A Common Paper for Common People

JERRY BEHRENS

CANYON (Special) - Former Clarendon High School footballer Jerry Behrens is expected to see a lot of action Saturday night when West Texas State opens its new 20,000-seat stadium against University of Arizona.

The 6-1, 210-pound Behrens, who is classified as a sophomore will be playing at right tackle. A near-capacity crowd, the largest in the Panhandle's sports history, is expected for the historic occasion.

Arizona, a school of 12,000 enrollment, should make an attractive opponent for the stadium inaugural. The Wildcats, who boast a lot of prestige in the collegiate sports world, regularly play such powers as Air Force Academy, Colorado, Oregon, and Utah.

If the scores of their last four meetings can be used as a measuring stick, the Buffs and Wildcats should stage a thriller. In 1955, the two schools battled to a 20-20 tie; Arizona won, 20-13, in '56; the Buffs triumphed, 21-30, in '57; and Arizona won a close one, 15-8, last fall.

Tickets for Saturday's game are on sale at many key locations in the area, including all Shamrock stations. They range from \$1 to \$3.50 for adults and students (high school age or below) will be admitted for 50 cents.

Behrens, a mathematics major, is the son of Mr. and Mrs. G. T. Behrens of Clarendon.

LAST WEEK TO ENROLL IN COLLEGE NIGHT SCHOOL

Next Monday night Sept. 28 is the deadline for enrolling in the various classes being offered at Clarendon Jr. College in the Adult Education Program according to Dean Oliver J. Abel, Director of the Night School.

All of the classes being conducted this semester have room for one or more students and Dean Abel appeals to all adults who have wanted to improve their educational status to contact him at his office and plan a program for the future.

The following classes are being offered this semester:

Monday night: Chemistry, Business Math, Music and Short-hand.

Tuesday nights: Accounting, American History, American Government, and Bible.

Thursday nights: Typewriting

for beginners and advanced students.

The Night School Program is getting off to a wonderful start with approximately thirty students enrolled in over one hundred semester hours of classroom work, yet the program is staffed for almost twice that amount. Registration will be open through Monday night, September 28.

Mr. and Mrs. George Bulman and Mr. and Mrs. Pete Land returned last Friday from a 10 day vacation trip to Calif. The Bulmans visited in Bell with Gene Bulman and family and in El Cajon with the Rufus Pools. Mr. and Mrs. Land visited Mr. and Mrs. Tony Radetich in L. A. and with the Dan Fitzgerald family in San Diego.

A. J. Garland is shown standing in his lush stand of Woodard Sand Blue Stem grass that he is growing for seed on his farm northwest of Ashola. It is expected to make 450 pounds of seed per acre at around \$8 per pound and the green weight of the grass has been figured at 30,250 pounds per acre. The grass acreage has been fertilized and irrigated. This experimental acreage is proving without doubt that this type of grass under irrigation will provide an abundance of grazing for a sizeable herd of stock.

Services Held Sunday For A. B. Bynum

Funeral services were held Sunday afternoon at the Lelia Lake Methodist Church for Alvis Browning Bynum, pioneer Lelia Lake resident, with Rev. C. R. Hankins officiating.

Mr. Bynum, 87, died Thursday afternoon in a Pampa hospital. He had been a resident of Lelia Lake 52 years and had served as postmaster there a long number of years prior to retiring. He was a member of the Lelia Lake Methodist Church.

Survivors include one son, Loy Bynum, Amarillo; three daughters, Mrs. Geneva Hinton of Globe, Ariz., Mrs. Faye Boswell of Dallas, and Mrs. Hazel Carter of Pampa; six grandchildren and six great-grandchildren.

Pallbearers were Coleman Shields, Kinch Leathers, Sid Pointer, W. W. Jones, Earl Myers and Carol Lewis.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Are You Interested In Politics?

With the political calendar changed considerably and election dates moved up, those of you planning to enter politics will be interested in the following information and can get geared up to throw your hat in the race of your choice. Heretofore, candidates had begun making their intentions known around January 1st but since the deadline for filing date and the first primary election have been moved up, many are expected to announce in the early part of October.

CALENDAR FOR 1960

Below is a list of the important dates affecting the 1960 Political Calendar of County Democratic Executive Committees. Provisions of the new Election Law changes are included.

February 1 - Deadline for candidates to file. Fee must be paid within three days after application.

February 8 - Committee meets to apportion costs of primary among the candidates.

February 13 - Last day for candidates to pay assessments.

March 7 - Filing deadline in cases where there is no candidate, due to death, etc.

March 14 - Committee meets to determine hour and place for Precinct Conventions to be held on May 7, and to decide the hour and place for the County Convention to be held on May 14.

March 21 - Committee meets to:

- (1) Receive certificates showing names of State and District candidates.

- (2) Determine by lot the order in which names of candidates appear on the ballot.

- (3) Determine at this meeting, or at a meeting 20 days before election, if absentee ballots (inclosures using voting machines) are to be counted by special canvassing board.

March 28 - Primary Committee meets to prepare First Primary Ballot.

April 26 - County Chairman posts notice of hour and place of precinct conventions at Courthouse and files it with County Clerk at least ten days prior to date of Conventions.

May 2 - Committee to select supervisor for precinct not less than five days before election day, when petitioned.

May 3 - Precincts using voting machines shall hold a school of instruction not less than three days before election.

May 7 - Notice of hour and place of County Convention to be posted by County Chairman at Courthouse and filed with County Clerk at least ten days before Convention.

May 7 - FIRST PRIMARY ELECTION.

May 7 - PRECINCT CONVENTIONS.

May 10 - Committee meets to canvass returns and record the results by precincts.

May 11 - County Chairman shall, within 24 hours after votes are canvassed, prepare a tabulated statement of the votes cast and mail such statement by registered letter to Chairman of the State Executive Committee, as to State and District offices.

May 14 - COUNTY CONVENTION.

June 4 - SECOND PRIMARY ELECTION.

June 7 - Committee meets to canvass returns.

June 14 - STATE CONVENTION.

July 4 - County Chairman shall, within 30 days of the Run-Off Primary, make sworn financial report to be filed with County Clerk not later than November 1.

September 20 - STATE CONVENTION.

November 8 - GENERAL ELECTION DAY.

Use Leader Classifieds for Quick Results.

COTTON FESTIVAL QUEEN

MISS PATTI PATTON

Miss Patti Patton will reign as Queen of Hedley's Eighth Annual Cotton Festival to be held Oct. 9th and 10th. She is the daughter of Mr. and Mrs. V. M. Patton who farm near Hedley, and is a junior in Quail High School.

Eighteen girls have entered the contest for the 1960 Cotton Festival Queen. The contest will close and the new Queen will be crowned Saturday night of the festival.

