## SATURDAY IS AMERICAN LEGION DAY IN CLARENDON

### Bronchos To Play Pampa Guerillas' "B" Team Here Friday Night

The Clarendon Bronchos will meet the Pampa Guerillas' "B" Team in a game here at Broncho Stadium Friday night at 8 o'clock. The Bronchos won over Claude here last Friday night 18-0 and are looking forward to adding another win to their record tomorrow night. Coaches Moore and Spann were pleased with the way the boys played against Claude but are expecting more improvement with each game played.

The probable starting line-up for the Bronchos will be Ronny Martin, Fred Clifford, Bobby Phillee, Glenn Wallace, Hubert Kidd, Howard Hensley, Jimmy Lamberth, Delma Graham, Bobby Wilson, Don Landers, David Lane, Broadus Spivey, Bill Dale Hill, Bobby Johnson, Max Johnson and Bobby Cosper.

The probable starting line-up for the Guerillas will be David Mullins, Charles Watson, Clint Stewart, Johnny Claunch, Jerry Dunn, Jerry Ballew, Jerry Dickerson, Don Jordan, Bob Weaver, Tommy Richardson, Arnold Diggs, Rex Fenton, Joe Cook and Mike Hawkins.

The Bronchos need the support of all you football fans. Be up there Friday night and make enough noise in the stands so they can tell you are backing them all the way.

School officials wish to thank everyone for their assistance in helping man the gates, sell tickets and any other help in any way.

### Concert Membership Drive Next Week

The Donley County Mutual Concert Association will hold the annual membership drive next week. Mrs. Leora Craig representing Southern Town Hall, Dallas, will be in Clarendon all week directing the work. The president of the association, H. M. Breedlove, the group captains and their workers will try to contact the people of the town and surrounding country by Friday evening. Headquarters for Mrs. Craig and the workers will be at Skelton's Clothing Store.

Among the fine programs the association is presenting this winter will be the lecture recital of a Sarcee-Blackfoot Indian, Charles Eagle-Plume. A graduate of the University of Colorado, he is perhaps the greatest of all the interpreters of Indian lore, life and culture. He demonstrates the different dances of the various tribes and tells their meanings. He sings their primitive songs, tells about the musical scale and its value to modern composers. He is a keen humorist, a captivating speaker and one of America's foremost Indian dancers.

A meeting of all captains and their workers will be held on Monday evening the 28th at the Legion Hall at 8:00 P. M., and everyone is urged to be present to hear Mrs. Craig explain the program for the concert year.

### Donley County Has Agriculture Exhibit At Tri-State Fair

Donley County has an agriculture exhibit at the Tri-State Fair in Amarillo set up by County Agent H. M. Breedlove.

The exhibit consists of thirty-one commodities and the different products were judged on last Monday. Donley County won eight first places and seven second places, four thirds and two fourths out of the thirty-one commodities. These commodities were shown against both dry land and irrigated sections of Texas, Colorado and New Mexico. Even in a dry year old Donley can still turn out some good crops.

### Hedley Cotton Festival Promises Plenty Entertainment

The second annual Donley County Cotton Festival, October 9th-10, will be larger and better than last year, it was announced this week. A number of added features are being planned and have promised to be present. Indications are that the crowd will be larger and everyone is invited to come.

Added attractions this year include several Riding Clubs in the Grand Parade at 1 p. m. Saturday, Oct. 10th, the Kwahadi Indian Dancers at 11 a. m. and the Paul Roads Rides from the Thompson Amusement Park at Amarillo.

Last year only one square dance team participated in our entertainment, while this year six have already promised to attend and more are expected.

Starting off with a kickoff breakfast Friday morning in the Lions Den to be followed by an old Fiddlers Contest beginning at 8:30 a. m. and then the kids pet parade at 10:30 a. m. There will be continuous entertainment on Main Street all day and night Friday and Saturday.

Again this year the Lions will serve pancakes and all you can eat for 50 cents at the Lions Den. This was a very popular spot last year and we feel sure it will be this year also.

Saturday's entertainment will include the Kwahadi Indian Dancers at 11 a. m. They will be in the Grand Parade and will appear again in the afternoon. The very popular Tumbling Acts from the Maverick Club of Amarillo will appear Saturday afternoon following the parade.

There will be square dance exhibitions both nights and one of the outstanding features Friday night will be the Queen's Coronation at 8 p. m. in the High School Auditorium and will include some of the best talent of the Panhandle.

Many of the concessions and the Rides will be in operation Thursday, Oct. 8th, while the agricultural and livestock exhibitors will also be getting their exhibits groomed Thursday.

### Services Held Tues. For Former Resident

Funeral services for Mrs. W. R. Phillips, who died at her home in Wellington Saturday, were held Tuesday morning at the Primitive Baptist Church in Wellington with Rev. Floyd Pettman, pastor, officiating. Burial was in the Wellington Cemetery.

Mrs. Phillips, mother of D. B. Koen of Clarendon, died a few minutes after she was stricken with a heart attack. She was 69 years old and had lived most of the last 40 years in Wellington. She lived here at different times during the past few years.

Survivors include her husband and five children by a previous marriage, Austin Koen, Modesto, Calif.; Delton Koen, Clarendon; Lawrence Koen, Minneapolis, Minn.; Alvis Koen, Lafayette, Ind.; and Mrs. Denzil Carraker, Oklahoma City.

### EDUCATION EXTENSION COURSE TO BE OFFERED HERE

A WTSC Extension Course in Education No. 541 will be offered here with Dr. J. D. Roberts of Canyon teaching the course. Classes will be held each Monday night at the College building at 7:30. All interested in taking this course are urged to be present next Monday night.

**MYSTERY FARM NO. 8**—Here is the Leader Mystery Farm of the Air for this week. Rules governing this guessing contest and prizes are as follows: 1st in town and first living and receiving their mail in country to identify the mystery farm will receive a one year subscription to the Leader. The fifth to identify the farm, both town & rural will receive a free ticket to the Mulkey Theatre. The owner or tenant identifying his farm at the Leader office will receive a mounted picture free. Hours for making identification are 8 to 12 and 1 to 5 starting Thursday morning. Last week's Mystery Farm is identified on page Three of this issue through the courtesy of the sponsor, Clarendon Furniture Co.

### Colts And B Team To Play Tonight

The Junior High Colts will play their second game of the season here tonight when they tangle with the Juniors from Spring Creek and the Broncho B Team will play the Lefors B Team here also tonight. The Colts game will start at 6:30 and the B Team game will start at 7:30 giving local fans an opportunity to see a double-header football game in one evening.

