### Services Held Tues. For L. M. Smith

Funeral services were held Tuesday afternoon at the Church of Christ for Lawrence McKinzie Smith with John L. Davis, minister of the local church officiating.

Mr. Smith, 56, died at 5 a.m. Sunday morning of a heart attack. He suffered the attack as he and his son, Cletus, were returning home from a fishing trip.

Mr. Smith was an employee of the West Texas Utilities Co. and had served with the company 34 years. He had been a resident of Clarendon the past 12 years. He was a member of the Church of Christ and the Moose Lodge.

Survivors include his wife, Rosalea Smith; a son, Cletus W. Smith; three sisters, Mrs. R. E. Miles of Goodman, Miss, Mrs. Virgil Farrington of Kermit and Mrs. Earl Stange of Kansas City, Mo.; and a brother, C. W. of Fort Worth.

Pallbearers were Lloyd McCord, Victor Smith, B. L. Graham, Guy Mills, Ronnie Lamberth and C. A. Pitts.

Burial was in Fairview Cemetery, Childress, Texas, with funeral arrangements under the direction of Murphy Funeral Home.

### Moisture Total High For Past 7 Months

According to our official weather observer, the water picture for the past 7 months is high compared with previous years. The total recorded here through July was 25.40 inches as compared with 18.45 in 1959. 20.76 inches of this year's total fell the past three months.

August has started out hot and dry and will have to change quite a bit to reach the August, 1959, total of 2.47 inches. Farmers in the area are enjoying the hot, growing weather at present but say we will need a good shower before long to supplement the sub-moisture.

Moisture totals for the past six years are as follows: 1954-16.01; 1955-23.22; 1956-13.28; 1957-29.42; 1958-29.26; 1959-30.67.

The maximum temperature for August was 102 degrees on the 29th and a low high of 66 on the 7th. The minimum was 67 on the 3rd and 54 on the 15th.

### Plans Being Made For F.B. Barbecue

Mr. Holly Wood, President of the Donley County Farm Bureau said that plans were coming a-long fine for the big county-wide chicken barbecue to be held on the evening of the twelfth of August at the Lelia Lake School House. Eating time is seven p.m. The chickens will be barbecued by Flip Breedlove and his crew.

Everyone is invited whether you are a Farm Bureau member or not. The only requirement is that you leave one-half chicken per person in your party at the Homen Meat Company in Clarendon or the Moreman Locker at Hedley. This must be done no later than five p.m. on the eleventh. The chickens must be cut in half and not frozen.

The speaker of the evening will be our Congressman, Walter Rogers. The Farm Bureau will furnish all the trimmings to go with the half chicken per person.

### DRAFT PROCLAMATION SOCIAL SECURITY WEEK

The American social security system, which promotes the well-being of individuals and families, has served the Nation for 25 years.

First becoming law on August 14, 1935, the Social Security Act now provides income and services to individuals and families. It helps to keep families together and to free our people from fear and want.

Many in this community have been helped and are being helped by one or more of the programs established by the Social Security Act. These include Federal old-age, survivors, and disability insurance; unemployment insurance; public assistance for the needy, the old, the blind, the disabled, and children without parental support; and maternal-and-child-health, crippled-children, and child-welfare services.

Now, therefore, in the 25th year that our national social security has been in existence, I H. T. Burton, Mayor of Clarendon, in recognition of the service of social security to the country and to this community, proclaim the week of August 14 through August 20 as SOCIAL SECURITY WEEK in Clarendon, and I further proclaim August 14 as SOCIAL SECURITY DAY in Clarendon.

### Three Blocks Of City Paving in Progress

Residents along three city blocks have got together and raised money to pave three additional blocks which will further improve our streets.

Work is in progress at the present time on the three blocks. One block is the street between Jo Goldston and Heckle Stark linking 4th and 5th streets and the other two blocks join the present paving in front of Mrs. Frank Phelan, Sr., and extends east in front of the Bob Moss home in the east part of town.

The City is doing the paving at cost in an effort to get more paving done. Residents along a street can get together and raise the money for a complete block. The present cost of the paving is 45 cents a square yard or 5 cents a square foot. The city pays for street intersections and alley crossings.

### Services At Hedley For Mrs. J. W. DeBord

Funeral services for Mrs. J. W. DeBord were held Friday afternoon at the Hedley Church of Christ with J. C. Stepp, minister, officiating, assisted by Carroll Hickey of Lubbock and Don Williamson of Borger. Burial was in Rowe Cemetery at Hedley.

Mrs. DeBord, 75, died Wednesday at her home in Hedley. She had been a resident of Hedley and Donley County 53 years.

Survivors include her husband, J. W. DeBord of Hedley; one son, Slat DeBord of Hedley; two daughters, Mrs. Vera Hickey of El Paso and Mrs. Edith Williamson of Amarillo; 12 grandchildren and 16 great grandchildren.

### REVIVAL AT SARDIS MISSIONARY BAPTIST CHURCH IN PROGRESS

The public is cordially invited to attend the church services now in progress at the Sardis Missionary Baptist Church. This series of services began Saturday evening, July 30, and will run through Sunday, August 7. Morning services begin at 10:30 and evening services at 8:00 o'clock. Elder John W. Reynolds of Henderson, Texas, is doing the preaching.

## FARM NEWS

from the County ASC Committee

### Over Planted Cotton Farms

Farmers are also reminded that they have only 15 days from the date of the overplanted notice to destroy and report any excess cotton, otherwise the farm will be classified as overplanted. The penalty rate set for excess cotton farms is 19.4c per pound.

### ASC Committee Election

The ASC Committee election will be coming up again soon. All farmers are urged to vote. Ballots will be mailed to all on the mailing list.

### Conservation Reserve Program

Producers having Conservation Reserve Contracts are reminded that an approved vegetative cover must be maintained and that weeds must be controlled. Conservation Reserve Contracts which expire in 1960 or later years are no longer eligible to be extended for additional years.

Under present legislation, no new contracts may be entered into. Existing contracts will continue in effect in accordance with the terms of the contract.

Those producers that have a Conservation Reserve area infested with noxious weeds should destroy these weeds to keep their farm from being in possible violation of Conservation Reserve contracts. Each area will be inspected again to determine compliance prior to annual payment this year.

**KEEP THIS IN MIND:** When bindweed moves onto your farm it also moves into your pocketbook. Don't let it move you off.

### Cotton Price Support Program

The New Orleans CSS Commodity Office has arranged a series of area meetings to discuss the Cotton Price Support Program with cotton buyers, ginners and bankers. We are fortunate in having one of these meetings scheduled for Vernon.

The Vernon area meeting will be held in the air-conditioned Wilbarger Memorial Auditorium on Monday, August 8, 1960, starting at 10 a.m.

Representatives of the New Orleans office will conduct the meeting and all people involved in the cotton price support program will have a good opportunity to obtain first-hand information as well as getting problem questions answered.

As you know, some changes have been made in the program for 1960 as it applies to the direct purchase of cotton under the Choice A Plan. Also, the administration of the program in 1959 apparently left something to be desired. An area meeting of this kind should prove very profitable to the cotton buyers, ginners and bankers.

