Farm News

from County ASCS Corp.

Report of Program Sign-up

As of March 13, 1970, 427 cotton farms are enrolled, 394 feed grain farms, and 178 wheat farms. This is approximately 75% of the farms in the County. Reminders have been mailed to producers who have not signed up — March 20 — is the late date.

Release and Reapportionment of Cotton

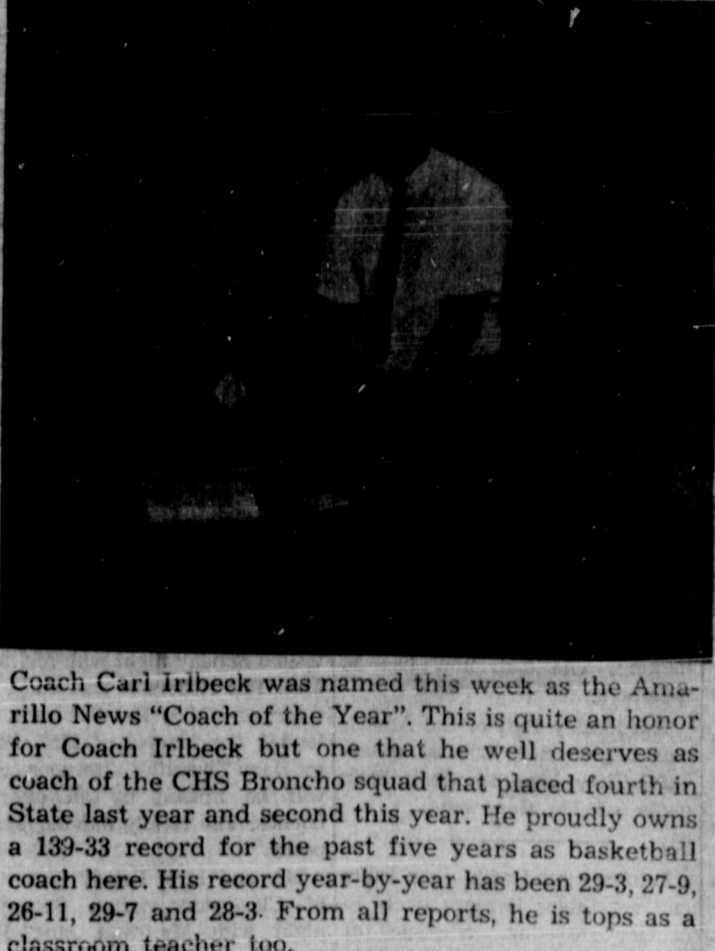

290 acres of cotton have been released for reapportionment. This will be done March 30.

Grazing Privileges on Diverted Acres May be Modified

Announcement has been made that grazing privileges may be modified if a cropland taken out of production and designated as diverted acres under the 1970 Programs. This is the second year USDA has taken such action to enable additional grazing of spring forage. The additional optional non-grazing period would run between May 14 and October 15, permitting spring grazing two weeks later than possible under prior programs.

General

Farmers are reminded of the three steps in the 1970 Feed Grain, Wheat and Cotton Programs — (1) Sign-Up, (2) Compliance, and (3) Certification. Sign-up at the County ASCS Office by March 20th. Comply as early as possible with all provisions of the programs you sign up for. Certify at the County ASCS office as early as possible that you have complied with the farm program provisions. As soon as a farmer who has signed up in a program certifies he has complied with program provisions, then the processing for his program payments begins.

Coach Carl Irlbeck was named this week as the Amarillo News "Coach of the Year". This is quite an honor for Coach Irlbeck but one that he well deserves as coach of the CHS Broncho squad that placed fourth in State last year and second this year. He proudly owns a 139-33 record for the past five years as basketball coach here. His record year-by-year has been 29-3, 27-9, 26-11, 29-7 and 28-3. From all reports, he is tops as a classroom teacher too.

Locals Named For Sports Awards

The Amarillo Globe-News this week released the names of those recognized for outstanding achievement in the field of sports.

Charles Louis of the Clarendon Bronchos was named the Amarillo Globe-News Inside Player of the Year in Basketball. Louis has been pegged with many other honors throughout his high school years in the field of athletics. He has also been nominated for the Sunkist All-America team. To obtain this most recent honor, he edged out several area players including teammate Wayne Carter, Louis and Carter were named to the State All Tournament team and Louis was named to the same team last year. He averaged nearly 18 rebounds per game for this season and averaged 27.5 points per game.

Others named by the Globe-News this week included Wayne Carter, Honorable Mention as an Inside Player; Jim Moore and Bernice Reese were given Honorable Mention as Outside Players of the Year.

Perhaps the man responsible for the recognition given these fine young men is their coach, Carl Irlbeck, who was named Coach of the Year by the Globe-News.

UIL Play Contest to be Held at Clarendon College April 17

April 17 will mark the day for the Region I, District 2A UIL one-act play contest to be held at the Harned Sisters Fine Art Center at Clarendon College. Dr. Schultz with the drama department at Texas Tech will be the official judge and Mr. A. L. Cordell, Superintendent of schools, Clarendon, Texas, will be the Director General.

Schools participating in this contest will include Happy, Claude, Siverton, McLean, Wheeler, and Clarendon.

The general public is cordially invited to see the very fine productions being presented at the Clarendon College Fine Art Center beginning at 9:00 a.m. No admission will be charged.

HOLD YOUR MAIL TO NEW YORK, NEW JERSEY AND STATON ISLAND

Postmaster Mike McCully received a directive from the Regional Post Office in Dallas Wednesday morning asking residents of this area not to mail anything at present to the State of New York, New Jersey or Staton Island.

Postal employees in those areas went on strike Wednesday morning making the above request necessary. McCully stated that all mail to those areas presently in the local Post Office would be held up until proper notification that the mail will go through. If you mail pieces to those areas at the local office now it will create a hardship as safe-keeping storage space locally is limited.

