Revival Begins At Lelia Lake Methodist Church

Revival services will begin at the Lelia Lake Methodist Church Sunday morning, March 29th and continue through Sunday, April 5th. Services will be held at 7:30 both morning and evening. Prayer groups will meet each evening at 7:00 p.m. Everyone is cordially invited to attend all these services.

The Rev. Robert H. Knight of Beckett, Texas will be the evangelist. The Rev. Mr. Knight is well known throughout this section as a pastor and as an evangelist. He has served as pastor of several churches in the Children's District and has held revivals throughout the Northwest Texas Conference.

The Lelia Lake pastor, James A. McDonald, reports that he has been in several revivals with Rev. Knight, and has found him to be one of the most consecrated spiritual preachers he has ever known. A man of God with a message from God.

Again, everyone is urged to attend all these services.

Showers Early Wed. Net .17 Inch Moisture

Many residents were pleasantly awakened early Wednesday morning by loud claps of thunder and the musical patter of rain drops. The early morning showers measured .17 inch moisture. Our official weather observer has recorded a total of .28 inch moisture for the month and a grand total of .82 for the year. This is quite a bit under the total for the same period last year which was 4.56 for the first 3 months of 1958. Maybe this is the beginning of a wet spell.

Bennett And Spurgeon Make All-District

Two members of the Clarendon High School Bronchoeets basketball team have been selected on the all-district team this year. Miss Jo Ann Bennett, a senior forward who averaged more than 25 points per game this year, made the team for the third straight year. Also selected was Miss Pat Spurgeon, a senior guard, who was outstanding all season at guard and at times switched to forward where she also played creditable ball.

SPECIAL SERVICE FRIDAY AT EPISCOPAL CHURCH

Episcopalians will mark Good Friday with a special service at 10 o'clock Friday morning in St. John Baptist Episcopal Church. The Venerable Claude C. Canterbury, archdeacon of the Diocese of Northwest Texas will lead the one-hour service. The public is invited.

Fire Destroys Lelia Lake Farm Home

Fire of undetermined origin completely destroyed a farm home on the Nelson Seago place north of Lelia Lake last Thursday night.

Mr. and Mrs. Billy White were the occupants of the house but were away from home at the time the fire broke out. Mr. White is the coach at Lelia Lake and the family was attending a Volley Ball tournament at the school house at the time the fire was noticed.

After the alarm was sounded, a group attending the tournament rushed to the White home and were able to save a large amount of their household effects although their overall loss amounted to quite a sum in addition to the loss of the house for Seago. The Clarendon and Hedley Fire Departments answered the call but the fire had too big a start before they arrived. They were able to keep it from spreading to outbuildings causing further damage.

Mark Allen Finds Large Balloon

Mark Allen, rancher south of Clarendon, found a large plastic balloon on his place last week which was more than just an oddity... it posed a big problem.

Allen was riding his range on horseback earlier in the week when he discovered the object in the rough country about 3 miles from his home. His horse definitely refused to move in close enough to get a good look at the balloon so he drove back the next day as near as he could in his pickup and walked the remainder of the distance to find a plastic balloon which had ripped open and covered several acres. Sheriff Bill Cornell, who went to investigate, reported that it would take considerable effort to remove the balloon as it would have to be cut in strips and rolled up. The balloon was apparently an army instrument as the weather balloons are only about 10 feet in diameter whereas this one was at least 200 feet or more in diameter, Cornell added.

WELLINGTON RESIDENT DIES MARCH 21

Charles Walker Winchester, 80 years of age, retired businessman of Wellington and a former resident of Clarendon, died Saturday, March 21, at St. Josephs Hospital in Wellington. Mr. Winchester had lived in Wellington the past four years. He was born March 3, 1879 in Alabama. His body was sent to Munday, Texas for services and burial.

Surviving are his wife and four sons.

Tiny Tot Style Show Scheduled For April 7

The Senior FHA Chapter has set April 7 as the date for their Tiny Tot Style Show. The show this year will be planned with three divisions: Toddlers—18 months to three years; Pre-School Children—4 to 6 years; and the School Age group—6 to 10 years.

The program will begin promptly at 7:30 the evening of April 7 and all children taking part should be at the school by 7 p.m. Admission will be 20c for children under 12 years of age and 50c for adults. The entry fee for each child on the program will be 75c.

A boy and girl will be picked from each division as a first prize winner. Then, Mr. and Miss Tiny Tot of Clarendon will be chosen from these six children. Each entry will receive a small prize. Narrator for the program will be Carole Woods.

If you have a child whom you wish to enter, you may do so by calling or contacting Linda Self, Georgia Harmon, Barbara Koontz, Pat Spurgeon, Robbie Johnson, Elaine Behrens, or you may call the high school between the hours of 3 and 4 p.m.

Former Resident Dies At Petersburg

Funeral services were held in the Nazarene Church at Petersburg, Texas, Sunday, March 22, for J. D. Garrison a former Donley County resident. Mr. Garrison died in Quannah Friday morning.

Burial was at Petersburg. Serving as pallbearers and honorary pallbearers were his grandchildren.

John Daniel Garrison was born in Missouri, April 24, 1867 and passed on to his heavenly home barely a month short of his 92nd birthday. He was married to Miss Martha Duke in Ellis County, Texas in 1891. The couple moved from Claude to Clarendon in 1924 and to Petersburg five years ago. He was a long time member of the Church of the Nazarene.

Surviving are his wife of Petersburg and ten children: Mrs. Edna Bagwell of Claude, Texas; Mrs. Pearl Hensley of Redonda Beach, Calif.; Miss Lucy Garrison and Mrs. Jewel Groves of Phoenix, Ariz.; Mrs. Ruth Rhodes of Petersburg; M. R. Garrison of Quannah, Texas; Robert L. Garrison of Miami, Florida; John W. Garrison of Oceanside, Calif.; Charlie G. Garrison of Escondido, Calif.; and George M. Garrison of Hereford, Texas; also one sister, Mrs. Sarah Case of Claude, Tex.; 38 grandchildren, 65 great grandchildren, and 4 great, great grandchildren.

DR. GEO. KOLLMAR TO PREACH AT BAPTIST CHURCH SUNDAY

It was announced this week that Dr. Geo. Kollmar, Missionary to Barran Quilla, Columbia, South America, will fill the pulpit for both services at the First Baptist Church Easter Sunday.

Dr. Kollmar is on a 18 months leave from his post in South America and is attending Seminary in Ft. Worth. His wife is the former Rose Mary Boston, daughter of Mrs. W. M. Boston of Goodnight.

Everyone is cordially invited to hear Dr. Kollmar Sunday morning and night.

FATHER OF WILLARD EDGETT DIES

Willard H. Edgett, father of Willard Edgett, local band instructor, died in a Lubbock hospital last Thursday after suffering a stroke. Funeral services were held Saturday in Lubbock Memorial Cemetery.

Mr. and Mrs. L. T. Whitlock of Amarillo and Mrs. Frank Whitlock attended the Garrison funeral services in Petersburg Sunday.

New Highway Patrolman Stationed Here

Bill Cornelius, State Highway Patrolman who has been stationed here the past two years, finally was assigned a partner last week in the person of Philip Warren Hansen.

Hansen, who is 21 and single, graduated from the Texas Department of Public Safety Law Enforcement Academy at Austin the previous weekend. He is making his home at the Ben Williams apartment. He was raised at Clifton, Texas and attended Baylor University 2 1/2 years.

Patrolman Cornelius has been working alone here for several months which creates a hardship at times along with many lone-some hours. The Panhandle district received several from the last graduating class which will improve the situation considerably in this area as most all stations have been working short-handed.

We are happy to have Patrolman Hansen with us and we are sure he will welcome the opportunity if getting acquainted with everyone here. We hope he will not have to make too many acquaintances under strained conditions or from a law violation standpoint.

Deposits In County Banks Over 7 1/2 Million

According to condensed statements of the three banks located in Donley County as published in this issue of the Leader, total deposits add to the figure of \$7,680,105.20 as of the close of business March 12, 1959. This figure shows a slight decrease from the all-time high of \$7,822,500.27 on December 31, 1958.

At the same time the three banks showed a total of \$3,585,618.90 in loans which is an increase of \$278,445.33 over the total loans December 31, 1958.

For detailed information on the statements of The Farmers State Bank and the Donley County State Bank of Clarendon and the Security State Bank of Hedley, turn to the second section of this issue of the Leader. Residents of this area can certainly be proud of the banking facilities available in Donley County.

Long Line Awaiting Purchasers Of Car Tags

According to Sheriff, Tax Assessor-Collector Bill Cornell, there's going to be a long waiting line for purchasers of license plates the next five days as between 800 and 900 sets are due to be issued during this time if the total reaches that of last year.

This means that nearly 200 sets of tags must be issued each day. It takes several minutes to check and fill out all the papers necessary. Cornell is reminding everyone that it is mandatory that you bring your certificate of title and last year's registration receipt. Without them, you get no tags. You can help this last minute rush by having everything in order when your place in the line reaches the counter to be waited on.