The Chamber of Commerce is handling arrangements for the meeting and plans have been made of serve a free lunch to out of town visitors.

### LOCAL SCOUTS LEAVE FOR MOUNTAIN TRIP

Scouts of Troop No. 37 left today for the mountains of New Mexico for a 5 day outing. Hershel Heath and J. G. McAnear accompanied the boys and Scoutmaster Bill Land with his family will meet the group for a couple of days while on his vacation.

The Scouts have earned the money for this trip by operating the concession stand at the rodeo grounds during the 4th of July celebration.

### SISTER OF LOCAL MAN DIES IN AMARILLO

Funeral services were held Wednesday in Amarillo for Mrs. Sarah Adaline McDonald, sister of Mr. Andy Shaddix of Clarendon. Mrs. McDonald, 91, died at her home in Amarillo Monday afternoon.

LEADER CLASSIFIEDS GET RESULTS.

### Services Held Wed. For W. G. Word

Funeral services were held Wednesday morning at the First Presbyterian Church for William Grandison Word, pioneer cattleman, with Rev. Baldwin Stribling officiating.

Mr. Word, 73, died Monday morning in Adair Hospital here. He was born Nov. 19, 1886, in Wise County and came to the Panhandle area with his parents in November of 1890. He operated the Word Ranch for a long number of years prior to entering local politics. He served as county and District Clerk for several terms. He resigned this position to become manager of the JA Ranch in 1939. He served in this capacity until a few years ago when he retired.

He was a member of the Presbyterian Church and the Clarendon Masonic Lodge.

Survivors include his wife, Mrs. Anna Lee Word; four sons, W. G. Word Jr. of Silver City, N.M., Charles Word of Hayward, Calif., Robert H. Word of Lisbon, Portugal and Al Word of Grants, N.M.; two daughters, Mrs. Mike Stricklin of Beeville, and Mrs. Joe Kirchman of Grants; two brothers, Millard Word of Clarendon and Walter D. Word of Amarillo; two sisters, Miss Lola Word and Mrs. Curtis Westcoat, both of Amarillo; and eight grandchildren.

Pallbearers were Neal Hudson, Allan Jefferies, Bob Head, Sid McElroy, Grady Nobles and Glenn Churchman.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

### Douglas Shelton New President of OEA

A stockholders meeting of the Outdoor Entertainment Association was held last Thursday night and new officers for the organization were elected along with reviewing the outcome of the past year activities under the direction of W. J. (Bill) Greene which was acclaimed as one of the best.

Douglas Shelton, local rancher, was elected to head the association the coming year and Horace McClellan, manager of the Lawrence Hagy Ranch, was elected vice president. Other directors are Bill Greene, W. E. Cushing, Fontayne Elmore, Bill Porter, L. L. Wallace, Joe Robinson and Pete Borden.

### ADKINS FINA STATION BURGLARIZED MON. NITE

Sheriff Truett Behrens reported yesterday that the Adkins Fina Station in East Clarendon was burglarized Monday night and that around \$45 in money and cigarettes was taken from the cigarette machine. He said the robbers entered through a storeroom window and left through a restroom.

More robberies of this nature are being reported all over the area and the sheriff's department will appreciate anyone reporting anything that appears out of the ordinary, Sheriff Behrens added.

### TO RECEIVE DEGREE AT W.T. EXERCISES

CANYON (Special) — Evelyn Louise Chamberlain of Clarendon is among more than 200 candidates seeking degrees at West Texas State College's summer convocation according to a recent announcement made by Dr. Walter H. Juniper, dean of the college.

Summer commencement exercises are scheduled at 8 p.m. Aug. 19 in the new Buffalo Stadium. The speaker for the occasion will be Dr. Ralph T. Green, director of the Texas Commission on Higher Education.

Daughter of Mr. and Mrs. Will Chamberlain of Naylor Route, Miss Chamberlain is an elementary education major seeking the Bachelor of Science degree. She is a 1957 graduate of Clarendon High School and transferred to WT from Clarendon Junior College in 1959.

### HOSPITAL NOTES

Patients as of Wed., August 3rd: James C. Mills, Mrs. C. E. Flowers, Mrs. A. O. Hefner, Mrs. M. W. Mosley, Mrs. Buck Glass, Mrs. Ed Dishman, Mrs. Peggy Childress and baby boy.

Dismissals: W. P. French, Mrs. H. E. Elliott, Mrs. O. T. Hill, Mrs. Pete Land, Roger Marine, John Moore and Jerry Shields.

### Donley County Fair Slated For Sept. 16-17

The planning committee met in the office of County Agent H. M. Breedlove on the night of the twenty-sixth of July and set the dates of the Donley County Fair and Quarter Horse show for the sixteenth and seventeenth of September. The quarter horse show is to be on the afternoon of the 16th of September at one-thirty p.m. at the rodeo grounds with John Stoots of Matador as the judge.

E. S. Ballew, vice president of the board, presided and the board instructed Secretary Breedlove to increase the premiums on the agriculture community exhibits. First place was set at thirty-five dollars; second place at twenty-five dollars; third place at eighteen dollars and fifty cents and all other exhibits on display at twelve dollars and fifty cents each. This was an increase of forty dollars over the past fairs. All other departments in the fair remained as in the past for premiums.

The different departments in the fair for 1960 are the Horse Show, approved by the American Quarter Horse Association; Donley County Flower Show, sponsored by the Les Beaux Arts Club; Merchants Department; Community Agriculture Exhibits; Poultry Department; Home Economics Department; Needle Craft Department; Fine Arts Department; Canned Goods Department; Homemade Baking Department.

Breedlove said that the 1960 catalog was being compiled at this time and the premium money for the fair is made possible by the ads bought in the catalog by business men and individuals from over the county. Committees can start to work now and the catalog will be ready to distribute around the later part of this month. Mr. Ballew stated that from all reports the 1960 Horse Show and Fair will be the largest ever held in the county.

### Homecoming At Goodnight August 7th

GOODNIGHT — Ex-Students of the former Goodnight Baptist College and former and present members of the Goodnight Baptist Church are being invited to the annual homecoming at Goodnight Sunday, Aug. 7.

The program will start at 11 a.m. at the church. The Rev. Vick Allen of Amarillo, former pastor of the Goodnight church, will be the speaker.

A basket lunch will be served at noon in the community hall which is located on the site of the old Goodnight Baptist College.

At 2 p.m. the Goodnight Ex-Student's Association will hold their annual meeting in the church.

Visiting, singing and thoughtful reflection will be the order of the day.

Former members who cannot attend are asked to write the secretary of the association, Mary Miller, Goodnight, Texas.

All former members of the college, church and friends are invited to bring a basket lunch and enjoy the day with former friends and neighbors.

