City Council meeting held Sept. 27

Several concerned citizens attended the Clarendon City Council meeting, August 27 to ask questions concerning the trash situation. One of the most asked questions was "why didn't the city build a new dump instead of letting BFI haul our trash off?" The state advised the city that their dump was full and they must either build a new dump or find some other way of disposing of trash.

In order to build a new dump, they would have to find a place with a clay bottom to hold any water drainage, to keep the sewage water from getting into the water supply. All the fingers leading from the dump site would also have to have clay bottoms.

Councilman Gene White stated, "It took \$80,555.45 last year to maintain the dump. There was something like \$28,000 more than what the city took in for trash pickup. It cost the taxpayers \$28,000 in taxes just to maintain the dump grounds."

Another question was "why did we have to build a new dump when surrounding towns did not have to?" The answer to that was "our dump was full, theirs is not - when their dumps become full, they will be faced with the same situation, either haul it off, or build a new dump."

Because of recent rains, trash trucks became stuck in Memphis dump grounds, therefore, they were unable to pick up trash. Several citizens called the Press office wanting to know if they have to pay for the week that the trash was not picked up. Yes, the City contracted with the BFI to haul the trash off for a certain amount, and when circumstances make it impossible to pick up the trash, BFI will get it just as soon as possible. That contract amount is for hauling the trash off, where, they haul it, to Amarillo, Memphis or some place else does not matter. That is BFI's responsibility.

Work day at museum planned

The Saints Roost Museum will have a work day Saturday, September 7th. Glidden Paint Company has donated some 40 gallons of paint to the museum through J&W Lumber.

Work will begin on the entrance hall and continue through what used to be the ward. Petitions have been taken out to make room for a meeting room.

Anyone wishing to help with this project is asked to bring your tools and meet at the old Adair Hospital about 9 a.m.

PTA Organizational meeting set for Sept. 10

Clarendon Citizens may haul one pickup load of trash to the city dump container once every ten days free. You must go to the city hall office to pick up the key on weekdays and on weekends or after hours the key may be picked up at the Sheriff's Office. If you haul more than the one pickup

load it will cost you \$5.00. A big truck load may cost \$30.00 or if you have more than a pickup, but less than a big truck they will adjust the cost between the two load amounts.

The state has advised the city that they must now cover the old dump over with 2 feet of top soil.

Post Office announces new hours

Postmaster Bob McCombs has announced that there will be some new hours at the local post office effective September 14th. Amarillo and Lubbock have been working all of the 792 zip code mail. This mail will now be worked in Childress. This change will result in a savings of about \$100,000.

In order to do this the mail must be picked up and delivered to the Clarendon post office earlier. The incoming mail will arrive about 6:50

a.m. instead of 7:50 a.m. and the outgoing mail truck will depart from the post office at 4:30 instead of 5 p.m. The window at the post office will open at 7:45 a.m. and will close at 4:15 p.m.

Postmaster McCombs urges you to mail your outgoing letters as early as possible and not wait until the 4:30 p.m. deadline, as this would help the post office get the mail ready for the outgoing truck.

Local citizens raise \$2000 for MDA

Clarendon citizens raised approximately \$2,000 in pledges and special events during the Twentieth Annual Jerry Lewis Labor Day Supershow to benefit the Muscular Dystrophy Association. In the Panhandle area a total of 177,780 went up on the toteboard and nationally over \$33,181,650 was pledged.

Hosted again by Jerry Lewis, MDA National Chairman for over 30 years, the 22 1/2 hour entertainment marathon featured some of the most popular personalities in show business including stars of TV, film, stage and the concert world -- all of whom contributed their talents to help in the fight against some 40 neuromuscular diseases. Ed McMahon served as Lewis' anchorman for the thirteenth straight year, backed up by Casey Kasem and other

celebrity co-hosts.

KFDA-TV, Channel 10, carried the local portion of the show which was aired live from Western Plaza Mall and began at 8:00 p.m. Sunday night and went off the air at 6:30 p.m. Monday. Special MDA events coordinated by the Clarendon pledge center during Labor Day weekend included: Fire Department Fill the Boot - \$1,247.40, Fire Department and Ladies Auxiliary Firebelles motorists rest stop donations - \$181. Door to Door and fish bowl - \$22.00.

