Bronchos Meet Memphis Cyclones In Broncho Stadium Friday Night

The annual grudge battle between the Clarendon Bronchos and the Memphis Cyclones is scheduled for Friday night in Broncho Stadium. Game time is 7:30.

The Cyclones are reported to be improving with every game this year and are right now riding high following their 6 to 0 win over the Lefors Pirates last Friday night. It was the Cyclones first win in 15 games and local coaches feel that it may give them the lift they need to keep rolling. Memphis has played some pretty tough teams this year. They opened the season

Friday will be homecoming for all Clarendon students, teachers, etc., and the Student Council is inviting all to visit the school during the day. Coffee and donuts will be served.

Friday night, as part of the homecoming program, the football queen will be crowned at half-time.

with a 46 to 6 defeat at the hands of Class AA Tulia, then lost close games to Quannah, Estelline and Wellington before their win over Lefors. Both Quannah and Wellington are respected Class AA teams.

The Clarendon Bronchos now stand at two wins and three losses for the season. They lost to Stinnett, Spearman and Gruver and have won their last two outings against Turkey and Panhandle. Stinnett and Gruver are still undefeated and are rated as the two top Class A teams in the Panhandle.

The Clarendon-Memphis game will be rated as strictly a toss-up. The two teams look about even and the breaks could easily decide the outcome. Both teams are hungry for wins and will be putting out all they have.

The probable starting line-up for the Bronchos will be Philip Abel and either Bill Hermesmeier or Don Hudgins at ends; Lynn Spier and Jerry Gray at tackles; Dennis Bradshaw and Charles Percival at guards; Ronnie Tyra at center; Neel Carter at Quarterback; Jim Robinson and Wayne Mann at halfbacks and Dewey Wilson at fullback. Others who will probably see some service include Dwight McAnear, Eddie Tipton, Jerry Allen and Leon Gibbs.

Les Beaux Arts Club Sponsors Bird Print Exhibit Here Oct. 16th

An exhibit of 50 of the famous Rex Brasher bird prints will be one of Clarendon's most attractive exhibits shown here in some time.

The remarkable artist, author and naturalist now in his 90th year dedicated his life to sketching from life every known bird species in North America.

It has been of special interest to Texans to learn that Texas has more bird species than any other state in the country.

A rather sad note is that in achieving his great undertaking he has slowly lost his vision.

Following a Brasher exhibit at its Washington, D.C., headquarters, the National Geographic Society called his work "the largest single achievement in the artistic history of our time."

The National Audubon Society in New York says Brasher birds "are faithful to a feather" and are painted in full color and in their natural habitat from living birds - 1,120 species, 3,000 figures - 80% of them life size.

When you have seen a painting, you have seen the bird itself, life like in natural attitude.

He had to give up the normal mode of life, living in the wilderness. Birds became people in his life, and each one a personality.

The State of Connecticut bought the originals for \$74,000 and are on exhibit at Waterford near New London.

GRAVESIDE SERVICES FOR HAHN INFANT

Graveside services were held Wednesday morning at Citizens Cemetery for William Frank Hahn, infant son of Mr. and Mrs. Lloyd Hahn with Sister Katie Studer officiating. Arrangements were under the direction of Murphy Funeral Home.

Also surviving are the grandparents, Mr. and Mrs. E. P. Hahn of Clarendon and Mr. and Mrs. Clarence Tyler of Hope, Ark.

Services Held Tuesday For J. E. Wilkins

Funeral services were held Tuesday morning at the Church of Christ for Joseph Elonzo Wilkins with John L. Davis, local minister, officiating. Graveside rites were held at Poolville Tuesday afternoon.

Mr. Wilkins, 71, died Monday in the Inez Rest Home here. He was a retired farmer and had been a resident here 7 years. He was a member of the Church of Christ.

Survivors include his wife; four sons, Bill of Amarillo, Joe B. of Houston, Leroy of Wichita Falls, and George of Chandler, Ariz.; five sisters, Mrs. Eddie Sells and Mrs. Ella Homsley, both of Poolville, and Mrs. Julia Jones of Wayne, Okla., Mrs. Mollie Anywi and Miss Melina Wilkins, both of Fort Worth; two brothers, Jim and Bob, both of Poolville; eight grandchildren; and one great-grandchild.

Palbearers were Bert Ayers, A. O. Hott, Alva Dever, H. G. Bobbitt, W. D. Higgins and J. H. Wood.

Burial was in the Poolville Cemetery with the Murphy Funeral Home in charge of arrangements.

Faculty-Parent Conference Tues. Nite

The next meeting of the newly organized Parent-Faculty Conference has been announced for Tuesday night, October 13th, at 7:30 p.m. in the high school auditorium.

All parents interested in activities, etc., concerning high school and college students are urged to attend along with faculty members.

More parents are urged to attend the meeting in order to get the most from discussions of ideas brought up during the session. At the last meeting, the faculty was well represented compared with the number of parents present. Much good can come out of these meetings if more citizens will come out and express their thoughts.

Two 1960 Dodge Lines On Display Today

J. Roy Bartlett announced this week that Dodge will have their 1960 models on display in his showroom today featuring two full lines of cars, the 1960 Dodge Dart and the regular conventional line of Dodge cars.

The smaller Dodge Dart, designed to fit the family pocket-book as well as the family garage, will be offered in 20 sedan, station wagon, hardtop and convertible models, Bartlett stated.

"These economy cars are designed to compete in price and size, series for series, with the automobile industry's low-priced big three," said M. C. Patterson, Dodge general manager. "The Dodge Dart makes it the 'big four' now."

The 1960 models will be available in three series - the lowest-priced Seneca, the Pioneer and the top-series Phoenix.

The roomy Dodge Dart, which is styled in classic lines, features its own distinctive interior and exterior.

Dodge today introduced two all-new lines of roomy, comfortable cars with outstanding roadability and ease of handling - the Matador and the Polara.

"These low-medium priced cars will be offered in 11 sedan, hardtop, station wagon and convertible models featuring a combination of the most important engineering and styling changes that Dodge has ever made in a single model year," M. C. Patterson, Dodge general manager said.

LEADER CLASSIFIEDS GET RESULTS

Broncho "B" Team Meets Lefors Tonight

The Clarendon Broncho "B" team will meet the Lefors "B" team in Broncho Stadium tonight following the Junior High game. The Junior High game will begin at 6:30 and the "B" game will follow.

Coach Mack Choate's young charges have won three and lost one so far this year. The lone defeat came at the hands of this same Lefors team several weeks ago in Lefors by a score of 12 to 2. The boys hope to even the count tonight. They hold wins over Claude, 6 to 0; Panhandle, 14 to 8; and Kress, 12 to 6. The coaches have not decided as yet whether or not this will be a regulation game or just a scrimmage, but in either case, fans can expect to see a lot of action from the future Bronchos.

Probable starting line-up will be Danny Ray and Sammy Jacobs at ends; Roy Lee Helms and John Cearley at tackles; Charlie Slavin and Larry Hight at guards and Mike Heath at center. The Backfield will be composed of Frank Hermesmeier at quarterback, Jerry Elmore and Bobby Hutton at halfbacks and David Hudgins at fullback. Tommy Messer and Gerald Johnson will play if it is a scrimmage session only, but will be held out if the coaches decide to make a regulation game out of it. Coach Choate stated that these two boys may see action against Memphis Friday night. Jerry Bones will also see some action in the "B" game.

Damaging Hail Hits Part Of County Friday

Most everyone was really ready for the sun to pop out again after six days of cloudy, rainy weather and especially one group of farmers and ranchers would have had it clear much sooner if possible before the damaging hail late Friday afternoon.

The hail damage area extended from south of Ashtola to the area south of Alanreed passing directly over Ashtola and the Country Club and veering back to the east. Some farmers reported a near total loss to crops and the marble size hail was reported 4 to 6 inches deep along the path of the hail storm.

Otherwise very little damage was reported to crops from the rain which netted a nice total over the entire county. The Country Club came up with the highest total in the moisture department again with 3.90 inches for the week, Lelia Lake followed with 2.25, Ashtola 2 inches and 1.82 here in town.

'60 Fords Go On Display At Palmer Motor Co.

The new 1960 Ford line and the new Falcon featured by Ford for the first time are now on display at Palmer Motor Company here.

The 1960 Ford line includes 15 models that offer a total of six different roof lines. The lines have been redesigned from bumper to bumper to increase passenger space and comfort and improve the roadability and handling ease and performance.

In addition to the regular Ford line, Ray Palmer, local dealer, reports that the spotlight will be on the new Falcon, the new economy car being offered by Ford for the first time in competition with the so-called 'compact' cars of American and foreign make.

Mr. and Mrs. Pete Darnell left Saturday for San Antonio where they will visit this week with their daughter, Mr. and Mrs. Eddie Orsak and new granddaughter, Melissa Kaye.

1960 Buicks Go On Display Today

The new Buicks will go on display today at Chamberlain's. Buick, widely-acclaimed by designers even of competitive makes for its 1959 styling, retains these applauded lines in general but has made some revisions and modifications in its 1960 models which should make its appearance even more pleasing.

They will show a new grill and the flare of the delta-wing rear fenders has been reduced to slightly more modest proportions. A new floor profile provides more comfort for all front-seat passengers and there is more stretch-out room.

SPECIAL SERVICE AT EPISCOPAL CHURCH SUN.

The Rev. Blake Hammond, dean of St. Paul's Cathedral in Oklahoma City, will conduct Holy Communion service in St. John Baptist Episcopal Church Sunday at 11 a.m.

This will be Dean Hammond's first visit to Clarendon on a new assignment to special work with the Mission Churches in the Diocese of Northwest Texas. He is on leave of absence from the Oklahoma City Cathedral.

The public is invited. Luncheon will be served in the Mission Hall following the service.

SIMS P-T.A. TO SPONSOR CONSULTATION DAY

The Sims Parent-Teacher Association will sponsor a Consultation Day for parents and teachers of the children attending grade school and junior high school the second six weeks.

