## Groundbreaking Sherwood Mall One Set At 2 p.m. Sunday, July 2

Groundbreaking ceremonies are scheduled for 2 p.m. July 2 for Sherwood Mall One, the first unit of a projected three unit total service discount shopping facility for citizens of Sherwood Shores and Howardwick.

Each unit will have a major store as an anchor, and various smaller convenience and speciality shops to complete the balance. The ceremony for this Sunday will be headed up by a western band, which will commence playing about 1 p. m. An invocation and introductions will follow, and the Lion's Club Sweetheart will turn the first spadeful of dirt.

The shopping center is coming on the heels of an unusual growth this past year in Sherwood Shores. Over 1600 families now own property in the resort and retirement center. About 170 trailer homes are there, and around 85 houses, with four new homes presently under construction.

Registered voters in the community now number over 80, and the population count is approaching 500.

Unit One of the shopping Mall will include a grocery facility as the big store, and will have a drug store, bake shop, motor and repair service for boats and autos, beauty shop, ceramic shop, and a finance company. Additional shops also will be included in Unit One. Units Two and Three will materialize when practical, which appears not to far off in the future the way things are moving.

As everybody now knows, the Mall facility will be owned exclusively by property owners in Sherwood Shores and Howardwick. Everyone will have an opportunity to own the same amount.

## Howardwick Baptist Have Groundbreaking Services Sunday

The First Baptist Church of Howardwick is announcing groundbreaking ceremonies for the first step of their building program for Sunday, July 2, 1972, at 5:00 p.m. on the building site located on Lot 223 Palacio section which is immediately across south of the Canteen or approximately one block southwest from the Swimming Pool and Community Building. Following the ceremony, everyone is invited to the Community building where services are presently being held. There will be sandwiches, cake and ice cream served and all will enjoy some singing. Following the song service, regular services will be conducted at 7 p.m. by Brother Frankie Just, a young preacher on fire for the Lord.

## DONLEY WILDCAT WELL REPORTED ABANDONED

The Donley County Wildcat Well, Cauble Enterprises No. 1 Charlotte Molesworth Adams, being drilled southeast of town is reported abandoned. The well was plugged at a total depth of 3-820 feet. The previous drilling in September of 1969 was also abandoned and plugged at a total depth of 6,675 feet.

## UNDERGOES SURGERY

Mrs. R. M. Fedric is reported improving after surgery Monday morning, June 19, at Groom Memorial Hospital. This is the second surgery for her since breaking her hip about six weeks ago. Our prayers are with her that she may soon be well on the road to recovery and be able to be back in our midst again.

## Old Settlers And Old Fiddlers Plan For Big Day Saturday, July 1

Old Settlers are looking forward to another eventful day, Saturday, July 1, when they will gather at the Mulkey Theatre at 2 p.m. for their annual reunion. Tunny Kent will be on hand and in charge of the reunion. Tunny always does a fine job of looking after this part of the July 4th celebration and as he says, "You can look for the big pot in the little pot this year" with a show that won't quit. Prizes will be presented to the oldest old timer, the person coming the farthest distance, the individual with the largest family, and the oldest Donley County Resident.

A special arrangement has been made this year to hold the Old Fiddlers' Contest at the same time and same place — the Mulkey Theatre, 2 p.m. Gary Barnhill has spent this week cleaning and getting the theatre in good shape so you will be comfortable. The seating is grand and that air conditioning is mighty fine these hot days. So come prepared for a big afternoon.

Tom Waters will again MC the Old Fiddlers' Contest. Tom has gained quite a reputation for himself as an MC for these contests, serving in this capacity not only here but in other towns in the Golden Spread as well. He keeps something entertaining going and comes up with some pretty good entertainment on his own. He knows how to handle that guitar himself and can come up with some pretty good singing, believe it or not!

This should be a memorable occasion and if you have not been present for the Fiddlers' Contest and Old Settlers Reunion you have been missing one of the most entertaining events of the entire celebration.

You can depend on an afternoon packed full of visiting and music reminiscent of the "Good Ole Days" with folks like Tunny and Tom in charge.

It is all free, folks! Make your plans now to be present for both the Old Settlers and Old Fiddlers attractions. The time — 2 p.m. Saturday, July 1, Mulkey Theatre.

## Medical Center Home Now Eligible For Medical Programs

Medical Center Nursing Home has been inspected by Mr. D. Ralph Harmon, Inspector II Division of Nursing and Convalescent Homes, Texas State Department of Health.

All areas of Administration, Nursing Care, and facility were inspected.

Mr. Harmon stated that Medical Center Nursing Home has passed all aspects of the inspection and is now eligible to participate in the Texas Medical Assistance Program.

Wes Langham, Administrator, stated that he is now taking applications from personnel who are eligible for Medicaid or the Texas Medical Assistance Program.

If you are interested in the Nursing Home Program, come by the Nursing Home or call 874-3533.

Mr. and Mrs. Bill Tolbert and children visited Mr. and Mrs. Eddie Wilkerson and family over the week end. They reported it very hot at Wichita where the temperature was 111 degrees.

## Ranchers Seeking Support Of FM Road

Local ranchers and the Chamber of Commerce are seeking support of the extension of FM Road 2162 that extends toward the JA Ranch headquarters southwest of Clarendon.

A group of the ranchers and a committee from the Chamber will meet with the County Commissioners July 10th to present the project which only takes in 3.8 miles of extension at this time. 100 percent approval of the court would give the delegation that plans to go to Austin to meet with the Highway Commission, a much better chance of getting the road approved.

The Leader has been informed that the land owners along the route will give the right-of-way free and at least part of them will move their own fences. The proposed paving would be extended to the cattle guard entering the JA Ranch property.

It is also understood that M. H. W. R. will do everything he can to get the road extended through the ranch.

This would give Clarendon a grand opportunity to have the connecting road with a scenic road that would go up through the Palo Duro canyon.

It is willingness and work of this nature that gets the job done . . . Give them your support when called upon.

## CONG. BOB PRICE TO BE HERE JULY 4TH

Congressman Bob Price has notified the Leader that he will be here July 4th to ride in the big annual Parade.

He said he would be looking forward to visiting with the people of this area at that time. We all appreciate Bob taking time out from his busy schedule to be with us at this special time.

## New Newspaper At Howardwick Begins

Wednesday, June 28 marks the first edition of the newest paper for this area. "The Wick", official Newspaper for the town of Howardwick and Sherwood Shores, entered the mails this week and will be published in the future every last Wednesday of each month for the present time.

Will Howard is listed as Publisher of the new paper; Kaye Howard is the editor; Dot Doty, Toni VanArsel and A. L. Bacon are the special Reporters.

Kaye Howard, wife of Mark Howard, operator of Syd Blue's Little Emporium, and son Stony arrived here last week to join her husband. Mark is a son of Mr. and Mrs. Will Howard.

The new publication is being published locally by the Donley County Leader Printing Department.

## COMMUNITY CENTER COMMITTEE APPOINTED

At the regular meeting Thursday night, June 22, 1972, of the Panhandle Community Action Advisory Board a committee was appointed to take charge of the activities to take place at the Community Center as desired by the citizens.

Those appointed included — Mrs. Ann Adkins, Mrs. Betty White, Mrs. Johnny Bates, and Rev. R. L. Leader. They may be assisted by others if they deem it necessary.

The committee will be calling a public meeting with all interested citizens extended an invitation to attend and express their opinions and schedule activities.

When the date of this meeting is announced citizens are urged to attend and express your views in regard to the activities to be scheduled.

## Rodeo Queen Contest Count Made Monday

Voting continued at a brisk pace to determine a July 4th Rodeo Queen as indicated by the count made June 26. Voting will continue until 12 o'clock noon, July 4th. The Queen will be presented at the Rodeo the night of Tuesday, July 4th. Also recognized at that time will be the First Runner up, The Second Runner-up, and Miss Congeniality.

Monday, June 26, the count stood as follows: Pat Vernon, 7631; Terry Saye, 7064; LaRonda Peoples, 4006; Elaine Ford, 3938; Sue Hall, 2892; Cathie Owens, 2696; and Gale Bowling, 824.

As of today, Thursday, there are only five and a half days left to vote. Help the girl of your choice to be Rodeo Queen. Voting boxes are placed over town and votes are only 1c each. Get your votes in.

## LIONS CLUB SPONSORS CARNIVAL THRU JULY 4

The Clarendon Lions Club is sponsoring a Carnival through the July 4th celebration. It will be set up on the Junior Spier lot across the street east of the Post Office and is due to arrive here Thursday, June 29.

There will be five or more rides with side attractions to delight the young and entertain the adults.

Proceeds will be used in Community Service work.

## ATTEND FUNERAL

Mr. and Mrs. Bill Mears of Clarendon and Irvin Mears of Amarillo went to Baldwin, Mississippi last week to attend funeral services for Mr. Mears' niece, Mrs. Gladys Steele who was killed in a car accident.

## This Is Your Annual Celebration Edition

This is our special July 4th edition of the Donley County Leader. It has taken lots of work and effort on our part to prepare the paper this week but we have enjoyed it and hope you will find it of interest to you.

As done the past several years, one complete section of the paper is devoted to news copied directly from papers of years gone by. This year we lifted copy as it was written from local papers of 1917 and 1918. Old pictures used in the edition are actual photographs of people and places around this area. Spot fillers are carried throughout the paper telling of happenings of earlier years.

As all of you well know, July 4th comes to us on Tuesday this year and most businesses will be closed on that day. It will be most helpful if our correspondents, business people, and local residents can turn in as much news as possible on Monday. We will do the best we can from that point to get your paper to you as soon as possible.

Have a safe, happy, fun-filled week end and enjoy the July 4th celebration planned by the Outdoor Entertainment Association.

## TOM CHRISTIAN TO BE HERE IF POSSIBLE

Rep. Tom Christian called from Austin Tuesday and reported that he would be here for the annual celebration if everything could be cleared at Austin. He said a filibuster was going on and he hoped that action could be taken in the Legislature in time for him and his family to come back up this way for the big event.

## Activities And Events For July 4th Celebration To Begin Saturday

### Plans Made For First Medical Center Auxiliary Project

Mrs. Neta Harmon, president of the Medical Center Auxiliary, has announced that plans were made at Tuesday's meeting for the Auxiliary's first project.

The local organization voted to begin work on the collection of 1500 books of S & H Green Stamps to be used to purchase a Kidney Machine for the Panhandle Kidney Foundation. These machines cost around \$3000. The machine will be kept at the Foundation and will be available for all residents of the Panhandle area as well as serving as a unit to be used while another unit is being repaired. Arrangements are being made to provide a service center for these machines in Amarillo.

There is no way of knowing when any resident of our community may desperately need a Kidney Machine, and for this reason all area residents may contribute and help out on this project with contributions of Green Stamps.

Books of Green Stamps may be left with Mrs. Neta Harmon, president of the Medical Center Auxiliary, or at the Donley County Leader Office. Mrs. Harmon lives at the County Jail and either her home or the Leader Office is in a downtown location making it possible for you to leave your stamps at a central location without going out of your way.

Let us all unite behind this project 100 percent. Who knows when this very machine might save the life of one in our community.

### Plans Made For First Medical Center Auxiliary Project

## Big Terrapin Race Planned For Monday

The Big Terrapin Race held annually in conjunction with the July 4th celebration will be held at 4 p.m. Monday, July 3rd, on Main Street. The Clarendon Chamber of Commerce is sponsoring this year's event.