Proceeds from the supershow help fund over 600 individual research projects throughout the U.S. and abroad; 10 university based research centers; more than 240 free diagnostic and treatment clinics; summer camping programs; and professional and public education.

First Baptist Church to have after school ministry

The First Baptist Church is going to attempt an after school ministry. This ministry will be extended to those children whose parents are working and are not at home when school is out. We will have the church's van at the school at 2:45 p.m. and 3:45 p.m. to pick up the children. We need to have the children picked up at 5:00 p.m. There will be refreshments, music, films, and Bible stories as part of the recreation.

If you want to participate in this ministry, would you please call the church office at 3833. This will give us some idea of how many children to expect. Also, tell us what time your child will be getting out of school. This will help the driver of the church van to know whom to pick up.

We will begin this ministry Monday, September 9th.

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-eight members, Lion Sweetheart Jessie Adams, assistant secretary Lisa Winsor and five guests were present. Following the regular opening ceremony Lontamer Messer introduced Larry P. Lion Jem Simmons, who was presiding in the absence of Boss Lion, then called on Lion Smith to introduce our program by head coach Buddy Sharp who introduced assistant coaches Mickey McGuire and Gary Fletcher. Coach Sharp then gave us some information on our football team. We have 48 boys who have reported for practice. We have two returning starters on offense and three on defense. Coach Sharp asked everyone to be present for our first game Friday night here in Clarendon. Lion Sharrar went over plans for our annual pancake supper to be held from 5:00 to 7:30 this Friday night. Everyone is invited to come by the Lions Hall and eat pancakes and then to go to the football game to back the team.

Letter to the Editor

To whom it may concern:

This letter is written directly to the person or persons who shot both of our dogs, killing one and shattering the leg of the other. Two of our children are members of the 4-H K-9 Korp, which is the 4-H dog project, and it was their dogs which were shot. The one that was killed was a 6 month old puppy which belonged to our 9 year old daughter. The one whose leg was shattered is our 15 year old son's. They took second place at the 4-H State Dog Show in Victoria, Texas 2 weeks ago.

Our 9 year old daughter is having a very hard time trying to understand

why anyone would kill her dog, and we can't give her any answers. So she has cried herself to sleep. She had worked very hard with her puppy, teaching it, grooming and looking forward to showing it this year in other dog shows. Who could shoot to kill a puppy?

"Sandy," whose leg was shattered had taken many ribbons at dog shows over the year and a 2nd place at state. Now we don't know if she will be able to walk again because of the extensive damage done to her leg.

Both dogs were very good natured and would not have hurt anyone or anything. Anyone who knew our dogs would agree, so we know there was no reason for this vicious act. There is no excuse for maliciously shooting an animal.

We hope to find out who did this simply so they can explain to our children why they shot their dogs.

And we hope this doesn't happen to their pet or anyone elses.

Ronnie and Melinda McAnear

Editor; The Clarendon Press

This is in regards to primarily three articles that appeared in the August 22 edition of the Clarendon Press.

According to the "County Minutes" on page 4, the County Commissioners had a "lengthy discussion" regarding the bids respectively submitted by Sears - J.C. Fosny - and our local Sandra's Custom Drapery shop, and decided to accept Sears bid "because it had 59 more yards of material." Sandra's bid was \$19.56 higher than Sears, rather a paltry amount considering she is the only local business who bid on the curtains, and the tax from the sale would benefit the city. Also, she was appraised of this difference in material? Which brings me to the article on page one stating that "Clarendon's sales tax down from 1984," so the Commissioners give a rather sizable sale to an out of town business and so the 1985 sales tax will be the loser!

Then we are further urged to "shop at home and bring in more sales tax" in the same sales tax

article bemoaning the loss of the revenue from sales being down" at home or specifically, Clarendon!

