Minutes Of June 11 Hospital Board Meet

The following is a copy of the Hospital Board action June 11, released for publication following a special meeting of the Board Tuesday night of this week. No report of minutes of this last meeting will be available until approved at the next meeting of the Board tonight, Thursday, June 25.

The Board of Directors of the Donley County Hospital District met in a regular meeting June 11th, 1970 at 7:30 p.m. at the City Hall with the following Directors present: J. R. Bartlett, John Jones, Lloyd Riskey, F. E. Chamberlain, Jr., Earl Wheatley and Jane Bownds.

President, J. R. Bartlett, called the meeting to order. Roll was called. All members were present except Emmett Simmons.

Minutes of the previous meeting were read but not approved. Motion was made by Earl Wheatley that the Policy and Rules and Regulations of the Board of Directors of the Donley County Hospital District be taken from the minutes of the previous meeting as the matter was not voted on at the meeting.

Motion was made by Earl Wheatley that the Motion in the minutes of the previous meeting wherein Dr. George W. Smith be made Manager of the Donley County Hospital District and Superintendent of Adair Hospital until the new hospital facility is ready to be opened, be tabled, in as much as Dr. Smith already had a contract. Motion seconded by John Jones.

After a discussion of the motions, the President stated that he would recall and withdraw the Policy and Rules and Regulations of the Board of Directors of the Donley County Hospital District, as part of the minutes, but that he would not allow a vote on tabling action regarding the employment of Dr. Smith, without advice from the Board's Attorney who was not present.

The President read a letter of resignation signed by Emmett Simmons. Mr. Simmons stated in his letter that his health would not permit him to continue to serve on the Donley County Hospital District Board.

Motion was made by Earl Wheatley that the Board accept the resignation of Mr. Simmons. Motion was seconded by John Jones.

The President told Mr. Wheatley and John Jones that they showed disrespect to Emmett Simmons by making the motion and second without considering the resignation.

John Jones was replying when the President told Mr. Jones to shut up.

Mr. Jones objected to President Bartlett's rulings on the business at hand and showing anger and hostility, told the President it was the last time that he, Mr. Bartlett, was going to tell him to shut up or tell him what he could or could not do and that just because Mr. Bartlett

was President of the Board didn't mean that he was going to let Mr. Bartlett run it, and also stated that just because you are an old man, doesn't mean you are going to get by with this because I've sure had enough of it. Mr. Bartlett then stated that he might be old, but he wasn't too old to go outside the building if Mr. Jones had in mind settling something in that fashion.

Mr. Jones then turned on Mrs. Bownds and stated that the "OLD BOARD" had rigged a lot of action and were trying to railroad this thing and that he sure wasn't going to stand for it. Mr. Jones stated further that Dr. Smith had caught him off balance at the last two meetings and he needed more time to reconsider how he voted those last two meetings, also that he needed to study Dr. Smith's contract of employment to see if it is valid.

Mrs. Bownds told Mr. Jones that what he called the "Old Board" was the New Board of the Donley County Hospital District and that each member of that board had been administered the Oath of Office and were bonded to the Hospital District and were qualified to make decisions for the District.

The President called for a vote on the resignation of Emmett Simmons. Motion carried to accept the resignation.

A motion was entertained for adjournment, but Dr. Smith requested postponement of adjournment until he could bring several important matters to the attention of the Board. Dr. Smith's request was granted.

Dr. Smith presented the following:

1. Each member was given a photocopy of a letter of June 5th from the State Health Department, establishing a deadline of October 1, 1970 for installation of sprinkler system in our hospital building. Dr. Smith explained that our only hope for exception would be for the authorities to rule that we are actually in the process of replacement of present non-resistant structures, and that everything possible must be done by the board, along with its architects, accountants, and attorney to expedite the H.U.D. loan and get actual construction under way. Each member was given a copy of Dr. Smith's letter of reply, which was a plea for exception to the October 1st deadline.

Mr. Riskey stated that this Board could not go along with the H.U.D. method of financing, but must wait until Hill-Burton or other grants could become available again. Dr. Smith reviewed his previous reports on Hill-Burton possibilities and reported that this very date he had been in telephone communication with the State office which handles Hill-Burton and was informed that the new bill looked

Grasshopper Damage Noted In Donley Co.

Grasshoppers are causing damage to rangeland as well as cultivated crops and gardens in several areas of Donley County. Control should start when grasshoppers can be found along roadsides, fence rows and corrals, as well as in and along the sides of idle fields.

Field margins are usually the hatching places for grasshoppers that damage row crops. Early treatment of such areas before the young grasshoppers move into the field will reduce the acreage that otherwise needs treatment.

Insecticides in the form of sprays, dusts or baits can be used to control grasshoppers. Sprays give higher initial kills for a longer period of time.