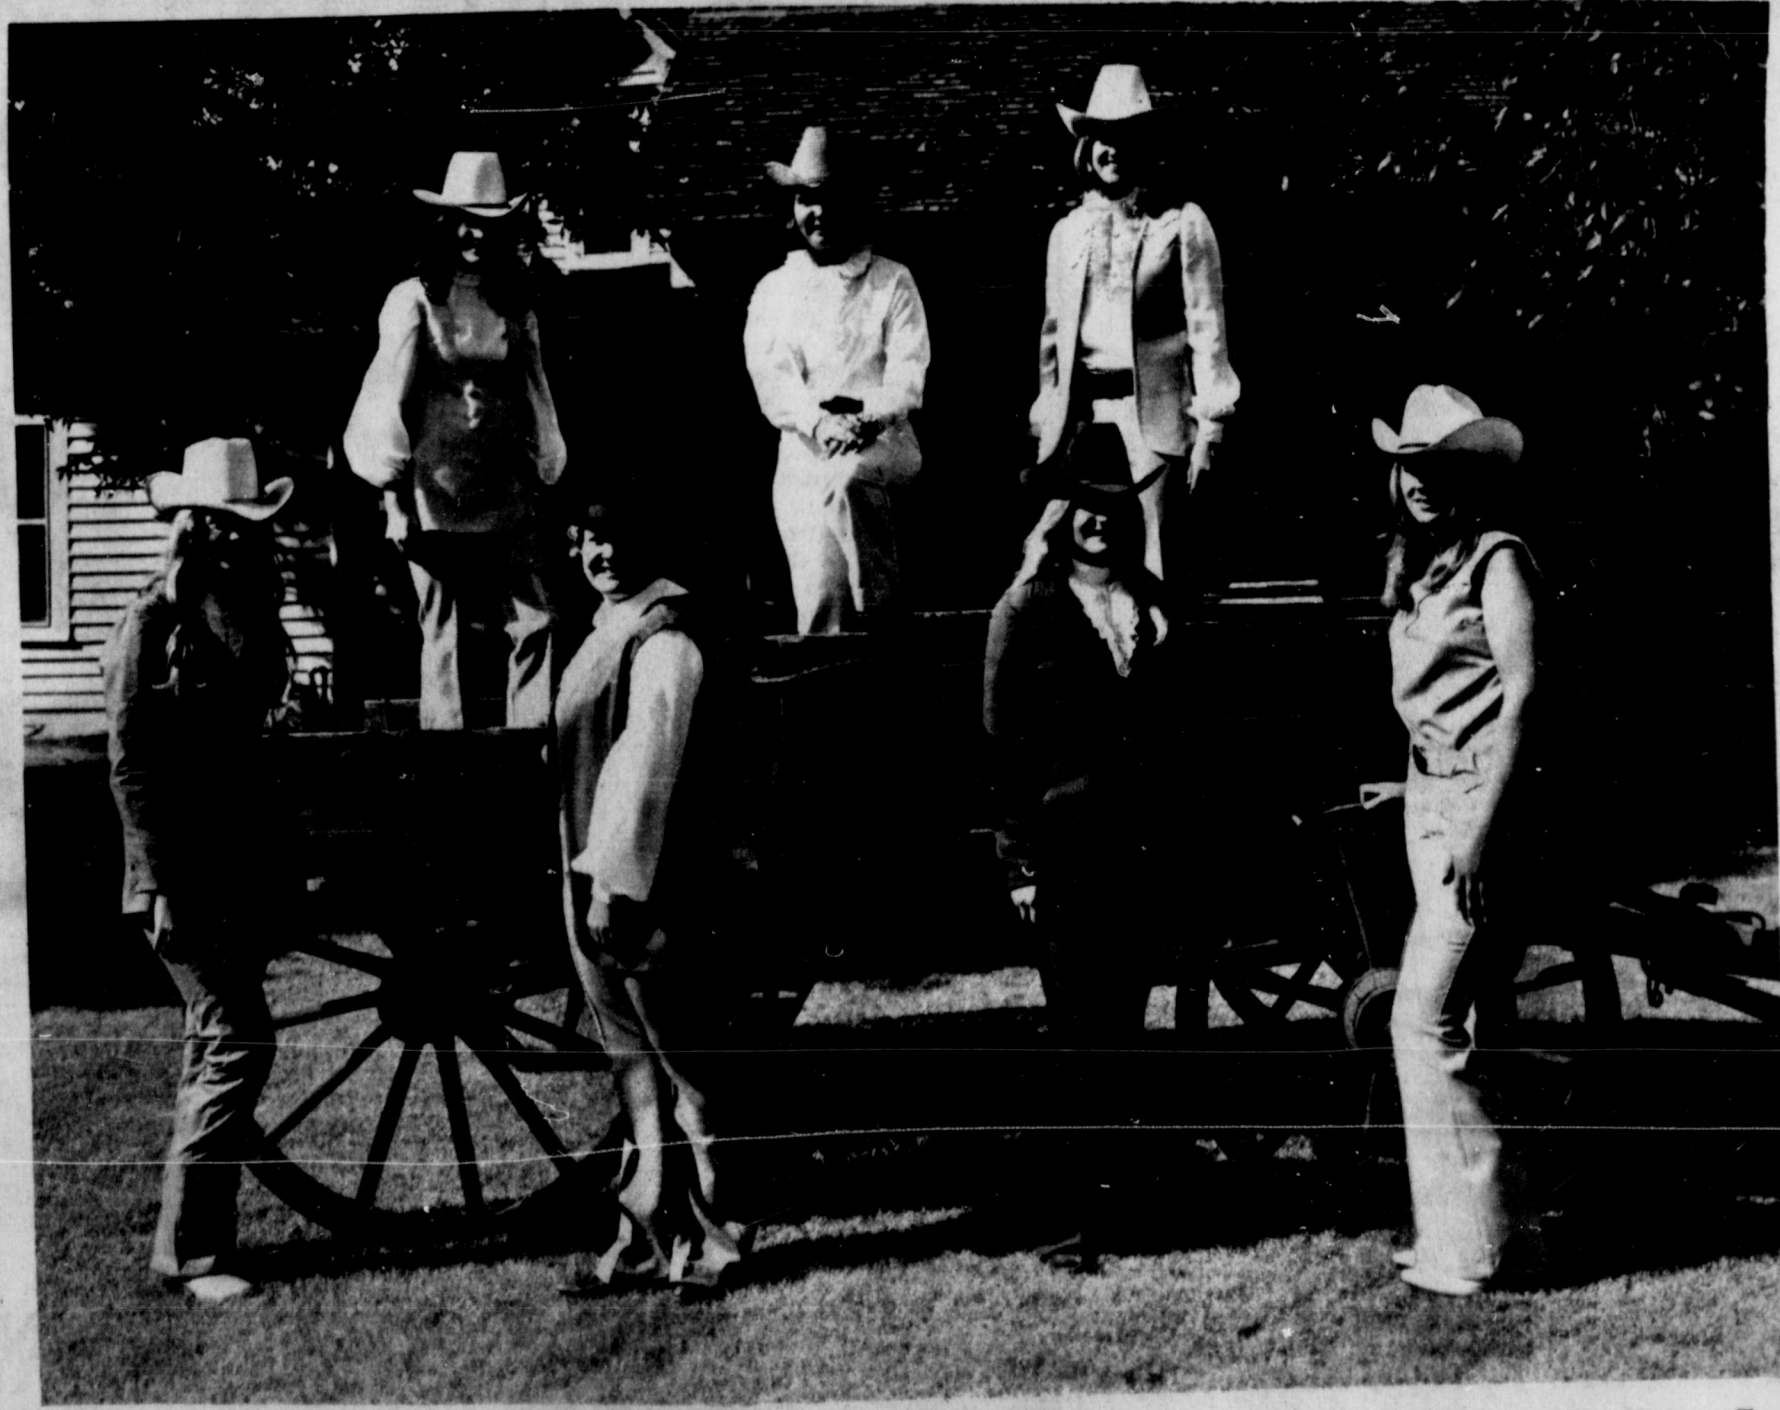

The winner of First Place will receive a \$25 Bond; Second Place, \$10 and Third Place \$5. Three age groups are eligible to participate: Age 0-6, 7-11, and 12 and up.

Rules to be observed this year are as follows: Only one Terrapin per person may be entered. Only Land Terrapins may be entered. Deadline for entries will be 12 p.m. noon, July 3rd.

If you have a Terrapin you want to enter the race see Jocarrol Johnson at West Texas Utilities Company on one of these days: June 29, 9 a.m. to 5 p.m.; June 30, 9 a.m. to 5 p.m.; July 1, 9 a.m. to 12 o'clock noon; or July 3, 8 a.m. to 12 o'clock noon.

The Terrapin race has proven to be a popular event for both young and old and the race this year is expected to be no exception.

So, get busy, youngsters, and find your Terrapin. You might just be the lucky winner come July 3rd.

Sympathy is extended the Kenneth Brinson family in the death of her father, Mr. Olin Castleberry of Clarendon.

We shall never forget the tall headlines on our paper the day Will Rogers passed away... No one ever affected the lives of as many people as did this colorful humorist. He had a way of making us laugh at our selves and at the same time teach us a lesson that would help our lives. We still feel the pang of seemingly something going out of our life when this sad news was announced. Not long ago some dear ones sent us a book containing some of his saying... The following are a

fair sample:

"America invents everything, but the trouble is we get tired of it just as soon as the new wears off."

"People's minds are changed through observations and not through argument."

"Spinning the rope is a lot of fun-provide your neck is not in it."

"Our foreign policy is an open check book."

"Our country has plenty of five-cent cigars, the trouble is they cost fifteen cents."

"It is awful hard to get people interested in corruption, unless they can get their hands on some of it."

"We will never get anywhere with our finances until we pass a law saying that every time we appropriate something, 'we have to pass another bill along with it saying where the money is coming from."

Goodnight News

The Donley County Leader is needing a correspondent for the Goodnight Community News, someone who is interested in reporting the everyday happenings in the community such as visitors, socials, family reunions, vacations and the like. These news items may be jotted down as the days progress in the week or you may find it easier to pick up items by phone.

If you are interested, please contact G. W. Estlack or Mrs. G. W. Estlack at the Donley County Leader office. Claude has his own newspaper and we do not ask that you write news for the Claude area, though you may do so if you desire.

We would appreciate having your community news for we want our newspaper to represent as many people as possible each week.

Delicious refreshments were served to the members: Johnnie Bryson, Adgar Williams, Lilla Roberts, Joy Roberson, Mae Wilkinson, Earnestine Christopher, Della Allen; and visitors: Blanche Higgins, Linda Judd and baby, Barbara, Ann, and Keith Christopher.

Our next meeting will be with Earnestine Christopher Monday, July 3rd. Bring your scissors. Rep.

## TAMMY BLACKBURN TO WTSU CHORAL CAMP

Tammy Blackburn, daughter of Mr. and Mrs. Charles Blackburn of Clarendon was among the 13 students to participate in the second annual West Texas Choral Music Camp last week at West Texas State University, Canyon, Texas.

Tammy is a soprano and a freshman student at Clarendon High School. The camp was attended by junior and senior high school students from the tri-state area of Texas, New Mexico and Kansas.

Mr. and Mrs. Clifton Elliott, Donnie and Brenda, and Michel Elliott went to Lamar, Colorado on business over the week end.

## Mrs. Mattie DeBord Honored On Birthday

Mrs. Mattie DeBord was dinner guest at a dinner and family gathering in the home of her daughter, Mr. and Mrs. Elmer Dishman of Lelia Lake, Sunday, June 25. The occasion was to celebrate her 92nd birthday. Mrs. DeBord has lived for the past several years at Palo Duro Convalescent Home in Claude but prior to that time had lived in Clarendon.

A bountiful dinner was enjoyed down to the beautiful birthday cake. Visiting and reminiscing provided the entertainment.

Present were the honoree, Mrs. Mattie DeBord of Claude; Mr. and Mrs. Charlie Truitt and Jackie Rezny of Purcell, Okla.; Mr. and Mrs. W. C. DeBord of Canyon; Mr. and Mrs. L. S. DeBord of Stratford; Mr. and Mrs. B. F. DeBord of Clarendon; also Nancy Watkins and daughter, Levena Ann Vandergriff of Amarillo; and the hosts, Mr. and Mrs. Elmer Dishman.

## BAIN BROTHERS ENJOY GET-TOGETHER SUN.

Mr. and Mrs. James (Pud) Bain had as week end guests in their home Mr. Bain's brother, Howard Bain of Frederick, Oklahoma. They were joined on Sunday by Mr. and Mrs. Joe Bain and her mother, Mrs. Webster of Stinnett and with Mr. and Mrs. Olin Bain and Mr. and Mrs. Regan Bain, enjoyed lunch at the Country Kitchen.

In the afternoon all went to Childress where they visited a brother, Mr. and Mrs. Charles Bain, and the Charles Bain's daughters, Mrs. Harold Fuller and Mr. and Mrs. Jim Phillips, also of Childress.

A delightful afternoon was spent visiting, taking pictures, and being together. This was the first time these boys had all been together at the same time since the death of their mother some years ago.

## KIMBRA ANDERSON IN RANGE 1 PLAYDAY

Kimbra Anderson participated in Range 1 Playday, June 25, in Amarillo. The event was held at Rolling Hills Arena. She received the high point plaque for Pee Wee Girls for the previous month Playday.

In the June 25th event, Kimbra received first in rings, flags, baton and wagon; second in ribbon; and 5th in rescue. Kim now has a total of 144 points toward high point trophy of the year.

## Wedding Plans Announced

Mr. and Mrs. Johnny E. Lee of Groom, Texas announce the engagement and approaching marriage of their daughter, Carol Ann, to John Grady, son of Mrs. Ethlyn Grady of Clarendon, Texas and the late Johnny Grady. The wedding will take place August 5, 1972 in Immaculate Heart of Mary Catholic Church in Groom.

## Hospital Auxiliary Meeting Held Tuesday

The Medical Center Auxiliary met Tuesday afternoon, June 27, at 3 p.m. in Lions Club Hall with Mrs. Neta Harmon, president, presiding. The meeting was informal with Mrs. Harmon reporting on the Medical Center Nursing Home, the opening of the Hospital, and the inspection of facilities this week by State officials.

For the benefit of those who were unable to attend, it was decided that the Auxiliary Patch should be placed on the left front shoulder of the uniform smock-type blouse to be worn by workers and the name plate of the worker will be placed beneath the patch.

One new member joined the group. Mrs. Cleo Crutchfield. This brings the total membership of the Clarendon Auxiliary to 105.

In other business, the group voted to take as the first project the collection of 1500 books of S & H Green Stamps to be used to purchase a Kidney Machine for the Panhandle Kidney Foundation. Books may be left with Mrs. Neta Harmon or at the Donley County Leader Office. Members are asked to remember that the next meeting date for Medical Center Auxiliary will be at 3 p.m. Tuesday, July 17, at Lions Club Hall.

