Of special interest this year will be the Kids Calf Scramble at each performance of the Rodeo, the Business Men's Wild Cow Milking contest each night, and the Pony Express Race nightly. An especially good clown has been engaged for all performances.  
Come out and bring the family. There will be fun for everyone.

### Warning Regarding Fireworks, Drinking And Reckless Driving

The Sheriff's Department and the City Police Department have both issued warnings this week in regard to the shooting of fireworks, excessive drinking and reckless driving.  
We are asking parents to convey the message to their youngsters that it is unlawful to shoot fireworks within the City limits. Please be considerate of others and regard the danger involved with shooting fireworks. Gerdes added, All violators will be picked up and dealt with according to the law, he concluded. Sheriff James and Police Chief Gerdes are reminding everyone to be especially careful with their driving during the celebration as there will be youngsters running pell-mell, horses and a throng of people in general along with exceedingly heavy traffic.  
If you plan to drink, please use moderation and keep your bottles and cans in your own car and not throw them about town, James stated. If you drink — do not drive as you may injure someone as well as yourself and a DWI charge is a more serious offense.

### DPS Announces July 2-5 Holiday Operation Motorcade

Past experience and the present trend of traffic deaths indicate that 46 persons will lose their lives in traffic accidents during the 78-hour period of the July 4 weekend, announced Major C. W. Bell of the Texas Department of Public Safety for this area.  
Major Bell stated that "Operation Motorcade," a special emphasis program designed to focus attention on the added dangers of holiday travel, will be placed in effect from 6:00 PM Thursday, July 2, 1970, to midnight Sunday, July 5, 1970.  
"It is a known fact that July 4 traffic is more hazardous due to crowded conditions of the highways. Add driver misbehavior, misjudgment, negligence, and the drinking of intoxicating beverages is like a giant exploding fire cracker," Bell said.  
"In an all out effort to keep this estimated toll down, the Texas Department of Public Safety will utilize additional personnel from its other services to augment the Highway Patrol force during the holiday period," Bell added.  
"However, the most important effort in reducing traffic accidents must come from the individual drivers," concluded Major Bell. Management group are 0-6, age 7 to 11, job Bell.

### MINISTERIAL ALLIANCE ELECTS PRESIDENT

The Clarendon Ministerial Alliance met Tuesday morning June 30, for the purpose of electing a president to fill the unexpired term of Rev. Carl Nunn who moved to Denver City in June. Rev. J. W. Humble, pastor of the Church of the Nazarene was elected to serve out Rev. Nunn's term which will expire in October.  
At the meeting, further plans were made for the Donley County Crusade for Christ a county-wide revival to be held in September.

### COUPLE KILLED TUES. NEAR CLARENDON

Guy S. Mitchell, 71, and his wife, Jessamine, 69, of Sherman, Texas were killed about 11:30 a.m. Tuesday in a one car accident two miles east of Clarendon on U. S. 287. They were pronounced dead at the scene by Donley County Justice of the Peace Carroll Lewis.  
Investigating officers said the accident occurred when the car in which the couple was riding went out of control, rolled over, and struck a bridge abutment. Murphy Funeral Home of Clarendon reported services were to be held at Sherman.

Mr. and Mrs. Edgar Brittan of Jacksonville, Texas visited Mr. and Mrs. Joe Bownds enroute to New Mexico and Colorado. Mrs. Brittan will be remembered here as Florence Fink.

### This Is our Annual Celebration Edition

A host of Clarendon business firms are extending a warm and hearty welcome to one and all to come to the annual Celebration, as evidenced by the large number of ads in this issue of the Leader. Turn through your paper and read the words of welcome from your local newspaper advertisers.

### ANNUAL JULY 4TH PARADE IS SET UP FOR SATURDAY, 4 P.M.

Keith Hudson, chairman for the annual July 4th Parade, reports plans are shaping up toward another "good one." All who plan to be in the parade should meet at the City Hall at 2:45 p.m., the afternoon of Saturday, July 4th as the parade will take place at 4 p.m. This will allow time for arranging and lining up entries.  
It is understood that the Clarendon High School Band will participate as perhaps others over the area. Hedley is preparing a float. There will be cars, horses, and — well, you name it!  
For information call Keith Hudson Phone 874-2557. Your support of this part of the celebration will be sincerely appreciated.

### Fiddlers Contest to be 3 p.m. Fri., July 3

Tom Waters, chairman of the Fiddlers Contest held during the July 4th celebration has announced that the contest will take place on the Courthouse lawn beginning at 3 p.m., Friday, July 3rd. There will be \$250 in prize money awarded this year with the Outdoor Entertainment Association contributing \$200 and Clarendon business men contributing \$50.

This year's event will be broken down into two divisions: the Open Division and the Old Fiddlers Division.  
In the Open Division 6 prizes will be awarded as follows: 1st—\$75; 2nd—\$55; 3rd—\$35; 4th—\$20; 5th—\$10; and 6th—\$5. This money will be contributed by the Outdoor Entertainment Association.  
In the Old Fiddlers Division only those over 65 years of age qualify. Local business men have put up the prize money for this event as follows: 1st—\$25; 2nd—\$15; and 3rd—\$10.

Fiddling will begin at 1 p.m. but the contests will not get underway until 3 p.m. There is no entrance fee. Fiddlers are expected to be present from the Tri-State area. Should it rain, fiddling will be indoors at the Mulkey Theatre.  
For further information call Tom Waters at 874-2495.

### TERRAPIN RACE SET JULY 3RD, 6 P.M.

The Terrapin Race held each year in conjunction with the July 4th Celebration and sponsored by the Clarendon Chamber of Commerce will be held at 6 p.m., July 3rd, on Main Street. Eligible age groups are 0-6, age 7 to 11, and age 12 and up.  
Contest rules follow: Only one Terrapin may be entered per person; Only land terrapins may be entered in the race; and Deadline for entries will be 5 p.m., July 3rd.  
Contact Basil Smith at First Supply to enter your Terrapin. First place will receive a \$25 bond, second place \$10, and third place \$5.

### Greenbelt Lake Fish Rodeo Thru Sept. 7

A Fish Rodeo is now in progress at Greenbelt Lake and will continue through Labor Day week end, September 7, 1970. Tagged fish are worth from \$10 to \$100.  
Merchants of Clarendon and Greenbelt Lake have contributed \$800.16 to tag fish in Greenbelt Lake. Fish were caught, tagged, and released by the State Fish and Game Commission. These include bass, channel cat, crappie, and hybrid perch. Tagged fish weighed up to 9 pounds.  
A list of tagged fish and the names of contributors may be seen at Mooring Place on Greenbelt Lake.  
Last week a tagged crappie worth \$25 was caught. Come fishing, have fun, and make money while doing so. Join in the Fish Rodeo at Greenbelt lake.

