Do you have a dance troop who would really like to "show their stuff"? Whatever your talent, enter this panhandle-wide talent show today.

Proceeds will go toward the Cystic Fibrosis Foundation and toward student scholarships for Texas Panhandle students by the sponsoring clubs, the Green Masque Drama Club and the PTK National Honor Society.

Broncho boosters to meet every Tuesday

Bronco Boosters will meet every Tuesday night at 7:00 p.m. at the high school. All persons interested are welcome to attend these meetings.

Funeral services were held for "Bill" Greene

Funeral services for William Slaton "Bill" Greene, age 69, were held at 10:30 a.m. on Thursday, September 5, 1985 in St. John the Baptist Episcopal Church with the Rev. Evans Moreland of Amarillo, officiating. Interment was in Citizens Cemetery with arrangements under the direction of Robertson Funeral Directors.

Mr. Greene died at 9:50 a.m. on Tuesday, September 3, 1985 at Gilkey Clinic in Clarendon of an apparent heart attack. He was born August 24, 1916 in Memphis and came to Clarendon in 1924 from Memphis. He was married to Glendora Adams on December 25, 1945 at Leslie, Texas. He and his family owned and operated Greene Dry Goods Company from 1924 until 1983. He was a veteran of World War II and a member of St. John the Baptist Episcopal Church in Clarendon.

Survivors include his wife, Mrs. Glendora Greene of Clarendon; one daughter, Mrs. Judy McMillen of Dallas; one son, Joel Greene of Clarendon; one brother, Paul J. Greene of Sequim, Washington; and two grandchildren.

Casket bearers were Jack Mont-

gomery, Mike Montgomery, Jerry Montgomery, Lacy Montgomery, Dean Cook, and Johnnie Myers.

Honorary bearers were Bob Hay, Lawrence Neece, Lloyd Benson, C.L. Benson, Willard Skelton, Jimmy McElroy, Jim Hayes, Wayne Riggs, and Frank Phelan.

Sorghum producers should be aware possible cornear worms

Sorghum producers should be aware of possible cornear worm (headworm) and spider mite infestations in their sorghum field, according to County Extension Agent Ronald Gooch. Headworms have been found feeding in the heads of some sorghum fields. Apply an

insecticide when an average of two or more worms per head are found.

The hot, dry conditions have been very favorable for a spider mite buildup. Remember that heavy infestations of spider mites after the hard dough can cause stress-induced lodging.

THESE BROTHER and sister combinations all attend Clarendon College.

Attending CC seems to be a family affair

Recommending a college to a friend is good advertising for that college. However, bringing a younger brother or sister to college is high praise indeed. Attending Clarendon College seems to be a family affair this year.

Pat and Nancy Lenz are 1984-1985 graduates of Hartley High School. The McKinley family of New Mexico continues to send its offspring to educate. Johnny Ray McKinley of Datil, New Mexico was a May 1985 graduate of Clarendon College.

This year his brother, Jigger Dee, is a Ranch Feed Operations student. Their cousins, Phil, Missy, and Bobbie (Sug) McKinley graduated from Socorro and Quemado High and are now continuing the family tradition at Clarendon College. Phillip and Wayne Jiron are freshmen from Bosque Farms, New Mexico. Silver Sisneros of Santa Rosa, New Mexico attended here last year and during the summer recruited his younger brother, Frank, for our RFO program.

This kind of family attendance at Clarendon College increases our enrollment while decreasing their chances to be homesick.

Attention Colt mothers

All mothers who have a 7th grade Colt student (boy or girl) please bring one dozen brownies or Rice Krispy treats to the concession stand by 4:00 p.m. on September 12, 1985. Please cut these in at least a 3X3 inch square and wrap them individually. If you cannot furnish either of the above, please pay \$3.50 to Vida O'Neal or Gail Hill.

Misunderstanding by some at City Public Hearing

At the Public Hearing held at 9:00 a.m. on September 6, 1985, at City hall to adopt the tax rate, there was some misunderstanding by some of those present which the City would like to clarify. Several of the citizens present thought that this Public Hearing was being held to allow them to vote on the tax rate. Actually, the first Public Hearing which was held on August 27, 1985, was for the purpose of giving taxpayers an opportunity to express their opinions about the proposed tax increase and several taxpayers were present for this hearing. The second Public Hearing is held for the City Board of Aldermen to vote on the adoption of the tax rate as prescribed by the State Property Tax Board. According to law, a governing body may increase the tax rate without a public vote by as much as 8% over the calculated effective tax rate as published in the Clarendon Press on August 8, 1985. Although, the wording in the quarter page public notice in the newspaper dated September 5, 1985, may have sounded like a public vote would be called for, the ad that appeared was the notice required word-for-word by the State Property Tax Board. All the public notice requirements and meeting requirements are set by the State Property Tax Board, and the City Board of Aldermen complies with all the notice and hearing requirements of the Property Tax Code.