The Queen's coronation and the command performance for the Queen has always been one of the best and most colorful events of the Festival. Lions District Governor, Don Zimmerman, of Hereford will crown the incoming Queen. Miss Myrtle Reeves will have charge of the program.

L. L. Molder Has First Bale Of Cotton

L. L. Molder who farms in the Hudgins community southeast of town, brought in the first bale of cotton from the 1959-0 crop on Friday, September 11th. We wish to congratulate Mr. Molder on this achievement and offer our apologies for this item not appearing in the Leader last week. Somewhere in the mad rush getting out extra pages of the county fair, the item became misplaced and was not found until after the Leader came out.

Mr. Molder had 1780 pounds of seed cotton and the ginned bale weighed 463 pounds with 800 pounds of seed. The cotton was ginned free by Paymaster Gin No. 1, managed here by J. R. Brandon. Mr. Molder also received a cash bonus of \$50 from the local Chamber of Commerce.

This was the first bale of cotton to be produced in Donley County from the current crop. The first bale ginned at Hedley by the West Texas Gin was brought in Friday, Sept. 18, by R. D. Castner at Lelia Lake. It weighed 460 pounds and was bought by the Hedley Booster Club at 40 cents a pound. This bale of cotton will be given away at the Hedley Cotton Festival October 10th.

JR. HIGH COLTS TO PLAY CANADIAN

The Clarendon Jr. High Colts play their first home game Thursday, Sept. 24, at 6:30. The opponents for the first home game will be Canadian Jr. High.

The probable starters for the Colts are Ted Graham, Steve Shelton, Jerry Taylor and Jerry Smith in the backfield. The line will be composed of Ronnie Longan, Faylon Watson, Larry Gray, Ronnie McAnear, Tommy Edwards, Vernon Morris, and Dennis Stewart.

Hot dogs, sandwiches, cup cakes, popcorn balls, coffee, and cold drinks, candy, gum, will be sold by Colts' mothers at the Jr. High football game tonight. The concession stand will be open at 6 o'clock for the game with Canadian and also for the other home game.

BRONCHOS TO PLAY TURKEY HERE FRIDAY NIGHT

Soil Conservation Supervisor Election October 6th

October the sixth is the date set for the election of a soil conservation supervisor in Donley County for zone number one. This zone takes in all land west of farm to market road seventy, Brice road, and all land south of highway 287. Mr. C. B. Morris is the present supervisor for this zone. H. M. Breedlove, county agent, will hold the election.

The supervisor elected will serve this zone for the next five years. Qualified voters are land owners in zone one who are over twenty-one years of age. Wives of eligible land owners in the zone are eligible to vote and should do so since they have an interest in the soil conservation district.

The soil conservation districts are sub-divisions of the state of Texas and are charged with carrying out soil and water programs in the district. Through the district technical help, equipment and other services are provided the land owners.

The meeting will be held at the court house in Clarendon on the sixth of October at eight p.m. and all land owners and wives are urged to attend and elect a supervisor. The Donley County Soil Conservation District has been in operation for a good many years in the county and has done a wonderful job in assisting farmers to conserve their soil and water.

Services At Amarillo For Former Resident

Funeral services were held Monday in Amarillo for Jim H. Roberts, 65, former resident of Lelia Lake, who died Saturday in a Tucumcari hospital following a heart attack.

Mr. Roberts moved to Amarillo in 1926 where he was employed by Waples-Platter Grocery Co. and later became a co-owner of the Burkett Paper Company. In 1941 he and two brothers formed the Roberts Paper Co., which is currently in operation in Amarillo.

He was a member of the Methodist Church, Masonic Lodge, Khiva Temple and Elks Club.

Survivors include his wife, Mary, of Amarillo; four brothers, Bob Roberts of Memphis, Oscar Roberts of Lelia Lake, Brownie and Dick Roberts, both of Amarillo; four sisters, Mrs. Carrie Ballew of Amarillo, Mrs. Ruby Womack of Memphis, Mrs. Mary Wiltshire of Severna Park, Md., and Mrs. Luther Butler of Lelia Lake.

Burial was in Llano Cemetery, Amarillo.

The Clarendon Bronchos will meet the Turkey Turks in Broncho Stadium Friday night. Game is scheduled to start at 8:00 o'clock.

The Bronchos will be looking for their first win of the season. They have suffered defeats at the hands of three tough District 1-A teams, Stinnett, Spearman and Gruver. Turkey has won one and lost two so far this season. Their win was a convincing 22 to 8 victory over a lightly regarded Claude team last week. They have lost to Happy and Kress.

The Bronchos have played good ball in spots all season. They showed more speed than usual in the Gruver game and Coach Jinks feels that with more experience the boys will make fewer mistakes and will be giving a good account of themselves during the latter part of the season. Experience and depth are the two things that are hurting right now.

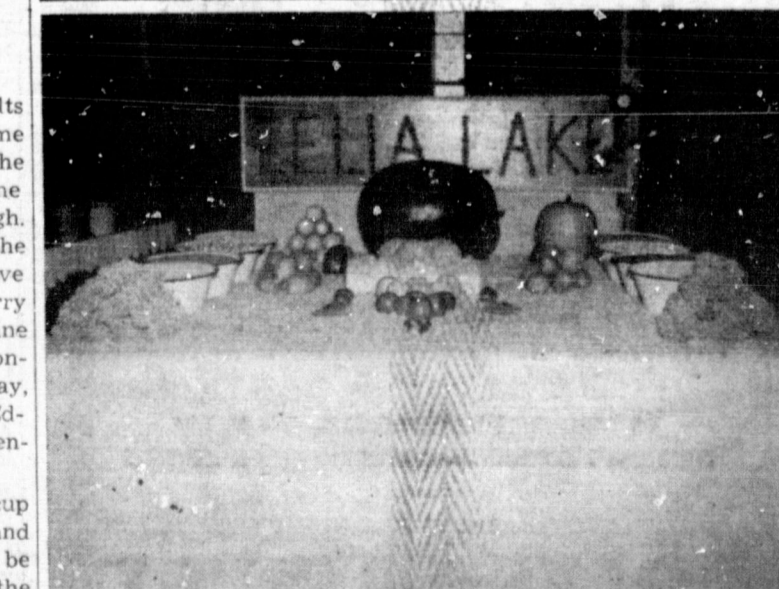

This week will see about the same starting line-up as last week although some of the starters are being pushed by other players and may lose their positions. Don Hudgins is crowding Bill Hermesmeier for one of the end positions and may take over as a starter by Friday night. Philip Abel seems set for the time at the other end position. Starting tackles Lynn Spier and Jerry Gray were disappointing to the coaches in last weeks game and are having to fight Jerry Allen and Gerald Johnson for their positions this week. Leon Gibbs will also see a lot of action at guard although Dennis Bradshaw and Charles Percival will probably start. Ronnie Tyra is still holding forth at center.