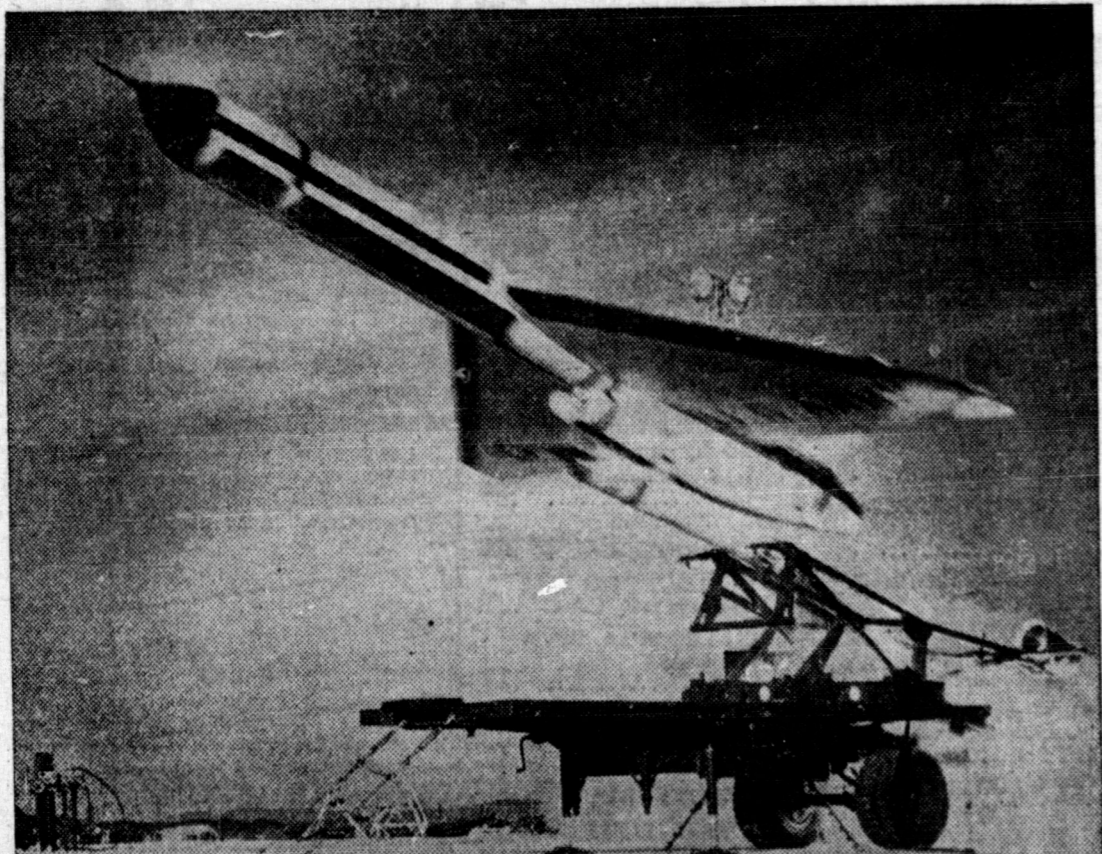

### Den No. 2 won the attendance tail with 43 present for their den at their meeting last week. This breaks Den No. 4's winning streak of 4 in a row. In the picture, top row, Wes Henson (Den Chief), Pat Chilton, Steve Adams and J. E. Elliott, Mrs. O. T. Hill, Mrs. Pete Land, Roger Marine, John Moore and Jerry Shields.

## Modern Army's Surveillance Drone Completes Second Successful Flight . . .

THE USD-5, a turbo-jet, unmanned surveillance drone was successfully flown for the second time at the U.S. Army's Electronic Proving Ground's Drone Test Facility, Yuma Test Station, Arizona. Designed for missions of greater speed and longer endurance than previous propeller-driven surveillance drones, it will carry electronic surveillance equipment to provide Army commanders with continuous information about the enemy and his movements. The USD-5 was designed and built by Fairchild Engine and Airplane Corporation under an Army Signal Corps contract.

Anyone interested is urged to be present and help decide the question. The officers feel this is the way to decide about the picnic and will do so at 8 p.m. August 8th in the Bank Committee room.

Late Wednesday afternoon our community was saddened by the message one of our pioneer and best loved mothers had passed away. Granny DeBord, as she was lovingly called by her friends, after a lengthy illness, hours of suffering she so patiently bore, departed this life. All medical help and loving hands could do was done for her in her home where her many friends visited her and always found her smiling and cheerful. She never lost interest in God's people in mind and in spirit. Friends who visited her sick room went away with a broader vision and uplifted life.

As her suffering body weakened, we heard her say with her family gathered around in a voice like a tired home-sick child, "I want to go home." Wednesday afternoon at 6:15 the Master said "This is enough, come home." Particulars regarding funeral arrangements will be found in another item in the Leader.

A more staisiter note detected in one of the Republican speeches, made us feel more acutely that we truly are, "The Vanishing American of the 50's." This speaker said: Sure, there will be segments of our American society sacrificed to growth and progress. He did not say the farmer specifically, but the implication was there.

Hearing Mr. Nixon speak last night, made us feel ashamed, that we are not happy to be sacrificed to the noble goals he challenged, not only his party but the free peoples of the world.

It would be exciting to see Americans once again, meet these goals. With all the leisure hours the majority of our peoples have, this pastime would beat the do-it-yourself projects, the mostly wasted hours before the TV, as well as a lot of other time killers we Americans are ever so frantically searching, to fill these leisure hours. We need a leader who can set goals for us to accomplish, which we never dreamed we were capable, in our ever day lives as well as government. We listened for mention of another Leader sent to us, but

Burnet, Texas (Special) — Texas Longhorn Cavern, third largest cave in the world, has come of age as one of the state's prime tourist attractions, H. H. (Hob) Galloway, manager of the cavern, declared this week. Cavern visitors will total more than 500,000 long before the cave's 28th anniversary as a public showplace this Thanksgiving, Mr. Galloway predicted after studying attendance figures for past years. In fact, the half-millionth visitor probably will pass through the famous Sam Bass entranceway sometime soon, he said.

When the cavern was first opened for public inspection by the State of Texas back on Thanksgiving Day in 1932, Thanksgiving services were held in the 183 ft. long Main Room and attended by the Governor and other state dignitaries. After four years of development, few people even knew about it except the folks who lived in this area — like Mr. Galloway and his boyhood friends who used to play hide and seek in the

was not recognized as such, because the people were looking for an earthly king. We are now searching for an earthly leader, who can do all things for all peoples. We hope to see the one emerge as victor, who can challenge us to do for our selves, "stop worrying if God is on our side, and begin to worry if we are on God's side." Then all the issues would be settled.

Before this campaign is over, and each candidate gets through with the other we fear there will be little of the image of either, so carefully build up these past two weeks, left to choose from.

dark reaches of the cave. "We were a little bit off the beaten track then," recalled Mr. Galloway, who is also president of a bank, former mayor and a director of the Burnet Chamber of Commerce.

But today heavy tourist traffic streams down U. S. Highway 281, a direct Canada-to-Mexico route. And many tourists take time out to visit the cavern, reached by a paved road which enters Longhorn Cavern State Park at a point four miles south of Burnet. It is also situated in the heart of the burgeoning Highland Lakes resort area of Texas which includes Buchanan Lake, Inks Lake, Granite Shoals Lake, Lake Travis, and Lake Austin — along with lower Colorado River.

"We're getting people from every state in the union now," Mr. Galloway said, "and you'd be surprised how many Texans visit the cavern and are amazed when they see what a spectacular natural wonder it is."

"We figure it's really unusual when a Texan is amazed at something that fulfills every requirement of a Texas 'brag'."