The following schedule has been set up as to grades and parents of pupils in these grades are invited to come to school and discuss with the teacher the problems concerning your child and his progress in school: First Grade, October 15; Second Grade, October 22; Third Grade, October 29; Fourth Grade, November 5; Fifth Grade, November 12.

The Junior High School schedule has not been completed yet, but will be announced at a later date.

"This is a P-TA sponsored project, but it has been approved by your school board and school faculty," stated Mrs. Cecil Heckman, president of Sims P-T.A.

Teachers of the respective grades will notify each parent as a reminder of the designated dates.

CLAUDE MOORE IS NEW GULF DISTRIBUTOR HERE

Claude Moore is the new Gulf Distributor for Clarendon and this area with the announcement being this week of the purchase of the business from Howard Hensley effective October 1st.

Mr. Moore who makes his home here in Clarendon and operates a farm southwest of town, has served as County Supervisor for the Farmers Home Administration at Memphis the past six years.

SCHOOL CAFETERIA MENU

For Week of Oct. 12-16. Monday: Swiss steak, buttered potatoes, green beans, sliced peaches, hot rolls and jelly, milk.

Tuesday: Ham and lima beans, spinach, fresh tomatoes, hot rolls and syrup, milk.

Wednesday: Melted cheese sandwich, macaroni and tomatoes, green salad, chocolate cake, milk.

Thursday: Chipped beef and cream gravy on toast, whipped potatoes, carrot sticks, cherry pie, milk.

Friday: Baked beans, green salad, stewed apricots, peanut butter cookies, hot rolls, milk.

Good Weather And Large Crowd Predicted For Hedley Cotton Festival

With good weather in prospect and a full program outlined, all indications are that Hedley will be crowded to the brim with visitors for the 8th annual Cotton Festival Friday and Saturday.

Our fine friends and neighbors at Hedley have planned a wonderful two-day affair for visitors from the entire Panhandle area and if you don't believe they have the Welcome Mats out, just drive down any time during the celebration and you will be greeted with a hospitality that is not surpassed anywhere.

The Donley County Old Settlers will be meeting also on Friday which affords a great opportunity of visiting and will lend more color to the celebration. The two day program is

Colts To Play Memphis Here Tonight

The Clarendon Jr. High Colts will meet the Memphis Jr. High team in Broncho Stadium tonight, October 8, at 6:30 p.m.

The Colts are working hard for this game and are looking for a victory. The Colts have lost games to Wellington, McLean and Canadian. They were scheduled to play Claude last Thursday but the game was postponed because of rain.

The probable starters for the Colts are Ted Graham, Jerry Taylor, Ronnie Longan, Jorky Leffew, Dennis Stewart, Faylon Watson, Steve Shelton, Ronnie McAnear, Larry Gray, Roger Stone and John Grady.

Hot dogs, sandwiches, cup cakes, popcorn, coffee and cold drinks, candy, gum, will be sold by Colts Mothers at the game. The concession stand will open at 6 o'clock.

REST HOME OPEN HOUSE SET AGAIN FOR SUNDAY

An Open House which was postponed last Sunday, will be observed this coming Sunday, Oct. 11th, by Inez's Rest Home.

Miss Skinner announced that the move to their new home will be completed this week, weather permitting. The weather was too bad last week end to move the patients and since many of them planned to take part in the Open House celebration, the postponement was made.

The public is invited to come to see the new home located six blocks south of Palmer Motor Co. It is of modern design and will accommodate 15 resident patients.

SECOND CANDIDATE ANNOUNCES THIS WEEK

Miss Ruth Richerson is the second candidate to announce for office in the 1960 election. She is seeking re-election as County School Superintendent of Donley County.

We wish to apologize for omitting this office from the list that was published last week. Since the county and district offices alternate with part of the officials running every other two years, it's a problem to keep up with who is running for what and when.

STRAC HELP-The Cumberland City, Tenn., city tug Roberta tows a ferry near Fort Campbell, Ky. When she broke down recently it meant a 40 or 50 mile roundabout trip to school for many children. So engineers of the STRAC 101st Airborne Division, skilled and ready as always, hoisted it into drydock for repair, thus helping get the kids to school on time.

Nat'l Finals Rodeo In Dallas Dec. 26-30

The roughest, toughest bucking broncos and bulls in America, like this one, will be pitted against the nation's top cowboys at the first National Finals Rodeo to be held in Dallas Dec. 26-30. Mail orders for the National Finals, "rodeo's world series," will be accepted during the month of October.

STATE CAPITAL
Highlights
AND Sidelights
by Vern Sanford

AUSTIN — From now until January, Texas political skies will be crowded with trial balloons.

Already, through polls, public and private, conferences and speeches, a host of ambitious politicians are trying to test the wind and fix their time tables accordingly.

In past decades, office holders all down the line arranged their schedules on the assumption that the governor would retire after two terms. When the governor moved out, others moved up, and a succession of vacancies was created.

But Gov. Allan Shivers served three terms and part of another. And Gov. Price Daniel seems in no hurry to leave at the end of his second term. Polls have shown strong support for Daniel for another term. Some observers say a "three-term governor" tradition may be taking hold.

A roadblock at the top would pose hard decisions for those who have been getting primed to move up. Atty. Gen. Will Wilson's firm plans to run for governor have been no secret. But he has not said he will run even if Gov. Daniel does.

If Daniel does run and Wilson decides to sit tight, a half-dozen attorney general hopefuls, including Speaker Waggoner Carr, will be either stalled or up against stiffer odds.

In legislative races much of the same agonizing is going on. Wherever a senator is up for re-election, there are usually one or more House members itching to try for the post.

Some have already jumped in; some have definitely decided against it. Others are still "talking around." In many minds is the old saying that the time comes when a man must go "up or out."

Question is: "When is that time?"

DEMOS GUARD HARMONY — For the moment, at least, Texas Democratic Party leadership appears more united at the summit than it has been in years.

At their recent meeting, State Democratic Executive Committee members cheered both Gov. Daniel for a third term and U.S. Sen. Lyndon B. Johnson for president. Gov. Daniel, Committee Chairman Ed Connally and National Committeeman Byron Skelton all applauded Johnson.

In 1956 Sen. Johnson had to push Gov. Allan Shivers and his supporters out of party leadership in order to go to the national convention as the Texas nominee. Such upheaval apparently will not be necessary in 1960.

Not present for the harmony fest, however, was Mrs. R. D. Randolph, national committeewoman and leader of the liberals' Democrats of Texas faction. DOTers fell out with Johnson after the '56 convention. They've made it clear they won't push the Johnson bandwagon. Many of the same group are working in the Democrats for Stevenson movement. But whether they can or will launch a large-scale effort to undermine the senator in his home state is not yet known.

JUST NEED MONEY — Officials of Texas' bulging cities took a long look at their multiplying problems and decided they needed many things, but mainly money.

As the Texas Municipal League convention wound up, the incoming president, McAllen Mayor Phillip Boeye concluded, "Very few municipal problems can't be solved with money."

Earlier, TML speakers pointed especially to these angles of Texas urban dilemma. 1. Tax sources — With increasing demands for city services, city governments are limited on the ways they can get money, principally to the property tax. Cong. Jim Wright formerly mayor of Weatherford, pointed out that half of all gasoline is consumed in the cities, but cities get no part of the gasoline tax money for city streets. Forty-four states, he said, split gas tax money with cities.

2. State domination — Although 70 percent of Texas population is concentrated in urban areas, city government, said outgoing President Louie Welch, is a "child of state government." And since the Legislature is rural-dominated, cities invariably come out second best in battles with the farmers.

John McKee, chairman of the 1957-58 State Tax Study Commission, expressed the belief that Texas money problems would be worse before they're better. McKee said that although the budget was covered by the last legislative session, the state's long-term revenue problems, including state-local fiscal relations, is "far from solved."

COUNTIES' FUTURE CONSIDERED — Problems of Texas counties were reviewed by Atty. Gen. Will Wilson and Sec'y of State Zollie Steakley in talks before the County Judges and Commissioners Association.

"What county government really needs," said Wilson, "is an executive. It must unify into a managerial function." He said county government must become stronger or become an arm of state government.

Steakley told the county officials that despite huge highway building investments, they can still expect to have unmet road needs.

Texans, said Steakley, travel

DETROIT, OCT. 5—This four-door hardtop in the Phoenix series is one of the 20 low-price Dodge Dart models offered for 1960. This Dodge Dart, which is styled in classic lines, features its own distinctive exterior and interior design.

odds . . . still they continue to do a remarkable job." Purpose of the week is greater appreciation for the work done by police departments, sheriffs, highway patrols, game wardens, judges and all others working actively to help control crime in Texas.

GOLDSTON NEWS

Mrs. Roy Roberson

Mr. and Mrs. Roy Roberson visited Saturday night with Mr. and Mrs. Jack Pritchard.

Mr. and Mrs. Charlie Boone of Big Lake spent the week end with her mother, Mrs. V. Littlefield and Bill.

Mr. and Mrs. Loyd Littlefield and boys had supper Thursday with Mrs. V. Littlefield and Bill.

Bill Littlefield had supper Friday with Mr. and Mrs. Roy Roberson and Pat. The Robersons then went down and stayed with Mrs. V. Littlefield while Bill went to town.

The community was hit late Friday evening by a heavy rain and hail. The hail damaged the crops of Ashcraft, Davis and Roberson, and I am sure their were others.

Bob Henry of Canyon and Miss Della Howard of Amarillo spent Saturday night and Sunday with Mrs. V. Littlefield and Bill.

Mr. and Mrs. Thomas Loyd Henry and babies of Happy, Mr. and Mrs. Loyd Littlefield and boys had dinner Sunday with Mrs. V. Littlefield and Bill. Mr. and Mrs. Doyle Ray Littlefield and babies and Mrs. Jack Pritchard visited Sunday evening in the Littlefield home.