We regret that there was any misunderstanding concerning the purpose of this second public meeting.

Farm news

REMOVAL REQUIRES APPROVAL

Producers with the Commodity Credit Corporation price support loans must obtain authorization from our office before commingling, rotating, moving or selling loan grain.

Penalties will be imposed when loan grain is removed or disposed of before repayment or before a release authorization is obtained from the county ASCS office. To avoid administrative penalties and liquidated damages, farmers should contact the ASCS office for specific details before moving any farm-stored grain.

It is the farmers responsibility to maintain the quality of grain under loan. Regular inspection of farm-stored grain are particularly important during warm weather months.

AGRICULTURAL CONSERVATION PROGRAM

We have a limited amount of funds available due to underearnings and cancellations. If you have a conservation problem that we might be able to assist you with be sure and make application for assistance as soon as possible.

ACR MAINTENANCE & HAYING & GRAZING

The county office is spot-checking a random sample of county farms to see if guidelines are being followed on ACR use. We are checking haying and grazing applications and also acreage reports. Remember, all ACR acres must be protected from wind and water erosion through the entire year. Weeds must be controlled.

Unauthorized harvesting and grazing will result in loss of program benefits. We do have a special haying and/or grazing program provided you first file a request and pay a \$10 fee.

FARM STORED SEED WHEAT

If you are going to request a proven yield for 1986, you may want us to measure your farm stored seed wheat. If not measured, this production cannot be used with elevator production to compute proven yields.

Farm Bureau convention will have chicken barbeque

The Donley County Farm Bureau annual convention will be held September 21, 1985 beginning at 7:00 p.m. at the Lelia Lake community center according to Harold White, county president.

The convention will begin with a chicken barbeque supper. All Farm Bureau members are encouraged to attend. Leave one half chicken per person at one of the area grocery stores where they will be picked up by 10:00 a.m. on September 21st. Everything else will be furnished by the Donley County Farm Bureau.

The main purpose of the annual meeting immediately following the supper is to adopt policies for the coming year. Also, new directors will be elected at this time.

Adopted resolutions concerning local matters will become county policies. Other accepted proposals will advance to the state conventions as recommendations for policies on the state and national levels. Let your voice be heard. Attend your county meeting.

BRONCOS were unable to get on the scoreboard in Friday night's game with Canadian.

Bronchos lose opener to the Wildcats

The Clarendon Broncos hosted the Canadian Wildcats, the first of four 3A schools the Broncos will play in non-conference. The Wildcats, much bigger and talented than Broncos, came away with a 20-0 victory. With the big difference in size, one would have thought the Wildcats could have run the ball against the Broncos but this was not the case. The forward pass was the undoing of the Broncos. After two exchanges of punts, the Wildcats completed two passes to the Bronco twenty-five yard line and on fourth down the Canadian quarterback found a receiver open for the first score of the night. The point after made the score 7-0 with 1:30 left in the first quarter, but the Wildcats weren't through. After the kick off, a Leland Howell pass was picked off and the Cats had the ball at the Bronco thirty yard line. On second down, the Cats completed another TD pass and led 14-0 after the try for point. This would be the only scoring of the first half. The Bronco offense was slowed with an injury to Marcus Smith. Smith received a thigh bruise in the Wheeler scrimmage and was not at top speed. The offense the Broncos had the first half was led by Howell, who ran the ball effectively on the option. Randy Crump, Daniel Ford, and James Ariola showed they could

be good ball carriers before the year is out.

The second half opened with the Cats receiving and once again the pass again hurt the Broncos and the Cats scored on a short run to end the scoring. The rest of the game was a defensive struggle with the Broncos threatening once, but the Wildcats strong defense stopped the Broncos.

In defeat, the Broncos still showed they will be a tough team to handle in district play in October. The team is

so inexperienced that changes are still taking place. The Broncos will not play another team with as much muscle as the Wildcats.

Howell led the Broncos with 64 yards on 11 carries. Howell led the defense with 4 solo tackles and five assisted tackles. Clay Sharp had five solo and one assisted tackles. Brent Hayworth had 3 solo and 4 assisted tackles. Russell Alexander had 4 solo and 4 assisted tackles.