The Auxiliary started functioning as of today. The first worker Wednesday, June 28 was Mrs. Lloyd Risley who worked from 9 a.m. to 11 a.m. Mrs. Neta Harmon worked from 11 a.m. to 3 p.m. At press time we did not have the names of the two other members who completed the first day work schedule.

## Rhea Descendants Gather Sun., June 25

Descendants of the late (Owen) PVO Rhea family met for a family reunion at the Ash-tala Community Center Sunday, June 25. Approximately eighty were present for this year's festivities.

Games of 42 were played; music was enjoyed throughout the day; visiting, reminiscing, family happenings all contributed to a delightful day. There was an abundance of good food. Any number who were present had to travel a distance to attend but the greatest distance was traveled by one from Washington State.

All reported a wonderful day together and are looking forward to the next such occasion. Rep.

## Family Reunion Held At Sanders Home

A family reunion was held Sunday, June 25, at the home of Mr. and Mrs. R. M. Sanders of Hedley.

Here for the week end were Walter McCarter of Corsicana; Mr. and Mrs. A. C. Gossett of Pratt, Kansas; Ronnie and Nancy Gossett, Russell Clift and Joy Davis, all of Liberal Kansas; Mr. and Mrs. C. W. Lockhart of Quanah; Mr. and Mrs. Jess Beach of Sunray; Mr. and Mrs. J. W. Winn of Deming, N. M.; Mr. and Mrs. Wilsey White, Mrs. Judy Youre and girls and Mr. and Mrs. L. D. Seibert and children, all of Amarillo; Mr. and Mrs. G. C. Brinson of Hedley and the hosts.

All reported a most enjoyable time. Rep.

## Community Action Program In Our Area

Since the Community Action Program is now functioning in Clarendon any number of people have questions galore. It is impossible to answer them all in one writing. If you will bear with us we will do our best to clarify through explanation and contact just what is taking place.

First of all this program is for Everybody. There is no discrimination regardless of race, color, creed, or any basis. The money for this program comes to us through Federal programs: EFMS, USDA, NYC, and PESO. It is our tax dollars being returned to our area to be used toward the betterment of our community. We, the citizens of the area, are asked for only one thing. That is to provide a building in which to carry out the functions of the program. Volunteer workers and those on work-study and NYC programs carry out educational and recreational projects for young people up to age 21 who have slack time.

This is not all that the program does for our community. There are educational opportunities for adults, too. Through this program those who were not able to finish high school and receive a diploma may take the G.E.D. tests, receive a diploma and be able to go on and train for work of their choice. There are many other benefits to our community. Here again contacts with individuals determine the needs and what type of service is rendered.

THIS PROGRAM IS NOT A BABY SITTING SERVICE. Children must be at least four years of age and able to participate in activities. It is Not a Child Care Center of any kind but is set up to provide educational and recreational activity in worthwhile projects making it possible for each and every one participating to learn and do.

Through weekly surveys it can be seen that the balanced meals served those young people who are hungry pay big dividends in happier, healthier young people who find that they really can adjust to their surroundings and situations. This service is provided by the U.S.D.A. Food Program and there is no discrimination in the purchase of this food. It is spent equally

here at home.

"I would like to express my appreciation to the many, many people who have donated furniture, time, and helped in so many ways to get our Center open and in operation," stated Mrs. Edna Osburn, local supervisor. "More Mothers are needed to help out at the Center." For any information contact Mrs. Osburn at 874-2573.

This is OUR program and it is up to all residents of this area to have it work for our benefit. It is new here, yes, and it will take time to establish all needed projects. These programs are functioning all over the nation. Let us let it work for our benefit and all pitch in and get the ball really rolling.

It's purpose is to help us all help ourselves. The reward—a better community in which to live.

Mr. and Mrs. P. I. Eastlake of Wichita Falls visited recently with his brothers, Mr. and Mrs. Homer Estlack and Mr. and Mrs. G. W. Estlack, also his nephew and family, Mr. and Mrs. Allen Estlack and Roger.

Mrs. Faye Scroggins of Phoenix, Arizona was a dinner guest Friday of Mrs. Frank Bourland.

## BETA SIGMA PHI TO SELL COKES, ICE CREAM

Members of Beta Sigma Phi sorority will be selling Cokes and homemade ice cream on the Courthouse lawn beginning at 1 p.m. July 4th. Proceeds will be used toward a college scholarship and other projects of the organization.

We wish to express our heartfelt thanks to each one who assisted our son, Earl, in the last days of his illness. We thank you for the food and the beautiful flowers. We thank Rev. Leeper and all for the lovely service, and Murphy Funeral Home for their many kindnesses. May God bless each of you and stand by you in your dark hours. The Corbell Family

The family of Mrs. Stella Goode sincerely appreciates your prayers, sympathy, food, flowers, and cards rendered during the loss of our loved one.

### Highlights and Sidelights

FROM YOUR State Capitol

By BILL BOYKIN  
Texas Press Association

(Editor's Note: A number of U. S. newsmen and columnists were invited to Mexico City last week for briefings on the current visit to the United States of Mexico President Luis Echeverria Alvarez. Echeverria

dedicated a Mexican Cultural Institute in San Antonio June 19, also visited Washington, D. C., New York and Los Angeles.)

MEXICO CITY—Mexico opened an institution of higher learning in the United States this week — in San Antonio, Texas. Why?

The answer to that question lies in the personality, leadership and goals of Mexico President Luis Echeverria Alvarez. The new dynamic President of Mexico is visiting the U. S. this week to discuss a couple of major problem areas between Mexico and this country.

If his track record here come close to his achievements in Mexico since his inauguration De-

ember 1, 1970, he will go back home with some commitments about the Mexican laborers in California and the salinity problems of the Mexicali Valley caused by the Colorado River water.

His visit to Texas gave this state a clue to his major goals in Mexico. He dedicated the San Antonio Mexican Cultural Institute — located in Hemisfair's Mexico pavilion. It is symbolic of the principal changes Echeverria is attempting in Mexico's way of life.

His enthusiasm and determination to solve Mexico's problems has become contagious among all government leaders in his country.

His common workday is 12 to 14 hours — with no complaints from Mexico's government leaders and their staffs.

There is no "siesta" in Mexican governmental circles these days. The new leadership in Mexico is determined also to get rid of the "manana" image — and turn it to "today and tomorrow."

"Most of Mexico's problems can be solved by education," Echeverria believes.

His program for educational reform in Mexico points out the fact that he means what he says.

Echeverria anticipated the country's education problems before he started his six-year term as president (a president may

not succeed himself in that country).

"President Echeverria studied the country's population statistics and discovered that 500,000 children per year will be entering the elementary education program," states Mexico's Secretary of Education Victor Bravo Ahuja.

"Mexico has a population of 50,000,000 — half of which is in the rural areas. One-fourth of the population is between six and 14 years of age. There were no schools for 150,000 students wanting to enter elementary school.

"More than 12,000 new teachers must be trained each year to educate these new students," the Secretary of Education continued.

Mexico will have 11,000,000 or one-fifth of its entire population in elementary school this year. Only 57% of the elementary school students finish grade school — and this is up from 45% two years ago. Echeverria's goal is to get 75% of the grade school students into high school.

He does not believe all high school graduates should go to college. (There are 133,000 students attending the University of Mexico this year.)

Echeverria has more than doubled the budget for technical institutes. Although the cost of college is only \$12 to \$15 a year tuition in Mexico, the Mexico President is trying to direct high school graduates into technical and trade institutes.

"We believe that it is a mistake to send everyone to a university. The President's education policy has three principal

points," the Secretary of Education relates, "giving students a chance to accept every educational opportunity, get into their working lives without frustration, and the economic opportunity for everyone to be educated."

Here are some other facts and figures given to newsmen by Mexico's Secretary of Education Victor Bravo Ahuja.

27% of the national budget (up 23% from last year) goes into education.

66% of the people on Mexico's federal government payroll work in education.

88% of education in Mexico is financed now by the Federal government.

With all of this interest on education — it is easy to see why President Echeverria wanted to open a Mexican educational institution in San Antonio.

More buildings will be added later, classrooms, labs and a library. Operated by the Secretary of Foreign Affairs Emilio O. Rabasa, the Institute will feature classes in Spanish for four levels, also anthropology, literature and Mexican history.

Exhibits of Mexican arts and crafts, Mexican painting and excavations of ancient temples will be featured also.

AUSTIN, Tex. — Legislative leaders are predicting a quick end to their long-dreaded special session which began last Wednesday.

Gov. Preston Smith caught nearly everybody by surprise when he announced he has discovered an additional \$125 million in federal funds which can be applied to welfare.

The federal windfall for social services to the needy was Smith's secret weapon to finance 1973 state operations without need for any new taxes.

Most lawmakers had concluded he would recommend an eight months' budget for welfare to make it possible to avoid another tax bill before he leaves office.

The governor proposed a \$4.1 billion budget for 1973 (\$818 million from general revenue).

Lt. Gov. Ben Barnes and House Speaker Rayford Price say they are optimistic about chances of finishing the budget writing job in two to three weeks.

Submission of other matters would keep the special session going longer, although Smith has indicated he is reluctant to broaden the call. A proposed new code of ethics has been drafted, and there will be pressure on the governor to submit it.

Welfare Commissioner Raymond Vowell told the joint finance committee he fully expects to get written confirmation from Health, Education and Welfare officials next week that the additional welfare funds will be available.

Comptroller Robert S. Calvert, who must certify foreseeable revenue before it can be obligated by the legislature, wants firm evidence the \$125 million will be available if he permits it to be counted in 1973 budget-writing. If Calvert declines to certify it, lawmakers almost certainly will turn again to the eight-months' welfare budget idea.

DEMOCRATS CONVENE —

GOPS CLASH — Republicans, who had anticipated a quiet, uneventful convention, ended up with some excitement of their own.

GOP gubernatorial nominee Henry Grover of Houston demanded the convention instruct the state Republican executive committee to meet and oust the party's state chairman and vice chairman, Dr. George Willeford and Mrs. Malcolm Milburn of Austin. Grover claimed the leaders are doing nothing to help him get elected. His proposal was shouted down.

Party leaders deny there is any deep rift, claim they are backing Grover.

Rep. Fred Agnich of Dallas and Mrs. Tobin Armstrong of

Armstrong were re-elected GOP national committeeman and committeewoman.

A Veteran Administration Center specializing in treatment for amputees opened in Seattle recently, raising the total to 17.

### AUGUST DRAFT CALL ANNOUNCED BY SDSS

Colonel Melvin N. Glantz, the State Director of Selective Service for Texas announced last week that the August Draft Call in the Priority Selection group with numbers of 75 or lower will be subject to call in August. This is an increase of 25 in the lottery number for induction from the July draft call.

John Rankin, Chairman of the Local Board No. 52 said that two inductions are expected in the area covered by this local board in August as a result of this Induction Call. In addition five men will be issued orders for pre-induction physical examination.

Local Board No. 52 serves Gray Wheeler, Donley, and Roberts counties.

Boy Scouts were incorporated on February 8, 1910.

### MID-PLAINS TELEPHONE RECEIVES FED. LOAN

Congressman Bob Price was notified Tuesday, June 20, of a \$420,000 loan by the Department of Agriculture to the Mid-Plains Rural Telephone Cooperative in Tulsa. This borrower serves Swisher, Armstrong, Briscoe, Carson, Castro, Donley, Deaf Smith, and Randall Counties. The president of Mid-Plains, Victor L. Harmon, was notified to this effect by Congressman Price.

The purpose of the loan is to provide all one-party dial service in the proposed Vigo Park Exchange and the existing Elkins Exchange, finance facilities to connect 50 subscribers, construct a new dial central office building in Vigo Park Exchange, and construct 9 miles of new line.

### Warning Regarding Fireworks, Drinking And Reckless Driving

The City Police Department and the Sheriff's Department have both issued warnings this week in regard to the shooting of fireworks, excessive drinking and reckless driving.

We are asking parents to convey the message to their youngsters that it is unlawful to shoot fireworks within the City limits, stated Police Chief Gary Gerdes. Please be considerate of others and regard the danger involved with shooting fireworks, Gerdes added. All violators will be picked up and dealt with according to the law, he concluded.

Sheriff James and Police Chief Gerdes are reminding everyone to be especially careful with their driving during the celebration as there will be youngsters running pell-mell, horses and a throng of people in general along with exceedingly heavy traffic.

If you plan to drink, please use moderation and keep your bottles and cans in your own car and not throw them about town, James stated. If you drink—do not drive as you may injure someone as well as yourself and a DWI charge is a more serious offense.

### DR. BRANDS JOINS VET CLINIC IN DODGE CITY

Dr. J. H. Brands has accepted a position with Dr. Bruce C. Champlin of the Dodge City Veterinary Clinic at Dodge City, Kansas where he will begin his work the first part of July specializing in large animal medicine and feedlot consultation. A third veterinarian in the clinic specializes in small animals while Dr. Champlin is involved with all areas.

