Shelton To Run For DA

James T. Shelton formally announces his filing as a Democratic candidate for the 100th Judicial District Attorney. Shelton has served as the 100th Judicial District Attorney since September 27, 1993, after being appointed by Governor Ann Richards to replace David McCoy. McCoy was appointed 100th District Judge to fill the unexpired term of retiring Judge John T. Forbis. Prior to becoming District Attorney, Shelton was Assistant District Attorney under David McCoy, as well as Donley County Attorney Pro Tem.

Shelton and his family have lived in Clarendon since 1984, when he first returned to the area to practice law. Shelton was born and raised in Childress and married the former Cindy Trollinger of Pampa. They are the parents of Lindsey, 11, Taylor, 9, and Lauren 1-1/2. Shelton has lived and maintained a private law practice in Clarendon since August, 1984.

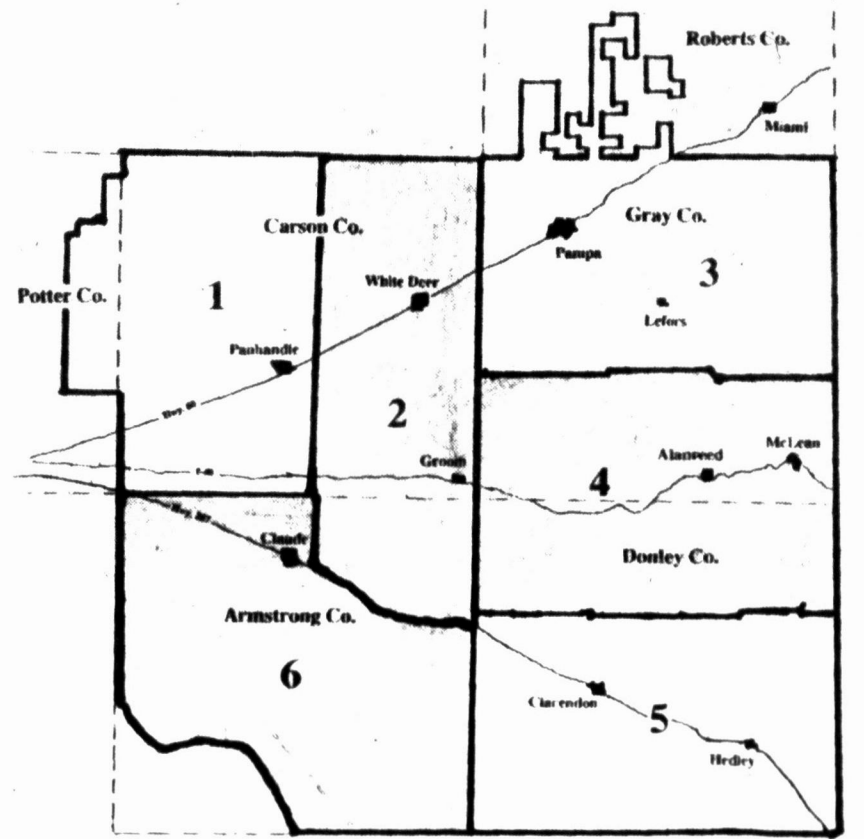

"After graduating from law school in 1983, I always knew that I would move back and live close to my home of Childress. My wife and I have lived in Clarendon for over nine years and this is the area we have chosen to raise our three children. The counties making up the 100th Judicial District—Carson, Childress, Collingsworth, Donley, and Hall—are great places to live. It is my belief that fair, effective, and judicial prosecution of criminals contributes to making a community a nice place to live and raise families. I have over six years experience prosecuting both misdemeanor and felony criminal cases as County Attorney Pro Tem, Assistant District Attorney, and District Attorney. My desire is to continue to serve the people of this area as District Attorney for many years and carry out the duties of that office to the best of my abilities."

Panhandle Ground Water Conservation District No. 3 Director Precincts

Panhandle Ground Water District To Hold Elections

Director Precincts No. 2, No. 4, and No. 6, Of Panhandle Ground Water Conservation District No. 3, will hold elections on January 15, 1994. One director will be elected from each precinct to serve a four-year term.

The Board of Directors is responsible for legal, financial and business matters of the District. Additionally, Directors are responsible for the approval or denial of applications for water well permits and agricultural water conservation equipment loans.

Those filing for the positions are: Precinct 2, Frank Simms; Precinct 4, Charles Bowers; and Precinct 6, Jim Thompson.

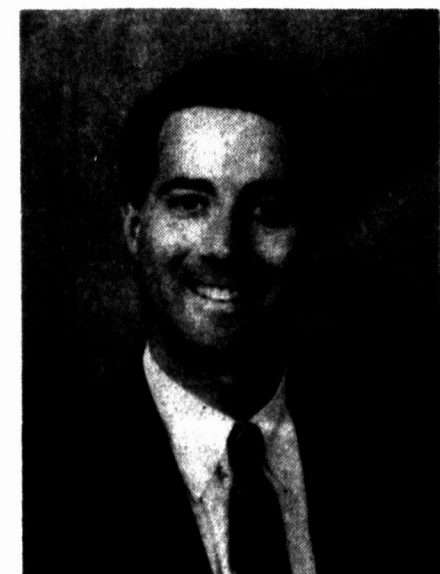

New Tower for Clarendon Area

Dobson Cellular Systems has completed construction of a new cell site in Gruver as of Tuesday, December 28. This cell site will provide coverage to Hansford County and improve coverage along Highway 136 and Highway 15. Dodson Cellular Systems in Pampa, Gruver Cellular and Cellular Communications will be the Dodson representative in this area.

Dobson Cellular Systems, along with its sister company, offers nearly 40,000 square miles of home coverage, 23 cell sites, and six stores conveniently located throughout the Texas Panhandle and western Oklahoma. Customers traveling in these areas have access to these local stores in case they are in need of assistance or they may simply dial "611".

Office Location Changes

Onita Sanders has announced that she has moved the location of her Real Estate Office from Hwy 287 E. to 720 S. McClelland.

WILLIAM M. ("MAC") THORNBERRY - Republican candidate for the U.S. House of Representatives for the 13th congressional district.

Thornberry Reception Set

All voters are invited to an Open House to meet Mac Thornberry, Republican candidate for U.S. Congress, at the Clarendon College Bairfield Activity Center on Sunday, January 9, 1994, from 2:00 to 3:30 p.m.

