Confess Basketball "Fix"

CHICAGO—Two All-America star basketball players from the University of Kentucky, Alex Groza (left) and Ralph Beard, admit accepting bribes from gamblers to hold down the scores of 1948-49 games. They were arrested watching Rochester Royals beat All-Stars 76 to 70 at annual charity classic. A former teammate, Dale Barnstable, also confessed part in plot, police say.

BRONCHOS TO MEET PIRATES AT LEFORS FRIDAY NIGHT

The Clarendon High School Bronchos will journey away from home again Friday night to meet the Pirates, of Lefors in another conference game on the Pirates home field.

The Bronchos have been drilling hard for the game as the Pirates are a hard bunch to handle year in and year out and especially this year since they defeated Panhandle, a team that defeated the Bronchos here in a downpour of rain October 5th. The Pirates are unpredictable and show lots of power when least expected. In view of all this, the Bronchos have a very good chance to win the game, for they have shown plenty of power in previous games but have had difficulty in their consistency. If they play the game as they should they have a mighty good chance to win, was the comment of Coach Tom Harrell.

A very good crowd of fans accompanied the Bronchos to McLean last Friday night and the boys are looking forward to the same type of support again this week. They have more incentive to play harder when their home fans are in the stands backing them all the way.

STRICKEN WITH HEART ATTACK

Bert Smith was stricken with a heart attack about 12:30 Friday afternoon and remains ill at his home. Though improving, he is not allowed visitors at this time.

Glenn Hoggatt made a business trip to Wichita Falls Friday.

BRONCHO MOTHERS TO SPONSOR BAKE SALE

The Broncho Mothers Club is sponsoring a Bake Sale this coming Saturday at the Clarendon Electric. The large assortment of items to be offered will be on sale from 9 a. m. to 1 p. m. and everyone is urged to come by and purchase their baking needs for the week end. Proceeds from the sale will go toward the football banquet which will be held in the near future.

Colts To Play Lefors Juniors Here Tonight

The Jr. High Colts will play their final scheduled game here tonight against the Jr. High team from Lefors. Game time has been set for 7:30 at Broncho stadium.

Coach Brown reports the Colts in good condition after being idle last week. Their spirit is high and they will be in there to win the game if at all possible, he added.

The Colts have dropped their last two games and are expecting plenty of competition when they tangle with the visitors tonight. At any rate, the Colts are real scrappers and if they don't have to much weight to buck they can hold their own mighty well.

Make your plans to drive up tonight and see these boys in action as this will probably be their last game. The admission is 25 and 15 cents.

"Christmas is nearer than we think" has been brought home to several members of the Retail Promotions Committee of the Chamber of Commerce this week as they formulated plans for this year's CHRISTMAS IN CLARENDON.

Advance preliminary planning by some of the committee members call for additional Christmas lights to those of last year. An invitation has been sent to Santa Claus to have him be in Clarendon every Saturday from December 1st to Christmas and also on Christmas Eve.

Lighting and decorating contests for residences and commercial windows and building fronts, with cash prizes for the winners, are also being considered. Bob Moss was appointed by President Frank Phelan, Jr., to chairman the special lighting committee.

The Retail Promotions Committee is co-chaired by Bill Todd and Howard Stewart. Other members are Holly Herron, Earl Hodnett, Loyd Risley, Roy Bartlett, Homer Thomas, George Schollenberger, Edwin Woody, Wayne McElroy, W. E. Clifford, Early M. Lane, Jack Brooks, S. D. Saied, George Thompson, William Payne, Chester Vaughn, W. W. Sandifer, George Terry and Glenn Hoggatt. Ray Crawford will be master of ceremonies and will present several dance numbers featuring Inelle Cox, Willetta Riney, Sandra Shelton and Glenn Wallace, students of the Thelma Davis School of Dance, accompanied at the piano by Roy Lee Brown. Rebecca King will play a violin solo and the Boys Quartet will sing two numbers. In conclusion, Clyde Hudson will sing "The Lord's Prayer."

Others assisting in the program are Mrs. Glenn Hoggatt who is in charge of decorations and Mrs. Frank Phelan, Sr., a co-chairman. Price of admission will be 15c for children and 35c for adults.

METHODIST YOUTH BACK STEWARDSHIP PROGRAM

The youth of the local Methodist Church have become aware of the Stewardship program now under way. They have met to consider ways in which they may help to answer the call that has come to the Methodist of the Clarendon area. They feel they can help through offering their efforts for service projects, through more regular attendance at the church services, and through increased giving.