### Old Settlers Please Take Notice, To Meet Saturday, July 4

Ernest Kent, Chairman of the Old Settlers meeting during the July 4th celebration, has asked that ALL OLD SETTLERS please take note that the MEETING WILL BE HELD SATURDAY, JULY 4th, at 10 a.m. at the Mulkey Theatre as it has in years past.  
Gary Barnhill granted permission to use the theatre which provides comfortable seating and a cool and pleasant atmosphere in which to meet. It is understood that there will be a short program and prizes awarded. Rev. Milton Jochevz, pastor of the First United Methodist Church will address the group.  
Special recognition will be given to the oldest present, the one having the largest family in Donley County, and the one traveling the greatest distance.  
Kent urged everybody to come out and help make this one of the biggest and best Old Settlers gatherings ever held here.

### Adair Hospital Officially Closed Midnight Tuesday, June 30th

Although shutting down operations began the latter part of last week, Adair Hospital was officially closed at Midnight, Tuesday, June 30th.  
The official act came in the form of minutes passed by the Hospital Board at a called recessed meeting Monday night.  
The following was taken from a pencil draft of the minutes by Jane Bownds and approved by Attorney Bill Lowe as well as the other board action which will follow:  
Motion was made by Jane Bownds that since no plans of correction for defects, which keeps the Adair Hospital non-fire resistant as prohibited by the Social Security Administration, can be furnished by June 30th, 1970, as required, because the required items of correction can not be cured without prohibitive cost. Since accreditation by Social Security Administration would thereupon be withdrawn and since the Hospital can not financially be operated unless being approved as a medicare facility under the SSA, that since the Adair Hospital must be thereupon closed, no budget is being adopted by the Donley County Hospital District for the operation of the Adair Hospital. Motion was seconded by John Jones. Motion carried unanimously.  
A statement appeared in the Amarillo Globe Times, June 30, 1970 written by Jack Boone, staff writer for the Amarillo Globe-Times as follows: "Residents here, though have accused members of the board of trying to thwart the hospital district and pointed out rejection of the first budget as evidence."  
It was pointed out by some of the board members that the first budget was pitched at them at the meeting without time for study and since the people's tax money was concerned, more time was needed to study the proposed budget since it called for the approximate maximum of the tax money to be collected.  
At the meeting Monday night another type of budget (Hospital District) was presented which called for an expenditure of \$108,455 plus a budget for Adair Hospital in the amount of an additional \$25,500 for phase-out: terminal vacations; terminal expenses and reserve for medicare audits. This figure was in excess of \$133,955.00. The amount proposed to be collected in taxes was \$96,745 which was the full 75 cents of the tax limit voted. You can figure for yourself the deficit the district would have been owing.  
The budget passed by the Board was as follows:  
Motion made by John Jones that the Board of Directors of the Donley County Hospital District approve and adopt the proposed budget for the fiscal year July 1, 1970 thru June 30, 1971 as follows:  
I. Total Receipts \$45,147.00  
II. Expenditures:  
Indigent & Needy Care \$10,400  
Tax Collection Exp. 3,600  
Administration \$16,147  
Const. & Equipment \$15,000  
& Misc. Expenditure  
Total Expense \$45,147  
That all budgeted items of expense shall be submitted and approved by the Board of Directors prior to expenditure. Motion seconded by Lloyd Risley. Motion carried unanimously.  
Motion made by Earl Wheatley that the tax rate for Donley County Hospital District for the fiscal year beginning July 1, 1970 and ending June 30, 1971, be set at the rate of 35¢ per \$100 valuation. Seconded by E. W. Barbee. Motion carried unanimously.  
It is the Leaders understanding that the Hospital Board plans to build a hospital just as soon as it is feasible. Since the taxpayers money will be involved and considered it will take reasonable time to make sound commitments concerning the new hospital.

### Mr. Emmitt Bryson Services Thursday

Funeral services for Emmitt Bryson, 88, a resident of Clarendon since 1927, will be held at 2:00 p.m. on Thursday, today July 2, 1970 in Murphy Memorial Chapel with Rev. Paul Hancock, minister of the First Christian Church officiating. Interment will be in Citizens Cemetery under the direction of Murphy Funeral Home.  
Mr. Bryson died Tuesday noon, June 30th, in Hall County Hospital where he had been a patient for 2 days. He was born August 4, 1881 in Johnson County, Texas and married Johnnie Coleman May 3, 1911 at Seymour, Texas. He moved to Clarendon from Erath County, Texas in 1916 and then moved to Clarendon in 1927 from Claude. He died in 1927 from Claude. He was a member of the First Christian Church.  
Survivors include his wife Mrs. Johnnie Bryson of Clarendon; one son, W. D. Bryson of Gustine, Texas; three sisters, Mrs. Lester Adcock of Gustine, Texas, Mrs. A. R. Gilbreath of Dublin, Texas, Mrs. Jeff Tackett of Stephenville, Texas; one grandson, and 2 great grandchildren.  
Bearers were Tommie Saye, Richard Finch, Ed Dishman, Richard Dingler, Ronald Gooch, and E. H. Monroe.

### MOISTURE IS SCARCE IN MOST AREAS

The moisture department of the weather remains critical for most of this area. With good prospects, the clouds failed to turn loose the rain which was so badly needed. Here in town we received .20 Monday which gives us a total for June of .38 inch.  
Some parts of the county received more but still not enough to do much good as far as planting and good grass. Maybe the celebration will help bring on good moisture.

## Mrs. Kidd Feted at Pink and Blue Shower

Mrs. Larry Kidd was honored at a Pink and Blue Shower in the home of Mrs. Gene Hommel Tuesday June 23.

The table was decorated in white and blue with a centerpiece of pink carnations. Punch and cookies were served from a crystal service.

Many lovely and useful gifts were received.

Hostesses were Mesdames Gene Hommel, Richard Tunnell, Bill Wise, E. H. Monroe, Everett Anglin, and Cindy Anglin.

## ASHTOLA NEEDLE CLUB CAKE & PIE SALE

The Ashtola Needle Club women will have a homemade cake and pie sale July 4th located near the serving booths on the courthouse lawn. If you want a special order call Mrs. H. S. Mahaffey.

Leader Out-of-County Rate \$5.00

## True Tops Club

True TOPS met in regular session June 23rd and members weighed in. Meeting was called to order by the leader, Karla Alexander. Charter members filled out their membership cards for the coming year as our current year closes in July.

We now have two KOP'S and four KIW members. Pat Gattis won the fruit basket.

The Waist Watchers treated the Slim-Gems to a watermelon supper as the Slim-Gems lost the most weight for May.

Meeting adjourned. Eleven members were present.

## CHAMBERLAIN CENTER

Due to the July 4th celebration coming on the first Friday in July, we will not meet at the Community Center.

Eleven million acres of Texas land are having a complete soil and water conservation program applied with SCS help under the Great Plains Conservation Program.

## KIL KARE KLUB MEETS IN BARTLETT HOME

Members of the Kil Kare Klub were entertained Friday morning, June 26, in the home of Mrs. J. R. Bartlett. Plans were made for meetings during the summer months after which visiting was enjoyed.

A lovely refreshment plate was served by the hostess, Mrs. Bartlett, to one guest and eleven members.

To God who made both earth and sky  
And rules o'er all the earth,  
Tis' good to feel His presence nigh,  
And hard to speak this worth.

The country lost something when the old-fashioned cracker barrel was done away with. Along with it went a lot of good homespun philosophy and a good supply of checker games. Now just about everything comes wrapped in cellophane, even good philosophy.