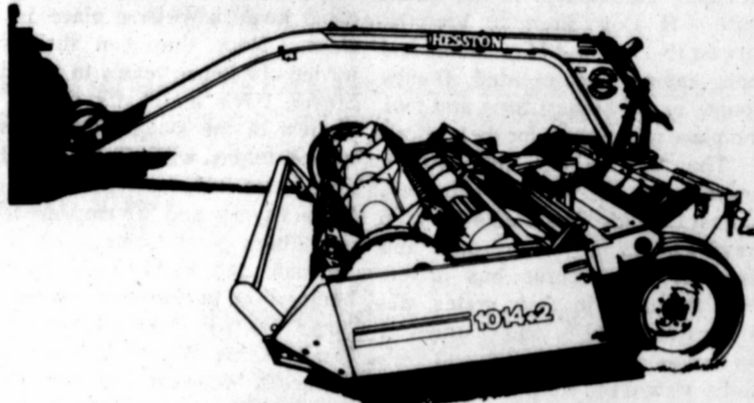

If such actions as this by the Commissioners is practiced, what incentive do our local merchants have to struggle along trying to make a success of their business? And what about those of us who have traded here with practically all the merchants when we could have purchased some things at a better price elsewhere?

I have personally talked with several individuals who feel this was a sad mistake, and truly unfair to Sandra's Custom Drapery in particular, and are considering buying less in Clarendon if even our Commissioners give a sizable sale to a business from another town, and if these were "scalped bids" isn't it mandatory to accept the lowest bid, if acceptable, and not discuss it at length?

Sincerely,
Eleanor Munden

K-9 KORP, centered around Chris Carpenter, Trailways bus driver.

The Donley County K-9 Korp members participated in the Texas State 4-H Dog Show in Victoria, August 15-17. The 4-H members and their canines represented Donley County in the highest form and took 2nd place in the show for their effort.

"The Victoria or Bust Story" began very early on Thursday, August 15, with 12 excited 4-H'ers, 6 brave leaders, 14 sleepy dogs and one very, very brave bus driver. With the dogs in their crates, the 4-H'ers on cloud 9, and Carolyn in her curlers, instructors Bob and Vera Andis wished the Korp members the best of luck. Bgb reminded them to remember their sportsmanship and to do their very best.

The chartered Trailways bus was boarded and they were on their way bound for, first stop, San Antonio. Those leaders making the trip were Ronald Gooch, Terry Floyd, Judy McCully, Marian Davis, Melinda McAnear and Carolyn Myers.

The bus driver, Chris Carpenter, was informed by leader Judy McCully, that the bus would need to stop every 3 hours in order for the dogs to be exercised and watered. By the first stop it became very evident they had a very helpful and understanding driver. In 3 hours he not only knew the kids and the leaders by first name, but also the dogs names and which dog belonged to which 4-H'er. During the trip Christ walked dogs, fed dogs, watered dogs and made lots of friends.

Upon arrival in San Antonio, rooms were assigned while baggage dogs and crates were unloaded. In a flash, the swimming pool was invaded by Donley County 4-H'ers ready for fun. Before calling it a day, all 4-H'ers worked their dogs in the motel parking lot, with several impressed on-lookers.

Friday came and it was rise and shine. Uniform of the day was K-9 Korp T-shirts and white shorts... Destination: Lackland Air Force Base for a tour of the Department of Defense Dog Training Center. Sergeant Stone greeted them and introduced herself as their tour guide for the day. The tour began with an attack demonstration, in which a Rotweiler and a German Shepard were instructed to attack a soldier to stop the attack upon command. It was a very impressive demonstration. We also observed examples of the temperament test. Each dog must pass this test before being accepted into the training program. Next, the grounds, kennels and canine hospital were toured. Over 300 dogs are housed at this facility. The canine hospital was an ultra modern ultra equipped facility that they all enjoyed getting to see. While in the hospital, they observed "Bill" a very large Rotweiler being sedated and having his teeth cleaned. The tour was concluded and with Sgt. Stone's permission they unloaded all their 4 legged friends outside the compound for exercise and water. They all thanked her for the interesting tour, loaded the bus once again, and headed for Victoria.

The remainder of the day, once they arrived in Victoria, was mainly spent by the 4-H'ers practicing with their dogs. They thoroughly went over and over and over the different events and exercises that each of them and their dogs would be competing in the following day...The Big Day...the day they had all worked so hard for all year long.