DEMOCRATIC EXECUTIVE COMMITTEE MEETS

The Donley County Democratic Executive Committee met Monday night in Miss Mary Cooke's office to determine places and times for the Precinct and County Conventions and to determine the order of the candidates names on the Ballot of the May 2nd, Primary Election.

The County Convention will be held in the District Court room of the Court House at 4 p.m. on Saturday May 9, 1970. All precinct conventions will be held on May 2, 1970.

LOCAL LADIES ATTEND CAFETERIA WORKSHOP

Mrs. G. W. Estlack visited with Mrs. Nettie Curry at Palo Duro Convalescent home in Claude and with her sister, Mrs. Dorothy Whitlock, in Amarillo Saturday.

CREW LEADERS FOR '70 CENSUS APPOINTED

Appointment of crew leaders for the 1970 Census of Population and Housing has been announced by Manager R. L. Butler of the Census Bureau's temporary census office in Amarillo.

Walter Ligon of Clarendon has been named crew leader for Donley, Armstrong, and Briscoe counties. As leader, he will recruit and train enumerators in these areas, review the work of each and see that it is correct, and handle problems of different enumeration.

Mrs. G. W. Estlack visited with Mrs. Nettie Curry at Palo Duro Convalescent home in Claude and with her sister, Mrs. Dorothy Whitlock, in Amarillo Saturday.

A HOSPITAL YES! - But- (AN EDITORIAL)

A real good, representative group of Donley County Citizens went to the polls, stood in line for quite some time, to cast their ballot in the hospital election last Saturday.

A majority of tax-paying voters approved both propositions — creating a district and voting bonds.

WHAT NEXT?

A number of those who voted For, did so because they believed we needed a hospital but they would like to have a part in how the hospital facility is planned and the administration thereof. A number who voted against the issue felt the same way.

Your Editor has been contacted by a number of these citizens who would like to see a greater portion of the architectural frills eliminated and the tax dollar put to the best use. A higher cost means more money for the architects and engineers.

We quote Mike McCully, president of the Hospital Board: "We welcome and urge all citizens to point out their views to the Board in regard to the hospital plans, location, construction and administration and these views can be sent direct to the Board or the Donley County Leader." The Leader would like a copy for our files if not mailed to us.

As we have pointed out in previous editorials — Don't be bashful or reluctant. State your views and do it now as the Hospital Board will be meeting just as soon as the votes are canvassed, and plans will be inaugurated in order to get actual construction under way as soon as possible.

You have just as big a part in this project as you want to have. You have a voice but it will be up to you to speak up now. Your Hospital Board will appreciate your suggestions and concern for it is you and your descendants who will be served and the ones who will bear the cost.

You can sit down and gripe or you can let your wishes be known. It is entirely up to you.

Services Held For Mrs. Flora Kennedy

Funeral services for Mrs. Flora Rogan, Kennedy, 87, a resident of Donley County since 1918, were held at 3:00 p.m. Sunday, March 15, 1970 in Murphy Memorial Chapel with Rev. W. R. Lawrence, pastor of the First Baptist Church and Rev. Bryan Knowles, pastor of the Martin Baptist Church, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mrs. Kennedy died Friday evening, March 13th in Adair Hospital after a lengthy illness. She was born in South Dakota and married George W. Kennedy at Round Rock, Texas. She came to Donley County in 1918 and lived near the Lelia Lake Community until becoming a patient in the Nursing Home about 10 years ago. She was a Baptist.

Survivors include one son, Elmer Kennedy of Farwell, Texas and nephews, Van Kennedy of Clarendon and Lamar and Quinn Aten of Lelia Lake.

Bearers were Luther Butler, Carroll Lewis, Billie Christal, D. E. Leathers, Bob Williams, and E. S. Ballew.

Sign Up For Medicare Ends March 31, 1970

Q—Although I am 66 years old, I have never signed up for the medical insurance under Medicare. When can I sign up?

A—You may sign up during the general enrollment period which began January 1, 1970, and ends March 31, 1970. If you enroll during this period, your medical insurance will begin with July, 1970. Those who are not yet age 65 should sign up during the three months before the month they are 65.

Q—I plan to retire in a few months and apply for social security retirement insurance. What records should I bring with me when I file my claim?

A—Bring your social security number, and your birth or baptismal certificate, if recorded before age five. If there is no record, bring other papers that show proof of age. Also, bring your 1969 W-2 Form or income tax return. If you furnish complete information when you make your application, your first check will reach you sooner.

DATE IS CHANGED 'CHARLEY'S AUNT' AT CC APRIL 20 AND 21

Last week Clarendon College announced the production of "Charley's Aunt" to be presented by the Clarendon College drama department for March 19 and 20. Due to an accident to one of the members of the cast this date has been changed to April 20 and 21.

This same department of Clarendon College presented "Li'l Abner" which was enjoyed by many people, and Mrs. Norma Selvidge, director of the drama department at Clarendon College, comments that this is even greater.

Come laugh with the exciting cast of "Charley's Aunt" Monday and Tuesday nights, April 20 and 21, at 8:00 p.m. in the Harned Sisters Fine Art Center. Admission is \$1.00 for adults, 50c for students. See Charley's Aunt; you will be glad you did.

Voters Approve Hospital District And \$590,000 Bond Issue Saturday

Donley County voters stood in line throughout the day Saturday at the County Court House to cast their ballot in the Hospital Election. The voting room (County Judge's office) was jammed with voters all day and a long line was waiting to vote when the 7 o'clock hour arrived. They all had an opportunity to cast their ballot before the polls were shut down and the counting completed.

When the final vote was counted, a total of 811 voted for the creation of a Hospital District with 551 against. A total of 756 voted for the Bond Issue with 529 against. This was a difference of 260 and 227 votes.