Dr. Brands graduated from the University of Missouri at Columbia with a B. S. degree in Agriculture and received his doctorate in Veterinary Medicine. A native of Missouri, Dr. Brands and his wife, Judy, moved to Clarendon in August of 1970 after he had obtained his license to practice in the State of Texas. Until recently, Dr. Brands was associated with Clarendon Veterinary Hospital.

Mrs. Brands, who is a graduate of the University of Missouri also, is employed as Dietitian for St. Anthony's Hospital in Amarillo. She is also the consulting Dietitian for the Medical Center. Mrs. Brands has a B. S. degree in Home Economics education and a Masters degree in Nutrition.

Dr. and Mrs. Brands will be moving to Dodge City sometime in July but plan to return to the Clarendon area from time to time to visit friends and attend to business.

### JAVAN TUCKERS LEAVE FOR SAUDIA ARABIA

### FHA Rural Housing Eligibility Expanded

Many additional families in Texas are now eligible for rural housing loans from the Farmers Home Administration, FHA State Director J. Lynn Futch announced today.

"In families where both husband and wife are employed," Futch explained, "the new policy permits half of the wife's gross income to be excluded in determining whether the total family income is within the maximum limit for loan eligibility."

For example, the husband is the principal source of income with \$6,000. His wife earns \$4,000. His entire income, plus half of his wife's, or \$2,000, total \$8,000. This is within Texas moderate income level of \$8,000 so the family may be eligible for a Farmers Home Administration loan.

James V. Smith, National Administrator of Farmers Home

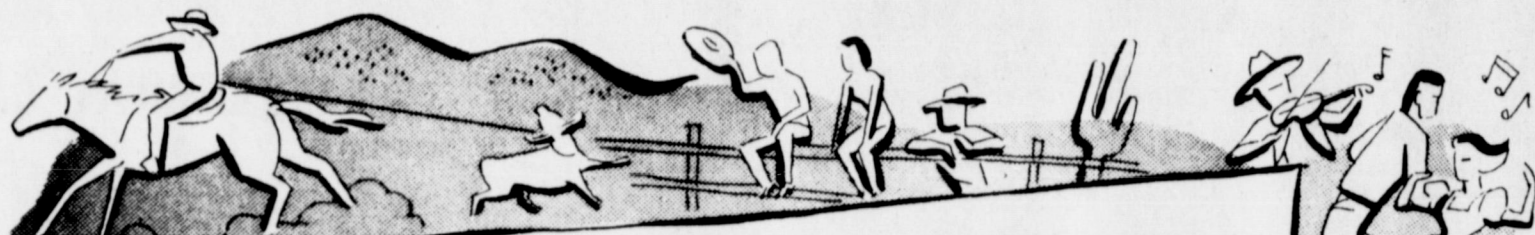

Administration emphasized that newly-eligible families must demonstrate that they otherwise merit FHA financing, and that credit is not available from regular commercial sources.

"The new policy will assist families in which the wife's income is needed to improve the standard of living. Note that if the wife is the principal breadwinner, the rule does not apply. This change will in no way affect our expanding service to low-income families," Mr. Smith said.

Loans may be made to families that will buy or build homes in open country or towns of up to 10,000 population, and who are not able to secure credit from regular commercial sources. Complete information is available from the agency's 143 county offices located in county seat towns throughout Texas.

### Area Labor Survey To Be Made Here

An area labor survey, the first step in an accelerated economic development program, will be taken in Clarendon and the area served by Clarendon. The up-to-date survey will be provided to prospective industries considering relocation.

Joe B. Mills, manager of the Texas Employment Commission in Childress has informed us he will have a representative in Clarendon July 10 and July 12 from 10:00 a.m. until 2:00 p.m. to work applications of all persons interested in working in the Clarendon area.

We encourage each individual to meet with the representative individually, but if you are unable to, you will find an application form in The Donley County Leader. This should be filled out and mailed no later than July

6 to Clarendon Chamber of Commerce, P. O. Box 730, Clarendon, Texas 79226. Additional forms may be obtained from the Leader or City Hall. These forms will be published in the next week's issue of the Donley County Leader. Allen Estlack, president of the Clarendon Chamber of Commerce, stated "this survey is of utmost importance since the question of labor is among the first asked by any prospective employer."

### WAYNE RIGGS REPORTS MODERN COWBOYING NO GOOD - COW WINS

Wayne Riggs, who ranches northeast of Clarendon and is owner of Riggs Farm & Ranch Supply, reported this week that Modern-Day cowboying was for the birds.

Last Friday evening Riggs and his wife were attempting to bring in an unruly cow, Mrs. Riggs

on a horse and Riggs on his motorcycle. Riggs contested the cow in a game of "Chicken" to turn her but the cow had different ideas and charged Riggs, running over him and the motorcycle. . . . the result, a fractured left leg below the knee for Riggs.

To top everything off, Riggs received a call Sunday from a reporter in Amarillo wanting a story on how to work cattle on a motorcycle. . . . was his answer. Translated — You can't beat the faithful horse.

### Golf Tournaments Big Events Of Week End

Golfers of the area enjoyed a full week end at the Clarendon Country Club Golf Course with the PGA Pro-Am Tournament on Friday and the Greenbelt Invitational Tournament Saturday and Sunday.

The Pro-Am event drew some 100 players. John Farquhar of Amarillo fired a seven under par 65, two strokes better than low par, Martin Reeves, to win low-amateur honors. Reeves' foursome shot a low ball 56 to win the tourney.

Flite winners in the Invitational Tournament placed first, second, and third in the order named.

Championship Flite: Dick Weston of Plainview, a new winner and a member of the West Texas State University Golf team shot a 65, 70, 70; David Parker of Pampa a 70, 70, 66; Jerry Bocka of Amarillo a 69,70,68. Bocka tied Don Lackey of Borger for third place and was declared the winner of third place in the play-off.

First Flite: Floyd Weathersbee of Pampa; Allan Williams of Amarillo; Tommy Smith of Paducah.

Second Flite: Dana Gibson of Center, Texas; Dick McLamore of Amarillo; Norman Coulter.

Third Flite: Dr. Vick Trammel of Pampa; Shorty Hudson of Memphis; Odell LaGrone of Canyon.

Fourth Flite: George Allen of McLean; Roddy Bice of Memphis; Pat Sloan of Spearman.

Fifth Flite: David Haynes of McLean; Colie Huffman of Shamrock; John Darby of Pampa. John tied Warren Hubbard of Perry, Oklahoma for third and took the place in the play-off.

Sixth Flite: Don Essary of Amarillo; Bill Lancaster of Amarillo; John McVicker of Howardwick.

Jim Terry, Country Club Golf Pro, reported this the largest invitational tournament yet to take place at the Country Club Golf Course with the Championship Flite fielded by some of the best golfers in West Texas. The tournament drew a total of 133 entries with 7 withdrawals.

Terry is already making plans for the next really big event for the course. This will be the Men's Partnership Tournament to be held in August, the exact date yet to come.

Funeral services for Milton Hawthorne, 59, of Ft. Sumner, New Mexico and father of Afton Hawthorne of Clarendon, were held Tuesday afternoon, June 20, 1972, at 4 o'clock in the First Baptist Church of Ft. Sumner with brothers-in-law: Bro. Ted Gammill and Bro. Glen Gammill assisted by the local pastor officiating. Interment was in the cemetery at Ft. Sumner.

Mr. Hawthorne died Monday morning, June 19. He was born in Haskell County, Texas and had lived in New Mexico for a number of years being engaged in farming.

Surviving are his wife; a daughter; two sons; his mother; three brothers; five sisters; and twelve grandchildren.

### OKLAHOMA VISITORS

Mr. and Mrs. Tom Stotts had as visitors from Wednesday to Friday of last week his brother, Alvin Stotts, and a friend, Ed Copped, both of Enid, Oklahoma. Thursday all enjoyed dinner with a niece and her husband, Mr. and Mrs. Malcolm Glass at Memphis.

The space age we live in is one wherein the improbable and the incredible become reality.

**Notice! New Postal Changes This Week**

The newest innovation of the United States Postal Service—Area Mail Processing—is to be installed at the Childress, TX Post Office on Saturday, July 1. Beginning on that date, mail from the Childress Sectional Center Area will be processed for outgoing dispatch through the Amarillo Post Office.

This was announced today by Carl C. Ulsaker, Regional Postmaster General, Southern Postal Region, which covers the Southern United States from Texas to Florida.

"The program is intended to speed the ultimate delivery of

the mail and to gain maximum efficiency and economy through full utilization of Amarillo's mechanized post office," Ulsaker said.

The Amarillo Post Office is equipped with one 6-operator-position letter sorting machine capable of sorting 15,000 letters an hour, and an automatic cancelling machine capable of cancelling and cancelling 30,000 letters an hour.

Area Mail Processing is a plan whereby virtually all mail originating within a Sectional Center Area, including any or all of the associate offices of the Sectional Center Facility, will be consolidated at the SCF for complete preparation and processing for outgoing dispatch.

In this case, mail from the Childress SCF and its associate

offices will be consolidated at the SCF, moved to the Amarillo Post Office and processed for outgoing dispatch.

All mail deposited in street letter boxes or the out-of-town letter drops at the associate offices will be transferred to the SCF for processing and will bear the postmark designated for the SCF area.

The postmark for the Childress SCF will read, "U. S. Postal Service, TX 790," along with the data and AM-PM designation. The city postmark of Childress and each individual associate office will not be changing.

Mail deposited in a designated drop unit at a post office or a letter box labeled "For Local Cancellation Only" will be postmarked at the local office of origin with the name of that office. Each postmaster will have designated boxes and letter drop units designated for this purpose. All metered mail will bear the postmark of the office of origin.

It was emphasized by Ulsaker that no office will lose its local postmark.

He asked specifically that customers no longer use the word "City" as an address in place of the name of the city of destination. "Obviously," he said, "in this new system, a letter with just 'City' could lose its iden-

Effective July 1, 1972, if you have mail to go you should deposit inside the Post Office as late as 4:40 p.m. The inside mail will go to the Amarillo Sectional Center and be processed.

**Goode Services Held Saturday, June 24**

Funeral services for Mrs. Estella Verona Goode, 81, a resident of Donley County for over 60 years, were held at 10 a.m. Saturday, June 24, 1972, in the Church Of Christ with Tom Waters, Minister of the Church Of Christ, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mrs. Goode died at 7:30 a.m. Wednesday, June 21st, at her residence. She was born October 26, 1890 in West Plains, Missouri and came to Donley County in 1907 from Greenville. She was a member of the Church Of Christ in Clarendon.

Survivors include one stepdaughter, Mrs. Frances Peterson of California; three step-sons, Grant Goode of Azle, Texas, Marvin Goode of Eugene, Oregon, Miron Goode of Holly, Colorado; four sisters, Miss Amy Hinkle of Muncie, Indiana, Mrs. Oma Watson of McLean, Texas, Mrs. Ethel Reid of Claude, Miss Ivy Dea Hinkle of Clarendon; four brothers, Raymond Hinkle of Clarendon, Marvin Hinkle of Portland, Oregon, Orville Hinkle of Tucson, Arizona, R. B. Hinkle of Tahoka, Texas, and ten step-grandchildren.

Bearers were Earl Shields, Mark Allen, John Judd, John Garner, Bill Bennett, and Fred Bourland.

**VISITORS**

Visitors in the John Semrad home June 17 were Mr. and Mrs. Robert Semrad of Houston. They and Mr. and Mrs. John Semrad went to Mangum, Okla. to visit the Cal Dormans. During the week, Mrs. C. Dorman took her parents, Mr. and Mrs. John Semrad, to Yukon and Oklahoma City to visit relatives.

Mr. and Mrs. William Jefferies of Tifton, Georgia are visiting Mrs. Jefferies aunt, Mrs. W. R. Wilkerson.

**Olin A. Castleberry Services Held Tues.**

Funeral services for Olin Aaron Castleberry, 73, a resident of Donley County for the past 49 years, were held at 4:30 p.m. Tuesday, June 27, 1972, in Murphy Memorial Chapel with Rev. Bryon Knowles, minister of the Martin Baptist Church and Rev. Paul Hancock, minister of the First Christian Church, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mr. Castleberry died at 10 a.m. Sunday, June 25th, of a heart attack while working at Ruby's Grocery, owned and operated by his son, Olin Castleberry Jr. He was born May 30, 1899 in Wise County, Texas and married Cora Lofton January 6, 1943 at McLean, Texas. He moved to Donley County from Alameda in 1924 and was a farmer and stockman.

Survivors include his wife, Mrs. Cora Castleberry of Clarendon; two daughters: Mrs. Dorothy Brinson of Hedley, Mrs. Sue Osburn of Clarendon; one son, Olin Castleberry Jr. of Clarendon; two brothers, George E. Castleberry of Shamrock, Herbert Castleberry of Shamrock; and three grandchildren. Bearers were Bill Ray, Frank Hommel, A. R. Henson, Lee Palmer, Carl Naylor, and Bill Lowe.

**IRVIN MEARS IN AMARILLO STORM**

We have learned this week that Irvin Mears, son of Mr. and Mrs. Bill Mears of Clarendon, was in the midst of the heavy damage area hit by strong winds and storm in Amarillo last week. Irvin is employed by Toot & Totum across from the Roadway Inn at I-40 and Western.