With excited anticipation, that day did finally arrive. They headed for the Show. Each 4-H'er and leader clad in their dress uniforms and dogs in their dress vests invaded the building. An omelet rodeo was awaiting them which had been prepared by the Victoria 4-H club. With a few too nervous to eat, the others downed their last bites... because it was show time!

Following the great breakfast came show time. All the kids scrambled back to the crating area to put the final touches of grooming on the dogs for the show ring. Their

very first entry, in fact the very first entry of the entire show, was Mike Moore and Baron Maxwell Von Schamann CD in Open Obedience (the most advanced obedience class in 4-H competition). Mike and Max did a beautiful job and as a result came away with first place in the class. Next, they had their sub-novice obedience teams in the ring. Steven Davis and Taffy scored the highest of the Donley County sub-novice teams with Debbie Tolbert and Chico only one point behind. Scott Myers and Stormy came in next, high point Collie, with sister Shannon and Paddy right on their heels. Fine performances were also turned in by Todd McAnear and Sandy, Craig Wright and Max and Elizabeth McAnear and Sue. None of these kids placed in the class, but in a class of 68 that is pretty hard to make the top four. On to the novice obedience teams, Jenifer Davis and Ben, Gwyn Tolbert and Brandy and Georgi Klattenhoff and Roscoe. These three gals and their buddies had a bit of hard luck that day, so they didn't place in novice either. All three came through later in flying colors. In the novice junior showmanship (judging the way the child handles and presents their dog) we had Jenifer Davis and Ben, Steven Davis and Taffy, Georgi Klattenhoff and Roscoe, Elizabeth McAnear and Sue, Scott Myers and Stormy, and Shannon Myers and Paddy. This class was so large it took 2 1/2 hours to judge, which was very hard on kids and dogs alike. Jenifer and Steven both made the final cut, but were not able to place in the top four, however making the cut in such a large class deserves congratulations. We did not have an entry in the open jr. showmanship (state win or 1st place in an AKC show). In novice senior showmanship we were represented by Craig Wright and Max, Gwyn Tolbert and Brandy and Todd McAnear and Sandy. All three teams did a great job. Then came the open senior showmanship (most experienced handlers and toughest class due to experience and wins needed to show in this class). The Korp's entry here was Mike Moore and Bonne-Schon. Mike and Bonne took third place in a very tough field of handlers. After a lunch break came the conformation judging. This judges the dog itself on movement, conformation and general appearance. In 4-H competition, they are judged by the seven AKC groups rather than by breed to save time at such a large show. These groups are sporting, hound, working, terrier, toy, non-sporting, herding and miscellaneous (the 8th group in AKC regulations). 4-H also adds special (any former state best in show winner and any dog with any AKC championship points or championship must show in this class). They also have non-purebred classes (so all kids can participate in conformation) divided over #25 and under #25.

Unable to attend at the last minute. Missed you Wil. Get ready for next year. In the Working Group they were represented by Mike Moore and Kimbertal's Lieb Bonne-Schon (Doberman Pinscher), Gwyn Tolbert and Katrina Von Sarajevo (Rottweiler) and Christy Smith and Babe (Alaskan Malamute) were entered but Babe didn't get to go as she had a litter of unexpected puppies. Christy did make the trip and was a big help with the dogs. Thanks Christy. Your time is coming. When the Working Group finished judging, Mike and Bonne were #1. This meant on to Best in Show competition! Gwyn didn't place but did a fine job with a rather "unhappy" Rottweiler. Kata did really not enjoy the trip that much as she has a motion sickness problem. Considering this she really did well. Next came the Terrier Group with Georgi Klattenhoff and Mincey's Baron Von Roscoe (Min. Schnauzer). Georgi and Roscoe did a great job and came away with a third place in group. Way to go! In the Toy Group we were well represented by Steven Davis and Taffy (Toy Poodle). Steve and Taffy showed their hearts out but failed to place. We had no entry in the Non-Sporting. Hope to next year. Next came the second largest class, the Herding Class. Here we had Shannon Myers and My Grand Dame Paddington (Collie), Scott Myers and Carmel's Storm Cloud (Collie) and Mike Moore and Keesha Lorane's Bit O' Honey (German Shepard). When all was said and done Mike and Honey placed second in the class. Scott and Shannon did a really good job with very young dogs. Again, wait until next year! Now we have the Miscellaneous Class with Jenifer Davis and Benjamin Ringo (Border Collie). Tough class, but Jen and Ben came out #1, so they also go on for Best in Show! We had no Special, but we will next year hopefully. On to the Non-Purebreds, under #25. Here we were well represented by Debbie Tolbert and Chico (Schipperke Mix) and Elizabeth McAnear and Sue (Terrier Mix). Both girls really gave it their best shot, but the judge wasn't impressed. Here came the Non-