The competition has been keen this week between Dwight McAnear and Neel Carter for the quarterback position and regardless of which one starts, the other will probably see a lot of action. Carter will also see some action at halfback along with Wayne Mann and Jim Roberson. Dewey Wilson, after his terrific game at Gruver last week, has eliminated most of the competition for the fullback post.

As has been the case in each of the three games so far, the Bronchos will again be badly outweighed. The Turks will boast a 22 pound per man weight advantage.

SENIOR BREAKFAST

The Hedley Seniors would like to invite everyone to their kick-off breakfast for the Cotton Festival, Friday, October 9. The Lions Den will be open for the early coffee drinkers at 6:00 a.m. Breakfast will be served beginning at 7:00 a.m. The menu consists of pancakes, bacon, eggs, milk and coffee. We hope to see you bright and early October 9.

Lelia Lake was the winner of the community booths at the County Fair last week end with Martin placing second and Midway third. There were only a few points between the top three placings.

HEDLEY NEWS

Mabel Bridges

Donley County Old Settlers are busy getting ready for Old Settlers Day at Hedley's 8th Annual Cotton Festival, Oct. 9-10.

If you have lived in Donley County 40 years you are eligible for a badge which entitles you to free refreshments at the Old Settlers Booth. There will not be a free picnic lunch, only light refreshments.

A good program has been planned with Senator Andy Rodgers as guest speaker. He says he will be in Hedley for Old Settlers Day.

The Committee plans a full program with something for all to enjoy. Meet old friends in Hedley Friday, Oct. 9, at Hedley Cotton Festival.

Mr. and Mrs. Bill Jones returned home last week end from Temple where Mrs. Jones underwent major surgery in Scott and White Hospital in Temple. Glad to report she is doing fine.

Kathy Wood has been ill in Northwest Hospital in Amarillo. At last report she was improving and the doctor expects a speedy recovery. We hope this little lady will soon be home.

Mrs. Walter DeBord and Mrs. W. T. Rains attended the County Fair in Clarendon Friday.

Hedley Garden Club received ribbons at the Flower Show in Clarendon during the county fair. Mesdames Herlie Moreman, Bill Scales, Walter Pierce, and club president, Mrs. John Tate were responsible for the nice display.

Mrs. Lois Beach is in Colorado Springs with her mother who is ill.

Clyde Bain of Wasco, California, spent last week with his father, Uncle Tom Bain. He visited the Royce Halls and the Tommy Bains.

Mr. and Mrs. Ed Beach left this week for an extended stay in Glen Rose in interest of their health.

Mr. and Mrs. Roy McKee visited in Sunray with their daughter, the Clifford DeBords.

The Chester Hill family of Le-fors visited in Hedley last week end.

Hedley students began their college work last week. Attending West Texas State in Canyon are Nancy Lou Hinds, Loveta Houdarsbell, Rhetha Ranson, Cheryl and Karen Scisru, Bobby Couch, Bonnie Alexander, and Bennie Leslie went to Denton. Jerry DeBord, Mrs. Arletha Talley and David Boliver went to Lubbock.

Bud Johnson, who is in the U.S. Navy, is visiting his parents, Mr. and Mrs. Charley Johnson. Bud

proud of them. I only hope more of them take advantage of the library next summer.

ROT RESISTANT ADDED TO COTTON FABRIC

Texas cotton producers and consumers should be interested in a recent U. S. Department of Agriculture announcement dealing with the development of a practical method for producing cotton fabric with outstanding rot resistance and improved weather resistance.

Because of its improved properties, cotton fabric treated with the chemical promises to open new markets for cotton in awnings, tents, tarpaulins and other outdoor fabric items.

The treatment method, de-

veloped by the USDA's Agricultural Research Service, is based on the use of a water acid colloid of methylolmelamine. This chemical is well known for its resin-forming qualities. The resin, which penetrates the outer portion of the fiber cell

wall to become a part of the fiber rather than just a coating, makes cotton virtually immune to rot and mildew as demonstrated by soil burial tests in the laboratory.

Untreated cotton buried in soils containing fabric-destroying bacteria was in shreds after

one week. The treated cotton, on the other hand, still retained 100 per cent of its breaking strength after 21 weeks.

And of major importance, said the announcement, cost of the treatment is expected to be relatively low and it can be applied with conventional textile

finishing equipment.

Why we built two cars for 1960... as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tabs on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance... a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long... and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength... it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel, conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's... take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

In Uncle Zeb

Love could well be called the greatest influence for good in all the world. Love for our Creator, and love for our neighbor were singled out as the basis of our responsibility as Christian peo-

ple. Love for our mate and for our family is the influence that makes our home the grandest thing in our way of life. The greatest of all teachers, and the only perfect example to ever have lived tried to carry us a step farther and teach us that we should love our enemies. If we could do just that today it would be the oil that would smooth out many a troubled water on the sea of life.

A parents love for the child, and the baby's love for the mother and father make such a beautiful picture as we think about it in comparison to the ugliness of bitterness and hate.

Love is the hope of our eternity. Love is the solution to our present life. Love is the difference between joy and sorrow. Love is the difference between living and just existing. Love

makes our life worthwhile.

Not long ago someone remarked that each of us had the same amount of love, but that some loved others and others loved only themselves.

If we are the type person who always wants to get even with people, we should try to get even with those who do us favors.

To love others makes us happy; to love ourselves makes us lonely.

Worry is like a rocking chair, it will give us something to do all through the day, but it will seldom get us any place.

Take in yourself for an example; I used to worry about my hair turning gray, now my main worry is just how long we will have any left to turn.

There is no use spilling our bitter tears crying over spilt milk; it will just make the milk

ATHLETE'S FOOT GERM
HOW TO KILL IT.

In 3 days, if not delighted with strong, instant-drying T-4-L liquid, your 48¢ back at any drug store. Watch infected skin slough off. Watch healthy skin replace it. Itch and burning are gone! Use T-4-L FOOT POWDER, too — gives antiseptic soothing protection. TODAY at Stocking's Drug Store

too salty for the cat.

My brother-in-law gave me this advice one time; if you have a serious problem keep your head cool and your voice low.

Another definition of worry is that it is like a merry-go-round; takes you round and round but leaves you back in about the same spot.

Actually just worry alone and no action often leaves us in a much worse spot than we were in at first. Worry as we think about it in this sense is fretting and fuming and doing nothing about our situation.

We are supposed to be concerned about our problem, give much thought to its solution, then concentrate on putting forth the necessary action to solve it. Worry is fretting and stewing. Maybe wringing our hands and crying.

Action is getting and doing, Winning, or at least up a-trying.