Mr. and Mrs. Warren Hardin of Ashtola had supper Thursday with Mr. and Mrs. C. W. Tolle-

son and children. Mr. and Mrs. Vernon Davis visited with Mr. and Mrs. Doyle Davis and children of Panhandle Monday night.

Mr. and Mrs. Doyle Ray Littlefield and babies visited Thursday night with Mr. and Mrs. Roy Roberson and played "42."

Mr. and Mrs. Bill Davis and boys of Amarillo spent the week end with Mr. and Mrs. Vernon Davis and Johnny.

Mr. and Mrs. Roy Roberson had dinner Friday with Mrs. V. Littlefield and Bill.

Mr. and Mrs. Ray Godbey of Quail visited awhile Saturday morning with Mr. and Mrs. Roy Roberson. They were on their way to Amarillo to see a doctor for Mr. Godbey. He has been ill, but is some better at this time.

Mr. and Mrs. Roy Roberson and Pat had dinner Sunday with Mr. and Mrs. Lenard Dozier of Clarendon.

Mr. and Mrs. Steve Scott and children of Umbarger spent Thursday with Mr. and Mrs. Vernon Davis and Johnny.

Jack Pritchard, Jr., and Clifton Pritchard of Amarillo visited with Mr. and Mrs. Jack Pritchard, Sr., Saturday.

Mr. and Mrs. Vernon Davis visited Sunday evening with Mr. and Mrs. J. A. Taylor of Clarendon.

Mr. and Mrs. Dee Blankens of Amarillo spent the week end with Mrs. Walter Goldston.

Mr. and Mrs. Vernon Davis visited Mrs. Walter Goldston Sunday morning.

The reason a lot of people do not recognize an opportunity when they meet one is that it usually goes around wearing overalls and looking like hard work.

102,000,000 vehicle miles a day. This means that, despite \$505,000,000 of construction under contract and another \$514,000,000 in planning, Texas is still \$3,000,000,000 short of the highways needed for its traffic.

NO PAY, NO TAX — If the guest skips out without paying his hotel bill, the hotel doesn't have to pay the state the new hotel room tax.

In interpreting this new law, Atty. Gen. Will Wilson also ruled that the 3 percent tax applies to any room rented by a hotel, not just sleeping rooms. Under American plan hotel rates where rental charges include meals, the tax will apply only to the part of the charge covering room rent. Also, the tax does not apply

to air conditioners, televisions and radios when they are rented separately. It does not apply to rooms renting for \$2 a day or less nor to rooms rented under 30-day leases.

APPRECIATION WEEK — Texas' law enforcement team comes in for its share of public recognition during the week of Oct. 4-10. Gov. Price Daniel has proclaimed that period as Texas Law Enforcement Appreciation Week. Sponsor is the Texas Law Enforcement Foundation, a group of private citizens interested in more public support for the men in the front line against crime. "In the face of ever-increasing crime," says a TLEF spokesman, "our law enforcement team must cope with almost insurmountable

Mr. and Mrs. Dane Perdue and daughters of Levelland visited

Mr. and Mrs. Slaton Mahaffey Tuesday.
Mrs. Ben Lovell made a business trip to Amarillo Wednesday.
Mrs. Lloyd Reid visited her daughter and family, Mrs. J. F. White, in Phillips Wednesday.
Mr. and Mrs. Harold Graham

spent the week end with relatives in Vernon.
Mrs. Pansy Scott of Tucumcari visited Mrs. S. G. Evans Thursday.
Mr. and Mrs. E. C. Dewey of Lelia Lake visited Mr. and Mrs. Poovey last week.
Mrs. Ruby White visited Mrs. Vena Hudson in the hospital Friday.

Mrs. Gertie Rhoades from Borger spent the week end with Mr. and Mrs. Hubert Rhoades and Mary Sue.

Mr. and Mrs. Lon Jackson and boys of Amarillo visited Mr. and Mrs. Vance Gray and children Sunday.

We are sorry Mr. W. A. Poovey had to go to the hospital in Groom Sunday. He remains there for a few days.

Mr. and Mrs. U. Thomas from Childress, Mr. and Mrs. J. L. Yeager and Mrs. Floyd White from Gainesville spent Sunday with the W. W. Sursas.

Mrs. Bessie Reynolds, Mr. and Mrs. Frank Byrd and daughter, and Mr. C. G. Knox all of Amarillo visited in the Van Knox home Sunday.

Mrs. Roeda Rattan was hostess to the Ashtola Needle Club Thursday afternoon in the club-rooms. Mrs. Mildred Ritter brought an interesting review of "The Bride of Pilate." The hostess served refreshments of hot chocolate or coffee and cake to 11 members and 10 guests. At a short business meeting it was voted to have a bake sale in both October and November and also to sell candy as a project. Members will be notified by postcard as to dates for the sales.

Mr. and Mrs. Nuford Dill are visiting this week with her parents, Mr. and Mrs. Riley, in Greenwood, Texas.

A study of school science facilities reveals that the average high school science class consists of less than 30 students.

GRASS ROOTS OPINION

Winnemucca, Nevada, The Humboldt Star: "Recent months have brought measurable improvements in the unemployment picture. And the signs suggest still further betterment as

business continues to climb.

"But some political figures — and organizations — are still talking as if we were in the depths of the recession. They want to beat the drum until the skin wears through."

Heralding a new "breakthrough" in automotive design, the Ford Falcon — shown here with three views of the Fordor model — is all-new from the ground up. Functionally styled, the Falcon has a full length sculptured side panel that adds grace to its lines and provides greater strength for doors and side panels. The Falcon's all-new 90-horsepower six-cylinder engine is designed to give up to 50 per cent better gasoline mileage than standard cars.

LES BEAUX ART CLUB MEETS IN HARDIN HOME

The Les Beaux Art Club met at the home of Mrs. W. K. Hardin Friday afternoon, Oct. 2nd, with Mrs. Hardin and Mrs. F. L. Bourland, hostesses.

In the absence of the President, Mrs. C. I. McMurtry, Mrs. W. J. Lewis, Jr., presided. The meeting was opened with a prayer given by Mrs. Forrest Sawyer, and the minutes were read and approved.

Our guest day program for Oct. 16th was discussed and Mrs. Thornberry gave a report on Mr. Rex Brasher, our guest artist, taken from the magazine "Sports Afield."

Three new members were voted into the club: Mrs. Lloyd Nelson, Claude, Miss Mabel Monge and Mrs. L. B. Noble.

The program for the afternoon was presented by Mrs. W. W. Taylor and Mrs. Berkeley SoRelle. Mrs. Taylor gave a very interesting history of the song, "Onward Christian Soldiers" and Mrs. SoRelle discussed the lives of the French artists, Dufy, Pissarro and Cezanne. The club plans to view some of the works of these artists at the home of Mr. Montie Ritchie on the JA Ranch at our next regular meeting in November.

Present for the meeting were Mrs. J. H. Howze, Mrs. W. J. Lewis, Jr., Mrs. Forrest Sawyer, Mrs. Tommie Saye, Mrs. E. O. Simmons, Mrs. Berkeley SoRelle, Mrs. W. W. Taylor, Mrs. W. C. Thornberry, Mrs. Frank White, Jr., Mrs. J. R. Williams, Mrs. Lloyd Benson, Mrs. Carroll Knorrp, Mrs. Hardin and Mrs. Bourland.

A man does not find life worth living . . . he makes it worth living.

Slavin-Karnes Nuptials Exchanged

Miss Ann Slavin and Cloyce Karnes were married Friday evening in the chapel of St. Andrew's Episcopal Church in Amarillo. Traditional white flowers decorated the chapel altar. The Rev. Evans Moreland, rector of St. Andrew's, performed the service at 6:30 p.m. in the presence of immediate members of the couple's families.

The bride, given in marriage by her father, wore a charcoal grey costume with fitted jacket and full skirt, black accessories and velvet hat, and white gloves. Her corsage was of gardenias.

Attending the couple were Miss Jacquie Beil and Lowell Hall. The bride is the daughter of Mr. and Mrs. Clyde Slavin of Clarendon. The groom's parents are Mr. and Mrs. Albert Karnes. Both the bride and groom attended Clarendon High School. The couple will make their home in Amarillo.

MYSTIC WEAVER CLUB

The first meeting of the season for the Mystic Weavers Club of Lelia Lake will be Wednesday, October 14, with Mrs. Glen Williams as hostess. A sack lunch will be enjoyed at noon. — Rep.

M.Y.F. REPORT

The Lelia Lake M.Y.F. held their regular meeting Oct. 4, 1959. There were 10 present. We discussed business and made plans for Halloween. We were dismissed by the M.Y.F. Benediction. Last Friday night, the M.Y.F. had an enchilada, supper at Mr. and Mrs. Don Altman's. It was really nice. — Rep.

PARADE OF FALL FASHIONS AT STATE FAIR

The latest fashions for women who sew will be shown daily throughout the 1959 State Fair of Texas, Oct. 9-25, at free style shows in the Women's Building. Among the fashions will be glamorous at-home velveteen tapered trousers and bodice designed by Advance Patterns (left); McCall's full-skirted dress interpreted by Singer Sewing Machine Company in velveteen with embroidered collar and cuffs, and by Talon Zippers in chiffon over taffeta (center); and casual separates in plaid and solid wools fashioned by Butterick (right).

1926 BOOK CLUB MEETS AT PATCHING HOUSE

Mrs. C. B. Morris and Mrs. J. R. Gillham were hostesses to the 1926 Book Club in Patching Club House at 4 p.m. Tuesday.

An arrangement of yellow chrysanthemums and orange pyracantha centered the president's table. As members and guests arrived refreshments of date-nut cake topped with whipped cream and a candied cherry, coffee and tea were served.

Mrs. Morris opened the meeting with prayer. The president, Miss Inez Blankenship, presided during the business meeting. Miss Blankenship urged as a club that we re-evaluate our aims and goal; not to rest upon past accomplishments, but to strive for even a better year.

Mrs. Nelson Seago as program leader introduced Mrs. J. A. McDonald, formerly of Lelia Lake, but now from Tell, Texas, who was to be the guest reviewer.