In a continuing effort to provide the best service, Dobson will expand coverage with the completion of new cell sites in Borger and Clarendon, Texas by the middle of January and in Darrrouzett, Texas within the first quarter of 1994.

For the past 50 years, Dobson has been committed to providing customers with the most advanced telecommunications and the highest level of quality service and customer satisfaction. As cellular technology continues to be one of the most versatile sources of communication, so will Dobson continue to explore all avenues of expansion for its customers.

Applications Taken For Energy Assistance

Panhandle Community Services has announced that they are now taking applications for the Comprehensive Energy Assistance Program (CEAP). This program helps with heating costs during the coldest winter months.

When you come by the Panhandle Community Services office in the old courthouse in Clarendon, make sure you bring the following documentation with you: Proof of income; and a twelve month history of your heating costs. There is an 800 number in the telephone book if you use Lone Star Natural Gas, or if you use butane, you can obtain a history of your heating costs from them.

Level of income, source of income, size of family, and age of family members is considered when determining whether or not the family qualifies. There are several different ways of assisting families, so if you are not sure whether or not you would be eligible, get your proof of income and a twelve month history of your heating costs and come by the PCS office in the old courthouse in Clarendon.

For your convenience and their, applications will be taken on Tuesdays, Wednesdays and Thursdays.

Economy Holds Steady

Texas' economy is steady to slowly improving. December Sales Tax receipts were up 5.6 per cent statewide. The State Comptroller states that "Employment in Texas overall is continuing to expand, reflecting a 1.9 percent rise between October 1992 and October 1993." The figures are released in December over receipts sent to Austin in November, but represent sales taxes collected in October.

Donley County was up by 2.15 per cent for the year-to-date

figure. The figures for the period were off slightly, but Hedley does not report on a short-term basis, which may influence the figures. For the City of Clarendon, October sales were down 11.7 per cent, but the year-to-date figures were up 2.67 per cent.

Armstrong County (Claude) was off 11.72 in October receipts, but up 11.27 for YTD. Briscoe County was up 25.18 per cent and 11.33 per cent. Carson County slipped 8.75 per cent in the month, but improved for the year to 15.69

per cent Childress was up 11.91 per cent and 7.96 per cent, respectively.

Collingsworth County increased their tax rate, so their figures are not comparable. The same is true of Pampa and Memphis.

Canadian stumbled 5.14 per cent short-term, but edged ahead 3.17 per cent YTD. Motley County suffered a 34.15 per cent decline in October sales, but still managed a positive 8.23 per cent for the year through tenth month. Wheeler grew 5.43 and 5.67 per cent.

Potter and Randall Counties gained in both periods, 5.69/8.49 per cent and 1.47 per cent/5.36 per cent in each case.

Many state economists expect the figures for November sales to bounce back from the October hesitation.

While it is not "scientific" or statistical, many Clarendon merchants report that 1993 was a good year. Area business people generally appear optimistic about 1994.

KINDERGARTNERS from Clarendon Elementary visit the Medical Center and spread Christmas cheer.

Dance Set

The Senior Citizens Dance is scheduled for Tuesday, January 11, 1994 at the Community Building on North Ayers street in Clarendon from 7 to 10 p.m. Jim and Ruby will be spinning good country music. Admission is \$2.00 per person. Everyone is invited.

Registration Rule Set

Following the scheduled public hearing on December 15, 1993, the Board of Directors of Panhandle Ground Water Conservation District No. 3 adopted a new well registration rule. This rule requires registration for all wells drilled in the District after February 1, 1994, that produce or will produce water for all nonpermitted uses, including wells drilled for monitoring purposes. For the complete rule, please refer to the legal notice in this newspaper, or you may call the PGWCD office at 883-2501, to have a copy of the rule mailed to you.

New Generation Takes Over Business

Clifford Alexander, Jr., is taking over Alexander Used Cars, effective January 3. The business will retain the name that has been an institution in Clarendon for many years. They will continue in the same location.

"We will continue to operate the paint and body shop," said the younger Alexander. He plans to follow the same policies that made his father successful in the business.

Clifford Alexander, Jr., and his wife have recently moved back from Rialto, California. They have two children at home.

Clifford Senior is retiring. His wife, Ann, says, "He will be busy for several year with 'Honey Do's' that he has put on hold until now."

Champion Employees Announced

The Champion Committee of Olsten Kimberly Quality Care has met and is proud to announce that Ladell Maxwell, RN has been selected as the Employee Of The Year. Ladell is committed

to providing quality care, by giving the best of herself to her clients, other caregivers and Olsten Kimberly Quality Care.

Ladell is a true asset to the word nurse and to Home Health Care. Her skills as a nurse are tremendous and well used. Ladell is a true advocate to Home Health Care in the community of Wellington and Hollis.

Ladell's work is very commendable and appreciated and a big thanks goes out to her for all her good work. Cont'd on p. 6.

Graham Graduates

Stacy Graham of Clarendon, Texas graduated from the University of North Texas during Fall commencement ceremonies on Saturday, December 18, 1993.

Graham received a Bachelor of Science degree with a major in Health Promotion.

Parents of the new graduate are Jack and Audrey Hall of Clarendon, Texas.

With more than 27,000 students, the University of North Texas is the fourth largest university in the state. UNT is the largest and most comprehensive university in the North Texas region with more than 130 undergraduate and graduate degree programs.

New Law Announced

A new law that goes into effect January 1, 1994, will

eliminate the need for commercial vehicle operators to have their commercial vehicles undergo dual inspections. The new inspection program, to be overseen by the

Texas Department of Public Safety, will combine the U.S. Department of Transportation inspection with the State of Texas safety inspection. Beginning January 1, inspections obtained at other than an official commercial Texas State Inspection will not be accepted. Commercial motor vehicle means any self-propelled or towed vehicle except a farm vehicle with a gross weight, registered weight or gross weight rating of less than 48,000 pounds used on a public highway to transport passengers or property when: the vehicle or combination of vehicle has a gross weight, registered or gross weight rating in excess of 26,000 pounds; or the vehicle is designed to transport more than 15 people including the driver; or the vehicle is used to transport an amount of hazardous materials requiring placarding under the federal Hazardous Materials Transportation Act.