Bronchos travel to Floydada Friday

The Clarendon Broncos travel to Floydada this Friday to take on the Whirlwinds of Floydada at 8:00 p.m. Floydada is looking for its first win as are the Broncos. Crosbyton defeated

the Winds 14-0 on opening night. The Broncos will see several changes in their line up in hopes to show improvement on defense and offense. The Broncos defeated the Winds in 1984 6-0.

4-H exhibit at fair

Several 4-H club members will exhibit livestock projects at the Tri-State Fair in Amarillo next week, according to County Extension Agent Ronald Gooch. Lesia Fuston and Jason Klinnert will exhibit steers.

Jill and Jodi Kidd will exhibit lambs. In the Junior Heifer Shows, Robert Stotts will exhibit an Angus and exhibiting Shorthorn heifers are Laura and Christie McAnear, Jason Klinnert, and Donald Gooch.

Watt's Happening in Hedley

by Peggy Watt

Mrs. Cassie Owens is in Hall County Hospital. I talked to her daughter, Virginia Gafford, Sunday, and she told me that her mother was better Saturday evening.

Brenda Alexander has been visiting her mother, Mrs. Vlon Winn, and mother-in-law, Mrs. Nettie Alexander. Alvin and the children weren't able to come.

The Hedley Lions Club resumed meetings September 5th after being inactive during the summer. President Louise Stewart presided at the meeting. Mahdeene Debord led the opening prayer. Secretary Nora Hopper read the minutes of the last meeting and treasurer Dorothy Whitaker read the treasurers report. Helen Lamberson led the Pledge of Allegiance to the Flag.

Plans were made for the chili supper to be held during the Cotton Festival.

Those enjoying the salad supper were Louise Stewart-President, Nora Hopper-Secretary, Dorothy Whitaker-Treasurer, Mildred Lett, Shirley Slover, Jean Taylor, Betty Williams, Juanell Carson, Dorothea Crawford, Patty Springer, Mary Clubb, Nell Hudgens, Sue Weatherly, Mahdeene Debord, Jessie Roland, Betty Gilchrist, Evelyn Messer, Helen Lamberson, and guests Phyllis Goins, Naomi Kemp and Robin Springer.

Pie Adamson spent several days last week in Canadian with her daughter, Rita Stone, after R.L. had surgery in St. Anthony's Hospital in Amarillo. She got home Sunday morning, but not in time for church. We missed her.

Terry and Barbara Collins and Josh spent last weekend in Bovina with his grandparents, Rev. and Mrs. J.J. Terry. Brother Terry is recuperating from major surgery. The Terrys are former Baptist parsonage family in Hedley.

I saw Buford Holland driving a brand new pickup a few days ago. Lucky!

Helen Lamberson, Pie Adamson, Sharon Wheatly, and Juanell Carson attended a tea honoring Mrs. Juanita Carter in the Fellowship Hall at the Clarendon United Methodist Church last Tuesday. Mrs. Carter is the wife of Rev. James Carter who is the pastor of the Methodist Churches in Hedley and Clarendon.

J.M. Dickson of Panhandle visited with his mother, Mrs. Mollie Dickson, last week.

Hedley School Board to meet

The Board of Trustees for the Hedley Consolidated Independent School District will meet September 16 at 8 p.m. for the purpose of appointing a member to replace Mack Shields who has moved away. Any concerned citizens may attend this or any meeting of the school board.

Ruby Bardwell's brother, Joe Walker of Lella Lake, has been in St. Anthony's Hospital in Amarillo. He was having tests run. Hopefully he'll be home soon.

Ruby's sister, Wanda Young, arrived from Redding, California Tuesday for a 3 week visit.

Eva Canada is showing some improvement from the fall she took a while back. She's still having to see Dr. Gilkey regularly.

Dorene Conatser is in Dalhart looking after Johnny and the boys after Diane had surgery recently.

Etta Mae Cherry came home for a few days last week. She spent Monday and Tuesday here and went to Amarillo with Lynn and Jeanne. She had to see the doctor there.

Dorothea Crawford and Naomi Kemp visited their father, J.D. Morrison, in the nursing home in Memphis Thursday. He was celebrating his 88th birthday.

Nell Hudgens has been in Lufkin several times this summer with her sister, Mildred Hughey, who is seriously ill there.

Bob and Jessie Roland visited his sister, Ethel and Ed Favor in Giles, Sunday.

J.T. Lamberson and Mark Brinson attended the horse sale at Mountain View, Oklahoma last week. They brought some pretty horses home with them.

Oren and Lucille Wiggins have been here visiting his mother, Mrs. Lila Wiggins and his brother, Nookie and Geraldine Wiggins. They have gone on to Dumas and Stinnett to visit other relatives but will be back later this week before they return home to Houston.