This summer, Mr. Galloway estimates that more than 5,000 tourists and resorters a month will visit the cavern.

Two miles of the cavern have been developed and a completely new lighting system has re-

AUSTIN — The dove population of the central management area, which includes Texas, has increased 14 percent this year, according to estimates of the U.S. Fish and Wildlife Service. Since 1953 there has been a 69 percent increase.

These figures were given to Howard Dodgen, executive secretary of the Game and Fish Commission, as one of the reasons this year's dove season was extended to 60 days and the possession limit increased to 30, or the daily bag limit of 15.

For many years there were only two management areas considered in the national survey—eastern and western. The dove

THE BIG CHANGE IS TO **flameless Electric COOKING**

BRING YOUR KITCHEN UP-TO-DATE WITH A **MODERN flameless Electric RANGE**

**YOU'LL BE PROUD** of your kitchen when you switch to flameless Electric Cooking. Nothing does so much to bring your kitchen up-to-date as a MODERN Electric Range. And once you've used easily-controlled Electric Heat—as safe and clean as Electric Light—you'll never go back to the work and worry of old-fashioned flame cooking. Perhaps this is why, nationwide, the sales of Electric Ranges have jumped so fast—proof, of course, that the big change in All-Electric Living is sweeping the country! Buy your new Electric Range now from a local appliance dealer or WTU and it will be installed FREE under the new wiring plan.

**NEW . . . See-Level ovens!** Ovens are above the counter and all controls are eye-high! Cook without stooping! And all foods cook beautifully behind those exclusive Slide-Up glass doors, surrounded by mirror-bright chrome interior. You're the chef de cuisine, with a FLAIR!

**NOW . . . Roll-To-You Cooking Top!** It glides away out of sight when not in use—trims right up to cabinet front. And it puts surface units at new comfort height—4" lower than conventional counter height. Cook without straining on lip-tee. In see into full pans.

**AND . . . so easy to keep clean!** Door releases forward—the inside glass cleans as easily as the outside!

**New FRIGIDAIRE FLAIR Electric Range**

Most glamorous range—they look built-in, but aren't! The new FLAIR models glorify any kitchen with built-in glamour. And just slide a FLAIR (cabinet and all) into the place of your present range. No carpentering. No tearing up your kitchen. Incredible? It's true!

**You'll feel like a queen!** Frigidaire FLAIR electric range glorifies any kitchen—new, old, large or small. We just slide your old range out (giving you our big, big trade-in allowance) and slide FLAIR, cabinet and all, in its place. No carpentering, no plastering, no tearing up your kitchen. FLAIR looks built-in, but isn't!

- And FLAIR Custom Imperial models give you these already-famous Frigidaire cooking advances!
- \* Cook-Master Automatic Oven Control—just set it! When you come home from shopping, dinner's done!
- \* Heat-Minder Surface Unit—watches temperature automatically, prevents scorching.

# BLOWIN' Out the CORNERS

The Poet has said: "There is a destiny that makes us brothers, None goes his way alone; All that we send into the lives of others, Returns into our own."

Quoting from memory we no doubt missed the above a bit but the thought kept coming into our mind while on vacation. Whether in friendly Red River or most any other vacation spot we find that folks want to be friendly, helpful, and happy. It seems that the very spirit of rest and vacation makes us friends neighbors and brothers.

We had these little left-over thoughts from our trip and just had to find a use for them. In the first place Mrs. C. G. Williams of Box 246, Mosquero, New Mexico, gets an autographed copy of our little vacation

book for her fine list of names with similar meaning. As a sample, her list of names after animals ran; Bull, Fox, Wolfe, Hare, Lamb, Kidd, Colt, Hogg, Pig, Choate, Barrow, Seale, Beaver, Catt, Lyons, Deere, Hart, Roe, Stagg, Buck, Hinds and Campbell. Thanks, Mrs. Williams.

After riding a somewhat unruly saddle horse for the first time a lady agreed that she knew why the cowboys on TV were always sore and wanting to shoot someone.

One scared fellow got his camp provided in by a bear. Even though it seemed interested only in the cupboard, the poor man seemed worried. Another poor fellow had the misfortune of having a dog tree a skunk on his front porch during the night. This situation became almost as well known as the bear incident. The most pitiful sight of all was a poor dog with his nose full of porcupine quills. He wouldn't trust anyone to help him.

The hardest job of all; getting back to normal after a vacation. Money is a very valuable thing, and mighty hard for one to get along without, but there are many things in the world that it will not buy. Four things would be:

The love of a good woman. Entrance into Heaven. A baby's smile. Youth.

To the above we might add the general term Happiness. It's true that a lot of happiness can come from money, but a lot of money just doesn't always bring happiness. A lot of good can come from the wise use of money, but there is no end to the harm that

will come if we let money use us.

Then, there is our health. It might be that with plenty of money we can find a doctor who will patch up our ailments as best that human hands can do. But, many times folks with money don't find the time and inclination to take care of their health. Too, there is usually a doctor within our means who will take care of us and let us pay as we can.

Perhaps you think of many more things that money will not buy that we can add to the list. But be this list long or short money is still pretty important. Our paycheck brings financial security to our family. Our savings means that our old age will hold less uneasiness. When we save for the future the future will be safer for us.

Some of us never look up until we are down. When we are flat of our back we are usually looking in the right direction.

Like tea, most of us do not reveal our real worth until we get in hot water. It is so easy to glide along without doing our best. But, when some hardship or calamity comes along it is the common American trait to latch into things with a will to do and win.

The old countries with whom we have had wars in the past have all marked us up as soft and easy going, but when things get tough we have always fooled them by putting out the most of everything on all fronts.

In our own daily lives most of us wait until the going gets tough before we really summon our courage and level down to doing our best.

Speaking of being easy-going we heard of an old saying along this line regarding folks that were always looking for something easy. This fellow would say that they; "were looking for a bird's nest on the ground."

Someone has said that it is impossible; "to stumble over anything very good while we are sitting down."

"Political Conventions," ac

## TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

### REFLECTION AND VISION

With Congress in recess until next month, national attention has shifted from legislative activity of the Democratic and Republican National Conventions being held this month in Los Angeles and Chicago. Nevertheless, when the Senate convenes on August 8 and the House follows it into session one week later, some of the most important bills of the session will demand a decision.

The leadership has indicated that among these measures will be the controversial proposals to increase and extend the minimum wage, to provide some medical care plan for the aged, to offer federal aid for school construction, and to encourage

ording to one of our ex-presidents, "are all eye-wash." If this be true, and after watching some of them on television, most folks seem inclined to agree then the American people are in for some pretty rough sledding.

If they are rigged from the beginning, and even for months beforehand then the jig is just about up for the freedom which we have so long treasured. If, like a game of casino, the political house is taking a cut from the people, things have come to a pretty kettle of fish. Then, if by pulling some political levers the results can be determined ahead of time, the inheritance of We The People will soon be wasted away.

During the recent convention we were impressed with the concern of two voters who had just recently reached the voting age. "Why," said one, "This reminds me of my high school days when we were whipping up enthusiasm for a football game, or electing someone for a favorite queen." She went ahead to explain that nominating a party choice to run for president should rate more dignity and seriousness.

