Ministerial Alliance Plans Thanksgiving Service

Plans are being made by the Donley County Ministerial Alliance for a community Thanksgiving service to be held on the courthouse square on Wednesday, November 23, at 6:00 p.m. The service will include familiar songs of praise and thanksgiving, and also some Christmas carols to remind us of the Christmas season that is soon to be under way. Rev. Terry Tamplen will bring some devotional thoughts concerning the Thanksgiving season.

The community Thanksgiving service is a time when an offering is traditionally taken to help community benevolent needs, as well as rendering aid to those who come through Clarendon, and are in need of assistance. The Ministerial Alliance is deeply grateful for the many gifts received during the past, and ask your continued generous support for the offering what will be taken for this very worthwhile ministry.

Following the Thanksgiving service, the Girl Scouts of Clarendon will preside over the lighting of the Christmas lights at the Courthouse square at 7:00 p.m.

Senior Citizen Center For All Seniors

The Senior Citizen Center is a beautiful facility for use by seniors of Donley County. It is a place to come for visitation, fun and games. Nutritional meals are served Monday through Friday from 11:30 to 1:00 p.m.

Many people do avail themselves of the services of the center but, there are many more seniors in the community that could participate in the activities of the center. They would like to see each and every person over the age of 60 in the community to come visit the center and become a regular participant. Come and visit anytime.

Besides being proud of the newly enlarged facility, new furniture in the lobby, and new dining furniture they are equally proud of their memorial wall. They accept donations in memory of loved ones and friends. Their names are inscribed on a plaque and placed on the wall for everyone to see. This not only helps keep their memories alive but the donation helps the center increase its services or the seniors in the community. You are welcome to go by and see the memorial wall names at any time.

Are you stumped for gift ideas for your grandparents, great aunt Jane, or a senior friend? Why not give a gift certificate for meals at the center? The recipient would get nutritional meals without having to cook or clean up.

Christmas Cards For Sale

The Circle of Friends, a non-profit membership organization, is dedicated to helping cancer patients and their families in times of need. Through its affiliation with the Don & Sybil Harrington Cancer Center, the Circle develops and implements fundraising activities primarily to provide financial assistance and patient care and support for those affected by cancer. The Circle works with the Harrington Cancer Center to provide cancer educational opportunities for people throughout the region.

Les Beaux Art Club in cooperation with The Circle of Friends is selling The Caring Touch Collection. Christmas Cards in the Collection were designed by students in the Texas Panhandle who care about the needs of cancer patients and their families.

Due to late printing there were an abundance of the 1993 Collection left in stock. You can lend a helping hand by sending these cards this year! There are 25 cards per package for \$13.00 with several designs to choose from. To order yours call Tandy Boston at 874-2513 or Lura Helms at 874-2156 or ask any member of Les Beaux Art Club for more information.

Weatherization Assistance Program Offered

The Texas Department of Community Affairs provides services to make homes warmer in the winter and cooler in the summer through the Weatherization Assistance Program of Panhandle Community Services.

The Weatherization Assistance Program is not a renovation nor rehabilitation program; therefore the program does not address cosmetic improvements or other work which does not directly affect the energy efficiency of your house.

The condition of every home is different. An assessment will be made of your house to identify the location of cracks, holes, and areas where air escapes. In winter, this means cold air entering the house and warm air escaping. Naturally in summer, this works in reverse, hot air enters and, if you use an air conditioner or evaporative cooler, expensive cool air escapes.

The Weatherization Assistance Program limits the amount of money that can be spent on a house for weatherization improvements. Weatherization costs and the work done on a house will vary based on the condition of the house and the availability of funds.

For one time only, the State of Texas is providing Weatherization services for people who have not qualified under the regular low-income guidelines. This special program is now available for families who have income up to 175% of poverty income guidelines. If your gross yearly income is less than the amount listed on the chart below, you may qualify for this special program.

All applications must be made no later than June 20, 1995.