GOOD FRIDAY SERVICES AT CATHOLIC CHURCH

Catholics the world over celebrate Good Friday tomorrow, Friday, March 27. Clarendon Catholics will have Good Friday services at 6:30 p.m. in the Saint Mary's Catholic Church here in Clarendon.

On Good Friday, Catholics recall the Crucifixion and Death of Jesus Christ in Jerusalem some 1900 years ago.

Sunday, March 29th, Easter morning, Catholics will worship at Holy Mass at 9:00 a.m. The general public is always welcome.

Services Held Friday For W. D. Kidd

Services for William Douglas Kidd were held in Temple Baptist Church in Amarillo, Friday, March 20, 1959 with Rev. Hal Upchurch officiating. Interment was in Citizens Cemetery here under the direction of Warren-Lagrone Funeral Home in Canyon.

Mr. Kidd died in St. Anthony's Hospital Thursday, March 19, 1959. The family home is at 1608 Harrison, Amarillo.

Mr. Kidd was a resident of Clarendon from 1942 until 1948. He was associated with the Buntin and Womack Funeral Home at that time. He was a member of the First Baptist Church and the Lion's Club while in Clarendon.

Survivors include the wife; three sons, Henry of Houston, Douglas of Port Lavaca, and Hubert of Memphis; five daughters, Mrs. Elbon Naylor of Clarendon, Mrs. John Rhea of Dallas, and Miss Mary Kidd, Miss Faye Kidd and Miss Jo Kidd of Amarillo; one sister, Mrs. S. T. Low of Electra, one brother, R. B. Kidd of Corpus Christi, and six grandchildren.

National FHA Week To Be Observed

National FHA Week will be observed this year during the week of April 3-11. Clarendon Future Homemakers have planned a week-long list of activities as their part in the national observance.

Opening the round of events, all members will attend the 11:00 o'clock services Sunday morning at the First Baptist Church. Monday there will be a Mexican supper and a play presented by the Spanish class. Tuesday there will be a Tiny Tot style show. The election of officers for the coming year will be held Wednesday. Thursday the auction of Freshmen will be held and Friday there will be an informal initiation.

A 100 per cent participation of membership in these activities is expected.

Revival Begins April 3 At Lelia Lake First Baptist Church

Larry Molane, pastor of the First Baptist Church at Lelia Lake, has announced a Revival for that church beginning April 3rd and continuing thru the 12th.

R. L. Self of Orange, Texas will be visiting Evangelist and Frank Claborn of Lelia Lake will be the song director.

Services will be held twice daily at 10 a.m. and 7:30 p.m. The public is invited to all these services.

LELIA LAKE TALENT SHOW FRIDAY EVENING

A Talent Show for the benefit of the Junior-Senior trip is scheduled at the Lelia Lake gymnasium at 7:15 this Friday evening, March 27. Hopes are that there will be talent from the following places: Lelia Lake, Hedley, Memphis, Lakeview and McLean. Anyone wishing to enter the show, or who knows of good talent available, is requested to notify the school authorities at Lelia Lake.

Entries now in include the Elks Trio and Wanda Ryan of Clarendon and one from Groom, the freshman girls.

FHA TO SPONSOR CHICKEN SUPPER

The Senior FHA Chapter is sponsoring a Chicken Supper to be held at the IOOF Lodge Hall at South Main Thursday evening, March 26. The public is invited to have the evening meal with us. Tickets will be \$1. Serving will begin at 5:30 p.m.

Warning Systems To Be Used During The Coming Storm Season

The local sheriff, deputy sheriff and fire department representatives met on March 19 in Amarillo with H. C. Winburn, chief of the United States Weather Bureau in Amarillo.

The purpose was to learn details about the reporting and warning systems which will be in use during the coming storm season. Those attending were Bill Cornell, Troy Marsh, Carl Bennett, Tommie Saye and Clyde Price, Jr.

H. C. Winburn, head of the weather station in Amarillo will present the program at the Lions Tuesday luncheon, April 7th and will also conduct a free weather program at the Mulkey Theatre that afternoon at 2 p.m. at which time the entire public or all persons interested are urged to attend. He will show a film on severe weather which includes actual tornado scenes etc. Free Coca-Cola will be served at this program thru the courtesy of the Memphis Coca-Cola Bottling Co.

The following is the information which they received and particular distinction should be made between a SEVERE WEATHER FORECAST OR ALERT and a SEVERE WEATHER WARNING as you read it.

This plan is developed to more effectively inform and warn residents of the Texas Panhandle whenever there is danger of a tornado or other severe weather conditions. It is also for the purpose of avoiding public confusion caused by unfounded rumors and incomplete information.

SEVERE WEATHER FORECASTS are released by the Weather Bureau to alert the public to possible development of severe local weather conditions. These FORECASTS serve to alert those people directly responsible for the safety of their communities. Weather Bureau will maintain constant radar search and recall sufficient personnel to issue warnings if such should be needed. Local Storm Networks, Civil Defense and the Red Cross will be alerted for possible action. Schools will post look-outs. Highway Patrol Sheriff Departments and local Police and Fire Departments will stand by for possible action.

The general public need take no action upon receiving a SEVERE WEATHER FORECAST—EXCEPT—to plan what individual action may be taken in the event a severe storm does develop in the immediate vicinity, and to arrange to receive follow-up information that will be broadcast until all danger is past. SEVERE WEATHER WARNINGS ARE released by the Weather Bureau to WARN the public of the approach of severe local weather conditions ALREADY IMMINENT. This warning will contain information about the exact location and direction of movement of the destructive storm.

When SEVERE WEATHER WARNINGS are broadcast, these persons in the immediate area and in the path of the storm will take cover immediately. Tornadoes affect only a very limited area, but in those areas quick and decisive action can save your life.

All information regarding weather conditions, forecasts, or warnings must come from the Amarillo Weather Bureau.

Participants in the plan for Donley County: Communications—Amarillo, KGNC, KFDA, KAMQ, KLYN, KGNC-TV, KFDA-TV, KVII-TV; Pampa, KPND, KHHH; Borger, KHUZ, KBBB; Perryton, KEYE; Dalhart, KXIT; Dumas, KDDD; Hereford, KPAN; Tulia, KYUE; Shamrock, KEVA; Childress, KCTX; Texas Highway Patrol; Sheriff Departments in 26 Panhandle Counties; Local Fire Departments; Weather Bureau Cooperative Observers in each of the 26 Counties.

The Weather Bureau at Amarillo is responsible for forecasts and warnings for 26 Panhandle Counties. Local Storm Networks have been established in the principal cities in each of these counties. These networks and area radio stations will supplement the above plan whenever any portion of the Panhandle is covered in a forecast or warning.

1. Severe weather forecasts, and if required severe weather warnings, will be released by emergency broadcast procedure over radio and TV plus local area radio stations in affected areas.

2. Highway Patrol will be notified and Cooperative Plan in covered areas only will go into effect.

3. Sheriff's office will relay information only to covered counties.

4. Radio stations reaching covered areas will broadcast information and local storm networks will be alerted by broadcast over commercial channels.

All information regarding weather conditions, forecasts, or warnings must come from the Amarillo Weather Bureau.

BAKE SALE SET FOR SAT. AT VALLANCES

Mothers Study Club will sponsor a Bake Sale Saturday morning, March 28, at Vallance Food Liner. Sale will start at 9 a. m. and pies, cakes, cookies and brownies will be there to choose from. For your holiday weekend, you are invited to shop with us for your sweet treats.

Leader—Local rate, \$3.00 a year

Local Patrolmen Don New Uniforms

Displaying their new uniforms with the big ten gallon hats are Patrolman Bill Cornelius at left and Patrolman Philip Warren Hansen. Hansen joined Cornelius as his partner here last week. Cornelius stands 6 ft. 5 inches and Hansen measures 6 ft. 2 inches. They make a fine pair and Cornelius says it's sure fine to have a tall partner instead of a short one. It sure gets tiresome for a tall man if a short man is driving, he added.

OVERCHARGED AND GOUGED — Vestal Lemmon, general manager of the National Association of Independent Insurers, used this chart to show members of the House Insurance Committee at Austin that Texans were paying \$34 million more than necessary for their car insurance. The chart shows that Texans, under a single-rate system, pay from \$15 to \$50 more each for their auto insurance than drivers in neighboring states, where flexible insurance prevails.

HEDLEY NEWS

Mabel Bridges

Attending the St. Patrick Day celebration at Shamrock Tuesday from Hedley were Mr. and Mrs. Ray Jewell, Mr. and Mrs. Winifred Doherty, Mr. and Mrs. Bill Scales, Mr. and Mrs. Bradley and daughter, Mrs. Maureen Doherty, Mrs. Mabel Bridges, Virgie McPherson, Bill Bain and family. The winning float of the 1958 Cotton Festival with Miss Patti Patten riding on it was in the big parade. There probably were others your reporter failed to see.