Since the voting was split up between those who had property rendered and those who did not, the outcome was as follows: Tax payers: Proposition No. 1, 765 for and 538 against; Bond Issue, 711 for and 516 against. Non property owners: For Proposition No. 1, 46 and 13 against; Proposition No. 2, 45 for and 3 against.

Driver License To Be Checked Daily By Local Patrolmen

Figures just released by the Texas Department of Public Safety reveal that many of the more serious accidents are involving unlicensed drivers. Highway Patrol Sergeant Cawthon of Tulia stated today that all of the men under his command will be checking driver licenses while on routine patrol. He stated that this is not meant to be harassment of the licensed legal driver and asks the understanding in this venture.

Patrolmen Nichols and March stationed in Donley will become very familiar to many of the citizens who use the highways daily in this area. In addition to checking driver licenses, the Patrolmen will be checking Motor Vehicle Inspection program.

Figures show that 9.6 percent of persons licensed in fatal accidents in the last six months of 1969 were unlicensed. Another startling fact points out that one of every seventeen Texas residents involved in motor vehicle accidents during this same period were unlicensed. Approximately 100 unlicensed drivers are using the streets and highways in Texas at this time, according to Sergeant Vernon Cawthon.

FHA AREA NEWS

Approximately 3,000 Future Homemakers of America from 28 panhandle and South plains counties held their annual convention in Amarillo Friday and Saturday, March 13-14. Theme for the meeting was "To Dare Is To Care." Patriotic talent presentations, including songs written by FHA members was an interesting part of the program. Mrs. J. Humphrey of Amarillo was keynote speaker and she used as her sub-

Debbie Kirkpatrick is the 17 year old daughter of Mr. and Mrs. A. W. Kirkpatrick. Debbie stands 5'7" tall and has blue eyes and brown hair. Her favorite subjects are English, typing, and shorthand. Her hobbies are swimming, volleyball, and skating, and her favorite club is F.H.A. Debbie is in the National Honor Society and has held a second chair-All Region band. Last year she placed second in district typing U.I.L. When asked what was the most amusing thing that happened to her in high school she said, "I walked into Mrs. Grady's study hall one day and tripped over an air-conditioner cord and fell flat on my face." She plans to work in Amarillo this summer and return in the fall to go to Clarendon College.

Attending from Clarendon were Laqueta Burgess, Beth Green, Janice Hamilton, Marcia Longan, and Pam Perkins. Mrs. Doug Burgess and Miss Lynn Bourland accompanied the group.

Thursday, March 12, the Clarendon Chapter of FHA dared all high school students to care about our boys in Vietnam. A "Dare to Care and Share" session was held during activity period. In exchange for paper back books, hard candy shaving cream, and numerous other items, students received cookies and lemonade from members of FHA.

FHA and Homemaking girls are also demonstrating that they dare

to care about appearance of our Homemaking Department. They will be selling two Stanley products: Try-It All Purpose Cleaner and Aquilon Cold Water Detergent, to earn money for reupholstering a sofa and chair given to the department. If you can use these products call 2562.

TRACK SEASON

Track season is now upon us. The High School has entered its first track meet of the season. The track team, like any other sport, needs backers. This team spends many hard hours in preparation for their events. This alone is not enough. The team needs support. Whenever you hear of a meet try to give the team your support.

NEWS FROM

Congressman Bob Price
18th District, Texas

The issue of welfare has been again raised in Congress. Last week the House Ways and Means Committee approved President Nixon's welfare reforms and has sent the proposals to the full House for consideration. Since I will be called upon to vote on the reform proposals, I thought I would devote this newsletter to the subject, and hopefully obtain your reactions and comments.

In my mind, the present welfare system has been more than a failure, it has been a disaster of major proportions. It has rewarded laziness, fostered indifference, and destroyed work incentives. Vice President Agnew said it all when he declared, "The way our welfare system encourages idleness is a scandal. The way our welfare system actually breaks up families is a scandal. The way our welfare system robs human beings of their dignity — binding succeeding generations in a lifetime of despair — is the worst scandal of all."

President Nixon is determined to end this deplorable state of

affairs. He is striving to reform a system that has failed the taxpayer, insulted the working poor, and placed fellow Americans on a treadmill of lifetime dependency. To accomplish this, he has proposed turning welfare into workfare. The House Ways and Means Committee approves of his proposals, only time will tell whether the Congress does likewise.

Basically the President's proposals are aimed at destroying the traditional welfare system, a system by which a poor man who is working can look across the street at a family on welfare getting more for not working than he makes at his job. The President, as does most of us, wants to help the truly needy; that is, the elderly, the disabled, infant children of poor families, and working individuals who because of lack of training or inadequate job skills are unable to successfully compete in the job market.

To accomplish these goals, President Nixon has proposed that in order to be eligible for benefits, able-bodied adults would be required to sign up for work or work trainings. Employable adults would have to accept training or employment, or lose their benefits. The only allowable exceptions would be granted to persons who have pre-school children or sick adults to care for.

These work and training requirements will be coupled with a whole new approach to manpower training, an approach that

does not cost more money, but will deliver more jobs. For example, in cities all across the country, computerized job banks will be established. This will be a modern way to match available jobs to men who possess the training needed to handle those jobs. The need for such a job bank is evidenced by the fact that last year over 2 million jobs throughout the nation went unfilled because needed manpower and available jobs were in different locations.

Unfortunately, the President's welfare proposals will cost more money in the short run — current estimates run somewhere in the neighborhood of \$4 billion. They will also add 2 million families to the welfare rolls. However, the President maintains that if the old welfare system were retained, and if it continued to expand at its present rate, the cost to the taxpayer would exceed a billion dollars more than the proposed workfare program, and all of the faults in the present system would remain. In addition, as any businessman knows, when basic operational changes are made, there is often a "turnabout" cost attached. According to the reform proposals the costs to "turnabout" welfare to workfare must be borne if we expect to get people moving off welfare rolls and onto payrolls. Finally, with regard to the added number of recipients, the President contends that the only way to stop the present downhill slide toward a Welfare State is to reward the

poor who are willing to work, and let their successes be an inspiration to all Americans.