If the politicians have stolen the reins of both major parties, and the will of the people is being ignored then it would seem that it's time for the people to do something. Someone keeps suggesting a States Rights Party and that sounds good, but wonder if it wouldn't be better to have a Peoples Rights Party? This would get us all the way back to our Bill of Rights. Let the politicians have their parades and war-dances, so long as the people have the final say there is still hope.

housing assistance and urban renewal. Several appropriation bills, including foreign aid and public works, also remain to be dealt with and it is likely that another farm bill will be introduced.

The Helium Bill, which is of particular importance to the people of the Panhandle, has been reported from committee in the Senate, and will presumably come before that body during the coming deliberations. The bill was, of course, passed in the House of Representatives last May. It will prevent much of the present waste of a most vital resource.

Although the number of bills is quite large, I am glad that the Congress did not make an effort to rush them through in a frenzied attempt to dispose of all legislation and adjourn before the Conventions. The last minute push has occurred before, and doubtless will occur again, but almost always as a liability to the taxpayer and an asset to the advocates of big government.

Still, Congress will not have unlimited time to pass the judgment of the American people on these various legislative measures. For soon we must all begin the compelling task of choosing the next President of the United States, and as so many convention speeches indicate, it will certainly be one of the most important elections in our history. The fact that this importance has been recognized countless times by party orators does not make it any less true.

The Soviet Union can be expected to step up its gangsterism while the campaigns run their course and a new President is preparing to assume the responsibilities of office. Already the heavy hand of international communism is very much in evidence. With apparently no other purpose than to further world chaos and fear, the Russians shot down an American airplane over international waters. Their influence in Cuba has been extended so as to suddenly pose the greatest danger in the Western Hemisphere during this century. And with all the impudence of a spoiled child, they are presently trifling with the grave situation in the Congo.

In the face of all this, perhaps it is fortunate that a nation-wide election is in the offing. The American people will have the opportunity for reeducation, and I hope that in making their will felt it will be realized that the times do not call for wishful thinking. We not only cannot afford a tranquilizer in the White House, but we also cannot indulge in any self-conscious hoopla or reckless experimentalism.

Our purposes seem clear. We must place a man in our highest office who will find traditionally American solutions to some very untraditional problems. He must be one who does not feel awkward when speaking of vision, determination, or imagination. He must understand that much of our economic thwarts the laws of supply and demand, that our present military strategy has largely been grafted onto World War II concepts, and that too often our diplomacy lives in the faded dream world of an atomic monopoly we no longer possess.

So I think that whether we

are actively working in the Congress or waiting to participate in the forthcoming campaign, we all have the opportunity to think over the future's demands. Tough mindedness, obviously, will have its usual and important place. But we owe it to ourselves and to our children not to get stampeded into positions that are merely comfortable or viewpoints that are merely stuffy. Our high and unchanging principles of government have stood with us through good times and bad, and they have certainly demonstrated that we need not fear enthusiasm or be intolerant of fresh air. Our lives and our position in the world today demonstrate the same thing.

**THE DOOR IS OPEN**

In various quarters, there is a belief that the era of worldwide inflation that followed World War II has ended or is ending.

The Portland Oregonian, in taking notice of the thinking, says this: If the postwar inflationary era is, indeed, ended it means that the United States will have to obtain more production at lower or no increased costs. If we are to stay in competition with the highly efficient countries of western Europe and Japan, we'll have to avoid, among other things, costly strikes such as the one in steel. That ill-advised conflict threw the doors wide open to good, cheap foreign products against which it will be extremely difficult to shut them again."

In other words, signs point to increasingly tough competition in the world markets. And American employment, like all facets of American prosperity, will depend on our ability to meet it.

The man who weighs his words retains his balance.

## MISC. SHOWER HONORS ANN ELLIOTT

Miss Ann Elliott, bride elect of Glenn Reeves, was honoree at a miscellaneous shower in the home of Mrs. L. P. Moore Friday afternoon. Receiving hours were from 3:30 to 5 p.m. Garden flowers decorated the entertaining rooms.

Guests were received by Mrs. Moore and presented to Miss Elliott, her mother, Mrs. W. O. Elliott, and Mrs. George Reeves. Miss Elaine Behrens presided at the registrar.

The refreshment table was laid with a white imported damask cloth and centered with an arrangement of white daisies shadowed by a blue umbrella to carry out a blue and white motif. Crystal appointments completed the decor. Presiding at the table were Miss Betty Parker and Mrs. Joe Pfeiffer. Approximately thirty guests registered and a number sent gifts.

Hostesses for the courtes were Mesdames L. P. Moore, George Thompson, W. W. Pinkerton, Norris Spurgeon, D. R. Koontz, G. W. Self, D. R. Lindley, Joe Pfeiffer, and Lacy Noble.

## BETA SIGMA PHI ENTERTAINS FAMILIES

Members of Mu Gamma Chapter of Beta Sigma Phi entertained their families with a swimming party and wiener roast at the Country Club Thursday evening. Approximately 40 members and guests attended. A good time was had by all.

Mr. and Mrs. R. L. Welch of Pampa, Texas, announce the arrival of a daughter July 20. The young lady has been named Rolfe Jean and weighed 5 lbs., 11 oz. She is the granddaughter of Mr. and Mrs. R. S. Brumley of Clarendon and Mrs. Welch of Dabhart.

## ENGAGEMENT ANNOUNCED

Mr. and Mrs. Harmon Fricks announce the engagement and approaching marriage of their daughter, Adama Louise, to John Richard Adams, son of Mrs. W. E. Jones of Perryton. The couple will be married August 12 in the home of the bride's parents.

## MRS. BATEN HONORED WITH SHOWER

Mrs. Eddie Baten was honored at a miscellaneous bridal shower in the home of Mrs. Glenn Wallace Monday afternoon. Receiving hours were from 3:30 p.m. to 4:30 p.m.

Colors of blue and white were used in decoration. The refreshment table was laid with a white lace cloth over blue and was centered with a floral piece of blue daisies with three large white wedding bells.

Mrs. Baten received many lovely and useful gifts.

## MYSTIC WEAVERS HOLD MEETING

The Mystic Weavers Club of Lelia Lake met recently with Mrs. D. M. Cook. The quilt that was finished was for the hostesses granddaughter, Sheila Smith. It was pieced by the other grandmother, Mrs. J. C. Smith.

Six members and two visitors, Mary Jane and Sheila Smith, were present.

The sack lunches with baked beans, salad, cookies and iced tea were served by the hostess in the back yard. The next meeting will be August 10th with Mrs. Earl Myers.