Information on the selection and use of insecticides for control of grasshoppers on cultivated crops or rangeland can be obtained at your county agricultural agent's office.

SBA Tornado Forms Processed

Mr. Fred S. Neumann, District Director of the Small Business Administration announced that as of June 14, 1970, there had been 299 inquiries and 139 applications given out in the North Plains area as a result of the tornado in that area April 17 & 18.

Mr. Neumann stated that applications for 81 home loans totaling \$366,455 and 4 loans totaling \$326,744 have been received and that 74 home loans totaling \$288,125 and 2 business loans totaling \$21,044 have been approved.

According to Mr. Neumann, the SBA office in Clarendon has been closed and all applications should be mailed to the Lubbock Office at P. O. Box 10107, Lubbock, Texas 79408. A representative from the Lubbock SBA Office will be at the Chamber of Commerce in Amarillo on the first Tuesday of each month. Anyone desiring information call 374-5238 for an appointment.

The Coaches All-America football game will take place June 27 in Jones Stadium on the campus of Texas Tech, Lubbock. Proceeding the evening game will be the annual National Football Foundation Hall of Fame Luncheon to be held Friday, June 26. Those wishing to attend should write Dean, Box 4080, Texas Tech Station, Lubbock.

Office Supplies at The Leader

Farm News

from County ASCS Com.

Last Cotton

If you lost your cotton during the recent rain, hail, or winds and you want to plant this land to some other crop, be sure to come by the office. You must make application for acreage credit so you will not lose your cotton payment. This application must be made before any other use is made of the land. Let us caution those of you who are in the Feed Grain Program and who are planning to plant grain sorghum on this land, not to overplant your feed grain permitted acres.

If you were not able to plant your cotton at all, you must come to the office and fill out the forms for acreage credit. A field inspection must be made of this land. There is a \$5.00 charge for this inspection. On this land where cotton was never planted, feed grains cannot be planted.

Final Payment

The first of the farm cotton and feed grain data sheets were submitted to the New Orleans data Processing Center for payments on June 12. We expect to have these checks back and ready to be issued shortly after July 1.

Please keep in mind that payments cannot be scheduled for a farm until after the acreage for the farm is reported. This simply means that the sooner you certify your acres, the sooner we can send the farm data sheet to New Orleans for payment.

August 15 is the final certification date in Donley County.

Summer Recreation Program Set June 30

Due to the Methodist Church having Vacation Bible School this week, the Youth Summer Recreation Program, sponsored by Beta Sigma Phi was not opened this week as planned but will be put into operation Tuesday, June 30.

Irvin Mears will be present in the Conference Room of the City Hall from 9 a.m. until 12 o'clock noon Monday, June 29, to assist you in counseling and answering questions.

This Beta Sigma Phi program was instituted this year for school age children to give them something to do during the day. There is no charge to take part so bring your children to the City Hall Monday morning. If you can't be present, call Ann Stepp, 874-2125 or Irvin Mears at 874-3305.

The Hedley Owls played the Clarendon Cubs at Hedley but no score was available on this game.

Van Stockton Knox Services Held Tues.

Funeral services for Van Stockton Knox, 70, a resident of Donley County since 1918, were held at 4:30 p.m. Tuesday, June 23, 1970, in the First Baptist Church with Rev. W. R. Lawrence, pastor, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mr. Knox died at 12:30 a.m. Sunday, June 21st, in Groom Memorial Hospital after a lengthy illness. He was born June 16, 1900 at Blum, Texas and came to Donley County in 1918 from Childress County. He married Lillie V. Pendleton December 12, 1920 at Lelia Lake. He was a farmer in the Ashiola Community, a member of the First Baptist Church, and a veteran of World War I.

Survivors include his wife of the home; three daughters, Mrs. Christine Baugh of Oklahoma City, Oklahoma, Mrs. Charline Denny of Espanola, New Mexico, Mrs. Billie Jean Moore of Canyon; four sisters, Mrs. Bessie Reynolds, Mrs. Ruth Dodson, and Mrs. Isabel Howard, all of Amarillo, Mrs. Alpha Floyd of Lelia Lake; three brothers, Wilford Knox of Lelia Lake, Noel Knox of Portales, New Mexico, Hugh Knox of Vega, Texas; eleven grandchildren and four great grandchildren.

Bearers were Ross Springer, Doss Finley, L. A. Watson, Carl Naylor, Hershel Heath, and Billie Christal.

NEW SOCIAL SECURITY SCHEDULE RELEASED

A field representative of the Social Security Administration will be at the Courthouse in Clarendon from 9 a.m. to 12 noon on the following dates: July 2, 16, 30; August 13, 17; and September 30, 24.