Mrs. Wiggins told me she had a new great granddaughter. Elizabeth Jean is the daughter of Jeff and Faye Wiggins grandson, Jeffery and Brenda Wiggins of Houston.

The Eastern Star Chapter of Hedley hosted an ice cream supper in the city park Saturday evening. We enjoyed the company of the Clarendon and Childress Eastern Stars. Fred and Charles Blackburn had all the ice cream they wanted.

My mother, Mrs. Lola Brown, continues to improve from her recent heart attack. She's beginning to fret about the weeds in her flowers. I told her to wait for a few weeks and the frost would take care of them for her.

Red and Homer Hill are vacationing in Alabama with friends and relatives. Dean took the time while Red is gone to visit her brother, Wendol Spier, in Fort Worth.

Don Blanks visited his sister Patsy Spier and nephew Jackie and Shirley Spier in Fort Worth. He accompanied Dean Hill and Nina Jo Floyd of Memphis down. Nina Jo's daughter and son-in-law live next door to Jack and Shirley Spier.

At a called meeting of the board of directors of the Hedley Senior Citizens Association September 3, Directors Don Blanks, Lois Lair, Ruby Bardwell, Ethel Henry, Dorothea Crawford, Murrell Whitaker, Verda Hinds, and Clyde Hoggard hired Jean Taylor to replace Jane Long who is retiring. Jean was selected from several applicants.

The Senior Citizens will be giving a beautiful quilt away at the Cotton Festival in October. It is an improved bow tie pattern pieced in green and white and will be on display at the Senior Citizens Center as soon as Leona Taylor gets it hemmed. You may get the tickets for the quilt for a \$1.00 donation or a book of six tickets for a \$5.00 donation. This might well be the most elaborate quilt the ladies at the Center have quilted to date and it would be a treasure for anyone to own. Stop by the Senior Citizens Center and see it.

Sorry last week's news was left out of the paper because of lack of space. This does not happen very often, and we apologize. We are incorporating it in this weeks news.

As far as I'm concerned, the most important 'happening' in Hedley recently is that my mother, Mrs. Lola Brown was able to come home from the hospital early last week. She was there for two weeks and it's good to have her home. We appreciate the care she received from Dr. Holcomb and the staff of Collingsworth General Hospital.

Unice Ward is also home from Hall County Hospital. She was bitten by a rattlesnake last week and spent several days there. I think I've seen more rattlesnakes this year than ever before. My boys have killed at least a dozen. One of them was killed about ten feet from my back door. I thought it was at least six feet long and ten inches around, but Guy and Keith told me it wasn't. When I walked out the door and saw it lying there, it looked twice that big!

Danny Morgan spent the night with his mother, Mrs. Betty Gilchrist, recently. He was on his way to Arizona with his job. I don't know exactly what he does, but if I could travel like he does, I'd like to have one like it.

James and TimberLee Potts, Bill Mullins and Bob Asher came home last week to enroll James Lee in school. They have been down in the

southern part of the state pulling cotton. Bill and Bob were impressed with the crops there. James and the boys will be going back later this week. I think James, Sr. will go with them.

Tammy Waddell, Lisa Moke and Shane, John and Wendy Cain, Jimmy Don and Jason have been visiting the ladies grandparents, Bill and Juanita Waddell.

Pie Adamson went to Amarillo last week to meet her daughter, Rita Stone of Amarillo. Rita had to have her car worked on and Pie went to chauffeur her while it was in the shop.

Clay Houdashell of Amarillo is spending some time with his Hedley grandparents, Johnny and Della Linville. He told me he wasn't ready to start back to school. I don't know about anyone else, but I'm not ready either. My boys have been working all summer, and I haven't had more than a few minutes with them at once all summer.

September 1 was the first day of dove hunting season. I don't see that there's much sport in hunting dove. The hunter sits by the water until the birds come to drink and then shoots them. The birds don't seem to have much of a chance. In hunting quail and pheasant, the birds have a chance to fly away and the hunter has to walk and find them first. I'm glad my men don't hunt dove.

Paul and Pam Dewight of Amarillo and Marshall Artist of Dallas spent the weekend with James and TimberLee Potts.

Dorothy Martin of Alvin, Texas and her son David Tate visited her sister, Mattie Laura and Tode Hill, and brother, Kenneth and Dorothy Brinson, over the weekend. Kenneth was celebrating his birthday.

During the night Saturday, the house belonging to Bob and Cheryl Wiggins on the west edge of town burned. I don't know how extensive the fire was, but it looked pretty bad from the road.