Purebreds over #25 with Gwyn Tolbert and Brandy (Golden/Brittany) and Todd McAnear and Sandy (Labrador Mix). Here we really did shine. Gwyn and Brandy took 1st and Todd and Sandy took 2nd. Brandy and Gwyn went on to defeat the best under #25, winner to be named "Best Non-Purebred in Show." None of our kids wanted to enter the costume event, but we hope to have several entries next year. The Best in Show competition came around next, with our two entries, Mike and Bonne and Jenifer and Ben. All did a great job of showing, but the honors went to a Cocker from Victoria. We'll get them in '86. The final event of the day and first time at the State Show was the Drill Team Competition. Donley County's Drill Team consisted of Captain Mike Moore and Max, Shannon Myers and Paddy, Jenifer Davis and Ben, Gwyn Tolbert and Brandy, Georgi Klattenhoff and Roscoe and Steven Davis and Taffy. These six kids with a very minimum of practice came home with 2nd place from state. We hope to continue work with the drill team, enlarging it and improving it for exhibitions as well as competition in the future. The team worked to a chant composed by Tiny Alderson and recorded by Fuzz Mooring and Lynn Alderson. Thanks a lot both of you for all your help. The biggest thanks go to Bob and Vera Lee Andis for their hours and hours of work with these kids. But it paid off, producing the #2 club in the state and the #2 high scoring individual in the state in Mike Moore. Next year we plan to be bigger and better. Victoria is much larger population wise and club wise, but we aim to beat them in '86 when we meet again on neutral ground in Snyder, Texas. We think Donley County and Texas should be very proud of these kids and their dogs. After all they traveled nearly 600 miles each way to compete and some of these dogs had never been farther than to town to class. A special thanks to the Donley County Farm Bureau and the Donley County Extension Homemakers Council for their financial help for the trip. Thanks again to everyone who helped in any way to get us to Victoria!

Senior citizens activities report

Terry Floyd, Home Extension Agent, and the Donley County 4-H'ers prepared and served a "Fiber Feast" at the Center on Tuesday, August 27th for our monthly nutrition program. These young folks brought in some real tasty goodies that were enjoyed by all. We do appreciate their interest and willingness to help with our programs.

Had a super birthday/anniversary salad supper on Tuesday, August 27th. Fifth-nine were present to enjoy a fine variety of good food. Birthday people present were Eunice Mann, Lela Swain, Lillian Eudy, Frank Reid, Ilene Davidson and Thelma Hall. Anniversary couples were Truett and Thelma Behrens, Frank and Gertrude Reid and Verdie Tipton for she and Ernest. Ole lucky Goldie Barbee got the door prize. Clip-ons went to Frank Barbee, Ilene Davidson, Jay Gould and Fannie Wilson. Our town "Local Strings" played music for entertainment. They are Creed and Jake Smith, Hugh Neuhaus, Truett Behrens, Ray Anderson, Jack Davidson, Wally Sides and me. We had a fun time.

We have all enjoyed the nice honeydew melons and canteloupes that Olace Hicks has brought in.

Clarendon College benefits community

What, do you ask, does Clarendon College do for the town of Clarendon? Let me answer that with at least a partial list of its contributions. Each resident chooses which offering to partake of. Some are directly advantageous to the community while others are felt more indirectly.