Mr. and Mrs. T. R. Easterling and son Tony of Vernon spent Friday with her sister, the Clifford Johnsons.

Mrs. Hobart Moffitt had the misfortune to fall in her home Thursday. She was painfully hurt but no bones were broken. She will be confined to her bed several days. We wish her a speedy recovery.

Mrs. Myrtella Deahl and mother, Mrs. R. E. Mann and Mrs. W. I. Rains spent Wednesday in Amarillo visiting Mrs. Dayton Shelton who is ill.

Mrs. Vera Hickey of El Paso is here with her parents, Mr. and Mrs. Walter DeBord. We are happy to report Mrs. DeBord improving after her illness.

Chas. Barnett has been on the sick list the past week. Glad to report him able to be out.

Mrs. J. D. Masten and Letha had visitors Monday and Tuesday. They were Mrs. D. O. May and Mrs. Dellie Taylor of Ringling, Oklahoma. Mrs. May is a niece of Mrs. Masten.

Rusty Mosley was brought home Tuesday from a Memphis hospital where he had been ill with flu.

Mrs. W. I. Rains and Ike spent Sunday in Amarillo with Mr. and Mrs. Chas. Rains.

Miss Joyce Selby and Don Haire of Brice were united in marriage March 5 in the home of Rev. Gene Harrison, minister of the Christian Church in Boise City, Okla. The bride is the daughter of Mr. and Mrs. Clifton Selby of Hartley, formerly of Hedley. The groom is the son of Mr. and Mrs. E. V. Haire of Brice. They plan to make their home in Hartley where the groom is employed.

Mrs. S. G. Adamson honored Mrs. Don Haire with a bridal shower March 22 at her home. The table was covered with an imported cut work linen cloth centered with a crystal punch bowl flanked by candles. Miss Marie Butler served punch and Miss Carolyn Stephens served cake. The honoree received many

'Texas Rural Minister' To Be Named

Life in rural Texas is often made more pleasant and rewarding because of the work done

beautiful and useful gifts. Miss Elnor Butler presided at register where 20 guests registered. Those unable to attend sent gifts.

Carl Morris and Doyle Messer attended a field day on beef feeding cattle at Texas Tech March 14.

Pfc. Otis E. John Farris has just returned to Ft. Bragg, North Carolina after spending several months in Anchorage, Alaska.

He says Alaska may be the biggest but Texas is the best. John is a paratrooper in the 82nd Airborne Division. He is the son of Mr. and Mrs. Woodrow Farris.

S-Sgt. and Mrs. Carter Huffman and son, Tony, came in last week from Guam and visited several days with his parents, Mr. and Mrs. Bill Huffman. They left Wednesday for their new station at Shaw Air Force Base at Ft. Sumter, South Carolina. Mr. and Mrs. Bill Huffman accompanied them there where they will visit for some time.

Mr. and Mrs. Hally Byers and daughter visited in Amarillo last weekend.

C. C. Cavender who moved to Amarillo a few weeks ago had the misfortune while painting his house of having the ladder to fall, breaking his ankle. Sorry to report.

Mrs. Mabel Bridges visited Mr. and Mrs. Banks Jeffreys and family in Amarillo Sunday and her aunt, Mrs. Dayton Shelton, who is ill.

Mrs. Othell Bloom of El Paso, Mrs. Jessie Ried of Amarillo and Mrs. William Walling of Dallas visited their sister, Mrs. Chas. Barnett, also Adell Myers of Pampa and Mr. and Mrs. Ted Myers and Monte Joe of Amarillo spent the afternoon with the Barnetts.

Mr. and Mrs. A. T. Simmons spent several days the past week in Corsicana with her sister, Mrs. Eva Fisher and family.

Mr. and Mrs. C. L. Johnson visited the Chas. Neal Johnson family at Matador Sunday.

and the leadership provided by the rural minister. All over the state, says Reagan Brown, extension rural sociologist, ministers are contributing to the building of better communities through their participation in community improvement activities.

"The Texas Rural Minister of the Year" each year is honored by the Progressive Farmer magazine and plans for his naming in 1959 have been announced. Brown says that ministers serving communities with fewer than 2,500 population are eligible for the award.

Each denomination selects their best man and then a committee from all denominations names the top award winner, explained Brown. To make the nominating job easier, Brown says a simplified brochure has been prepared and is available from the magazine. Groups such as community improvement organizations, home demonstration and 4-H clubs, farm organizations, civic clubs and other groups and individuals can make nominations.

All nominations must be in by April 1. Ask for a copy of the nomination brochure by writing a card or letter to Progressive Farmer, 546 Rio Grande Building, Dallas, Texas. Brown urged all communities to recognize their religious leaders by nominating them for the well-deserved recognition.

Men who are industrious, sincere, and honest will have easy sledding on their way to success.

A great many men siver in the cold just because they imagined they had the fire of genius.

BAND BANQUET AND DANCE

The Band Parents honored the Clarendon high school band with a banquet and dance Friday night, March 20th.

The banquet was held in the Fellowship Hall of the Methodist Church. A carnival motif was carried out in the decorations and serving.

Band members and guests were given tickets by the clown at the door and ushered into the big top made of green and yellow crepe paper streamers. The tables were decorated with stuffed animals and clowns holding balloons. The place cards were paper hats and the programs were held by gaily colored clowns.

After a lovely meal of turkey and dressing prepared and served by band mothers, the group went to the IOOF hall where they danced and played games. The hall was decorated with balloons and serpentine. About 40 band members and their guest attended.

LITTLE SISTER CHAPTER

The Little Sister Chapter had their regular meeting March 23. They discussed FHA Week which will be April 5-10. It was voted to go to the Baptist Church April 5 as a group. They also discussed the FHA Mexican supper.

Attending the meeting were: Judy Benson, Karen Knorpp, Marcia McMurtry, Andy Pinkerton, Jane Lowe, Donna Estlack, Lynda Cook, Sue Yankee, Paula Adams, Pauline Mills, Irene Elam, Peggy Webb, Sandra Webb, Lynette Howard, Sally Groom, Fredda Bourland.

Parents were: Mrs. Webb, Mrs. Dalton Howard and Melody, Mrs. Alton Webb, Mrs. White and Mrs. Shields.

MOTHERS STUDY CLUB

The Mothers Study Club met Tuesday evening, March 24, at Patching Club House. Meeting was called to order and roll called by the president. The Parents' Prayer was read by Jo Ann Edens.

During the business session it was decided to have a Bake Sale Saturday morning. The children's Easter egg hunt was also discussed.

The program was presented by Mrs. C. B. Morris who in her charming manner gave an interesting account of the book "My Sky Is Blue" by Louisa Grace Erdman.

Pie, coffee or Cokes were served by the hostesses to 11 members and four guests by the hostesses, Wanda Moore and Doris Salmon. Reporter

PHILLIPS-MINARIK

Mr. and Mrs. Doyle Phillips announce the recent marriage of their daughter, Ila, to Mr. Jack Minarik, son of Mr. and Mrs. John Minarik of Vernon, Texas. The couple will make their home at 3905 1/2 Willbarger St., Vernon, Texas.

MARTIN QUILTING CLUB

The club met March 18, 1959 with Dorothy Sullivan as hostess. A covered dish luncheon was served to 13 members and 3 guests. They were: Lela Bulman, Eunice Land, Blanche Higgins, Velma Hearn, Veda Elliott, Elsie Sibley, Dorothea Reynolds and Cindy, Minnie Cannon, Edna Osborn and Judy, Margaret Waldrop, Annie Waldrop, Lois Stevenson and the hostess, Dorothy Sullivan.

Guests were: Flossie Reynolds, Dela Barker and Lois Hutchens. Next meeting will be with Veda Elliott in her home.

SENIOR FHA MEETS

The Senior FHA girls met in the auditorium Monday evening, March 23. The program was presented before the business meeting was held.

The Girl Scouts of America, Troop 4 had the first part of the program. They were being invested in a very impressive ceremony and were presented their pins.

Jim Groom of Ashtola presented the second part of the program. He gave a short talk on Australia where he lived for a short time. After his interesting talk the girls asked him many questions about Australia.

After the program a short business meeting was held and events of FHA Week were discussed including the Tiny Tot Style Show and the Chicken Supper. Reporter

SR. H.D. CLUB

The Senior Home Demonstration Club met Friday in the home of Mrs. Claude Darden. Mrs. R. C. Bingham, president, presided over the business session. Roll was called and the secretary's report heard. Each member brought a towel and wash cloth to be given to the hospital.

No place was decided upon for the next meeting but an announcement will be made later in regard to this.