Family Size	Yearly Income
1	less than \$12,880.00
2	less than \$17,220.00
3	less than \$21,560.00
4	less than \$25,900.00
5	less than \$30,240.00
6	less than \$34,580.00
7	less than \$38,920.00
8	less than \$43,260.00

Please contact your local Panhandle Community Services' office for an application and complete details. Your local PCS office is located at 416 S. Kearney, Clarendon, Texas (806)874-2573.

Local Nurse Honored At Convention

Shana Brownlee, R.N.C., Director of Nursing Services, of Golden Plains Care Center in Hereford will be honored today at a statewide health care convention as one of twenty-six Certified Gerontological Nurses working in Texas nursing facilities. The Texas Health Care Association, meeting in Dallas this week, honored nurses who have obtained the gerontological certification from the American Nurses' Credentialing Center. Gerontological certification is awarded to registered nurses who have two years experience in a setting working with elder adults, have attended 20 hours of continuing education in the area of gerontological nursing, and have passed a qualifying test.

Shana Brownlee's award will be presented by Sunny Stout, RN, Chair of the Texas Health Care Association's Nurses' Council. "Working with nursing home residents is extremely rewarding but very demanding for the nurse," said Ms. Stout. "Certification in gerontology shows that the nurse is up to date on the latest research and developments in the care of the elderly. Certification is difficult to obtain and illustrates how much long term care nurses care about their residents and their profession."

"We are extremely proud of Shana Brownlee," said Daniel Wylie, Administrator of Golden Plains Care Center in Hereford. "She is a dedicated and caring nurse, and are very pleased to see her recognized for this professional achievement."

Shana Brownlee has been Director of Nursing Services at Golden Plains Care Center since August 1, 1990. Shana, formerly of Clarendon, is the daughter of Roxie Brownlee of Clarendon and the late Joe Brownlee of Adrian.

The Texas Health Care Association's 1994 convention continues through November 4 in Dallas.

American Cancer Society Prepares of GASO

A growing awareness of the connection between tobacco products and various types of cancer has prompted the American Society to declare one day each year as the Great American Smokeout. Even elementary school children are encouraged to participate in this year's campaign and "Scream Out Against Cancer." This year the one day campaign will

be Thursday, November 17. GASO Chairman Carroll Duncan will be visiting various business locations and distributing pamphlets, stickers, and other aids to help someone stop smoking. Pamphlets on smokeless tobacco are also being provided by the cancer society.

Saye Reports the Weather

For many years Tommie Saye has recorded the temperature and precipitation for Donley County as a volunteer for the National Weather Service. Everyone appreciates his diligent efforts. Thanks, Tommie.

The Clarendon News will close at 12:00 noon on Wednesday, November 23 and will reopen Monday, November 28th.

to work at home, after we got finished with our work in classes, and after school. I think this showed the unity of our class.

Not only did we learn the importance of respect and effort, but we also learned the importance of attitude. We were always focused on our goal. Almost all of the time we thought positively and never gave up.

We also learned that it takes everyone to make something happen. Thursday morning before school, practically the whole 8th grade was in the room adding chains and repairing chains. A couple of days before, we had almost the whole class in there sacking the chain. Some people were at the pile making sure the chain wasn't torn. Others were feeding the chain to those putting it in the sack. Another word for this could be team work.

Another important thing we gained was pride. We were filled with pride when we saw the mountains of chains we had made. At the pep rally noon can that we weren't fill with pride when we won the competition.

In addition we learned to cooperate. One night that week we went to a house for three hours. The whole time two of us stapled and four of us wrote sayings. Then when we started to run out of paper, someone cut out more. Working that length of time had to take cooperation.

Spirit was the end result of our project. This was the whole purpose of the chain. It was to get the school's spirit up and keep it up. The sixth, seventh and eighth graders were all spirited during that week. We got the football boy's spirit up and kept it up all week. Spirit is probably the most important value we learned all week.

Making the spirit chain taught us that this was not just a project to have fun with but to learn from. All of the values we have learned we can use in basketball, track, in the classroom, and throughout the rest of our lives.

The Spirit Chain

by Tracy Hankins

Two weeks ago the 6th, 7th and 8th grades worked on a very fun and exciting project. Each class made a paper spirit chain.