Shawn Long spent the Labor Day weekend with his parents, Bob and Jane Long, before returning to Ulysses, Kansas to start school.

Tena Powell spent Saturday evening with Nettie Alexander and ate supper with her.

Jerry and Cheryl Hall and family visited with her parents, Paul and Sharon Ferguson, last week. L.D. and Darlene Ball and Lloyd and Nina Riddlespurger joined the group.

Paula Clendennen of McLean visited her parents, Tom and Opal, Sunday. Well, actually she visited with Tom. Opal was at church.

Laura Cole, Stewart and Stacy came last week and took her mother, Darlene Ball, to Amarillo for a checkup with her doctor.

James and Nonie Hartwell of Amarillo spent Sunday with his mother, Mrs. Nora Hartwell.

Emma Shannon of Clarendon visited with Mrs. Nell Land and Mrs. Annie Mae Sims last week. She used to live neighbors to Mrs. Sims.

Bobby and Jeanine Celey, Mike and Robert, Kevin and Carrie Jackson, and Ryan Brannon, Chip and Ronnie Knightstep, all of Amarillo, visited with their mother and grandmother, Mrs. Pauline Kaufman, this week.

Bub and Naomi Kemp have been

visiting her sisters, Dorothy Crawford and Pauline Kaufman. Bub had to return home, but Naomi stayed for a long visit.

Froggie Stewart was at the Methodist Church last week attending to repairs that needed to be done. He got the carpet replaced on the stairs, but didn't get the gutter replaced above it. Maybe he'll get it done before it rains again.

Laqueta Cox went to Amarillo last week to get Carl situated to start Amarillo College.

Thunder came home Monday evening. He'll be starting to school in Amarillo later this week. I tried to get him to stay at home and commute, but he wouldn't.

Tommy Wayne Clendennen and Benjamin came Monday and put the rest of Opal's carpet down. Benjamin bossed, I guess.

Bobby and Pat Roland spent the Labor Day weekend with his parents, Bob and Jessie Roland.

Ed and Ethel Favor went to Amarillo Monday to visit their daughter, Alice Paschal and Kent. They didn't stay long enough to visit with Bill. Ed had to get home and help his neighbor put her cows in. It seems like everytime Fred and I plan on going somewhere, the cows get out.

Fred, Keith, Guy, Thunder, and I enjoyed supper in Memphis with Leon and Linda Monday night. It's always nice to have a meal I haven't had to cook myself. Linda is a good cook. Leon and Guy cooked the meat. Guy had spent the night with them before he had to start to school.

The ladies at the Senior Citizens Center surprised Eva Canada with a birthday visit Friday. She'll be off work the rest of this week suffering from a fall in town. Laqueta Cox, Jessie Roland, Opal Clendennen, Flora Sanders, Jane Long, Jean Taylor, and Amelia Holly sang 'Happy Birthday' to her and presented her with a money card.

Hedley School began classes Tuesday. There are two new teachers in the school system this fall. Mrs. Janny Longan will be teaching kindergarten and 1st grades. She is beginning her teaching career at Hedley. A graduate of West Texas State University, she is married to Ronnie Longan and is the mother of four daughters. Kyndie is 16, Angie is 9, Robbie is 8, and Penny is 4.