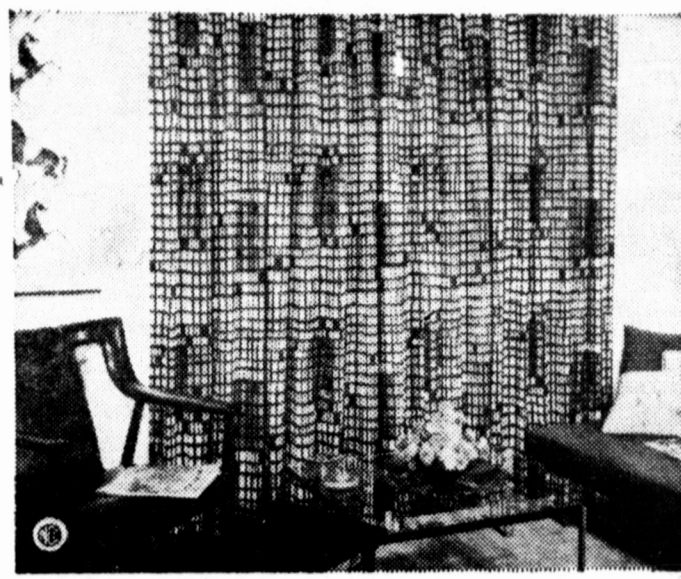

## LELIA LAKE MYF REPORT

Meeting was opened with prayer by Judy Castner. There were eleven present. We planned to have a Social with the Hedley M.Y.F. August 5th. We will leave at 6:30. It will be at the Memphis Park.

The name of our program was "Welfare." The members on the program were Jerry Don White, Beverly and Carol McCallum and Joe Anderson.

Judy Castner will have charge of the program for next Sunday night.

We were dismissed by the M.Y.F. Benediction. —Rep.

## DELTA KAPPA GAMMAS TO HOLD CONVENTION

Over 2000 educators are expected to meet in Bal Harbour, Florida, August 10-13 to attend the 1960 international convention of Delta Kappa Gamma, society for women teachers.

Gamma Kappa Chapter, of which several Clarendon teachers are members, has the privilege of participating in the convention program by displaying the projects of the presidents, 1958-1960, which is the history of Gamma Kappa Chapter, also a bibliography of the members of the chapter in booklet form "This Is Your Life."

Highlight of the convention will be the awarding of 56 scholarships for advanced study valued at \$2,500 each. Contributions from the near 75,000 members have made this possible. One scholarship each will be awarded in each of the 50 states, the District of Columbia, and five Canadian provinces. Two Gamma Kappa members have received scholarships in the last five years. They are Mrs. Velma Weaver of Clarendon and Mrs. Alice Lacy of Hedley.

Featured speakers for the convention will be Mrs. Margaret Konantz of Winnipeg, Manitoba, national vice-president of the United Nations Association, and

### Scout Swim Meet At Wellington Aug. 10

The Health and Safety Committee of the Comanche District will stage a Scout Swim Meet, August 10, 1960, 2:00 p.m. at the Marion Airpark Pool, Wellington, according to E. Byron Range, Jr., chairman of the committee.

The events will include races, using freestyle, breast, and side strokes, plus several novelty events such as tug-of-war, sweatshirt race, ping pong ball and spoon race, take one, and ball contest. The novelty events will be open for both swimmers and non-swimmers. Scouts will use the buddy system and brief instruction will be given on water safety.

Awards will be on an individual basis. All registered Scouts and Explorers are urged to attend.

Leather Craft hobby makes another paid dividend. Well it happened again. Miss Jewel Ellis has won two more cash prizes for her original ideas appearing in the Leather Craft Magazine.

These two ideas "Keep a bouquet on the table all the time" basket napkin holder and "I keep your important letters from flying away" butterfly letter holder or top drawer have appeared in the July issue of the Leather Craft.

Miss Ellis carves and toots leather and like all hobbies it has provided pleasure, satisfaction and relaxation.

This makes four times her ideas have appeared in the National Leather Craft Magazine.

Mr. and Mrs. W. B. Ayers have returned from a ten day visit with their daughters and families, Mr. and Mrs. R. L. Nolen at Arlington State College and Mr. and Mrs. V. E. Howard at Greenville and Mrs. Ayer's sister, Mr. and Mrs. Albert Taliaferro of Dallas.

### Dr. Ralph T. Green To Speak At WTSC Summer Convocation

Speaker for the more than 200 West Texas State College summer convocation degree candidates will be Dr. Ralph T. Green, director of the Texas Commission on Higher Education. The convocation will be Aug. 19 at 8 p.m. in the new Buffalo Stadium.

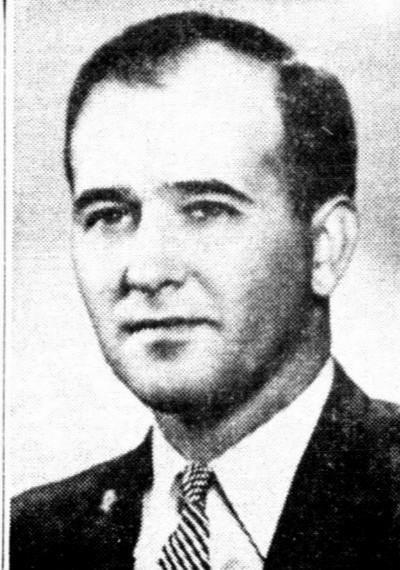

Dr. Green, while visiting on the WT campus, will also evaluate the new West Texas Student Teacher Center Project, a two-year experimental program in student teaching practices established in the fall of 1959. The program is due to continue another year and is seen as a guide for other college student teaching practices throughout the state.

Evelyn Louise Chamberlain of Clarendon is among the candidates for degrees at the summer convocation of WT. She is seeking the Bachelor of Science degree.

Dr. Green became director of the new Texas commission in 1956 after a one-year stint as professor and chairman of the department of economics and finance at Baylor University. He has previously been financial economist for the Federal Reserve Bank of Dallas from 1949 until 1955. He was a professor at Duke University, where he earned his Ph.D., and at Texas A&M, where he earned his B.A. and M.A. degrees.

Dr. Green has written a number of articles for publication in the areas of finance, economics and public higher education. He is the Texas member of the Southern Regional Education Board and of the Research Advisory Committee of the board. He is currently a member of the advisory committee to the Virginia Council of Higher Education and is past chairman of the national Conference of Executive Officers of State-wide Boards of Higher Education.

#### WHEAT FUNERAL SERVICES HELD

Funeral services were held in Seymour Sunday for J. A. Wheat, husband of Mrs. Ruth Wheat, and a brother-in-law of Mrs. Roy Beverly of Clarendon. Mr. Wheat became ill Thursday evening and died Friday morning.

Among those to attend services were Mr. and Mrs. Roy Beverly and son, R. A. Beverly, of Clarendon, Mr. and Mrs. Jack Wiley of Clayton, N.M., Mr. and Mrs. Hershel Berry of Dumas, and Mr. and Mrs. Bill Beverly of Amarillo.

Mrs. Wheat will be remembered here as Mrs. Ruth Teat, supervisor of Adair Hospital for eleven years.

#### MCMURRY ENROLLMENT WILL INCREASE THIS YEAR

McMurry College in Abilene, serving Methodist young people in the Northwest Texas and New Mexico Conferences, is planning for another record-breaking year beginning in September.

Dr. Gordon R. Bennett, McMurry president, has said that enrollment this fall is likely to exceed 1100 students — an increase of more than 100 over the 1959-60 year.

Because of this increase, college officials are especially anxious to take care of every Methodist student who wishes to attend McMurry.

