Volume 11 Number 32

CLARENDON, DONLEY COUNTY, TEXAS, OCTOBER 5, 1939

A Common Paper for Common People

## OKLAHOMA-TEXAS DISTRICT SINGERS WILL MEET HERE SAT.

## OVER 125 PRIME PORKERS WILL FEATURE COUNTY'S BIG EXHIBIT

### DONLEY COUNTY'S LARGEST PIG SHOW TO HOLD TWO DAYS

Several Breeds of Prime Porkers Will Be Seen. Approximately One Hundred Head From This Show Will Be Taken To State Fair

Approximately 125 pigs are expected to be entered in the third annual Donley County Fall Pig Show, Friday and Saturday, October 6th and 7th. All pigs entered in the show must be on the grounds before seven P. M., Friday. The show will be the largest and best fall pig show in both number and quality ever held in Donley County according to Gillham and Breedlove, F.F.A. and 4-H club sponsors. The pig judging will start at seven A. M., Saturday morning, with Frank Ford, Carson county agent, acting as official judge. Singles weighing under 225 pounds, singles weighing over 225 pounds, pens of three, and litters will make up the show classification.

### Lambs On Feed For Spring Show

Fifteen feeder lambs were placed on feed this week by four F.F.A. members for the 1939 spring shows. Bailey Estes is feeding a group of five fine wool lambs and two mutton lambs. Frank Cannon is feeding two fine wool and two mutton type lambs. C. G. Kirkland and Lester Bell are each feeding one fine wool and one mutton type lamb. Approximately twenty-five other lambs will be placed on feed for the spring show in the near future. Clyde Carol and John Murry Peabody have had 18 lambs on feed for some time. Ray Robertson, Doc Higgins, Pete Morrow, Jimmy Goodman, Lee Christie, and Bobby Marshall are other members who expect to feed lambs for the spring show.

### VISITS MOTHER HERE

With the Game, Fish and Oyster Commission is Paul Jones, a son of Mrs. Margaret Goodner, member of the Clarendon school faculty. Paul visited her Tuesday. While here he stated that a survey was being made of the Panhandle with a view of the Commission stocking several desirable sections with quail and turkey. Paul Jones is doing biological and field research work on the Commission. A survey is being made in this section at this time.

### BABY BEEF TYPE TURKEYS WILL BE SHOWN HERE

This type of turkey is said to have a much broader breast and back. Mrs. Karl Adams will have a number on exhibit at the Pig Show Friday and Saturday. The color is dark bronze. A tom raised by Mrs. Adams weighed 52 pounds before it was a year old she informed the Leader.

### PATIENT IN TEMPLE

Mrs. W. E. (Bill) Ray is a patient in a Temple hospital where she underwent an operation Monday. Her many friends here will be glad to know that she is doing nicely at this time.

### L. L. WOOD BUYS HOME

The John Beverly home on South Kearney was purchased the first of the week by L. L. Wood. The family has been residing in town rather than on his farm for several months, and a desirable home appealed to them.

### MILHAM INFANT IS BURIED AT HEDLEY TUESDAY

Services were held in the Church of Christ at McKnight for Thomas R., infant of one year and son of Mr. and Mrs. O. J. Milham, who died Monday. The family formerly resided in Clarendon.

The flowers were in charge of Inez Proctor, Ismael Johnston, Wanell Tate, Nelda Messer, Lola Box, Elva Williams. Attending the casket were W. C. DeBor, G. D. Willingham, Geo. M. Johnston, R. C. Duggins. Memorial by Womack funeral service insurance company under the direction of the Kelo-Womack funeral home in Hedley.

### METHODIST CHURCH SERVICE WILL BE AT 7:45

Due to the singing convention being held at the Methodist church Sunday, the hour of Sunday school is moved up to 9 instead of 9:45. The League will meet at 7 in the evening, and church services will be held at 7:45. Pastor H. C. Gordon announces.

### NEW STAMP SERIES

Postmaster Forest W. Taylor presented the Leader office five new stamps Saturday, the first of the kind to arrive here. Pictured on the stamp is a picture of a printing press, an invention of Stevens-Dave, and brought to America in 1639 and set up in the home of the president of Harvard college at Cambridge, Mass.

### EDUCATIONAL CONFERENCE WILL BE HELD

The Panhandle Superintendents' and Principals' Association will make sessions of the Conference on Education for Marriage and Family Life in Canyon on October 21 its program for the day.

Supt. H. T. Burton of Clarendon, president of the school executives' group, will have a short business session at 10 a. m., then the body will adjourn to the conference's last day sessions. Many other school men, club women, churchmen, and others who work with young folks are expected to attend the public sessions of the conference from October 16 to 21, inclusive.

### LOCAL MEN LOOK OVER YOAKUM OIL FIELD

A visit was made to Denver City, down in Yoakum county by Fred A. Buntin and attorney Geo. W. McCleskey Tuesday. Mr. Buntin and two other parties own the electric and water works in that booming oil town of some 3,500.

Mr. Buntin says they are putting down thirty-nine more wells, and have several hundred producers flowing now. Seagraves, a wide place in the sand until recently, is now a city of some eight thousand, he stated.

### KAVANAUGHS TO FROST

Mr. and Mrs. G. W. Kavanaugh and children are visiting her relatives at Frost this week. Mr. Kavanaugh will attend to county school business at Austin before returning home.