Lovely refreshments of Angel food cake, pink bavarian cream, tea, coffee and mints were served to eleven members and one guest. The guest was Mrs. Jean Herd, and members Mesdames O. C. Watson, William Payne, Will Kennedy, Bertha Benson, J. H. Helton, Bennie Crabtree, C. H. Darling, R. C. Bingham, W. L. Jordan and Clyde Butler, by the hostess, Mrs. Darden. Reporter

HUGHGINS QUILTING CLUB

The club met Tuesday afternoon, March 17. Nine members were present and one quilt was finished.

Refreshments of cake, cookies, coffee and Cokes were served.

The next meeting will be March 31, with Ella Hill as hostess. Reporter

LELIA LAKE M.Y.F.

We were opened with prayer by Dawn Autman. There were 10 members present. The program was given by Judy Castner. We planned to go see the Ten Commandments Monday night, March 23. We were closed by M.Y.F. benediction. Reporter

MIDWAY CLUB

The Midway Club met Tuesday with Ida Pickering. One quilt was completed. Those present were: Jewel Myers, Leona Scott, Lucille Eanes, Allie Quattlebaum, Eddie Williams, Bobbie Dishman, Josie Simmons, Loyd Hillis, Ellen Moreland and the hostess, Ida Pickering.

We were very happy to have these visitors: Misses Minnie and Ava Naylor, Arrie Hefner, Eula Butler and Velma Hodges.

The next meeting will be with Allie Quattlebaum on April 7. We will quilt an extra quilt on March 31 at Josie Simmons. It will be a sack lunch.

S/Sgt. Carter Huffman, wife and baby who has been stationed at Guam the past two years visited his sister and family, Mr. and Mrs. Clifford Taylor here and his parents, Mr. and Mrs. Bill Huffman at Hedley. His new base will be at Sumter, S. C. His parents accompanied them there for an extended visit.

Guests Sunday in the home of Mr. and Mrs. C. B. Harp and Lucky Thompson were Mrs. Jack Scott of Tucumcari, Mr. and Mrs. Earl Evans and boys of Hereford, Merle Thompson of Lubbock and Laura Mae Harp of Amarillo.

Mr. and Mrs. Charlie Sullivan of Channing announce the arrival of a girl Saturday, March 21 at Northwest Texas Hospital in Amarillo. Mr. and Mrs. Roy Robertson, grandparents, went up to visit the young lady and Mrs. Robertson stayed for a few days.

Visitors in the Jeff D. Harrison home Sunday were Hoover Harrison and family, Travis Bland and family and Mrs. Emma Ponds, all of Amarillo and Mr. and Mrs. Henry Moore of Hedley.

PORK HEADS APRIL LIST OF PLENTIFUL FOODS

The current supply of pork is sufficient to rate the feature spot on the U. S. Department of Agriculture's April list of plentiful foods for this area.

The list also includes many other energy foods that go well with increased spring activity. Lamb has taken a spot on the list. Broilers and fryers continue plentiful, as do eggs, milk and other dairy products, peanuts and peanut products. And with pork plentiful, lard is too.

Potatoes, cabbage and canned peas are still sufficiently abundant to rate the plentiful tag. Honey and walnut supplies also continue plentiful and they complete the April list.

The monthly list of plentiful foods is supplied by the USDA through the southwest food distribution division of the Agricultural Marketing Service, after national and local supplies are determined. Only foods in heavier supply than normal make the list.

HOSPITAL NOTES

Patients as of Wednesday, March 25—Gilbert Bellah, Simmons Powell, Ralph Decker and Walter Fraser.

Dismissals — Bobby Edens, Mike Heath, Betty Keys, Carroll McClellan, May Prewitt, Gary Yates, Dwight Bennett, Mrs. James Watts, Mrs. John Bass, Mrs. Harmon Goodman, J. A. Howard, R. C. Johnson and Mrs. A. T. Cole.

The modern theory seems to be that a dollar saved is just a good time lost.

New Location

Serving all three meals.

Same service and the same prices. 5 Blocks South of Palmer Motor Co.

NAMED ON DEAN'S LIST AT T.C.U.

Miss Margaret Gayle Cushing, Texas Christian University sophomore from Clarendon, has been named on the Dean's list in the School of Business for the semester just completed.

To be selected for the honor, a student must rank academically in the top 5 per cent of his school or college. Thirty-six business majors were listed on the fall roll.

Miss Cushing, a secretarial science major, is the daughter of Mr. and Mrs. W. E. Cushing of Clarendon.

She is scholarship chairman of Alpha Delta Phi social fraternity on campus. She was graduated from Clarendon High School.

Mr. and Mrs. C. B. Morris and Mrs. Horace Geren attended funeral services for J. D. Garrison in Petersburg, Texas Sunday.

CARDS OF THANKS

My heart is very humble and grateful for all the kindness shown me during my illness. For the lovely flowers and cards and especially your prayers for my recovery, I am most sincerely appreciative.

Dr. Joe Goldston

FENCE CLIMBERS STILL HEAD LIST OF GAME ARRESTS

Trespassing continues the bane of game wardens. There were 59 persons arrested during February for trespassing on private property for their hunting, according to the director of law enforcement of the Game and Fish Commission.

The monthly report showed a total of \$8,184.78 paid in fines for game violations. Court costs amounted to \$483 on the total of 238 arrests made by the wardens.

Night hunting was next high on the list of violations. There were 36 arrests for headlighting. Fishermen without licenses also came in for 34 arrests, while 27 paid fines for hunting without licenses.

The director warned again about fishing without licenses.

"With the advent of warmer weather and more fishing, everyone should be careful about having his license," he said. "A license is required of all fishermen between 16 and 65 who fish outside of their home county, or fish with any kind of winding device anywhere, either in their home county or on the coast."

"Licenses can be obtained from so many sources there should be no difficulty in getting them."

The price of the Texas fishing license is \$2.15. This license is good either for coastal or fresh water fishing, or for non-residents who fish in Texas waters.

The Texian Editor's Frontier News Flashes

Department of Journalism & Graphic Arts
University of Houston

PROVISIONS
 Corn is selling at 50 cents per bushel; and bacon, divested of bone, well cured and sweet to the hungry man, as maiden's lips to government clerks, at 8 cents per pound. In fact from the general abundance in the provisions line, there is no sensible reason why all should not eat, who have appetites and good digestion to wait upon it. Judge Sneed does, and fattens upon the experiment.

The Galveston Democracy have repudiated nominations in the city elections Judge Thompson and Representative Joseph are running upon the independent principle.

MAD DOGS
 We saw, this morning, Mr. Charles Mullins, accompanied by his son, a fine looking little boy, some three or four years old, who had been bitten by a mad dog, eight days ago. The distressed parent was anxiously enquiring for what is commonly called madstone, for the purpose of extracting the venom from the wound.

(Left out paragraph describing details of incident because was too lengthy and rather sickening.)

Mr. M. also states that several mad dogs have lately been seen in the neighborhood of Lampasas. Would it not be well for the citizens of Austin and elsewhere to be on the alert? As the first step of precaution, we would recommend a general slaughter of the canine race in our midst. Mr. John W. Brown, of Webberville, a most reliable gentleman, says that some three weeks past, ten or twelve dogs were bitten by one in a rabid state. The latter was confined and all died, or were killed under the supposed influence of hydrophobia.

it to be distinctly understood that it still belongs to the American party. Well, that is something to affirm in this day, and we admire the spirit of the man who will affirm it.

TIME OF YEAR TO BE CAREFUL OF SNAKES

This is the time of year when poisonous reptiles, such as the very unpopular but wellknown rattlesnake, are coming out. According to H. D. Dodgen, executive secretary, Texas Game and Fish Commission, March is the month when the weather is just cool enough to keep the snakes in their dens and just warm enough to make it nice for an outing.

"This situation will not last long," declares Dodgen. "Once the warm weather arrives in force, the rattlers will leave these dens and begin to slip through the brushlands just to lie behind rocks and drowse in the sun."

There are still plenty of rattlers around. Some 4,000 rattlesnakes were captured during the two-day hunt held recently on ranches near Sweetwater.

"Be extra careful when on an outing," he warned. "These killers usually hide in places where you'd least expect them to be. Don't reach behind a rock or a stump until you've checked for snakes. When lifting wood from a pile, jab it a few times to make sure there are no rattlers there. Know all the precautions and remember them when you're in the country or even in your own back yard."

THE EAST
 The Dallas Herald says that Col. M. T. Johnson was recently thrown under a stumbling horse on which he was riding and had one of his feet badly crushed and mutilated. We regret to hear it.

Mr. and Mrs. Fontayne Elmore and Jerry attended the Garrison funeral services in Petersburg Sunday.

Political Announcement
 Subject to the City Election, Tuesday, April 7, 1959
FOR MAYOR:
 H. T. BURTON
 MAJOR B. HUDSON

CEREAL IS IMPORTANT MILK CARRIER

Forty-one per cent of the adults interviewed in a recent consumer study seldom or never drink milk. Foods prepared or served with milk provided the only source for this very important food.