In summary, President Nixon believes that the truly needy — the elderly, the disabled, infant children of poor families, and the working poor — should be assisted by our affluent society. I am sure most of us would agree with this. He has proposed a plan to assist the needy and restore some semblance of dignity to the working poor, while helping them become truly productive Americans. Regarding the non-working poor, the President is attempting to change the present system to make it more profitable for them to work than to loaf. He believes it is a choice between work incentives now, or handouts forever.

I invite your constructive comments and reactions.

Sincerely,
Bob Price

YOU DON'T NEED TO USE NEWSPAPER ADVERTISING! IF YOU THINK SO, THEN

PREACHERS — Should preach only one sermon or so a year.

We are all against sin anyway, so why harp on it?

TRAFFIC LIGHTS — Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

TEACHERS — No need to review lessons. Tell the children just once and they'll never forget.

HIGHWAY POLICY — Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

MAIL ORDER FIRMS — That send catalogs are wasting their money. Everyone knows what is sold at area stores and of course they'll shop there.

IF YOU ARE ONE OF THE foolish kind, like the Notre Dame Cathedral that has stood for six centuries but still rings the bell every day to let people know it is there and if you believe in consistent profitable advertising, then you will . . .

Miss Mongole Hosts Pathfinder Club Fri.

Pathfinder Club met in the Mongole home Friday afternoon, March 13, with Mrs. Frank White, Jr., president, presiding.

During the business meeting, it was announced that the District meeting of Federated Club Women will be held in Shamrock April 2-3. Announcement was also made concerning the Girl Scouts' request for Trading Stamps.

The program for the afternoon was on Americanism. Mrs. H. T. Burton was leader and following the Pledge of Allegiance to the United States Flag, she introduced Mr. Clarence Hamilton, head of the Government department at Clarendon College.

Mr. Hamilton made a very interesting talk on Americanism giving a brief history of our country, the definition of Americanism, and asking such questions as: Who is a Good American? What Have You and I Done To Make This Country? What Are You and I Doing Today Toward the Care of Human Life and Justice in the United States?

During the social hour refreshments were served carrying out the St. Patrick motif.

Guests present included Mrs. Otis Naylor, Mrs. Charles Lowry, Miss Edgar Mae Mongole, and Mr. Clarence Hamilton; and members: Mesdames C. E. Bairfield, George Benson, R. S. Brumley, H. T. Burton, L. N. Cox, Clarence Hamilton, A. R. Henson, Pete Kunz, S. W. Lowe, Walter Lowe, C. T. McMurtry, Lacy Noble, Frank Phelan, Jr., Dick Shelton, Heckle Stark, C. G. Stricklin, Frank White, Jr., and the hostess, Miss Mabie Mongole.

Mr. and Mrs. A. M. Moss spent Thursday night with Mr. and Mrs. C. F. Moss. They returned to Arkansas Sunday.

Les Beaux Arts Club Holds Regular Meet

Les Beaux Arts Club met in regular session at Patching Club House with Mrs. Harold Phelps presiding.

Mrs. C. G. Stricklin gave a tribute to the late Mrs. Homer Glascoe who helped organize Les Beaux Arts Club.

Mrs. M. R. Allensworth and Mrs. H. S. Hardin arranged for the program, "A Child in Painting." Mrs. Allensworth introduced Miss Hudlow and Miss Nell Aoram.