Inelle Cox, Glenda Sue Davis, Bobby Corcoran, and Sidney Muse are sending letters to the youth and children of the church encouraging their cooperation in contributing to the success of the stewardship effort.

The weather has been acting up a bit the past few days with a tinge of winter beginning to show more and more each day. The first snow of the season was reported here Monday morning when Fed McAnear reported a light flurry of snow flakes while he was driving near the G. W. Tims place west of town. A thin layer of frosty ice was noticeable on car tops Wednesday morning but frost damage near the ground didn't amount to very much. A trace of moisture was recorded Monday.

H. B. Hill made a business trip to Carey Tuesday last.

Games of Bingo will be in charge of the Junior High School grades.

Watchmen will be on duty to see that no damage is done to cars. Come early and help your children enjoy a safe Halloween!

World Community Day November 2nd

The United Council of Church Women will meet at the Methodist Church Friday, November 2nd, in observance of World Community Day. Members are asked to bring warm clothing for children ranging in size from infants to sixteen years. This clothing will be sent to Korea to clothe the war orphans. Our responsibility is great; thousands of children are homeless and have lost both parents. Our boys over there are trying to care for these unfortunates—let us at least help them in their great task.

Our other project for this Community Day was the collection of good used blankets; the proceeds from the sale of the blankets to be used in our Scholarship Fund for training foreign students. The migrant workers in this area are much in need of bedding and in talking with our District President, Mrs. James Farwell, she suggested if we have any good used quilts or blankets, we give them to our women who are conducting the rummage sales—the money realized from the sales of these in this way could then be turned into the Student Fund.

Also, please remember to bring your leprosy "pig" banks. It has been several months since we have had a Church Council meeting. An election of officers will be held at this meeting; please come and bring a friend with you.

GEORGE JASON

"George Jason will be here Sunday afternoon at 2:30 o'clock in the High School Auditorium

as the first presentation of the season", Mrs. Frank Phelan, Sr., President of the Donley County Mutual Concert Association announced today. "Jason's appearance is the first of five performances that have been arranged by the DCMCA this year. Other presentations are Lucille Manners on December 3rd; Virginia Sale on February 18th and the Dream Dusters on March 26th. We will announce the date of a fifth at a later time" she said.
 George Jason, a Russian from the same part of the Russian Caucasus as Joe Stalin, The Red Bear, left there thirty years ago knowing that he and Joe could never live in the same domain. Today, Jason is one of the best beloved entertainers in America, and also holds the distinction of being a College Professor and an electrical engineer. He has appeared in many noted plays on the Broadway stage and is a lead-

ing television star. This fall, in cooperation with the Southern Town Hall Association of Dallas, he is making a concert tour through the southwest. The DCMCA is indeed fortunate in being able to present such a noted entertainer in Clarendon.
 He is billed as a one-man vaudeville show, combining his music at the piano, his original mirth and humor with the magic of his Orient in an entertaining manner to delight the entire family. During the current season he has met with overwhelming acceptance by his audiences everywhere.

Gabie Betts Burton Library Notes

By May L. Prewitt

For the adults this week we have two gifts—"Mr. Jones, Meet the Master" by Peter Marshall. This book is a compiled edition of his sermons and prayers. He was the beloved Chaplain of the Senate, and died at the age of forty-six. Another gift is Ernest Wallace's biography of Charles De Morse—Pioneer Editor and statesman who died a half century ago. The book publication was made possible by a grant from the Texas Technological College Research funds, supplemented by the Texas Historical Association. Our romance for the week is "Renny's Daughter" by Mazo De La Roche. This is the story of Renny's fight to preserve Jalna. Quite a few have read this series. There is usually one pub-

lished about every eighteen months.

The Pathfinder Club sent us their contribution for the year. This is certainly appreciated as our funds are quite limited and with their sponsorship, and that of Mother's Club we are indeed elated.

Our membership list is increasing but we could supply more readers. Magazine readers will find a very enjoyable list here.

Guests in the home of Mr. and Mrs. Owen Pyeatt and family Sunday were Mr. and Mrs. Benjie Pyeatt and Kathie, Mrs. William Curtis, Gwynetha and Margaret Ann, and Mrs. Joe Nell Pyeatt and baby, all of Amarillo.