People who think they would be happier living someplace else, likely wouldn't but the neighbors probably would. We always remember the fellow who asked another what kind of neighbors he had at his old home. When told that they were mighty sorry remarked that he would find the same kind where he was moving.

We older people might be just as eager to change things as the young ones. The trouble is there are a lot of reasons why so many things can't be done anymore. A lot of things got left out when we start going to bed with the chickens, and beating them up the next morning.

Uncle Jay Bob says that he don't mind long sermons unless the preacher gets too loud and wakes him up.

It's pretty easy to go to church all starched and ironed. But sometimes its awful hard to convince folks that we have been washed.

We shouldn't brag about our education. After all most of it is second hand. Someone else had it first and passed it along to us.

FOR CITY DWELLERS—Cotton canvas is a favorite device for creating privacy and protection on the terrace or patio in urban areas. Here, it's used in smart stripes for a pitched canopy over an outdoor eating area. In the background, a matching overhead awning and curtains set off a cozy place to dispense refreshments.

## Food Shopping Hints Offered

There are no set rules in buying vegetables because they all have individual characteristics and values, but Gwendolyn Clyatt, Extension consumer marketing specialist, gives these tips on vegetable and meat buying in this week's market.

"Vegetable quality on the table starts with quality vegetables in the field," Mrs. Clyatt said. "Truck farmers apply the latest technology in order to produce an array of high quality fresh vegetables for the market."

"Weather conditions have a great deal to do with what will or will not be available as well as the quality of the products."

Seasonality of products is not as important as it used to be due to improved transportation and packaging, she said, adding that it is well to remember that vegetables produced at great distances will seldom be as fresh and flavorful as the vegetables produced nearby and in season.

"When buying vegetables, look for freshness, handle with care and avoid decay," Mrs. Clyatt said. "A bright, lively color and crispness are signs of freshness. Usually vegetables are at their best quality and price at the peak of the season."

Bruising and damage can be prevented by being careful with the vegetables, she said. Don't buy because of low price, but rather, only what can be stored in the refrigerator or can be used without waste, Mrs. Clyatt said. Most fresh vegetables can be stored for two to five days, except for root vegetables which can be stored from one to several weeks, she continued.

It's "penny foolish" to buy fresh vegetables affected by decay," Mrs. Clyatt said. "Even when the decayed area is trimmed, rapid deterioration spreads. A few cents extra is a good investment."

The vegetables in season and the most economical priced include carrots, corn, cabbage, head lettuce, mustard greens, collards, green onions, radishes, dry yellow onions and potatoes, both red and russets, she said.

"Purple hull and blackeye peas, yellow and zucchini squash, cucumbers, bell peppers and okra are in less plentiful supply but prices on these items should be lower as they become more readily available," she noted.

Watermelon, cantaloupes and honeydew melons are available at attractive prices at many markets, and oranges, bananas and pineapples are moderately priced fruits, Mrs. Clyatt said. First of the season Bing cherries, peaches, apricots, blueberries and several varieties of plums are mostly in the high price bracket as yet, she said.

"Meat cuts most often featured include chuck roasts and steaks, round steaks and ground beef," Mrs. Clyatt noted. "In the pork department look to shoulder roasts and steaks, rib and loin chops, picnics and canned hams as good choices, price-wise. If you are looking for easy-to-fix and easy-to-store meats, then consider cold cuts."

Most accurate clock in the world is in the Copenhagen Town Hall, Denmark, and its celestial pole motion will take 25,700 years to complete a full circle.

## Ants Now A Home, Garden & Lawn Pest

Troubled with ants in the home, garden or lawn? If they are a problem, first try to find their nests and then apply a recommended insecticide, advises County Agent Ronald Gooch.

By watching the movement of the ants, the nests can often be located and it may be inside the house or just outside close to an opening that permits entry to inside. The different species of ants have different nesting habits. Sometimes ants in the home must be controlled without finding their nest, says the county agent.

Chlordane is an effective insecticide. It will quickly kill ants in current infestations and will prevent reinfestations for weeks or months, says Gooch.

It may be used as a spray, dust or granules. A spray is usually preferable in the home. It is easy to apply and is safe to use when label instructions are followed.

To prevent ants from entering the house, apply a 2-percent chlordane spray to the outside walls, from the ground to the windows and to the lower part of the window frames and around doors. Treating a band around the house will also give added protection.

Several other insecticides, diazinon, dieldrin, lindane and malathion can also be used for ant control. They are available as ready to use sprays or as wettable powders or emulsifiable concentrates for mixing with water to make a spray.

Regardless of the insecticide used, the county agent cautions that container label instructions be read and followed closely when applications are being made. Storage of the material should also be in a place of safety arid out of reach of small children and pets.

## Social Security

Q—My husband and I both work. I was told that when I retire I would not get a social security retirement benefits on my own record, but would only get a wife's benefit on his record. Is this correct?

A—No, You will be entitled on your own social security record. If the wife's benefit is larger than your own retirement benefit, you will receive the difference on your husband's record. There are many instances where both husband and wife receive the maximum retirement benefit, each on his or her own record.

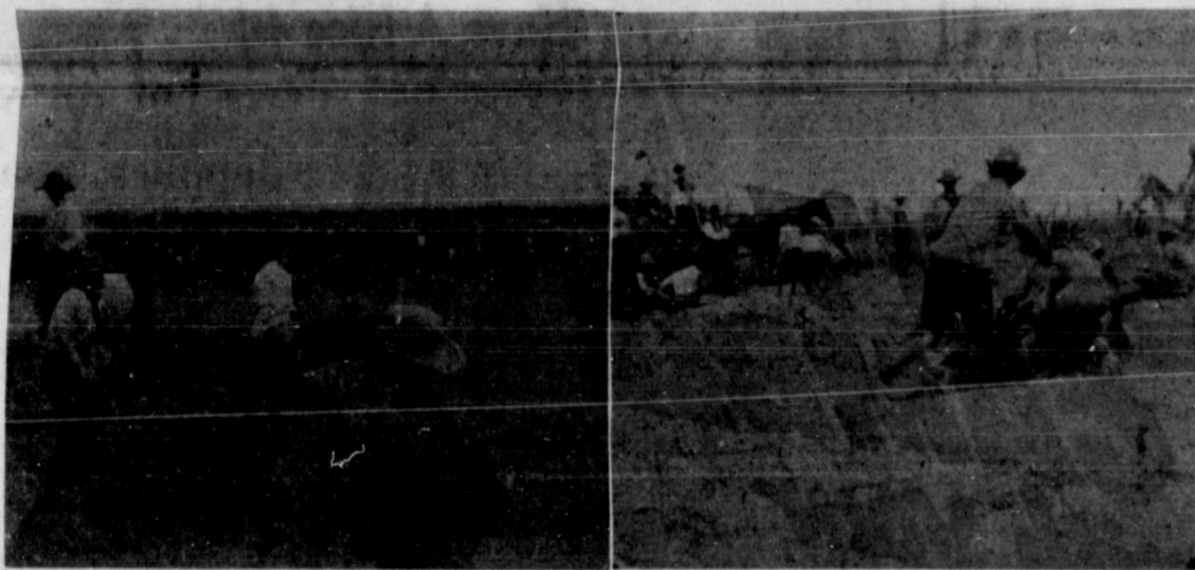

Q—I would like to apply for social security payments but my income from investments exceeds \$1680 a year. Does such income affect social security payments?