The Colts lost their game to Stinnett last Thursday night 7-0. This will mark the first game for the B squad and local fans are anxious to see what brand of football these coming Bronchos have to offer. See both games if you can and give the boys some good backing as a good crowd in the stands gives them more football spirit.

### BEGINNERS BAND TO BE STARTED SATURDAY

J. H. Gain, local band instructor, has announced that the beginners band will be started Monday of next week and that Mr. Richardson will announce exact time and place to report. The beginners band will include students in the Elizabeth Stevens Ward and Junior High. All beginners are reminded to be sure and bring their instruments to school Monday so there will be no delay in getting started.

### Lelia Lake Methodist Church To Observe "Rally Day"

The Methodist Church of Lelia Lake will observe "Rally Day" Sunday, Sept. 27. Services will be held at the usual hour: Sunday School at 10 o'clock and the sermon at 11 o'clock.

There will be dinner at twelve-thirty and an afternoon program starting at 2:30 with old fashioned singing, good speakers and group singing. All visitors are cordially invited to attend and all members are urged to come and bring someone with you to help make the attendance on the day, one of the best.

### Queen Contestants To Appear At Hedley Theatre

The thirty girls who are competing for the 1953 Donley County Cotton Festival Queen will appear on the Stage of the Hedley Theatre tonight. The contest closes Monday night and the winner will reign over the Second Annual Cotton Festival at Hedley, Oct. 9th and 10th.

Miss Wanda Ann Hansard, 1952 Queen and her Court will reign until the 1953 Queen is crowned at the Coronation Ceremony the first night of the Festival, Joe Phillips of Amarillo, Lions Club district Governor is slated to crown the new Queen.

### Only Six Identify Mystery Farm No. 7

There were only six who correctly identified the Leader Mystery Farm of the Air last week, three living in town and three from the rural area. Mrs. J. B. McDaniel was the first on the rural list and Pete Darnell was the first on the city list to identify the farm. Each will receive a year's subscription to the Donley County Leader. Since there were only three on each list, no theatre tickets were awarded as this free gift goes to the persons that are number five on each list.

Those correctly identifying the Mystery Farm on the rural list were Mrs. J. B. McDaniel, Mrs. Coleman Shiple and Mrs. Dub Smith. Those from town making correct identification were Pete Darnell, Mrs. R. C. Jenkins and Mrs. J. W. McCrary.

If you think you can identify the Mystery Farm, call in your guess, for you can never tell just how few know the place and you may be a winner of either the free subscription or the free ticket to the Mulkey Theatre that will be featuring a new panoramic (wide) screen and 3-D equipment soon.

### HEDLEY BOOSTER CARAVAN TO BE HERE OCT. 3

The Hedley Booster Caravan with the High School band and other entertainment will be in Clarendon at 9 a. m. Saturday, October 3rd, advertising the Second Annual Cotton Festival at Hedley, October 9th & 10th. They will also be in Lelia Lake at 8:30 a. m. that morning and Claude at 10 a. m.

### PRESBYTERIAN MEN-OF-THE-CHURCH MEETING

Mr. Henry L. Shoap of McKinney, Texas, President of the Dallas Presbyterian Men's Work, will be the guest speaker for this monthly meeting of the Clarendon Presbyterian Men and their friends. Mr. Shoap will have with him charts showing the complete work of the Men-of-the-Church.

All men of the Presbyterian Church and as many friends as you want to bring to present this Thursday night at 7:30 P. M. for this very important meeting. The food committee says there will be plenty of coffee and pie served after the meeting.

"We'll be looking for all men, both old and young," stated Rev. Cockerell, the pastor.

### Horse Show, Races, Barbecue And Dance To Highlight Entertainment

#### City Acquires New Dump Ground

It has been announced by Mayor Hudson that the City of Clarendon will start using its recently acquired dump grounds on October 1st.

The grounds are located a mile and a half south on the Brice highway and 3/4 mile east. A cattle guard is being erected at the entrance of the grounds and the State Highway Department will erect a sign at the turn off of the Brice Highway directing people to the Dump grounds.

Mayor Hudson states that the old dump ground will be closed after the 1st of October and everyone wishing to dump trash is urged to use the new grounds after this date.

According to minutes of a meeting of City officials on Sept. 5th, the new dump grounds will consist of 80 acres. This 80 acres was purchased from W. M. Pickering at a cost of \$60 per acre and a total cost of \$4,800, one-half payable in cash and the other one-half in two equal installments of \$1,200 each with the note bearing 5% interest. At this same meeting, a contract was awarded to Harlie Gordon to paint the City Hall inside and out with repair to windows included at a cost of \$1500.

#### Bronchos Defeat Mustangs, 18-0

The Bronchos turned the dope bucket up-side down last Friday night when they defeated the Claude Mustangs 18-0 in a hard fought four quarters of football. The Mustangs were picked to win the game by at least 7 points but the pickers failed this time to see the improvement and difference in the Broncho spirit.

The first Broncho score came about mid-way of the first quarter when Max Johnson went over left tackle for 13 yards and the 6 points. The second tally was marked up late in the second quarter when Bill Dale Hill darted thru the line for 15 yards and the touchdown. Max Johnson rounded out the scoring in the third period with another dash from the 13 yard line. The Broncho line was outstanding all through the game allowing the opposition to gain very little and when the Bronchos had the ball they opened up holes right along to let the boys in the backfield zip through. Better downfield blocking on the part of the Bronchos was in evidence, too. The Mustangs offered some strong opposition but they just didn't have what was necessary to move the Bronchos out of their way.

Fletcher Curry received word Wednesday morning that his brother, A. S. Curry, had passed away in Amarillo Wednesday morning.

Saturday morning, September 26th, at 10:00 A. M., Donley County Legion Day will get underway in Clarendon with the opening of the Quarter Horse Show at the Rodeo Grounds. There will be no charge for this show and the people of Clarendon are invited to be on hand at this opening of the American Legion's all-day celebration.

Pat Slavin, Chairman of the Celebration, states that there will be a large number of entries and a lot of visitors here for the show. Two silver trays have been purchased and engraved for the Grand Champion Mare and the Grand Champion Stallion. There will be five classes for mares shown and seven classes of stallions, with cash prizes for 1st, 2nd, and 3rd places in each class.