Clinic Set

The Texas Department of Health will have an immunization clinic offering vaccines that give protection against several childhood diseases, January 10, from 9 a.m. to 12 and 1 p.m. to 4 p.m., at the Medical Center, Hwy 70 North. Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, mumps, and HIB (Haemophilus Influenzae Type B).

Night Courses Offered

Clarendon College will offer a series of adult vocational computer courses at the main campus in Clarendon. The first offering will begin January 13 and cover Lotus 1-2-3, the second course will be Word Perfect which begins February 13 and the final offering will be Computer Desktop Publishing. The courses will be held from 6:00 to 10:00 p.m. each Thursday night during the time frame indicated. Students may take all three offerings or just one. The course may also be taken for academic credit.

For more information contact the registrar's office at 806-874-3571.

YOUR CHILD'S HEALTH

Survey Shows Parents Want Simplified Immunization Process

(NAPS)—A recent Gallup survey confirms that public understanding of preventable childhood diseases needs to improve if the U.S. is to increase its national immunization rate, which lags behind 69 other countries for children under age two. The survey also reveals that many parents would be more inclined to have their children fully immunized if they could get the same protection with fewer injections—a wish that recently became reality with the U.S. introduction of a new four-in-one combination pediatric vaccine.

"The lack of awareness and education for diseases such as Haemophilus b disease is just one of the hurdles we face as the incidence of certain childhood illnesses in this country rises," said Virginia Burggraf of the American Nurses Association (ANA), which co-sponsored the survey with Lederle-Praxis Biologicals. "Beyond education about disease, parents need to know more about pediatric vaccines, how often they should be administered and their side effects."

The survey found that many parents are not knowledgeable about vaccines, and are not aware that multiple doses are needed to provide adequate protection. In addition, some parents are reluctant to immunize their children because of the trauma a child may experience with immunizations. Survey respondents overwhelmingly (86 percent) said they would

be more inclined to have their children immunized if they could get the same protection with fewer injections.

In the hopes of increasing immunization rates, a new vaccine was developed to protect against four diseases with one injection. Recently licensed by the U.S. Food and Drug Administration (FDA), TETRAMUNE™ (Diphtheria and Tetanus Toxoids and Pertussis Vaccine Adsorbed and Haemophilus b Conjugate Vaccine (Diphtheria CRM₁₉₇ Protein Conjugate) protects against diphtheria, tetanus and pertussis (whooping cough) and Haemophilus b disease with a series of single injections.

"Fewer shots—four instead of eight—are required with TETRAMUNE, which will cause less anxiety for both children and their parents," said Jill Hackell, M.D., director, Clinical Research, Lederle-Praxis Biologicals, the company that developed and distributes the vaccine.

Minor and temporary side effects after the administration of TETRAMUNE are similar to the single entity vaccines. As with the individual vaccines, more serious adverse reactions may rarely occur.

While significant steps are being taken to address low immunization rates in the U.S., a real need remains for better and more education about the importance of immunization and the seriousness of childhood disease.

SURVEY HIGHLIGHTS

A majority of parents were not aware that their child requires immunization against nine serious diseases soon after birth. For example, 59 percent of respondents didn't know that children should receive their first immunizations against pertussis (whooping cough), a potentially fatal disease, by two months of age.

Thirty-six percent of parents mistakenly believe that Haemophilus b disease (meningitis) vaccine protects children in one visit.

Forty-seven percent of respondents were not aware that polio is contagious.

Thirty-six percent and 32 percent, respectively, of parents surveyed did not realize measles and pertussis can be fatal.

Let's Talk Trees

The Donley County Soil and Water Conservation District are still taking orders for trees and will continue to do so until the later part of February. The deadline of December 15th was for the Austrees only.

In the evergreen trees, they are offering some varieties this year that have not been available in the past. They have the Blue Cone Arvocatiae, Japanese Black Pine, Kettler Juniper and the Leyland Cypress.

In the deciduous trees, they have the Chinese Fringe Tree. This is a beautiful and unusual tree for small spaces. Also, they are offering the Golden Rain Tree. This tree has yellow flowers in the summer with lantern like seed pods.

If they can help you in any way with your tree needs please drop by the SCS office at 4th & Sully.

SWCD is a non-profit organization who's sole concern is the conservation of our natural resources. SWCD is in no way in competition with the local nurseries. Trees are sold for wildlife and windbreak protection.

If you haven't had a mammogram, you need more than your breasts examined.

Obituaries

Evadne Olive Cox

Funeral services for Evadne Olive Cox of Hereford were held Wednesday, January 5, 1994, at 3:30 p.m., in the Larmar Room at Kings Manor Methodist Home, by Rev. Susan Beecher of El Paso, Texas and Rev. Lanny Wheeler, Chaplain at Kings Manor/Westgate. Interment will be in the Clarendon Citizens Cemetery, Thursday, January 6, 1994, with graveside services at 10 a.m., conducted by Rev. Beecher of El Paso, Texas and Rev. Terry Tamplan, 1st United Methodist Church of Clarendon with arrangements by Gilliland-Watson Funeral Home.

Mrs. Cox died December 31, 1993 at Westgate Nursing Home. She was born November 2, 1899 in Indian Territory, Oklahoma and married Levi Nathan Cox in 1924 at Clarendon, Texas. He died in 1964.

Mrs. Cox was a member of the Clarendon Pathfinder Club, 1926 Book Club, Worthy Matron Order of Eastern Star, taught high school English for 20 years, taught Adult Sunday School United Methodist Church, served 8 years as Conference Officer N.W. Texas United Methodist Women. She moved to Hereford in 1970.

Survivors include two daughters, Inelle Bagwell, Amarillo, Texas, Laddie Dilli, Ft. Morgan, Colorado; one sister, Mary Hazel vanZandt from Wheeler, Texas; 6 grandchildren and 6 great grandchildren.

Ione Mildred Stanley

Graveside services for Mrs. Ione Mildred Stanley, age 89, were held at 2:00 p.m. MST on Wednesday, January 5, 1993 at Goodman Point Cemetery in Cortez, Colorado with Rev. Brad Ramsey, Pastor of the Bethel Baptist Church in Cortez, officiating. Interment was in Goodman Point Cemetery with arrangement by Robertson Funeral Directors, Inc. and by Ertel Funeral Home of Cortez, Colorado.