A—No, only income that is earned from work in employment or self-employment is considered in the payment of social security benefits. Income from investments such as interest, royalties, dividends, and rentals is not considered.

Soil Surveys have been made on about 100 million acres of Texas lands by the Soil Conservation Service.

### Accent On Health

Summer officially arrives on June 21, and the intense hot weather ahead calls for a few simple health rules which can make it more bearable, says the Texas State Department of Health.

First of all, avoid heavy, fat-loaded meals. They are difficult to digest during hot weather. Emphasize fruit and vegetables on your summer menu rather than protein foods - eggs, fish and meat - which your body needs for fuel during winter months.

Perspiration helps cool the body, but at the same time it drains the body of vital fluids. To replace these fluids, drink plenty of water or other liquids. Fruit juices are a pleasant way to make up the loss. But don't gulp down large amounts of ice water when you are overheated.

The body also loses salt through perspiration. Replace your salt loss at meals, or if your work or exercise causes you to sweat profusely, take salt tablets - about one every half hour with a glass of water.

Parents can place extra salt in children's diet with salted nuts or crackers plus a little added salt during meals.

Your clothing plays an important role in keeping cool. Loose, light clothing is highly recommended for summertime wear. Normal body temperatures are dependent on the evaporation of sweat.

Avoid wearing clothes that inhibit evaporation. Also, remember that white or light colors are cooler than dark ones, since they do not absorb hot sun rays so readily.

Exercise is an essential part of a well-rounded, healthy life, but it can easily be overdone in the summer. Use common sense, and start gradually if you are initiating a summer exercise program. Also, confine any long periods of hard yard work or active tennis games to the cooler parts of the day.

Swimming is one of the best summer sports, provided the proper safety rules are followed - including not swimming alone, getting chilled, waiting at least an hour after meals and avoiding tiredness.

All in all, summer can be one of the most enjoyable seasons of the year . . . provided you use your head as well as your body.

### Taxpayers Ask IRS

Q-I lost my refund check. Can I get a duplicate?

A-Yes, report this loss to the IRS service center where you filed your return and they will supply the forms needed to apply for a replacement.

Q-Is it true college students aren't subject to income tax withholding anymore?

A-Last year's tax reform law makes it possible for some students to avoid having income

taxes withheld on part-time or summer jobs under certain conditions.

To qualify, the student must have had no Federal income tax liability in 1969 and anticipate none this year. If that is the case, the student should notify his employer. This covers only Federal income tax withholding. Social Security taxes will continue to be withheld.

This provision of the law affects any taxpayer who qualifies such as retired persons and others who may work part-time.

Q-Aren't tax rates supposed to be lower for simple taxpayers?

A-Yes, beginning in 1971 tax rates will be lower for single taxpayers. The change will reduce the tax paid by single people to no more than 20 percent greater than what a married couple would pay on this same income on a joint return.

Q-If my son earns too much on his summer job, will I lose my exemption for him?

A-The amount of your child's earnings will not change his dependency status if he is under 19 at the end of the year or was a full-time student for some part of each of five months of the year. In such a case, you may continue to claim his exemption as long as you provide more than half his total support and the other tests are met.

Q-I lost the form I used to deposit the taxes I withheld from my employee's wages. Where can I get more?

A-Contact your local IRS office or service center for Federal Tax Deposit Form 501. When you make your request, give your name, business name, address, and employer identification number. Also indicate the type of tax, tax period and

number of forms you need.

Q-My daughter was honored as the best student in her graduating class and was given a \$100 savings bond. Is this taxable?

A-If she won the bond for her overall educational record, then it probably is not taxable. Prizes are taxable if the winner had to perform a specific act such as write an essay or do a project.

The general rule is that prizes given in recognition of past accomplishments in educational fields are not taxable if the recipient is selected without action on his part and is not expected to render future services as a condition of receiving the award. The same rule applies for prizes in religious, charitable, scientific, artistic, literary or civic fields.

### MASONS TO HOLD OPEN INSTALLATION OF OFFICERS MON., JULY 6

Officers of Clarendon Masonic Lodge AF & AM 700 will hold Installation of Officers Monday evening, July 6, at 8 p.m. in Masonic Hall. A. J. Garland will be the Installing Officer.

Those to be installed include Worshipful Master, O. C. Edwards; Senior Warden, J. L. James; Junior Warden, Jerrel Martin; Tyler, John Payne; Senior Deacon, Don Smith; Junior Deacon, to be named; Secretary, C. E. Bairfield; Treasurer, Van Kennedy; Other officers will be appointed.

This is an open Installation and family and friends of Masons are invited. All members are urged to attend.

Nearly 10,000 Texas landowners have installed recreational facilities on their land for public use.

### Time Lapse Short in Tractor Accidents

Seven-tenths of a second isn't very long.

But, seven-tenths of a second is all the time available to a farm tractor operator whose unit has started to rear backwards under full throttle, says Henry O'Neal, Extension agricultural engineer.

Within that time, he can still de-throttle the engine to stop the rearing, he explains. Beyond that fraction of time, there is no stopping the rearing and ultimate upset. And unless the operator is thrown clear, or can possibly jump clear, he is pinned or crushed to suffer serious injury or death.

Or maybe he was one of the lucky ones whose tractor was equipped with a roll bar. "Of a national annual toll of about 1000 lives due to tractor accidents, some 600 are credited to tractor overturns," says the engineer.

"Many could be prevented through the exercise of sensible driving practices," he adds.

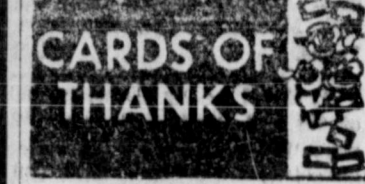

Sidewise upsets occur when tractors are driven too close to ditches, holes or embankments. Backward flips occur when tractor implement hitches are set at a point higher than the center of the rear axle or when the load exceeds the tractor's power to move it. At such times, the tractor employs its own power to create the rearing and backward flipping motion.

A roll-over bar, sometimes call-

ed a protective frame, can be designed to serve as a crush-resistant cab to provide operator comfort. But its primary purpose is to protect the operator from serious injury in the event the tractor tips.

"Many a capsized tractor was prevented from tipping more than 90 degrees because a roll bar was there to stop it and a tractor operator was spared serious injury because he was strapped into the tractor seat when a roll bar bore the weight and bulk of a tractor that reared and fell over backwards," explains the engineer.

Safety specialists estimate the yearly toll of 500 lives lost to tractor overturns could be reduced by some 450 just through the use of roll bars.

### "THANK YOU"

### Grubs Are Ugly But Not Dangerous

Horrified anglers who find ugly black or yellow grubs under the skin of their prize bass needn't worry. They're harmless.

Marion Toole, inland fisheries coordinator for the Texas Parks and Wildlife Department, said warm weather usually means more of the grubs will be found on bass, bream and other scaly varieties of freshwater fish.