### OFF TO COLORADO

The Clamplitts came to this section from Loveland, Colorado over thirty years ago. Today, they are making a trip into the country around Denver, and perhaps farther if the weather permits.

### Thirty Judging Teams Expected Here Saturday

Three States Represented in Judging Contest

Invitations were recently mailed to over 40 Texas, Oklahoma, and New Mexico judging teams to participate in Clarendon's Hog Judging contest to be held here Saturday, and responses indicate that approximately thirty teams will participate in the event. Among early entries in the event are Tucuman, New Mexico; Erick, Oklahoma; Groom, Silverton, Claude and Memphis, Texas.

Harold Leach, H. M. Breedlove, and Bill Alexander will serve as judges in the contest. Harice Green, Ray Bulls, Frank Cannon, Carl Morris, and Junior Spier will serve as group leaders. Pete Morrow, Bailey Estes, Carlton Gordon, and Ray Robertson will act as clerks, and Howard Gibbs and Roy Bulls will act as place card carriers.

Four classes of barrows and three classes of gilts will be judged by the contestants. A registered Hampshire gilt will be awarded the high individual of the contest, a feeder pig to the high alternate and a banner to the winning team.

### MEMORY LANE

10 years ago as recorded in the Leader. A variety of milk cows, radios and autos were sold during the dairy show. R. E. Paxson of Shamrock purchased an interest in the Clarendon Furniture Company this week. By a majority of 981 to 276, Hall county voted bonds in the amount of \$1,220,000.00 to construct a paved highway from Memphis to Brice. Rev. S. R. McClung resigned the pastorate of the Baptist church to move to Lawton, Okla. Rev. C. B. Ingram, who began his pastorate 23 years ago in Collingsworth county, was paid tribute on his 77th birthday when church workers, pastors and friends took food to his home and staged a picnic dinner. The county demonstration club markets are meeting with great success. O. L. Fink, owner of the local telephone exchange, and who died in a Lubbock hospital a few days ago, was buried at Denison, Iowa. Crops were never better. The large crowd in town Saturday reminded one of those years at the close of the World War. Money is plentiful and buying brisk. One farmer said he paid off a \$2600 land note.

### The Industrial West

W. F. BLAKE, Publisher

(41 years ago in Clarendon.)

Rev. J. N. Kendall began his school Monday in the Bowlin community. Capt. Goodnight filed an Indian claim against the government for several thousand dollars. Asst. U. S. attorney Dewitt of Washington was here taking depositions. Judge Hall of Amarillo, candidate for district attorney, was here Sat. Bond W. Johnson of Caddo Mills has located a furniture store here. Robert Sawyer, who is filling out the unexpired term of C. J. Lewis who resigned, is candidate for county commissioner. A sprightly daughter made her appearance at the E. A. Thompson home Monday. Maschil Cole, Carl and John Miller Morris, Jr. Spier, Frank Cannon, Willson Rector, Pete Morrow, Russell Morris, Frank Mahaffey, Rex Shannon, Forest Helton, and Bill Alexander entered birds in the club division. Sam Tankersley and Roy Stewart are others entering their birds in the fair.

### FFA Members To Show 210 Birds At State Fair

Numbers Exceeds Last Year Showing By 128

Two hundred and ten birds were entered in the Club division of the state fair this week by local F.F.A. members. The local youths had the largest exhibit in the club division at the fair in 1938 when they entered 82 birds, and they expect to lead the field of entries again in both number of birds entered and premiums won. The winning birds in the club division will be entered in the open show.

Maschil Cole, Carl and John Miller Morris, Jr. Spier, Frank Cannon, Willson Rector, Pete Morrow, Russell Morris, Frank Mahaffey, Rex Shannon, Forest Helton, and Bill Alexander entered birds in the club division. Sam Tankersley and Roy Stewart are others entering their birds in the fair.

The Donley County Booth was placed at the State Fair today by J. R. Gillham, local secretary of the chamber of commerce, and Led Jay, Clarendon College student. The Donley booth is one of the sixty four being prepared for the fair which opens Saturday, October 7th.

The booth will feature game preservation as an educational background for the exhibit. A quail made of grain sorghums seed grown in Donley with bundle forage and a game preserve sign makes up the background for the booth prepared at Dallas today. The floor of the booth will feature the natural habitat of quail, a number of mounted quail, and agricultural truck, grain, and forage grown in Donley in 1939.

The educational portion of the exhibit is expected to attract a great deal of attention, and the agricultural products will compare favorably with those from any other county in the state. County Agent Breedlove assisted Gillham in preparing the material for the exhibit.

### Bronchos Win First Conference Game 43 to 0

A rejuvenated Broncho team won their third game in succession, and their first conference game of the season here last Friday night when they defeated the light but scrappy Lakeview Eagles 43-0. Sparked by two speedy backs the Bronchos went into quick action during the last half and piled up an overwhelming margin, after the first half had gone almost scoreless. Only once during the game did the Eagles threaten to score, and that was during the second quarter when several aerial thrusts carried them close to the Clarendon goal line before the Bronchos were able to stop the march. Receiving the ball on their own 25 yard line, the Bronchos went into a yard line, the Bronchos went into a yard line, the Bronchos went into a yard line. (See BRONCHOS, Page 8)

### District Court To Meet Monday

A Light Criminal Docket Faces Fall Term of Court

While the criminal cases carried over are extremely light, a large number of civil cases will come to be heard at this time. Sixty-four tax suits have been filed according to a copy of the docket as shown in a copy given the Leader by district clerk Walker Lane.