Mrs. Stanley died at 11:00 a.m. on Monday, January 3, 1994 in medical Center Nursing Home in Clarendon, following a lengthy illness. She was born September 28, 1904 near Waco, Texas and moved to Cortez where she lived until 1975. She resided in New Mexico before moving to Clarendon, Texas in 1989. She married Harry Gerald Stanley on August 23, 1927 at Cortez and he preceded her in death on March 30, 1966. She was a homemaker and a member of the First Baptist Church in Farmington, New Mexico. She was preceded in death by two sons, Blaine Stanley and Ray Stanley, by

a daughter, Joellen, and three brothers, Jim, John, and Joe Hulks. Survivors include one daughter, Helen Randall of Clarendon, Texas; one brother, Lloyd Hulks of Truth or Consequences, New Mexico; 8 grandchildren; and 11 great grandchildren.

Family members of Mrs. Stanley served as casket bearers.

The family request that in lieu of flowers, memorials be sent to Medical Center Nursing Home; P.O. Drawer 1007; Clarendon, Texas 79226-1007.

Senior Citizens News

by Nova Neuhaus

The month of December was filled with many pre-Holiday activities. The Senior Citizens Dance Club hosted a Delicious Steak dinner for its members which was catered by Amigo's and served at the center.

The Housing Authority held dinner along with their board meeting on December 15th. The Senior Citizens Board of Directors held the regular monthly meeting on Tuesday, December 14th. They welcomed the new board members who will start serving their terms on January 1, 1994, Billy Powell, Jerry Chambliss, and Fred Riley. The board regretfully accepted the letter of resignation of director Darrel Harper who has recently retired and will not be available to serve. The board recognized and thanked the out-going members: Lee Caskey and Helena Catoe for their very dedicated service to the organization. The November operating report was reviewed. Election of officers will be conducted at next meeting in January. The staff hosted the annual Christmas party and gift exchange for the volunteers and Board of Directors on Thursday evening, December 16th. Everyone brought fingerfoods filling three tables with a variety of tasty morsels. As guests registered, they were presented with a Christmas lapel pin made and donated by one of the board members. Mike Suiter opened the evening with prayer. The staff presented each volunteer and board member with a tree ornament they had made. After the gift exchange and guest register they played bingo for little prizes. Mike Suiter did a great job as the caller for the bingo game. Joan Kidd was the winner of the door prize which was made and donated by Ilene Davidson and Nova Neuhaus. B & R Thriftway also held their annual employees Christmas Party in the Center on Saturday, December

18th. Alene Derr entertained her family on Christmas Day. They are very proud that the community can enjoy their lovely facility.

The former Lion's Club of Howardwick donated their complete set of bingo equipment to the center. It will be a great asset. It will be used strictly for fun and entertainment and not for monetary gain. Attendance for the Birthday/Anniversary Supper was down some due to so much illness and several folks gone for the holidays. Bill Hodges opened with a prayer and they sang happy birthday to: D.W. Swain, Cora Hamilton, Judy Hodges, and guest Becky Campbell. Anniversary couple was Jake and Creed Smith. Door prize went to Jack David and fun prizes went to Lela Norton, Nita Meadors and guest Sabrina Burrows. They then enjoyed a delightful program of gospel music by group from the Jesus Named Apostolic Church. There was a lot of singing and playing instruments. Pastor Jerome Campbell played piano with Sabrina Burrow on Saxophone, Becky Campbell on Clarinet, Bobby Sims on guitar. Catrina Burrow sang as well as Becky and Sabrina. They truly appreciated them all for sharing their time and talents with us. The 2nd Tuesday night dance will be held at the community building, January 11th from 7 p.m. to 10 p.m.

CISD Notified of Pending Suit

CLARENDON—Aleta Thompson, who formerly taught at Clarendon High School, said Monday that her attorney was sending a letter to the school before proceeding with legal actions. She did not comment on terms of the proposed settlement.

Mrs. Thompson filed a grievance with the Texas Education Agency soon after the dispute. The state agency recently issued a final decision in Mrs. Thompson's favor.

New Law Announced

A new law that goes into effect January 1, 1994, will

eliminate the need for commercial vehicle operators to have their commercial vehicles undergo dual inspections. The new inspection program, to be overseen by the

PUTTING THE PEDAL TO THE METAL CAN HAVE A WHOLE NEW MEANING.

The shock, the anguish, the damage—the results of a crash far outweigh the time you save by driving too fast. It's a fact that your chances of seriously injuring someone increase the faster you go. And when you drive too fast for conditions, you make things even worse. A crash like this can happen in a heartbeat. And if it does, it will change your life forever.

SPEDING GETS YOU NOWHERE FAST.

U.S. Department of Transportation

Texas Department of Public Safety, will combine the U.S. Department of Transportation inspection with the State of Texas safety inspection. Beginning January 1, inspections obtained at other than an official commercial Texas State Inspection will not be accepted. Commercial motor vehicle means any self-propelled or towed vehicle except a farm vehicle with a gross weight, registered weight or gross weight rating of less than 48,000 pounds used on a public highway to transport passengers or property when: the vehicle or combination of vehicle has a gross weight, registered or gross weight rating in excess of 26,000 pounds; or the vehicle is designed to transport more than 15 people including the driver; or the vehicle is used to transport an amount of hazardous materials requiring placarding under the federal Hazardous Materials Transportation Act.

Clinic Set

The Texas Department of Health will have an immunization clinic offering vaccines that give protection against several childhood diseases, January 10, from 9 a.m. to 12 and 1 p.m. to 4 p.m., at the Medical Center, Hwy 70 North. Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella, mumps, and HIB (Haemophilus Influenzae Type B).

Night Courses Offered

Clarendon College will offer a series of adult vocational computer courses at the main campus in Clarendon. The first offering will begin January 13 and cover Lotus 1-2-3, the second course will be Word Perfect which begins February 13 and the final offering will be Computer Desktop Publishing. The courses will be held from 6:00 to 10:00 p.m. each Thursday night during the time frame indicated. Students may take all three offerings or just one. The course may also be taken for academic credit.

For more information contact the registrar's office at 806-874-3571.