Toole said the grubs, which usually are encysted on the dorsal side of the fish just beneath the scales, can be trimmed off the fish before it's cooked.

The grubs, which are either the black grub (Crassiphiala bubglossa) or the yellow grub (Clinostomum marginatum) have a complicated life cycle in which they utilize three hosts. In addition to fish, the organisms spend part of their life stages in the bodies of water birds and snails.

Man is never a host to the grubs and is not harmed by eating infested fish, as long as they are cooked well, Toole said.

Dr. E. S. Cox, U.S.D.A. Animal Health Division Regional Director, announced the lifting of federal hog cholera quarantines from Bosque-McLennan, Falls, Lavaca, and Lee counties.

### LELIA LAKE NEWS

Mrs. Don Altman

Our hearts are sad this morning as I write the news. Death came to two families of our community: Mr. R. E. Jones of Bula, father of Suzy Shields and Mrs. Belle Roberts of Memphis, sister of Louise Aten, Grace Leathers, and sister-in-law of Rachael Butler and Pauline Roberts. Mr. and Mrs. H. H. Taxpayers Ask IRS

Q—It's been just about a month since I sent in my tax return and my refund still hasn't come. Why should it take me so long to get my money back when fellows at the shop got their refunds in a month?

A—The date the return was filed has a lot to do with how long it takes to be processed. Returns filed early can be processed and any refund checks issued within 4-1/2 weeks from the date they were received by the IRS.

Q—Returns filed in April take longer to process because of the great number of tax returns that come in our service centers during this period.

cess the 20 million returns received in a two-week period as rapidly as we do the 45 million returns received over a twelve-week period.

However, you should receive your refund in the next few weeks unless a mistake is discovered. Then you will receive a letter explaining the delay.

Q—My daughter is eligible for a scholarship that will pay part of her college tuition. If she gets it will it be taxable for her? Also, will it affect the exemption I claim for her?

A—Income from scholarships is generally not taxable, and does not have to be included by parents in determining a student's total support.

Q—Are tips taxable? I'm taking a job as a waitress in a summer resort and my girl-friend tells me that tips are very good

there. A—Yes, tips are counted as taxable income.

If your tips amount to \$20 a month or more, they should also be reported to your employer so they can be credited for Social Security purposes. Your employer will make the necessary adjustments in your tax withholding.

Q—Does everybody have to have clearance form IRS to leave the country?

A—No, U. S. citizens are not required to obtain tax clearance. However, many aliens are required to obtain this clearance from the IRS.

For details on this requirement, send a post card to your district director and ask for Publication 513, "Tax Information for Visitors to the United States." The publication is free.

Q—If I buy savings bonds and put them in my son's name, who has to pay tax on the interest they earn?

A—If the bonds are issued solely in your son's name, or in his

name with you as beneficiary, then the interest earned on the bonds will be income for your son.

A key factor is who has control over the bonds. If you can cash them, the interest is your income. If only your son can cash them, the interest is his income.

7-STEP COTTON PROGRAM ROLLS ALONG

Twenty-four years ago a program was initiated by the Texas Agricultural Extension Service and today the 7-Step Cotton Program is still basic to the cotton industry. Fred C. Elliott, extension cotton specialist, says production methods have undergone many changes for the better. He sees no change in the pace of changes in the future. He cites the cotton farmer's acceptance of new ideas as one of the most important changes.

Social Security

Q—My husband and I are both working and paying the social security tax. We have three young children. If something happens to me, will my children receive any social security benefits on my record?

A—Yes, in case of your death the children will receive monthly benefits. Also, if you become disabled, you may qualify for monthly benefits for yourself and the children. Children now have the same protection of their mother's record as they have on the father's record.

Q—My 20-year-old son is severely disabled as the result of an auto accident. He has been working part-time for several years. Could he be eligible for disability benefits based on his own work?

A—Yes. At his age he needs credit for only 1 1/2 years of an auto accident. He has been working part-time for several years. Could he be eligible for disability benefits based on his own work?

Q—How much can I earn and still receive social security benefits?

A—You may earn \$1680 in a calendar year and receive all of your benefits. If you earn more than \$1680, an amount equal to half of your earnings over \$1680 and up to \$3880 is not paid. For earnings above \$2880, you lose \$1 benefit for each \$1 earned. An exception is that payments are made for any month in which you do not earn over \$140 and do not work in self-employment. Of course, all payments are made beginning with the month you become 72 regardless of your earnings.

Q—My son, who was 18 last January, receives social security payments. He graduated from high school in May and plans to go to college in September. Since he does not plan to attend summer school, will his checks be stopped during the summer months?

A—No, a student receives his social security checks during the summer months as long as he attended school full time the last school year and intends to return to full time attendance the following school year. But he must send in the notice of intention to return to school which you should have received this spring.

Q—My father is in the hospital. We have hired a private duty nurse to stay with him at night. Will Medicare pay toward the cost of private duty nurses?

A—No, private duty nursing services are not covered by Medicare.

Q—My husband and I are both past age 65, and we both receive benefits based on his social security record. If we get a divorce, will my social security checks stop? We have been married 25 years.

A—No, your social security checks would continue after the divorce, since you are over age 65 and have been married at least 20 years.

825 miles of irrigation pipelines were installed last year by Texas farmers to save water.

6,172 ponds were stocked with fish last year by landowners cooperating with conservation districts.

Selective Service

Q—I've heard that I can now take my preinduction physical examination whenever I want to. Is that right?

A—The Selective Service regulations now allow an unexamined man the right to one examination within 60 days of submitting a written request.

Q—How much notice will I be given if I make this application?

A—You'll be given a minimum of 15 days notice if you make this written request.

Q—Suppose every guy who's registered with my board rushes in and says he wants the examination. Wouldn't that overload the examining station?

A—Yes, it would.

Q—What would the local board do then about my request for a physical examination?

A—If the local board found that the number of such requests, if complied with, would impair its ability to fill calls, it would notify the State Director of this fact together with an estimate as to when it could again schedule such men.

Q—Can I get an agricultural

DR. JACK L. ROSE, OPTOMETRIST, Phone 259-2216, 415-A Main Memphis

deferment? A—If you are just making your request, no. Any request received or postmarked on April 23, 1970, or later, cannot be granted.

Q—If I make a written request for an agricultural deferment March 1, 1970, can it be granted?

A—You are entitled to it if you qualify, as your request was in prior to April 23, 1970.

Q—What has April 23, 1970, got to do with it.

A—On that date, the President of the United States issued an executive order withdrawing the authority of local boards to grant agricultural deferments if requests are received or postmarked April 23, 1970, or later.

Q—You said I could get the agricultural deferment if I "qual-

ify", since I made my request March 1st. What do you mean by "qualify"?

A—Your board has to find you engaged in farming, that you cannot be replaced, and that your removal would cause a material loss of effectiveness. Additionally, it has to find that you are producing for market, not your own use, a substantial quantity of agricultural commodities measured in terms of the average annual production per farm worker which is marketed from an average farm of your locality. This local average farm must be of the same type as your farm.