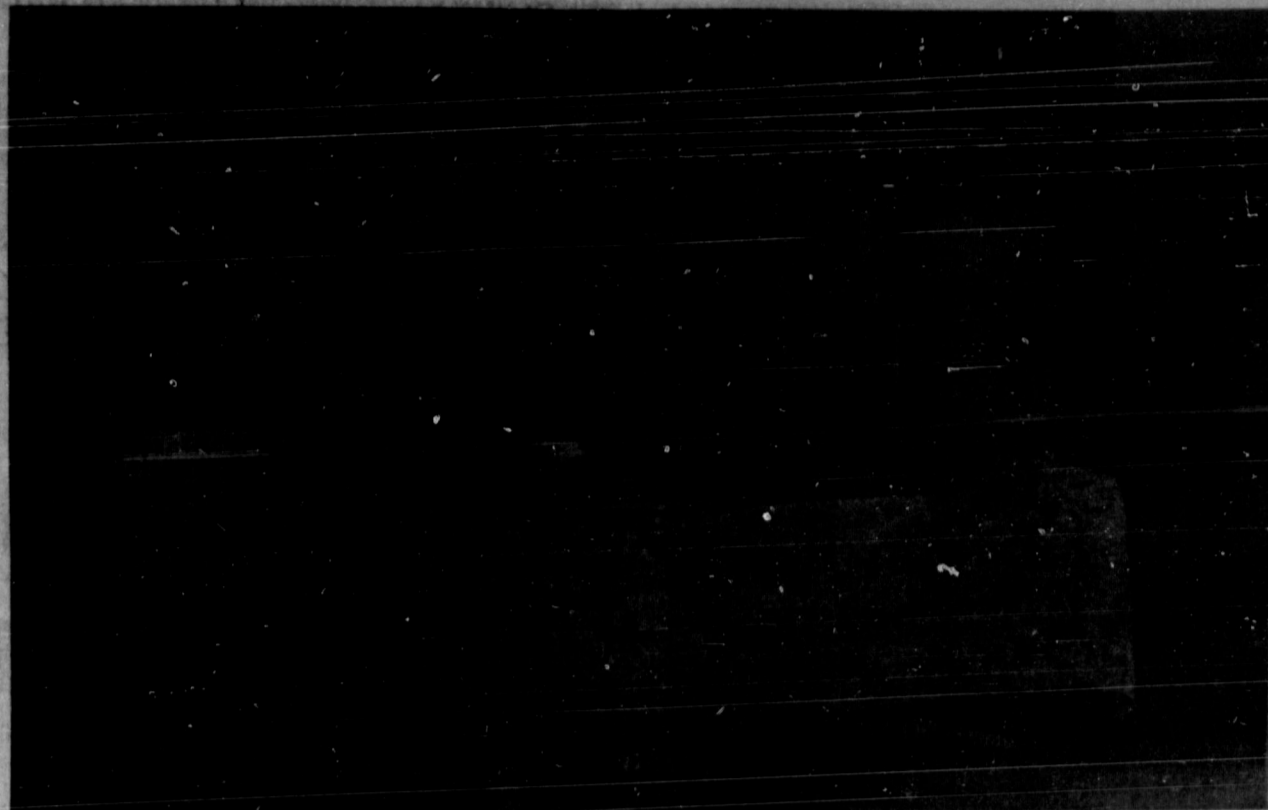

Miss Hudlow is a student in Estelline High School and a promising young artist. She was recently a nominee for the Hallmark Honor Award for best of the show in the region. She gave some good pointers on encouraging young children in developing artistic talent in painting. She quickly arranged material, seated Miss Abram and with pastels painted her portrait while all those present looked on. She did not object to an audience and worked with skill and apparent ease.

All agreed this was an outstanding program.

The hostesses, Mrs. Johnny Leathers and Mrs. Stina Cain, served delicious refreshments. The centerpiece of crocus, jonquils, and forsythia carried out spring colors of yellow and green.

H. D. CLUB TO MEET
The Home Demonstration Club will meet Friday, March 20, in the home of Mrs. Mae Wilkinson for an all day quilting and covered dish dinner. All members try to be present. Rep.

LELIA LAKE COMMUNITY
The Lelia Lake Community Center will meet Saturday night, March 21, 1970 at 7:00 p.m. Everyone come and bring a covered dish. Play ball and 42. Hostesses will be Mary Castner and Pauline Roberts.

CC HONOR SOCIETY RECEIVES NEW MEMBERS—Fourteen new members were welcomed into the Iota Phi Chapter of Phi Theta Kappa on March 10th. In an impressive candle-light ceremony, held in the Hospitality Room of the Farmers State Bank, chapter president Rene Ornes administered the oath to the new members.

Those applying for membership were Alcie Estes, Jan Tyler of Wellington; Benjamin Carson, Quail; Wanda Lamb, McLean; Frank Novak, El Paso; Stella Schaffer, Pampa; Guy Dell White, Spearman; Roddy Wilson, Turkey; and Patricia Braddock, Michael Graham, Dell Moffett, Jo Schollenbarger, Darlene Spier, and Linda Vaughan, all of Clarendon.

After Beryl Clinton, Dean of Clarendon College, closed the ceremony with a prayer, refreshments were served to the new members and their guests.

1926 BOOK CLUB HOLDS TUESDAY MEET

1926 Book Club members and guests enjoyed a musical program at their meeting in Patching Club House Tuesday afternoon, March 17.

The group was privileged to have as their program a presentation by the College Chorus under the direction of Mr. Ed Schubert.

Hostesses for the afternoon were Mrs. Arnie Pool and Mrs. Otis Naylor. The St. Patrick's Day motif was carried out in decoration and refreshments. Rep.

CHAMBERLAIN CENTER

Mr. and Mrs. Bob Williams, and Mr. and Mrs. D. G. Ballew will host the meeting at the Chamberlain Community Center Friday night, March 20, at 7:30 p.m. Bring tried chicken, salad, and dessert for your family and guests. Rep.

Good Neighbors Club Meets Friday in Bingham Home

Mrs. Rosa Bingham entertained Good Neighbors Club in her home Friday, March 13, in an all day meeting and covered dish luncheon. One quilt was almost finished.

Those to enjoy the day were one guest, Mrs. Tom Tucker, and members: Mesdames Alta Spradlin, Emma Davis, Carrah Nixon, Bessie Helton, and the hostess Rosa Bingham.

The next meeting will be with Emma Davis April 10. We will finish quilting the quilt. Rep.

Beta Sigma Phi, Mu Gamma Chapter

Mu Gamma Chapter of Beta Sigma Phi met Thursday evening, March 12, in the Hospitality room of the Farmers State Bank with Mrs. J. D. Riley presiding.

After the Opening Ritual a short business meeting was held. Guest speaker for the program was Mrs. Pete Bromley. Her subject was "Nature's Landscape." Meeting was concluded with the Closing Ritual.

Present were Mesdames Carl Irlbeck, Michael Isbell, Milton Mann, Leonard Selvidge, Eddie Reeves, Joe Bass, J. D. Riley, B. I. Ellerbrook, Donald Gooch, and Pete Bromley. Rep.

Miss Sharon Johnson, Bride-elect, Feted at Shower March 12

Miss Sharon Johnson, bride-elect of Jimmy Boliver, was honored at a pre-nuptial shower Thursday evening, March 12 in the W. C. Quisenberry home in Hedley. Hostesses for the courtesy were Mesdames Opal Evans, Sue Weatherly, Margaret Saunders, Jewell Quisenberry, Nettie Owens, Omie Beall Simmons, and Ida Lou Dickson.

Miss Cindy Saunders served pink punch, cookies, nuts, and mints from a table laid with a white cloth. The attractive centerpiece featured a lacy white parasol surrounded by sprigs of peach-blossoms and pink hyacinths carrying out a pink and white color scheme.

The honoree received a large number of lovely and useful gifts. Rep.

Mr. and Mrs. C. F. Moss, Shirley and Bill Moss visited in Borger Sunday and returned Bill to his home in Fritch.

Nina Dale received a polyantha.