Dr. Bennett advised prospective McMurry students, who have not yet done so, to contact the Registrar, Jerome Vannoy, for information, or to forward their room deposits to Mr. Bill Fiveash, McMurry Business Manager. "We do not want to have to turn away any qualified applicant from among our Methodist young people just because that youth may have waited too late to get a room," said Dr. Bennett.

### Cub Scout News

Den No. 2 met at the Cub Scout Council room and worked on Indian costumes for Akela Council which will be held Tuesday, August 30.

Den No. 4 met at the City Park, had refreshments and played games.

Den No. 1 took a trip to the rock crusher which is operated by Henry Stafford. They saw pits, rock and gravel, how it is dug, crushed and cleaned, loaded and carried off. They took a tour of the machinery handled in the operation.

The monthly pack meeting was held at the Clarendon Country Club with 91 present. We had lots of fun swimming and followed with a picnic. A Texas Game and Fish Commission film on marine life was shown after eating was over. Den No. 2 won the attendance trail with 43 present for them.

Two old awards were presented. Eddie Carmichael received 1 silver arrow and Steve Adams received his Bob Cat badge.

AUSTIN — If the brackish, "hard as bricks" water common to many parts of West Texas can be made suitable for domestic use, Texas' available water supply would be materially increased.

To this end, the State Water Board has approved a de-mineralization research project to be carried out by the board, University of Dallas and Texas Electric Service Co. Board will put \$20,000 into the work.

Board engineers say total de-mineralization is not necessary and that it is possible the process can be accomplished at an economically feasible cost.

In another move to increase available water, the Board has set a series of hearings on cancellation of water appropriation permits that have not been used. First 10 of the permits to be reviewed are scheduled for hearing Sept. 22. Some of the permits date back as far as 1918.

DPS ASKS BOOST — With more traffic to patrol and more crime to fight, the Department of Public Safety will ask the next Legislature for money to increase its staff.

Col. Homer Garrison Jr., DPS director, has presented a budget calling for \$16,461,260 for 1962 and \$17,720,166 for 1963. This compares to \$12,420,490 allocated to DPS for this year and \$13,353,272 for the new fiscal year beginning Sept. 1.

Requested increases would allow the addition of 200 new highway patrolmen 10 Texas Rangers, four narcotics agents and four intelligence agents.

Supporting his request, Garrison made this grim forecast: 29,600 more major crimes will be committed in Texas in 1963 than in 1959. This is apparently a continuation of the trend which

saw major crimes rise 45 per cent in the past five years, rising to 175,851 in 1959.

PAROLE EXPANSION SOUGHT — Texas Board of Pardons and Paroles has a plan for saving the state some money.

But to do so, the Board says it will need some more money to invest in enlarging the state's staff of parole supervisors. Since the paid parole system got underway in 1958, the Board says it has saved the state \$3,000,000. It costs that much less to pay a supervisor to keep tab on a parolee than it costs to board and clothe a prisoner and make relief payments to his family.

The Board feels it needs a 70-man parole staff, rather than the present 40 — to do the job. For this, the Board is asking an appropriation of \$1,466,819 for the next two years. This is an increase of \$480,863, or nearly a half-million dollars, over the present biennium's appropriation.

Board contends this extra investment will save the state \$2,500,000 in prison costs, plus offering a better chance of returning more men to useful, law-abiding places in the community.

OIL FLOW UNCHANGED — Texas Railroad Commission has announced an eight-day producing pattern for the Texas oil industry in August — the same as for July.

Daily allowable will be 2,630,069 barrels a day. A majority of producers appearing before the Commission said there is still an oil glut in Texas and continued restriction is needed to protect the market. Commission action came in the wake of a declaration by UT's Bureau of Business Research director that oil is no longer king in Texas. Even with foreign import limits, said Dr. John Stockton, supply outruns demand so that production has had to be held down to 8 to 12 days a month for the past two years.

Stockton foresees no improvement, Texas, he said, must develop new industries to bolster its economy or lose out to more dynamic areas.

PARKS SURVEY SET — State Parks Board has announced the Texas Research League will make a study of its operations and report to the next Legislature.

League is a privately financed, non-profit government research organization which studies state agencies at their own request.

State Auditor C. H. Cavness has recommended the Parks Board hire an auditor to keep track of the receipts from concessions operated in the state parks. Cavness also urged that the next Legislature act on a Legislature Council report presented to the 1959 session making recommendations for the continuing, expanding and abandoning of various parks.

Parks Board has designated a new state park, to be known as San Marcos State Park to be located near the proposed Canyon Dam site on the Guadalupe River.

SCHOOL REPORT CARD — State Commission on School Accreditation has weighed Texas public schools against state standards and found 54 wanting. Inspection teams recommended disciplinary action against 20 schools and warnings of a need for immediate improvement by 34 more.

If a school loses its accreditation, the work of its students cannot be transferred to accredited schools with full credit.

Commission recommendations will be reviewed by the State Board of Education at its September meeting.

TRAFFIC TOLL CUT — While nationally the drop in traffic deaths for this year is one per cent, Texas has improved by nine per cent.

Texas traffic deaths up to mid-July of this year totaled 1,049, compared to 1,152 for the same period last year.

A veteran highway patrol officer said he believes the new auto insurance rates, which jump sharply for motorists with accidents or violations on their records, have contributed substantially to the better record.

But radar, he said, had the same effect until people got used to it and became indifferent again.

Mr. and Mrs. Bill Bradshaw visited Friday night with Mr. and Mrs. David Patterson at Canyon.

**THE FAMILY DOCTOR HOLDS HIS OWN**

The family doctor holds a high and honorable place in American history and tradition. The very phrase brings up pictures of a dedicated physician, fighting his way through storm and darkness in a horse and buggy or a primitive car.

Yet, some years ago there was a feeling that the family doctor was on the way out, and that medical knowledge had become so vast and treatment so complex that only specialists could meet the need. And, for a time, the statistics bore this idea out. In 1940, only one medical student in 10 planned on entering general practice. But a dramatic change has taken place. Today, six medical students in 10 will go into general practice.

There are good reasons for this. The general practitioner of today is far more competent, far more knowledgeable, than his predecessors. Postgraduate work, reading, medical meetings and other factors see to it that he keeps up with medical progress. And there is more to the matter than just the question of competence. The family doctor fills a niche that no one else can fill. He knows his patients - and they know him, as a friend as well as a medical man. He is on call when needed. He brings with him confidence and peace of mind - psychological medicines, so to speak, which are important to building and regaining health. He knows when a specialist should be summoned, and what kind.

The American scene wouldn't be the same without the family doctor. Its good to know that he is holding his important place in the great canvas of American medicine.

The Chamber of Commerce of the U.S. says that as recently as fiscal 1958, the latest period for which figures are available, more than two out of every five retail corporations in their income tax reports showed no profit at all.

West Point, Miss., Leader: "It's a pleasure to comment on good news now and then, though the opportunities sometimes seem far between. Today's glad tidings are that the Labor Department has turned thumbs down on the idea of setting up a new bureau to force employers to hire older workers.

"The reason is that employers are solving the problem voluntarily at a faster clip than a new law might be expected to do the job."