Divorce suits: Ethel Henry vs. Aldean Henry; Nellie Kuteman Gaydon vs. E. W. Gaydon; Rosanna Sandberg McMurtry vs. James Alfred McMurtry.

Civil suits: Mrs. Lucile Hill vs. Donley county, damages; State of Texas vs. J. D. Campbell, injunction; United States Fidelity & Guaranty Co. vs. B. F. Jackson, bond; Watson & Antrobus vs. H. L. Wilder and Minnie Wilder, suit on note; Watson & Antrobus vs. L. A. Hatley, suit on note.

State of Texas vs. Virgil Hagler, injunction; Martha E. Broad vs. Mrs. H. E. Warnecke et al, injunction; Mm. Cameron Co. vs. Mrs. O. C. Hill, Jr., suit on note; O. P. Hommel vs. C. C. Bogan and J. S. Morse, suit on note.

Odos Caraway vs. Mercury Ins. Co., suit on insurance policy; Mrs. S. C. Phelps vs. W. V. Bain et al, trespass to try title; State of Texas vs. Ames Walls and D. K. Hall, injunction.

The City has filed nine tax suits, the Hedley school district one and the Clarendon district fifty-four. Local suits are brought against property owners who are allegedly ten years behind with tax payments.

HERE FROM YERNON

Mr. and Mrs. A. H. Estlack and son Allen Homer, accompanied by Mr. and Mrs. Glenn Drennon of KMA, spent Monday and Tuesday with Mr. and Mrs. J. C. Estlack.

### Senator Connally To Broadcast Talk

United States Senator Tom Connally of Texas, one of the three members of the Senate Foreign Relations Committee who drafted proposed strengthening of neutrality legislation pending before the special session of Congress, will speak on this subject over a National Broadcasting Company radio hook-up from Washington at 9:15, Texas time, Friday night, October 6th.

### CITY MAKES IRRIGATION WATER RATE POSSIBLE

Due to the prolonged dry season, and the desire of many to save their trees and shrubbery, the City is making a special water rate to enable winter irrigation.

### DISTRICT LEAGUE MEETS AT PLASKA TUESDAY

The Clarendon District of the Epworth League is said to have drawn a good attendance Tuesday evening. Attending from here were Rev. and Mrs. H. C. Gordon and Lee Holland. League members attending from here were Marjiam Gordon, Laura V. Drew, Ruth Peden, Betty Jane Smith, Dorothy and Johnnie Rhodes, Jack and George Reeves, Dan Boston, Carlton Gordon, Roy and Ray Bulls.

### THOUSANDS OF VOCAL MUSIC LOVERS TO ENJOY BIG TREAT

Sessions Will Be Heard At Methodist Church. Quartets of National Reputation Will Be Heard On This Program

### WEEK OF PRAYER, TRAINING AT BAPTIST CHURCH

An all-church week of prayer under the direction of the W.M.S. is in progress at the First Baptist Church. The enrollment and interest is unusually good. The programs each evening deal with some phase of State Mission work as fostered by The Texas Baptist Convention. The enrollment in this all-state undertaking among Texas Baptists reached 75 in the Wednesday evening service in the local church.

Mrs. George Chamlee, a state work-er among the young people will conduct a Training Service school each evening next week in the church. Mrs. Chamlee will speak at the evening preaching service hour Sunday.

### MISS HARRIS CONTINUES IN AUSTIN HOSPITAL

Information received today is to the effect that Miss Temple Harris will be a patient of Seton hospital for some time. In the auto collision reported in the Leader last week, she received internal injuries in addition to serious face lacerations. The many friends of Miss Harris here sincerely hope for an early recovery.

### Crops Are Better Than Expected

Several producers informed the Leader this week that, taken as an average over the county, it was their opinion that the cotton crop this season would equal that of 1938.

The feed crop, like the cotton acreage, is much better on the sandy land. In the Sunnyview section in particular, feed crops are said to be as good as ever grown in many instances.

Since crop gathering started, many had a pleasant surprise to find production above expectations. Gins this week are said to be running about a third of what they did last year at this date. Sandy land cotton is late, is given as the reason.

### CITY MAKES IRRIGATION WATER RATE POSSIBLE

Due to the prolonged dry season, and the desire of many to save their trees and shrubbery, the City is making a special water rate to enable winter irrigation.

The rates for the first 3,000 gallons is \$1.50; the next 2,000 is 40 cents a thousand; the next 25,000 is 20 cents a thousand, and the excess above that amount will cost 15 cents per thousand gallons.

### THOUSANDS OF VOCAL MUSIC LOVERS TO ENJOY BIG TREAT

Several thousand visitors attended the last session of the Oklahoma-Texas District Singing Convention held at Wellington last year. As many are expected here during the annual convention Saturday and Sunday, according to President A. B. Wills of Memphis who was here Monday to meet with officials of the local Chamber of Commerce to perfect plans.

Working with the officers of the association, the Clarendon Chamber of Commerce has done a big job of preliminary detail work to insure the success of the convention. Homer Mulkey has been named general chairman and W. M. Patman will have charge of the assignment of the rooms to the official delegates, who will be guided to their lodgings by the Clarendon F.F.A. youths, Carlton Gordon, Carl Morris, Ray and Roy Bulls, Howard Gibbs, have been named as group leaders for this work.

Outstanding numbers will be the Stamps quartet of Dallas, headed by V. O. Stamps in person. They will be here for the session Saturday night.