The next meeting will be March 26 with Mae Wilkinson. Rep.

TEXAS PARKS-WILDLIFE COMMISSION TO MEET

The Texas Parks and Wildlife Commission will hold its regular quarterly meeting at 9 a.m., March 25 in Room 310 of the State Capitol Building, Austin, Texas.

The commissioners will consider proposals from Department personnel stemming from public hearings on licensing of mobile businesses on public beaches, issuance of scientific, collection, zoological and propagation permits; accounting procedures on beach cleaning; and procedures for obtaining and construction boat ramps.

Other items up for discussion have not yet been announced.

Mr. and Mrs. Dwayne Phillips and boys of Amarillo spent Friday afternoon with his mother, Quata Phillips.

GARBAGE APPLIANCE

A new appliance may solve the home's never ending collection of boxes, cans, bags and paper that fill garbage cans too full too fast.

One manufacturer has developed an appliance that squeezes a week's accumulation of trash into a specially designed plastic-lined bag, reports Doris Myers, Extension home management specialist at Texas A&M University.

Under 2,000 pounds of pressure, trash such as bottles, tins, cartons and aerosol cans is rendered four and a half times in less than 60 seconds.

The refuse bag is lined with polyethylene plastic for odor, moisture and germ resistance, Mrs. Myers says.

U. S. sanitation departments haul away half a million tons of rubbish a day so the appliance is sure to make a hit in the home and with the trash collector, the specialist notes.

'Tail-gating' Dangerous

"Tail-gating" can set off a violent chain reaction that nobody wants reminds the Texas Safety Association.

At least one car length for each 10 miles per hour of speed is recommended and TSA says a driver will need every inch of that space to avoid trouble.

New Traffic Laws

Changes in Texas traffic laws now require motorists traveling at less than the normal speed of traffic to stay in the right-hand lane of a multilane road.

New Texas Water Resources Study Committee held its first hearing in Mount Pleasant, will hold others in all parts of state.

The Kindness And Sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

**Are you going to
go through another year
thinking you can't afford
an Oldsmobile?**

Our own surveys indicate that quite a few people think an Oldsmobile is out of their reach. They think it costs a lot more than it really does. Result? Many people buy an ordinary car and end up with a lot less car and value for their money.

It's so unnecessary, too, because Oldsmobile has many models that are priced right down with the so-called low-priced cars.

So why settle for the ordinary when you can step up to an Olds and all the value that an Olds represents. Take this big, exciting Delta 88, for example. It starts out with a surprisingly modest price. Add to this the features that make it such an outstanding value—extras that are included in the modest price: □ Regular-gas Rocket V-8 □ Power Steering □ Power Brakes, front discs □ Nylon-loop carpeting □ Bias-Belted Tires □ Door Side-Guard Beams □ Hidden Radio Antenna □ Flo-Thru Ventilation □ Bigger, better riding 124" wheelbase. Check these extra values at your Olds dealer's today!

From Your State Capitol
By Vern Stanford

AUSTIN, Texas — With a total of 301 new plants, Texas has earned No. 1 rating among the states in industrial development for 1969 — first time in its history.

Gov. Preston Smith announced that Dun and Bradstreet Corporation, in a report published by the Fortune Magazine marketing research staff bestowed the recognition.

Number of new plants in Texas last year exceeded California's by 42 per cent. California was in second place.

Texas is the only southwestern state to rank in the top ten of new industrial locations.

Only six other states now exceed Texas' overall total of 15,376 manufacturing plants. Number increased by six per cent during last year.

Smith credited the increase to efforts of the Texas Industrial Commission and "the close-knit alliance between local, regional and state development groups and the partnership of industry and government that we have in Texas to promote a better life for all citizens."

Top ten states invested \$7.9 billion in programs to attract industry last year. Texas spent only \$385,370 — or less than five per cent of the total. State's share of the 3,813 new plants nationwide was 24 per cent.

"For an investment of one half the average, Texas has been able to accomplish nearly three times the results," Smith boasted.

Other states among the top ten were Georgia with 53, Illinois with 290, Alabama with 289, Indiana with 240, Florida with 224, Minnesota with 224, Ohio with 212 and North Carolina with 183.

Safe Driving Program Pushed
Governor Smith pledged all the influence and prestige of the governor's office to curb highway traffic accidents.

His "Drive Friendly" program calls for:

- Operating vehicles responsibly.
- Obeying all traffic laws.
- Respecting state and local police officers.
- Being generous with the right of way.
- Keeping vehicles in good operating condition.
- Avoiding driving while un- (particularly when drinking).

Welfare
Social Security checks will increase April 1, but many will receive smaller state assistance payments and some will become ineligible for state aid.

Welfare Commissioner Burton G. Hackney said Social Security Act amendments will have this

effect on Old Age Assistance. About 138,500 O.A.A. recipients will receive smaller state checks, although with Social Security increase, income will go up about \$4 a month.

About 4,100 will no longer be eligible for state aid. These now receive relatively high Social Security benefits and taken state aid.

Courts Speak
State Supreme Court set April 8 to hear arguments on a test case involving the constitutionality of the state law providing tax exemptions for historic buildings and sites.

High Court refused to enjoin the State Democratic Executive Committee from placing Rep. C. L. Ray of Marshall on the ballot as a candidate for associate justice of Texas' Court of Civil Appeals.

Supreme Court defined rules for paying natural gas production taxes where gas of several producers is collected by a central plant for processing thus permitting Mobil Oil Corporation to recover nearly \$350,000 in taxes paid under protest.

Third Court of Civil Appeals, reversing trial court, concluded that former State Securities Commissioner William King exceeded his authority in banning sales of cosmetics distributorships by Koscot Interplanetary Inc., a Florida-based concern.

Court of Criminal Appeals affirmed the death penalty assessed a 21-year-old Corpus Christi man in the strangulation of an 83-year-old woman in 1965.

