many years. . . . As a result, there are very few farms requiring electricity for major farm operations that are not now served."

Today, nine out of every ten farms in the United States are electrified, despite this defeatist outlook, because over three million farmers didn't believe the rural electrification program was completed back in 1935.

They are the ones who got together, formed non-profit electric systems like ours, obtained the REA loans power companies spurned, and built lines to serve themselves.

Today, when we again hear the "completed" refrain, 800,000 rural families are still without electric service. Farms already served are using more and more power for agricultural production every year.

That is why we're not joining in any chorus of the old refrain. Our concern is to bring electricity to those 800,000 other rural families, and to meet the growing demands of those we already serve in our area.

*A letter from the Rural Electrification Committee of Privately Owned Utilities to the first Administrator of REA, dated July 24, 1935.

present is "The Catcher In The Rye" by J. D. Sallinger. It is a Book-of-the-Month Club Selection but Mr. Sallinger is "shy" of publicity. He objected to the large picture of himself on the book's jacket cover. There are not many good novels being published in the United States at present, and the Herald Tribune Book Review states there is a lull in English publications. Our advanced catalogues for fall list a number of junior publications for the fall months. Since this group of young people read all winter I am happy to see new material for their pleasure.

Mr. and Mrs. Otis Denny and sons, and Mr. and Mrs. L. P. Moore and son were guests in the Van Knox home Thursday and attended the chicken barbecue at the Ashtola Club house. Gabie Betts Burton Library Notes

By May L. Prewitt

It is likely that several of our patrons heard James Jones on the The Welcome Travelers Radio program this week when he discussed his book "From Here To Eternity." He not only sold this for an unbelievable amount of cash, but receives royalties. Judging from the tremendous advertising his book has used, the sales should be enormous. Our copy was given to the Library and we

appreciate the gift.

The children are reading eagerly. They are happy regardless of the excessive heat. They are rather clever in selecting the periodicals for their parents. Recently one small boy stated his mother enjoyed magazines about houses and cooking and while he is a third grader he chose American Home, Better Homes and Gardens, and Household. For his Dad he selected Country Gentleman and Progressive Farmer.

The Garden Club voted a Library donation this week, so I have written the Personal Shopper in regard to material useful to them.

180 Horsepower!

Until you drive it you'll never know what

Chrysler FirePower V-8

does for you!

YOU'VE HEARD THE TALK about Chrysler's revolutionary new V-8 FirePower engine . . . with its 180 horsepower, its amazing smoothness and acceleration . . .

NOW COME DRIVE THE REASON for all this excitement. Here is the most revolutionary advance in American motor car engine design in 27 years! . . .

HERE'S 180 HORSEPOWER . . . a full 20 horsepower more than that of the next most powerful American passenger car engine! . . .

A NEW KIND OF HIGH COMPRESSION . . . the first Hemispherical Combustion Chamber in an American car engine actually puts to work more of the energy contained in the fuel than other engines.

HERE'S EXCITING PERFORMANCE . . . responsiveness, acceleration, smoothness, which no other passenger car engine built in this country can equal today. And you can have it with FirePower even on non-premium grade gasoline.

HERE'S THE SAFETY OF POWER-IN-RESERVE greater than you've ever had at your command—a new high in the instant responsiveness which is the very essence of safety on today's highways!

YOU'LL LIKE CHRYSLER'S POWER BRAKING, TOO . . . smoother, gentler, swifter stops at any speed than you've ever known. At the touch of your toe, power from the engine helps put on the brakes . . . reduces foot pressure by as much as two-thirds!

AND HYDRAGUIDE . . . THE NEW POWER STEERING! It makes driving a car a brand new experience. At your touch on the wheel, hydraulic power provides four-fifths of the steering energy. Even at a standstill, you can turn the wheels with your thumb and one finger! A great safety feature.

COME DRIVE IT . . . ONLY A RIDE CAN SHOW YOU WHAT ONLY A CHRYSLER GIVES!

Plowin' Out the Corners

By Uncle Zeb

Another unbelievable fact: Your tax dollar is spent for foreign cotton at the rate of up to \$1.00 per pound and given to other countries, and at the same time a ceiling of 45c per pound is clamped on cotton grown by our own farmers.

My niece from Albuquerque has been visiting me lately and the following is a bit of her conversation. "Uncle Zeb", she says, "Out here in Texas you'll just have to depend on the Lord for rain. Out where we live we have the river and the Lord too". They use the water from the river to irrigate when nature fails. Anyway, when I began laughing she admitted that the Lord filled up the river too. Kinda of a cute thought, I thought.