Other quartets of national reputation assured a place on the program are the Hartford quartet of Hartford, Arkansas, The Strong City quartet of Oklahoma is an assured fact.

Other quartets of special prominence are the Phillips Four quartet of Borger, and Bumgartner brothers of Siletta Springs, Arkansas. J. L. Evans of Ada, Oklahoma will bring several singers high in the profession, among them being the Indian quartet, said to be one of the very best in the nation.

Many of these singers have been heard on radio broadcasts. Some are heard nightly as they appear on regular programs.

The sessions Saturday will begin at 10:30 a. m. Sunday the program will begin at 10 a. m., a half hour earlier. All sessions are open to the public.

Texas citizens on the program committee are E. A. Cowley, Childress; Bud Heafner, Hedley; Lester Smith of Quanah, Oklahoma singers on the committee are Floyd Rice, Strong City; Louis Rueber, Clinton; Sam C. Davis, Mayfield.

A. B. Wills, Memphis is president. Vice presidents are E. J. Cooper, Texola, Okla. and J. L. Evans of Granite, Okla. Mrs. A. J. Byrum of Carter, Oklahoma is secretary-treasurer.

Singers from Northwest Texas and Southwest Oklahoma are expected in numbers. Some two hundred and fifty rooms have been engaged in private homes to take care of the visitors.

All sessions of the convention will be held at the Methodist Church except a brief session early Sunday morning which will be held at the Pastime Theatre. Officials and members of the association will start arriving Saturday and most of the day will be taken up with business details of the organization. With favorable weather, thousands are expected to flock the city Sunday. Loud speakers will be installed at the church to carry the proceedings and singing to those not able to get seats in the building.

The convention here is being sponsored by the Chamber of Commerce, and is coming here through the influence of such singers of Donley county as Howard Stewart, Newt Waldron and many others who made a plea for the convention at Wellington last year.

### KFDA Broadcast National Games

Baseball fans in this area are invited to hear a play-by-play broadcast of the World Series between the New York Yankees and the Cincinnati Reds over station KFDA, Amarillo. The station can be tuned in at 1500 kilocycles.

The schedule opened in New York Wednesday. The second game will be played in New York today. The teams go to Cincinnati to play Saturday, Sunday and Monday, if a fifth game is required. The last two games will be played in New York, unless the series is settled in Cincinnati.

### Broncos to Engage Wheeler Mustangs On Local Field

This Friday night at 8:00, will begin one of the hardest football games of the entire season for the Bronchos. The Mustang outfit seems to be as strong as it was in 1936 when Wheeler won the district. However, it should be remembered that Clarendon tied Wheeler here on the local gridiron. The Clarendon Bronchos are rated as underdogs in the contest since Wheeler defeated Wellington last week 7-0.

For the first time during the season, the Bronchos will be in full strength. Both teams feature strong running attacks with speed, power, and deception. Both teams have good passing attacks. The Broncho hopes are to be placed upon the fleet ball carrying of John Grady, Waldron Melton and Carlton Gordon.

Since the affray is a conference game, a large turnout is expected. The Broncho coaching staff feel that this is the crucial game of the season.

### CLAMPITT SAYS CROPS ARE GOOD NEAR FARWELL

Returning from Lariat the last of the week, Roy Clamplitt brought samples to back up his assertion that crops are good in the Farwell country where he and his father have farm holdings.

They have 60 acres in cane shocked, 145 in white kaffir, 15 in corn, 104 in sudan, 64 in cotton, all of which are good, Mr. Clamplitt says. The corn and kaffir samples were excellent that he showed upon his return.

A SISTER PLEADS FOR PEACE

My brother is so young, dear Lord, Oh, may Thy will be done! It seems so hard to think that he Should murder with a gun.

He holds ill will toward no man; Forbid that he should fight And kill some other mother's son, In this dark world of night.

He is so tall and brave and strong, So eager for each day, Twould surely break my mother's heart If he should go away.

So short the years since he, a babe, Was rocked by lullabies;

The man who referred to some of our congressmen as a "bunch of jackasses," certainly will have a lot to answer for if he ever tries to meander through a pasture inhabited by mules.

**GRAND OLD MAN.**

General Pershing, who dared to disobey President Wilson, commander-in-chief of the army, while Per-

shing had command of American troops in France, comes right out and suggests that our nation had better prepare for any kind of an attack from any source. At the same time, Gen. Pershing never intimates that we should do anything more than protect our own interests here in our own nation. Col. Lindberg has the same ideas, according to his radio address several days ago.

**GOOD OLD CUSTOMS.**

The only man we have to take our hat off to now is the barber. Our women carry hand bags in our cities instead of gas masks. Unless America is betrayed by war profiteers, it will be our privilege to continue these old customs.

**THE SCOTCH AGAIN.**

The tightest Scotchman in Texas makes an Indian nickel go so far that the Indian has fallen arches.

**HOMESPUN LOGIC.**

A man may fail many times, but he isn't a complete loss until he begins to blame somebody else.

**THE SPENDTHRIFTS.**

The only fellows who seem unable to control the desire to spend money in their possession foolishly, are drunks and the heads of government bureaus.

**COSMETICALLY.**

Oolie Yurt says beauty may be skin deep, but that does not keep a gal from looking like she has been skinned.

**WHEELS OF PROGRESS.**

Among other enterprises which depend for success on implicit faith are love, hash and bootleg likker.

**MEMBER WAY BACK.**

When women were too bashful to look into a barber shop?