To each one of us our own troubles seem much worse than the other fellows and our problems a lot more complicated and bewildering. However, if a group of us should pile our troubles into a pile and then each one start picking out the ones they would rather have, it is likely as not that we would wind up carrying home the same burdens which we had to begin with.

Oh Lord, for strength from Thee

we pray. To face the problems a'long life's way. Each dawning morn again we say, We need Thy help to meet the day.

Running away from trouble is just as impossible as running off from our shadow. The only way to lose our problem is to solve it.

If your problem is too small to pray about, then it is too small to worry about.

Worry never makes a worry go; mostly worry just makes our worries grow.

Blessed is the man who is too busy to worry in the day-time and too sleepy to worry at night.

The trouble with so many of us is that when trying times come along we quit trying.

Memphis, Texas . . . From deep in the heart of the Eastern Panhandle cotton belt.

It was our good pleasure to attend the opening of the new government cotton classing office at Memphis. This is a real development for this part of West Texas. Before now, all cotton samples from this 12 county area had to travel to Altus, Oklahoma, or Lubbock Texas, and the card received back to the owner before it could be placed in the loan or in most cases disposed of at all. This meant days of delay.

Some time back growers and others interested in cotton got busy on the problem. An organization known as the Rolling Plains Cotton Growers, Inc., came into being and through gifts and loans came up with a building that the Department of Agriculture would accept as a location for this new office. Not only will 12 nearby counties, including Donley have better service but the town of Memphis will have some 20 more people employed in their town. Congratulations to the hard working people who put over this idea.

Honest Jess says that everyone is making lots of money these days whether they are cotton pickers or guitar pickers and now that if someone would come up with an idea on how we could make a living everything would be fine. You know, he has something there. A man still has to hustle in order to make a living using these cheap dollars.

The other day we received a letter to Uncle Zeb from the address of Hotel Zeb Cornhusker in Lincoln, Nebraska. We were about to be dumbfounded when we found that it was our good friend the H. A. Greens of Rt. 1, Clarendon, as they took in the Annual Galloway Breeders Convention.

In addition to this news about attending the National Convention Mrs. Galloway gave us a sample of her poetry with her beloved Galloway Cattle as the subject.

What Makes The Galloway Go In Texas

By Naomi Green
He likes our Texas grass, but during drought, Will take our Texas weeds and brush to mouth.

He ranges far and wide on a circus Texas Plains, When the cold wind blows never complains. The herd will form a living circle when it snows, To shelter calves inside, like our frontier buffaloes.

He gains and gains no matter it's hot or cold, And he dress as high as 70% we're told. When cross bred with a dairy cow, He still produces a milker, and how.

If you want beef, take that same calf, Call him a steak, though some folks may laugh; They will be back begging for a Galloway bull, Once they've hokked the fancy money one can pull.

If they've one with horns, or maybe pink-eye, It's easy to convince them integration sets them on high.

Yes, Galloways go fast and far in Texas as you can guess, For in spite of Alaska, Texas still has what is biggest and best.

Thank Mrs. Green . . . How are your watermelons lasting?

AUSTIN - "Dogwood time in Texas" could come around Thanksgiving this year. In years past, the deadline for candidates to file for a place on the Democratic primary ballot was the first Monday in May. Would-be candidates frequently followed an old East Texas tradition of holding off formal announcements "until the dogwood is out." Depending on the season, dogwood blooms in late February to early March, some 2 to 2 1/2 months before the old May filing deadline. Election law changes passed this year move the filing date up to Feb. 1. If the whole schedule is moved up accordingly, "dogwood time" would be from late November to early December. Probably, for the first time at least, long habit will cause most candidates to feel this is too early. Also for the first time in 1960, county officials will face a new fact of life. A constitutional amendment adopted last year bars them from running for another office while holding their present office, if it has more than one year to run. This means that district judges, district attorneys, county judges, etc., all of whom have four-year terms, can't run for some state

office in their "off year." They will have to resign first. This rule does not apply to state officials holding four or six-year offices. BATTLE LINES FORMING - However lively state politics, they probably will be eclipsed in the coming months by the tremendous interest building up in national party politics. Focal point of most of the suspense and activity is U. S. Sen. Lyndon B. Johnson, first Texan since John Nance Garner to be regarded seriously as a potential presidential nominee. Clubs to support Johnson are already being formed, and Democratic Executive Committee Chairman J. Ed Connally of Abilene has predicted strong unity behind the senator. But complete unity is unlikely. Liberals are forming a Texas Democrats for Stevenson organization. First showdown will be at the precinct conventions. They'll be May 7 since the new law moves the date from the last Saturday in July to the first Saturday in May. REPORT TO TAXPAYERS - Texas government cost more last year than ever before and will cost even more in the fiscal year that began this month.

But there was bright spot in State Comptroller Robert Calvert's report. Because of a new bookkeeping system enacted by the Legislature, the General Revenue Fund deficit is only \$26,571,159 instead of the \$67,000,000 that was predicted. Calvert reported the state spent \$1,163,883,680 in the year just ended. This is \$140,000,000 more than in the previous year. In the present year spending will be some \$50,000,000 higher than in the year just ended. Biggest expenditures, in the order of their cost, were for highways, schools, public welfare, state hospitals and penal institutions. STUDY FOR SURVIVAL - A new adult education program, aimed at the person who wants to live to a ripe old age regardless of what happens, will be launched in Texas this fall. Texas Education Agency, in conjunction with several other state and federal agencies, is setting up the civil defense study program. It will be offered initially through public schools and junior colleges. TEA's team of civil defense consultants will begin by holding workshops in various Texas cities and towns to train teachers. Teachers in turn will set up free classes for the public. A 12-hour course in six two-hour sessions is planned. It will cover the potential perils from both natural and man-made disasters, and how to survive them. Texas is one of five pilot states which will pioneer this program this year. Next year 29 states will participate. DAMP HARVEST - Too much rain at the wrong time has caused

ed Texas crop prospects in some areas to sag. U.S. Department of Agriculture has estimated the state's 1959 cotton crop at 4,525,000 bales. This is 225,000 bales less than was predicted earlier. Wet weather, causing insect damage and root rot, particularly in East Texas, was blamed. Quality, as well as quantity, of cotton has been hurt by the rains. In some parts of the state August was the wettest month this year. Rice, grain sorghum and vegetables also have been damaged in the sections near the coast. HATCHET BURIED - A long and sometimes bitter controversy over Trinity River water apparently has ended in compromise. Conflict had developed between the City of Houston and the Trinity River Authority, for which Dallas and other upriver residents were spokesmen. Each group wanted a permit from the State Board of Water Engineers to build a reservoir on the Trinity. Charges and counter-charges were exchanged with a strong undercurrent of regional rivalry. A shouting contest before the Water Board seemed inevitable. Now TRA and Houston have agreed on a plan by which the reservoir would be built, owned and operated jointly by the two. Houston would pay 70 per cent of the cost and get 70 per cent of the water. Plan cannot be final until approved by the Water Board. BEWARE OF BATS - Leave bats alone, warns the State Health Department in its September bulletin. Department officials have studied several cases in which rabies