I doubt if many would believe it even if I told the truth, but Mama and I caught a mess of fish this time. One was nearly as long as your arm, almost. Anyhow we enjoyed visiting her uncle and seeing again the all Indian Fair at Anadarko, Okla. This is just about the biggest

show of its kind in the world with the most beautiful parade I have seen lately. All of the color and history of the red man is kept alive by the promoters of this all Indian Fair. Everything about it from the produce to the parade is 100% Indian produced. It was fun. Actually the fish that got away was so big that I don't believe it yet myself. Anyway, it was fun, and this winds up my vacations. When the editor jokingly mentioned that I was continuing my continuous vacation some folks pretended to actually believe him. After that I am ready to stay at home for a long time.

Read in The Irish Digest that an ambulance driver in Washington, D. C. has been forbidden to ever tell a patient his name. The reason being that his name is St. Peter.

You only get out of life what you put into it; so now you know the difference between life and the laundry.

Mama's uncle was telling us about a young boy from a nearby town visiting them recently. He said, "Where do you get your milk." Said the uncle, "From my old cow." "We don't," said the boy, "We get ours from Charlie Jones."

My little niece insists that she likes Plowin' Out The Corners. Her only criticism being that it is too long. Now that just don't make heads or tails.

Speakin' of cotton and the cotton farmer; it doesn't look too good all the way around right now. It costs more than ever to grow cotton these days and the dry weather is taking the profit out of it in a hurry. In the middles are most of the squares and the only thing left in many places is the almost grown bolls. They need help from nature in a hurry.

My sister-in-law was telling me about a friend of hers. It seemed that this friend had been attending school at the University of New Mexico this summer. Anyway, she had been rooming with another lady for seven weeks when one day this lady asked her whether she was a Christian or not. This put her friend to thinking. If she had lived with her for seven weeks and could not figure the answer out there must be something wrong with her everyday life. Anyhow she resolved to do something about it so that it would never happen again. This is something to think about. It may be alright to have to tell folks whether we are a Baptist or a Methodist, etc., but it does seem like that when we lived with someone for seven weeks they would not have to ask this question.

Sunset Recorded Concerts to be Staged In Palo Duro Park Aug. 15 - Sept. 16

Palo Duro Canyon Sunset Recorded concerts will be staged in Palo Duro State Park each evening from August 15 through September 16, according to park officials. The concerts, broadcast from 1,000 feet below El Coronado lodge, will open one-half hour before sunset and close one-half hour after sunset. This time of day shows the world's most colorful Canyon at its best and

seems to be a favorite time for so many who want to see the colors from the rim.

Due to public demand following the highly successful Christmas holiday programs last year Malcolm Clack of the Clack Radio Service have been secured to stage the Sunset concerts. Mr. Clack is tape recording old and familiar music of the sacred and soft western variety to be broadcast from several speakers in the Canyon. People may park their cars anywhere within a half mile radius of the lodge and hear the unusual sound effects as they watch the pastel shades change their hues with each minute as the sun kisses a lingering farwell to the day.

Incomparable sound effects echo and reverberate through the Canyons or roll in great encircling waves as summer thermals carry the lyrics heavenward. Echoes may be heard rolling back from many directions and they

linger as long as ten seconds after the music stops. Some of the speakers pitch the sound over a mesa, and into other canyons. During the Christmas season the programs were heard as far as four miles down the Canyon. The usual park admission fee is the only charge made for the Sunset Concerts.

New Drug Similar To Arrow Poison Is Surgical Aid

NEW YORK—A new muscle-relaxing drug that is closely related to a South American arrow poison has been made available to doctors by Lederle Laboratories.

A spokesman said that use of Flaxedil, this new synthetic drug, in the operating room will mean less anesthetic for the patient, less nausea and more rapid recovery.

The new drug is similar to curare, the drug first used by South American native hunters as an arrow poison to paralyze their game. Curare was first discovered by explorers soon after the arrival of Columbus to the New World. It was observed that natives dipped the heads of spears and arrows into the drug while hunting. Later it was learned that curare acted against nerve endings to bring about temporary paralysis of body muscles.

The native drug was too impure to be used except in the laboratory. But eventually it was purified and used as an adjunct to anesthetic, because of its muscle-relaxing quality. However there were a number of disadvantages in using curare, so scientists developed several substitutes.

Flaxedil, which was developed in France, is the first substitute

to possess all of curare's useful qualities and certain additional advantages. It does not produce fluctuation in blood pressure and may be administered without fear to asthmatic patients. Its effects are easily controlled and its dosage has been accurately standardized.

This new curare-like drug is known to scientists by the jaw-breaking name tri (diethylaminoethoxy) benzene triethylidide.

They Like it a Million!

Last week Buick set a proud record. The millionth Dynaflo Drive* was delivered to a happy owner.

That's a new peak in popularity for modern drives which take you from a standing start to any cruising speed desired with a smooth, unfaltering swoop of power.