Mrs. McDonald gave a wonderful review of "The Promise" by Esther Kilner. As a girl in her parents' home Esther Kilner had entertained her younger brothers and sisters with Bible stories and often acted them out. She

later published many stories and plays. Her long cherished dream as a writer was fulfilled in the publication of "The Promise," a heart touching story of the Biblical characters, Sarah and Abraham.

Other guests were Mesdames Lacy Noble, Lovett Noble, Oscar Thomas, Leck Goldston, Heckle Stark and Luther Butler. Sixteen members were present. — Rep.

MIDWAY CLUB MEETS FRIDAY, OCT. 2nd

The Midway Club met with Louise Riley Friday, October 2, for the first meeting of the fall. This was election day and all officers were re-elected unanimously: Mrs. Eddie Williams, president; Mrs. Bobby Dishman, vice president; Mrs. Lloyd Hillis, secretary-treasurer.

A beautiful appliqued Red Rose quilt was finished. Those present to enjoy a wonderful dinner of chicken, dressing, and all the trimmings were Mesdames Bobby Dishman, Lillie Mae Carmichael and Kathy, Lloyd Hillis, Ellen Moreland, Lucille Eanes, Allie Quattlebaum, Jewell Myres, Josie Simmons,

Eddie Williams, Katie Bell Wells and Terry, Pearl Terry, and the hostess, Louise Riley.

The next meeting will be with Bobby Dishman October 15, which will be the third Thursday in October. — Rep.

ASHTOLA NEEDLE CLUB TO SPONSOR PARTY

The Ashtola Needle Club is sponsoring a "42" party and cake walk at the Ashtola Community center Thursday night, October 15th. Coffee and donuts will be for sale. Everyone is invited to attend as proceeds will be used for the center.

ENJOY BIRTHDAYS

Mr. and Mrs. Lloyd Hefner and Holly of Amarillo visited Sunday with his parents, Mr. and Mrs. A. O. Hefner and helped his mother celebrate her birthday. In the afternoon they visited with Misses Minnie and Ava Naylor and as has been their custom for a number of years, helped Miss Ava celebrate her birthday.

Also visiting in the Naylor home were Mr. and Mrs. L. P. Fields of Amarillo and Mr. and Mrs. E. V. Quattlebaum.

LOCAL LADY IS CONTEST WINNER

Mrs. Ed Mahaffey of this city is the winner of an electric steam and dry iron as the result of a recent contest promoted by the A. E. Staley Manufacturing Co. of Decatur, Ill.

She narrowly missed being one of 10 luckier women each of whom won two Studebaker Larks. The contest called for the completion of a jingle submitted with a label from either of the Staley products.

LEADER CLASSIFIEDS GET RESULTS

Mr. and Mrs. Eddie Orsak of San Antonio are the parents of a baby girl, Melissa Kaye, born Sept. 30th. She weighed 7 lbs., 11 oz. The proud grandparents are Mr. and Mrs. Pete Darnell of this city and Mr. and Mrs. J. A. Orsak.

It isn't the work we do that makes us tired — it's the work we keep putting off.

For the many lovely flowers, visits, and cards during my stay in the hospital, and Clyde really appreciated the food sent to help him with his meals. May God bless and protect you and yours.

Mrs. Clyde Hudson
The family of Mrs. D. B. Perdue wishes to express our thanks for all the kindness shown us during the sickness and death of our mother and grandmother. May God bless each of you.

The Roar of the Lions THE LIONS DEN

By the Liontamer

Another record attendance for the local members of the Lions Club. We were honored with two guests Tuesday, T. W. McAnear and Donald Smith.

Lion Abel, Program Chairman, and also Dean of our college, introduced Mrs. Velma Weaver, head of the music department in Clarendon Junior College. Mrs. Weaver brought her college choral class and one younger soloist, Susan McAnear. Miss McAnear sang "Everyone Calls Me Honey" which this club thinks was appropriately chosen for her as she is really a little "honey."

The college choral class is composed of six girls and three boys. The six girls sang "It's A Me, Oh, Lord" and the boys sang "Ole Man River." Carolyn Wallin sang as a solo "Autumn Leaves." Carolyn Wallin, Gene Welch, Vicki McAnear, Linda Seif, Elaine Behrens, Nettie Humphrey, Richard Vallance, H. D. Yarbrough and William Clark are the nine members of the college choral class. We are looking forward to having them as our program again very soon.

The practice of our Lions Club Quartet is underway. We are to appear at the Hedley Cotton Festival Friday. This is a newly formed group, in fact it is having a little trouble getting all four parts together to practice but it is a lot of fun and everyone enjoys singing together.

Remember, Tuesday, October 13, 1959, is our Annual Broom Sale Day. Have a long list of the brooms you need ready when a Lions Club member calls on you. You will be benefitting yourself by the purchase of good brooms and also helping the Lions in their many worthy projects.

Dale Ayers, son of Mr. and Mrs. C. C. Ayers, who is a member of the National Guard, left Saturday for Ft. Knox, Kentucky for active duty.

Bronchos Beat Panthers In 22 To 20 Thriller

The Clarendon Bronchos stopped a last minute Panhandle rally last Friday night and took an exciting 22 to 20 win from the Panthers on a muddy field.

The Broncho attack was paced by Wayne Mann who scored two of the Clarendon touchdowns and made one other 35 yard run to set up another Broncho score. The Bronchos drew first blood in the second quarter. After a see-saw battle in the first quarter in which neither team was able to make a first down, the Bronchos started a drive on their own 30-yard line and Mann climaxed the drive with a 24 yard left end run for the score. Dewey Wilson ran over the extra points to put the Bronchos ahead, 8 to 0. This 70-yard drive was helped along by Wilson's 12 yard run and a beautiful 18 yard pass from Neel Carter to Mann.

Panhandle got back into the game quickly. They took the Clarendon kick-off and in 12 plays had themselves a score. Quarterback Kenneth Ware sneaked over for the last yard and the score. The extra point try was no good and the Bronchos still held on to an 8 to 6 lead which was the way the game stood at the half.

The Panthers took over the lead only seconds deep in the third quarter. The Bronchos kicked off to the Panthers to open the second half and they brought the ball up to their own 38 yard line and on the first play from scrimmage, big Mike Stone, the rambling 190 pound Panther fullback, riddled the Broncho defense for a 62 yard touchdown run. The extra point try was again no good but the Panthers had a 12 to 8 lead.

The Bronchos regained the lead deep in the third quarter when they recovered a Panther fumble on their own 45 yard line and, aided by Mann's 35 yard run, scored with Wilson making the final one yard. Carter's extra point try was no good but the Bronchos held a 14 to 12 lead. The Bronchos scored their last touchdown late in the fourth quarter when Mann gathered in a Panther punt on his own 40 yard line and with the help of a key block by Wilson, raced down the side line for 60 yards and the score. This time Wilson made the extra points and the Bronchos had what looked like a comfortable 22 to 12 lead with less than four minutes to play. However, the Panthers threw a real scare into the Bronchos during those last four minutes. They received the Broncho kickoff and brought the ball down to the Clarendon 45 yard line where, on the first play from scrimmage, Stone went 45 yards for a Panhandle touchdown. This time their extra point try was good and the score stood at 22 to 20 in Clarendon's favor still with two minutes to play. Panhandle executed an on-side kick and covered the ball on the Broncho 40 yard line and went to the Broncho 15 yard line before the Clarendon defense stiffened and the Bronchos took over on downs to end the threat.

Panhandle had a slight edge in statistics. They made ten first downs to nine for Clarendon and gained 215 yards rushing to 197 for the Bronchos. The Panthers completed three of seven passing attempts for 49 yards and the Bronchos connected on one of two attempts for 18 yards.

This was the second straight win for the Bronchos which gives them a season's record of two wins and three defeats. It was the fifth straight defeat for the Panthers this season.

Many farm pond drownings can be avoided if safety equipment is provided and if children are taught to swim and at the same time respect water, says the Texas Farm and Ranch Safety Council.

SGT. GERNER HOME ON LEAVE

Roy Lee Gerner, a military police sergeant, and family arrived home on a 30 day vacation last week.

Sgt. Gerner, a traffic investigator with the Provost Marshal office in Yokohama, Japan, recently received a letter of appreciation from the police superintendent of Kanagawa Prefecture and the chief of police Yokohama City for apprehending an American driver who struck and seriously injured a Japanese pedestrian earlier this year. The driver of the vehicle failed to stop at the scene. Working without a description of the vehicle or driver, Sgt. Gerner and a partner were able to apprehend the driver seven hours later by tracing the vehicle through two pieces of headlight glass that were picked up at the scene. They also received thanks for their cooperation in helping investigate numerous other traffic cases.

CONSERVATION PICTURE AWARD EXHIBIT AT STATE FAIR

Governor Price Daniel will participate in the opening of the exhibit of the 1959 Conservation Picture Awards at the State Fair in Dallas Oct. 9.

The exhibit will consist of fifteen beautiful, enlarged hand colored aerial photographs, showing the conservation measures utilized by the fifteen outstanding soil conservationists in Texas for 1959. The picture awards exhibit will be open to visitors to the fair each day, Oct. 9 thru 25th.

The purpose of the program is to provide special recognition each year to Texas landowners who have done the best conservation work in their respective areas and several entries are expected from Donley County for the 1960 contest, it was announced here this week.

According to Time, Russia is adopting a capitalistic sales device — installment buying. Soviet citizens will be allowed, for the first time, to buy certain expensive items on a pay-as-you-go basis. The government will take no chances on bad accounts — payments will be a payroll deduction.

TO THE VOTERS OF DONLEY COUNTY

May I take this privilege to thank everyone for the past courtesies shown me through your kindnesses and your votes in the past years.

I am coming to you again, asking for your vote and influence in the coming Primary Election May 7, 1960.

I have been serving as your County School Superintendent and would like to continue.