was apparently transmitted to people by bats. Two of the cases involved women who were trying to help bats that seemed to be hurt. Death resulted in each instance. Bats serve a useful purpose, the bulletin points out, consuming as much as twice their weight in insects each night. A healthy bat, it continues, won't come near people. And if people exercise reasonable caution, says the article, there is little danger. WHY TRADE GOES ELSEWHERE As the ancient balled tells, for want of a nail a kingdom was lost. A modern paraphrase could be that for want of the right kind of advertising great amounts of business are lost. The Windsor, Missouri, Review, points out that "The chief competitors of the small city retailer are not other local merchants. His most serious competition comes from nearby metropolitan centers." Prices on standard brands of merchandise, the Review goes on, are virtually the same everywhere. Low overhead sometimes gives the small-town retailer a competitive advantage over the big-city merchant. So the Review asks and answer a question: "Why, then, do so many shoppers travel fifty or a hundred miles to buy the same items they could obtain at home for the same price? Many retailers who ask this question should look to the answer. Inadequate advertising is likely to be the answer." The merchant who just opens his doors and waits for the customers to enter, without attracting them through advertising, is going to do a minimum of business.

The merchant who sees to it that people know what he has to offer is going to do the maximum.

And the local newspaper is the outstanding advertising medium for the retailer.

SENIOR H.D. CLUB

The senior Home Demonstration Club met Friday afternoon in the home of Mrs. O. C. Watson for their first meeting of the fall. Mrs. Lena Antrobus was co-hostess. The house was decorated with potted plants.

Meeting was opened with the Club Collect by Mrs. J. H. Helton. In the absence of the president and vice-president, Mrs. W. L. Jordan, secretary presided over the business.

Refreshments of cake and coffee were served to Mesdames C. H. Darling, Clyde Butler, W. L. Jordan, J. H. Helton, William Payne, Virgil Poole and Will Kennedy by the hostesses Mrs. Watson and Mrs. Antrobus.

Meeting adjourned and the remainder of the afternoon was spent visiting the County Fair.

The next meeting will be with Mrs. W. L. Jordan. The afternoon will be spent piecing quilts. — Rep.

MOTHERS STUDY CLUB

Mother's Study Club met Tuesday evening at Patching Club House. Meeting was called to order by the president, roll called by the secretary and a treasurer's report given. Ruth Lewis was voted a new member and several names were presented for consideration of membership. Plans were also made for a rummage sale in the near future.

The constitution and by-laws were read by Patsy Robertson. Jacqueta Owens presented the program titled "Is Work Important For Children." The Parent's Prayer was read by Gladys Turner.

Meeting was adjourned and cake, coffee, or Cokes were served by the hostesses, Jo Ann Edens and Cherry Shadle. — Rep.

TO OBSERVE 25th ANNIVERSARY

The children of Mr. and Mrs. Penny Johnson will honor their parents on their 25th wedding anniversary with open house on October 4th from 2 to 5 p.m. All friends are invited.

M.Y.F. REPORT

The M. Y. F. held their weekly meeting last Sunday. We're proud to say we finally received our register board this month. Beverly and Carol McCullam and Nancy Young presented the program covering Christian citizenship at school. There were 10 present. We were dismissed by the M. Y. F. Benediction. — Rep.

CHAMBERLAIN MEETING

Neighbors of the Chamberlain Sept. 13. Sandwiches, potato Community met Friday night, chips, cookies and drinks were served by hostesses, Mrs. A. O. Hott and Mrs. Lee Muse. Then everyone enjoyed games of "42" and visiting.

Our next meeting will be Friday night, Oct. 2. Nelda Jones and Lee Welch will be hostess and host. Pie and coffee will be served. Everyone is invited. Our visitors were welcome. — Rep.

COLT MOTHERS MEET

Colt mothers met September 9 in the home of Mrs. Stina Cain and organized for Jr. High football activities. Officers elected are Mrs. Stina Cain, president; Mrs. J. G. McAneur, vice-president; Mrs. J. Stone, secretary-treasurer. Concession stand and banquet committees were selected.

An accident policy was accepted and put into effect to cover all games played this football season to be paid for by the parents of the boys.

SURPRISE BIRTHDAY PARTY GIVEN

Mrs. Carrol Lewis was pleasantly surprised when she and Mr. Lewis returned home Saturday evening and were greeted by their children singing "Happy Birthday, Mother."

Present were Mr. and Mrs. Carrol Lewis, Mr. and Mrs. Billy Phillips and family of Borger, Mr. and Mrs. Floyd Lewis and family of Amarillo, Mr. and Mrs. Leland Lewis and family of the SJ Ranch, Mr. and Mrs. Jack Lewis and children, Mr. and Mrs. Gordon Moore and son Mrs. Weldon Loveady and children of Odessa. Also attending were Mrs. J. W. Alvey of Odessa and Mr. and Mrs. Olcse Hicks.

MIDWAY CLUB NOTICE

The Midway Club will meet Friday, October 2nd, at the home of Mrs. Louise Riley instead of October 1st as previously announced. — Rep.

SCHOOL CAFETERIA MENU

For week of Sept. 28-Oct. 2.
Monday: Steak and gravy, creamed potatoes, cabbage salad, apple sauce cake, white bread and milk.
Tuesday: Fish sticks and beets, buttered potatoes, celery, hot rolls and fruit, milk.
Wednesday: Meat Balls and spaghetti, blackeyed peas, tossed salad, hot rolls and syrup, milk.
Thursday: Pork patties, corn, green beans, carrot sticks, brown bread, cherry pie, milk.
Friday: Beans, cornbread, mixed greens, potato salad, peaches in jello, chocolate cake, milk.

Mr. and Mrs. Geo. L. Green returned home Monday after spending several days with their sons, Robert Green and family in Temple, William Green and family in Trinidad and their daughter, Helen, in Dallas. They also visited their old home town in Ferris, Texas, and spent several days with Mrs. Green's sister.

Look out for the driver who does not look out for you.

Donley Flower Show Termed Outstanding

Because of the work and cooperation of many people the Donley County Flower Show has again been a huge success.

The Hedley Garden Club had a special section for their exhibit. Their exhibit was so good that their arrangements merited nine blue ribbons, seven red, and one yellow.

Clarendon and other communities exhibited their arrangements together. They also received many first, second and third place ribbons.