AG Opinions
A Williamson County judge was the proper official to receive the election petition and order an election to consolidate Round County Line and Pond Springs Common County Line school districts, Atty. Gen. Crawford Martin has held.

In another recent opinion, Martin said the West Side Calhoun County Navigation District may designate an out-of-county bank depository in an adjoining county.

Grants Approved
Community Action (federal) grant of \$280,779 has been approved for Community Council of Bee County in Beeville for the 12 months which started February 1.

A second \$218,826 Community Action grant also was approved for Associated City-County Economic Development Corporation of Hidalgo County, Edinburg.

A \$186,463 federal grant to Community Action Corporation of Wichita Falls and North Texas Area cleared earlier as did following:
Dimmitt Independent School District, \$47,554 child development grant.

Harrison-Panola Counties Action Association Inc., Marshall, \$27,000.

Democrats, GOPs Certify Ballot
Democrat and Republican executive committees certified candidates for their May 2 ballots

and mapped plans for party conventions on September 15.

Republicans will take their 4,300-vote convention to Fort Worth. Democrats, with 5,531 delegates, will go to Dallas.

Democrats passed up suggestions to place referendums on busing of school children, daylight saving time and lowering the voting age on their ballot.

Discrimination
Title insurance companies operating in Texas have been ordered by the State Board of Insurance to revise their "chain of Title" reports to make sure they are not violating the federal civil rights act.

Order requires title insurance policies, when referring to deed restrictions, to omit references to color, religion or national origin. Those restrictions have been held invalid by the courts.

Amendments
A rash of legislative committees have been appointed by Lt. Gov. Ben Barnes and House Speaker Gus Mutscher. Among assignments were the following.

Study of a four-quarter program in schools — Reps. Jack Blanton of Carrollton, Dan Kiplak of Rockdale and Delwin L. Jones of Lubbock.

Agricultural Production Potential study — Sens. Bill Patman of Ganado, Dav'd Radloff of Stamford and J. P. Word of Meridian.

Mental Health and Mental Retardation Law Study — Sens. M. Alkin Jr. of Paris, H. J. Blanchard of Lubbock and Joe Christie of El Reno.

Study of State-owned Aircraft — Sens. Tom Creighton of Mineral Wells and A. R. Schwartz of Galveston.

Interim County Government study — Reps. Joe Shannon and Jack McLaughlin of Fort Worth, Walter Knapp of Amarillo, Donald R. Uher of Bay City and E. L. Short of Tahoka.

Study of problems caused by surpluses of unskilled labor in some sections and labor shortages in others — Reps. Honore Ligarde of Laredo, H. Tati Santesteban of El Paso, Felix McDonald of Edinburg, J. A. Garcia Jr., of Raymondville and Dayle Willis of Fort Worth.

THP Reports One Rural Accident in Feb.

The Texas Highway Patrol investigated one accident on rural highways in Donley County during the month of February, according to Sergeant Vernon Cawthon, Highway Patrol Supervisor of this area.

This crash resulted in an estimated property damage of \$255. The rural accident summary for this county during the first two months of 1970 shows a total of six accidents resulting in one person killed, one person injured, and an estimated property damage of \$7,405.00.

In an all-out effort to stem the rising toll of traffic accidents in Texas, the Department of Public Safety is increasing the ranks of its uniform services.

One hundred and twenty men between the ages of 20 and 25 are needed to start training for the position of patrolman on May 5, 1970.

All interested young men should contact any DPS office or patrolman for an application. Those who work Monday through Friday may contact the Lubbock, Amarillo, and Wichita Falls offices on Saturday mornings for processing.

Vodka Smelled Out
Vodka and other almost odorless beverages show up just as easily as their louder smelling alcoholic counterparts in the new breath test, says the Texas Safety Association.

The breath test, used to show the amount of alcohol—if any—in a driver's blood, will be an effective tool in reducing the number of motor fatalities in Texas.

AUTO THEFT ODDS
NEW YORK — One in every 107 cars registered in the United States was stolen in 1968, reports the Insurance Information Institute. A total of 777,800 thefts represented an increase of approximately 18.8 per cent over the 1967 figure.

Bacteria aren't all bad. According to Extension foods and nutrition specialists, they make sauerkraut, cheese, pickles, sausage, yogurt, salami and cultured butter and buttermilk possible.

A. B. Ivey and daughter, Mr. and Mrs. Morris Grump and boys took his son, Travis Ivey, to Amarillo to catch a plane for his home in Alaska and all ate supper with another daughter, Mr. and Mrs. B. R. Hall and children before time for the plane.

Hospital on Wheels

Coronary-units-on-wheels is the new concept in which the 'hospital' is taken to the heart attack victim.

More than half the deaths from heart attacks occur within the first 24 hours, according to Dr. Paul N. Yu, professor of medicine and head of the Cardiology Unit at the University of Rochester School of Medicine. Half of these deaths are unattended by medical personnel; transportation is the great difficulty.

The mobil coronary care units are one method of solving the problem.

"These are ambulances equipped with up-to-date facilities for

diagnosis and management of an irregular heart beat which can cause death and for other complications." Dr. Yu says "the preliminary results have been encouraging and promising."

About 1,500 hospitals across the country now have the coronary units. Just two years ago there were 400 units. Minnie Bell, Extension specialist for aging, reports that units have increased the survival rate by about 30% following heart attacks.

The most frequent cause of delay is the patient's indecision to go to the hospital or seek medical help, she adds.

Educational programs emphasizing early detection of heart attacks are greatly important.

A short interval between the time of heart attack and care reduces the high death rate from heart disabilities.

Assembly of God Missionary Services Sunday p.m., Mar. 22

The Assembly of God Church is announcing Missionary services for Sunday evening March 22, at 7:00 p.m. with the W. L. Teague. The Teague family is newly appointed missionaries to Ivory Coast, Africa. They are some of the latest additions to the Assemblies of God missionary family of some 969 missionaries to some 90 countries around the world.