ROOST SPREAD

Get the LICE and Get MORE EGGS

Lice and Mites are two of your chickens worst enemies. They keep your birds awake at night and continually trouble them during the day. Here is an easy, labor-saving and economical method of destroying these strength sapping and profit-taking parasites. Use Russell's BHC. Roost Spread. It is a new improved product that easily gasifies from the heat of the bird's body when roosting and works up through the feathers reaching all the body lice and feather mites. Just a narrow 1/4 inch strip painted on the top of each roost pole with an oil can or brush does the job. Russell's BHC. Roost Spread comes in 4 sizes: 8 ozs., 75c; 16 ozs., \$1.50; 32 ozs., \$2.25; gallons, \$7.50.

Lindburg-Thompson

An elaborate arrangement of greenery, tapers and fuji with white chrysanthemums was featured about the fireplace of the lounge at Glen Echo Country Club in St. Louis, Missouri, Saturday afternoon, October 20th, for the marriage of Miss Dorothy Jean Lindburg and Louis Ernest Thompson II. The Rev. Dr. R. Calvin Dobson performed the ceremony, after which guests remained for a dinner reception.

The bride, daughter of Mrs. Bucher Lindburg of Oakland, Calif. and Arthur R. Lindburg of St. Louis, wore a ballerina length dress of chantilly lace over satin with a Queen Anne collar and three-quarter length sleeves. Two bands, one of lace over satin and the other of pearls and orange blossoms were used to fasten her short fingertip veil of illusion. Her bouquet was made up of large white orchids, moth orchids and lilies of the valley.

Attendants of the bride were Mrs. Earl C. Lindburg, Mrs. Arthur Clinton Lindburg, and Miss Joan Thompson. Frederick James Copeland, Jr. attended the groom. Ushers were Robert Murphy and Malcolm M. Alexander, Jr.

Following the ceremony, the reception was held with the receiving line formed in the hall in front of a background of wood-wardia fern. The staircase was entwined with greenery.

The bridal table placed in the main dining room featured a silver and crystal epergne filled with lilies of the valley, gardenias, roses and chrysanthemums. Silver wine coolers filled with white chrysanthemums and silver candelabra decorated the buffet table, and pink roses and carnations and white chrysanthemums and gardenias centered individual tables.

After a honeymoon in Bermuda, the couple will live in Manhasset Village.

NO QUOTAS OR ACREAGE ALLOTMENTS ON 1952 COTTON

Secretary of Agriculture Charles F. Brannan announced this week that there will be no marketing quotas on upland or extra long staple cotton produced in 1952.

Commenting on the announcement, Secretary Brannan said: "Although cotton producers responded admirably to the Department's request for increased cotton production in 1951, we currently find ourselves not only considerably short of a quota position on cotton but also with a potential carry-over considerably below a desirable level for these times. The situation is clearly not one that calls for either marketing quotas or acreage allotments."

Under provisions of the Agricultural Adjustment Act of 1938, as amended, the Secretary is required to proclaim a national marketing quota by October 15 whenever he determines that the

total supply of cotton for the marketing year which begins in that calendar year will exceed the "normal" supply. In the case of extra long staple cotton, a proclamation is required whenever the total supply exceeds the "normal" supply by more than 8 per cent. The "normal" supply, as defined by the Act, is the estimated domestic consumption and exports during the marketing year plus a carry-over allowance of 30 per cent.

The latest available statistics of the Federal Government indicate that the "total" supply of upland cotton does not exceed the "normal" supply, and the "total" supply of extra long staple cotton does not exceed the "normal" supply plus 9 per cent. Therefore, marketing quotas are not required on the crops to be produced in 1952.

The total supply of upland (short staple) cotton for the 1951-52 marketing year is 18,953,000 running bales. This includes a carry-over of 2,106,000 bales on August 1, 1951; indicated 1951 production of 16,737,000 bales; and estimated imports of 110,000 bales.

The calculated "normal" supply of upland cotton for the 1951-52 marketing year is 20,852,000 bales, including estimated domestic consumption of 10,040,000 bales; estimated exports of 6,000,000 bales; and the 30 per cent allowance for carry-over, 4,812,000 bales.

The total supply of extra long staple cotton (carry-over, indicated 1951 production and estimated imports) for the 1951-52 marketing year is about 207,000 bales. This figure does not include extra long staple cotton of foreign growths for stockpile purposes. The "normal" supply is 208,000 bales (estimated domestic

consumption and exports during the 1951-52 marketing year, and the 30 per cent allowance for carry-over). Since the total supply of extra long staple cotton is less than 108 per cent of the "normal" supply, quotas are not required.