To get enough calcium and riboflavin in the dairy diet, you need lots of milk, according to extension foods and nutrition specialists. Three to four cups per day are recommended for children; one quart or more for teen-agers; two or more cups for adults; and one quart or more for expectant and nursing mothers.

One good way to include more milk in the diet is to serve it with cereal. Specialists say nutrients of these two foods supplement each other to give good nutrition at low cost.

A serving of cereal and milk provides these important nutrients common to both—top-quality protein, fat, carbohydrate, the B complex vitamins, and the essential minerals calcium, phosphorus and iron.

Cereal is easy to prepare and serve. It has an appeal all its own and can be varied by different toppings of fruits or sweetenings. It's an easy way to add more milk to the daily diet.

Mrs. Raymond Waldrop

Mr. and Mrs. Pete Easterling and family and Mrs. Guy Sibley went to Amarillo Wednesday afternoon.

Mrs. Harold Elliott and children, Mrs. David Stout and son of Amarillo spent Tuesday with Mr. and Mrs. Othel Elliott.

Donna Hill spent Thursday night with Beth Waldrop.

Geo. Bulman, Charlie Hearn and Raymond Waldrop went to the brotherhood meeting at Lakeview Thursday night.

Tommy Waldrop spent Thursday night with Lloyd Lynn McCord and Friday they went to Amarillo to the Science Fair.

Mr. and Mrs. O. T. Hill went to Amarillo Friday and Linda and Teddy Fancher came home with them to spend the weekend.

Mr. and Mrs. W. J. Sullivan went to Amarillo Sunday to see their new granddaughter. The proud parents are Mr. and Mrs. Charlie Sullivan of Channing.

Mr. and Mrs. Freddie McCarty and son of Amarillo visited Bro. and Mrs. John Embury Sunday and in the afternoon they visited with Mr. and Mrs. R. Cannon.

Mr. and Mrs. Clarence Reynolds visited Mr. and Mrs. R. G. Edderman and family Saturday night of Goodnight.

Mr. and Mrs. Raymond Waldrop were dinner guests of Mr. and Mrs. W. D. Higgins Saturday.

Wilma Joe Cannon of Vernon spent several days last week with Mr. and Mrs. R. Cannon.

Orval Bennett spent Saturday night with Mr. and Mrs. Steve Reynolds.

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Austin, Texas — If you can't beat it, don't knock it.

That sentiment, in varying forms is being often expressed by legislators struggling to write tax

Mr. and Mrs. Clarence Reynolds visited Sunday afternoon with Mr. and Mrs. Curtis Moffitt and family of Clarendon.

Cynthia Anglin spent Friday night with Donna Hill of the Hudgins community.

Mr. and Mrs. Raymond Waldrop and family were dinner guests of Mr. and Mrs. L. L. Waldrop Sunday.

Mrs. Minnie Cannon visited late Sunday afternoon with Mrs. John Bass of Clarendon.

Mrs. Beth Cockerham's husband is coming home from overseas for a 20-day leave.

Mrs. Steve Reynolds and Cindy went to Amarillo Sunday with Mr. and Mrs. J. W. Sullivan.

Mr. and Mrs. W. D. Higgins were dinner guests of Mr. and Mrs. Bert Ayers Sunday. In the afternoon they visited Mr. and Mrs. Clyde Gilbert.

Mr. and Mrs. W. D. Higgins went to see Mr. and Mrs. Oren Hott Saturday night.

Mr. and Mrs. D. E. Stevenson visited with Grandmother Stewart last Sunday.

bills to fill the yawning holes in the state's money supply.

People who come before the Legislature to oppose a money-raising proposal usually get a tart invitation to come up with a better one.

Opponents of a tobacco tax plan got short shrift before the House Committee. "If you come criticizing, don't you think you should come up with some solution to the tax problem?" asked Rep. H. J. Blanchard of Lubbock.

Similarly, anyone who comes to push a money-spending bill is challenged to produce a money-making bill to match it.

Rep. Don Gladden of Fort Worth drew cheers from fellow House members when he criticized the approach of a teachers' letter writing campaign. Gladden said the teachers had been instructed to ask for higher pay but make no statement on what taxes they would favor.

ROCKY ROAD—Overall, the tax picture is still "all shook up."

Rep. Jamie Clements' bill to remove the tax exemption on cigarettes sold on military bases was sent by the House Taxation Committee to Atty. Gen. Will Wilson. Question to Wilson is whether the state can collect a tax from a federal agency.

A proposed liquor tax hike suddenly gained redoubled potency when the sponsor, Rep. Pete LaValle tacked on an amendment that would legalize liquor-by-the-drink sales. Gov. Daniel, who had urged the original bill, promptly protested. Bill was sent to subcommittee for study.

House Appropriations Committee apparently is taking note of the Tax Committee's rocky road. It is reportedly doing some painful paring of spending requests.

WIDE OPEN FIELD — Mean-

while, many more "little tax" ideas are swirling about. Most apparently are aimed at avoiding a bitter deadlock over a new "big tax."

Rep. Rufus Kilpatrick of Beaumont introduced a bill to tax gross receipts of scrap metal sales, and Rep. W. T. Oliver, Port Neches, a 5 per cent gross receipts tax on advertising sold by newspapers, radio and TV stations and billboards. Oliver also is said to be considering taxes on phonograph records and parking lots.

Other possibilities being discussed are (1) a 1.5 per cent general sales tax, exempting food, feed and fertilizer, by Rep. Frates Seeligson of San Antonio, (2) an across-the-board increase in the omnibus tax system which includes almost all present levies, (3) a registration fee for airplanes, similar to auto licensing.

Rep. Homer Koliba of Columbus said he would prefer to raise money through legalized liquor-by-the-drink and horse racing, heavily taxed, than by a general sales tax.

HIGH-VOLTAGE ISSUE — House State Affairs Committee will take on a supercharged issue March 16—the long struggle between private utilities and REA co-ops.

REAs are seeking a law that would assure their being able to continue to operate in a one rural area after it is annexed by a city. Under the measure sponsored by Rep. Alonzo Jamison of Denton, the co-ops could serve old customers and recruit new ones for a period of 10 years. After this, a municipal franchise would be required.

Private power companies, offering stiff opposition, say the non-tax-paying co-ops want to spread through the cities, socialize the power industry. Co-ops retort they are the ones being swallowed up—by spreading cities.

RE-ORGANIZATION ASKED — A bill has been introduced to reorganize the State Insurance Department, which was reorganized by the Legislature two years ago.

Rep. George Cook's measure would set up a part-time board of nine members familiar with the insurance field.

Cook indicated the proposal was in answer to complaints that the present three-member board (1) does not represent industry and (2) serves full-time, contrary to "legislative intent."

KEEPING THE SABBATH—Sunday beer buying seems likely to continue, but not Sunday auto buying.

A bill to ban beer sales on Sunday and after 10 p.m. on weekdays has been sent to an unfriendly House subcommittee. A spokesman for "drys" irritated committee members from beer-drinking areas by implying use of beer "separated the saved from the unsaved."

Senate Transportation Committee approved the ban of Sunday auto sales, after dealers presented a solid front of support. Only opponents were representatives of Seventh Day Adventists, who observe Saturday as their day of worship.

COLLEGE EXPANSION OK'd—Elevation of two junior colleges—Arlington State and John Tarleton—to full four-year status has been approved by the House.

Economy advocates protested that "we have 16 fully supported state four-year colleges now—more than any other state."

But supporters replied that no additional appropriation would be needed immediately.

"LITTLE HOOVER BILL"—Creation of a state commission to conduct an efficiency study—similar to the Hoover Commission for federal government — has gained House approval.

Rep. Dick Cory of Victoria, sponsor, pointed out that the Hoover Commission resulted in a seven billion dollar savings in its first year.

Opponents protested the Cory commission would be just another money-spending state agency. Cory contended the \$100,000 it would cost would be regained many times.

Commission would be made up of one senator, one representative and ten persons from private life.

Will Writes From Austin

CITY-COUNTY FIGHT DEVELOPS

A city-county fight has developed over H. J. R. 41 which would limit the number of representatives in any one county to a maximum of nine. This Constitutional amendment which I have offered is urgently needed before legislative redistricting in 1961. If this bill is not passed control of the Texas House of Representatives may well rest in the hands of one or two of the metropolitan areas of the state. Far too much of the time already, our small towns in rural areas take a whipping in the Legislature.

R. E. A. BILL DELAYED

The bill sponsored by the REA Cooperative met with unexpected delay in the House State Affairs Committee last week. A two-hour debate over a minor matter of parliamentary procedure delayed the hearing on this bill, and consequently the hearing has to be postponed. There is some speculation that the State Affairs Committee may be adverse to this measure. In any event it looks as if this legislation will meet a hard, tough fight.