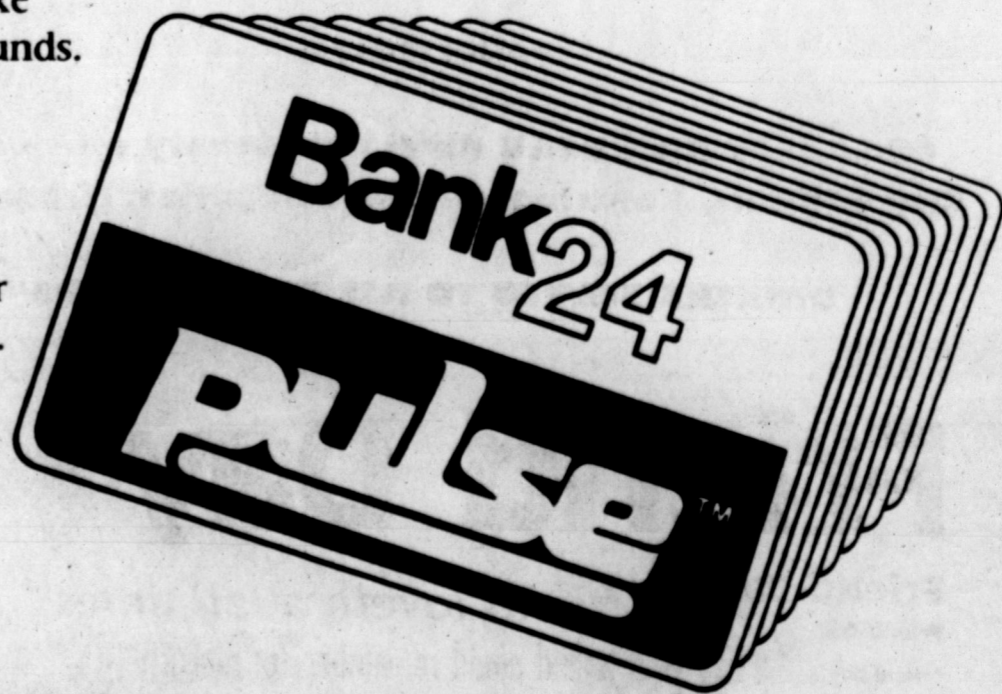

Mrs. Karen Noble will be teaching English and business. She is also just beginning her teaching. Her almost brand new husband, Tommy, is employed at West Texas Utilities Co. in Clarendon.

Glyndol Holland will be the superintendent and Bryan Hill the principal. Terry Collins will teach high school health and coach the high school and junior high boys. The other teachers are Mrs. Woodard 2nd and 3rd, Mrs. Reynolds 4th and 5th, Mrs. Wade 6th grade, Mr. Messer history and Spanish, Mr. Pickard vocational agriculture, Mrs. Pickard home economics, Mr. Leggett math, Miss Springer science and drama. Mrs. Mullins will be librarian and bookkeeper. Margaret Phelps and Mary Felan will be in charge of the kitchen. Driving the buses will be Oscar Felan and Miss Springer.

SPOTLIGHT On Teen's

By REV. TONY COLBURN

CHRISTIAN ALL THE WAY

Once we said, "Christians should look like Christians. They should talk like Christians. They should smell like Christians. They should read like Christians." We went on to explain that becoming a Christian should affect every area of one's life.

A letter from D.J.C. on Ohio says, "I would like you to explain more clearly what you meant by look like a

Christian: talk, smell, read like a Christian."

O.K. I'm glad you asked. How should a Christian look? Do this sometime. Go to town and stand near a store window and watch the people walk past. Don't be unkind or obnoxious about it but just observe faces and manners of the people you see. A great deal of the inner man is revealed in facial expressions and

mannerisms. After a bit of study you will be able to recognize who has inward peace and radiance that can only come from contact with the Lord.

There is something else about looking like a Christian and that is clothes. The keynote here is modesty. Christian young people should take care to clothe the "temple of the Holy Ghost" in ways that will not be a reproach upon Christ. Tight-fitting or revealing garments have no place in the Christian's wardrobe. Christian girls will want to preserve their femininity by wearing only those clothes that will identify them as girls. They will keep their bodies modestly covered and not wear shorts. They will not try to look like men by wearing slacks. Christian boys will avoid extremes of fashion. They will keep themselves neat and well groomed.

The average unsaved person thinks that a Bible-believing Christian is the person with baggy pants, scuffed shoes, dirty white shirt, with one turned-up collar, shined nose, unkempt hair, dirty fingernails, B.O. and bad breath. Where did they get that idea? We gave it to them. A Christian should look clean and neat. He should look happy and alive. He should radiate an inner joy and peace.

What about smell like a Christian? I've already touched on B.O. and bad breath. That can be fixed by frequent bathing and brushing the teeth. But there is more. Some worldly habits have an identifying odor. Using tobacco and drinking - these smell like the world, not like a Christian. Put away the habits and smell like a Christian.

Read like a Christian? That's right! Fill your young mind with the Bible and good Christian books and literature. Comic books, love magazines, dime novels, movie magazines - this is worldly trash, intellectual garbage. Begin now to build a library of books that will expand your knowledge of God and His Word.

Ashtola - Martin News
by Naomi Green

Benny and Ruth Clay are grandparents again. Their daughter Mary Ann and Tom Hickman of Breckenridge have an 8 pound 15 1/2 ounce boy named Robert Clay Hickman.

Labor Day weekend at Naylor Springs, the former Uncle Tom Naylor place, there was a reunion of the Naylor clan. There was at one time a whole Naylor community with a school and post office. Those to attend this years gathering were T.E. Naylor, Linda, Tex and Jared Naylor, Geneva and Seth McAfee of Amarillo, Jereld Fry and daughters, Kara and Jamie of Amarillo, Richard, Vici, Erin Naylor of Amarillo, Tim Hall of Amarillo and Royce and Thelma Hall of Clarendon.