Irvin and one other were working in the business at the time the storm hit and took cover. Irvin's car was turned completely around and one tire was deflated. It is good to know that Irvin was not injured and his car damaged no more in the turbulent weather.

Medical writings indicate that influenza has been recognized since 400 B.C.

**Raymond Alexander Rites At Wheeler**

Funeral services for Raymond D. Alexander, a former resident of Clarendon, were held Friday afternoon in the First Baptist Church of Wheeler. Burial was in Mulberry Cemetery at Sweetwater, Oklahoma.

Mr. Alexander was a native of Sweetwater and was employed as a grounds maintenance man at Amarillo College.

Surviving are his wife, Virginia; two sons: Johnny of Belle Plaine, Kansas and Ricky of Sayre, Oklahoma; two daughters: Mrs. Raenell Shade of Clarendon and Mrs. Annette Alexander of Amarillo; his mother, Mrs. Elsie Alexander of Wheeler; a brother, Truman of Sweetwater; a sister, Mrs. Nelda Bowers of Levelland; and five grandchildren.

**CONG. PRICE AID IN CLARENDON JULY 3**

Congressman Bob Price has announced that his assistant, Mr. Charles Lanehart, will be at the Farmers State Bank in Clarendon from 1 p.m. to 4 p.m. and at the Clarendon College Cafeteria from 4 to 5 p.m. July 3, 1972 to assist area residents who may have problems with the Federal Government.

Everyone is welcome to visit with Mr. Lanehart at this non-partisan, open to the public meeting.

Congressman Price emphasized that these visits are arranged in an effort to bring the services of his office closer to the people of Northwest Texas.

**DON HILLIS HOME DAMAGED WEDNESDAY**

The home of Mr. and Mrs. Don Hillis received extensive damage Wednesday night when lightning struck their washing machine setting it on fire. This was somewhat of a freak happening in that the machine was destroyed, the entire house and its contents covered in soot, yet one sandal of a pair setting on the machine was left in perfect condition while the other was burned up.

The Hillis were in the cellar and returned to the house in time to extinguish the flames. A special cleaning service was called in to clean up the soot, however, the service reported that the Hillis would likely have soot with them for some time to come as it worked its way out of close spots, crevices, etc.

Mr. and Mrs. Hillis stayed in town until Monday of this week when they returned to their home, allowing time for carpets and areas to dry as much as

possible. Mrs. Hillis reported she had just finished painting the complete inside of the house and it was somewhat discouraging to be cleaning all over again. Last report she had done 40 washers of clothes, curtains, furniture covers and the like. However, she stated that they felt most fortunate in being able to put out the fire before further damage was done.

**VISITOR**

Billy Joe Percival of Grand Prairie visited his mother, Mrs. Herman Percival, Wednesday afternoon to Friday afternoon. While here he also visited his sister and brother-in-law, Mr. and Mrs. Kenneth Morrow, Jr. All had supper with Mrs. Herman Percival and Billy Joe Wednesday night.

Sacred Cattle Sent  
To Goodnight Ranch

H. A. Fleming, fiscal agent of the Goodnight American Buffalo Ranch Company, the headquarters of which are on the Goodnight ranch, forty miles east of Amarillo, was in the city on Wednesday to attend the Fat Stock Show. The Company he represents is one of the most unique in the country, having for one of its purposes the maintenance of a herd of American buffalo and a large yearly increase of the almost extinct type, once so common on the Plains.

Mr. Fleming came to this city several days ago to take a look over eleven fine head of Brahmas, sacred cattle of India, which passed through Fort Worth this week from Southern Texas, bound for the Goodnight ranch. The sacred cattle of India will be crossed with the American buffalo to produce what is believed will be one of the finest beef cattle in the world.

"Charles Goodnight, owner of the Goodnight ranch and head of the Goodnight American Buffalo Ranch Company, is a strong believer in diversified cattle raising and has been putting his principles into practice for a number of years," says Mr. Fleming. "This hobby, or idea of a new industry, finally led him to organize a company capitalized at \$300,000 to promote the raising of cattle — a cross between the buffalo and the Black Poll Angus, the Karakule sheep, imported from Russia, the new cross between the buffalo and the Brahma, and many other types of cattle.

"Col. Goodnight has achieved great success in the buffalo industry within the past ten years. Starting on a herd of four, he

has now a herd of 130, besides having sold more than \$20,000 worth at the prevailing price of \$500 per head and having lost

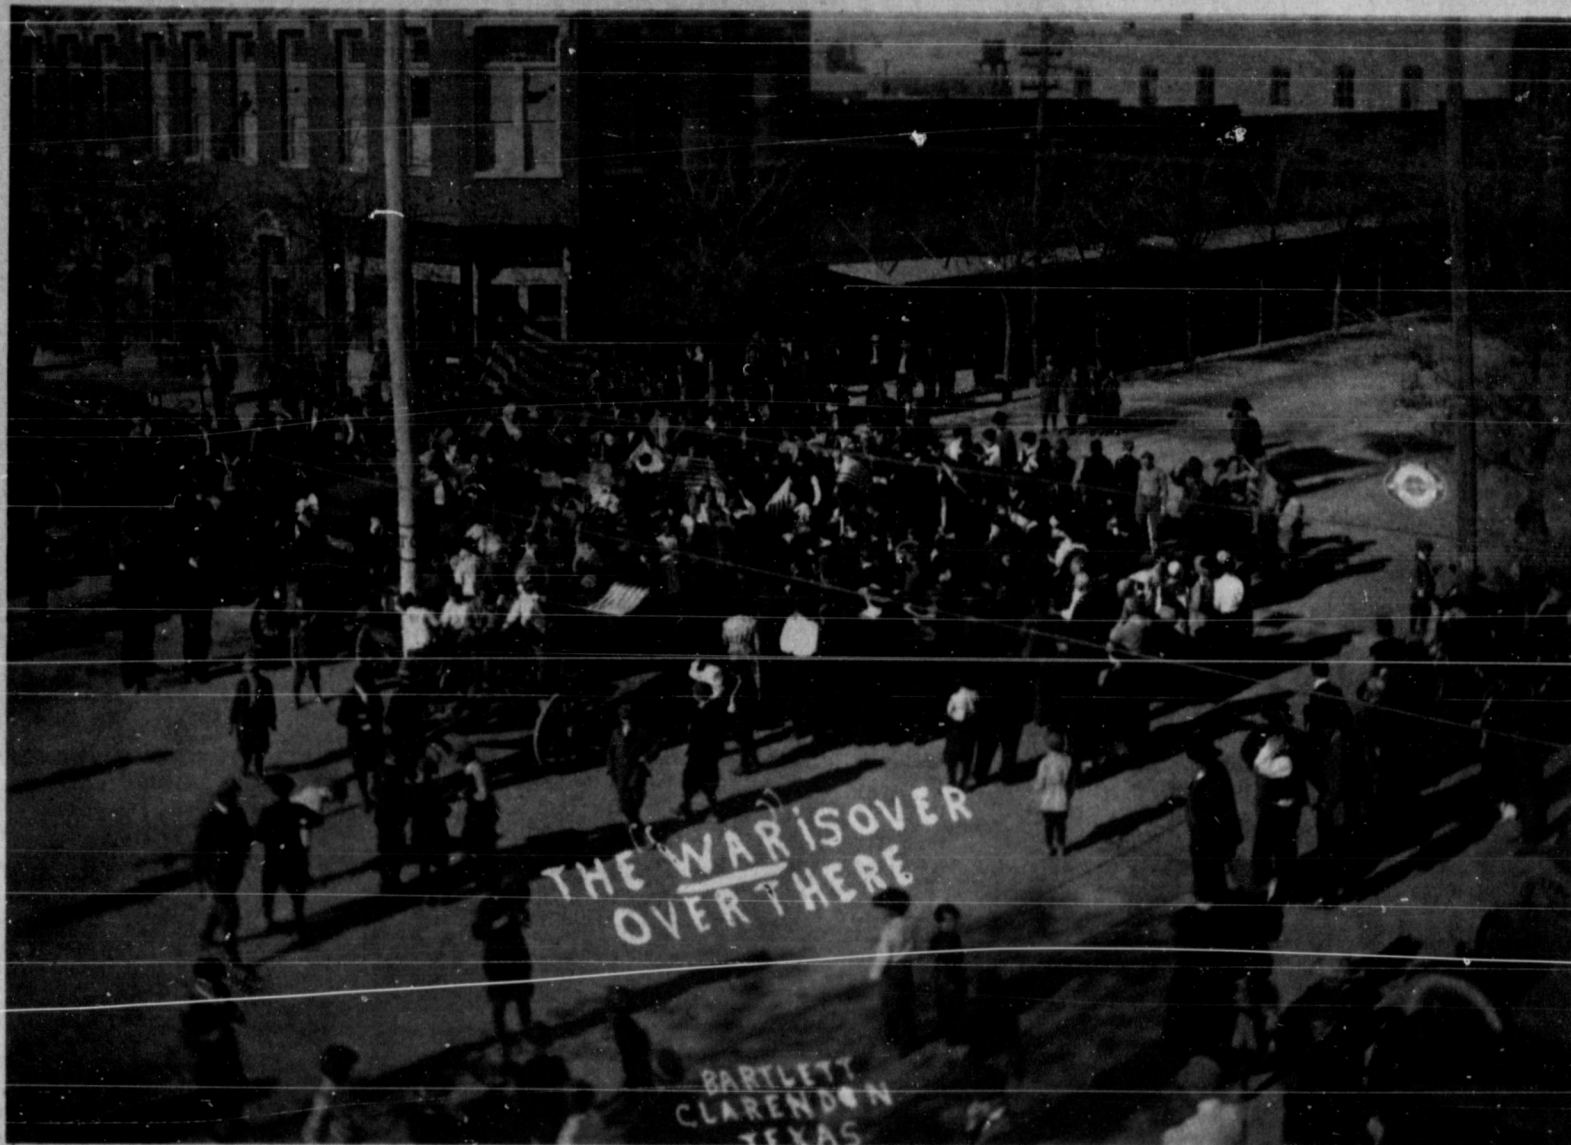

many through accidents and deaths. In another ten years his herd of buffalo will be worth \$1,000,000 alone." Fort Worth

Stage All Set For Fourth Of July Celebration  
Here Tomorrow — 10,000 Expected

Clarendon wears an expectant air of preparedness on the eve of the big Fourth of July Celebration and those who have ringside seats for the big fight at Dayton tomorrow have nothing on Clarendon and Donley County people when it comes to happy anticipations. Practically every arrangement for the Celebration tomorrow has been completed. It is reported that dinner in great abundance has been prepared, that thousands are working a little harder today so they may get away for the big event on the Fourth of July, that the band is in fine fettle, that the speakers have polished off their addresses until every preparation is guaranteed to bring applause from the thousands who will be our guests for the big day, that the races in the afternoon are further from a foregone conclusion than any turf event has ever known, that the dusky ball teams of Clarendon and Amarillo are whetting their razors for gore (figuratively speaking), and that any person who comes to Clarendon's Fourth of July Celebration and goes away hungry or who isn't hoarse from wild applause when the day is over is not fitted for citizenship in this grand and glorious republic and ought to be deported on the same ship with the Bolsheviks. I.W.W.'s pro-Germans, etc. If you don't remember all the above or you don't believe it—Just come and see.

and girls agricultural and canning clubs for this county . . . The parade will break up at the Courthouse at which place the band will give the morning concert preceding the speaking.

Hon. Tom Connally will deliver the address of welcome to the Soldiers and Sailors of Donley County after which Capt. E. A. Simpson will make the address.

Inasmuch as there has been no preparation for community singing there will be none except the songs of the boys and girls agricultural clubs of the county.

Those bringing dinner baskets please deliver them to the committee of ladies at the courthouse as soon as possible.

The program in the afternoon will be in line with the events already announced except for the ballgame between the Clarendon and Amarillo negro teams bids fair to be the most exciting and interesting single event of the day. The races and ballgame will be held at the fair grounds. Clarendon, July 3, 1919.

## Arrangements Now Perfected For Clarendon's Automotive Style Show, Monday, July 5th

Baseball, auto Parade, Political Speeches, Horse Racing, Airplane stunts, and numbers of other attractions have been secured for the big Day—Thousands of Panhandle People will attend.

"The details are being worked out rapidly for the July 5th Celebration and a big party is going to be staged on that date. Everybody is going to be there and then some", says Secretary Keen of the Chamber of Commerce.

"The big parade will be at 10 in the morning and will line up as follows: 1. The girls that are to help decorate the cars for the Canning Club Parade will report to the residence of

the following ladies as soon after 8 o'clock as is possible—but if later than 9:30 when you get in, wait at Court House lawn as directed below:

Clarendon High School, Mrs. Ryan; Grammar School, Mrs. Chamberlain, F. A.; Martin School at Mrs. Stockings; Hedley School at Mrs. Patrick's; Giles School at Mrs. Connally's; Lelia Lake School at Mrs. J. T. Patman's; Windy Valley School at Mrs. M. M. Nobles; Naylor School at Mrs. Bob Muir's; Ashtola School at Mrs. McAllister's who stays at Judge Killough's residence, and the Goldston School at Mrs. Odos Caraway's residence. 2. All canning Club girls in their stiff starched white dresses, little

caps, with their noses powered and their Sunday smile on, will meet at the Courthouse lawn before ten o'clock. Clarendon High School and Goldston Club Girls on the East side of the square; Grammar School and Lelia Lake Club Girls on the west side of square; Martin and Naylor Clubs on North side; Hedley and Windy Valley on South side and Giles and Ashtola Club Girls on East side of Methodist church lawn. At ten o'clock sharp.