**NATURAL ASSET.**

The most expensive "scenery" in showing the "Tobacco Road" is said to be in getting five tons of dirt on the stage for a proper setting. When the troupe reaches the Panhandle, all they'll have to do is to leave the door open over night. And we'll guarantee that the dirt will be as clean as the show.

**EXTORTION PLAN.**

Hastoon Yazzie says it doesn't pay to doll up on a dollar down.

**ADVERTISING.**

His friends have at least done one thing, they have let the whole United States know they have a vice president.

**LIVING SYMBOLS.**

Modern girls are like newspapers because:

They have many type faces. They are worth looking over. They try hard to be up to date. Back numbers are not in demand. And finally, in staging a leg show, a prominent Panhandle columnist is going to prove that "a double column display" gets more attention than any other form in the Panhandle.

**THE HELLRAISERS.**

Instead of building new homes in Europe, they are bombing the old ones. And not a country can pay for the damage they did during the last war.

**METHODIST CIRCUIT NOTES**

J. G. Walker, P. C.

Ashtola was a good place to be Sunday. The opening program of Sunday school by the young people was fine. The recitation period was well used. Close to if not seventy present. Most of them remained for preaching. We had a delightful service. Our evening service was preceded by the young peoples service, and was a joy to us to see them making such earnest efforts. All seemed to enjoy the preaching. Ashtola is well up on finances and we are looking for them to go over the top soon, especially by the Fourth Quarterly Conference which is to be held at Lelia Lake, 4th Sunday, Oct. 22. Let's

all do it by that time and give the pastor a little time to rest before he must go to Lubbock to Annual Conference, Nov. 15th.

We go to McKnight next Sunday, 11 a. m. and to Bray at 8 p. m. We will also give McKnight the full day, Fifth Sunday, Oct. 29.

Seems that this conference year has been a short year, but twelve months make a year and soon they will all be past. This has been a pleasant year for the pastor. One of the busiest that we have ever spent in the pastorate; and in some measure it has been a success. Not by any means as successful as we de-

sired. We shall not give up until the last day. How is it with you? Have you been busy in the work of the Lord? Are you going to be busy these last days to help us reach the desired goal? Much can be accomplished yet. If we close this year in a good way, the launching of the program for the coming year will be attended by greater power; and chances for success multiplied. If you want a new preacher, help the old one prepare the way for his success—then ask for the new one. If you want the old one the same preparation will be just as helpful to him. It will all be for the benefit of the Clarendon Circuit.

**MARTIN**  
Mrs. J. H. Helton

We had a fine crowd at Sunday School Sunday. Everyone come back next Sunday.

**Texas Highway Department**

The State Highway Engineer said today that in spite of the factors that usually contribute to the increase in traffic accidents, Texas completed the first seven months of 1939 with 858 traffic fatalities, a decrease of 51 for the same period of 1938, and 196 less than in the same period of 1937. He also pointed out the dangerous month of July with its 159 fatalities, an increase over previous months of this year as well as the same month in 1938, had resulted in an apparent overworking of the "Four Horsemen"—Inattention, Recklessness, Carelessness and Confusion of Drivers and Pedestrians. However, accident reports to date show a promising decrease in fatalities for August over the month of July of this year.

He stated that a comparison as to those who died in fatal accidents in July has an interesting aspect in that out of 130 fatal accidents in Texas 159 lives, ranging from the ages of 10 months to 75 years, were lost. Of the 159 persons killed, 53 were drivers of the vehicles, 76 were the passengers in those vehicles and 30 were pedestrians.

Statistics reflect that the "Get There First Drivers" and "Road Hogs" play a leading role in the fatal traffic accidents of today. On a percentage basis these types of drivers were responsible for 33.84 per cent of fatal traffic accidents on the highways, in cities and in towns.

With continued vigilance on the part of drivers and pedestrians in obeying traffic rules, the year total will show a substantial decrease in traffic fatalities for the entire year. Lets all get together, make a good safety record and keep it that way.

**Tax Enemy Is Home Destroyer**

**War Against Taxes Should Interest All Americans**

DALLAS, October 5.—Tax bill paid by the people of Texas during the 1938 fiscal year amounted to \$6 a week per family, according to a new State-wide publication, The Taxpayers Digest, a preliminary number of which was issued this week.

The new semi-monthly publication, described as "a Texas journal of accurate news and pertinent comment relating to the public revenue—local, State and nation," is published by The Taxpayers Research Bureau, Dallas, with Peter Molyneaux, widely known Texas editor, author, and economist as editor. Booth Mooney of Dallas, associated with Mr. Molyneaux in the publication of The Texas Weekly, is associate editor of The Taxpayers Digest.

"The revenue of the State Government of Texas raised by taxation during the fiscal year ending June 30, 1938, amounted to \$111,650,527," Mr. Molyneaux said, "and that of all the local governments of the State amounted to \$120,683,286. The Taxpayers Research Bureau estimates the Federal taxes paid by the people of Texas during that year as not less than \$221,000,000. This is given as an extremely conservative estimate, but assuming it to be approximately correct, and adding it to the totals of State and local taxes, it appears that the total tax bill of the people of Texas for the fiscal year ending June 30, 1938, was not less than \$454,000,000.

"On that basis the people of Texas during that year paid the equivalent of approximately \$6 a week per fam-

ily in Texas. And a large percentage of the people of the State paid that amount or much more," he concluded.