Ruth M. Richerson
County School Superintendent
Donley County, Texas

HOSPITAL NOTES

Patients as of Wednesday, Oct. 7: Pete Kunz, Mrs. J. T. Gunn, Charles Starkey and Mrs. Clyde Hudson.

Dismissals: Mrs. M. R. Allensworth, Mrs. D. M. Cook, Buck Glass, E. F. Morris, Mrs. G. A. Robertson and L. E. Thompson.

GRASS ROOTS' OPINION

Reynoldsville, Pa., Star: "Americans do a lot of beefing about the spendthrifts on Capitol Hill or in their State Houses. But the truth of the matter is: we make those legislators spendthrifts even when they don't want to be one."

"We do not award any Congressional Service Medals to those who spend their time trying to introduce economy. No body ever put up a monument in any town or city square to a stubborn gent who saved a few million during his tenure of office. We called them pinch-pennies, tight-wads and burrs on the tail of progress. It is not popular to be an economizer, in fact, in many cases, it is political suicide."

GEORGE'S WIFE

By "Sarah"

Silence, blessed silence. The irrigation wells have been stopped. The motors are cleaned, oiled and all wrapped up for the winter. We can never get used to the noise of them, even housed up with an air conditioner, window type. You would think an air conditioner would soften the noise somewhat, but no . . . that continuous, throbbing blast is above all others.

Our ears have not accustomed themselves to the silence yet, George and I still shriek our comments to each other. It's like when you have a noisy muffler . . . We didn't see much of him these past few weeks. With him sleeping and eating at all hours day or night, but always ready to make a dash if one of them coughed or heaved a dying breath.

They would wear out parts or

just run out of butane. So has George, he hasn't made a comment lately, but I believe he

would agree with Mr. Wes Iz-zart who said in his column September 10th, "The rarest luxuries in this crowded and noisy old world are silence and solitude."

An automobile can help you see the world — But it's up to you to decide which world.

The Impala 2-Door Sport Coupe

SEE IT NOW AND SEE ALL THESE

new and different things
IN THE **1960 Chevy!**

[new!]
easy loading
luggage compartment

New convenience has been built into Chevy's big, vacation-sized luggage compartment by lowering the loading height.

NEW
spaciousness inside

Inside you'll find room and more room. There's room to sprawl in, room to sit tall in—and the roofline has a respect for hats. A new flatter transmission tunnel is a boon to the middle man. Here is the kind of space that invites the family.

THRIFTIER
!!!new!!!
V8 POWER

Under the hood thrift is accentuated in a new standard V8, engineered to deliver up to 10% more miles for every gallon while giving you more zest at normal speeds. Or you might choose its teammate—Chevy's Hi-Thrift 6—the engine that starts saving the moment you flip the ignition switch.

NEW QUIET AND COMFORT

Thicker, newly designed body mounts insulate you from road shock and noise, insuring an almost cocoon-like quiet. Full Coil spring suspension melts bumps as no other suspension system can. Oil hushed hydraulic

valve lifters reduce engine noise to a whisper.

[NEW!]
refinements
for the driver

Everybody will want to be the driver when he sees the kind of pleasure a turn at the wheel brings. The driver finds Chevy has further cushioned him from engine impulses by an improved clutch linkage system. He'll also find a convenient new parking brake that automatically returns to normal height after application.

HEDLEY NEWS

Mabel Bridges

We have had our share of rain the past week. We are hoping the rain is over for awhile. Cotton and feed could do with no rain all fall.

The Old Settlers were not on TV in Amarillo Saturday, but we will be at Cotton Festival Friday if weather permits. Senator Andy Rogers is our guest speaker. Other numbers will feature a variety of old fashioned entertainment. Be sure to join the Donley Co. Old Settlers for a day of pleasure. See you at the Old Settlers' meeting at the Cotton Festival Friday, Oct. 9.

Mr. and Mrs. Woodrow Farris and Mrs. Bob Farris visited last week end in Wichita Falls with their daughter, Miss Verma Lee Farris, who is teaching in Wichita School system.

Mr. and Mrs. Hollie Byers and Jackie left Monday for Greenville, Ohio, due to serious illness of his sister, Miss Katherine Byers.

Mr. and Mrs. Leland Pierce attended the football game in Canyon and saw their grandson, Jerry Behrens, play.

Mrs. W. C. Plunk and son, Joel, of Pampa were here recently looking after business and visiting old friends.

Sorry to report Malcom Glass was carried to a Memphis hospital Sunday. We wish him a speedy recovery.

Joe Wood of Perryton visited home folks last week end.

James Stone of Waco is quite ill in a hospital there after suffering a heart attack.

Mr. and Mrs. J. S. Hinds attended the fall convocation dedicating the football stadium in Canyon. They visited their daughter, Nancy Lou, who is a freshman in West Texas State.

Recent visitors in the J. H. Cooper home were Mrs. Carl

Williams of Dallas, Mrs. Edmond Elliott of Seymour, Mr. and Mrs. T. H. Clark and son, David, of Munday. They were Mrs. Cooper sisters and brother.

Pruce Stewart of Wichita Falls spent the week end with his mother, Mrs. B. N. Stewart.

Hedley people who have renewed the subscriptions to the Donley Co. Leader another year are Mrs. Ed Morton, Newborn Simmons, and Johnny Myers.

Hope to see all my friends at the Cotton Festival.

Remember to see me for your subscription to the Donley Co. Leader.

HUDGINS NEWS

Mrs. Carl Barker

Mr. and Mrs. Rex Hopkins and children of Canyon had supper Saturday with Mr. and Mrs. Carl Barker.

The 1960 Ford Sunliner is one of 15 models in the new Ford line which will be introduced October 8 in Ford dealer showrooms across the nation. Featuring the strikingly modern rear deck and fast-wing motif, the new Fords are five inches longer, five inches wider and have more interior leg, hip, shoulder and head room than before. Ford's new integrated design, harmonizing the interior with a single, flowing exterior stylings, is proof that modern styling need not be radical or eccentric.

Mr. and Mrs. Otto Elliott visited Sunday with Mr. and Mrs. Othel Elliott.

Mrs. Ira Self shopped in Amarillo Monday.

Those to visit Sunday with Mr. and Mrs. Coleman Shields were Mr. and Mrs. Archie Collins of Amarillo, and Mr. and Mrs. J. B. McDaniel.

Mr. and Mrs. Leo Smith, Mrs. Winfred Self and baby visited Mr. and Mrs. George Self Thursday afternoon.

Mr. and Mrs. Sidney Harp and son, Scottie, of Amarillo spent the week end with Mr. and Mrs. Marshall Harp.

Cleta Koontz visited Saturday night with Maudena Self.

Ruth Corbin and Mrs. Donald Ballew spent Wednesday afternoon with Mrs. Ira Self.

Mr. and Mrs. Pink Marshall visited Mr. and Mrs. Leo Wallace Sunday afternoon.

Mr. and Mrs. Pink Marshall

visited Mr. and Mrs. Leo Wallace Sunday afternoon.

Mr. and Mrs. Ira Self visited Mr. and Mrs. Carl Barker Monday night.

FARM NEWS

From the County ABC Committee

Annual Payments

Annual payments on 1959 Soil Bank will be made as soon as possible. Annual payments for 1959 will amount to \$297,854.89.

Changes in Conservation Reserve Program - 1960

Early in August the 1960 Conservation Reserve Program was announced along with general provisions of the program. Since that time a number of changes have been made in the regulations, briefly as follows:

1. Time to file applications for acre extended to Oct. 9th;
2. Time to file for contract ex-

tended to Oct. 16th;
 3. Tenant regulations changed. 1960 contracts may now be entered into for farms having 1958 or 1959 tenant history without showing tenants or sharecroppers on the contract for a part of the payment providing that the tenant or share-cropper left the farm voluntarily of his own "free will" and accord and this fact is substantiated by:

1. A statement signed by the tenant that he left the farm voluntarily of his own free will and accord;
2. If the tenant cannot be located, statements signed by at least 3 people not related by blood or marriage to the landlord, stating that they have knowledge that the tenant left the farm voluntarily; and
4. Soil Bank legislation removes requirement for establishing fair rental value and provides the annual payment shall not be in excess of 20 percent of the value of land placed under contract.

1959 ACP Program
 We are still taking applications for ACP assistance, though we do not have enough funds at the present time to cover these applications. If funds become available, approvals will be issued.

At a meeting held Friday at the County Agent's office, practices and rates of cost-share for 1960 ACP and Soil Bank were selected and set. The 1960 ACP Program Handbook will be prepared around the first of November.

Locals To Attend Methodist Council Meet In California

At the annual meeting of the Council of Evangelism held in Minneapolis, in October, 1957, Bishop Gerald Kennedy invited the Council to consider Los Angeles Area for its 1959 Meeting. In June of 1958 the Southern California- Arizona Conference, by unanimous vote, requested the Council to meet in Los Angeles. In July, 1958, meeting in Washington, D.C., at the time of the Convocation on Local Church Evangelism, the Council considered invitations from four urban areas and voted to accept the invitation to California for the 1959 Council Meeting and a Week-End Visitation Evangelism Mission. The program is arranged in the hope that this may spearhead a new evangelistic approach to a total metropolitan area. The theme of the program is, "Sharing God's Good News."

The dates are October 14-20, 1959, Wednesday, Thursday, and Friday being devoted to a program of motivation, inspiration, and information, with messages by the Church's outstanding leaders, Saturday, Sunday, and Monday will be devoted to visitation evangelism in local churches. Tuesday morning all will return to First Church, Los Angeles, for a great climactic close with addresses by Bishops Kennedy, Martin, and Oxnam.

At least 800 evangelistic leaders, ministers and laymen from across the Church, will share in the Council and week-end visitation program. Conference Boards, District Committees, local churches, and friends will underwrite travel and entertainment expense. All who participate in the Week-End program will be provided transportation from Hollywood to the church assigned and return and meals and entertainment from Friday evening until Tuesday morning.

Rev. Conrad M. Ryan, pastor of the First Methodist Church, was elected by the Northwest Texas Conference Board of Evangelism to represent the conference at this council meeting. He will take his family and

leave sometime the latter part of this week and will return Oct. 24.