The horse races will take place Saturday afternoon at 2:00 o'clock. There will be six matched races plus a Kid Pony Race, all on a quarter mile straight-away track with four starting gates. Admission is \$1.00 per person and anyone with a good fast horse is urged to bring it out for this race.

Flip Breedlove says one of Donley County's best prime steers has been butchered for the barbecue at the Lions Club Hall from 6:00 to 8:00 P. M. A \$1.00 ticket will get you a plate of this beef with beans, apricots and all the trimmings that go with a Breedlove Barbecue. Advance tickets are on sale at Thompson's Hardware, Skelton's Clothing, and Lane & McCully Insurance.

If you plan on attending this good feed, stop by one of these places to-day and get your ticket. This fine beef was donated to the Legion by Mr. J. L. McMurtry.

Following the barbecue there will be a dance at the American Legion Hall with music by Curt Marchbanks. This gives you an opportunity to hear one of the Panhandle's finest bands and enjoy yourself with a full evening of good dancing. Admission to the dance will be \$1.00 per person.

#### Services Held Sunday For Pioneer Resident

Funeral services for "Uncle" Hugh Brown were held Sunday afternoon at the First Baptist Church with Rev. J. Perry King of Amarillo officiating. Burial was in Citizens Cemetery.

Mr. Brown, age 96, who had lived in the Panhandle 64 years, died Friday afternoon in an Amarillo hospital where he had been a patient since he suffered a broken hip in a fall about a week ago. He was born in Lebanon, Tenn., and came to Texas in 1880. He was married to Martha Ann Williams of Bedford in 1885. The family homesteaded near what is now Floydada. Later that year they moved to Donley County, and moved to Clarendon in 1901. He married Mrs. Ida Goodson in 1909 and she preceded him in death in 1936. Mr. Brown moved to Amarillo some 12 years ago.

Mr. Brown, known as "Uncle Hugh" here, was a stockman and road contractor until a number of years ago. He was quite active driving his horse and plowing garden plots until moving to Amarillo and enjoyed staying busy, although his age slowed him down some. He had been an active Mason for 59 years and was a member of the Masonic Lodge here. Masonic graveside rites were held at the cemetery.

Survivors include three sons, Loyd Brown, Hugo, Okla.; Floyd Brown, San Bernardino, Calif.; and Hubert Brown, Clarendon; four daughters, Mrs. Adrian Madison and Mrs. F. R. Bush, both of Amarillo; Mrs. Paul Potter, Borger, and Mrs. Marion Reppeto, Fort Worth, and numerous grandchildren and great-grandchildren.

**Child Safety In Traffic Stressed This Month**

"Child safety in traffic is a three-way proposition," Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Adviser for the Gulf Oil Corporation said recently.  
 Col. Tilley was speaking in connection with the child traffic safety program which his group is sponsoring this month in Texas in cooperation with the National Safety Council.  
 "The safety of children on the streets and highways of our nation is dependent on the traffic

attitudes and actions of three groups—parents, motorists, and children themselves," he said.  
 Schools are doing a fine job of teaching safety in the classrooms, from kindergarten on up, Col. Tilley pointed out, and in many cases also are conducting driver education courses which give high school students practical experience behind the wheel.  
 "But if the program to save our children from injury and death in motor vehicle accidents is to be really effective, he said, "it must be carried beyond the classroom."  
 Parents must set a good example to children in their traffic habits, Col. Tilley explained, and must use the authority and discipline of the home to instill in children respect and obedience to traffic safety rules.  
 "Children lack the mature judgment of adults, however," he said, "and even with the best

training, their actions sometimes are unpredictable. So it is up to the motorist to be especially alert near schools and playgrounds, in residential areas—and any place children may be expected to gather."  
 And the children themselves also must do the best they can to walk and play safely, observing the rules they have learned at home and in school, he said.  
 "Child safety can be a reality only if all three groups work to bring it about," he asserted. "That is why special emphasis is being put upon the responsibilities of each by the Texas Safety Association and the National Safety Council this month."

## PATHFINDER CLUB

Members of the Pathfinder Club opened their year's work with the annual President's Dinner, held in Mrs. Bromley's dining room. Hostesses for the evening were Mesdames Ray Palmer, J. W. Murphy, T. M. Caldwell, Jr. and W. S. Greene.

The president's table, laid with a white cloth, was centered with pink carnations arranged in tiers. Blue ribbons extended from the tiers to pink candles in crystal candelabra. Smaller tables were centered with pink carnations in bud vases, guests being seated with place cards.

Following dinner, Miss Mable Mongole, retiring president, opened the meeting with the reading of minutes for two previous meetings, Mrs. T. M. Caldwell, Jr. acting secretary. The club chorus composed of Mesdames Bob Moss, Carl Allmond, I. E. Biggs, Lee Holland, J. H. Howze, J. L. McMurry, Ray Moore, Heckle Stark, and T. M. Caldwell, Jr. entertained with two selections. Mrs. Bill Greene, Sr. gave an interesting review of the Club History.

Mrs. Clyde Hudson, president for the coming year, introduced the following new officers: Vice-president, Mrs. Ray Palmer; Recording Secretary, Mrs. J. R. Porter; Treasurer, Mrs. Carl Allmond; Corresponding Secretary, Mrs. Charlie Seeds; Parliamentarian, Mrs. W. J. Lowe; Federation Counselor, Mrs. T. M. Caldwell, Jr.; Historian, Mrs. J. G. Stewart.

Reports were given by social chairmen who had been appointed by Mrs. Hudson. Mrs. E. P. Shelton corrected year books followed by the latest federation news as given by Mrs. Caldwell. Mrs. Bill Greene, Sr. gave a Safety suggestion. Mrs. Fred Buntin who is chairman on

Americanism suggested that a flag be bought and that the pledge of allegiance be given at each meeting. Mrs. Pete Kunz, chairman on Moral and Spiritual Values, suggested that each meeting be opened by prayer.

Concluding, Mrs. Hudson gave an inspiring talk on the coming year's work, pointing out many members in years past who served the club well, and in her gracious manner, thanked members for the privilege of being president of the club for the ensuing year.

Thirty-eight members attended.

SOCIAL SECURITY NEWS

The opportunity for a wage earner or self-employed person to check on earnings credited to his account under social security is in many instances unrealized or ignored.

A common by-word some years ago was, 'Let's look at the record.' It was used when one issued a challenge to go back to the basic facts on an issue.

Many questions should enter workers' minds, such as, 'Is my work covered? Am I being reported correctly as to name and social security number by my employer?'