FLEXIBLE RATE INSURANCE

The House bill which would provide for flexible insurance rates for automobiles was sent to an unfavorable subcommittee last week. At present these insurance rates are set up by the State Board of Insurance. The bill would remove this restriction. After a public hearing on the measure before the House Insurance Committee the bill was sent to a subcommittee which the author of the bill described as "unfavorable." Thus, this legislation is probably dead for this session.

INCOME TAX

TAX-MAN SAM SEZ

The other day a well-informed lawyer asked me, "How can I keep up with this tax business? There is too much going on. I don't practice tax law, but I would like to know the answers for my own tax decisions." After talking a little, we decided that the lawyer needed to spend 35 cents for "Your Federal Income Tax" and since he was operating a business, he also needed the "Tax Guide for Small Business" for 35 cents. The Internal Revenue Service has given the answer to all of the most common tax problems in these booklets. They both run a little over 100 pages. You don't have to be a lawyer to understand them because they give the answer just

as simple as it can be given. You can order a copy of either or both from Internal Revenue Service, 2101 Pacific Avenue, Dallas, Texas, for 35 cents each.

FISHING BOOMING ALL OVER TEXAS

Fresh water wishing definitely is on the upgrade in Texas with an apparent break in winter weather, according to Capt. E. M. Sprott, director of law enforcement.

"Wardens are reporting increased activities on every lake and stream in the state," Capt. Sprott said. "Some exceptionally large crappie are being taken in lakes in East Texas. Bass fishermen also are reporting catches some 6 to 8 pounders in most of the lakes. This is especially true in Falcon, on the Rio Grande

south of Laredo." There is an unconfirmed report of an 11-pounder being caught in Falcon last week. Eight pounders, however, have been frequent.

White bass are still running at the upper end of all major lakes. Some fantastic catches also have been reported below the dams.

"This is a good time to warn fishermen they must have a license if they fish outside of their home counties or use a rod and reel," he said. This applies to all persons between the ages of 17 and 65. Texas has a universal license fee of \$2.15 which permits fishing in both fresh and salt water. It applies to both residents and non-residents.

Comets To Participate In National Tournament

Coach Buddy Travis will take his Clarendon Junior College Comets to St. Joseph, Missouri, on either Saturday or Sunday of this week where they will participate in the annual National AAU Women's Basketball Tournament. Tournament play opens on Sunday but is not known as yet whether the Comets will play Sunday or wait until Monday. This will be the fifth straight year that the Comets have participated in the tournament.

Girls making the trip will include Janice Martin, Myrlene Nichols, Nancy Chalenor, Virginia Sellers, Melva Kelton, Gay Ivey, Jean Sanders, Janie Brotherton, Traverne Gillham, Sharon Holt and Jo Ann Bennett.

Mrs. Jack Minarik and little daughter of Vernon spent last Wednesday with her parents, Mr. and Mrs. Doyle Phillips.

FARM NEWS

from the County ASC Committee

If In Soil Bank, Observe Permitted Acres

Is your farm under a Conservation Reserve contract in the Soil Bank this year? If so, be sure to comply with any acreage allotments on the farm and also to observe your permitted acreage of Soil Bank base crops.

That's the reminder going out this week from the Donley County Agricultural Stabilization and Conservation office to all participants in the 1959 Soil Bank program.

Generally speaking, the permitted acreage on a Soil Bank farm is the amount of land on which grains, oilseeds and row crops less the amount of land placed in the Conservation Reserve. A farmer who exceeds this permitted acreage or any acreage allotments on the farm may lose his annual rental payment and also be subject to a civil penalty.

The ASC office points out that when all eligible cropland on a farm is in the Soil Bank, the permitted acreage is zero. The home garden area on such a farm may be used to produce crops for home use, for setting out forest trees or for non-agricultural purposes; but production of a Soil Bank base crop on such acreage is a contract violation.

Release Of Cotton Acreage

Cotton farms, except for the type farms indicated below, on which any part or all of the cotton acreage will not be planted in 1959, may release such acreage for reapportionment to other farms in the county. Farms on which all or a portion of the land is under a Conservation Reserve contract, new cotton farms and farms on which Plan (B) for cotton has been chosen, may not release cotton acreage for reapportionment.

Farm operators who wish to release cotton acreage from eligible farms may do so by executing a form provided for that purpose at the ASC office not later than April 17, 1959.

PAKISTAN VISITOR SURVEYS WORK OF LOCAL SOIL CONSERVATIONISTS

Mohammad Rafi, conservator of forests for the government of West Pakistan, is a visitor in Clarendon this week observing the operations and methods of the Soil Conservation Service in this county.

Mr. Rafi, formerly director of Soil Conservation for the West Pakistan government, is in the United States on a 6-month ICA Fellowship for training in soil and water conservation and administration.

"We are mainly concerned with the organization, operation and training in soil and water conservation," he told a reporter. Rafi has been in Arizona for the past four weeks with the U. S. Forest Service for Range Management and Watershed Management studies; and will spend the next six weeks in the Pampa soil conservation area for training in soil and water conservation activities and administration of these activities. He will spend three weeks at Oklahoma State University in Stillwater; a month in the Soil Conservation Service training school in Fort Robinson, Nebraska; and four weeks in Washington, D. C., for a study of public administration.

Soil conditions, terrain and crops in the southwestern section of this country are very similar to those in West Pakistan, Rafi said. In his country, he reports, crop lands range from irrigated desert lands like those in Arizona to sandy-loam dry-land farms such as are found in the Texas Panhandle. Principal crops are winter wheat and grain sorghums.

Rafi presented a very interesting program to the Lions Club here Tuesday.

Mr. and Mrs. Kenneth Sams came Friday to return their children to their home in Brownfield. They have been visiting their grandmother, Mrs. A. D. Estlack here while Mr. Sams recovered from surgery in an Austin hospital. Kendra Sams visited her grandmother Sams at Shamrock during the time.

Queens Defeat Comets Again

The Clarendon Junior College Comets lost their sixth game of the season to the Wayland College Flying Queens at Plainview Tuesday night. This time the score was 45 to 29.

The Comets, after a cold first quarter, played good ball during the final three periods. The Queens got a quick lead and were ahead 20 to 4 at the end of the first quarter and the Comets matched them point for point from there on. The Queens were leading 26 to 12 at the half and 42 to 21 at the end of the third period.

Janice Martin was the leading scorer for the Comets with eight points followed by Myrlene Nichols with six, Gay Ivey and Meva Kelton with four each, Virginia Sellers with three and Nancy Chalenor and Jo Ann Bennett with two each. Patsy Neal was high for the Queens with 15 points.

In the first game, the Clarendon Independents were defeated by the Plainview Electric Company, 71 to 66. Alva Carter and Charles Wells scored 21 points each to pace the scorers. Also seeing action for the local team were Felix Johnson, H. D. Yarbrough, Carl Irlbeck, Johnny Hudson, Richard Vallance and Marvin Young.

SCHOOLS WILL OBSERVE EASTER HOLIDAYS

The Clarendon Public Schools and Junior College will be dismissed on Thursday afternoon at 4:00 o'clock and will resume classes on Tuesday morning at 9:00 o'clock, thus observing Friday and Monday as the annual Easter recess.

Lt. and Mrs. Darrell W. Truitt of Ft. Ord, Calif. announce the arrival of a daughter, Terri Lynne on March 2nd. She weighed 8 pounds and 4 ounces. The grandparents are Mr. and Mrs. P. W. Truitt of Arnett, Okla. and Mr. and Mrs. W. S. Montgomery of Clarendon.

Mr. and Mrs. O. C. Watson attended to business in Amarillo Monday.

COCA-COLA BOTTLING COMPANY OFFERS TELEVISION SPECIAL

The Coca-Cola Bottling Company of Clarendon will present their first in a series of hour-long TV "Special" programs spotlighting top stars against the background of the American scene. This initial "special" will be presented on the CBS-TV network, Monday, March 30, Channel 10 at 6:30 to 7:30 p.m., and will offer a star-studded cast from many fields who will be seen over approximately 189 stations.

The camera will roam America traveling from the beautiful natural settings of such places as Looking Glass Falls in the Great Smoky Mountains to the formal gardens of a Hollywood star's home. The telecast will punctuate how people who own themselves live, work and play in freedom.

The line-up of stars is impressive. Burgess Meredith, one of the most gifted men in the theatre, will be Master of Ceremonies and will introduce Jane Wyman, Herb Shriner, Genevieve, Robert Merrill, Marge and Grover Champion, Jean Ritchie, the West Point Choir and Harry Simeone Chorale, Bobby Jones and a group of golf greats including Bryon Nelson, Jack Burke, Jr., Arnold Palmer and Doug Ford . . . who will all be on hand to show how "America Pauses for Springtime."

Mr. and Mrs. Homer Thomas of Denver, Colorado, spent the latter part of last week here with his parents, Mr. and Mrs. R. O. Thomas. Homer was scheduled to go back on his job at Denver Monday of this week following an illness of about four months.