YOUR CHILD'S HEALTH

Survey Shows Parents Want Simplified Immunization Process

(NAPS)—A recent Gallup survey confirms that public understanding of preventable childhood diseases needs to improve if the U.S. is to increase its national immunization rate, which lags behind 69 other countries for children under age two. The survey also reveals that many parents would be more inclined to have their children fully immunized if they could get the same protection with fewer injections—a wish that recently became reality with the U.S. introduction of a new four-in-one combination pediatric vaccine. "The lack of awareness and education for diseases such as Haemophilus b disease is just one of the hurdles we face as the incidence of certain childhood illnesses in this country rises," said Virginia Burggraf of the American Nurses Association (ANA), which co-sponsored the survey with Lederle-Praxis Biologicals. "Beyond education about disease, parents need to know more about pediatric vaccines, how often they should be administered and their side effects."

be more inclined to have their children immunized if they could get the same protection with fewer injections.

In the hopes of increasing immunization rates, a new vaccine was developed to protect against four diseases with one injection. Recently licensed by the U.S. Food and Drug Administration (FDA), TETRAMUNE™ (Diphtheria and Tetanus Toxoids and Pertussis Vaccine Adsorbed and Haemophilus b Conjugate Vaccine (Diphtheria CRM₁₉₇ Protein Conjugate) protects against diphtheria, tetanus and pertussis (whooping cough) and Haemophilus b disease with a series of single injections.

"Fewer shots—four instead of eight—are required with TETRAMUNE, which will cause less anxiety for both children and their parents," said Jill Hackell, M.D., director, Clinical Research, Lederle-Praxis Biologicals, the company that developed and distributes the vaccine. Minor and temporary side effects after the administration of TETRAMUNE are similar to the single entity vaccines. As with the individual vaccines, more serious adverse reactions may rarely occur. While significant steps are being taken to address low immunization rates in the U.S., a real need remains for better and more education about the importance of immunization and the seriousness of childhood disease.

"The survey found that many parents are not knowledgeable about vaccines, and are not aware that multiple doses are needed to provide adequate protection. In addition, some parents are reluctant to immunize their children because of the trauma a child may experience with immunizations. Survey respondents overwhelmingly (86 percent) said they would

SURVEY HIGHLIGHTS

A majority of parents were not aware that their child requires immunization against nine serious diseases soon after birth. For example, 59 percent of respondents didn't know that children should receive their first immunizations against pertussis (whooping cough), a potentially fatal disease, by two months of age. Thirty-six percent of parents mistakenly believe that Haemophilus b disease (meningitis) vaccine protects children in one visit. Forty-seven percent of respondents were not aware that polio is contagious. Thirty-six percent and 32 percent, respectively, of parents surveyed did not realize measles and pertussis can be fatal.

Let's Talk Trees

The Donley County Soil and Water Conservation District are still taking orders for trees and will continue to do so until the later part of February. The deadline of December 15th was for the Austrees only.

In the evergreen trees, they are offering some varieties this year that have not been available in the past. They have the Blue Conc Arvocat, Japanese Black Pine, Kettler Juniper and the Leyland Cypress.

In the deciduous trees, they have the Chinese Fringe Tree. This is a beautiful and unusual tree for small spaces. Also, they are offering the Golden Rain Tree. This tree has yellow flowers in the summer with lantern like seed pods.

If they can help you in any way with your tree needs please drop by the SCS office at 4th & Sully.

SWCD is a non-profit organization who's sole concern is the conservation of our natural resources. SWCD is in no way in competition with the local nurseries. Trees are sold for wildlife and windbreak protection.

If you haven't had a mammogram, you need more than your breasts examined.

Obituaries

Evadne Olive Cox

Funeral services for Evadne Olive Cox of Hereford were held Wednesday, January 5, 1994, at 3:30 p.m., in the Larmar Room at Kings Manor Methodist Home, by Rev. Susan Beecher of El Paso, Texas and Rev. Lanny Wheeler, Chaplain at Kings Manor/Westgate. Interment will be in the Clarendon Citizens Cemetery, Thursday, January 6, 1994, with graveside services at 10 a.m., conducted by Rev. Beecher of El Paso, Texas and Rev. Terry Tamplan, 1st United Methodist Church of Clarendon with arrangements by Gilliland-Watson Funeral Home.

Mrs. Cox died December 31, 1993 at Westgate Nursing Home. She was born November 2, 1899 in Indian Territory, Oklahoma and married Levi Nathan Cox in 1924 at Clarendon, Texas. He died in 1964.

Mrs. Cox was a member of the Clarendon Pathfinder Club, 1926 Book Club, Worthy Matron Order of Eastern Star, taught high school English for 20 years, taught Adult Sunday School United Methodist Church, served 8 years as Conference Officer N.W. Texas United Methodist Women. She moved to Hereford in 1970.

Survivors include two daughters, Inelle Bagwell, Amarillo, Texas, Laddie Dilli, Ft. Morgan, Colorado; one sister, Mary Hazel VanZandt from Wheeler, Texas; 6 grandchildren and 6 great grandchildren.

Ione Mildred Stanley

Graveside services for Mrs. Ione Mildred Stanley, age 89, were held at 2:00 p.m. MST on Wednesday, January 5, 1993 at Goodman Point Cemetery in Cortez, Colorado with Rev. Brad Ramsey, Pastor of the Bethel Baptist Church in Cortez, officiating. Interment was in Goodman Point Cemetery with arrangement by Robertson Funeral Directors, Inc. and by Ertel Funeral Home of Cortez, Colorado.

Mrs. Stanley died at 11:00 a.m. on Monday, January 3, 1994 in Medical Center Nursing Home in Clarendon, following a lengthy illness. She was born September 28, 1904 near Waco, Texas and moved to Cortez where she lived until 1975. She resided in New Mexico before moving to Clarendon, Texas in 1989. She married Harry Gerald Stanley on August 23, 1927 at Cortez and he preceded her in death on March 30, 1966. She was a homemaker and a member of the First Baptist Church in Farmington, New Mexico. She was preceded in death by two sons, Blaine Stanley and Ray Stanley, by

a daughter, Jocellen, and three brothers, Jim, John, and Joe Hulks. Survivors include one daughter, Helen Randell of Clarendon, Texas; one brother, Lloyd Hulks of Truth or Consequences, New Mexico; 8 grandchildren; and 11 great grandchildren.