We learned many things from making this chain. One thing we learn was respect. We all had to respect one another and others rights. When people want to do something different from you, you had to respect that and compromise.

Another thing we learned was effort. We all had to work for hours on hours, non-stop. We had

Senior Citizens News

Effective November 15, 1994, the Donley County Senior Citizens Center will be extending their serving time for their lunch meal from 11:30 a.m. - 1:00 p.m. They especially want to encourage the working people of Clarendon to come in and eat with them. The suggested meal donation for everyone 60 years and older is \$2.00 per meal and for ages 59 and under the suggested donation is \$3.50. There are several tables of dominoes, skip-bo, and forty two going on after the meal is finished until the center closes at 3:00 p.m.

Everyone who eat at the center 75% of the total days of the month has their name entered in a drawing to win a meal ticket worth a week of free meals at the center. Bob Kidd was the winner for the month of October.

Hereford Senior Citizens Association is having their Festival of Trees, November 17-20, 1994 in Hereford, Texas. Several seniors from Clarendon went last year and really enjoyed it.

The center will be serving their Thanksgiving Day meal, November 17, 1994. Join them for turkey and dressing, gravy, candied yams, green beans, fruit salad, and pumpkin pie.

The center will be closed Thursday and Friday, November 24 and 25, 1994 for the Thanksgiving holiday.

Help Gulf Flood Victims

Donley County residents are helping victims of recent flooding along the Gulf Coast. What many residents need most is money to pay for repairing their homes. Insurance does not cover flood damage for many victims.

Many flood victims are having to gut their houses. In many cases they must rip all of the sheetrock off the interior walls of these houses, remove all of the insulation and rebuild.

William Thompson, son of Sheriff Jimmy Thompson and his wife Aleta, has been doing volunteer labor on weekends, helping flood victims rebuild.

Donley County residents who want to assist can give their contributions to Aleta Thompson, 874-2885 or main it directly to Ralph Bryant, 1801 C. Main Street, League City, Texas 77573. Bryant is a preacher who is helping coordinate the relief efforts.

Spelling Competition To Held

The Amarillo Globe-News and West Texas A&M University in Canyon will once again sponsor the National Spelling Bee for students in public, private or parochial schools.

The 1995 Regional Bee will be held on the university's campus on April 8, 1995. The bee coordinator is Judy Kelley, instructor of

mathematics and associate director of the Texas Engineering Experiment Station Regional Division, WTA&M.

Each county director will select a location and date for his/her spell-down. All schools are encouraged to participate.

The Donley County director is Donnie Carroll, principal of Clarendon Junior High School.

There are two basic rules: A student must not have passed beyond the eighth grade at the time of his/her 16th birthday on or before the date of the national finals.

The Amarillo Globe-News and WTA&M have two levels of competition. They are: (1) The Junior Bee is for all elementary students, grade five and below; and (2) the Senior Bee is open to any student in grades eight and below—and includes elementary grades if the county bee director chooses to combine the elimination events.

Each county champion (senior level) will participate in the April 8 regional contest and the student who takes first will represent the sponsors in the 1995 National Spelling Bee in Washington, D.C. in late May. Airline tickets for the winner and one parent will be provided by American Airlines.

Each county junior champion will be a guest of the sponsors on April 8 and will be given special recognition.

Inquiries may be directed to Mrs. Kelley at WTA&M or contact Jeane Bartlett, Spelling Bee Editor, Amarillo Globe-News.

The study booklet, now called "Paideia", replaces the old "Words of the Champions", and is available from the newspaper for only 50 cents each.

Pathfinder Met for Veteran's Day Program

The Pathfinder Club met Nov. 11, 1994 at the Patching Club House at 3 pm. The President, Jeanice Weatherly led the Club Collect. Hostesses, Tena Powell and Anita Mooring invited members and guests to the dining room where Fall colors in the table cloth and napkins blended with the delicious layered pumpkin pie and hot cinnamon tea. Candies and nuts were also part of the decorative theme.