Children's arrangements were made by both boys and girls and were in a separate class. These were clever and unusual and most of them received ribbons. One of the unusual featured a cup and saucer painted with a face and suit of a clown. The cup wore sun glasses and ivy grew from the cup.

In the general show there were dried arrangements of petrified wood with pine cone, sycamore balls, dried grapes, straw flowers, and bachelor buttons. Some of these were sprayed with gold, silver, and color for artistic effect. There were sprayed and unsprayed grasses and some beautiful Snowberries and Snow on the Mountain. There were a great many cockscombs in red and one that surprised even the seasoned gardeners, a cream colored variety. The roses and dahlias were really outstanding and even the asters decided to keep blooming for this particular show. The hibiscus, thought by many to be unsuitable for this area, was also exhibited. All of this proves that neither pests nor weather can defeat a dedicated gardener.

The many beautiful and ornate containers contributed their part to the show lending uniqueness and originality to the display. Also adding to the beauty of the exhibit and not entered to be judged was a bouquet of chrysanthemums and pyracantha from Harlan Flowers.

The show was not presented entirely by women. The men helped put up the exhibit and taken it down and one man entered two arrangements with each taking a red ribbon.

The Flower Show was sponsored by the LeBeaux Arts Club and members of this organization would like to express their appreciation and thanks to the Hedley Garden Club, the Chamberlain Community, and all other communities, organizations, and individuals who helped make the exhibit possible this year.

Jimmy Dean Howze has returned to Lubbock where he will resume his teaching duties at Texas Tech. He has been visiting his parents, Mr. and Mrs. J. H. Howze.

CARDS OF THANKS

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts. The Roberts family
The J. L. Butler family
The Andy Womack family

Mrs. W. C. Scott who underwent surgery September 2nd, was returned to Northwest Texas Hospital in Amarillo Saturday, September 19, Room 226.

Mrs. Scott wishes to express her appreciation and thanks to her friends, neighbors, church and family for the beautiful flowers, gifts, cards and letters that she received while she was in the hospital.

We want to thank our friends and neighbors for all the nice things they did for us while recovering from our accident. We love you.
Mrs. J. R. Hillman and girls

Our sincere thanks to our many friends who extended sympathy, prepared food and helped in our recent sorrow. For the beautiful service, floral offerings, cards and other kindness.
The Bynum family

COLTS LOSE TO McLEAN, 34-6

The McLean J. High team defeated the Clarendon Jr. High Colts by a 34-6 score on the McLean field Thursday night.

The game was played during showers which caused numerous fumbles. The Colts lost the ball on several occasions due to fumbles.

The Colts were behind 20-0 at the half and were unable to score until late in the final period. The six points was scored by Jerry Smith on a short run through the line.

The McLean team ran the kick back for a touchdown as the game ended.

The entire squad of thirty-one boys made the trip. The boys taking part in the game were Ted Graham, Jerry Smith, Jerry Taylor, Ronnie Longan, Dennis Stewart, Tommy Edwards, Larry Gray, Ronnie McAneur, Steve Shelton, Vernon Morris, Faylon Watson, Kenneth Price, Douglas Bradshaw, Buddy Wooten, Bernie Green, Cecil Jones, Barry Hudson, Timmy Ray, John Grady, Roger Stone, Bobby Cain, Larry Lefew, and Richard Bell.

The Colts play the Canadian Jr. High boys in Broncho Stadium Thursday evening, Sept. 24, at 6:30.

ATTENDS CHURCH MEETING SEPT. 15-16

Mrs. J. W. Semrad attended the Convention of the Diocesan Council of Catholic Women held in Amarillo Sept. 15-16. Over 400 women of the Amarillo Diocese and 50 area priests and the most Rev. J. L. Morkovsky, Bishop of Amarillo attended.

The meetings and workshops were held at the Herring Hotel. The banquet was at the Amarillo Country Club where the Rev. James J. McQuade was the speaker.

Gruver Takes 32 To 20 Win From Bronchos

The Gruver Greyhounds of District 1-A remained undefeated last Friday night with a 32 to 20 win over the Clarendon Bronchos.

The Greyhounds put the Bronchos in the hole early in the game and the local boys were never able to recover. The Bronchos received the opening kickoff and fumbled on their own 18 yard line and the speedy Greyhounds scored three plays later when halfback Bill Logsdon went through right tackle for 12 yards. The extra point try was no good but Gruver was ahead 6 to 0. Gruver again kicked off and this time the Bronchos fumbled on their third play from scrimmage and Gruver recovered on the 12 yard line. The Bronchos stopped this drive on their three yard line but when Dewey Wilson attempted to kick out the kick was blocked and went out of the end zone for a Gruver safety which put the Greyhounds ahead, 8 to 0, with only two minutes gone in the first quarter.

The Bronchos got back in the game a few minutes later when Wilson went through the Gruver line for 50 yards and a touchdown. The little fullback shot off tackle, got a step ahead of the Greyhound defenders and they could never catch him. The conversion attempt was missed.

The Greyhounds iced the game away in the second quarter by scoring two touchdowns. The first came midway of the quarter when Gruver recovered a Broncho fumble on Clarendon's 26 yard line and went on to score with halfback Donnie Prater making the last yard. Again the conversion attempt was no good. Near the end of the half Gruver scored again on a 13 yard pass play from quarterback Richie Fletcher to Logsdon. Again the extra point try failed and the teams left the field at halftime with Gruver leading 20 to 6.

In the third quarter Gruver increased their lead when Fletcher returned a Broncho punt 80 yards for a touchdown and their

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

PLAUDITS FOR SUMMERFIELD

The Postmaster General of the United States, Arthur Summerfield, deserves the plaudits of all clean-thinking Americans for his vigorous fight against lewd and lascivious literature. Few people realize the amount of filthy and obscene publications being circulated throughout this nation. The Congress has waged a long fight on this. A few years back I started a one-man campaign to stop the circulation of a particular magazine that contained most obnoxious writings. It was a problem which was almost impossible to cope with because these purveyors of filth and obscenity were depositing the literature in the mails in certain areas of the country where the judges were very liberal-minded. The result was that the Post Office Department was unable to obtain convictions or injunctions against these activities. The Congress passed a law authorizing these suits to be filed in jurisdictions other than where the original deposit in the mails was made. However, there has been very little activity in the way of prosecution by the Justice Department. Mr. Summerfield has risen to the occasion and has clamped down on the handling of this literature. The Congress recently passed another measure that would help the Postmaster General in holding these publications which appear to him to be obscene, lascivious, lewd or fraudulent. All Americans believe in freedom of speech and freedom of the press, but they do not believe such freedoms give filthy-minded people a license to circulate literature conceived by their sick minds, nor to scream "fire" in a crowded theater.