Statistics reflect that the "Get There First Drivers" and "Road Hogs" play a leading role in the fatal traffic accidents of today. On a percentage basis these types of drivers were responsible for 33.84 per cent of fatal traffic accidents on the highways, in cities and in towns.

With continued vigilance on the part of drivers and pedestrians in obeying traffic rules, the year total will show a substantial decrease in traffic fatalities for the entire year. Lets all get together, make a good safety record and keep it that way.

**Heart Drama Stars Irene Dunne Fred MacMurray**

Drama that is poignant and close to the heart, told in a story that is notable for its emotional sweep, its moments of vigorous action, and its downright human appeal will unfold on the screen of the Pastime Theatre when Paramount's "Invitation to Happiness" is presented on Wednesday to local audiences for the first time. Starring Irene Dunne and Fred MacMurray, featuring Charlie Ruggles, Billy Cook, William Collier, Sr., and Marion Martin, the picture was produced and directed by Wesley Ruggles.

The fine touch of Ruggles, and his writing collaborator, Claude Binyon, is clearly evident in this picture. This team, which has come through with a long line of hits including "Sing You Sinners" and "I Met Him in Paris," has taken an everyday story and translated it into dramatic terms which will be clearly understood by every audience.

**Irene Intervenes**

The story starts to unfold with Charlie Ruggles, manager of Fred, going to his old friend, William Collier, Sr., father of Irene, and asking him for a stake to help his young fighter along. Always a sucker for an investment, Collier decides to help him, but Irene intervenes to make certain that her father is not being cheated.

When Irene meets Fred she is impressed with the difference in his outlook on life as contrasted with that of the men whom she has known in society. Fred is restrained, tells Irene that he'd rather spend his time with Marion Martin, entertainer in a night club. This only serves to spur Irene on—and so they are married.

**Pursues Fight Career**

Fred is determined to pursue his career as a fighter, and Irene has to resign herself to long periods of loneliness. During one of Fred's barnstorming trips, a son is born to the couple. Irene is heartbroken at Fred's absence, but forgives him.

The drama progresses to its central emotional problem when, ten years later, the growing son (played by Billy Cook), hates his father because he realizes that his mother is lonely when his father is away.

**SIDELIGHTS**  
by MARVIN JONES  
\* Member of Congress of Texas \*

The "cash and carry" plan now under consideration by the Congress is much less likely to involve America in war than if we continue under the present act.

Under the present law, only actual implements of war are subject to the embargo. We can ship steel, oil, brass, cotton, nitrates and many other materials that go into the making of implements of war, and our own ships can carry these materials.

Practically all of these materials have been declared contraband of war by both England and Germany, and as such are subject to sinking by either side. And yet, with the law the way it stands at present, our ships can transport these materials and thus be targets for torpedoes.

Only recently three vessels of neutral nations, two from Sweden and one from Finland, carrying wood pulp and cellulose, were sunk. American ships, under the existing act, are subject to the same attack.

The "cash and carry" plan now under consideration provides that none of the materials listed by any warring country as contraband can be carried in American ships to the belligerents on either side. The title of ownership must be transferred in this country and the articles must be carried in the ships owned by the belligerents themselves. This will re-

move the dangers of the present law. The sentiment in the Congress is overwhelmingly in favor of keeping our country out of war. Most thinking Americans want us to avoid becoming involved in any foreign conflict.

There is no such thing as winning a modern war. All people who take part in it lose.

The Americas are comparatively new. There are ancient feuds and boundary disputes in the Old World which a resort to arms will hardly settle.

I believe it is important that we maintain in a torn world one strong nation where the democratic ideals of mankind will not be forgotten.

If our country should be invaded at any time, of course every patriotic citizen will fight.

If a war of defense should become necessary, every able-bodied citizen should be subject to call. There should be no exemptions.

Capital should also be subject to call. Excessive profits should never be allowed again. The best assurance of peace is to take the profits out of war.

Let us keep America at peace.

**WINTER'S DASTARD 90 HOURS**

skipped by OIL-PLATING your engine today

Can you figure on your car's Daily Winter Starting Schedule being any briefer than this?...

- No. 1 Start \* GOING TO WORK
- No. 2 Start \* GOING TO LUNCH
- No. 3 Start \* RETURNING FROM LUNCH
- No. 4 Start \* GOING HOME FROM WORK
- No. 5 Start \* GOING TO THE MOVIE
- No. 6 Start \* GOING HOME FROM MOVIE

They can't drain dry of OIL-PLATING. They remain "bathed in slippiness" all day, all night, in all weather, even with your car at a standstill. That's why OIL-PLATING lets your engine slide into swift, safe, dragless action, instead of letting it suffer Winter's worst 90 hours—along with your battery. Slash starting time; stretch your time between quarts to the limit, by changing to Your Mileage Merchant's Conoco station today for your right Winter Germ Processed oil. That's your way to Winter OIL-PLATING. Continental Oil Company

Could half-a-dozen starts or so get you through a day? Will your icy engine turn lukewarm in only 5 or 6 minutes? Even so, just think what that comes to, all through these bad months!... Total: 90 hours!

90 tough hours—and often more. A whole 90 hours when oiling that comes from "fast flow" alone lags far behind the sure lubrication that comes from changing today to OIL-PLATING.

OIL-PLATING is ready to lubricate sooner than any oil ever can flow—sooner than "instantly!"—because patented Conoco Germ Processed oil forces OIL-PLATING into a durable bond with the engine parts. OIL-PLATING becomes part of the parts!