Ronnie and Rhonda Naylor and their daughter Haley were blessed with a new family member August 29. She weighed 8 pounds 3 ounces and is called Kinsey Nicole. Local great grandparents are Mr. and Mrs. Royce Hall.

Mary Belle and Paul Kyle came by for a brief visit with the H.A. Greens Tuesday. They were enroute home to Lubbock from a visit with her daughter and family Linda Jewett of Panhandle.

That Naylor bunch had a second hitch at a reunion due to a misunderstanding about the time down on Naylor Springs. This time there were about ten of them eating barbeque and visiting. Newell Rice, Elbon and Alene Naylor, Mr. and Mrs. Oscar Fields of Amarillo, T.E. Naylor, Mr. and Mrs. Tex Naylor and Thelma Hall enjoyed the outing.

Kurby Garvin of Silverton has been visiting her grandparents, the Warren Hardins, while Brooke and her parents are in Lubbock for tests for Brooke's throat and ears.

Mr. Richard Dangler sought medical attention Tuesday for tests. Ruby Jewel Hardin, his daughter, was driver and companion.

The Jerry Green family went to Hollis, Oklahoma Saturday to a family reunion of the Talley family.

September 21 a salad supper at the Ashtola community center has been planned. Naomi Green and Imanell Gray volunteered as hostesses. We had such a good time at the ice cream supper that we hope to get together once a month. Watch for the time in next weeks paper. We need rain so we should have planned it sooner.

Eileen Brown has just returned from Tulsa. She left Thursday to help Don, Betty and Mandi Jill move from California to their new home. She returned Monday in time to have supper with Gary and Marcia Davis at Groom and to watch the Cowboy football team play.

All of Richard Patterson's children were home for Labor Day. Dickey and Rosie Patterson came from Tulsa. Joy and Ronald Howard and Melissa and Christi came from Borger. Cindy Seamore and sons Micheal and Chris came from Fritch.

Lloyd Virgil and Teresa Risley from Amarillo visited the Lloyd Virgil Risleys over Labor Day weekend.

The Lacy Nobles and the Lloyd Risleys were in Amarillo Sunday just missing the animal display at Western Plaza Mall. They visited the Lloyd Virgil Risley family at Sleepy Hollow.

Jim and Allison Risley from Denver City are visiting a few days with the Lloyd Risleys. Linda and Amy are school bound.

They had over an inch of rain last Sunday through part of Martin. It was very spotted, and I'm afraid to say only those paying the preacher got it.

Pat from Wichita Falls visited with Jo Schollenbarger and the two of them visited with Melba and Lloyd Risley.

C.I. Casteel was in High Plains Baptist Hospital for a pacemaker. Roslie Watson and Elizabeth Bohanon were visitors while he was there. He came home Saturday and is doing great. He came out for supper Sunday night with the L.A. Watsons and went to church with them.

By being elected employee of the month, Mrs. King will be eligible to be selected employee of the year during the December elections. Medical Center is proud of this employee and is certainly an example for others to follow. Congratulations Louisa on this achievement which was well deserved.

Les Beaux Art Club met Sept. 6

by POLLY SARICH, Secretary
 Twenty-two members met at the Patching Club House on Friday, September 6th for a brunch hosted by Anna Moores Simmons, Jo Baldwin, Sy Foxhall, Virginia Browder and Polly Sarich. After an hour of food and conversation the meeting was called to order by incoming president Anna Moores Simmons. The topic of showing an egg shell collection made by a local lady and which has been shown in many places overseas and in this country was discussed and tabled until the next meeting, as well as the bulb sale scheduled for this fall and spring. Those of you reading this keep in mind that we will be selling these bulbs in the fall and spring and they are the ones that everyone admires. The program was then turned over to our guest Gertrude Rasco from Memphis whose selections were entitled "Song Memories and Melodies" among which were "Listen to the Mocking Bird" and to which people danced to on the White House Lawn in that period. The next piece was written by Stephen Foster who was a distant relative of Gertrude Rasco. Then came a "Classic Jazz" St. Louis Blues. Her comment about that one was that "We hear with our ears but we listen with our feet, as there is a center close to the tip of our big toe and another one near our ankle bone, and that is why we tap our feet to music. Next was a "Bicycle Built for Two" written by

Englishman who came to the U.S. in the 1890's. This was followed by one written by an Indian from Old Mexico "The Loveliest Night of the Year," and it is interesting to note that Mario Lanza sang this song when he was young and just starting to his stardom. A collection of waltzes came next and then from The Sound of Music "Climb Every Mountain". And lastly music to the tune of "Were You There" played in varsity of different times. It is said that "Music Lightens the Heart" and after an afternoon of beautiful piano music such as this we know 'tis true.