You can also obtain service at the Social Security office at 317 East Third Street, Amarillo, Texas. The office is open from 8:15 a.m. to 4:30 p.m. Monday through Friday except national holidays. Phone number is Area Code 806, 376-5151.

CROPS BADLY DAMAGED BY HAIL AND WIND

Crops to the west and east of Clarendon took a beating from hail, wind and heavy downpours last Wednesday evening but in most instances the moisture was not very beneficial as most of it ran off or was light along with the hail.

Heaviest hit was the Ashtola area to the west and the Hedley area. A violent wind accompanying the hail uprooted large cottonwood trees on the Finch ranch south of Hedley. Cotton trailers were blown across the highway from the Paymaster Gin lot east of town but no moisture was captured by our local weatherman.

Attend The Church of Your Choice This Sunday.

SATURDAY CLOSING OF POST OFFICE AVOIDED TEMPORARILY

According to Postmaster Mike McCully, the local Post Office window services was slated to be closed all day every Saturday beginning July 11th.

After putting up a fruitful effort, McCully was notified at press time that he had been granted permission to stay open Saturday mornings until further notice.

At the present time many of the Post Offices in this area are already remaining closed on Saturday or slated to go on the new schedule soon.

Plans Nearing Completion For Annual July 4th Celebration

Plans are near complete for the annual July 4th celebration. Horace McClellan, president of the Outdoor Entertainment Association and his committees have been working to round out the last minute details.

Rodeos are planned for the nights of July 2-3-4 with dancing each night following rodeo performances. The usual parade will take place on July 4th. Though we have no official notice, we understand that the Old Settlers meeting and the Old Fiddlers contest will be held on July 3 rather than on July 4 as it has been in the past. The barbecue will be held the afternoon of July 4th at 6:30 p.m. on the Courthouse lawn.

The contest to select a Rodeo Queen is in progress with voting to continue through the barbecue July 4th. The queen will be presented at the final rodeo performance the night of July 4th.

The TV show on Channel 4, Farm and Home Show Saturday at 12:30 noon was presented advertising the event. Queen candidates were on hand along with Mrs. Wayne Riggs and Mrs. Bill Craft. Last year's rodeo queen, Miss Cathy Craft, was also present. Flip Breedlove outlined plans for the barbecue and Lee Palmer, on behalf of the Outdoor Entertainment Association, gave a resume of the events to take place throughout the three day celebration.

Details of the program will be carried next week.

The Census Bureau has found from experience that many households for which such cards are filled out have already been enumerated. This can happen for a number of reasons. For instance, some people get mail at two or more addresses or there may be differences in the way a rural address is described.

The Census Bureau will check the blue cards turned in by mailmen and then take appropriate steps to provide a complete census count.

Officers of Clarendon Masonic Lodge AF & AM 700 will hold Installation of Officers Monday evening, July 6, at 8 p.m. in Masonic Hall. A. J. Garland will be the Installing Officer.

Those to be installed include Worshipful Master, O. C. Edwards; Senior Warden, J. L. Jamer; Junior Warden, Jerrel Martin; Tyler, John Payne; Senior Deacon, Don Smith; Junior Deacon, to be named; Secretary, C. E. Bairfield; Treasurer, Van Kennedy; Other officers will be appointed.

This is an open Installation and family and friends of Masons are invited. All members are urged to attend.

Social Security News

Q—I am a former West Virginia coal miner. I moved here a few years ago when I became disabled by black lung disease. Is there any truth to the story that Congress recently provided a pension for persons like me?

A—Yes, the Federal Coal Mine Health and Safety Act was recently enacted. One of its provisions provided for cash benefits for coal miners disabled by black lung disease. There will also be benefits for widows and dependent children of workers who died from black lung disease. Anyone eligible should apply now at the social security office.

Q—My mother came to this country from Mexico three years ago, but is not a citizen. She will be 65 next month, and is not eligible for monthly benefits. Is she eligible for Medicare?

A—No, she will need to wait two years. An alien lawfully admitted for permanent residence must have five years of continuous residence in this country before qualifying for medical insurance. She, however, cannot qualify for hospital insurance even after five years unless she earns nine quarters of coverage from work under social security. The five-year residence requirement need not be met if an alien becomes entitled to any monthly social security benefits.

Pollution

Sediment, or call it silt or mud if you like, is the largest pollutant of water. Sediment is the soil particles that wash from up-protected land into streams and lakes. Sediment can carry disease and wastes, ruin fishing, and run up the cost of purifying water.

Air pollution from farms is a pretty rare thing. A few years ago, dust from farms polluted the air on a grand scale. Dust storms such as these of the dust bowl days have been eliminated by breaks, and other enlightened conservation practices.