Roll call was answered with a war time remembrance. We shared experiences of following service husbands to strange places and living under unusual circumstances. Sue Dunigan shared some v-mail and some war coupons. Gladys Sawyer told of living near a Japanese internment camp. We talked about victory gardens, raising chickens and farming with only women and children for help. The impressiveness of our air might and unity of purpose were lingering remembrances.

A business meeting was conducted by the President.

Minutes were read and approved, a treasure report was made. Ruth Robinson was appointed member at large on the Club Room Board. The Memorial Committee for Imogene Brumley submitted a plan for purchase of two card tables in her memory. The plan was approved with a motion by Tena Powell and second by Mary Jane Smith.

Murle Butts, our very own army nurse veteran, enlightened us with her tour of duty and shared her scrap book. Murle traveled by black-out train from San Antonio to New York and caught the Queen Mary to dodge torpedoes enroute

to England. She was in the African Invasion and with Rommel's Battle of Bulge in Belgian and Germany. She was more talkative about discharge points than about the ribbons and medal of valor that she was awarded. Those of us engaged at home with mostly the diaper brigade, enjoyed sharing our experiences along with Murle for that time in our Country's History. Veteran's Day will always be precious to each of us as we honor and remember those who served so well in time of war.

Guests present were Viola Bones and Gladys Sawyer. Members present were: Murle Butts, Sue Dunigan, Naomi Green, Pearl Hermesmeier, Anita Mooring, Tena Powell, Lucy Saye, Jo Shaller, Mary Jane Smith, Jeanice Weatherly, and Dorothy White.

Pine Trees For West Texas

If you've ever longed for tall pine trees around your home but thought that they wouldn't do well here or were too slow growing then you need to check out the Afghanistan Pine.

The Afghan pine was first introduced to Texas for commercial Christmas Tree production. It gained popularity as a windbreak tree and is now considered the most popular pine species in the southwest. The Afghan pine is unique because it is an arid-land pine. It is adapted to the alkaline, sandy soils of west Texas. It is also extremely drought and heat tolerant. The Afghan pine also happens to be the fastest growing species of pine. Afghanistan pines have a beautiful pyramid shape and will reach a mature height of 35-45 feet in our area.

The Donley County Soil and Water Conservation District has Afghanistan pines for sale along with a wide variety of other trees for windbreaks, wildlife plantings, and home landscaping. If you're interested please contact the Donley Co. SWCD or the SCS at 874-3576 or come by their office at 4th & Sully in Clarendon. Programs and services of the Donley County Soil & Water Conservation District are offered on a nondiscriminatory basis without regards for race, color, national origin, age, sex, religion, marital status, or handicap.

Grime Fighter.

Outdoor grilling is a Texas tradition. You've probably collected lots of great recipes for barbecued ribs, chicken, steaks and burgers. But now there are two ingredients you won't need. Charcoal and lighter fluid. Both contribute to the grime of air pollution. So take a deep breath and fire up a propane grill. Grilling with propane is faster, cheaper and environmentally correct. Propane. The clean choice. The clear choice. Bon appetit!

High Plains Health Notes

by Robert E. Powell, PA-C, Donley County Rural Health Clinic, A service and facility of High Plains Baptist Health System

Colic, a symptom of early infancy, is characterized by paroxysms of crying, apparent abdominal pain, and irritability.

Colic may occur shortly after baby comes home from the hospital, but often begins some weeks later and may persist to age three to four months. The term "colic" suggests intestinal origin but the specific mechanisms of infantile colic is unclear. The colicky infants eat and gain weight well, may seem excessively hungry, and often suck vigorously on almost anything available but has paroxysms, sudden intensified, crying that turn a peaceful home into chaos and strains family members tempers.

Colic often occurs at a certain time of day or night but a few infants cry almost incessantly. Excess crying causes aerophagia, which causes abdominal distention and gas. Crying as such may be an early manifestation of an insistent, impatient personality.