#### Lightest Week For Month May Be Due to Busy Crop Season

For the past several weeks new and renewal subscriptions have totaled from 46 to 83 each week. The list going on this week falls far short of the usual number for the fall term. The lull may be due to the fact

that most all Leader readers are paid up. Another reason may be that many of them are busy in their crops. Approximately sixty percent of the Leader family lives on farms and ranches.

Here are the names of new and renewals going on the list this week:

### 93-Year Olds Win Movie Prize

HOLLYWOOD.—Mr. and Mrs. Geo. W. Goben of Lucas, Ia., 93-year-old entrants in the motion picture industry's search for the longest-married couple in America, today held that Hollywood honor.

They've been married 78 years and insist that they've never been separated a day or a night since their marriage. May 25, 1861, was their wedding date.

#### HISTORY OF PROGRESS

An exchange gives these important things to think about: "Modern conveniences, such as electric conveniences, modern plumbing, automobiles and other present day conveniences are taken for granted by those who have them. Yet we read that in 1900 only 39 years ago, there were at that time only one bath tub to every seven homes, one telephone to every thirteen homes and that one home

in thirty had electric lights. There were 8,000 automobiles at that time and that manufactured products were scarce and expensive. Now only 39 years later we learn that there are 20 million bath tubs, 18 million telephones, 25 million automobiles. More than half the automobiles in the world we also learn are owned and operated in the United States. Uncounted millions depend on this business for their livelihood. This includes the people who make them, the people who furnish materials for making them, the people who sell them, and the people who earn their livelihood by using them."

#### THE PRODIGAL

"Often men do not appreciate how good God is to them until they have run away from Him."  
"The 'run away' has nobody to blame but himself for the shame and suffering that surely follow."  
"The friendships money buys are but temporary; they fade out when the money is gone."  
"It is hard to confess sins to God, but confession must precede forgiveness."

"We can't get rid of sins in our hearts by knocking the church any more than the Chinese doctor could get rid of tuberculosis by breaking to pieces his microscope."

HEAT UP

COME IN and let us explain this new way of heating, developed by the Perfection Stove Company, the world's leading manufacturer of oil burning household equipment.

Most everybody knows that heated air rises to the ceiling, and that most heaters are either circulating or radiating heaters.

Circulating heaters send their heat upward, and some of it is deflected by the ceiling toward the floor and to adjacent connected rooms. Radiant heat from radiating heaters does not have any motion, just as there is no motion in the radiant heat from the sun that comes through a window-pane.

Superfex Heat-Directors, with their exclusive adjustable shutters give BOTH circulating and radiant heat, and they have the additional advantage of DIRECTING heat downward. Therefore, the heat from a Superfex Heat-Director

### WARMS THE FLOOR, TOO

This is an exclusive, patented feature that does away with uncomfortable floor drafts. No other oil heater can use this heat-directing principle. No other heater can do such a good job of heating the "living-zone" without a blower to create forced circulation.

*Come in and see our wide choice of sizes and styles*

## Also a Complete Line of Radiating Heaters

If you want a heater of the radiating type, we have a complete line of Superfex radiators, in several styles and sizes.

Superfex Heaters can be used ANYWHERE. The only connection required is a chimney or flue, to create proper draft which is automatically controlled by a regulator that is operated by the draft itself.

All Superfex Heaters operate on inexpensive fuel oil. They can be had either with detachable fuel reservoirs or with constant level valves for connection to outside fuel tanks. Thermostatic controls also are available to make heating entirely automatic.

### Great Scenery Tour To Coast

Mountain, Desert and Ocean All  
Combine to Thrill Local  
Vacationists

Leaving here some two weeks ago, the first night was spent in Denver, J. H. Hurn stated upon the return of the party the last of the week. He was accompanied by Mrs. Hurn and their daughter and family, Mr. and Mrs. C. J. Van Zandt and son Joe of Ozona.

The second stop was made at Salt Lake City which included a trip through the Mormon cathedral. Their route lay around Salt Lake, thence across the big desert to Carson City. On top of the Sacramento mountains they saw one of the two lakes of the world on mountain backbones. This was Tahoe, a natural crater lake about fourteen miles across and thirty in length.

Several days were spent at the Fair in Frisco and on the ocean front. A trip was made to Muir park, Yosemite and the big trees, the highway being through one tree, a favorite drive of tourists.

When asked what astounded him most on the trip, Mr. Hurn easily se-

lected giant Boulder dam where they dropped down into the dam some seven hundred feet by means of an elevator. At that level the rooms were finished in tile and on a grand scale, Mr. Hurn stated.

From there the return trip included the painted desert and other wonderful scenery of Arizona, and home over Highway 66. "We had to detour one washout in Arizona, and found plenty of rain indications up to the Texas line," our informant stated. The trip required thirteen days and the distance traveled was 3,920 miles without car trouble of any kind or other incident to mar the happiness of a marvelous vacation trip.

### PIONEER MEMPHIS LADY IS BURIED THERE SATURDAY

Funeral services for Sarah Emaline Beaver, a life-long resident of Memphis, were conducted from the First Church of Christ in that city Saturday afternoon under the direction of the Kelso-Womack funeral home of Hedley.

Miss Jessie Ingram of Amarillo spent the week end here with her mother.

Mrs. Lalar Wilkerson has accepted a position with the Myers music company in Amarillo.