Under provisions of law, the acreage planted to cotton in 1952 will be considered as a part of the base acreage in establishing future cotton acreage allotments.

News From The Office of Price Stabilization

LUBBOCK—The approach of winter, a recent norther and the rush of motorists to prepare their cars for cold weather brought the reminder from the Lubbock District Office of Price Stabilization that the ceiling prices of antifreeze must be posted by all retailers.

W. O. Daniels, chief of the fuels and chemicals section of the Lubbock district OPS, said the ceiling prices of antifreeze are:

Type S, one gallon or more, per gallon \$1.50; less than one gallon, 40 cents per quart. Type SC is volatile antifreeze containing one or a combination of the following: synthetic methanol, synthetic ethanol, synthetic isopropanol and similar synthetic alcohols, except type SC.

Type SC, one gallon or more, per gallon \$1.40; less than one gallon, 35 cents per quart. Type SC is diluted synthetic methanol product containing more than 3 per cent water by volume.

Type P, one gallon or more, \$3.75 per gallon; less than one gallon, \$1.00 per quart. Type P is permanent antifreeze consisting principally of glycol compounds.

Quoting the regulation, Daniels said sellers of antifreeze "must post your ceiling price for each type and brand of antifreeze which you sell where it can be plainly seen and read by the buying public. This must be marked 'OPS Ceiling Price \$' (fill in with correct price) and may be posted on the shelf, bin or rack where your antifreeze is kept."

The regulations also requires sellers of antifreeze for a period of two years to keep records of all purchases, showing date of purchase, name and address of supplier, quantity, and type of antifreeze bought and the price paid.

The Stewardship campaign of the Methodist Church is moving forward in its educational phase under the enthusiastic leadership of the general chairman, Frank Phelan Jr., and the associate chairmen, H. M. Breedlove, Lynn Payne, Mrs. Fred Buntin, Pheobe Ann Buntin, and Mrs. C. W. Bennett. Church families have received a letter written by J. R.

Porter, chairman of the Board of Stewards, announcing the campaign. Homer Estlack has written a letter which has acquainted the membership with the Stewardship plan. This week Methodists are becoming aware of the needs of their church through a letter from Frank Phelan Jr., who in addition to serving as general chairman is also treasurer of the

church. The sixteen committees who at present are giving their attention to the stewardship program feel increasingly that the Methodist Church offers a place where people can serve in a useful way, no matter how limited one may be in time and talent.

Mr. and Mrs. Joe Johnston was in Amarillo Tuesday. They visited with the daughter and new baby.

Folks, we are sorry that we have been unable to give the Midway news the past week. But it was due to unavoidable circumstances. This week the main telephone line is out, so not much news can be collected. Please bear with us. We do our best. How about you sending in some news.

Attendance Passes 94,000 For The Year At Palo Duro Park

CANYON—Attendance at Palo Duro State Park, the World's Most Colorful Canyon, passed 94,000 for the year recently. Park officials declare that record breaking summer attendance has regained 20,000 attendance lost during last winter and spring against weather and flood handicaps.

Indications are that the attendance of 110,050 registered at the park in 1950 will be topped by a substantial figure. Completion of the paved road into the Canyon plus other factors should bring the attendance close to 125,000 for 1951, park officials believe.

All facilities at the park remain open throughout the Win-

ter and the Autumn colors in the Canyon in October, November, and December are especially attractive to color camera enthusiasts. An added attraction soon will be the annual migration of the Western bluebirds into the park. Thousands of these bluebirds spent the Winter in Palo Duro Canyon. The brownish red berries on the cedars are a special delicacy for the bluebirds during the winter months.

Sunday dinner guests in the home of Mrs. J. D. Wood and Evelyn Jean were Mr. and Mrs. C. W. Wood of Lubbock, Mr. and Mrs. Buck Roberts and Charles, Don Moore, and Mr. and Mrs. W. E. Hodges.

L. N. Smith who has been ill the past week is reported to be improving and hopes to be up and around again in a few days.