3. All Dodge cars will line up East of Henry Parker's Blacksmith Shop on Third Street.

4. All Oldsmobiles and Overlands will line up west of main street on same street.

5. All Buicks and Nash's will line up east on second street from the Auto Service Garage. Starting back of bridge to avoid congestion.

6. All Velies, Stephens, Essex and Hudsons will line up west in same street, from Allen's Garage.

7. All Fords will line up west on first street from the Ford Garage.

8. All Clevelands, Studebakers, Cadalacs, Paiges, Chandlers and Chalmers will line up east on first street beginning back of bridge to avoid congestion.

9. All other cars line up east on front street beginning at Shelton, Watts and Sanford Grocery.

10. All trucks, delivery cars, motorcycles, etc. will line up west on Front street past Watson and Antrobus Hardware store.

The Canning Club Girls will lead the parade and the rest will fall in on signal in order named. Photographers will be stationed at various vantage points to get pictures of the parade which it is believed will be the Biggest Motor Parade ever staged in a Panhandle City. The Parade will take less than an hour and it is hoped that every motor vehicle in the country will take part in the parade. It will be an advertising feature each dealer can well afford to take time and trouble to work up.

After the parade there will be a Ball Game at the College Ball Park, Political Speaking at the Court House and flying at the landing Field, lasting until noon. In the afternoon there will be another ball game, more political speaking and flying.

At 4 o'clock the races, bronc busting and goat roping will be staged on Fair Park grounds. The admission will be four bits and entries are open for ambitious brethren. There will be a strong line of pure old hard down pitching ponies. \$60 in prizes will be given for best riders entering and enough horses for all concerned. If you have any nasty horse flesh that you want ridden, or want to sell because he can't be ridden, bring them in. There is no fee on riding contests.

If as many as three relay teams can be found, \$20 will be paid in addition to pot resulting from \$5 entrance fee on relay race for the winning team.

The old familiar Cigar race will pay as prize money a Ten Spot William. Entrance fee of \$1 will be charged in this event. It is open to every man and horse in the county. Throughout the entire day the

### Giant Freight Engines Pass Here

Saturday afternoon three giant new freight engines passed through Clarendon at intervals of thirty minutes each, enroute to the Denver Shops at Childress where after inspection they will shortly be placed in regular service. Two will run between Fort Worth and Childress and the other will operate north of Amarillo. The engines have been given a class of 450's and are numbered 451, 452, and 453.

The engines are of the same tonnage it is said, as the big oil burners of the 400-class. The design is the latest in locomotive construction. The headlight is in

front of the boiler, just above the number. The smokestack is about six inches high, being built into the boiler. The cylinders are located quite different from any engines now in use in Texas.

The engines are coal burners but equipped with automatic stockers. This equipment consists of a conveyor, which is of the screw type, and conveys the fuel over the grates. A steam motor operates the conveyor.

The new engines will go into freight service, but they are made for slow running and heavy tonnage. Clarendon News 1919.

Miss Alma Swift of Memphis is visiting her sister, Mrs. J. R. Bartlett of this city. Clarendon News 1919.

### BIG SMALL GRAIN PLANTING IN PROSPECT

Jim Christian, who lives south of Claude, tells us that he is now putting in 300 acres of oats.

From information reaching this office we gather that the small grain crop of this section will be somewhat larger than usual this season. Donley County has a limited small grain area, but we look for a good report this year from our wheat and oat farmers.

With the ample season now in the ground a fair yield of these two good paying crops is practically assured.

**Wedding Superstitions**

Every country in the world has its beliefs and sayings about marriages and the wedding day, and it is remarkable how many of these beliefs are the same, showing that they probably have some good foundation.

For example, it is a very wide-spread belief that a bride should use no pins in her wedding dress, or she will be very unlucky, nor must she try on her wedding clothes until the actual day if she wishes to be happy in her married life. And if she wants to be absolutely certain of unalloyed bliss then she must be sure to wear "something old, something new, something borrowed, something blue."

The "something old" is generally an old underkirt, the "something new" is easily settled, for nearly all her wedding clothes will be new, while the "something borrowed" is usually a brooch. The "something blue" is generally blue garters, and

in connection with these there is a very popular belief. It is that any girl friend of the bride who has one of the bride's garters will herself be married shortly, while the one who receives the first garter will be the first one to be married.

So popular is this belief that many a blushing bride is married wearing anything from half a dozen to a dozen pair of garters of all varieties, most of which have been given her by her chums who are eager to take the leading part in some wedding ceremony themselves.

Not only must the bride not try on everything till the actual day, but on that day she must not let her future husband see her in her bridal attire until she meets him at the altar, for otherwise she must be prepared to put up with all sorts of bad luck.

Just as these are beliefs about the luckiest color to be married in so there are for the luckiest days and the luckiest

month. For the best day of the week the old proverb runs, "Monday for health, Tuesday for wealth, Wednesday the best day of all, Thursday for crosses, Friday for losses, Saturday no luck at all."

In Scotland the last day of the year is supposed to be the luckiest day of all, and in fact, there are more marriages in May than at any other time of the year. The best month is November, the old rhyme running — "Married in veils of November mist, Fortune your wedding ring has kist."

Wedding cake is supposed to be very lucky. If you are single and put a piece under your pillow, on the third night you will dream of your future husband or wife.

For the bridegroom to be the first to cut the wedding cake is one of the unluckiest things. The bride should always be allowed to cut the first slice if she wants her married life to be always a happy and long one.

There are a number of curious beliefs about the animals the bride meets or sees on her wedding day. It is always a good sign for her to see, a strange cat, while if the cat sneezes she will have nothing to fear from the future. For a bridesmaid to meet two magpies on her way to the wedding is an indication that she herself will soon be a bride. Clarendon News 1919.

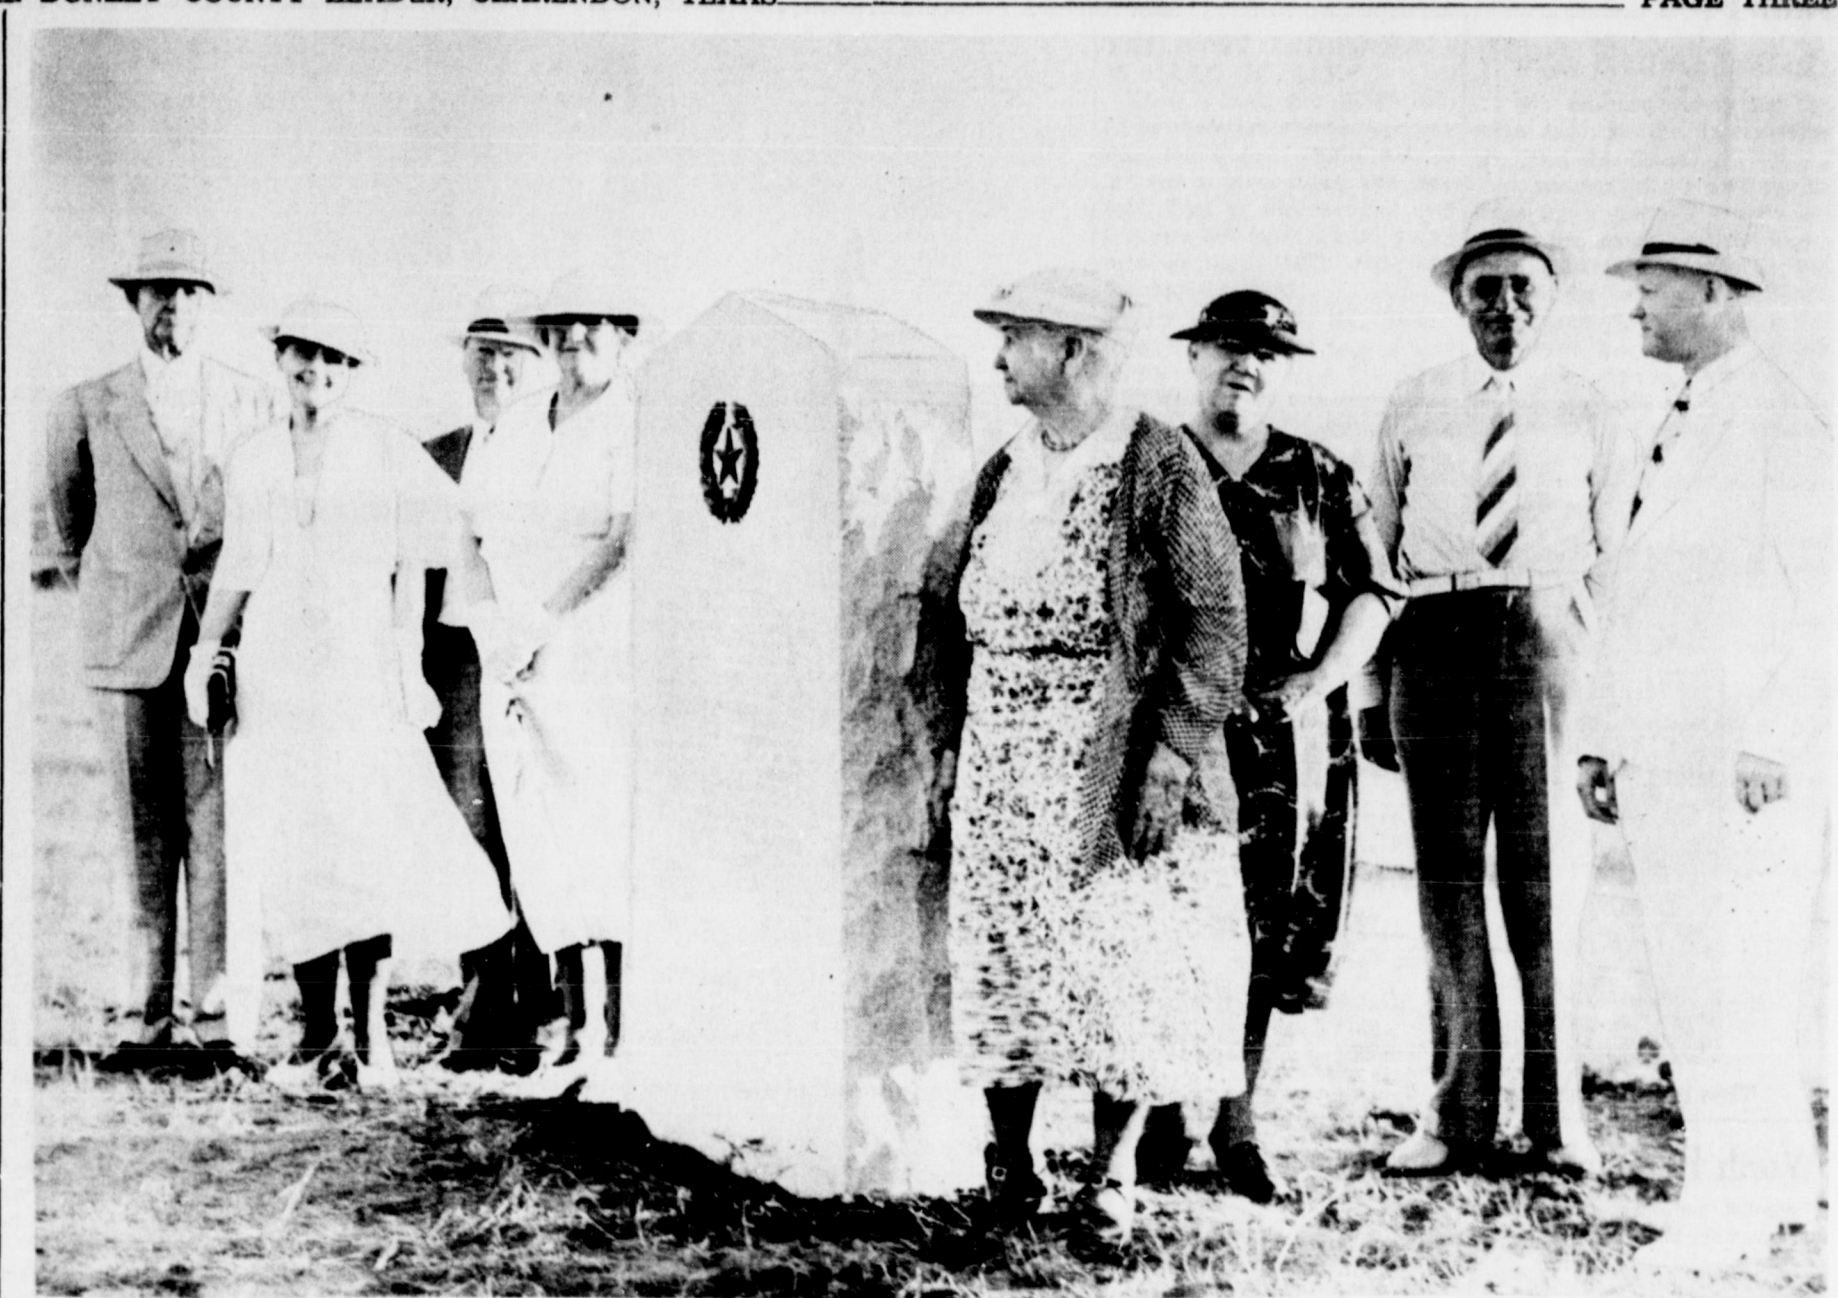

**NOTICE OF TEACHERS' EXAMINATIONS**

Teachers' examinations for First and Second grade Certificates will be held at the County Courthouse on the following dates: September 5th and 6th, 1919; October 3rd and 4th, 1919; December 5th and 6th, 1919.