To measure effectively your earning progress, LOOK AT YOUR RECORD. It will be important to YOU at retirement

time. It will be important to YOUR FAMILY in the event of your death at any time.

HEALTH NOTES

Texas State Dept. of Health

AUSTIN—It's no fun to have hay fever and sometimes it is serious, says Dr. Geo. W. Cox, State Health Officer. Persons who suffer from hay fever have a miserable time of it.

Hay fever makes a person more susceptible to diseases of the sinuses, throat, and bronchial tubes. Severe cases sometimes are accompanied by asthma.

You probably know that hay fever, like asthma and some forms of skin eruptions, is an allergy. It is caused in the spring by tree pollens, and in early summer by grasses, such as timothy and redtop, from which the name, "hay fever", is derived.

In behalf of the many sufferers from hay fever caused by ragweed pollen, the state health department urges everyone to de-

stroy this troublesome weed growing wild around the premises, before it blooms. You can kill it by spraying it with chemicals, or by cutting and letting it dry and then burning the weeds.

Not only is hay fever a miserable malady, but it can lead to serious infections of the sinuses and bronchial tubes, and because of loss of sleep and appetite, it lowers body resistance to disease germs.

Mr. and Mrs. Dorr Ellis of Eagle Pass were guests from Friday to Monday in the home of his sister and family.

Attorney General Releases List of All Opinions For August

AUSTIN — Attorney General John Ben Shepperd has released a list of all opinions of his office during the month of August.

The Texas Highway Department may accept the certificate of title of another state or temporary registration as evidence of ownership upon which to issue a Texas title.

The Tax Collector or his deputy shall issue a certificate showing the amount of taxes, interest, penalties, and costs due, if any, when requested to do so.

The new small claims courts are a \$2.00 filing fee, and if either party desires a jury, a \$3.00 jury fee.

Teachers who taught the school year of 1952-53, and who teach four more consecutive years may re-deposit money previously withdrawn from the State Teacher's Retirement System and receive credit for prior service and membership service.

A sheriff may only charge mileage for the distance he actually travels in the execution of civil and criminal processes. If he serves a legal paper and then mails it back to the county seat, he may not charge for mileage based on the distance covered by the mail.

In purchasing a right-of-way for a future super highway or expressway, it is necessary to condemn the right of access to the future facility, and condemnation of right of access to the existing highway is not sufficient.

A county may be paid for a witness certificate which has been properly assigned to it, but the state may not pay witness fees which have been assigned to judges, clerks, sheriffs, constables or justices of the peace.

The new method of refunding the evaporation allowance on motor fuel, passed by the last Legislature, becomes effective August 26.

Coin-operated mechanical riding devices, such as hoppy-horses, airplanes and boats used by children are subject to the state tax on coin-operated machines for pleasure purposes.

The new priority system for selling right-of-way property, no longer needed for highways or roads, applies only to abandoned State highway right-of-way transferred from the State Highway Department to the County. It does not apply to abandoned county roads.

Members of the Texas Highway Commission are ex-officio directors of the Texas Turnpike Highway Authority. They are required to execute a surety bond in the sum of \$25,000 before the issuance of any Turnpike bonds.

Shepperd also reported that his office has won 95% of all cases tried since the first of the year. During the month of August 25 cases were won out of 33 tried or appealed.

Marine Private First Class Adonis Hall, son of Mr. and Mrs. Arthur L. Hall, of 119 Commerce, Childress, Texas, recently completed his recruit training at the Marine Corps Recruit Depot, San Diego, California.

He is now undergoing four weeks of individual combat training at Camp Pendleton, Calif.

Upon completion of this advanced training Hall will be assigned to a Marine unit in the U. S. or abroad, or to a technical training school.

Hall graduated from Clarendon High School in Clarendon, prior to his entry into the Marine Corps.

Department Of Agriculture Reorganized

The first day of September marked the beginning of a new era for the Texas Department of Agriculture.

The day was the start of the state fiscal year and the time when the Department of Agriculture initiated its activities as a re-organized and re-vitalized farm agency.

The plan was made possible by House Bill 23, which received approval during the last legislative session. Among other things, it calls for a closer integration of duties in the agency and the elimination of overlapping divisions.

functions under three main heads below the administrative branch. Re-grouping of the divisions was one of the measures specifically requested by department heads. As a result, the agricultural work was sectionalized under the Division of Marketing, Division of Seeds and Division of Horticulture and Plant Quarantine.

The reasons were simple and practical. Lines of authority now were clearly drawn. By doing away with a few high salaried positions, more money became available in the field where new men were badly needed.

But one of the greatest benefits derived from the reorganization was the elimination of a bottleneck which hamstrings most state agencies—the technicality which prevents a field employee of one division from aiding in the work of another division during a rush season or emergency.

This one provision, alone, will be worth many thousands of dollars to the department. And field operations are expected to be much more efficient.

House Bill 23 is a forward step in the long-range plan to put the Department of Agriculture on a smoother operating basis. The re-organization should make a big difference in service in future years.

Miss Johnnie Cobb, Al Miller, and J. E. Johnson of Claude visited with Mr. and Mrs. Monte Wolford after the Clarendon-Claude football game Friday night.

Harold and Al Gerner returned from Austin last week end. Robert Gerner remained at Austin and enrolled in Texas University. Harold reported an interesting time and enjoyed inspecting the State Capitol.

Miss Jean Bulew of Lubbock visited the week end with home-folks.

**Oak Pews Installed In Saint Mary's Catholic Church**

Eighteen solid oak pews with padded kneelers were installed in Saint Mary's Catholic Church this week. The new pews given in memory of Mr. and Mrs. Frank Jupe, pioneer parishioners, replaced old hand-made seats built by the late Mr. Jupe 60 years ago.

The new seating was made possible through the generosity of Mrs. J. J. Diebolt, the former Christine Jupe, of Springfield, Missouri. Other pews were given by Mrs. Odos Caraway, Mrs. Monica Harvey, Charlie Murphy, Mr. and Mrs. Jerome Stocking, and Mr. and Mrs. Mike McCully, local parishioners, and Mrs. John Browder and Bess Browder of Amarillo.

Frank Jupe came to Clarendon with the building of the railroad and was Engine Hostler at the old roundhouse. Although there were numerous Catholics among the first settlers there was no Catholic Church until after Jupe arrived. He was an early benefactor and became chairman of the building committee. During the early '90s he supervised construction of both the church and Saint Mary's Academy.