1. Counting employees and their immediate families Clarendon College adds 105 to the population of Clarendon.
2. Over 40 full time and many part time salaries are added yearly to the area's economy.
3. The utilities companies and local businesses benefit from the college's presence.
4. The students attending Clarendon College spent money for rent, entertainment, and personal items.
5. The facilities of the college are available for public use, the library for research, the track for individual exercise (and socializing), the buildings for UIL academic and athletic events, the buildings for public programs such as defensive driving, DIU classes, beauty pageants, Girl Scouts, graduations, etc.
6. The college provides inexpensive, wholesome entertainment, collegiate basketball games, intramural athletic competition, rodeos - intramural and NIRA, Tumbleweed Talent Show, musical presentations - choir and Cowboy Band, high quality

plays - comedies, musicals, dramas, art shows.

7. Vocational-technical courses offer economical services, radio-television repair, cosmetology services, automotive repair.
8. The college plant science department maintains a greenhouse and sells a variety of plants to the public.
9. Community education (non college credit) classes such as bridge, local history, and marketing commodities are offered.
10. The college cafeteria can be an alternate place to eat out.
11. Throughout the 87 years of its existence the college has provided husbands and wives for many natives of Clarendon.
12. Last and best of all, Clarendon College has provided an inexpensive, easily available education for the residents of the area. This education may range from a single three hour class to an Associate Degree or a vocational/technical certificate that was the stepping stone to higher educational achievements.

We hope that you have been affected by most of the bountiful dozen contributions. However, if you have not, now is an excellent time to start taking advantage of Clarendon College. We are here to continue serving the community.

Proud grandparents are Chuck and Connie Rogers of Clarendon and Cecil and Ruth Rhinehart of Amarillo.

Bright to attend USAO

Eddie Bright, a Clarendon Junior College graduate from Lubbock, will be among more than 120 students enrolling at the University of Science and Arts of Oklahoma who are being recognized for scholarship, talent or leadership. In Eddie's case, that quality is both scholarship and talent, as he is pursuing a degree in Art. USAO has been recognized for one of the most talented departments of artist/teachers, while conducting shows of works by students, instructor, or, guest artist throughout the year.

Many business people and professionals have no idea that they -- and all they've worked for -- are exposed to costly private lawsuits.

In fact, the very hallmarks of success -- from yachts to handsome homes -- make business people tempting targets.

Civil lawsuits have increased from an estimated 10 million in 1967 to projected 14 million for 1982. By 1979, the average award in a fatal accident case was over \$350,000.

Yet the standard homeowners insurance policy typically provides liability coverage of only \$100,000. So a major lawsuit might endanger savings, a home, even future earnings.

Knorpp Insurance believes that people with important assets should consider personal liability umbrella policies. These policies will not protect against liabilities incurred in business -- but they will close some of the gaps that other types of coverage leave open.

Knorpp Insurance umbrella policy offers as much as \$10 million in protection -- and a million dollars in coverage costs as little as \$100.

UNIQUE PRESCRIPTIONS

It is estimated that physicians, dentists, podiatrists, and other health professionals produce over one billion prescriptions each year. And each one of these prescriptions is in some way unique to the individual for whom it is prescribed. For almost every prescription, the following must be determined: [1] the type of medicine to be used, [2] the dosage regimen (once daily, twice daily, etc.), [3] the dosage form (liquid, tablet, suppository, etc.), and [4] the quantity of medicine to be dispensed and, therefore, the duration of therapy.

The prescriber must take into consideration factors such as age, weight, sex, and general condition of health of the patient. Other medicines being taken must also be considered because of drug-drug interactions. Even diet and drug-food interactions must be evaluated.

Because every prescription is in some way unique to each patient, it is an unwise health practice to use the prescription medicines of others. What is good for one person may be harmful to another - even when taken according to labeled directions.

your family.

There's nothing quite like a char-broiled burger on an outdoor grill, but who wants to cook in the dark? You can lease a Guard-Lite from West Texas Utilities to light your evenings for such outdoor activities while you also enjoy the added security of well-lighted property.

Guard-Lites automatically turn on at dusk and off at dawn everyday, so you can depend on reliable lighting year-round. All you pay is a low monthly rental fee, and WTU will provide normal installation, maintenance, electricity and bulb replacement -- free of charge!

Call your local WTU office for more information on how you can lease a Guard-Lite, and watch the "Guard-Lite Gourmet" come to life in your family.