Dr. Edmund Kirby, District Superintendent of the Childress District will preach at the eleven o'clock hour Sunday, Oct. 11. Mr. J. R. Bartlett will be in charge of the service. The next Sunday morning service will be taken care of by the laymen of the church since it is Layman's Day. The evening services will be dismissed and the members will attend other churches in town.

F.F.A. MEMBERS TO SHOW HOGS AT STATE FAIR

Members of the Clarendon F.F.A. will exhibit barrows at the State Fair in Dallas October 19-23 and are anticipating carrying off numerous high honors again this year under the direction of Voc-Ag. instructors Jerry Hawkins and Herman Boone. Members who will exhibit barrows are James McAnear, Jerry Grey, Howard Talley, Carl Talley, Orville Bennett, Gary Longan and Milton Mann.

Mann had champion and reserve champion Spotted Poland China Barrow at the Tri-State Fair and also had the champion Spotted Poland China pen of three barrows. Jerry Grey had reserve champion Berkshire barrow and James McAnear had reserve champion Duroc barrow. Howard Talley had champion pen of three Poland China barrows and Grand Champion pen of three barrows over all breeds. Gary Longan exhibited the Grand Champion Chester White Boar. Mann had Grand Champion Spotted Poland China sow and Grand and Reserve Champion Spotted Poland China boars. Milton has developed one of the most outstanding Spotted Poland China herds in the South.

Prior to the trip to the Dallas Fair, members of the local FFA and Hedley FFA will show their two barrows October 17th at the annual Donley County Fall Pig Show here at the Fair grounds. Members of the two FFA organizations will leave Sunday, October 18th for the State Fair.

A man is never in worse company than when he is beside himself with rage.

College Bulldogs Working Out

Coach Roy Young, beginning his first year as coach of the Clarendon Junior College Bulldogs, has been working his charges for the past three weeks in preparation for the tough schedule which begins on Nov. 23 with Lamar, Colorado, Junior College.

Young replaces Buddy Travis who coached the Bulldogs the past three years and is now head coach at Howard County College in Big Spring. Young has coached the high school teams here the past two years and has enjoyed success with the Bronchos. He guided them to the district championship his first year and tied for second place last year. Young is a graduate of Wayland College where he was a starter four years on the Pioneer Basketball Team.

The Bulldogs took the West Zone Championship last year with eleven wins and only one defeat. It was the first championship in the school's history. Coach Young has a good looking group of boys with which to mold a team to defend that championship, although four starters were lost from last year's team. Gone are such players as Loyd Stephens, Bub Eldridge, Benny Lesley and Jack Buttram from last year's team and those boys will be hard to replace.

From last year's starting team, big Alva Carter, the 6'5" all-state center, is the lone returnee. Other lettermen returning are Felix Johnson and H. D. Yarbrough. Johnson is from Quitaque and Yarbrough from Claude, while Carter hails from San Jon, New Mexico. Johnson and Yarbrough are both 6'3" and are making a strong bid for starting berths this year. Also back is little Carl Irbeck from Happy who saw some action last year. Two boys who were in school last year but were ineligible for the team are back this year and will make strong bids for places on the team. They are Marvin Young, brother to the coach, from Bovina and Johnny Hudson from Benjamin. Young is 6'4" and Hudson is 6'1".

Newcomers to this year's squad

include the following: John Alexander, 5'10" from Samnorwood; Dee Elevins, 6'4" from Spearman; Oscar Bronniman, 6'1" from Hedley; Jimmy Humphreys, 6'2" from Ron, Oklahoma; Bobby Lesley, 6'2" from Hedley; Jimmy Minter, 6'1" from McAdoo; John Morrow, 6'2" from Clarendon; Leroy Scott, 6'2" from McAdoo; and Neal White, 6'1" from Quail. All these boys were outstanding high school players.

Be sure the nut at the wheel ahead doesn't have a squirrel following him.

FORMER RESIDENT HONORED AT FRIONA

Billy Bob Adams, son of Mr. and Mrs. Bill Adams, received the honor of being selected as teacher of the week Sept. 20-26 at Friona High School.

This is Billy Bob's first year at Friona and teaches driver's training and freshman football. Prior to moving to Friona, he was a member of the McLean faculty. He and his wife, Jeannie, and five year old daughter, Becky, report that they really like Friona.

Delta Kappa Gamma Regional Meet Set For October 10th At Borger

The Delta Kappa Gamma regional meeting to be held in Borger October 10th will stress the theme "Awareness: the Key to Insight and Understanding." Miss Zady Belle Walker, State Chairman of the Committee on the Constitution, and Miss Mildred Hulsey, State First Vice President, will be directors of the meeting. Mrs. R. T. Bowen of Perryton, President, will preside. Hostess chapter will be Gamma Theta of Borger.

Two hundred women, representing chapters in Clarendon, Dumas, Pampa, and Amarillo are expected to attend.

Mrs. Velma Weaver, president of Gamma Kappa Chapter, will be leader of a panel discussion, "Awareness of Obligations of Membership." Mrs. Weaver is music instructor in the public schools and Junior College. She holds a Masters Degree in Music and Education from West Texas State College.

The schedule of events will be as follows: Registration and Coffee at 9 a.m., followed by a general assembly and a report of the Southwest Regional Convention; Sing-Song, roll call, and

MRS. VELMA WEAVER

special interest group meetings; Sing-Song; Report of Interest groups; Luncheon.

Miss Hulsey will address the group and Miss Walker will present the awards following the luncheon.

Friday evening preceding the general meeting, presidents of the five chapters will attend a dinner at Hotel Borger.

MISS MILDRED HULSEY

Miss Hulsey, who is First Vice President of Alpha State Organization of the Delta Kappa Gamma Society, will be the luncheon speaker for the Regional Conference to be held in Borger, Texas, October 10, 1959. The subject for her address is "The Marks of a Dedicated Delta Kappa Gamma."

Miss Hulsey is a teacher of English and Latin in Tulia High School. She holds a B. A. degree from Trinity University and a M. A. degree from George Peabody College and she has studied in the University of California, Southern Methodist University, and one summer in Queen's College, Oxford, England.

She was honored by Alpha State with an Achievement Award for outstanding service at chapter and state levels. She was named outstanding teacher in 1958 in Seventh District, Texas Federation of Women's Clubs.

She was honored with a "This Is Your Life" program by students of the Tulia High School

MISS ZADY BELLE WALKER

Miss Walker, who is the State Chairman of Committee on Constitution of the Alpha State Organization, will be the Director of the Regional Conference in Borger.

Miss Walker is a past president of the Gamma Kappa Chapter, and served two years as a member of the State Legislative Committee.

She is a popular fifth grade teacher in the Stephen F. Austin School in Memphis. She holds a B. A. degree from Hardin-Simmons University and a M. A. degree from West Texas State College.

Miss Walker volunteered for overseas service and was a member of the Women's Auxiliary Corp during World War II in England and France.

In assembly. She organized and sponsors Future Teachers of America and the National Honor Society in the Tulia High School.

Miss Hulsey is also quite active in church and civic affairs.

GABIE BETTS BURTON LIBRARY NOTES

EDITH BARNES

A memorial fund has been given to the library in memory of Mrs. Lee Holland's sister, Mrs. Bulah James.

I want to thank the four nice women who bring us their magazines every month and tell them how much the readers enjoy them especially since they have them in the library while they are still current.

One of our library friends gave us ten more books, all of them fiction and just like new.

Aubrey Goodmans "The Golden Youth of Lee Prince" is here. The author like his hero is young, only twenty three, went to Yale and is a Texan. Do you readers ever notice the jackets on some of the books? This one looks like gold — "Golden Years of Lee Prince" and also "because it is about a bright young man."

Mildred H. Comfort has written a good biography, "J. Edgar Hoover Modern Knight Errant." I think she went a little overboard though, as at times she gets positively gushy. Most of us admire Mr. Hoover and know that he has done a wonderful job with the FBI but I don't see him as a knight errant modern or otherwise. Chapters nineteen and twenty alone are worth checking the book out. Mrs. Comfort says that unfortunately few Russians are ever allowed to see Mr. Hoover's book, "Masters of Deceit."

The Dallas Morning News sent us a booklet, "Report from Russia" by Ted Dealey, publisher of the paper. It is a reprint of his series of articles written after

his trip to Russia. It is one of the most informative as well as interesting, that I have ever read. Since all of us have heard, seen or read so much about Russia and Nikita Khrushchev in the last few weeks it is timely to say the least.

CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. J. D. Jones, Jr., went to Hayborn, Idaho, on business and while there he will visit Mr. and Mrs. H. A. Harrison, Jr., and family. Mr. and Mrs. H. A. Harrison, Sr., went to bring Mr. Jones home and visit their son, Mr. and Mrs. H. A. Harrison, Jr., and family.

Price Webb and his son Willard had lunch with his mother, Mrs. R. M. Webb, Saturday.

Mrs. J. C. Heathington returned home Monday after spending a week with her daughter and family, Mr. and Mrs. Don Baldwin, of Abilene.

Mr. and Mrs. B. R. Hall and daughter, Rhonda, of Pampa visited her parents, Mr. and Mrs. A. B. Ivey, Wednesday and Thursday.

Mr. and Mrs. Junior Bawell of Amarillo visited Mr. and Mrs. A. C. Carter last Sunday.

Mr. and Mrs. J. C. Heathington spent last Sunday night with her mother, Mrs. Della Sue, of Granbury, Texas.

Mr. and Mrs. Tielman Barker and son, Timmy, of Amarillo spent the week end with her parents, Mr. and Mrs. C. L. Mann.

Jo Len Ballew spent the week-end with his father, Mr. and Mrs. D. C. Ballew.

A. B. Ivey made a business trip to Pampa Saturday.

Mr. and Mrs. A. C. Carter and son visited their sons, Mr. and Mrs. Garth Carter and boys and Jimmy, in Dumas Sunday.