The whole concept of conservation is founded on planning for the protection and improvement of natural resources. These are just some of the ways that conservationists are working to reduce pollution and beautify the countryside.

Dear Lord, Thou art my Saviour King
My Master and my Friend.
Dear Holy Spirit guide my life
And keep me till the end.

In response to our plea for some letters, and especially to those that had read our column for the almost 25 years we received a most cheerful and encouraging one from Mrs. Bernice Womack. She says that it seems she has read the column most of her life, and if I wanted to make us both feel good we could say that the column began when we were both just youngsters . . . Twenty five years does make for quite a while.

Mrs. Womack sort of liked the old picture we used years ago. To be right honest we do too. But some of the editors wanted me to go a bit more sophisticated and dress up in my Sunday best. So we tried to please them.

She asked about the old type writer . . . We have used the same one all this time. It has had a few minor overhauls. We gave \$15.00 for it back in the Terrible Thirties and it has never missed a week. This may be some sort of a record. It was counted too old to be worth a trade-in when we bought it.

Mrs. Womack sends us a couple of quotes for the column; Thanks . . .

"I know why president Nixon appointed Shirley Temple to the United Nations. He wants the world to have a happy ending." Liz Carpenter.

"Cartoons are more effective than newspaper articles, because even the illiterate can understand them" U Thant.

Mrs. N. L. Jones Celebrates 99th Birthday Sunday

Mrs. N. L. Jones celebrated her 99th birthday Sunday, June 21. A luncheon was given in her honor hosted by Mr. and Mrs. John H. Jones and Mrs. Florence Hester. It was held at the Jones farm 7 miles west of town.

Forty-five attended the luncheon. This included four generations—two children, eight grandchildren, fifteen great grandchildren, and four great great grandchildren, also other relatives and friends.

We all wish to take this time to say, "Mother, Grandmother, and Great Grandmother how proud we are of you and what a blessing your life has been to us."

Attending were the honoree, Mrs. N. L. Jones; and Mrs. Florence Hester; Mr. and Mrs. Roger Hester and children and Mr. and Mrs. Raymond Rutherford and children, all of Amarillo; Mr. and Mrs. John Jones, Danny Cearley; Mr. and Mrs. Johnny Cearley and children of Lubbock; Mr. and Mrs. Joe Humphrey and children of Dickinson, Texas; Mr. and Mrs. Jimmy Shimick and children of Bay City, Texas; Mr. and Mrs. Jerome Humphrey and children of Pampa; Mr. and Mrs. C. L. Wallace and children; Mr. and Mrs. Don Deford of Garden City, Kansas; Mrs. Mae Auwen of Pampa; Mr. and Mrs. Marvin Jones; Mr. and Mrs. Harold McKee and Ronnie of Stinnett; George McKee; Mrs. Jewell Wallace of Pampa; and Kay Wallace of Amarillo. Rep.

F.H.A. News

The Clarendon Chapter of Future Homemakers of America are busy during the summer months as well as the school year.

Officers attended a meeting last Wednesday and have also attended a workshop at Texas Tech. This group included Loretta Bougess, Bette Hudson, Melinda Lyles, and Elizabeth McGarity.

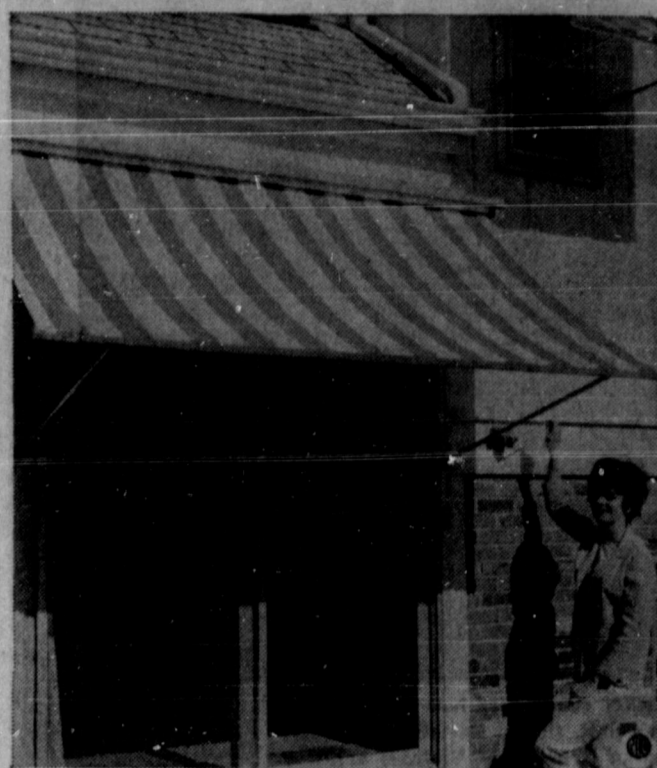

The objectives of the workshop were to broaden the scope and understanding of the leadership role, exchange ideas and experiences, and to make new friends while experiencing college campus living. The theme was "Peer Power in FHA Officers' Leadership."