Today, the Shrine is the oldest Catholic Church in the Panhandle and Saint Mary's Academy, removed to Amarillo 1910, remains the first parochial school established in the region. Before the Church was built missionary priests offered Mass from time to time in various homes and recorded baptisms show Joseph Patrick Dakir the first Catholic child baptized here. The date was June 11, 1889.

Four years ago the old church building was enlarged with a

12 ft. extension and addition of two sacristies. Later the original altar was restored and the Sanctuary decorated with green carpeting and harmonizing altar cloth. Recent landscaping beautified the churchyard.

Father L. Connaughton of Groom is the priest in charge of the Clarendon Mission and offers Mass every Sunday at 9 a. m.

**Eliminate Dead Trees Says County Agent**

Dead trees around the house in town or in the country are a good source for borers to get started says County Agent H. M. Breedlove. A good practice is to eliminate all dead trees around the place and try to protect the good trees. This is true of shade trees and also fruit trees in the orchard. Breedlove says that a good borers control program for fruit trees and shade trees is first to eliminate the dead trees; this helps to get rid of the breeding place for the borers and also makes the place look much better.

Trees that are infested with borers at this time of year should be treated around the base with ethylene dichloride emulsion and then sprayed with a dormant spray of DDT. This gives good control of borers.

A complete spraying and control program will be worked out for all interested if they will call by the county agent's office.

Guests in the J. H. Helton home Sunday were Mr. and Mrs. Forrest Helton, Loyce, Joyce, and Mattie, Frances Helton and Alene Kimmell of Amarillo, Mr. and Mrs. L. T. Mays of Ashtola, also Mrs. Virg Siddle, Jr. and boys of Clarendon.

CHARLES EAGLE PLUME

Among the fine programs the Donley County Mutual Concert Association is presenting this winter will be the lecture recital of a Sarcee-Blackfoot Indian, Charles Eagle-Plume. A graduate of the University of Colorado, he is perhaps the greatest of all the interpreters of Indian lore, life and culture.

Mr. and Mrs. Cecil Cross had as Sunday night visitors their son and family, Mr. and Mrs. Herman Cross and Annette, also a friend, Doris Gibson, all of Amarillo.

Mrs. Alfred Shields and Yvonne and Mrs. Ed Yates and Dewey, Jr., all of Dalhart visited from Thursday to Saturday in the home of their parents, Mr. and Mrs. O. L. Usrey at Lelia Lake.

**DROUGHT EMERGENCY FEED:**

It is the PMA's understanding that the Drought Emergency Feed Program for 126 counties including Donley County is in effect again. This Report comes from Radio and News Articles; however this office has not been notified officially. The PMA Office is preparing letters with the necessary information to each of you who had previously made feed applications. As soon as this office receives the regulations governing this matter you will be notified individually. May we take this time to thank each and every one of you for your past cooperation. With a little patience on your part we will strive to make this program continue to be beneficial to you again. Thanks.

**COTTON REPORT**

You will receive your '53 cotton Report shortly now, if you haven't already done so. If, for any reason, you do not think your reported acreage is correct we invite you to come by the PMA office and we will be happy to correct or adjust your measurements.

**1954 WHEAT SKETCH MAPS**

If you intend to over-plant your allotment for 1954, please come by the County PMA Office and let us make a sketch map of the acreage and plots which you intend to plant for your allotment and also of the plots you intend to plant for erosion control purposes. This MUST be done before the wheat is seeded.

**OLD TIMER RETURNS FOR VISIT HERE**

J. E. Waldo who left Clarendon 55 years ago returned for his first visit Tuesday. His parents operated the first variety store. He had a fine picture of the old false front store with a frontier group seated and standing about. He is now construction engineer for the Austin Company of Cleveland and had just completed a new Fedway store at Albuquerque.

**SERVICES THIS WEEK END AT SARDIS BAPTIST CHURCH**

Bro. John W. Reynolds of Tyler, Texas, pastor of the Sardis Missionary Baptist Church here, will hold services Friday, Saturday and Sunday evenings at 8 p. m. and also Saturday morning at 10 a. m. and Sunday morning at 11 a. m.

For the three evening sermons, Friday, Saturday and Sunday, Bro. Reynolds will preach on "The Second Coming of Christ". The public is cordially invited to attend these services, with a special invitation to the three evening services.

**JAYCEES MEET TONIGHT**

Due to conflicts with other organizations meeting nights, the Clarendon Jaycees have changed the order of their meeting time on Thursdays. Instead of a noon meeting today, they will have a night meeting. The meeting will be held at Mrs. Bromley's House of Fine Foods, and the time will be 8:00 P. M. All Jaycees are urged to attend this meeting.

**NEW SQUARE DANCE CLASS STARTED**

The Tri-State Fair and numerous other activities hampered the beginning of a new Square Dance Class Monday night, so all those desiring to learn how to Square dance may still enroll in the class either Tonight or Monday night of next week which will be the deadline. The series of ten lessons will cost only ten dollars per couple and everyone is welcome.

**FORMER BRONCHO STAR IS QUARTERBACK CANDIDATE**

A news release was received this week from the Fleet Marine Force, Camp Pendleton, Calif. stating that Private First Class John P. Carlile, former Clarendon High School football player, is now working out at the quarterback position on the Camp Pendleton football team. He is the son of Mrs. W. S. Carlile of this city.

Mr. and Mrs. Carl Morris and family of Thalia, Texas were here Sunday to visit in the home of his parents, Mr. and Mrs. C. B. Morris.

# PLOWIN' Out the CORNERS

Seems like a lot of folks can't quite figure out the attitude of the Secretary of Agriculture. One thing is certain; if President Eisenhower and Congress are going to force him to hand out drouth relief feed to the cattle-men, he might just as well change his attitude and do the job graciously and willingly and in this way he could help build good will for his bosses. As it is, the government is out the money, and nobody feels good toward anybody after it is all over. Here we are almost back on politics after we had just about sworn off.

Have you ever judged a Queen contest? I have, and I never intend to knowingly get involved in another event of this kind. Last week county agent Foster Whaley found that he had obligated himself to judge a beauty contest and a batch of horticulture on the same hours of the same day. Admitting that he was a better judge of horticulture than of queens he turned to us, and there is where we "Played Whaley" both literally and figuratively. Anyway, Foster meant well. He gave some last minute instructions; I think he got them out of a manual for judging beef cattle, secured me a pass to a good meal, gave me a pep talk on where I could find a good story, and bade me farewell and sent me on my merry way. All in all it was a trying day. Imagine three pretty queens all lined up and each of them just as cute as could be. What a trying decision that would be. If you think that was hard, imagine Thirty-three beauties standing like blackeyed peas in a pod. That's how many there were. Oh me, I could have picked a flat dozen that would have won Miss America or something but no, we had to pick just one. I

looked, closed my eyes and marked down a score, then with the other two judges we added up. Finally there was a winner. I couldn't look to see. I hope it was right. Never again will I "Play Whaley".