Firebells & Firemen provide rest stop

On Friday, August 30 the Clarendon Firebells and fire department set up a rest stop for Labor Day travelers at the west end of Clarendon at the roadside park. The purpose of this was to raise money for MDA and Jerry's kids. The group began serving free coffee, Cokes, tea and cookies at 6:00 p.m. Friday and were there continuously until 3:00 p.m. Sunday. A fish bowl was set up with \$180.00 collected and approximately 200 people signing the register.

RECEIVED BY CHRIST

A man, steeped in sin and convicted of the evil of his soul, came to the great evangelist, D.L. Moody, seeking the way of salvation. Moody opened his Bible to John 6:37 and pointed to these words: "Him that cometh to me I will in no wise cast out." The man raised the objection, "Brother Moody, I am a drunkard." "It does not say," replied Moody, "Him that cometh to Me who is not a drunkard I will in no wise cast out." The man said, "Brother Moody, I have abandoned my wife and my children." "That is a dreadful sin, man," replied Moody, "but it does not say, Him that cometh to Me who has not abandoned his wife and children I will in no wise cast out." The man presented a third objection: "Brother Moody, I have stolen; I have been in jail." Still, softly countered Moody, "it does not say, Him that cometh to Me who has never stolen, who has never been in jail, I will in no wise cast out." It merely says, "Him that cometh to Me I will in no wise cast out." That covers you without argument or exception." The man convicted, believed, gave his poor sinful heart to Christ and went on his way rejoicing.

Isn't it about time that you were "Received by Christ."

Senior Citizens News

I sure had a nice do-nothing week, enjoyed every minute of it until a summer cold hit me on Friday. Was punny all weekend and still a little grumpy, but glad to be back with all these smiling, lovely people.

Arts & Crafts is meeting each Wednesday at 1 p.m. They sure need you present as the current project is preparing items for the Christmas in November Bazaar. Nova Neuhaus, chairman, is en-

couraging everyone to attend and share ideas with the group.

Thanks this week to Hugh and Nova Neuhaus for fresh cucumbers. Bud and Carmen Wright for fresh tomatoes. The Girl Scouts for cookies. These are always enjoyed by our people here at the Center.

We are having lots of fun at the Friday night jam sessions. August 30th there were thirty-six guests and musicians were Hugh Neuhaus, Jack Davidson, Truett Behrens, Dee Williams and me. We also have some good singers that join in the fun. Friday, September 6th we had twenty-nine guests and musicians were Hugh Neuhaus, Creed and Jake Smith, Ray Anderson, Truett Behrens, Wally Sides, Jack Davidson, Bud White and me. Several joined in the singing.

Memorial donations received in August were Veta Tims in memory of James Durbin, Margaret Hillman in memory of Homer Estlack.

Other donations received in August were from Pitts family reunion, Edens birthday party, Edens family reunion, Senior Citizens dance group and Tipton anniversary party.

Thanks go to the following volunteers for August. We truly appreciate each one of them: Alta Adkins, Della Allen, Barney Baten, Thelma Behrens, Viola Bones, Ann Bunyan, Norma Corgill, Mable Elmore, Lil Eudy, Carol Hill, Amy Lawson, Pat McCombs, Hugh and Nova Neuhaus, Fred Russell, Marie Sides, Ramona Slover, Eda Wallin,

Insurance Decisions

The Liabilities of Success

Many business people and professionals have no idea that they -- and all they've worked for -- are exposed to costly private lawsuits.

In fact, the very hallmarks of success -- from yachts to handsome homes -- make business people tempting targets.

Civil lawsuits have increased from an estimated 10 million in 1967 to projected 14 million for 1982. By 1979, the average award in a fatal accident case was over \$350,000.

Yet the standard homeowners insurance policy typically provides liability coverage of only \$100,000. So a major lawsuit might endanger savings, a home, even future earnings.

Knorpp Insurance believes that people with important assets should consider personal liability umbrella policies. These policies will not protect against liabilities incurred in business -- but they will close some of the gaps that other types of coverage leave open.

Knorpp Insurance umbrella policy offers as much as \$10 million in protection -- and a million dollars in coverage costs as little as \$100.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$260 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 8 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

- (1) the abolition of the office of county treasurer in Andrews County and El Paso County;
- (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 5, 1985

**PROPOSITION NO. 1
ON THE BALLOT**

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

**PROPOSITION NO. 2
ON THE BALLOT**

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

**PROPOSITION NO. 3
ON THE BALLOT**

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

**PROPOSITION NO. 4

This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals.