Family members of Mrs. Stanley served as casket bearers. The family request that in lieu of flowers, memorials be sent to Medical Center Nursing Home; P.O. Drawer 1007; Clarendon, Texas 79226-1007.

Senior Citizens News

by Nova Neuhaus

The month of December was filled with many pre-Holiday activities. The Senior Citizens Dance Club hosted a delicious Steak dinner for its members which was catered by Amigo's and served at the center.

The Housing Authority held dinner along with their board meeting on December 15th. The Senior Citizens Board of Directors held the regular monthly meeting on Tuesday, December 14th. They welcomed the new board members who will start serving their terms on January 1, 1994, Billy Powell, Jerry Chambliss, and Fred Riley. The board regretfully accepted the letter of resignation of director Darrel Harper who has recently retired and will not be available to serve. The board recognized and thanked the out-going members: Lee Caskey and Helena Catoe for their very dedicated service to the organization. The November operating report was reviewed. Election of officers will be conducted at next meeting in January. The staff hosted the annual Christmas party and gift exchange for the volunteers and Board of Directors on Thursday evening, December 16th. Everyone brought fingerfoods filling three tables with a variety of tasty morsels. As guests registered, they were presented with a Christmas lapel pin made and donated by one of the board members. Mike Suiter opened the evening with prayer. The staff presented each volunteer and board member with a tree ornament they had made. After the gift exchange and guest register they played bingo for little prizes. Mike Suiter did a great job as the caller for the bingo game. Joan Kidd was the winner of the door prize which was made and donated by Ilene Davidson and Nova Neuhaus. B & R Thriftway also held their annual employees Christmas Party in the Center on Saturday, December

18th. Alene Derr entertained her family on Christmas Day. They are very proud that the community can enjoy their lovely facility.

The former Lion's Club of Howardwick donated their complete set of bingo equipment to the center. It will be a great asset. It will be used strictly for fun and entertainment and not for monetary gain. Attendance for the Birthday/Anniversary Supper was down some due to so much illness and several folks gone for the holidays. Bill Hodges opened with a prayer and they sang happy birthday to: D.W. Swain, Cora Hamilton, Judy Hodges, and guest Becky Campbell. Anniversary couple was Jake and Creed Smith. Door prize went to Jack David and fun prizes went to Lela Norton, Nita Meadors and guest Sabrina Burrows. They then enjoyed a delightful program of gospel music by group from the Jesus Named Apostolic Church. There was a lot of singing and playing instruments. Pastor Jerome Campbell played piano with Sabrina Burrow on Saxophone, Becky Campbell on Clarinet, Bobby Sims on guitar. Catrina Burrow sang as well as Becky and Sabrina. They truly appreciated them all for sharing their time and talents with us. The 2nd Tuesday night dance will be held at the community building, January 11th from 7 p.m. to 10 p.m.

CISD Notified of Pending Suit

CLARENDON—Aleta Thompson, who formerly taught at Clarendon High School, said Monday that her attorney was sending a letter to the school before proceeding with legal actions. She did not comment on terms of the proposed settlement.

Mrs. Thompson filed a grievance with the Texas Education Agency soon after the dispute. The state agency recently issued a final decision in Mrs. Thompson's favor.

Social Security News

by Jim Talbot

End Of Year Reminders

As the end of the year approaches, there are certain Social Security related matters you should know about.

If you have a child age one or older who doesn't have a Social Security number, make sure you get one before you file your tax return next year. The law requires you to list a Social Security number on your tax return for all dependents over age one.

If you changed your name this year (through marriage, divorce, or any other reason), make sure your new name is listed on your Social Security card and in Social Security records. If you don't do this, there may be problems posting your earnings to Social Security's files. (This could reduce your future Social Security benefits.) Also, the Internal Revenue Service may have problems processing your tax return. If you're getting Social

Security benefits and you moved this year, make sure we have your correct address. (Sometimes people who have their checks sent directly to their bank forget to tell us about a change in their mailing address.) It's important we have your correct address because early next year we're going to send you a form that shows the total benefits you received in 1993. You may need this form for income tax or other purpose.

If you receive Social Security and work, remember that you can earn more money in 1994 before your benefits are reduced. If you're under 65, you can earn up to \$8,040 next year with no reduction in benefits. If your 65 to 69, you can earn up to \$11,160 in 1994 with no reduction. If you're 70 or older, there is no limit on your earnings.

If you receive benefits and worked in 1993, you need to report your earnings to Social Security by April 15, 1994. The 1993 limits were \$7,680 for people under 65 and \$10,560 for people 65-69.

Operation Lifesaver Urges Caution At R.R. Crossings

Winter brings expectations of "blue northers," festivals and gatherings of holiday celebration. Winter, however, is also the season when vehicle-train crashes significantly increase in Texas and the nation.

In each of the past ten years, December and January have been the months with the highest number of highway-rail grade crossing crashes, according to the Federal Railroad Administration (FRA). This sharp increase deviates from other types of highway collisions which most frequently occur during the summer, according to the National Highway Traffic Safety Administration.

"The increase in vehicle-train crash frequency during these months may be attributed to more severe weather conditions, decreased daylight hours, holiday traffic, increased drunk driving, but it's hard to attribute to one factor," said Thomas D. Simpson, president of Operation Lifesaver, Inc., a national non-profit, public education program dedicated to reducing crashes, injuries and fatalities at highway-rail grade crossings.

"Vehicle-train crashes are notably different than other accidents involving motor vehicles in that they are eleven times more likely to result in a fatality. Vehicle-train crashes are almost always preventable," said Simpson.

Every 90 minutes, on the average, a vehicle and train collide somewhere in the U.S. Last year there were 579 people killed and 1,975 injured in 4,910 grade crossing crashes according to the FRA.

Texas ranks number one in the nation for vehicle-train crashes. Last year there were 486 crashes which resulted in 59 fatalities and 196 injuries. This year doesn't promise to be any better for Texas. FRA's preliminary statistics for the first six months of 1993 indicate a five percent increase in vehicle-train crashes and a 60 percent increase in fatalities in Texas compared to the same period in 1992.