  3. It proves I have self-control.
  4. It indicates how clearly my mind operates.

  7. It impresses people that I have more than ordinary education.
  8. It is an unmistakable sign of culture and refinement.
  9. It makes me a very desirable personality among women and children in respectable society.
  10. It is my way of honoring God, who said, "Thou shalt not take the name of the Lord thy God in vain." Exodus, 20:7.

How true, or rather how untrue are the above statements. What a foolish and terrible habit so

Mr. Odos Caraway and myself attended a meeting of the Texas Highway 70 Association at Pampa Saturday. From reports given by various groups at this meeting, it is believed that in the near future the gap in the highway between Clarendon and Turkey will be filled as well as the gap that exists between Pampa and Perryton. When these unpaved strips are completed, tourists from the Midwest and border of Canada will have a direct route all the way down to the Mexican border of Texas at Eagle Pass and from there on down to the Gulf Coast. This will serve to bring more tourist trade into Clarendon, for there are many of these people from the Midwest who spend their winters in the Rio Grande Valley. A committee also was set up at this meeting to work toward getting the highway designated as State Highway 70 from the top of Texas above Perryton on down to Eagle Pass, Texas on the Mexican border.

### Poisoners of Fish Pay \$1100

AUSTIN — Two Boerne men tried to get an illicit mess of catfish by poisoning the Guadalupe River near Sisterdale. They used deadly rotenone and tons of fish were killed over a four-day period.

The result, shown in the monthly Game and Fish Commission report, was a total of \$1100 in fines plus costs for the pair. Both pleaded guilty. Charges included both pollution and fish poisoning. The man who bought the poison got sixty days in jail but was released on good behavior after five days.

Game Warden Bill Garrett of Comfort, who handled the case, estimated that up to thirty thousand fish were killed during the four days the chemical tainted the river.

## Good Traffic Habits For Our Children

"Children's traffic habits, more often than not, are the result of the example their parents have set."

Col. E. B. Tilley of Houston, President of the Texas Safety Association, and Services Adviser for the Gulf Oil Corporation, made that statement in appealing to motorists to cooperate with the Texas Safety Association in their recent traffic program for child safety.

"Good traffic habits and attitudes of parents will do a lot to keep children safe in traffic," he said. "Also important is the extent to which parents try to teach children safe traffic practices."

Parents can best cooperate with the program of the Texas Safety Association and the National Safety Council by following five simple rules, according to Col. Tilley.

- He listed the five rules as follows:
1. As pedestrians, always set a good example to children. This

## Good Traffic Habits For Our Children

includes crossing streets only at intersections, waiting for the signal, and looking both ways before crossing.

2. Learn what the schools are teaching and, in cooperation with schools and traffic officials, help children develop safe traffic habits and attitudes.
3. See that children play only in approved play areas—never in the street or near moving traffic.
4. Teach children safe use of outdoor toys such as roller skates, tricycles, bicycles, scooters and wagons.
5. Instill in children the attitude that safety rules must be given the same respect and obedience as other rules of conduct learned at home and in school.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

**THE GREATEST BUICK IN 50 GREAT YEARS**

We'll get right to the point. The comments we've been getting from many new Buick owners about the new Twin-Turbine Dynaflow are terrific. And the reason is—this fully automatic transmission is, in itself, terrific. It has a new, firm, solid "take-hold"—gives you instant getaway response. It has new quiet—you can barely hear the acceleration build-up. It has unique and utter simplicity of operation. You just move your Selector into Drive range, press the pedal, and go. That's all. But the sweetest thing of all about TT Dynaflow is its smoothness.

You move from standstill to your legal speed in one progressive build-up of power delivery. You feel a constant "carry" of forward motion, unbroken in any way—because here no gearshifting takes place, either manually or automatically. Even your deceleration is infinitely smooth and gradual, with the cushioned control of flowing oil slowing down. Wouldn't you like to sample this wonderful new getaway and pleasant quiet and immaculate smoothness? We'll be glad to seat you at the wheel of a new 1953 Buick with Twin-Turbine Dynaflow—and let the thrills come where they may. Drop in soon, won't you?

GABE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Two more of the Kay Tracey series have been added to our girls' reading department. These are "The Secret of the Red Scarf," and "The Green Cameo Mystery." We lack one completing the list in print—that is "The Lone Foot Print."

We have a complimentary copy of "Winchester, the Gun that Won the West." It is a complete history of the various stages in the development of America's Guns and ammunition, and the place of The Winchester Repeating Arms Co. in the financial picture of a country of growing industry. This is put out by the Combat Forces Press.

There has been a replacement by purchase of some misplaced Zane Gray books, and then some (bargain counter) Grace Livingston Hill copies were purchased. There is no account in the index file of Hill's "The Strange Proposal," "Spice Box," "The Prodigal Girl," and "Out of the Storm." The girls read these clean fiction copies. There are two Emilie Lor-

ing books we have not had previously—these are "A Certain Crossroad," and "Beckoning Trails."

There was a fund for quite a few memorial books for Mr. Patrick and this week "A Child's Geography of the World" by V. M. Hillyer was placed here in his memory. Previously "A Child's History of the World" was added to the Children's section from this fund. These are informative books and excellently told facts. I would like to have a memorial section in the Library, but it would interfere with reference work as quite a number of these books are used in the Bible, Garden, and other sections that the readers are accustomed to using often.

Mr. and Mrs. T. K. Vandiver and Jan of Amarillo were week end guests in the home of her parents, Mr. and Mrs. R. A. Hay. Other visitors in the Hay home Sunday were Sfc. Elmer L. Burgess and family of San Antonio, Mrs. Galloway and Mrs. E. F. Burgess, both of Erick, Okla. Mr. and Mrs. Duane Naylor and Danny visited Sunday evening.

### Furniture Displays To Highlight Texas Home Fashion Time, September 24 - Oct. 4th

FORT WORTH — Furniture stores all over the state are busy unloading and arranging the latest pieces of furniture and home furnishings in anticipation of Texas Home Fashion Time, Sept. 24th - Oct. 4th.