Mr. and Mrs. W. S. Montgomery returned home last week after visiting their daughter and family, Lt. and Mrs. Darrell W. Truitt and daughter at Ft. Ord, Calif. Mrs. Montgomery has been visiting there the previous ten days and Mr. Montgomery visited over the weekend.

J. T. Wood, Raton, N. M. and Louis Wood of Amarillo visited last week with their father, L. L. Wood, who was quite ill.

TO MAKE HOME HERE

Bland Draper, a native of Tahoka, Texas, has been transferred to Clarendon. He and his family will make their home here. Draper is employed by the Soil Conservation Service of the U. S. Department of Agriculture. He replaces Bill Swindle, who resigned to take a position at Texas A&M College. He will move here from Stinnett, Texas, where he has worked the past

eight months. Draper's wife, Quinn, is presently teaching in the Stinnett school system. She and their children, Deborah, age 4, and Donna, age 3, plan to move here April 4th. Draper attended Tahoka High School and Abilene Christian College. He has a Bachelor of Science degree in Range Management from Abilene Christian. They are members of the Church of Christ.

6:30-7:30 Monday Night KFDD-TV Channel 10

Sometimes we are inclined to criticize children for being afraid of the dark. The real tragedy

though, is when we find grown-ups who are afraid of the light. This fact was brought home to us again recently when we realized that so many of the public servants at the hearings in Austin were against making their meetings and decisions open to the public. A bill is being considered in Austin at this time that would make clear the vague implications of laws that are already on the books. A new law could go too far we suppose but it certainly should go far enough so that every citizen can know what is being done about his business and his tax money.

The scandals that have happened in our state capitol in recent years could mostly have been avoided if light had been shed on these departments. We were always afraid of any package that is sold sight unseen; we never liked grab bags. It has seemed to us that our own Texas Highway Department has held a good reputation down through the years and we understand that when any bids are opened for contracts that all other bidders are invited to be present and take part in an open meeting. This is what we mean by the taxpayers knowing how and where their money is being spent.

Service is the rent we pay on the space which we occupy here in this world.

"Today is the tomorrow you worried about yesterday" Mark Twain once said; "I am an old man and have known many troubles, most of which never happened."

It is a fact. Most of our troubles have never happened. Most of our worries are about things that

loom up ahead and cause us fear and anxiety, but never really happen.

Someone might say that unless we worry about the future we will not prepare for it, and this is a good point. We need to be concerned without being upset. We need to plan without being a worry bird. We need to expect and pray for a good crop and at the same time, keep on hoping. We need to save that we may be secure. We need to spend that we may have. We need to give that we may receive. We need to do all that we can to make our lot in life better, but we need to gracefully and gratefully accept the things we cannot change. We never know when a stumbling block may become a stepping stone. We never know when a problem may become our greatest opportunity.

Someone has said "Nothing is easier than fault-finding. It takes no brains, no talent, no self denial, it takes no capital to go into the grumbling business."

Glenn Butler, Armstrong County farmer, who has had a lot of experience in the developing of irrigation wells in the weak fringe areas is anxious to see some wide scale experimenting done in the field of recharging the underground water supply. He has some good reasons of his own for believing that this might be the answer to our problem of a lowering of the water level from year to year.

Water that runs off into the canyons or evaporates into the air could in this way be put back into storage underground until needed. Glenn thinks that this can be done with a rather simple well drilled into the water strata and with a minimum

expense for a setup to keep the recharge hole from clogging. As some proof of his own last year the run off water from a heavy rain broke into a test hole near one of his weak wells. Not only was there considerable washing out at the top of the hole but the nearby well was greatly improved for several weeks after the food waters poured into the test hole some thirty to forty feet away.

We understand that the Texas Highway Department has some experiments going in this field. What do you think Mr. Smith and Mr. Dewald?

"A dog is loved by old and young; He wags his tail and not his tongue."

"Sorry is putting today's sun behind tomorrow's cloud."

Health Insurance At An All Time High

By the end of 1958, health insurance protected an estimated 121 million Americans against the cost of hospital and doctor bills, the Health Insurance Institute reported today in a review of the year.

The number of persons covered by health insurance through insurance company programs, Blue Cross-Blue Shield and other plans represents 70 per cent of the population.

Reports from the 700 insurance companies handling health insurance in the U. S. disclosed substantial progress was made last year in providing sound programs for person over age 65. Gains in coverage were also noted for the individual and family policyholder, employees of small business firms and for people living in rural areas.

Growth in the number of persons covered by insurance company policies alone continued on most levels in 1958, the Institute reported. Persons covered for major medical expenses climbed from 13.3 million to 16.5 million, a rise of nearly 25 per cent. Another increase was shown in regular medical expense insurance where the number of persons covered grew by an estimated half million over the 1957 figure of 33.2 million. The number of persons covered for surgical expenses remained constant at 67.5 million. Of the estimated 121 million persons protected by all insuring organizations against hospital expenses, some 70.1 million were covered under insurance company policies which also extended loss of income protection to some 32 million employed persons.

Progress in providing persons 65 years of age and older with health insurance, was also reported, the Institute announced, estimating that 40 per cent of the persons in this age category now have such protection. It was

found that the number of older age persons with health insurance was growing at a much faster rate than the senior citizen population itself. The number of Americans 65 and over increased by 13 per cent from March 1952 to September 1956, while senior citizen coverage rose by 56 per cent.

In the rural areas of the nation, the farmer was found to be rapidly catching up to the city dweller in the amount of money he spends to protect his health. In 1941, farm families spent an average \$15 a person for medical care, less than half the \$32 spent for members of urban families. By 1955, the individual spending level for farmers was \$63, or nearly 80 per cent of the estimated \$81 laid out by city folk.

It was learned that persons who have health insurance make frequent use of it. A Health Insurance Institute consumer survey conducted in 1958 revealed that two out of every five American families with health insurance have used their insurance in the past year to help defray medical expenses. The survey also showed that seven out of every ten families who have health insurance have used it at some time during the period where their policies were in force.

Mrs. D. G. Ballew and Mrs. A. C. Carter called on Mrs. Nuford Dill Tuesday evening.

Mr. Elmer Chenault lunched with Mr. and Mrs. A. O. Hott Sunday.

Mr. and Mrs. Alton Webb and Mrs. J. C. Heathington spent Thursday in the home of Mr. and Mrs. A. B. Ivey.

Mr. and Mrs. H. H. Shield spent Friday night with his mother, Mrs. Shields and their son, Buster at Lelia Lake.

Mrs. J. C. Heathington went to Plainview Friday returning home Saturday.

Mr. and Mrs. A. B. Ivey and Janie and Grandma Ivey visited Mr. and Mrs. J. A. Ivey and Merlene.

Mr. and Mrs. W. D. Higgins visited Mr. and Mrs. A. O. Hott Saturday night.

Mrs. R. M. Webb and Billy Waddell visited Mr. and Mrs. Alton Webb and family Sunday.

Mr. and Mrs. A. B. Ivey and Mr. and Mrs. John Heathington visited Mr. and Mrs. Frank Hardin Wednesday night.

Mr. and Mrs. A. K. King and Denny of Amarillo spent last weekend with her parents, Mr. and Mrs. H. H. Shields.

Mr. and Mrs. Bill Cleaver of Tullia visited her parents, Mr. and Mrs. J. C. Heathington Monday of this week.

Merlene Ivey visited Willa Rumpy Sunday morning.

Velma Heathington, Flora Webb and Laura Ivey worked on the Community Annual Thursday.

Come to the Chamberlain Club Thursday.

Mr. and Mrs. H. A. Harrison heard from their son, Mr. H. A. Harrison, Jr. He had reached his home in Hayborn, Idaho safe.

Mr. and Mrs. A. O. Hott received word that her nice, Mr. and Mrs. Charley Sullivan was the proud parents of a baby girl born last Friday. How does it feel to be grandad Roy?

A good many people drop all their money trying to pick up more.

Unused Cotton Allotments A Community Concern

Cotton is a commodity which creates a good "multiplier" effect in the economy, says Bob Cherry, economist for the Texas Agricultural Extension Service, because most of the cotton farmer's dollar is usually dropped into the money stream of the community. Though the dollar's identity may be quickly lost, it tends to circulate through all the avenues of trade and commerce.

The loss of cotton income, on the other hand, can adversely affect a commodity's whole economy, points out Cherry. For that reason, adds the economist, communities can look upon unused cotton allotments as a matter of community concern. Last year, for example, about one out of each 20 allotted acres was neither planted nor put in the Soil Bank.

The law under which cotton farmers are now operating contains provisions for the voluntary release and reallocation of 1959 cotton allotments. Where the release is made, the released acreage is retained on the releasing farm as history and is used in figuring future allotments as though it were planted. But, Cherry points out, it will not qualify a farm for an old farm allotment as having planted cotton in one of the three previous years.

It is very important that released allotments be reapportioned and planted on other farms in order to hold county and state planting history. The released an reapportioned allotments must be planted if they are to remain a part of the acreage history for the county and state, emphasized Cherry.