Many members of FHA have worked with the Human Development classes. These girls act as aids to the regular teachers. Participating are Shellah McAnear, Carrie Neal, Dianne Cornell, Deanetta Peoples, Bette Hudson, Penny Maxey, Elizabeth McGarity, Annette Alexander, Loretta Burgess, Pat Hastey, and Katrina Messer. Monthly captains are Shellah McAnear, Carrie Neal, and Dianne Cornell. Summer plans include an ice cream making party Monday at 4:30 p.m. in the Home Ec Department. Each girl is asked to bring a 25 lb bag of ice, an ice cream freezer if convenient, a sack lunch for the evening meal, and a bed roll. Cakes can be bought in the machine. Other foods desired may be brought. Records or a radio would be appreciated.

Officers will meet at 2:30 to plan yearbooks. Following will be a scavenger hunt for items to make the ice cream which will be sold during the July 4th celebration. Supper will be served.

Any member or anyone interested in becoming a member is invited. Rep.

QUALITY JOB PRINTING AT THE LEADER

NEW TYPE AWNINGS—On-the-spot storage for cotton canvas awnings is provided by this ingenious new aluminum hood that stays in place the year 'round. Completely concealed and protected by the hood when not in use, awnings can be rolled up to let in light or lowered to shade windows from the sun. By the Astrup Company, the "hide-away" hood comes in four standard widths complete with hardware.

Mrs. O. C. Watson Hosts H. D. Club Fri.

Members of the Home Demonstration Club were entertained Friday afternoon in the home of Mrs. O. C. Watson in their last meeting until fall.

Meeting was opened with Club Collect read in unison. The usual order of business followed and the Penny Parade held. Roll call was answered with plans for the summer.

The program consisted of Sermonettes by Richard Dehon. Refreshments of white cake and punch were served by the hostess, Mrs. Watson, to seven members. Those to enjoy the occasion were Mrs. Watson, and Mesdames A. G. Lane, C. H. Darling, J. H. Helton, G. L. Green Virgil Pool, and William Payne.

The next meeting will be announced. Rep.

Mrs. Wilma Batson and Mack Tomlinson spent the week end in Amarillo visiting Mr. and Mrs. H. R. King and Steve.

Highlights and Sidelights From Your State Capitol

By Vera Stanford

Pressure from the courts may move the Legislature to massive election law reforms next year.

At least two major Texas cases which could have far reaching consequences for the state election processes and political system are pending in three-judge federal courts.

In one, Corpus Christi, San Antonio and San Marcus plaintiffs challenge the constitutionality of the annual voter registration requirement and the January 31 registration deadline. They ask reopening of registration after the June runoff primaries to allow voters until October to qualify for the November general election. More than 30 states already have a general election sign-up extension, and no state requires as early a close-off of registrations as Texas.

A second case tests validity of the candidates' filing fee system. An El Paso candidate for county commissioner and a Tarrant County candidate for county judge won places on the May primary ballot through court action when they prepaid they could not afford to pay the stiff filing fee.

A third case attacks the constitutionality of the statute denying aid to illiterate voters in marking ballots.

Secretary of State Martin Dies Jr. acknowledges a great many changes are needed in the state election code. He is compiling a list of needs with an eye on court decisions and plans to contact legislators about them soon.

CARDS OF THANKS

I would like to express my sincere thanks to each and every one while I was in the hospital; to Gary Gerdes who took me to the hospital, to Judy (Tolley) George for taking care of my groceries, to the doctor and nurses and the care given me, and the nice ladies who served the good meals; also for the cards, gifts, flowers, and visits from all, and James McKinney for the use of his new car to bring me home. I also thank my good neighbors and friends for the food and visits. All of these kindnesses will never be forgotten.

Sincerely,
Mrs. Leon Foster

We would like to take this opportunity to thank all of the many friends who were so kind to us in our time of grief. All of the food, flowers, memorials, kind words, prayers, and sincere sympathy meant more than words can ever express.

The family of Bob Ayers.

Words could never express our thanks to all the wonderful people of Lelia Lake who helped so much during our recent car accident. A special thanks to Mrs. Roberts, Earl Shields and E. W. Chenault who were so kind in helping take care of our injured children. Our thanks, too, to Dr. H. R. Stevenson. May God bless everyone of you.

The families of Epifanio Jaramillo and Ramon Sanchez

I would like to express my thanks and appreciation to the Clarendon Volunteer Fire Department for their quick and efficient action in putting out a grassfire at my place last week. Their work prevented severe damage.