The big annual style event of the furniture industry is taking hold this year bigger and better than ever before. This means that customers and visitors will have a far greater opportunity of seeing on display, the pieces of furniture that will fit into their scheme of home decorations.

A survey indicates that stores in many cities and towns in the state are going to have special events in connection with Texas Home Fashion Time, ranging from souvenirs to drawings for gifts. In most of the larger cities and towns stores cooperating in the event plan to remain open one or more nights to give those who cannot visit them during daytime hours a chance to do so.

tions point to a larger Texas Home Fashion Time observance than ever before. This has been prompted he said by the acceptance of the period's slogan, "Friendly Texans Like Friendly Homes."

### Battle of Outlaws Opens at Huntsville October 4th

HUNTSVILLE — The annual event that has been headlined by newspapers and magazines throughout the Southwest as "The Battle of The Outlaws" — Texas' 22nd Prison Rodeo will again get underway here at the Prison System's main unit on Sunday afternoon, October 4th.

The prison's rodeo manager Albert Moore has stated that, as always, he is picking only the very best of the performers, from the many prisoners who will try out to compete for the rodeo, and only the wildest stock that the

prison's herds afford for them to mount when the show opens.

With the pick of the penitentiary's 7,600 inmates doing the riding and only the wildest of its more than 12,000 head of cattle and hundreds of horses chosen for the performances, there will be enough action to satisfy even the most critical rodeo fan.

The galaxy of added feature acts booked for the '53 show are among the best to be found performing at rodeos throughout the nation. Buff Brady, World Champion Trick Rider and Roper heads the list. Don Wilcox, another trick and fancy roper will assist Brady. The Lamb Sisters, Ted and Betty, of Dallas, well known trick riders; The Head Sisters, more Texas girls from Campbell, Hunt county, with two trained bulls; Jay Sisler, Emmet, Idaho, with two trained dogs and the widely known Harris County Sheriff's Posse — all will appear between inmate riding events.

Something new and definitely different will be a parachute jump by inmate Barney Thurman, ex-paratrooper of World War II now serving a three year sentence. Thurman will attempt a spot jump — landing inside the arena — at each of the four big shows, October 4th, 11th, 18th and 25th, this year.

With the rodeo shaping up to be as big, wild and extravagant of thrills as ever, it's safe to say that the 22nd annual presentation of the prison show will be the best yet.

Requests for reserved seats are already coming in to the Prison Ticket Office and mail orders are being given immediate attention. Tickets may be secured by writing: Prison Rodeo Ticket Office, Huntsville, Texas, stating the number of tickets required, the date for which they are desired, and enclosing a check or money order for \$2.40 for each ticket.

### DONLEY COUNTY SOIL CONSERVATION DISTRICT NEWS

Every farm in the Donley County Soil Conservation District should have a small patch of alfalfa as a part of its conservation program and to strengthen the economy of a well rounded farming enterprise.

Alfalfa is one of the most effective crops known for erosion control. Its extensive and deep root system together with the dense surface cover make the soil porous and able to receive and hold large amounts of water.

This crop will grow under dry land conditions on almost all soil types in the Donley County Soil Conservation District.

Land preparation for alfalfa is not different from that of planting small grain as the land should be plowed to kill weeds and made as smooth as possible.

For fall planting on clean land a nurse crop such as sudan, any

type of sorghum, or oats should be used to protect the young alfalfa plants from being killed by blowing. These nurse crops will winter kill and leave a non-competitive protective cover on the land through the winter and spring.

Ordinarily it is not advisable to use nurse crops such as wheat or rye as these crops will not winter kill and will offer too much competition to the alfalfa the following spring. An exception to this rule would be when the subsoil moisture at planting time is unusually good or if the land can be irrigated.

Spring plantings of alfalfa are sometimes successful, but generally best results are obtained in the fall as the weed competition is less with the fall planting.

On deep sandy soils it is advisable to plant as soon as possible after the middle of August and not later than the latter part of September unless there is sufficient cover or litter on the ground to prevent blowing. Planting time may be delayed until October if blowing is not a hazard.

Alfalfa may be seeded with a cyclone seeder, drill, or broadcast by hand. Better distribution of the seed can be obtained with

a drill. The seeding rate is 15 to 20 pounds per acre. Texas Cornucopia is the variety most widely used in the Donley County S.C.D.

The seed should be inoculated and planted approximately one-half inch deep on a firm seed bed. Additional information on seeding alfalfa may be obtained at the office of Soil Conservation Service. The District has drills for rent for seeding alfalfa.

# Shivers and Sidewalk State CAPITOL

By VERN SANFORD  
Texas Press Association

AUSTIN—FBI Director J. Edgar Hoover turned loose a verbal barrage in the direction of Texas Governor Allan Shivers.

Shivers had accused the FBI of gestapo methods in probing civil liberties cases in Texas. The governor said the bureau had been guilty of secret snooping in state institutions without in-

forming the local authorities about these investigations.

Not so, said Mr. Hoover. On the contrary, he charged, the FBI had been requested by Shivers' own office to delay a probe of the Gainesville State School "until after the Democratic primary" last year, "to avoid unfavorable publicity".

Maurice Acers of the governor's staff made the request for a de-

lay, according to a five-page letter addressed to Shivers, but the inquiry was not postponed.

"We of the FBI," Hoover said in his letter, "certainly have no apologies to make to anyone for doing our duty in carrying out the instructions of the attorney general in enforcing the law of the land."

"I would be untrue to my service and its duties if I did not quickly call attention to unfounded, unwarranted, and untrue charges such as you have made."

Repeating to the FBI director's letter, Shivers wrote: "It is my understanding that your bureau and your investigators do not investigate any federal agency or department except on invitation and on specific instruction of the United States attorney general."

"We do not expect that consideration if we violate any federal law. But where the complaint or suspicion of a violation comes from a law violator himself or his associates I feel that both your duty and mine could be discharged better by cooperation rather than by the procedure you have followed in the past."

"I tender you the full cooperation of the State of Texas and its officers. I hope we can expect the same from you and your bureau and from the attorney gen-

eral of the United States."

Shivers' letter did not go into specific points, such as that of the Gainesville affair. But, Acers said the Gainesville charge was untrue.

Political activity surged over the state this week, with all eyes focussed on Mineral Wells, where the Democratic State Executive Committee will meet Friday, Sept. 11.

Democratic National Committeeman Wright Morrow of Houston has indicated his intention to be present, and his announcement to that effect points up the conflict between the Texas \* or Shivers Democrats and the national party's organization.