Texas Operation Lifesaver urges all motorists to follow these safety tips to prevent highway-rail grade crossing crashes:

- * Never attempt to beat a train through the crossing. If it's a tie, You Lose!
 - * Do not get trapped on a crossing. Proceed through a crossing only if you are sure you can clear the entire track.
 - * Expect a train on any track at any time.
 - * Look for a second train when crossing multiple tracks.
 - * Get out of your vehicle if it stalls on a crossing and call 911. Only attempt to restart your vehicle if you can post a lookout to watch for approaching trains.
 - * Never drive around crossing gates when they are down. To violate activated crossing gates is both illegal and deadly!
 - * Be aware trains cannot stop quickly. Even though the locomotive engineer may see you in a crossing, it can take up to one and a half miles to stop once the emergency brakes are applied.
- "This winter - and always - remember four simple words when approaching grade crossings - Look, Listen and Live," urged Simpson.

Deadline Nears

Businesses in Armstrong, Carson, Collingworth, Donley, Gray, Hemphill, Hutchinson, Roberts and Wheeler Counties have until January 18, 1994, to file applications for low-interest disaster loans from the U.S. Small Business Administration (SBA). The SBA's Economic Injury Disaster Loans are available for businesses dependent on farmers and ranchers sustaining crop losses from excessive snow which oc-

curred November 23, 1992, through February 17, 1993. Farmers and ranchers are not eligible for these SBA loans. Applications and further information can be obtained by calling the SBA toll-free at 1-800-366-6303 or TDD 817-267-4688 for the hearing impaired.

These loans are intended to assist businesses in offsetting working capital losses which they suffered as a result of the snow reducing the crop income of the area farmers and ranchers. Small businesses claiming to have been physically injured by the snow are not eligible.

MEDICAL CENTER staff, residents and families enjoy the sounds of the Panhandle Goodtimers Band.

Medical Center News

The Medical Center Activity Department would like to apologize for the delay of their news article due to staff illness and holiday festivities. The residents enjoyed the program put on by the Clarendon Kindergartners December 16th. They sang a variety of Christmas songs and the residents faces were filled with joy. Before their departure they each gave the residents a great big Christmas Hug! They would like to say thank you to these little people for the love and happiness they brought to their home this holiday season.

The residents annual Christmas Party was a big hit and all had a wonderful time. The meal for the evening was provided by the family members which consisted of finger sandwiches, chips, dip, and an assortment of sweets. While eating the residents enjoyed the music provided by the Panhandle Goodtimers. Frankie McKinney was Santa Clause for the evening and passed out gifts to the residents. He certainly brought the holiday cheer with him.

December 31st the residents enjoyed their New Year's Eve Party. All gathered in the dining room for their choice of homemade vanilla or strawberry ice cream. All are looking forward to a Happy New Year and hoping good things are in store for each and everyone.

How To Safely Change Your Car's Antifreeze

(NAPS)—Below freezing temperatures can damage your car's radiator or engine unless you have properly installed effective antifreeze and coolant. Antifreeze helps protect your car three ways. First it helps prevent freeze-ups in very cold weather. Second, antifreeze helps discharge heat when the car is running in any weather conditions. The hard-working fluid's third, but less well-known, role is to prevent corrosion that can lead to engine damage.

Cold weather can cause the fluid in your car's cooling system to freeze, expand and crack the radiator or engine block. The proper ratio of antifreeze and water prevents both liquids from freezing.

Antifreeze corrosion inhibitors become less effective with extend-

ed use. Therefore, experts recommend that car owners change their antifreeze annually or every 24,000 miles to protect a car's cooling system and to neutralize the acid-producing corrosive by-products of engine operation.

"Just as a single antacid tablet can absorb only so much acid in your stomach, the inhibitors in antifreeze can neutralize only so much acid in your car," explains Joel Adamson, director of marketing for Safe Brands Corporation.

Safe Brands produces SIERRA Antifreeze and Coolant, a safer new antifreeze formulated with propylene glycol (PG) instead of ethylene glycol (EG), the main ingredient in conventional antifreeze brands. Unlike EG antifreeze, PG-based SIERRA is essentially non-toxic and safer for children, pets and wildlife in the environment.

Safe Brands offers these tips for changing your car's antifreeze.

- Carefully drain the cooling system, collect the used coolant in a labeled container and dispose of it properly. Remember not to remove the radiator cap when the engine is hot.

- Flush the cooling system completely by filling the radiator with water and SIERRA Radiator Safety Flush. Then, run the engine for 30 minutes with the heater on. Drain the cooling system again and dispose of this fluid safely. Remember to take care with hot fluids.

- Inspect your cooling system for signs of wear; tighten clamps and replace hoses if necessary.

- Refill the system with the proper mix of antifreeze and water. A 50/50 blend of SIERRA and water has a freezing point of -26°F. Increase the concentration of antifreeze to protect the engine in lower temperatures. Test SIERRA's freeze point protection with a PG hydrometer or refractometer or SIERRA Freeze Point Test Strips.

- Dispose of all automotive chemicals safely. Environmental authorities recommend recycling used antifreeze. Check with local governmental environmental authorities such as the Environmental Protection Agency before disposing of antifreeze in your sewerage system and for more details regarding proper disposal.

- Keep antifreeze away from children and pets and wipe up any conventional EG antifreeze spills. If ingested conventional antifreeze can be hazardous to children and fatal to pets.

Help Your Children Say No To Drugs

(NAPS)—Your children's ability to say no to alcohol, tobacco and other drugs often depends on their ability to say no to their friends. Here are some ways you can help your children resist peer pressure:

- Talk to them about the dangers and problems of alcohol, tobacco and other drug use. Discuss situations they may face, such as riding with someone who's been drinking, being offered a drink, or accepting a free tobacco sample.
- Help them feel good about themselves. Give lots of praise and encouragement. Older children are often unsure of themselves. Show you have confidence

in them and believe they can be trusted to do the right things.

- Help your children develop strong values. A clear sense of right and wrong can give your children the courage to make decisions based on facts and sound values rather than on peer pressure.
- Learn to really listen. Talking to your children is only half the job. Know when to listen and not talk.
- Have clear family rules against alcohol, tobacco, and other drug use. Tell your children they are not allowed to drink, smoke or use other drugs. Be sure they thoroughly understand the consequences of breaking these rules. Enforce the rules consistently.
- Help your children practice saying no to their friends without making themselves look bad. Talk about how to turn down a ride from a friend who has been drinking or using other drugs or how to get out of an invitation to an

unsupervised party.