# The PLAN of SALVATION

The Bible can be referred to as an account of God's plan for saving man, or simply the plan of salvation. It is within the Book of all books that God makes known the origin of man, the purpose of man, and plans for his destiny. All of this begins in the book of Genesis and picks up momentum with each book following, to reach a climax within the pages of the New Testament.

With this in mind, let us turn to the law of Christ and consider it as it is related to man.

First we observe that when an individual reaches the age of accountability, he becomes a sinner. Here the New Testament reveals this class of people, as Sinners. Rom.3:23. "For all have sinned, and come short of the glory of God."

All have sinned. Therefore, all stand in need of a saviour; (Here Paul goes on to say, "But God commendeth his love toward us, in that while we were yet sinners, Christ died for us" Rom.5:8

God, seeing man's lost condition resolved to do something about it, and He did. He sent His Son to this world that He might live, and finally offer Himself as a sacrifice for the sins of the world.

## This Will Be The Theme For The Gospel Meeting

Which has its beginning on August 14th and continuing through August 23rd.

As the Evangelist for this meeting, I urge you to make your plans to attend all of these services. I shall be happy to discuss with you any problems that you may have concerning the plan of salvation.

THE FAMILY DOCTOR HOLDS HIS OWN

The family doctor holds a high and honorable place in American history and tradition. The very phrase brings up pictures of a dedicated physician, fighting his way through storm and darkness in a horse and buggy or a primitive car.

Yet, some years ago there was a feeling that the family doctor was on the way out, and that medical knowledge had become so vast and treatment so complex that only specialists could meet the need. And, for a time, the statistics bore this idea out. In 1940, only one medical student in 10 planned on entering general practice. But a dramatic change has taken place. Today, six medical students in 10 will go into general practice.

There are good reasons for this. The general practitioner of today is far more competent, far more knowledgeable, than his predecessors. Postgraduate work, reading, medical meetings and other factors see to it that he keeps up with medical progress. And there is more to the matter than just the question of competence. The family doctor fills a niche that no one else can fill. He knows his patients - and they know him, as a friend as well as a medical man. He is on call when needed. He brings with him confidence and peace of mind - psychological medicines, so to speak, which are important to building and regaining health. He knows when a specialist should be summoned, and what kind.

The American scene wouldn't be the same without the family doctor. Its good to know that he is holding his important place in the great canvas of American medicine.

The Chamber of Commerce of the U.S. says that as recently as fiscal 1958, the latest period for which figures are available, more than two out of every five retail corporations in their income tax reports showed no profit at all.

**The PLAN of SALVATION**

The Bible can be referred to as an account of God's plan for saving man, or simply the plan of salvation. It is within the Book of all books that God makes known the origin of man, the purpose of man, and plans for his destiny. All of this begins in the book of Genesis and picks up momentum with each book following, to reach a climax within the pages of the New Testament.

With this in mind, let us turn to the law of Christ and consider it as it is related to man.

First we observe that when an individual reaches the age of accountability, he becomes a sinner. Here the New Testament reveals this class of people, as sinners. Rom.3:23. "For all have sinned, and come short of the glory of God."

All have sinned. Therefore, all stand in need of a saviour; (Here Paul goes on to say, "But God commendeth his love toward us, in that while we were yet sinners, Christ died for us" Rom.5:8

God, seeing Man's lost condition to do something about it, and He did. He sent His Son to this world that He might live, and finally offer Himself as a sacrifice for the sins of the world.

**This Will Be The Theme For The Gospel Meeting**  
Which has its beginning on August 14th and continuing through August 23rd.

As the Evangelist for this meeting, I urge you to make your plans to attend all of these services. I shall be happy to discuss with you any problems that you may have concerning the plan of salvation.

### Amendments To Be Presented In November

Texas voters should look to the month of November, 1960, as another time of decision, for it is in this month which a General Election will be held.

At this time a new President will be elected. All other elective offices, both National and State, will likewise be voted upon.

There will be much pre-election campaigning and ballyhoo by both Democratic and Republican candidates. And, because of the publicity in the newspapers, and on radio and TV, interested

voters will be afforded ample opportunity to study the various candidates and their respective platforms.

At the same time Texans will again be called upon to amend their Constitution, but the four propositions which will be submitted for approval or rejection are not likely to attract as much attention as the candidates.

Nevertheless, these amendments should be carefully studied by every voter, because each involves matters of finance even though the specific subject matter of the amendments is unrelated. The amendments will be headed as follows:

"Proposed Constitutional Amend-

ment To Be Voted On At An Election To Be Held November 8, 1960."

Amendment No. 1 would authorize the Legislature to create a Hospital District including Lamar and Idalgo Counties, and County Commissioners' Precinct No. 4 of Commanche County.

Amendment No. 2 would increase to three and one-half percent (3 1/2%) the maximum permissible interest rate on bonds hereafter issued by the Veteran's Land Board.

Amendment No. 3 would allow an annual salary for Members of the Legislature of not to exceed \$4800 per year, and a per diem allowance of not more than \$12.00 per day for the first 120 days only if each Regular Session, and for 30 days of each Special Session of the Legislature. The Regular Session would be limited to 140 days.

Amendment No. 4 would give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest.

Voters should study these amendments carefully, and watch their newspapers for further discussions of these amendments. Above all, plan now to vote!

Three of the above amendments appear in the Leader this week.

#### VACATION IN THE EAST

Mr. and Mrs. J. R. Brandon, Mrs. Julia Heuer, and Mrs. J. R. Porter returned home Sunday afternoon after a vacation in the eastern states. While away they traveled in sixteen states.

Among the highlights of their trip were visits to New York City, Philadelphia, Washington, D.C., Williamsburg and Jamestown, Virginia.

#### TRADE DAY WINNERS

Winners in the Trade Day event here Saturday were \$25 - Dollie Mayo; \$10 - Carl Barker; \$5 - Lacy Noble. The only participating merchant listed was Bob Moss Pharmacy on the first ticket.

Wayne Mann left recently for service in the U.S. Navy. He is now in San Diego, California, awaiting further assignment.

### HARDIN NAMED ON FHA COMMITTEE

Appointment of Warren Hardin as a member of the Donley County Farmers Home Administration committee was announced this week by James Gouley, the agency's county supervisor serving Armstrong, Donley and Gray counties.

Mr. Hardin farms in Donley County and lives near Ashtola.

Two other members make up the 3-member committee which

works with the county supervisor to see that the best possible use is made of the agency's farm credit service program consistent with local farmers' needs. The other two members are Samuel W. Lowe and Clyde C. Slavin, both of Clarendon.

Each member is appointed for a 3-year term. Mr. Hardin succeeds Gerald L. Noble whose 3-year term expired this year.

The committee determines the eligibility of individual appli-

cants for all types of loans. It also aids the county supervisor in adapting the agency's loan policies to conditions faced by farmers in this area. Members are selected and appointed so that, so far as possible, different areas or neighborhoods are represented.

The Farmers Home Administration makes annual or intermediate term loans to farmers who need adequate funds to buy equipment and livestock, and longer term loans to build or

repair houses and other essential farm buildings, and to purchase or improve land suitable for family-type farm operations.

It also advances credit to farmers or their non-profit associations to establish and carry out approved soil and water conservation practices, and to install and improve irrigation and farmstead water facilities.