Mr. and Mrs. J. C. Heathington visited Mr. and Mrs. H. B. Bagwell in Pampa Sunday evening.

Mrs. Troy Broom visited Mrs. A. C. Carter Friday morning.

MANY NEW OPENINGS IN VA HOSPITALS

Many openings exist at Veterans Administration hospitals and outpatient clinics throughout the nation for the newly established position of medical technologist, the VA announced today.

The jobs are supervisory between the sub-professional and professional levels, and are in grades GS-7 through GS-11 with annual salaries of from \$4,980 to \$8,230.

Successful completion of a full four-year course, including specified courses in chemistry, leading to a bachelor's degree from an accredited college or university is required.

The new positions offer opportunities for career advancement, medical research with eminent physicians and university research groups, and professional growth, VA said.

Duties include a variety of responsible professional medical laboratory work as part of the

hospital or clinic medical team. Participation in research is encouraged by the agency.

Application for appointment may be made to the Boards of Civil Service Examiners at VA hospitals in Albuquerque, New Mexico, the Bronx, N. Y., Cleveland, Ohio, Hines, Ill., Houston, Tex., Long Beach, Calif., Memphis, Tenn., Minneapolis, Minn., Portland, Ore., Richmond, Va. and West Haven, Conn.

Information on the jobs may be obtained at any VA hospital.

Applicants will not be required to report for a written examination but will be rated on the extent and quality of their experience and training.

Tact is the ability to see other people as they want you to see them.

Announcing! A WONDERFUL NEW WORLD OF FORDS FOR 1960

FINEST FORDS OF A LIFETIME

This new Ford Galaxie, like all the new, beautifully proportioned 1960 Fords, is styled from a new viewpoint. Traditional automotive elegance combines with modern design in the style of a new decade!

In 1960, for the first time in history, your Ford Dealer presents not one, not two, but **three new lines** of Ford cars . . .

1. The 1960 Fords—The Finest Fords of a Lifetime, beautiful from any Point of View, worth more from every Point of Value!
2. The 1960 Falcon—The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
3. The 1960 Thunderbird . . . The World's Most Wanted Car!

Introducing the New-Size Ford . . . the 1960 Ford Falcon

Meet the New-size Ford—the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car . . . powered to pass and climb like a "big" car . . . and built like no other car for savings!

It gives you up to 30 miles per gallon on regular gas. Aluminized mufflers normally last twice as long as ordinary kinds. A Full-Flow oil filter lets you go 4,000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.—a grueling demonstration climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers expect. Its gearshift is on the steering column—not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's . . . and see the difference!

Now you can see them—the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big-value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme!

And Ford sets the new trend in power. Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Miteage Maker Six, bring a new world of smoother, hotter performance—on regular gas.

To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful . . . a Full-Flow oil filter that lets you go 4,000 miles between oil changes . . . Diamond Lustre Finish that never needs waxing . . . aluminized mufflers that normally last twice as long as conventional types . . . new, safer, Truck-Size brakes that are the biggest ever in Ford's history . . . and new soft-tread, Tyrex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!

Toughest Driver in Town!

Careful Percy McFidget—who would believe that he's harder on his car than anybody in town? Why, he never goes over 35 or takes a trip over 10 miles!

Actually this kind of driving is very hard on a car engine because the engine seldom gets "warmed up" sufficiently. The oil tends to be sluggish. Sludge forms in the crankcase. The way is open for dangerous wear and corrosion.

But there's something you can do about this, to protect your motor. If you have to do a lot of start-and-stop driving at low speeds, as most of us do, use Trop-Artic® Motor Oil. It flows fast . . . resists sludge formation . . . helps your car run better, longer. Get Trop-Artic Motor Oil at any station where you see the Phillips 66 Shield.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

THE 86th — HALFWAY POINT

"We have done, in my opinion, a tremendous and outstanding job. I think we have really worked to the limit of our ability and our strength to try to do the things that we thought were in the interest of all the people of the United States of America. When the Constitution of the United States was struck off after four short months in Philadelphia in 1787, from May until September, they brought forth a document which a great English statesman, Gladstone, said was the greatest document ever struck off at one time by the hand and brain of man. We have had Congresses since then controlled by both parties and during all of that time the ancient faith has been lived up to. Today that document has been unchanged in its essentials and its fundamentals because it set up a representative form of government and no amendment that has been adopted to that Constitution from then up to now has changed it one particle."

So spoke the Honorable Sam Rayburn, Congressman from the 4th District of Texas, and beloved Speaker of the United States House of Representatives in the final hours of the First Session of the 86th Congress.

Allowing for the imperfections which can always be found in any session of the Congress, the First Session just completed can point to some notable and worthwhile achievements. Whether for better or worse, it seems likely to me this session will be remembered longest for two actions — the enactment of labor-management legislation, and the admission of Hawaii as the Fiftieth State.

As is nearly always the case, the major controversies surrounded the President's budget and the Congressional appropriations. If you will recall when this session of the Congress convened last January, the President submitted to the Congress the largest peacetime budget in history — this in the midst of forecasts that this Congress was already labeled "the spenders." It is interesting to reflect on the Administration budget requests of \$74 billion, the long months of hearings and debate and, finally, the amount actually appropriated by the Congress, \$1.8 billion was trimmed from the President's budget requests, the biggest slash coming in foreign aid, which had \$1.2 billion trimmed from the \$4.4 billion budget estimate.

Actually, much of the controversy arose from where and how

the money was to be spent, rather than the amount of the appropriations. Nevertheless, it is a hopeful sign to me that a presidential budget has been cut and I hope it signals more of the same to follow in succeeding Congresses.

Many matters confronting the Congress have not been resolved, and a full slate awaits the convening of the Second Session next January. Of the 10,676 bills introduced in the House of Representatives and 3,161 in the Senate, 474 have become Public Law. Many others have had partial action and are pending in Committees or before the House or Senate. Many others will be introduced in the Second Session.

This Session was the longest in eight years. The House was in session 527 hours and 8 minutes of 141 days, while the Senate consumed 1,009 hours, 48 minutes during 140 session days. Of course, many hours and days

additional to the foregoing figures were spent in long, exhaustive committee hearings and conferences preparing legislation for Floor debate. Many more such hours will be spent before and after the convening of the Second Session in January. The tremendous amount of work which must be accomplished in the Committees cannot be done during a Congressional Session and the hearings must therefore continue during the adjournment period. In view of my two Committee assignments, it will be necessary for me to be in Washington for several days of hearings between now and January, but I look forward to being here in the 18th Congressional District as much as possible.

Meanwhile, I am thoroughly enjoying a few days here in the

HINTS ON ANALYZING EGG OPERATIONS GIVEN

College Station — Do you know what factors to consider in analyzing your commercial egg producing operation? To be real-

ly successful a poultryman needs to be a skilful "money husbandman" as well as a skilful poultry husbandman. In order to be a good money husbandman you should analyze the following two points.

First you should analyze the business to determine the wage or salary earned. This is called labor-management income and is that income above interest, depreciation on facilities, and out-of-pocket expense.

The other point of analysis is to determine the income received for being an investor or owning the property. This item is often neglected. Money invested in commercial egg production is worth "money" and should earn its fair return as an investment.

To help poultrymen analyze their operation, Tom E. Prater, extension farm management specialist, and Ben C. Wornell, extension poultry husbandman, have written a leaflet entitled, "Guide for Analyzing Commercial Egg Flock." Your local county agent has a copy and can help you analyze your particular operation.

By using the outline in the guide, with his particular situation, a basis is provided for measuring a poultryman's specific opportunity for earnings and planning for improvement.

Kindness is a language that can talk and understand. It is a language that can talk and understand what our race is made of. It is a language that can talk and understand the smile of appreciation to whom we show it. It is a language that can talk and understand as people may be even the animals may change the to the wagging of the wild birds a venturer closer to receive a morsel sionally. Kindness often and always brings it seems a word us use it so lit children can be rewarding experience. One of the m

New Doc and high tion legs Am tion con Tur

BLWIN' Out the CORNERS by Uncle Zeb

Kindness is a language that all can talk and understand. No matter what our race, creed, or color an act of kindness will bring a smile of appreciation from those to whom we show this kind spirit.

It is a language with which we as people may be understood by even the animals. A friendly pat may change the growl of a dog to the wagging of his tail. Even the wild birds and animals will venture closer and closer of they receive a morsel of food occasionally.

Kindness often costs so little and always brings rich rewards; it seems a wonder that many of us use it so little. Kindness to children can be one of the most rewarding experiences of our life.

One of the memories we trea-

sure from childhood was of an elderly lady who lived just across a 40 acre field from our house. We loved to go over there and one of the main reasons was that even in those days she would almost always have a bit of candy under her pillow for the children who came her way. She was almost beaust.

The following story was told on us, and we wouldn't dare deny it. On this visit we kept standing at the door, first on one foot and then another. Now and then we would remark that we must go home. Thinking that my mother might have sent me for something they asked if she had. Our reply was; "No, Mom, she didn't send me after anything but I'll take it." The candy had not been forthcoming likely we just wanted to give a gentle hint. Anyway, we'll never forget the kindnesses of this dear lady.

Recently we visited with a good friend in Oklahoma City. His occupation is delivering mail and packages for Uncle Sam. To make the truthfulness of his word sound even more convinc-

ing on Sunday he does the preaching in his church. Anyway, he tells the following story which we have no reason to doubt.

He was delivering a package to a certain address. When he approached the door he could see the man reading the paper in one of the rooms. He gave a good knock but the man paid no attention. He really gave the door a good rapping but still no response. Being a little aggravated by that time he kept on banging away. Finally, a large lady came to the door wiping her hands on her apron and giving excuses for being so long.

"I was under the house fixing the plumbing," she said. "It's been out of whack for some time, so I just decided to fix it."

"How come you didn't get your husband to fix it," our friend asked.

"Him? Why, he's retired. Since that man retired he won't turn a hand to do a thing."

We pass this story along for what it's worth to all of you men who are about ready to retire.