Treatment for colic includes holding, rocking, or patting gently for infants who cry for short periods. An infant with a strong sucking urge may need more sucking especially if the infant fusses soon after feeding. If bottle feeding takes less than twenty minutes, new nipples with smaller holes should be tried. A pacifier may quiet the infant. A very active, restless infant may respond to be swaddled tightly in a small sheet and placed on his stomach. A change in milk formula may demonstrate a milk intolerance. In exceptional circumstances, a judicious use of a sedative may be helpful.

Parents need to know that the infant is basically healthy, that his behavior will cease in a few weeks and that too much crying is not harmful.

Insomnia is defined as difficulty in sleeping or disturbed sleep patterns leaving the perception of insufficient sleep. Insomnia is a common symptom that may be due to several emotional and physical disorders.

With advancing age, the total amount of sleep tends to shorten. The changes, although normal, may be distressing and lead to request for treatment. There is no evidence that it leads to changes in overall health. In early morning awakening, the person falls asleep normally was awakens several hours prior to his or her normal waking hour and either cannot fall asleep or has

restless, unsatisfying sleep. This pattern is usually associated with aging but sometimes may be due to depression.

Initial insomnia is commonly associated with emotional disturbances such as anxiety, a phobic state, or depression. Tendencies to anxiety, self reproach and self punitive thinking are generally more pronounced in the morning.

Reversal of sleep patterns usually are due to jet lag, disease or damage such as encephalitis or a head injury, sedative misuse, or irregular night-shift working hours.

Some normal persons sleep less than others. Insomnia may be primary, for example long-standing without emotional or psychic event or secondary to acquired pain, anxiety, drug-alcohol withdrawal, or depression. Recent onset of insomnia is usually due to current anxieties. Other than rare primary sleep apnea syndrome, there are almost no direct physical causes of otherwise asymptomatic insomnia.

Treatment of insomnia is generally toward the underlying cause. Therapy may require anything from reassurance, to stress reduction, to pain management, to drug therapy for emotional and depression related insomnia. Persistent unexplained insomnia may be helped by evaluation in a sleep laboratory.

Check It Out

If you haven't examined the Talking Books at Burton Memorial Library lately, take a look the next time you come in. You'll find an excellent variety containing mystery, western, children's favorites, health, history, and current best-sellers, all presented by professional readers.

While My Pretty One Sleeps and Weep No More, My Lady by mystery writer, Mary Higgins Clark, as well as Sherlock Holmes

Adventures are waiting for you who prefer suspense. Hans Christian Andersen's Snowqueen and Other Stories and Hank, The Cowdog and Faded Love by popular Panhandle writer, John Erikson, offer good listening for all ages. For strictly informative listening of specific topics, A Changing America by Alistair Cooke; Anatomy Of An Illness by Norman Cousins, and How To Speak To English Without A Foreign Accent by Jack Catran are available.

Any John Grisham fans in the audience I think so. His Pelican Brief is in this collection of Talking Books. Another best-seller and award winning book ready for your listening is Rosamunde Pilcher's Shellseekers. You'll also find Every Living Thing by James Herriot, and The Story of Nellie Bly who was a pioneer investigative journalist. These are only samplings of what is available in the Talking book section. The two-weeks check out period is the same for any other book in the library. They will remain in Clarendon for a couple of more months before they are rotated to another Panhandle library. Planning a holiday trip? How about listening to a good book while traveling (another advantage of the Talking books)?

I've mentioned the books received through the rotating system several times, but have never acknowledged our library books that are requested through computer to outlying areas. When I use the term "outlying areas", I'm not only referring to Texas cities. Our local books have been solicited and sent to more distant areas such as Virginia, Indiana, Oregon, Nebraska, and California.

Have you thought about a donation to Burton Memorial Library's Christmas Card fund yet? A chance to say "Merry Christmas" to everyone through the Clarendon News, and at the same time, be sure your contribution is used for library resources from which you and others in the community will benefit. There is still time, and the contributor's list is growing.

Hope you'll be treating yourself to the group of Talking books which are now in the library. Why not check it out?