### MRS. MORROW TAKES CHARGE WHITLOCK BEAUTY SHOP

It was to satisfy an ambition to advance that caused Mrs. Margaret Morrow to accept the management of the Whitlock Beauty Shop this week. A graduate of the San Jacinto school of beauty culture in Amarillo, like most of the beauticians of Northwest Texas, Mrs. Morrow came back to the section where she grew to womanhood. She has plied her skill in two different beauty shops here. Then when the opportunity came to operate a business for herself, she naturally accepted.

She is the wife of Roy Morrow, and was Margaret Easterling before her marriage. She has every reason to believe that she will succeed, and requests a trial of those who do not already know of her skill.

### JERICHO POSTMASTER DRAWS JAIL SENTENCE

Ollie Clayton Brown Jr., Jericho postmaster, was sentenced to serve 30 days in the Gray county jail with an additional sentence of six months suspended for two years, in federal court in Amarillo Monday.

Brown was charged on four counts with falsifying official records and submitting false reports for the quarter ending June 30.

He had been postmaster at Jericho for three years, succeeding his father in that position, after the latter's death.

Brown was arrested a week ago in Amarillo. He posted bond of \$1,000 at the time.

### Palmer Motor Will Show New Ford Friday

Enriched by refinements made possible by the manufacture under a single unified management of five cars which virtually bracket the motor car market, the Ford V-8 and the deluxe Ford V-8 cars for 1940, announced today, present notable advances in styling, comfort, convenience and safety.

The new cars are big, substantial and powerful in appearance. Body lines are pleasingly streamlined. Front end designs are distinctively modern, with low radiator grilles, long hoods and deeply rounded fenders. The trimly tailored interiors are big and roomy, with plenty of seat room, leg room, elbow room and shoulder room.

Two V-8 engines are available, an 85 horsepower engine in the Ford V-8 and the deluxe Ford V-8, with a 60 horsepower engine optional in the Ford V-8.

Four Ford V-8 and five deluxe body types comprise the two lines. A new business coupe as well as a Fordor sedan, Tudor sedan and coupe are available in both. There is also a deluxe convertible club coupe with automatic top as standard equipment. Three color choices are available in the Ford V-8, six in the deluxe line.

An important new feature of the cars is a finger-tip gearshift mounted on the steering column under the two-spoke steering wheel.

### BRONCHOS

power drive that carried them to the Eagle's 5 yard line before they bogged down and the ball went over on downs. Lakeview took the ball, but made little headway. The quarter went scoreless with both teams tightening their defense.

At the beginning of the second quarter the Eagles took to the air and were going places when Huffman of the Bronchos intercepted a pass and power-drove his way for 25 yards. Using line plunges and fast end-around plays, the Clarendon backs drove to the Lakeview 8 yard line where Melton plunged his way across the goal line for six points. The try for point was blocked, but Morrow snatched up the ball and dashed over for the point. The half ended with Clarendon leading 7-0.

Although the first half was somewhat listless, with Lakeview fighting hard for supremacy, the second frame started off with the breaks going to the Clarendon boys who were alert for such mishaps of the opposition. On a bad pass from center Lakeview fumbled the ball which was recovered by Lumpkin of the Bronchos on the Eagle 5 yard line. Big burly Allison plunged over for Clarendon's second counter. The try for point was no good. Lakeview again took to the air, but a fumble being recovered by "Bud" Hermesmyer of the Bronchos put a damper on their aspirations.

However, a few plays later Lakeview more the air was filled with hefty heaves. This threat was short lived when Hartzog intercepted a pass and set the stage for the most thrilling moment of the game. The ball came back to Melton who momentarily fumbled the ball. Seeing a horde of tacklers bearing down upon him, he quickly reversed his field and ran 75 yards to score after his team mates had executed almost perfect blocking. The try for point was no good.

The excitement of Broncho fans had scarcely died down when Hartzog, another of Clarendon's speedy backs intercepted a pass on the Eagle 40 yard line and sprinted across to pay dirt. The try for point was nil. The third quarter ended 25-0.

The ball game went into the fourth quarter with Lakeview still fighting doggedly to score. Their aerial plays clicked at times, but failed in the crucial moments. As it was Clarendon started a touchdown march, using line smashes, off-tackle thrusts, and fast end-around plays. On the Eagle 22 yard line, Melton reversed quickly around right end to score behind splendid interference. Huffman's try for point failed to meet the requirements. Again the stage was set for the Bronchos when Hartzog intercepted a Lakeview pass and ran 37 yards to the Eagle 5 yard line. Melton cracked the line for 3 yards, and on the next play Allison drove over the goal line. The try for point was no good. A few plays later Clarendon took over on the Lakeview 35 yard line. Melton picked up 12 yards to the 47. A line smash netted no gain. Melton again took over on the next play and ran 37 yards before being knocked out of bounds. Two line plays netted 5 yards to the 12 yard recovered a Broncho fumble and once line where Carlton Gordon dashed around left end for the final touchdown. The try for point was no good. The game ended 43-0.

Those stalwarts of the forward line were in on most every play. Again they stopped the enemy cold to keep their goal line intact for the season. Outstanding players for the visiting team were Moreman, Rea, Merrill and May. The line up Clarendon: Ends, Gordon and Speir; tackles, Lumpkin and Hermesmyer; guards, Bulls and Gibbs; center, Huffman; quarterback, Melton; backs, Morrow, Hartzog and Allison. (Grady, stellar back was out of the game due to illness.)