K. M. Windom

We should like to express our heartfelt appreciation for the prayers and concern of the wonderful people in our community and throughout the area during the illness and death of our loved one. Your many acts of kindness and expressions of sympathy have softened our sense of grief and bereavement, and for this we shall always be grateful.

The family of Van Knox

I wish to thank my friends for their expressions of concern during my recent stay in the hospital. My thanks, too, to the doctor and nurses.

Adgar L. Williams

fact legislators about them soon. Dies indicates he is inclined to favor the recommendation that May-June primary dates be shoved back until August and September (as some 14 states now provide).

He also tentatively likes the idea of making voter registrations good for four years.

And the state, believes Dies, "is going to have to reach the conclusion candidates cannot continue to completely finance primaries."

DRUG MEMO SIGNED—High-ranking state officials signed a "memorandum of understanding" with the U. S. Department of Justice Bureau of Narcotics and Dangerous Drugs.

Memorandum formalizes the present working agreement and outlines areas of responsibility for state agencies and the federal bureau in which mutual efforts and cooperation will be necessary or desirable.

Overall purpose of the memorandum is to establish and maintain effective working arrangements between the state and the federal bureau to hold to a minimum diversion of narcotics and dangerous drugs from legal channels to illicit traffic. Most of the stimulants and depressants sold illegally originated from legitimate foreign or domestic channels.

ATTORNEY GENERAL RULES—Raza Unida Party in Hidalgo County cannot get its local candidates on the November ballot unless it gathers new petitions from non-participants in other party primaries, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that: Teacher Retirement System Board of Trustees has authority to invest its trust funds in home office facilities, land and equipment used for administering the system, to manage and control facilities and pay express for operating, maintaining, repairing and improving them.

Election officers named to hold district school trustee elections must hold a regular election for county school trustees and are to be compensated by the school district which also pays for election supplies out of the maintenance fund.

HOSPITAL FUNDS DISTRIBUTED—State Board of Health allocated \$1,477,880 to 12 applicants for federal Hill-Burton health facilities construction funds. Projects and amount allocated are:

- Southwest Texas Methodist Hospital, San Antonio, \$400,000;
- McAllen General Hospital, \$315,000;
- Spohn Hospital, Corpus Christi, \$225,000;
- Torbett-Hutchings - Smith Hospital, Marlin, \$150,000;
- Fort Worth Radiation Center, \$60,000;
- Teague Hospital Authority, \$99,715;
- West Coke County Hospital, Robert Lee, \$38,295;
- Overall-Morris Memorial Hospital, Coleman, \$100,000.

WITH KITCHEN PRIVILEGES—How about a midnight snack or a leisurely breakfast in your bedroom? No problem when the bedroom is more than just a place to retire when sleepy. Under its decorative air, this spring-fresh setting is supremely practical. The fully equipped built-in kitchen can be made to disappear behind doors in a jiffy. Adding luxury to the functional concept is a spacious bed equipped with a cotton and innerspring mattress for durable comfort.

\$19,010; Sterling County Hospital \$38,900; Morningside Manor, San Antonio, \$41,960; Space Center Memorial Hospital, Nassau Bay, \$50,000; and St. Mary's Gates Memorial Hospital, Fort Arthur, \$40,000.

SWINE PRODUCTION IN PLAINS AREA ANALYZED

PR-2756, a Texas Agricultural Experiment Station publication summarizes 1969 studies in the Plains areas of Texas dealing with the economics of swine production. Advances in production technology and favorable hog prices have caused many farm operators to consider swine as a possible supplemental enterprise.

The progress report gives detailed budgets on investment costs and returns under different conditions, emphasizing the importance of good management. Copies are available from area Extension farm management specialists or the Department of Agricultural Information, Texas A&M University, College Station, 77843.

Drivers under 25 were involved in much more than their share of auto accidents in 1969, according to a report from The Travelers Insurance Companies. One-fifth of all drivers are under 25. But, the under-25 group was involved in one-third of last year's fatal accidents.

Veterans News Q—I can't find my G. I. insurance policy which was issued by the Veterans Administration. Does this jeopardize my protection in any way?

A—No direct loss of protection results from the loss of a policy. Generally, a policy, a rider, or a renewable certificate can be replaced if the insured sends the VA an acceptable statement about its loss, destruction, mutilation or non-receipt. He should include his insurance number if he has it available, and other identifying information.

Q—As the widow of a World War II veteran, I receive service-

connected dependency and indemnity compensation (DIC). I am severely disabled, and am required to live in a nursing home. How do I apply for the \$50 additional aid and attendance benefits?