It is difficult to conceive a worse crime than to contaminate the mind of the youth. Every effort should be made on a Federal, State, and local level to rid this country of the literature which is contributing to the juvenile delinquency problem and to rid this country of those who are responsible for the circulation of that literature. I say "hurrah" for Postmaster General Summerfield, and more power to him.

THE VETO

President Eisenhower suffered his first setback at the hands of the Congress when his veto of the Public Works appropriations bill was overridden by the Congress. The vote in the House was 280 to 121. The vote in the Senate was 72 to 23. Under the Constitution, a two-thirds majority is required to override a Presidential veto. President Eisenhower had successfully vetoed 145 measures without one having been overridden. However, he pushed his luck too far on the last bill. The fact is that this bill was approximately \$100,000 below the budget estimate furnished the Congress by the President and his Budget Bureau. The fuss between the President and the Congress was a difference of opinion as to which projects should be commenced and where the money should be spent. It was the opinion of the Congress that the 537 Members duly elect-

SGT. WILCOX IS NEW RECRUITING OFFICER

Sergeant First Class Robert W. "Bob" Wilcox has recently been appointed as the Recruiting N.C.O. for the Clarendon area. He will be in the Donley County Sheriff's office on the first and fourth Wednesdays of each month between the hours of 10:30 and 1:00 o'clock. Sgt. Wilcox states the Army is now offering the greatest opportunities in vocational training and assignments for qualified personnel in the history of the Service, with emphasis on quality not quantity for enlistment. All interested personnel are urged to contact Sgt. Wilcox at the Donley County Sheriff's office during the times mentioned above.

Mr. and Mrs. Winfred Self of Canyon announced the arrival of a daughter Sunday, September 20, in an Amarillo hospital. The little Miss has been named Donna Christie, and weighed 7 lbs., 13 oz. She is the granddaughter of Mr. and Mrs. Geo. Self of Clarendon and Mr. and Mrs. Leo Smith of Lelia Lake.

GRASS ROOTS OPINION

ALTOONA, PA., MIRROR: "According to Radio Moscow, a new gadget is available that is a combination potato peeler and cocktail mixer. It can peel three-quarters of a pound of spuds in three or four minutes, make a container of cocktails in 90 seconds, they proudly claim. (What connection the separate ingredients have is not made clear.)

"We, of course, have nothing to compare with this — although there has been a manual model available for many years. Over here it's called a husband."

Soil testing is a tool you can use on your farm to help determine the level of fertility in your soil. The recommendations which you will receive from the soil testing laboratory, based on the analysis of the soil samples you submit, will give the amounts of fertilizer needed for the most profitable crop or pasture production. Local county agents can supply information on soil testing.

James V. Semrad left for Lubbock where he is attending Texas Tech College.

Mrs. D. B. Holland and boys of Lubbock spent the week end with her mother, Mrs. E. L. Lewis.

Mrs. Loy Bynum and David of Amarillo visited Sunday with Mrs. Carrol Lewis.

Fred Clifford, son of Mr. and Mrs. W. E. Clifford, left with a group from Pampa Tuesday morning for duty with the armed services.

day with Mr. and Mrs. J. D. May of Memphis.

GRASS ROOTS OPINION

Bartow, Fla., Democrat: "Sometimes statistics provide very boring reading, yet there are times when they contain information which should be of interest to every one of us. . . like, for instance, the information that in 1930, 664,000 persons were in the employ of the federal government . . . today, exclusive of our armed forces, the number has reached 2,100,000, an increase of more than 200 per cent. . . the same statistician reports that in 1930 taxes took 13 per cent of the national income, while today the figure has reached 29 per cent. . . in 1930, the per family share of the national debt amounted to \$540, while today the figure is \$5500 . . ."

Nothing can be done to improve the quality of an egg after it is laid, but much can be done to maintain its original quality, says Marshall Miller, extension poultry marketing specialist. He suggests a visit with the local county agent for details on a quality maintenance program for eggs.

Mr. and Mrs. Kenneth Turner and family visited Sunday and Sunday night in the J. B. Lane home.

Grass Roots Opinion
Canton, N.C., Enterprise: "Now, women are found in every responsible financial position of trust. . . From the penny-pinching housewife to the woman president of a bank they are recognized for their good business sense. And the men don't seem to mind anymore that members of the fair sex have taken over these positions of trust."
"It is all part of the struggle of woman to gain an equal place with her counter-part in society."

Because of the expected continuation of the heavy supplies of broilers, prices for the remainder of 1959 will probably remain below those for the same months of last year, says Marshall Miller, associate extension poultry marketing specialist.

The red stripe on the dress blue trousers of the Marines commemorates the Marine Blood spilled at Chapultepec in the Mexican War.

See your local authorized Chevrolet dealer

ALDERSON CHEVROLET

CLARENDON, TEXAS

Chery's done the next best thing to paving every road in America!
First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it a ride that completely eliminates I-beam shimmy and wheel fight, lets you move faster over any ground to get more work done in a day.

Brawnier bulldozer build!
They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!
Easier to hop in and out of, too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. The windshield's bigger, with a wider, safer sweep of vision. Suspended pedals give you more foot room.

Big in the power department!
With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in new Low Cab Forward models.

More models than ever!
New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer for the whole story and, by all means, take a ride. It's something!

Anything less is an old-fashioned truck!

WE'RE PARTICULAR ABOUT YOUR CAR!

Taking care of your car means more to us than just filling it with gas and oil. We want to help you achieve trouble-free driving. See us today!

COLD WEATHER IS ONLY A SHORT TIME AWAY—

Avoid the last minute rush on cold weather protection for your car by driving in or calling us today, so we can give your car the proper care it will need: check radiator and all connections and fill with permanent type anti-freeze, check battery, change lubricants to winter weight, along with the many other safety checks that are always included with our service.

FARM NEWS

from the County ASC Committee

Sept. 30 Last Day For Wool Ballot

Chairman Cooke of the County ASC Committee today reminded wool growers that all ballots in the wool and lamb market development referendum must be voted not later than Wednesday, September 30.

The referendum has been conducted through the month of September to give all growers ample opportunity to vote. Ballots were mailed to all known wool and lamb producers. After the ballot is voted, it should be mailed or brought in person to the county office. If the ballot is mailed, it must be postmarked not later than September 30.

In the referendum, farmers who produce wool have the opportunity to vote YES or NO on approval of a new agreement between the Secretary of Agriculture and the American Sheep Producers Council for the advertising and sales promotion of lamb and wool.

If this agreement is approved, deductions will be made from government wool and lamb payments for the 1959, 1960 and 1961 marketing years to finance the Council's activities.

Deductions amount to 1 cent per pound for shorn wool and 5 cents per hundredweight for unshorn lambs and may be no higher than that if the agreement is extended.