From where I sit ... by Joe Marsh

Guess They Felt Pretty "Sheepish"

My wife and I went to Central City Saturday for the football game and it was a top-notch. But I began to wonder if it was worth the trouble when we got in a traffic jam coming home. Traffic makes me mighty impatient. When I came to a side road that seemed to point towards the main highway, I turned onto it. This road bumps along for maybe a mile, then fetches up short by the railroad—a dead end. So, I turned around and darned if there weren't twenty cars behind me! One driver had followed

—figuring I knew a short cut—then a whole string of them swung after him, like sheep. From where I sit, there's no sense in just "following along." Whether it's chousing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

victors. They were leading 14-0 at the end of the half but McLean came back with two touchdowns to almost even the score in the last of the third and first part of the fourth. They failed on their extra point after the second tally which gave the Branches only a 1 point margin. The Branches revived their spirit in face of numerous penalties and increased their margin another 7 points shortly before the end of the game.

The first quarter went into the books scoreless. The Branches brought their first blood early in the second quarter after Mooming intercepted a pass on the McLean 30 yard line and returned it to his own 48 yard line. Several plays later Mooming took a pass from the 1 yard line for the counter. Myers plunged for the extra. A short time later Loffew plunged over from the 1 yard line for the second touchdown and plunged for his extra. Hearn scored the third touchdown, carrying the margin over from the 15 yard line. Loffew plunged for the extra.

The Branches would have scored again in the third quarter when Mooming raced 48 yards over the goal stripe only to have it called back and be penalized.

Notes from ... CITY HALL

We note that double parking on down town streets is becoming more of a problem. It has been slowing down traffic, especially in the Post Office, libek. Some double park and leave their vehicle without any driver. Our city traffic rules and regulations forbid any double parking on down town business streets and we are asking for more cooperation in complying with our city traffic rules.

Halloween will be next week and we know our youngsters are looking forward to this being another grand occasion for them and we hope it comes up to their expectations. This can be done without harm to person or destruction to property if our youngsters resort to only good clean fun. We want to congratulate them for the way they conducted themselves last Halloween night and we feel it can and will be repeated in the same way this coming Halloween next Wednesday night.

Thanks,
Mayor Hudson Mayer

NOT For Sale

There are no markets in the world where even the richest can buy health. It is not on the stock exchange; it is not found any where for sale. Nothing is more precious, yet it is practically in the reach of all. Your spine is the index to your health.

Frequently, patients will ask their chiropractor a question like the following: "I know, doctor, that I now enjoy better health than ever before in my life, and I think it's wonderful that my headaches and nervousness have disappeared entirely, but I have a friend who suffers with heart trouble, and I am wondering whether Chiropractic could correct that kind of a condition."

The answer, of course, is that Chiropractic is not limited as a health service to any particular type of ailment or kind of sickness. It is comprehensive in its scope. Some of the many ailments and kinds of bodily disease for which Chiropractic has established an impressive record of success in restoring health are:

- Arthritis, Appendicitis, asthma, bronchitis, child ailments, St. Vitus' dance, colitis, constipation, eye troubles, gall stones, diabetes, hay fever, headaches, heart trouble, high blood pressure, infantile paralysis, kidney trouble, liver trouble, lumbago, neuritis, rheumatism, sciatica, skin eruptions, gaiter, spinal curvatures, stomach trouble, tonsillitis.

Donley County Soil Conservation District News

Landowners throughout the Clarendon area will be interested in the announcement by the Association of Texas Soil Conservation District Supervisors that a new publication, "Soil and Water", will be launched the latter part of December, designed to help further the conservation of land through the far-flung soil conservation district program which now covers 95 percent of the entire state.

The Clarendon area is in the Donley County Soil Conservation District, served by SCS technicians with headquarters in Clarendon.

The publication is being sponsored by farmers and ranchers who are members of soil conservation districts, which now cover 142,327,400 acres in Texas. Its purpose will be simply to help solidify the efforts of these 100,000 far-seeing landowners toward a permanent land usage program which will keep Texas soil productive from now on, Clayton Puckett, president of the association and a landowner and active rancher at Ft. Stockton, said.

"Soil and Water" will be published monthly, starting the latter part of December, and will contain upwards of 50 pages devoted to all phases of the district program, which includes conservation of soil, water, range, timber and wildlife.

Editorial offices will be maintained in the Wilson Building in Temple where the Association of

Texas Soil Conservation District Supervisors has its headquarters. John B. Cole, executive director of the association, will serve as editor. He was formerly with the Texas State Soil Conservation Board and has had wide experience in agricultural and conservation work.

Louis Reid, native of Fort Worth, is managing editor. His experience includes publishing a community newspaper in Fort Worth, reporter for the Fort Worth Star-Telegram and Fort Worth Press. He is a graduate of the University of Missouri.