Questions for permanent Certificate will be submitted at the September and December examinations.

One Lubbock mother asked us a few days ago why the officers in Lubbock did not break up this wholesale gambling among the boys. Well, we don't know, but possibly it is because they are a little timid about starting a crusade against gambling for fear that it might wind up with the arrest and conviction of a number of the society women playing cards and winning the "pot" in the game. **DANCE SHOCKS MAYOR**

IONTON, Ohio — May 8. Mayor Hannon of this place looked in the door of a dance hall the other night, covered his eyes and then rushed back to his office, where he issued an order putting the following dances under the ban.

Shimmy wabble, dippy dance, steeplefoot palk, sizzling slide, umbrella glide, greasy rag, and sidewalk slum. Saturday Blade from the Clarendon News 1919.

**The Texas Panhandle Magazine**

We have received the first edition of the Texas Panhandle Magazine edited by Walter E. Dunn, and issued out of Chicago. It is a neat magazine, well edited containing many articles of interest concerning the Panhandle. There are numerous illustrations of country and town scenes, familiar to Panhandlers, especially those of Paloduro canyon. It

should be a great power for good in advertising and developing the Panhandle.

The following tribute to the Panhandle country written by the editor, Mr. Dunn, appears as a salutary.

"Long centuries ago a sweet Nature created the Texas Panhandle and bestowed the limit of her largess. Those who found it lived in garish days and cared not for their heritage. Llano Estacado — "staked plain"— what words for such a country

surpassing rich in sunshine, soil and seasons! We who have fallen heirs to greed responsibilities must be alive, awake, active in appreciation. Remember not past years. Professional! This is no time and we are no people for looking back. Confident of our land, strong in our moral fibre, we march on to the hymn of a new prosperity. Clarendon News - Clarendon Times March 27, 1911.

Alcohol removes grass stains.  
Apples are best stored in crates.  
Clean nests will insure clean eggs.  
Make the apple butter from imperfect apples.  
Vinegar can be made from fruit parings.  
Grape juice may be put up without sugar.  
Bulbs may be put into the

ground in October.  
Sweet potatoes keep best in a warm attic.  
Let a simple salad form part of every meal.  
Excellent cookies are made with peanut butter.  
Every child needs a sweater suit for winter.  
One good garment will outwear two poor ones.  
Good oven holders are made of checkered muslin.

Oatmeal makes a very good thickening for soups.  
Eggs when scrambled should be stirred constantly.  
Even the fat of corned beef can be used in cooking.  
Potatoes require a cool, dark bin for winter keeping.  
There is no finer polish for tinware than wood ashes.  
A wooden box is better for keeping bread than a tin one.  
Steaming bacon is much more

economical than boiling it.  
Never use spices in large quantities, they lose their flavors.  
Washed eggs do not retain their keeping qualities very well.  
Celery should be left out as long as possible without freezing.  
Make sauerkraut to save some of the cabbage for winter use.  
Pumpkins keep best in dry atmosphere at about 50 degrees.  
Table scraps are more useful

fed to hens than to a worthless dog.  
Oat bannocks are the oldest form of bread and still one of the best.  
The first sign of wear and tear would bring out the mending basket.  
Good home-made candy will save the children from craving thrashy kinds.

**Success Depends Upon Our Work**

We will take charge of the Clarendon Steam Laundry Monday, March 20th.

Being experienced laundrymen we are capable of doing as nice work as can be turned out by any laundry, and our prices are just as reasonable.

Combining these two facts with courteous treatment and prompt service will enable us to please Miss Fastidious, as well as Mr. Grouch.

Under these conditions we ought to get YOUR WORK.

We are in Clarendon to stay, provided the people will let us, and they can do so by giving us their patronage.

The people are entitled to a first-class laundry and they can have one by giving us their work,

and then your wash troubles and blue Mondays will be over.  
Home patronage make greater home enterprises.

Now get busy with Phone 88 and we will do the rest.

WE MEND, WE SEW ON BUTTONS. Clarendon Laundry, Baker and Co. — Clarendon News Times March 27, 1911.

**POST OFFICE TO MOVE**

The Post Office will move into the Patterson building the first of the month. One hundred new lock boxes together with a delivery case for the front and other new fixtures will be installed. Those wanting lock boxes should put in their applications at once with Postmaster Lewis who already has a large number of filed orders and better make your wants known early. There will be a new arrangement of the position of the

boxes, delivery, stamp and money order windows at new location which will add considerably to the convenience of the public. Clarendon News 1911.

**PAVING GOING FORWARD**

The paving toward which everyone has been so anxiously looking forward, is now being rushed as fast as it is possible for men to work. The concrete has been laid on the north block of Main street and now the bricks are being laid at an almost incredible speed. It will not be long now until part of our city looks like a real city. ### Starry Squibbs

From THE WEEKLY CLARCO (Clarendon College Newspaper) October 14, 1919.

If woman's "withering glance" was withering, how small mere man would be.

Prudery is not refinement. Courtesy is a quality of the heart, not an affectation.

There is need of an American Labor Party. An alliance of the Mine Workers and the Railroad Brotherhoods would not be unwelcome.

Character is what a man is in the dark.

The mightiest forces are the silent forces.

New facts prove new truths. Opinions must be continually revised.

The man in the bread line is not the revolutionist. His educated, philanthropic neighbor starts the revolt.

Yesterday kind hearts spoke gentle words. Tomorrow every dream shall come true. Only today is unromantic.

One characteristic of the reformer is, those who disagree with him are fools or knaves.

There are far too many backward-looking people.

The spirit of a college is as indefinable as the morale of an army, and just as powerful.

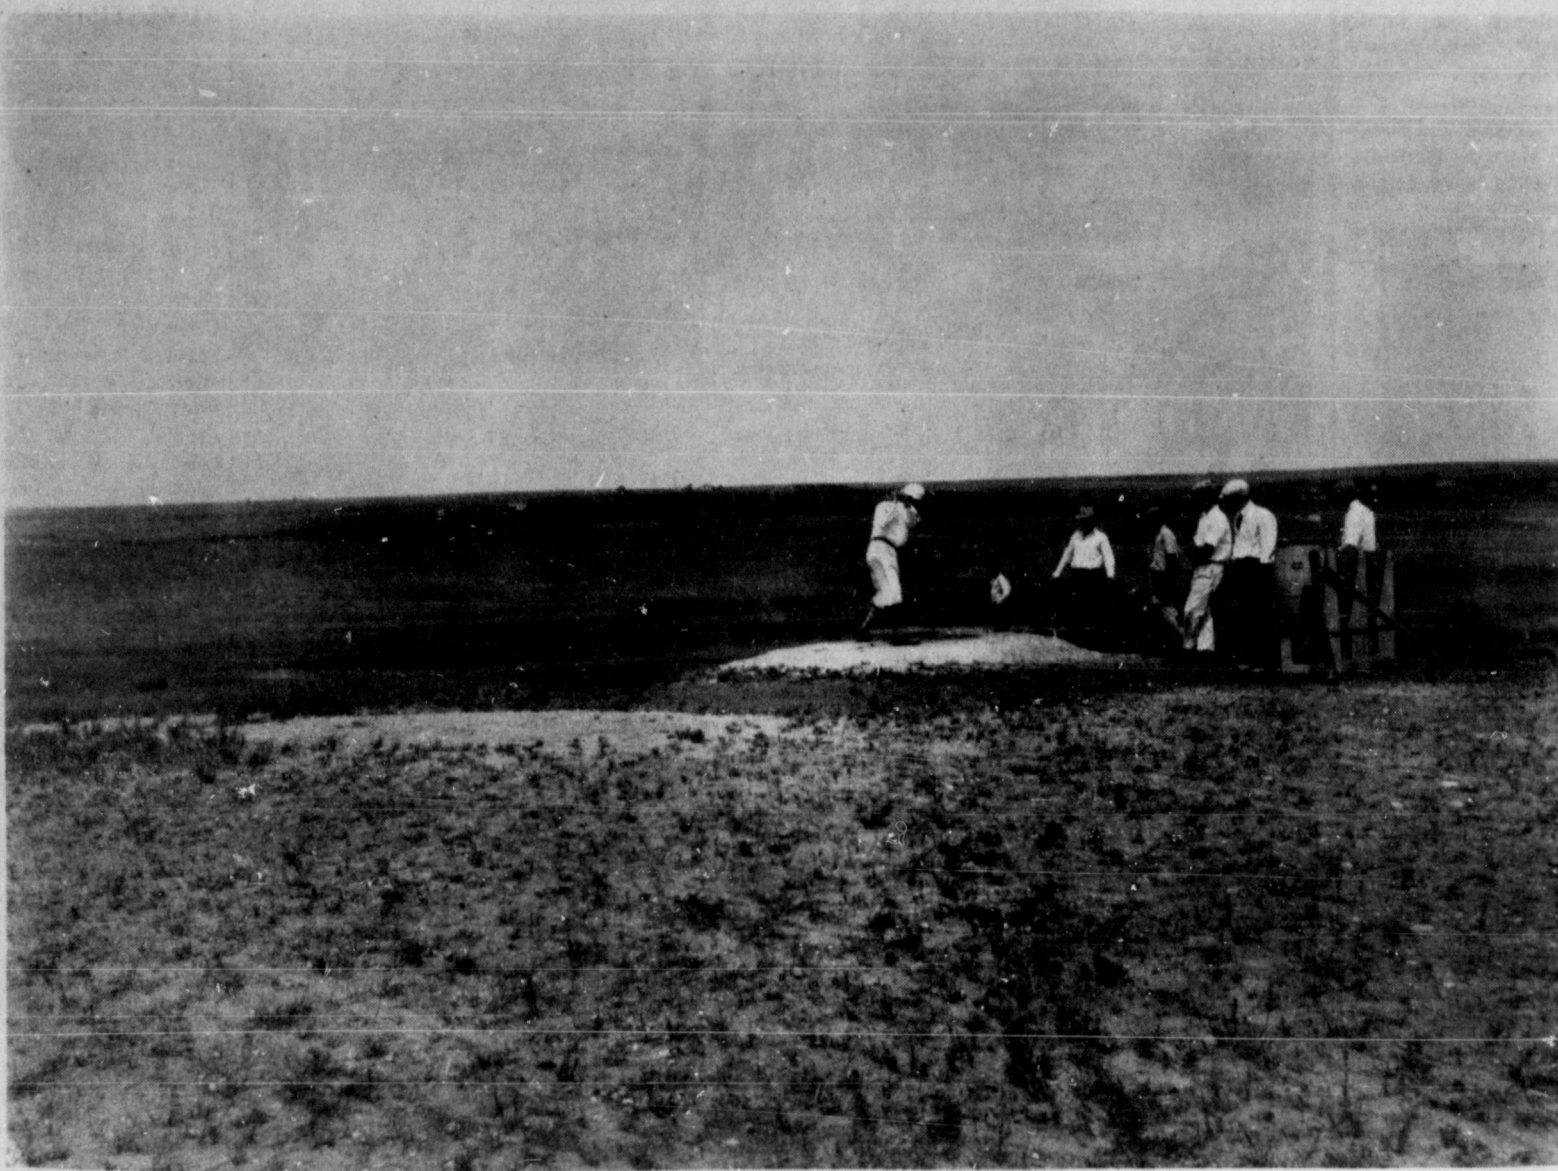

Etiquette is not a required course.

Having any fun? If not, why not? It's your duty.

### NEW IMPROVEMENT IN THE PASTIME THEATRE

Manager Mulkey of the Pastime Theatre has been for some years seeking to solve the problems of keeping the temperature in his picture show at a comfortable point during the summer months, and at last he has hit upon a plan that has made his place the most comfortable building in Clarendon. The orchestra pit has been done away with and a large fan has been installed in its stead that forces the cool air in from the outside, then in the ceiling is the usual two smaller fans. Clarendon News 1919.

### WORK ON PAVING STARTED TUESDAY

The work on the street paving started Tuesday afternoon at exactly one minute past three o'clock, when the foreman cried all right and the engine began chugging. The mixer is an automobile type and can be driven forward as the paving is laid. The machinery is in good condition now and the paving is going forward by strides. Clarendon News 1919.

Prof. Stuart Condon, Dean of Clarendon College, departed Tuesday evening for Boulder, Colorado, where he will do summer work in the University of Colorado. He also intends to make a study of the Colorado schools, among them, A & M at Fort Collins, The State Normal at Greeley, and the University of Denver at Denver. He intends to do work in the history department as well as the general government work. He has raised to the highest standard, the work done in the history department this coming school year that the department and no doubt the

classes of next year will hear a larger cannon than ever the professor has fired before. Clarendon News 1919.