The above reminded us of the fellow who was fixing to retire

and was telling his friend; "For the first month, we mean to just sit still like in our rocking chair, not moving a'tall . . . Maybe after that if we feel like it we will rock back and forth just a little."

Some folks can say they are retired, others are just tired.

To live a life of service to our community, to our church, and even to our family presents a real challenge to anyone. Some seem to find it almost a natural thing to do and go about doing helpful little things as if it were no effort at all. Others, like ourselves, have to be prodded either by outside pressure, our duty, or some other definite reminder.

One of my friends has this philosophy; that no man belongs solely to himself. That the community, the church, his family, and in the larger sense his country all own shares of stock in his life. This might well be true.

Every town and community has a need for those who have this deep sense of public service and are willing to share in the responsibilities that go with mak-

ing any place a better spot in which to live. The trouble comes when these good conscientious type citizens cannot be found and things are just left to drift with the wind.

When the right people take out, the wrong folks will take over. This can be true with farm organizations, labor unions, chamber of commerce groups or any other . . . When the middle of the road sound-thinking people stop acting, then the radicals take the reins. This can also be the downfall of our great economic system here in America. If we take a hopeless attitude. If we think everyone has their hand out, and put ours out too . . . If we should fail to speak up at the polls and let the cloakroom politicians take over. Then, as the young folks say; "We will have had it."

Home is said to be "Where we are treated the best and grumble most."

Next to the word love there is likely no single word that warms our hearts as does the mention of Home. To be driving home at night from a trip and

catch the first glimpse of our home-town makes our heart jump with a special thrill. Home is the place where years and years of special kind of living with those we love make that house into a heart-warming place called home.

It is said that Home is a little hollow scooped out on the windy hill of the world where we can find peace and rest from our cares and labors.

We never lived in the times when folks went courtin' in the buggy but we have heard how that even the old horse could be trusted to bring the couple home safely. Once we took a little dog some fifteen miles away holding him down in the bottom of the car until we were to the spot so he would not have a chance to find his way. We even drove on off in the opposite direction. But, some five days later he came home and footsore and weary crawled into his house. Sorry as he was we never took him away again. No telling how many houses he visited before finding Home.

Be it ever so humble, be it ever so grand, if there is love within its walls, then there can be no place like the house we call our Home.

Faith is the thing that will let us keep on walking when we cannot see the path ahead. Faith will make us keep on playing when it looks like the game is lost. Faith is something that one can hardly describe except that we just keep on going because we believe that this Invisible Force will see us on past this and other problems.

Too many of us are inclined to demand reality and want to put our faith in things that we can see, feel, hear, and maybe even read in our bank book. All these are good perhaps in their proper place, but we still need

that faith that even though we can't see the answer, will help us to believe that it is there just the same.

We heard this story of the little brother who when it was time to go to bed asked the father to turn on the light in the bathroom for him. The father, busy with the evening paper, in turn asked the older brother to turn on the light. The following conversation then took place.

"Aw brother, why do you want the light turned on before you go in? Don't you know that Jesus is in the bathroom just the same as He is in here where the light is?"

"Yes, I know he tis. Twit I twants tumpin' I tan tee."

Too many of us are like little brother. We want something we can see . . . Even though we may not stutter any more or put "ts" before our words, we often put too much stress on reality to let faith be of much help.

Six hundred sixty-nine newspapers are purchased in the United States every second of every minute of every hour of every day.

PRESENTING FOR 1960... BUICK'S ALL-TIME BEST

THE TURBINE DRIVE BUICK '60

A car with major advances in transmission, suspension, brakes, and engines which are Buick's alone today. A solid, substantial car • A car of superb comfort, quiet, reliability • A car you should drive soon

New comfort, quietness, and quality
Doors that open wider — easier to get in and out. Family-size interior. Seats that are higher, more deeply cushioned, and repositioned to provide more room for feet and legs. Perhaps the quietest running car in America due to Buick's high use of insulation and torque-tube drive. Buick's quality control program comes to a peak in the Turbine Drive Buick '60.

New interior decor and convenience
An entirely new "Mirromagic" instrument panel. It lets the driver see speed, gas gauge, and other necessary readings at a glance in a mirror he tilts to suit his own eye level. And a new exclusive safety option — the Twilight Sentinel* — that turns headlights on automatically at sunset . . . off automatically at sunrise. All-new colors and fabrics. Richer appointments. *At slight extra cost.

Outstanding performance with economy
1. Buick's Exclusive Turbine Drive Transmission is jet-smooth, responds faster, more economically than ever. No gears ever shift while the car is in motion.
2. Buick's Exclusive Air-Flo Aluminum Drum Brakes — found on no other American car. Fin-cooled drums front and rear for faster cooling. Fast cooling means safer stopping, longer brake life.
3. Buick's exclusive Wildcat Engines give high efficiency with high economy. (An optional new LeSabre Engine is designed to give Buick performance on regular grade fuel.)
Optional at extra cost on LeSabre, standard on Invicta and Electra.

VERTICAL INTEGRATION IN BEEF INDUSTRY

College Station — Vertical integration can offer Texas cattlemen several opportunities. They include increasing the output of beef as a result of further efficiencies in production and marketing; assurance of more price stability; receiving proper payment for quality production; and sharing in profits from feeding, processing and distributing livestock and meat.

Vertical integration also raises several problems. Among these

are the possibility of scheduling accurately and meeting buyers' specifications; the bargaining power of the individual cattleman under such a system; the value of decision-making freedom and costs of services furnished by integrators.

To show the extent of vertical integration in beef cattle, Tom E. Prater, extension farm management specialist and Jarvis E. Miller, assistant professor, Texas Agricultural Experiment Station, have written a leaflet entitled, "Vertical Integration in Texas

Agriculture — Beef Cattle.

Although some form of vertical integration has existed in the Texas beef cattle industry for many years it has not become widespread. The earliest form of stockraising was vertically integrated, note the authors. Producers slaughtered their livestock and distributed the meat in nearby towns. The impetus behind integration has come from three different phases of the industry—the beef producer, the meat packer and the retailer.

Meat retailing is now done by large firms engaged in mass merchandising. An estimated 30 percent of the retail grocery stores now handle more than 90 percent of the food sales, including meat. These firms are geared to a steady, dependable flow of products of known quality. They require volume purchases on a specification basis. Many of these large-scale meat merchandisers now handle only one grade of beef. To sell to these firms, meat packers must meet their specifications concerning quality and delivery schedule, as well as price.

Large-scale commercial cattle feeding is likely to expand considerably in Texas, particularly in the Panhandle and along the Gulf Coast. In these areas, it will be conducted on a custom basis and will be a specialized, separate business not connected with existing enterprises. One major limiting factor is the lack of an organized effort on the part of mass merchandisers to feature higher quality beef as they have done in other parts of the country.

For a copy of the leaflet contact your local county agent or write the Agricultural Information Office, College Station. Ask for L-436.

GRASS ROOTS OPINION

Lebanon, Kentucky, Marion Falcon: "Sometimes an editorial writer believes all his efforts are in vain, that nobody reads these lines, and much worse, nobody cares. We were going through our letter file this week, and we were amazed at the number of letters of appreciation we had received in our ten years here . . ."

Where We Get That Extra Beef

Texas farmers and ranchers might do well to take a long look at the figures on just how much production efficiency, rather than the cattle population itself, has come to be the controlling factor in vaulting U.S. beef production.

Beef output has just about doubled in the past three decades, which is not likely to surprise anyone. What may be surprising, however, is the fact that only half of this huge increase is due to growing numbers of cattle in range inventories at any one time. The other half has come from more beef produced per head.

In other words, the numbers of cattle on the nation's ranges at any one time are only a factor of 50 per cent in the total production of beef.

Growing cattle numbers have just about kept pace with our growing population in the past 30 years. The number of people and the number of cattle each increased approximately 43 per cent. If beef production were controlled by numbers alone, consumers would be supplied with no more beef per capita than they were getting three decades ago.

But production of beef per head during the same period increased by 44 per cent, and U.S. consumers must now eat more beef per capita.

Just what has brought about this phenomenal gain in production per head? Aside from the cumulative advances in breeding, feeding, disease and parasite control, there is the growing percentage of heaves going to the slaughter pens rather than lighter dairy cattle.

Another reason is the higher birth rates and lower death losses for calves. Calf birth per 100 cows have increased from 75 per year in the 1920's to 87 in the past few years. This has been achieved in spite of the shift from milk cows to beef cattle, which are not so reliable as

breeders.

More animals are being kept to maturity before slaughter, amounting to about 70 per cent now compared with 50 per cent in the 1920's and 1930's. Dressed weight has increased by some 80 pounds per head.

These figures give a fairly clear indication of the future outlook. If cattle numbers alone should go up from 100 to 110 million in the next five years, production probably would rise from the present 14½ to about 17 billion pounds of beef per year, and half of the increase would come

from higher productivity per head.

Oberlin, Kansas, Herald: "It seems at times as if 'government by the people' is something of a joke. In spite of the fact that officials are elected, measures frequently pass Congress which

are in opposition to the public's will.

"But action during 1959 has done much to bolster the democratic theory . . . Now John Q. Public is fighting mad about labor disgraces and his ire is making itself felt in Congressional halls."

Another fresh one...from Pontiac!

The 1960 Catalina Convertible

You find it attractive because of the simplicity of lines, the absence of over-design.

You're drawn to its crisp freedom, its perfect form, its exhilarating freshness.

You'll find it amiably obedient because of Wide-Track Wheels and a thoroughly new suspension system. Wide-Track firms the foundation, stabilizes, balances. A softer suspension makes it responsive, quick and easy to take direction.

Pontiac's Tempest engines for 1960 are more

vigorous than ever. You have a wide choice of V-8 power packages, ranging from the high performance 425 to the economical 425E which prefers regular grade gasoline.

The car, the keys, the catalog, the courtesy—all await you at your Pontiac dealer.

Wide-Track Wheels give you swiftness, stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.