"The biggest advance since the self-starter" is what the motorwise press called this Buick development back in 1948—and now a million owners can tell you how right that proved to be.

Here, they found, was a basically different way of delivering power. It was the first drive to get completely away from any gears which function

in a series of fixed stages—the first to apply supercharging principles that did new tricks with spinning oil.

And how folks loved it!

They loved the freedom from strain in traffic. And the new "sweetness" of ride which every passenger could enjoy.

They loved the command it gives them of every traffic situation—and the relaxation it contributes to a long day's drive.

They loved its extra safety in slippery going, and the improved control in mud and snow.

As they piled up experience, they

loved the unexpected savings of rear tire wear and the reduced strain on all driving parts, from engine to differential.

And finally—they loved what it does for the value of a Buick, as reflected in the extra dollars that Dynaflo* adds to the resale price of a car.

Have you sampled this driving sensation?

There's no time like the present for discovering the thrills that more than a million Buick owners already know.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III, Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office...

No. 29, the same shall hereafter be construed as One Hundred Million Dollars (\$100,000,000), or as said Act may be hereafter amended, or by other laws that the Legislature may hereafter enact...

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various teaching funds, the Permanent University Funds, and the Permanent School Funds...

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, owned by the United States, or any governmental agency thereof...

"All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans' Land Fund...

quent to 1945, as may be included within this program by legislative act, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans' Land Board from the sale of lands and for interest on deferred payments, shall be credited to the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945...

"The Veterans' Land Board shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State, owned by the United States, or any governmental agency thereof...

"The lands of the Veterans' Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945...

Comptroller of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute obligations of the State under the Constitution of Texas. Of the total One Hundred Million Dollars (\$100,000,000) of bonds herein authorized, the sum of Twenty-five Million Dollars (\$25,000,000) has heretofore been issued...

"FOR the constitutional amendment amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon (or in counties using voting machines, the said machines shall provide) the following:

"FOR the Amendment to Section 48-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

"AGAINST the Amendment to Section 48-b, Constitution of Texas, for increasing Veterans' Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II, and to Texas Veterans of service in the armed forces of the United States of America subsequent to 1945."

"If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the proclamation of such result and the Governor's proclamation thereof."

SENATE JOINT RESOLUTION No. 8 proposing an Amendment to Section 48-d of Article III of the Constitution of the State of Texas, authorizing the Legislature to provide for the creation and establishment of rural fire prevention districts so as to provide that the Legislature may authorize an ad valorem tax not to exceed Fifty (50c) Cents on the One Hundred (\$100.00) Dollars valuation...

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 48-d of Article III of the Constitution of the State of Texas be amended to read as follows: "Sec. 48-d. The Legislature shall have the power to provide for the establishment and creation of rural fire prevention districts and to authorize a tax on the ad valorem property situated in said districts not to exceed Fifty (50c) Cents on the One Hundred (\$100.00) Dollars valuation for the support thereof; provided that no tax shall be levied in support of said districts until approved by vote of the people residing therein."

HOUSE JOINT RESOLUTION No. 37 proposing an Amendment to Article VII of the Constitution of the State of Texas by adding a new section after Section 11 thereof to be designated as Section 11a, providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution of the State of Texas...

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article VII of the Constitution of the State of Texas shall be amended by adding after Section 11 thereof a new section to be designated Section 11a, which shall read as follows: "Section 11a. In addition to the bonds now enumerated in Section 11 of Article VII of the Constitution of the State of Texas, the Permanent University Fund may be invested in such other securities, including bonds, preferred stocks and common stocks, as the Board of Regents of the University of Texas may deem to be proper investment for said fund; provided, however, that not more than fifty per cent (50%) of the said fund shall be invested in any one (1) corporation, nor shall more than one per cent (1%) of the said fund be invested in securities issued by any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors. This amendment shall be self-enacting."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, 1951, at which election all ballots shall have printed thereon: "FOR the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution;" and "AGAINST the Constitutional Amendment providing for the investment of the Permanent University Fund in additional securities to those now enumerated in Section 11 of Article VII of the Constitution."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such Amendment shall be paid out of the proper appropriation made by law.

Field Representative Named For Texas Farm Bureau Federation

O. K. Hoyle of Seymour has been named field representative for the Texas Farm Bureau Federation and will serve 36 counties in this area, it has been announced by Lee Shaller, president of the Donley County Farm Bureau. Donley County will be included in Hoyle's district.

In announcing the fieldman's assignment to this area, Lee Shaller said he would be able to give Donley County needed assistance in organization work and program and planning activities throughout the year, which will expedite the Farm Bureau program in this county and area. Hoyle assumed duties July 1 and will meet with boards of directors in the 36 counties of his area during the month.