**MRS. EARL SHIELDS' FATHER DIES**

R. E. Jones, a longtime Bailey County farmer who lived near Bula and father of Mrs. Earl Shields of Lelia Lake, was found dead of an apparent heart attack Thursday morning. Services were held the last of the week, exact day was not available at press time.

Survivors include his wife, three sons, two daughters, one sister, two brothers, and seven grandchildren.

**MRS. BOB ROBERTS RITES AT MEMPHIS SUNDAY**

Mrs. Bob Roberts, 81, a sister of Mrs. D. E. Leathers of Clarendon and Mrs. Quinn Aten of Lelia Lake, died in an Abilene hospital Saturday morning, June 27.

Funeral services were held at the First United Methodist Church in Memphis Sunday afternoon with Rev. Tommy E. Nelson, pastor, officiating. Burial was in Fairview Cemetery.

Survivors include a son, seven sisters, and one grandson.

**MRS. L. THOMAS RITES AT WICHITA FALLS SAT.**

Funeral services for Mrs. Lloyd Thomas, 49, were held Saturday morning, June 27, in Owens Brumley Funeral Chapel in Wichita Falls with Dr. Landrum P. Leavell, pastor of the First Baptist Church, officiating. Burial was in Crestview Memorial Park.

Mrs. Thomas died Thursday at her home in Wichita Falls after a long illness. She had been a resident of Wichita Falls 34 years.

Surviving are her husband Lloyd; a daughter, Mrs. Aaron McDonald of Wichita Falls; her mother, Mrs. Effie Bryan of Wichita Falls; three sisters and two grandchildren.

Mrs. Thomas was a sister-in-law of Frank Thomas of Clarendon and Oscar Thomas of Amarillo, among other relatives.

**THORNBERRY CATTLE ENROLLED IN TPR**

W. D. Thornberry, Hereford breeder located near Clarendon, Texas, has enrolled cattle in the Total Performance Records Service of the American Hereford Association. The announcement was made by Association officials in Kansas City.

The TPR service is available to all Hereford breeders, and is a system of recording performance in order for greater economic progress to be attained in the production of Herefords.

The traits measured and recorded in addition to show ring performance of offspring are: Fertility (calf crop percentage); mothering ability; conformation as it contributes to structural soundness and carcass desirability; rate and efficiency of growth including proportion of performed cuts, and longevity of production.

**Certification**  
The first sight drafts for 1970 final payments have been returned to us and will be released July 1. When you have all your crops planted, come to the office and certify. Early certification means early payments this year. Before you certify, be sure you have measured all acreages carefully. If you have any doubts about the acreages, you may want to request measurement service. This service should be requested by August 1. An error in measuring could result in a reduction in payment, or a loss of payment.

**Emergency Haying and Grazing**

The Donley County ASC Committee recently requested approval for emergency grazing and/or haying of diverted acres due to the drought. We have received notice that this request has been approved effective July 1, 1970.

There is a fee for grazing this land and you must obtain prior approval from the County Committee. You may file your application at the ASCS County Office at any time.

This approval applies to land diverted under the annual Feed Grain and Wheat Programs only. It does not cover land under a CAP Agreement. The County Committee's request for grazing CAP acreages has been referred to Washington. We expect to hear from it shortly.

**Disaster Assistance Employment Possible**

Under the Disaster Relief Act of 1969 Disaster unemployment Assistance is made possible in the form of temporary income for eligible individuals whose jobs or earnings are affected. This is available where an area has been declared a Major Disaster Area.

You may qualify for this program if you worked or were scheduled to work in the disaster area, either for yourself or for an employer but because of the disaster you no longer have a job, a place to work in the area, are not able to get to your place of work because of disaster damage, or were prevented from going to work by an injury or illness as a result of the disaster.

You may also qualify if you became the head of a household and needed a job because the head of the household died as a result of the disaster, had completed school or training for work no earlier than 10 weeks prior to the disaster but could not find a job because of the disaster, or have other good reasons which you think could qualify you for compensation.

The application for assistance must be filed within 60 days after the Governor has announced that the area in which you live or work has been declared by the President a major disaster area. Assistance may be retroactive. Application may be made at your nearest unemployment insurance office.

The amount and duration of assistance payments are based on the State unemployment insurance law with a maximum of 26 weeks. Deadline for filing is July 18, 1970, in this area, stated Attorney Clyde Slavin.

**Tax Firm Plans Clarendon Outlet**

Virgil Belcher, Area Manager for H & R Block in Amarillo, Texas indicated that there are plans for the opening of an office in Clarendon for the 1971 tax season, through an exclusive "Satellite" Franchise Program. Mr. Belcher explained that the Satellite Franchise program was developed to make available to every community a qualified tax preparation service.

H & R Block was founded in Kansas City in 1955 and is projecting to grow to over 5,000 offices for the 1971 filing season. This will include over 2,000 franchised offices.

Mr. Belcher also stated, "The goal of H & R Block is to provide the taxpaying public with a convenient service when it is most needed. To accomplish this goal in communities under 15,000 population, the company selects a responsible member of the community for the franchise program." Clarendon is one of the 2,000 franchised outlets for 1971.

## PARDONS GRANTED

Huntsville: The superintendent of the penitentiary has received seventy-two pardons for convicts sent out by Gov. Sayers. Of this number twenty-three were from Huntsville, twelve from Rusk and the others from various farms and camps. There were nineteen life term men, and while the number seems large, those from this place, according to consensus of opinion, were deserving. —Industrial West 1903.

## FRENCH DUEL

Word comes from Paris that a duel is expected between Count Boni de Castellane and Prince De Sagan. The prince has repeatedly been reported engaged to his cousin's divorced wife, Mme. Gould, Boni and the prince met by chance but gendarmes separated them before an actual clash. They heaped insults on each other. The cause of the quarrel is unknown. —Chronicle 1908

Luke Bagwell has gone to Stamford, Texas on a visit. He expects to return by the first of July, perhaps before that date. —Chronicle 1906.

## GILES MEET

Next Wednesday Childress people can put in the live-long day quaffing the pure, sparkling water that flows from beneath the fertile soil of old Donley at Giles. We hope the weather will be pleasant for the occasion and that it may prove a day of joyful recuperation and a social feast for all who attend. Several state and district candidates will be on hand to entertain those who wish to listen to speeches, various games will be a feature, and the railroaders always know how to have a good time. —Chronicle 1906.

## EASTERN STAR

The Eastern Star members entertained Thursday night with a banquet, several visiting members being present from Claude and Amarillo. Mrs. Mollie Gray, Mrs. R. W. Talley, and Mesdames Clarke and Williams led in serving suitable refreshments, and Miss Beulah Dodson favored them with excellent vocal music, while Mrs. Beach pleased them with reading a fine selection. The whole affair is reported to have been thoroughly enjoyed. —Chronicle 1909

## BOY INJURED

Lewis, the twelve-year old son of W. J. Atterberry, was either thrown from his horse or the horse fell with him out in the pasture Thursday and he was rendered unconscious. He was driving some horses, and when the horses ran up to Mr. Stuart's, the boy was missing. Mr. Stuart went out and found him unconscious and carried him to the house and sent for Mr. Atterberry, who called a doctor and went after him. No bones were broken but he seemed hurt. He had only been restored to partial consciousness yesterday evening. —Chronicle 1906.