Morrow last year lined up with Governor Shivers and others who supported Eisenhower. As a result, Morrow's status as a committeeman has not been recognized by the National Democratic Party.

Observers here view the Mineral Wells conference as a kickoff for the political struggles of next year, to be fought out among the Shivers Democrats, the Loyal Democrats who adhered to the Adlai Stevenson candidacy last time, and the Republicans.

Political alignments for the coming battles began to take shape as some Texas Democrats announced that they would not attend a \$100 per plate dinner in Chicago honoring Stevenson.

Governor Shivers, and U. S. Senators Lyndon B. Johnson and Price Daniel let it be known that they would be among those absent.

Johnson, however, must still be counted among the Loyal Democrats who supported Stevenson. He explained that he could not go to Chicago because of speaking commitments.

Accepting the Chicago invitations were Democratic Minority Leader Sam Rayburn and Texas Agriculture Commissioner John C. White.

Jockeying for position continued with respect to next year's

political races.

Representative George T. Hinson of Mineola was the latest to list himself as a likely candidate, saying that he "quite possibly" will run for lieutenant governor.

Hinson's announcement was refreshing in one way: he said that his candidacy will not depend on what anyone else may or may not do.

Most of the other prospective starters are waiting around to see how the field shapes up.

## TO THE PEOPLE OF THE 18TH DISTRICT By Congressman Walter Rogers

### HOW OLD ARE FARM PROGRAMS?

Farm legislation providing for ways to bring agricultural production into line with demand, to provide incentives to increase production of commodities in short supply, and to protect farmers against ruinously low prices, are not peculiar to this generation. As early as 1623 the "Grand Assemblies" of Virginia at "James Citie" enacted a law to see that sufficiency of corn be planted.

By 1632 they required two acres of corn per head to be planted and tended. These laws were repeated many times. Moreover, the "Grand Assemblies" passed laws to control tobacco production. These laws provided for acreage limitations, which in effect provided incentives for producers to shift from crops produced in excess of requirements to other specified commodities for which demand exceeded supplies.

The following wording of part of the preamble to a marketing order regulation before the Grand Assembly in 1666 seems as modern as 1952: "Whereas the quantity of tobacco made in this country by increase of the number of inhabitants employing themselves wholly to the making of that commodity, and the continued freedom of their unlimited planting has become so great that all markets have become glutted

with it, and the value of it reduced to so low a rate that the planter is rendered incapable of subsisting, and the merchant discouraged in his trade."

From 1645 through 1676 the Assembly passed numerous laws providing for export controls and export subsidies. Exports for a time were prohibited on corn, hides, leather, wool, and grain. Export duties and customs were lifted in 1655 on tobacco to encourage export of a surplus.

Price controls were also a part of this earlier legislation. In 1631-32 corn prices were fixed at not less than 16 shillings per barrel. The price of tobacco was set at not less than 6 pence per pound. In 1633 tobacco went under price ceilings, but by 1639 they returned to minimum prices again.

### A BRIEF RESUME OF WHAT HAS HAPPENED TO THE FARMER RECENTLY:

Farmers throughout the country have experienced various troubles this year. Most farm products have shared in the decline

in the farm prices. The index of prices received by farmers as of July 15, 1953, was 259 (1910-14 was 100), down about 12 per cent from July 15, 1952 index of 295.

During this same time the index of prices paid by farmers dropped less than 3 per cent, from 286 on July 15, 1952 to 278 on July 15, 1953. During this past year the ration of prices received by farmers to prices paid dropped from 103 on July 15, 1952 to 93 on July 15, 1953. This is a decline of about 10 per cent. In other words prices received by farmers for their products have declined more than prices paid for items used in production, interest, taxes and wage rates during the same period. To state the problem more simply, farm prices have been falling while farmers' costs in effect have been increasing.

Emeralds are the softest of all precious stones. Bolivia and Paraguay are the only South American countries having no seacoast.

# Keeps its value better than any other car!

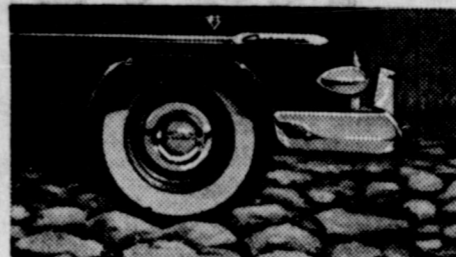

Used car dealers report that Fords return more of their original cost than any other car—and there are 41 reasons why!

**Take power.** Ford's two high-compression engines are real leaders in their class. Ford's the only car in the low-price field to offer you the smooth power of a V-8 engine. And no other car in any field has so modern a Six.

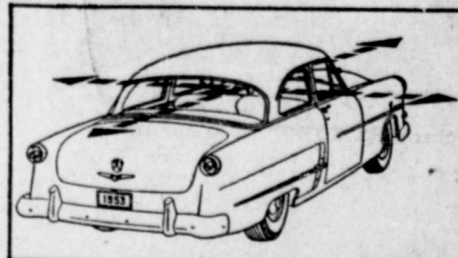

**Take build.** Ford's one-piece Crestmark body gives you style-setting beauty with rugged "build" underneath. Where many other cars are bolted, Fords are welded hull-tight to keep out rust-causing weather and dirt.

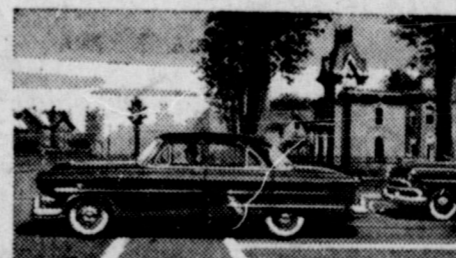

**Take ride.** Ford's wonderful, new ride reduces front end road shock up to 80%. And Ford's new, more responsive spring and shock absorber action gives you the comfortable easy ride you want without gas-eating extra weight.

**Take savings.** Ford's economy-minded Automatic Power Pilot saves you money on every gallon of gas. It automatically adjusts carburetion, ignition and combustion to make every drop of gas ("regular" at that) work its heart out.

**Take visibility.** Ford gives you the "all-around" view you need in today's fast-moving traffic. A curved one-piece windshield, car-wide rear window and large "picture windows" all around make sure you have Full-Circle visibility.

**Take drives.** Only Ford in its field gives you a choice of a completely automatic drive, Fordomatic, the finest, most versatile automatic you can buy... fuel-saving Overdrive... or easy-shifting Conventional Drive.