Nicotine is just as addictive as cocaine or heroin. That's why more people die from smoking than from car accidents, AIDS, drugs, and violent crime combined. 1-800-ACS-2345

More than 1,000 people a day—434,000 a year—die from smoking and smoking-related diseases. If that many people were lost in airplane accidents every day, no one would fly. But people still smoke. 1-800-ACS-2345

The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday Nov. 8, 1994 at the Lions Hall. Seventeen members, one guest and Lion Sweetheart Dee Williams enjoyed a delicious meal. Boss Lion Garland called the meeting to order. Following the regular opening ceremony, Liantamer Henson introduced Russel Estlack as a student who was the guest of his father Lion Allen Estlack. An item of business was discussed and the meeting was adjourned.

Happiness is not a matter of events; it depends upon the tides of the mind.

Howardwick City Minutes

November 8, 1994

The Howardwick City Council met in regular session, on Tuesday, November 8, 1994 at 8:00 p.m. in Howardwick City Hall. In attendance were: Mayor, H.C. Clark; Councilmen, Bob Hall, Bob Thompson, Willey McCauley, Margaret Pettit, Chery Linquist; City Secretary, Diana Knight and nine guests.

Call To Order: Mayor, H.C. Clark called the meeting to order at 8:00 p.m. and welcomed all present.

Minutes: The minutes for October 11th, and November 8, 1994 were read and approved as read.

Audit: Gordon Maddox gave a report on the audit for the City of Howardwick, for the 1993-1994 fiscal year. Bob Hall made a motion to accept the audit, with a second by Margaret Pettit. Motion carried with a six to nothing vote.

Financial Statement: The October Financial Statement was presented for approval by Council. Bob Hall made a motion to approve, with a second by Bob Thompson. Motion carried with a six to nothing vote.

Bills To Be Paid: Chery Linquist made a motion the bills, with a second by Willie McCauley. Motion carried with a six to nothing vote.

Fireproof Cabinet: Bob Hall made a motion to table this item until we could find out what the cost would be, with a second by Bob Thompson. Motion carried with a six to nothing vote.

Old Business (Trash Charges and Resolution): Bob Hall made a motion to amend Resolution #2, and to drop the past due charges for people not using the trash service, with a second by Chery Linquist. Those against were H.C. Clark and Bob Thompson, those for were Bob Hall, Margaret Pettit and Chery Linquist.

Trailer: Mayor, H.C. Clark proposed that the City purchase a trailer for City use instead of paying someone else to haul of junk or trash. Margaret Pettit made a motion to go ahead and purchase a trailer, with a second by Bob Thompson. Motion carried with a six to nothing vote.

Insurance Claim On Fire Truck: Mayor, H.C. Clark gave a report to Council as to what he had found out after talking to the adjuster. Bob asked Mayor Clark to find out what it would take to settle this matter.

Citizens Comments: Margaret Pettit asked as a citizen of Howardwick, to have the light in the front of City Hall and the one in the entrance turned back on. Bob Hall ask to have the security light on the side of the building that belongs to Greenbelt Electric turned around, instead of shining on top of the building. With this not being on the agenda, no action could be taken.

Adjourn: With no further business, Bob Hall made a motion to adjourn, with a second by Bob Thompson. Motion carried with a six to nothing vote.

RESOLUTION #11 TRASH CHARGES
This resolution #11 is to replace Resolution #2 for the City of Howardwick.

In the November 8, 1994 Council Meeting, Resolution #11 was passed, to change the wording of Resolution #2 from charging all people whether they used the trash service or not, to read; that only the people living in Howardwick be billed for trash disposal that uses the service, and that all back charges be written off for the people who have not used the trash service prior to this date.