The Teagues are the first Assemblies of God missionaries to be appointed to Ivory Coast, Africa where 50 thriving Assembly of God churches are located. These churches have been founded by cured lepers from New Hope Town Leper Colony, Liberia.

The service is to include slides of the mission field. The public is cordially invited to attend, says Rev. Cecil Chism, Pastor.

Mrs. Minnie Cannon, Rose Lee Watson, Louise White, Joyce Odom, Oddie Moss, Pat Knowles, and Dennis went to Amarillo on a shopping trip Tuesday.

Tips Given For Vehicle Registration

The deadline is passed to order 1970 Texas motor vehicle registration plates by mail, but there still is time for motorists to register their vehicles without a lot of the bother of former years.

The cutoff date for mail orders was March 1. But the three-part computerized form which all Texas vehicle owners received just after January 1 still will save time — if motorists act quickly.

All one needs to do is to take the registration application to his county tax collector's office or sub-station with the fee.

The process is greatly simplified and the lines — if any — are fast-moving.

That's still no guarantee there won't be long lines facing those who wait until the last few days before the midnight April 1 deadline. Each year, thousands of motorists put off registering their vehicles until the last minute.

And, each year, the final days of the registration season find tax collectors' offices and substations jammed with procrastinating drivers.

The Texas Highway Department has these tips for quick and easy registration:

Don't throw away your registration application; don't write on it or mar it. However, if the address is incorrect, you should show your correct residence address in accordance with instructions on the form.

Don't separate the three parts of the form. Take it to the county tax office or substation in one piece.

Don't send your application to the Highway Department in Austin; and, remember, the deadline is passed for ordering license plates by mail from your county tax office.

If you did not receive a three-part registration form by mail, or if you have lost it, take last year's motor vehicle registration receipt and your car title to the county tax collector's office or sub-station. Your vehicle registration will be processed as before, and you'll receive a

time-saving computerized form next year.

No Age Limits In Poisonings

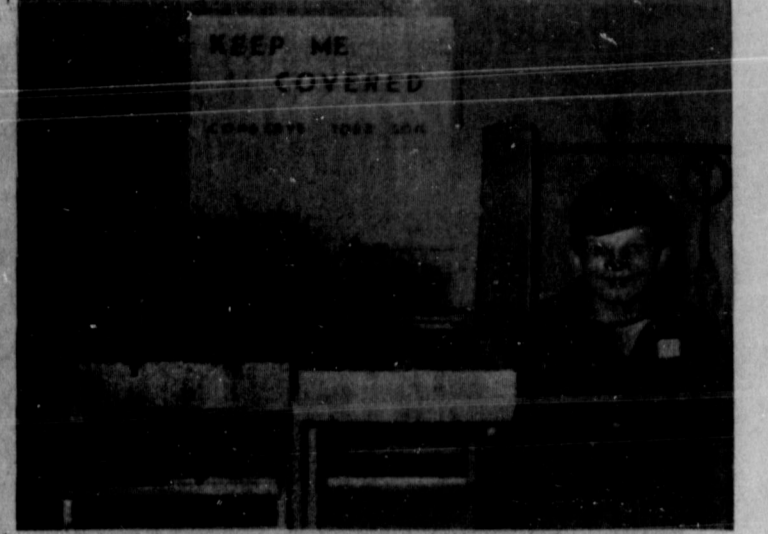

It is the young, the innocent, the toddler who are most often the sad victims of accidental poisonings. More than 100,000 accidental poisonings occur in the United States each year. Almost three-fourths of the victims are children under five years of age. For several hundred, the accidents are fatal.

Many thousands of others — teenagers adults, oldsters — are injured annually because of accidental poisonings. In today's chemical society, potent agents of death and injury are all around us. Recently, a news article reported the agonizing story of a 12-year-old girl and her 15-year-old friend who swallowed a number of pills left lying around by a relative of the younger girl. One of the girls died shortly after being admitted to the hospital; the other was unconscious from the overdose. It was found that the poisonings were caused by a left-over prescription drug that had not been used for some time.

Adults also make mistakes — the wrong medicine taken, the car not adequately ventilated, a garden spray inhaled or left on the skin. There are no age limits in poisonings. The pharmacists of our community urge everyone to join them in observing National Poison Prevention Week from March 15 to 21. The Week is an annual national observance proclaimed by the President of the United States in an effort to awaken the public to the dangers of accidental poisonings and to publicize methods for reducing the tolls of injuries and deaths.

This week and every week, follow these suggestions for the prevention of accidental poisonings:

- Store all medicines, insecticides and rodenticides in locked cabinets. If a locked cabinet is not available, use a suitcase with a lock.
- Never leave lye, polishes, kerosene and other household chemicals on a low shelf or on the floor.
- Never leave dangerous solutions in drinking glasses or beverage bottles.
- Adequately vent all combustion engines.
- Prevent inhalation of spray or fumes when painting and applying insecticides.
- Unused medicines should be discarded by flushing down the drain and rinsing the container before throwing it away.
- Read the label of any medicine before taking it or giving it — National Pharmaceutical Week.

BOY SCOUTS ENTER SCIENCE FAIR

Richard Leathers is shown with his Soil and Water Conservation entry in the local science fair. The two boxes on the right show the effects of wind on protected and unprotected land. The two boxes on the left show how water washes unprotected land soil. This fact is evidenced by the muddy water in the cup on the left as compared to the clear water on the right. Richard won third place in the Science Fair with his entry.

This project is also used as part of Richard's project for obtaining a merit badge in Soil and Water Conservation. Other boy scouts working on their Soil and Water Conservation Merit Badge are Feral McAfee, Donnie Putman, and Pat Robertson. Feral also had a good demonstration on soil and water conservation entered in the Science Fair.