A—Write to the regional office having jurisdiction of your claim. Enclose a statement from your doctor or the director of the nursing home, stating why you need this care.

Q—Is it necessary that a veteran name a contingent beneficiary of his G. I. insurance policy in case the person he has named as beneficiary dies before he does?

A—No, but it is a good idea to do so.

Q—I hear that it is no longer necessary for servicemen to have two years of active duty to qualify to study under the G. I. Bill. Is that true?

A—Yes, but this applies only to servicemen who have not received secondary school diplomas or who need remedial or refresher courses required for, or prepara-

tory to, enrollment in a program of education or training. These servicemen are eligible for G. I. Bill benefits after 180 days of active duty. Other servicemen must have had at least two years of active duty, 181 days of which must have been continuous active duty, to qualify for these benefits.

HOSPITAL MINUTES

(Cont. from Page 1)
very good for federal grant funds; that it was expected that it would not be vetoed by the President. However, it was pointed out that the appropriation procedures would be the determining factors, and none had been established yet; that it appeared there would be six categories of assistance. The State official advised Dr. Smith, that being familiar with the time element involved in getting deficiencies corrected for Adair Hospital, his advice would have to be the same as in July, 1969 — try to go H.U.D., because if we were to meet every requirement of new Hill-Burton assistance, once pub-

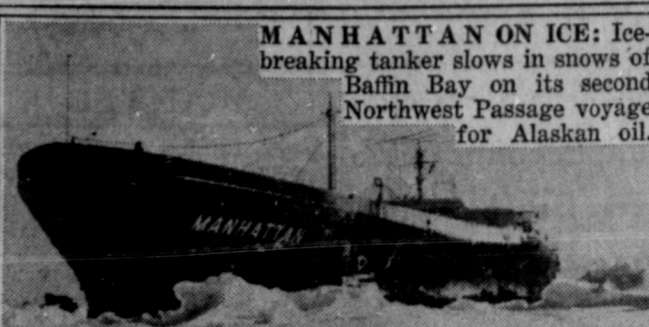

lished, there could not be less than a two year period of planning and processing, and this would not help us in our immediate problem of staying qualified under State and Federal programs.
Lloyd Risley advised Dr. Smith that He (Risley) and John Jones had a higher regard for Dr. Smith's abilities than did Dr. Smith—that they both thought he was smart enough to figure out a way to keep the hospital open for another two or three years without a building program, if it took that long to get grant money.
Mr. Wheatley asked Dr. Smith, what reason he had to think the Federal Government could be counted on to continue such pro-

grams as Medicare over a period of years. Mr. Risley said it was a good question, with everyone knowing how the farm subsidy programs were changed from year to year. Dr. Smith replied that he did not think it was a fair comparison in that Medicare was a benefit of the Social Security Insurance program—a program which was funded and in which individuals and their employers pay premiums, —F.I.C.A. taxes, during their years of employment. That it was not charity or welfare, and therefore could not be expected to fluctuate with the appropriations of Congress in the way that Farm subsidy programs do.
2. The Board was reminded by Dr. Smith of the Budget hearing to be held June 25th.
3. The Board was advised by Dr. Smith of the legal requirements that the Board name depositories.
4. The Board was advised that the law requires the hospital district Manager to be bonded. He and his entire staff are now under bond.
5. Dr. Smith reported that option had been acquired from C. R. Shields for land on Highway No. 70 as site for the new hospital.

6. Dr. Smith reported that contact was being made with the Independent School District for tax services.
7. The Board was advised by Dr. Smith that they needed to establish a written policy regarding care of the indigent and needy, as provided by law.
8. The Board was advised that the Hospital C. P. A. firm would close the books on June 30th, 1970 to conform to new fiscal year established for the Hospital District by the Legislature.
Dr. Smith emphasized again his belief that the building program must be expedited if hope is to be maintained for keeping the hospital in operation.
Mr. Risley asked the Secretary to write a letter to Mr. Emmett Simmons, expressing the regrets of the Board in accepting his resignation and to wish him good health.
Motion was made by Lloyd Risley that this meeting be adjourned. Motion was seconded by Earl Wheatley.
Jane Bownds Secretary
Visitors were George Wayne Estlack and Robert Montgomery, Attorney of Memphis, Texas.
Mr. Montgomery told the Board that all towns have their