Marvin Carter, director of organization for Texas Farm Bureau Federation, in assigning Hoyle to this area, stated that the organization was adding four additional fieldmen to its staff this month. The state will be divided into seven areas. Hoyle's territory has 29 organized counties, with a membership last year of 8,641 members.

Donley County farmers and others interested in agriculture will be given an opportunity to express themselves regarding our present farm program and how it can be improved.
The Secretary of Agriculture has asked the County Mobilization Committees all over the country to gather the thinking of agricultural people and report back to him. The Secretary is especially interested in finding out how well our farm agencies are serving family farmers and what changes in them should be made to better help the farm families produce the needed food and fiber for years to come.
Under the direction of the Mobilization Committee a county-wide meeting is scheduled to be held in the county courtroom Friday, September 7, at 7:30 P.M. All farmers and their families, business and professional people, and others interested are encouraged to attend and be prepared to give their opinions on this subject which is so vital to all.
Prior to this meeting at least five community meetings will be held throughout the county for those who are not already familiar with how the local agricultural agencies operate at present. Farmers will be advised by their community committeemen the time and place for these meetings. A representative from each agricultural agency will be present to discuss and answer questions regarding his own office. These will be James Gouddy, Farmers Home Administration, H. M. Breedlove, County Agent, Mildred Ritter, Production and

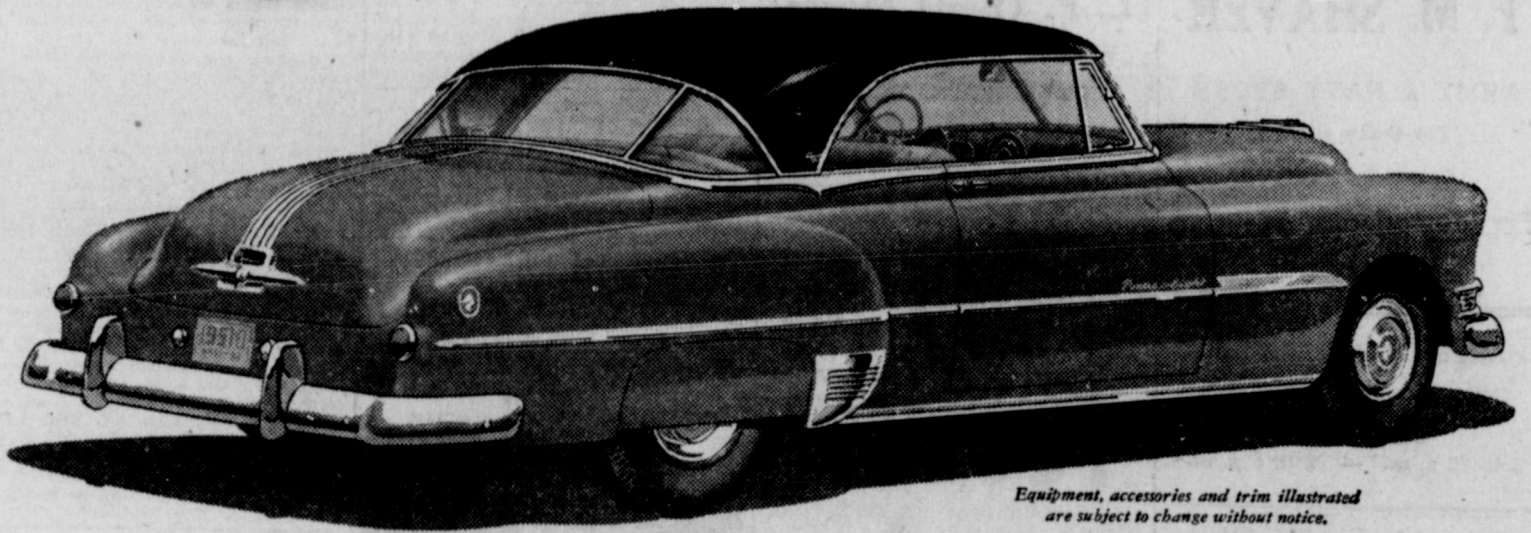

Marketing Administration, and Carman Rhode, Soil Conservation Service.
The Donley County Mobilization Committee consists of the Supervisors of the Donley County
Soil Conservation District: J. R. Porter, C. E. Bairfield, Joe Tollett, W. P. Doherty, T. C. D'Spain;
the PMA Committee: Pink Marshall, James Smith, Wilson Gray; and the heads of the local farm

can't feed a city ...

it takes hundreds!

It's that way in the natural gas business, too.

We can not depend on one or two gas fields to supply all the gas required by our customers. Right now we are producing or purchasing gas in more than 200 fields in Texas, Louisiana and Mississippi.

These present sources of supply, together with an aggressive program of adding new fields to our system through purchases of gas and through exploration and drilling, give assurance of dependable natural gas service far into the future.