H. B. Fox of Taylor, will serve as a contributing editor. He writes for Collier's magazine and numerous Texas papers.

Ernest Lee Ludwick of Dallas is advertising manager. Ludwick is an experienced advertising man, attended school at UCLA and was a photo pilot in the Navy for five years during the war.

Dorothy Mahler of Temple, formerly with the Temple Telegram, will be circulation manager.

"While the magazine is designed for landowning members of the soil conservation districts of the state, it will be of interest to business and professional people and others interested in Texas' foremost resources, its land, and frankly we invite all to become subscribers," Cole said. "The price \$3.00 a year." The magazine will be a non-profit enterprise devoted to conservation of our agricultural natural resources, he added.

Legion Convention At Childress Oct. 27 & 28

CHILDRESS — State Legion Commander Charlie Gibson of Amarillo will be honored by 750 Legionnaires of his home district

when they meet here Saturday and Sunday, October 27 and 28, for the "Charlie Gibson Homecoming Convention."

District Commander Rhea Smith of Amarillo said that the annual fall convention of the 45 American Legion Posts of the 18th Congressional District will be dedicated to Gibson, the first World War I veteran to head the organization in several years. Smith, who succeeded Gibson as district commander, said that Legionnaires from New Mexico and throughout Texas will join in the tribute to the new state commander.

In his address to his homecoming convention, Gibson is expected to make an appeal to the voting public for approval of the proposed constitutional amendment which would add \$75 million to the Veterans Land Program fund. Gibson will leave for Henderson immediately after the

convention to continue his stumping tour of 28 East Texas towns, speaking for enactment of the new law under which Korean War veterans and World War II veterans may buy farms and ranches at low interest rates over a long period of time. The amendment will be voted on November 13.

And did Gov. Shivers tell off those L-O-Y-A-L Democrats? Did he ever tell them who they were loyal to. The "Guv's" stock went up about 90 points in my book over that. Anyway, he said they were True Trumancrats, which is a mild statement of facts. If there ever was a country sold down the river by the party of its heart, it has been the solid South. We had just as well say that our grandfather was a striped skunk and that he had the same kind of odor as to say that our grandfather was the same as the modern day L O Y A L Democrat!

Heard about an author who is writing a book entitled, "How To Be Right Or, How To Be More Like Me."

From Wes Izzard's Column: Patrick Henry said, "Give me liberty or give me death; most of his descendants just say Gimme".

A lot of folks are waking up and wanting to know who our state representatives are after this whirlwind of nuisance laws were passed this year while we were asleep. In regard to the one making the farmer carry his refund exemption certificate away from the wholesale place of business; we have it on pretty good authority that the reason for this was that the folks in the Comptroller office who helped write this bill did so with the hope in mind that a number of the exemption certificates would be lost by the farmers as most of them would be on the way to the field. Such logic. If we have this coming I can't see why they continue to begrudge us our due.

Rep. Rogers says in effect that enough could be trimmed from the years budget so that the present tax increase would not be needed. He should know, but of course we will get the increase True to Trumancrat Principles.

Another of the nuisance laws passed by the state legislature

this year is one requiring that when a car from out of state is registered for the first time in Texas they must pay \$15.00 for the privilege of getting a license. This is supposed to be because of our state car sales tax. However they may have just paid a similar tax in the other state. And we have always invited folks to come to Texas. Old Big-hearted Texas.

Enough politics, now for some old jokes: No. 9341 Attended your church, the parson cries,

To church each fair one goes; The old go there to close their eyes. The young to eye their clothes.

Some people can buy a good concern and before long wake up to find that it's gone.

A little jack can lift a car, but it takes a lot of it to keep one going these days.

There are two reasons why folks don't mind their own business; either they don't have any mind or they don't have any

business.

Few of us stop to value the worth of our friends until we find ourselves heartsick and in trouble and here they come to cheer us and comfort us. When trouble does come all the money in the world does not equal a sympathetic heart to walk with us through the valley. Many of us fear to visit the sick and worried for fear we will say the wrong thing or fail to think of anything to say, but this never happens. The ones in grief are always receptive to our desire to help and if all we can do is stand a moment with them we will always find that their hearts are cheered and something beautiful and warm and Christ-like is kindled in our hearts, too. Every time we visit someone who is sick, we find ourselves resolved in our hearts to do more and more of it, but so often we forget.

His wife said he hadn't any business kissing any woman but her, and he agreed. However, he said he felt there was a lot of difference between business and pleasure.