Extensions of the agreement requires a favorable vote by growers having two-thirds of the volume of productions represented in the referendum.

Soil Bank Regulations Eased

With the deadline nearing for farmers who are interested in the 1960 conservation reserve, Mr. Cooke, Chairman of the Donley County ASC Committee, announced two changes in Soil Bank regulations that should make farmers eligible to participate.

One change affects situations where a tenant leaves the farm voluntarily and the owner takes over the operations. The other covers situations where land has been lost for public use under eminent domain procedures. The new provision permits a contract with a land owner where a tenant leaves the farm voluntarily and the owner finds it necessary to take over the operation. In such a case, a conservation reserve contract for non-tenant operation may be entered into for 1960 provided it can be established definitely that the tenant left the farm of his own accord. This may be proved either through a statement signed by the tenant or sharecropper or, if he is not available, through statements signed by three disinterested persons who know the situation.

The other newly announced change provides an exception to the general rule that land purchased since Dec. 31, 1956, is not eligible for the conservation re-

MISSIONARIES TO SPEAK AT ASSEMBLY OF GOD
Featured in the missionary program of the Clarendon Assembly on Saturday, Sept. 26, at 7:30 p.m. will be the Rev. and Mrs. L. Bryan Mock, who have recently been appointed by the Assemblies of God to serve as missionaries in Bolivia. S. A. Rev. Mock is now traveling in the U. S. with his wife and one year old son. They will leave in a few months for their new assignment. Everyone is invited to this service Saturday night.

serve. Under the new rule, a farmer who has lost land through eminent domain since 1956 and has sought replacement land can place this new land in the 1960 conservation reserve, subject to certain limitations.

Any farmer who was ineligible under former rules but is now eligible for a 1960 contract still has until September 30 to request his county ASC office to set a basic annual rate for his farm.

1959 Cotton Marketing Cards

Cotton marketing cards are ready for all farm operators who are eligible to receive a card. Please come to this office at your earliest convenience and we will issue you your card.

1959 Soil Bank—Conserv. Reserve

Annual payments are being prepared for those farms who are in compliance. Annual payments will be made as soon as possible after October 1st. Please come to this office and sign Form CSS-820 "Application for Annual Payment" at your earliest convenience.

Everybody's Business

Fire prevention, like soil and water conservation, is everybody's business. That's why I'm calling your attention to National Fire Prevention Week—October 4-10. Farm fire losses have in-

creased by nearly one-fifth since 1950 and 2½ percent in the past year.

Last year there were about 2 million fires in the U.S., with a total of about 11,500 lives and \$1,305 million in property. Among the most frequent causes are defective heating equipment, faulty chimneys and flues, defective and overloaded wiring systems, and matches and smoking.

Don't give fire a place to start!

USDA CONDUCTING ANNUAL SURVEY

This month the U.S.D.A., in cooperation with the Post Office Department, is conducting an annual acreage survey. Rural Mail Carriers are delivering 30,000 cards to Texas farmers and ranchers. The cards list questions on crop acreages and livestock. Carriers pick up the completed cards and forward them to Cary Palmer, Agricultural Statistician for Texas in Austin.

Mr. Palmer urges farmers to answer and return cards to Mail Carriers. "This survey," he points out, "serves as a basis for estimating the State's farm production. Every report helps to make accurate estimates."

Quarter Horse Show Tops Previous Years

The 1959 Donley County Fair and Quarter Horse Show was one of the best in years says county agent H. M. Breedlove, manager of the show. All committees are to be complimented on the fine work they did to make this fair one of the best. All winners in each department are not available at this time as some of the records have not been turned in however we are publishing those that are available and the others will be published as soon as they are available. All premium money for the fair was made possible by the advertising in the fair catalog by merchants and individuals as seen in the catalog.

Winners available at this time are Community Agriculture Exhibits; first, Lelia Lake; second, Martin; third, Midway; fourth, Chamberlain; fifth, Ashtola and sixth was Goldston. There were fourteen communities on display but only six places were judged. In the home economics department; Clarendon Little Sister FHA was first and second went to the Clarendon FHA Chapter. In the baking department Jo Ann Gray was first with her cake; Mary Mann won first in the chiffon cake department; Bobbie Dishman was first in the cookie baking; Mary Mann was first in the butter cakes; Freddie Bourland was first in the pound cakes; Freddie Bourland was first in the angel food cakes; Mrs. C. B. Morris was first in the light bread; and Mrs. Morris was first in the other bread baking.

There were forty seven horses in the horse show and all agreed that competition was very strong with good horses from all over the country. We are giving the first place winner of each class and the champions. In the 1959 stallions, first place went to Johnny Burson of Silverton; 1958 stallions went to W. F. Martin of Hamlin; 1957 stallion went to Monte Reger of Woodward, Okla.; 1956 stallion went to Monte Reger of Woodward, Okla.; 1955 stallion or older went to Howell Brothers of Dimmitt. The grand champion stallion of the show went to Monte Reger of Wood-

Senator Lyndon B. Johnson will be speaker for West Texas State College's Golden Anniversary Convocation Sept. 26. The people of the Panhandle are invited to the colorful program at 4:30 p.m. in the new 20,000 seat Buffalo Stadium. Dedication ceremonies for the college's new fine arts building, science building addition and stadium will be featured, and an impressive academic procession of official delegates from the Southwest's colleges and universities, the Board of Regents and other official guests, will start the program. Dedicatory game in the new stadium at 8 p.m. will feature the West Texas State Buffaloes and the University of Arizona Wildcats in a Border Conference clash.

ward, Okla., and the reserve champion stallion went to V. H. Holland of Childress which was the second place 1956 stallion. In the mare classes: 1959 filly went to Eddie George of Briscoe; 1958 filly went to W. F. Martin of Hamlin; 1957 mare went to Mitchell Ranch of Canadian; 1956 mare went to SJ Cattle Co., Ashtola; 1955 mare or older went to Thurmon Aven: of Tulia.

The grand champion mare of the show went to W. F. Martin of Hamlin and the reserve champion mare went to Mitchell Ranch of Canadian. In the Quarter Horse reining contest, first place went to Johnny Burson of Silverton and second place to Cliff Campbell of Wellington and

third place to W. J. Lewis, Jr., RO Ranch of Clarendon. In the children western reining contest, first place went to Bobby Lewis of Ashtola, second to Jimmie Burson of Silverton, third to Ronnie Longan of Clarendon, fourth to Mack McClellan of Clarendon, and fifth to Mike Martin of Hedley.

Breedlove stated that winners would be published in the other departments as soon as they are available.

J. H. Howze, who underwent surgery in St. Anthony's Hospital last Thursday is reported improving. He hopes to be able to return home by the coming week end.