Released allotments may be reallocated to any old or new cotton farm on which additional acreage is needed and will be planted. Any excess of released allotments in a county may be

surrendered to the State Agricultural Conservation and Stabilization Committee for reapportionment to other counties only after each cotton farmer in the releasing county has received all of the allotment he can plant.

Cherry suggests that farmers contact their local ASC office or county agent for details on this important part of the 1959 cotton allotment program.

A straight tip on a sure thing usually demonstrates the uncertainties of life.

INTERNAL REVENUE SERVICE

It always pay to file your income tax early or at least to start work on your income tax return early. About one-third of our taxpayers are affected with tired blood when it comes to the distasteful task of preparing a tax return each year. Of course, a lot of taxpayers can hardly wait for January 1 to roll around each year so they can file their tax return and get their

refund check. Unfortunately, there are more late filers than there are early filers. A very large number of the approximate 700,000 Texans who receive a refund check each year wait until the last possible minute to work on their tax return. Right now the several hundred thousand taxpayers in North Texas have not taken the time to read the tax instructions, work out their tax return, so the Internal Revenue can work out that refund check. Maybe you should start on your spring tonic early so you can file your tax return now.

LIVE BETTER... ELECTRICALLY

FRIGIDAIRE RANGE MODEL RS-10-59

She Can't Miss... with a Carefree ELECTRIC RANGE

You're sure of perfect cooking and baking results every time with a flameless Electric Range—the modern way to carefree cooking. Whether it's a complete dinner for a special occasion, or the family's favorite cake or pie; accurately controlled, clean Electric heat will cook to perfection. And there's never a need to check, peek or test. You merely set the accurate controls to the exact temperature called for by the recipe—your Electric Range will do the rest. And remember, on an Electric Range all 4 surface units give you perfect cooking results—they all deliver exact, accurate heat.

An Electric Range is your assurance of meal-getting magic. It's the truly modern range styled for beauty and built for service. Better order yours now and begin to Live Better...Electrically.

FOR LESS THAN 3¢

...the average WTU family can cook a complete meal the modern electric way... and enjoy the cleanliness and convenience of Electric Living. Change now to Electric Cooking.

West Texas Utilities Company

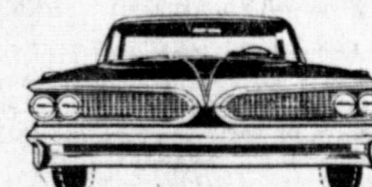

See Your Electric Appliance Dealer

The wider the track... the steadier the stance... the better the ride!

YOU GET THE SOLID QUALITY OF BODY BY FISHER.

Slide in behind the controls of this gorgeous automobile, pull away and feel what happens—or doesn't happen—at the first curve or corner. Less lean. Less sway. Wide-Track Wheel design is the reason. No other car, only Pontiac, has it. The wheels are five inches farther apart. This widens the stance but not the car. You're steadier, balanced, more secure. Narrow track cars can't match it. This is a big year for Pontiac—with many more to come. It can be your big year, too. Get a bright new Wide-Track Pontiac from a dealer and take it out for a drive today.

THE ONLY CAR WITH WIDE-TRACK WHEELS

Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens the stance, not the car. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

30 STATES BY JULY 4TH

It seems that the long battle on Hawaiian Statehood is now over. I have written a number of newsletters on the subject of Hawaii attempting to become a state. The action of the Senate and the House last week approving statehood for Hawaii ended the long battle, and Hawaii will unquestionably be a state before July 4th. Further reports on the subject will concern the activities of Hawaii as a state, rather than as a territory attempting to become a state. The proponents of statehood hope to have everything in order so that Hawaii, along with Alaska, will be recognized on July 4th as being entitled to designation in the flag of the United States as a full-fledged state. This will mean 50 stars rather than 49. The flags which have been manufactured with 49 stars will, no doubt, become collectors items.

Most of you know my opposition to the admission of both Alaska and Hawaii. Contrary to many news stories portraying the opposition as being interested in racial matters, voting strength, and other surface items, the actual opposition of the sincere opponents was based upon the fundamental proposition stemming from the fact that both Hawaii and Alaska were separated from the other 48 states by the high seas, in the case of Hawaii, and by the high seas and foreign territory in the case of Alaska. In both cases the territory separating us from Alaska and Hawaii was territory over which we did not have exclusive jurisdiction. In the history of governments in the world, the creation of statehood status for Alaska and Hawaii found no precedent. In other words, it has never been tried before. Basically, that was the premise upon which the opposition was based. Those of us who opposed the move to the end felt that the present is not the time to be embarking upon experiments in the philosophy of government—namely for the reason that we are told daily that our philosophy of government is face to face with the greatest challenge in the history of man—namely communism. However, since by the application of democratic processes the decision has been made to embark upon this new political sea, certainly those of us who opposed the move yield to the decision of the majority and will endeavor by our greatest efforts to make the venture an outstanding success.

We all hope that the great merrymaking and rejoicing, which took place in the Hawaiian Islands when passage of the statehood bill was announced, is fully justified and we shall work toward that end.

us to slip into a trap. Others feel that the matter can and will be worked out. This latter group subscribes to the policy that Khrushchev does not consider his position with regard to West Berlin of sufficient importance to trigger a war. Others feel that Khrushchev has spotlighted the Berlin situation because the Russians are planning to move forward at some other spot. A review of Russia's activities in the past would indicate that this latter group could be right. Whatever analysis is correct, we are sure of one thing. If Khrushchev undertakes by force or otherwise a removal of the alder forces in West Berlin, he will be in violation of both the Yalta and Potsdam Agreements. This is something that cannot be avoided by anyone but the USSR. The integrity of any nation, like the integrity of an individual, is within its sole control. It was the lack of integrity on the part of governments in the past that resulted in the violation of treaties and the resulting armed conflicts. We had hoped, perhaps wrongly, but nevertheless the hope was there, that those in control of the communist form of government, opposed as it is to our basic policies, might realize that basic integrity is indispensable in any

successful endeavor; that so realizing, they would honor the responsibilities and obligations incident to solemn agreements entered into in good faith on our part. Should Khrushchev violate the agreements of Yalta and Potsdam in the Berlin crisis, it will provide conclusive proof of the complete lack of any hope that the communists ever intend to subscribe to or abide by any code of honor.

VISITORS

It was certainly good to see several people from home in Washington last week, all of whom came by the office, either on business or just for a visit. Paul Spillman and John Coleman from Wellington were in town. Homer Johnson from Pampa dropped by the office a few minutes. John Amend of Amarillo is in Washington temporarily attending the FBI school. Mr. A. W. Anthony from Friona is in Washington in the interest of the Grain Sorghum Producers Association of the Panhandle. A very fine group of high school students from Amarillo and Pampa were in Washington last week where they stopped en route to New York to attend a meeting for young journalists at Columbia University. They spent one day sightseeing in and

around Washington, and one day here at the Capitol where we had the pleasure of being with them in their visit to the Senate and House, and in calling on Senators Lyndon Johnson and Ralph Yarborough, and Speaker Rayburn. They also had lunch here at the Capitol.

gave this in memory of his mother. Mr. Maudsley was an Englishman who came to West Texas in 1880 to seek his fortune. His fortune eluded him, but he had an interesting life. These reminiscences were a series of letters that a niece received from him and afterwards used by another niece in editing and securing the publication of this book. We have received so many requests for information concerning shells, that it was necessary to purchase "The Adventure Book of Shells" by Eva Knox Evans. This was purchased by funds from Mrs. Silla Gentry memorial fund. It is attractively illustrated and has much information for the young collector. We were given a donation of about 20 books of fiction by a

friend of the library. She has been very generous to us for several years. They are all book club editions that "wear their jackets" and contain many hours of entertainment. Some were duplicates of some we possessed, but many are not. We are very happy to receive the donation as we have no new books at present. Books are very expensive, as are all things one purchases now.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

"The Arizona Highways" is especially attractive this month. It features Canyon de Chelly with drawings by Ross Santee and the desertation by Dr. Lawrence Clark Powell, or as he is spoken of as a Bookman Traveler. Arizona certainly publishes a beautiful magazine, with exquisite drawings and colored photography.

Mr. Mathis and instructor Lelia Lake gave the library "Texas Sheepman." Mr. Mathis

This "secretary" works overtime and loves it

Nighttime, daytime, all around the clock—this Electronic Secretary sees that you never miss a phone call when you're away from your office.

Automatically, it promptly answers every call with a courteous recorded voice—advises the callers that you're not available at present—asks them to speak the message which will be recorded. It's as simple as that!

All you do is play back the messages when you return. In fact, with a remote call-back attachment you can phone your own office and hear the playback of messages wherever you are.

Wonderful, isn't it? And most wonderful of all, you can have this dependable service, free of human errors, at a surprisingly low cost. For full details, phone our Business Office.