## CANDY PULLING

The candy pulling at the girl's boarding house last Friday evening was certainly enjoyed by all present. The college boys may claim that they are not a "stuck-up" set but undoubtedly they were that evening. Miss Patterson, Hazel Jefferies, and Lillie Flemming were guests. —Industrial West 1903

Chief Weather Forecaster Henry A. Hazen died Monday night from injuries received in a bicycle accident. While riding Sunday night he collided with another bicyclist and was thrown to the ground and his skull fractured. —Industrial West 1900.

## Who Knows?

An East Texas paper contains the following:

Once there were two brothers who lived together in a Texas town, and one of them was a merchant. The one that was not a merchant became insane from some cause so that it was necessary to carry him to the asylum at Terrell. Accordingly his brother furnished him a new suit of clothes, and got him dressed up equal in looks to himself. He also wrote to the authorities that he would be there on a certain day to place his brother in their keeping. Passengers on the train could distinguish no difference in their sanity so far as appearances went. When the asylum was reached the two went to the keeper who engaged them in conversation and began showing them through the building, all the time leading them in such lines of conversation as would discover the crazy one, as he was afraid to question either as to the sanity of the other. Failing to distinguish the daft one, he finally came to a room, put them both in, securely locked and bolted the door and telegraphed to their town the following: "Two men arrived from your town, and one is to be placed in the asylum. One talks of constructing an air ship line from here to the moon, while the other claims to be a first-class merchant and says advertising don't pay. Which must I keep? Let me know at once." —Industrial West 1900.

## CLARENDON'S FIRE COMPANY

The men of Clarendon seeing the need of organized work during the fire (June 19), have since set to work and organized. The officers are: W. C. Stewart, chief; Jim Trent, assistant chief; L. K. Egerton, hoseman; Jack VanHorn, secretary; Laddermen are Whit, Carhart, Jack VanHorn, and Nath Bozeman.

The rest of the company are L. A. White, Ben Wright, C. W. Bennett, T. L. Goodman, W. W. Taylor, O. D. Liesburg, Jno. Young, G. E. Allen, H. Mulkey, Mr. L. Vinson, A. Weatherly, N. J. Berry, Jno. McLean, Will F. Dubbs, Fred Rathjen.

Extra men are: Melville Turner, A. J. Williams, J. G. Martin, Walter Stanton. —Chronicle 1906.

## NEW LOCATIONS

The parties burned out yesterday morning (June 19) were badly puzzled for any kind of a place in which to continue business, as apparently every place was occupied. But by night most of them made arrangements for temporary places.

Tucker and Tax opened up in the post office building.

Vinson moved the candy kitchen to Rutherford & Adair's saddlery store.

Butler & Caraway bought out the Tracy restaurant and took charge by noon.

Lloyd Blackwell moved his barber shop to the rear of Clower's store.

F. A. White and Cowser have not yet made arrangements, nor has the real estate firm. —Chronicle 1906.

THE NEWLY MARRIED

A good many people marry before they learn very much about anything else. As this is the season when marriages are pretty numerous, the following clipping from an exchange might apply to some local incident.

She was newly married, and did not know a little about either housekeeping or shopping, and was giving her very first order. It was a crusher; but the grocer was a clever man, and was used to all kinds of orders, and could interpret them easily.

"I want two pounds of paralyzad sugar," she began.

"Yes'm. Anything else?"

"Two tins of condemned milk." "Yes'm."

He set down pulverized sugar and condensed milk.

"A bag of fresh salt. Be sure it is fresh."

"Yes'm. What next?"

"A pound of desecrated cod-fish."

He wrote glibly, "disiccated cod."

"Nothing more, ma'm? We have some nice horseradish just in'."

No," she said, "It would be of no use to us; we don't keep a horse."

Then the grocer sat down and fanned himself with a washboard, although the temperature was freezing.

**CHRISTMAS**

The Christmas tree at Lella was quite a success. The Sunday school children rendered a program that was good and appropriate and after the program Santa came in with a basket of candy, oranges, and apples, which made merry the hearts of the little ones and fun for the older ones.

The neighbors have been swapping dinners during the holidays and the young people have enjoyed a number of parties.

**LELIA PICNIC**

The picnic at Lella Saturday was quite a success despite extremely unpleasant weather, late trains, etc. Almost the entire body of boarding students, a large number of the town students and a good many outside friends were in the crowd. A rate of 25 cents for the round trip was given and the train stopped at the Lake to let them off. The dinner was pronounced beyond comparison, the fishing good and the whole affair a great success.

**THOSE MYSTIC SIGNS**

A story is told of the most conspicuous joiner in a thriving Western city noted for its many lodge members. Indeed, it is said that everybody belongs to at least one lodge, and nearly everybody to two or three. Recently a new family came to town, and located just across the street from the past master of all the organizations. One day a week later he caught the five year-old son of the neighbor as the lad was passing, and with a few preliminary remarks led up to: "Say, my boy, is your father a Mason?"

"No sir," was the sharp reply. "Probably, then, he is an Odd Fellow?"

"No sir, he ain't."

"Knight of Pythias? Woodman? Pyramid? Forester? Maccabee?"

The boy shook his head.

"Isn't your father the member of any lodge?" demanded the questioner in puzzled tone.

"Not a one," replied the boy.

"Then why on earth does he make all those signs when he comes out in the front yard every morning?"

"O, that ain't lodge," cheerfully explained the lad; "Pa's got St. Vitus's dance! C. M. Harger, in the Atlantic."

**A New Years Party**

Through the kindness of Mr. August Weidman several of us "old maids" (as he called us, but we deny the charge, don't we girls?) of Clarendon, together with several other people, had a most delightful time at a New Year's Party given by Miss Gertrude Weidman Tuesday night. Several games were much enjoyed by all, one of the best was guessing of advertisements, and almost before we knew it midnight had approached. Delicious refreshments were then served. We were most spellbound when the music echoed through the room, and lo! imagine our surprise when the hour of departure came and we saw 'twas nearing 3 o'clock. We "old maids" reached home just in time to meet ourselves going to bed. Feeling sure that all present will join your reporter in thanking Miss Weidman for being so royally entertained, I bow myself out. One of the Guests.

Why Socialism Falls

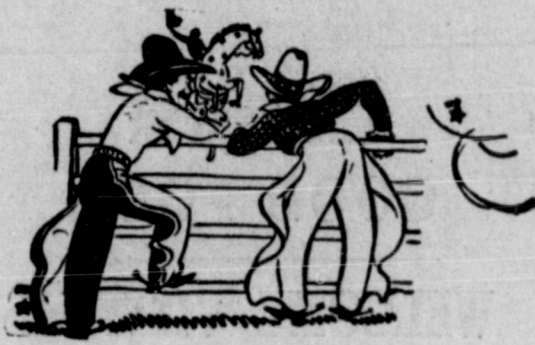

No matter how much difference there may be in the Tomorrow of Socialism, in its Today, when all it shall be inaugurated as a system, all things will be owned Collectively, and that means that the high and the low come to a common level; the good and the bad start even; the idle and the industrious share and share alike; the illiterate and the learned, the capable and the incompetent, the fool and the wise man, the virgin and the

troll, the negro and the white, all come to the Universal Brotherhood pot, and ladle out an equal porringerful of potage. God! What a sordid, sickening dead-level! What an enforced equalizing of all men and all women, in a world where God never made two grains of sand, two leaves of the forest, two birds of the air, two fish of the sea, two beasts of the field exactly equal. Only in a political sense can anyone even dream of two men being equal, for our eyes, our

common sense, tell us that such a thing as equality in strength, capacity, character, or in the elements and achievements of manhood has no existence among men.