Public Notice
Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas (PUC) to restructure the current PLEXAR I and II service offerings. This restructure will significantly change PLEXAR I and II services.
The restructuring of PLEXAR I will, among other things: (1) reduce the maximum line size from 30 to 9; (2) obsolete and grandfather certain optional features; (3) eliminate the requirement to subscribe to Feature Package Two in order to subscribe to certain optional features; (4) reduce the nonrecurring and monthly rates of certain features; and (5) increase the nonrecurring charges for the PLEXAR I System Charge (\$2.10 to \$8.00), Call Transfer Disconnect feature (\$3.00 to \$8.00), and Convenience Dialing I feature (\$6.35 to \$8.00). All current PLEXAR I customers will have the option of keeping their current PLEXAR I service, switching to the new restructured PLEXAR I service, or switching to PLEXAR II service with ten or more lines.
The proposed PLEXAR II restructure will, among other things: (1) change the tariffed offering to serve the market segment of 10-74 stations; (2) create two station pricing structures, one for customers with 10-29 stations, and one for customers with 30-74 stations; (3) reduce the sensitivity for the loop portion of the rate to two price bands: 0-2 miles, and beyond 2 miles; (4) offer a PLEXAR II basic station that can be flexibly configured, from a number of standard features, to meet the individual customer requirements; (5) change the way the termination liability is calculated so the customer is responsible for 65% rather than 56% of the present worth of the remaining monthly payments in the contract; (6) create an option that allows month-to-month customers to convert to long term contracts of at least three years and receive a credit or "contract signing bonus"; and (7) establish a System Subsequent Change Charge which applies per serving central office when changes are made that affect the entire system.
Current PLEXAR II customers will also have the option of keeping their current PLEXAR II service, or switching to the new restructured PLEXAR II service. PLEXAR II customers with at least 75 stations also have the option of switching to PLEXAR Custom service in certain situations.
This application has been assigned Docket Number 13210. Persons who wish to comment on this application should notify the Commission by November 28, 1994. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the PUC Public Information Office at (512) 458-0256, or (512) 458-0221 tele-typewriter for the deaf. For more information about this application, please call your local Southwestern Bell Account Representative.

CLARENDON

Broncos

& Coaching Staff

We want to take the time to tell the Clarendon Bronco Football players and coaching staff how proud we are of them for the successful football season. The Clarendon Broncos had a winning season, even if the score did not show it every week.

The coaches have worked hard all year long on changing the program around for the better. There was a lot of discouraging moments throughout the season, but the coaches kept doing a great job with our kids. The accomplishments that were made should be greatly appreciated.

Lets talk about the players called the Clarendon Broncos. We have never seen a group of kids play as hard and with such big hearts. They suffered some rough time during the season, but pulled out a winner. The kids had discipline, respect for their coaches, self-respect and played with a lot of pride. All that has come from this one season will be greatly appreciated the rest of the year and definitely next football season.

We know that the hard work, discipline, respect and pride will continue in the gymnasium for the Broncos and Lady Broncos.
Kelly & Linda Hill

Coaches, Coaches you are great
you showed our team just what it takes
you stood behind them all the way
working hard everyday.
You brought our team together as one
A job we say was well done.
Discipline, Respect & Pride was there
you showed out team you really care.
You taught them the right way to play
their game
and if asked they would say keep it the
same.

Broncos, Broncos you are great
you showed us all just what it takes.
To play the game lose or win
you always fought until the end.
When you suited up and went on the field
we know a team is what you'd build.
We're proud of each and everyone
for a job we see was well done.
Never had I seen such courage in a team
you ended the season with self-esteem.

Public Notice

The Texas Department of Transportation has issued a request for applications to nonprofit organizations which might provide transportation services to elderly and/or disabled persons, or applications which might provide equipment for eligible transportation programs.
 Applications are being requested for Section 16 grants which provide for eligible capital expenses to include the replacement of buses, vans, trolleys, and other vehicles used to transport elderly and/or disabled person. Also included are the purchases of vehicle for service expansions, purchase of radio equipment and necessary auxiliary equipment. The funding is appropriated by the Federal Government under the Federal Transit Act.

To be eligible for consideration, each proposal must include a completed Section 16 grant application, successful completion of the pre-application interviews and an on-site visit with the public transportation coordinator. Forms for organizations in the Childress District are available from Mrs. Tonya Cummins, 1700 Avenue F NW, Childress, Tx 79201-0900. She may be reached by telephone at (817) 937-2571. Written proposals must be received in Mrs. Cummins's office on or before January 16, 1995.