problems when they are in a program such as ours. He stated that Hall County has a Hospital and that Donley County definitely needs a Hospital.
Let The Cattle Do It
Beef and dairy cattle, including lactating cows, can treat themselves with safe, approved insecticides to control the troublesome horn flies that attack during warm weather.
All that is needed, advises Extension Entomologist Weldon Newton, is a self-applier bag properly stocked with dust containing either three percent Clodrin or a one percent coumaphos (Co-Ral) and located so the cattle will contact the bag as they go about their daily routine.
For dairy cattle, the most convenient location for the dustbag is in the exit chute leading from the milking parlor.
For beef cattle, it may be located in the gateway to a fenced off watering trough, a salt box or in the entrance to a resting area, says Newton.
Commercial, ready filled bags can be purchased from livestock supply outlets or they can be inexpensively made. All that is needed are a few medium to fine mesh burlap bags to hold the dust, some hardware, including hooks on which to hang the bags and a few grommets to serve as hook eyes.
A roof to protect the device from rainy weather is strongly recommended. Newton suggests using double strength burlap by placing one bag within another to better hold the dust.
Stock each double-layer bag with 5 to 10 pounds of the selected insecticide and hang them in pairs in such a way the animals will be forced to walk between the pair.
For best results, Newton says the bags should overlap each other by four to six inches. The bottoms should be about 18 inches from the ground for small cattle and 24 inches for the larger breeds.
Each time an animal walks through the self-applier it will brush its head, neck shoulders and back against the bags and pick up enough of the insecticide to keep the horn flies under control. Weekly maintenance is suggested.

Cash Crop For Farmers Suggested

For Texas farmers wanting another cash crop, Texas Agriculture Commissioner John C. White has the suggestion they investigate the possibilities of growing guar.
And now is the time to investigate, for the two processing plants in Texas, at Vernon and Kenedy, are now contracting guar crops, and word from them is that they need about 250,000 more Texas acres planted to guar, White said.
He also points out the fact that about 40 million pounds of guar gum were used in the U. S. last year, but only about 10 million pounds were produced in this country.
Guar is that starchy plant introduced to this country from India and Pakistan which rotates well with cotton, sorghum, corn, and vegetables.
"It has been described," Commissioner White said, "as being without peer as amazing."
Growing guar does not require buying new types of machinery, the agricultural commissioner explains, because it can be planted and cultivated about like cotton and the guar beans can be harvested with an ordinary grain combine with little adjustment.
And it can be planted on diverted acres (except cotton acres), another factor that makes it more desirable as a Texas money crop, White said.
Guar makes a good cattle feed (contains about 35 per cent protein, only slightly less than cottonseed meal), and guar gum usages are legion, including use in explosives, adhesives, paper products, batteries, bakery products, cosmetic lotions, to name a few.
For further information, Commissioner White suggests farmers contact Harold Coombs at Kenedy or Norman Brints at Vernon.

What's right about America?
Today, the surest means of a book becoming a best seller is for the author to highlight and denounce bitterly the faults of this country. The same can be said of television and the movies, which prefer in these modern days to depict the seamy side of life in America.
But there's hope. As I have moved across this state, I have sensed that our people are growing weary of gloom. It's becoming easier to strike up a conversation on what's right about America.
I always suggest that there are a lot more level heads in this country than we are sometimes led to believe. There are a lot more decent, law-abiding citizens than there are criminals and cheats and sharks. There are a lot more young people in the "now" generation who want to improve America than the handful of radicals who want to burn it to ashes and start all over.
I can understand why the "majority" has broken its "silence." There's a growing impatience with agitation and controversy. But I feel we should continue to approach our nation's problems with a cool head and an open mind.
I've listened to the voices of dissent. I think I know what they're asking of their government.
One thing they want is confidence. They want the assurance that their public officials have the courage to meet the issues of the 1970s with imagination and integrity, and not with some form of "old politics" that thrashes around with problems but never quite locates the workable solutions.
It was my desire to answer this urgent need that prompted me in January to seek the office of United States Senator.

STATE HISTORICAL DISPLAY AT SAN ANTONIO OPENS
The Institute of Texas Cultures located on the southeast border of the HemisFair Plaza in downtown San Antonio will be open from 1 p.m. to 6 p.m. daily except Monday.
Texas history is dramatically displayed at the Institute through films, slides, music, exhibits, and easy-to-read text panels. The exhibit floor is approximately the size of a football field. The exhibit will be of interest to many who are vacationing in San Antonio this summer.

Be Prepared While Boating
Going boating without the proper equipment isn't just foolish, it's against the law, according to the Water Safety Services Division of the Texas Parks and Wildlife Department.
Craft up to 16 feet operated on Federal waters must carry proper lights and a fire extinguisher if of closed construction; craft from 16 to 26 feet long must carry in addition a hand whistle or horn audible for at least one-half mile.
Larger pleasure craft, up to 65 feet long require a hand or power operated whistle.
Most states have similar equipment requirements.
Other items of equipment aren't mentioned in the regulations, but common sense dictates carrying them—anchor, line, paddle, first aid kit, flashlight, tool kit, extra can of fuel, compass and distress flares.