Socialism proceeds upon the idea that equality is there, or can be put there, and the effort to prove that the idea is correct has been made time and again and again. It was not only tried among the Ancients, but it has been tried in modern times and it was tried by the colonists who first settled in North America.

Failure, dismal failure has been the result of every experiment. Why? Because Human Nature is radically, eternally different from what the Socialist assumes it to be.

If all were equal, and all were good Socialism would be unnecessary even from the standpoint of the Socialist.

Give us absolute equality and

universal goodness, and we don't need anything but a little time to reach an equal distribution of wealth and an era of Peace on Earth and Good Will to Men-- Watson's Magazine for May. --Chronicle 1906.

Origin of The Name Texas

Edwin W. Heusinger of San Antonio has just added to his collection of old and rare books a geography which was published in 1747. The maps in this book are interesting in that they show the parts of the world as they were known at that time.

On one of the maps the northwestern part of North America is shown as "parts undiscovered, and it is shown as the land of "New Holland," with New Guinea and "Van Nieman's Land," now called the Island of Tasmania, as one supposed continent, New Zealand, too, is shown as a partly discovered new land. The Hawaiian Islands had not been heard of.

The Atlantic Ocean was at that time called the "Western Ocean." What is now the Pacific Ocean was called the "Great South Sea," and Caribbean Sea was then known as the "North Sea". Another important map in those days was that of Mexico, known as "New Spain," and what is now Texas was then the "Province of Louisiana."

The French settlement of "Natchikoches" is shown, and the countries of the Natchez and Apache Indians are indicated, and it is interesting to note the source of the "Rio Grande, then called the "Rio ed Norte," which,

according to this wonderful map, rises among some mountains in a land about where South Dakota now is.

Mr. Heusinger says one important factor in the text of this work is the description of certain Indian tribes "towards the North River" (Rio Grande), known as the "Tecas" who live in villages. "Tecas" was then the name for the reformed Indians living in the missions, for it speaks of them as "having embraced Christianity," and "being the more passionate lovers of the Spaniards." Texas was therefore no doubt derived from the word "Tecas," he says. Austin New York Tribune. --Chronicle 1906.

SHIP ASHORE

The Spanish steamer November, from Galveston, Jan. 8 for Rotterdam via Newport News, with a general cargo, ran ashore on False Cape shoal near Norfolk at 6 o'clock Friday morning in a heavy sea, and was saved from what seemed certain destruction by the appearance of the revenue cutter Onandago, Capt. Worth. --Industrial West 1903.

Henry Chenault of Bellvue is here to take G. G. Willingham's place as agent, operator and pumper, while Mr. Willingham is away on his annual outing. --Chronicle 1906.

HEDLEY HAPPENINGS

W. A. Kinslow, we learn, shipped a car of hogs to market this week.

Bond W. Johnson, one of Hedley's leading merchants, had business in Clarendon Thursday.

Mrs. D. W. Jones and son, Winston, and Misses Ludie and Jessie Adamson returned first of the week from Canadian, where the three latter were attending school on account of the suspension of school because of a smallpox scare in town.

On last Saturday the record was broken for a number of immigrant cars being unloaded at our depot for one day. There were six cars in which nine families shipped their household effects and expect to buy homes and make this immediate section their future home. While this is a little above the ordinary, it gives the outsider an idea how fast the Panhandle is developing. --Chronicle 1909

All Up to Date Housekeepers use Defiance Cold Water Starch, because it is better and 4 oz. more of it for same money. --Industrial West 1903

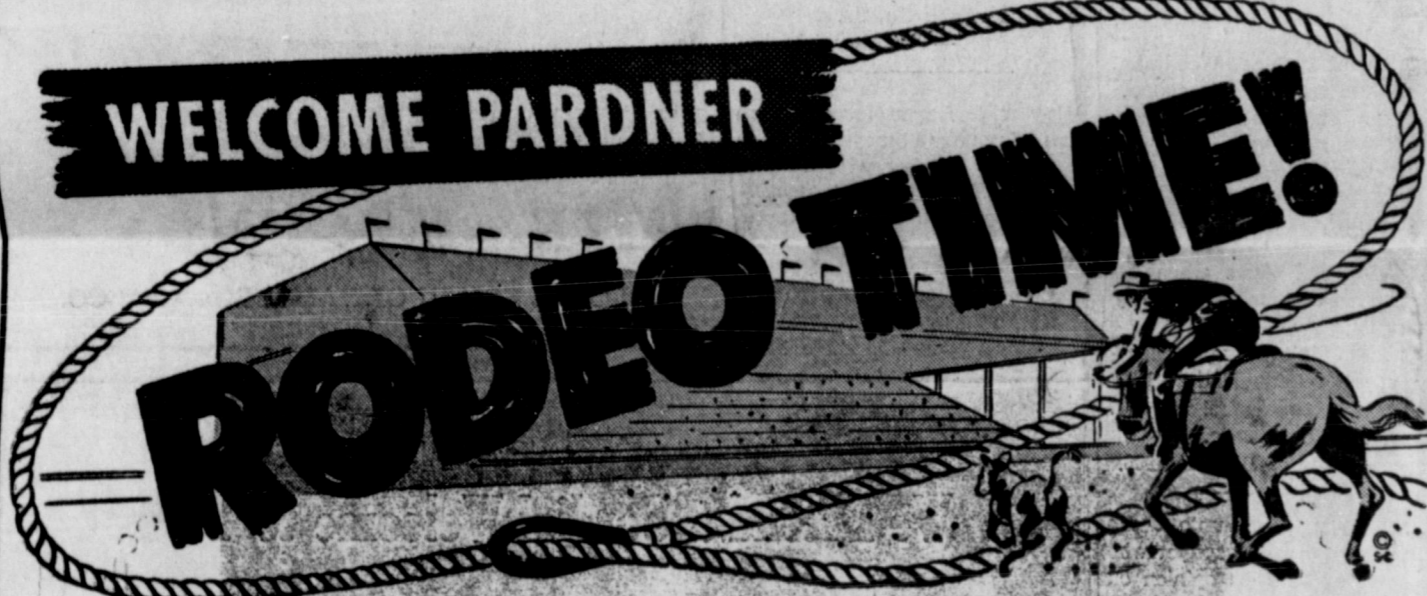

Dr. Stoelting reports a fine boy born to Mrs. W. T. McFarland, who is spending a brief time with her mother, Mrs. J. L. Reid at Lelia. This is Tom's first and of course he feels like the most important ranchman in the Panhandle. --Industrial West 1903