- Talk with other parents. If your children are going to a party or out with friends, make sure there will be a chaperone and no alcohol, tobacco, or other drugs will be allowed.
- Tell them that very few children their age use alcohol, tobacco, and other drugs. No matter what their friends think, the truth is most children do not use drugs or drink alcohol.

For free information on preventing alcohol, tobacco, and other drug problems, call 1-800-729-6686 (TDD for hearing impaired, 1-800-487-4889) and ask for *Tips for Teens* and the Department of Education's *Growing Up Drug Free: A Parent's Guide To Prevention* from the National Clearinghouse for Alcohol and Drug Information, P.O. Box 2345, Rockville, MD 20847, a service of the U.S. Center for Substance Abuse Prevention.

Prevention Works! Make it work for you and your children!

ing to do what is needed to help her fellow caregivers and clients. Treva is a true asset to Olsten Kimberly Care and Nursing. Congratulations Treva upon a job well done.

The Champion Committee is proud to announce that Patsy Hill, HHA is the Champion Employee for the months of November and December 1993. Patsy has been employed with Olsten Kimberly Quality Care since August 1991. Patsy is always willing to help whether in the office, or in the field. She loves each and every client and her client's love her. Patsy always goes above and beyond the call of duty to care for her clients. She always portrays a caring and gentle manner when providing care for her clients. Patsy is an asset to the word nursing and Home Health Care. Congratulations on a job well done!

Plastics Can Be Recycled Into New Products—If The Public Buys Them

(NAPS)—What do carpets, sleeping bags, garden hoses, flower pots, and paint brushes have in common? They are among the products that can be made from recycled scrap plastic containers.

With landfill space quickly disappearing, interest in recycling plastics has become widespread. More and more plastic bottles and

other rigid containers feature a coded symbol to help recyclers identify their plastic type. But the presence of a code or the fact that a plastic container has been collected for recycling does not guarantee that the product actually will be recycled.

Recycling occurs only when a product is manufactured using recycled material and is sold in the marketplace. If the public creates demand for these products, plastic and all other types of recycling will increase.

A new full-color booklet explains the plastics recycling loop from collection through final use. It describes the container coding system, gives examples of prod-

TAKE VINCE AND LARRY'S CRASH COURSE IN SAFETY BELTS.

LESSON NO. 2

"Larry, do you know what works best when they fit tightly?"

"My Uncle Bernie's false teeth?"

"No Larry, safety belts. You've got to always make sure that yours is snug and that whatever safety belt system your car comes with is in a-ok-working order."

YOU COULD LEARN A LOT FROM A DUMMY. BUCKLE YOUR SAFETY BELT.

Why should I complete the questionnaire?

The information from the attached questionnaire enables your local emergency service providers to match your phone number with your address and other vital information. Having this information saves time when responding to emergencies and could save lives and property. All information remains confidential and is only available to the emergency service providers when you dial 9-1-1.

Where can I get more information?

- Your local police department.
- Your local sheriff's office.
- Panhandle Regional Planning Commission
2736 West Tenth
Amarillo, TX 79105
(806) 372-3381

What is 9-1-1?

Nine-one-one is the universal emergency telephone number designed to give citizens an easy-to-remember number for police, fire or medical emergencies.

How do I use 9-1-1?

When you have an emergency, dial the three-digit number and do the following:

- Stay calm and speak clearly.
- State the emergency.
- State the location of the emergency, your name, and the phone number from which you are calling.

What are the benefits of 9-1-1?

9-1-1 provides a single phone number to use for all types of emergencies — police, fire or medical. This is important because studies show 90% of us do not know our local emergency phone numbers. Having 9-1-1 reduces the confusion of looking in the directory for the appropriate seven-digit number.

PLEASE COMPLETE AND RETURN

Panhandle Regional Planning Commission
P.O. BOX 9257
AMARILLO TX 79105-9928

Fill it out! Send it in!

We are gathering information for the Panhandle Regional 9-1-1 Network's emergency communications system. This information will be used only when responding to a 9-1-1 caller in case of emergency. (Estamos reuniendo informacion para el sistema de comunicacion de emergencia 9-1-1 para el Panhandle Regional 9-1-1 Network. Esta informacion sera usada solamente en caso de emergencia al 9-1-1.)

Please complete the following questionnaire. (Por favor llenar siguiente cuestionario en Ingles.)

TELEPHONE NUMBER _____ LISTED _____ UNLISTED _____ CLASS OF SERVICE (Clase de servicio)
(Numero de telefono) (No Privado) (Privado) (Business, Residence, Mobile, Coin)
(Negocio, Residencia, Movil, Moneda)

NAME (Nombre) _____

MAILING ADDRESS (Direccion para correspondencia) _____

CITY (Ciudad) _____ COUNTY (Estado) _____

LOCATION — Give directions from nearest city using existing highway intersections as landmarks.
(Localidad — Dar las direcciones de la ciudad mas cercana, usando las salidas de los caminos, intersecciones, o algunas senas en particular.)

COMMENTS — Health problems, guard dog, locked gate, etc. (Comentarios — Problemas de salud, perro guarino, puerta cerrada, etc.)

Please contact your local law enforcement agency or the PRPC to determine when 9-1-1 service will be available in your area. (Por favor pongase en contacto con su agencia oficial o al PRPC para determinar cuando el servicio de emergencia 9-1-1 estara disponible en su area.)

LEGAL NOTICE

WELL REGISTRATION RULE
Adopted December 15, 1993

Registration is required for all wells drilled in the District after February 1, 1994, that produce or will produce water for all nonpermitted uses, including wells drilled for monitoring purposes.

Registration shall include the following information, submitted on forms provided by the District.

- (1) The exact location of the well to be drilled as provided in the application, including the County, section, block, survey and township; and the exact number of yards to the nearest non-parallel property; or other legal description.
- (2) Proposed use of the well to be drilled.
- (3) The size of the pump.
- (4) An agreement, by the applicant, that a complete well registration and log will be furnished to the District upon completion of this well and prior to the production of water therefrom.
- (5) Such additional data as may be required by the Board.
- (6) The name and address of the fee owner of the land upon which the location is made.
- (7) Monitoring wells are also required to provide the District with at least one water analysis report from the well semi-annually.