### THE FIRST THOUSAND IS HARD TO GET

When a man gets \$1,000 saved up there are always opportunities for a good investment. It is hard to place much less than that. That is why wealthy men who are self-made advise young men to begin early and save the first thousand.

Until we went to war, it was hard to get started toward that \$1,000 unless at least one dollar could be put away at a time. Small change was restless and acrobatic and kept jumping out of our pockets into some body else's.

Now, however, there is an easy way to get that first thousand. The answer is Thrift Stamps. They cost only a quarter apiece and can be converted into War Savings Stamps with a guarantee of 4 per cent interest compounded quarterly. Save and Succeed.

Have you bought your Thrift Stamp today? Clarendon News 1919.

### Worth Remembering

When cleaning celery for the table save all the leaves—they are good for flavoring.

In pressing Men's clothing always lay a piece of muslin between the goods and the iron.

An old-fashioned rule is not to open the new jelly or canned fruits until Thanksgiving.

Cabbage heads should be cut from the stumps, wrapped in newspapers and packed in crates.

Coarse unbleached muslin, "tied and dyed" in shades of blue, makes delightful bedspreads.

Carrots, beets, and turnips can be put in boxes with moist sand sprinkled between.

A bottle of lime water and linseed oil — equal parts — should always be kept in the house for burns.

If you are not sure of the keeping conditions of your cellar, try sorting your vegetables frequently. Clarendon News 1918.

**The cooler the home, the warmer the marriage.**

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes. That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long. And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And gas air conditioning owners get special low rates during the long hot summer months. But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs. This summer, have central gas air conditioning installed. For love's sake.

**Government Aid For Donley County**

Donley County has been especially fortunate in not being forced to need aid from the government or other sources but for the benefit of the few who might need feed for immediate use it can be shipped here with only half freight charge. Those who will need seed will see County Agent Bennett at once and get him to make the arrangements. For farmers without collateral the government has arranged to supply money up to \$300 to buy seed wheat for fall sowing. The loan is at six per cent and a mortgage is taken on the new crop or subsequent crops. Those who may need such assistance can receive same by filing their application with County Agent Bennett. No loan is made except for seed wheat. Clarendon News 1918.

**Pipe Organ Being Installed At Methodist Church This Week**

A Hillgreen-Lane Pipe Organ is being installed this week at the Methodist Church and will be in operation in a very few days. An experienced erector from the factory is doing the work which is being watched with much interest by those to whom pipe organs are not commonplace. The organ is the finest in the Panhandle and is worth \$4,800 although it was bought for some less than that figure as the war has depressed the market on such instruments — possibly the only thing in the world that hasn't advanced.

R. Deane Shure, director of music for Clarendon College is a wonderfully proficient organist and will play the big organ until some one develops equal to the task. The organ was bought jointly by the church and the College and students in the College will have the privilege of taking a course in pipe organ from Mr. Shure and already

many have signified their intention of taking up the work. The organ will lend dignity and solemnity to the church services and will greatly enhance the work of the choir. Clarendon News, August 29, 1918.

### The Palace Keeps Open House

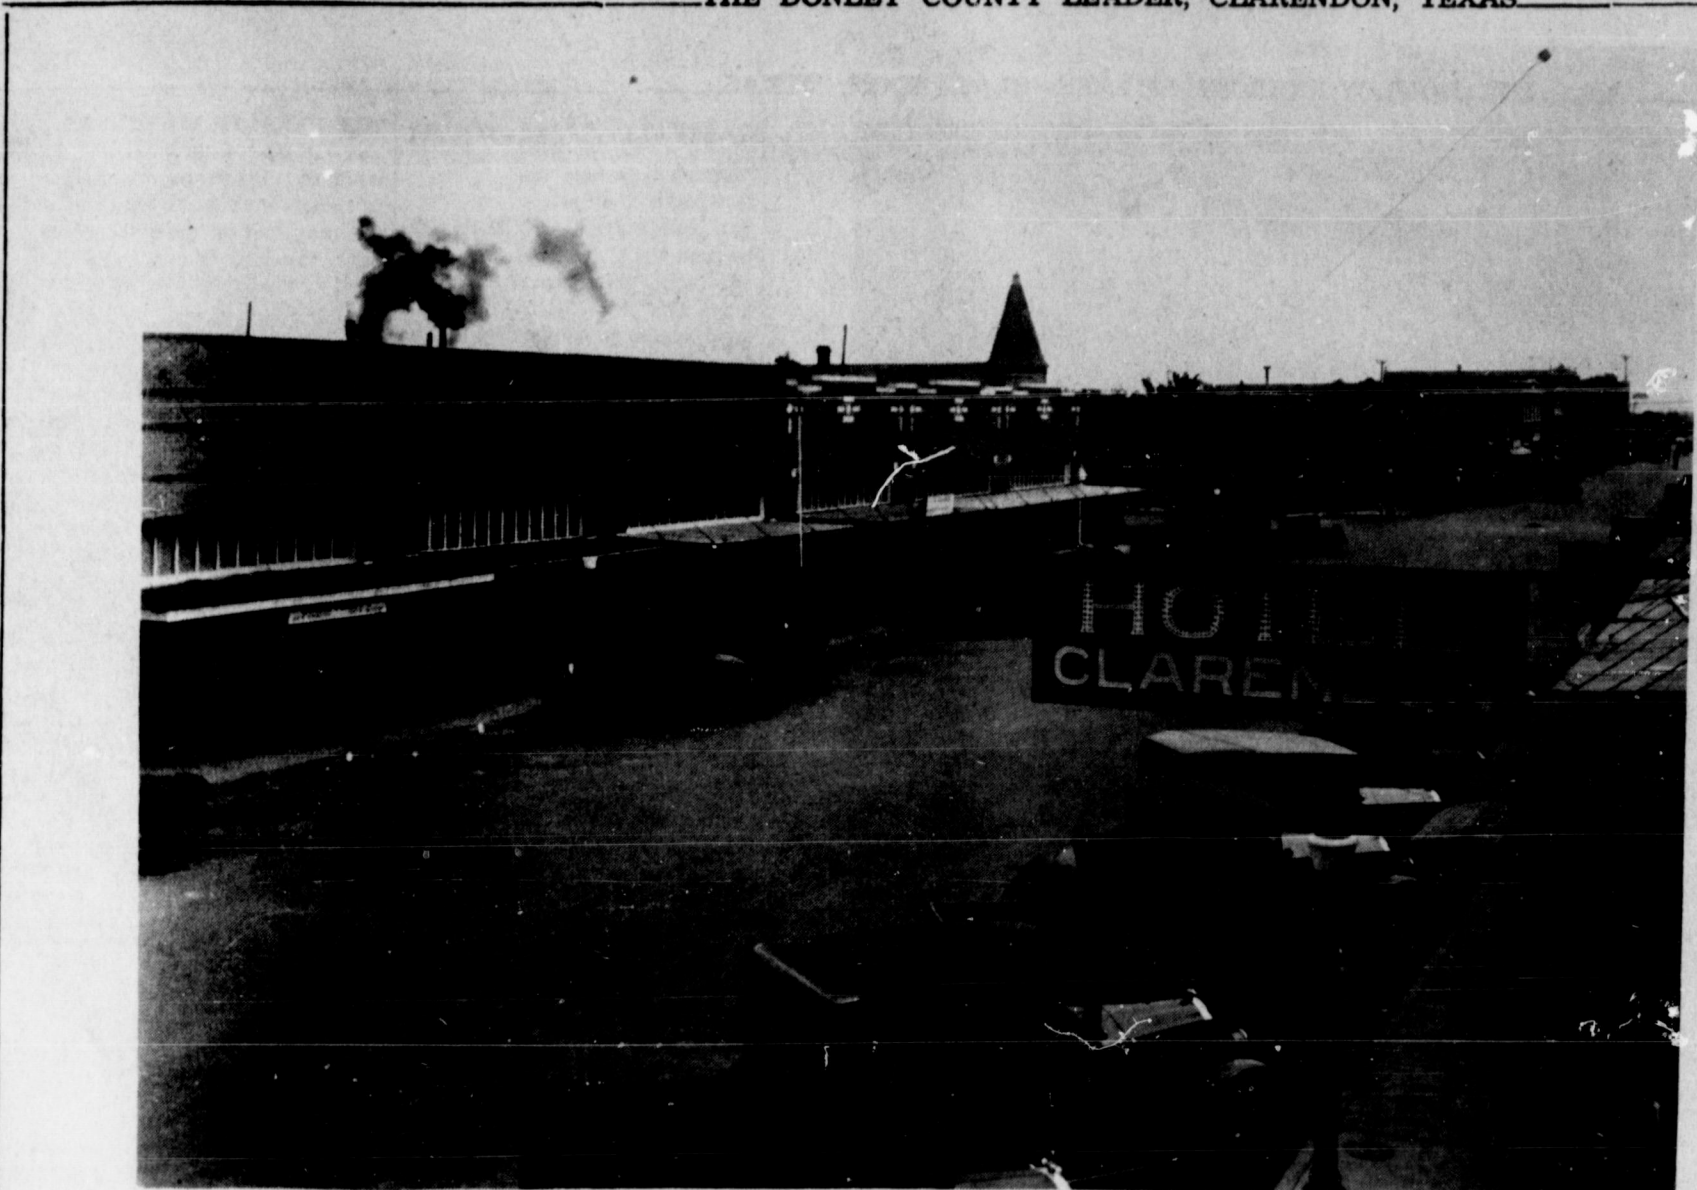

The Palace kept open house last Saturday and served all ladies and children with free ice cream and cold drinks, and the friends of this popular new cream parlor visited during the day. Many new friends were made by the house under the management of Messrs Johnson and Patman. The cream served was made by the Clarendon Creamery and was a delicious nut flavor.

The enterprise of The Palace in this regard is commendable, and their friends enjoyed their hospitality very much. This parlor is one of the prettiest in the Panhandle, being large and roomy, with enough tables and chairs to accommodate any number who come. Mirrors line the walls and above these are pictures, paintings from the popular heads which have been appearing on the title page of the Saturday Evening Post for the past year or two. Clarendon News - Clarendon Times, March 27, 1911.

### STOCK JUDGING AT HEDLEY SATURDAY

On Saturday, March 29, the members of the Donley County Agricultural Clubs will meet at the Wagon yard in Hedley for instruction and practice in stock judging. Both boys and girls will be expected to be present and this is a call meeting for the following schools: Hedley, Lelia Lake, Windy Valley, Bray, Sunnyview, and McKnight. Every member in these schools and anyone who intends to be a member this year is expected to be present as this will be the only opportunity to get this particular work. Parents are invited and are earnestly requested to see that the children have a way to attend the meeting—don't only bring your boy or girl—but see if some of your neighbors children don't want to come with you. Albert Tomlinson and wife spent Saturday night at Lelia Lake. Clarendon News 1919.

This was a view of main street back in the 20's from the corner of the Hotel Clarendon which now houses Clyde Slavin Law Offices and Steve & Gus's Garage. The steeple of the First Presbyterian church can be seen about center of the picture where a batch of kids gathered after school to play tops and marbles. The smoke from the stack of the old power plant can be seen rising to the left. Bain's Fountain and Gifts is now located where the old Presbyterian Church stood.

### Is Clarendon Asleep?

Will Clarendon wait for the President of our own United States to come in person and request us to observe Thanksgiving Day?

Will the business man wait to see if his competitor is willing to close his place of business on our national holiday, or when closing time comes on Wednesday will return the key in the lock, determined not to return on the morrow regardless of what the other man may do?

Will the housekeeper give her grocery order on Wednesday and thereby relieve the phone girl and grocery boy from duty on Thanksgiving Day? Will she prepare plain food to be served on the following day thus saying to our Allies and the boys over there that we are "standing by"—we are still saying that we may share with them?

Will the parents take the children from the man-made house out into "God's out of doors"

and let them whistle and laugh and smile and sing and drink deep of the pure, fresh air that is given us one and all?

Will every man and woman of Clarendon forget his neighbors faults and thank our God for all the happiness and blessings that are showered on our land?

Will Clarendon be awake on this Thanksgiving Day? A Resident, Clarendon News 1918.

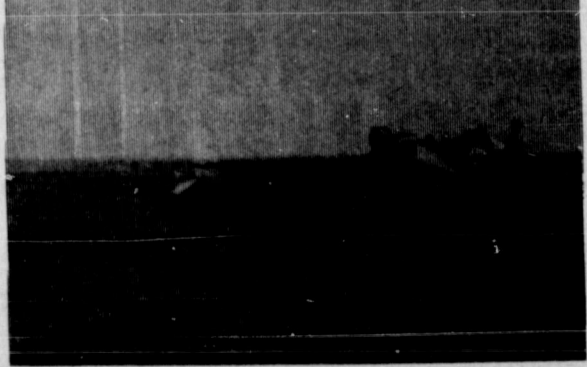

### EVANGELIST HOLDS SERVICES ON STREETS

Rev. J. M. P. Morrow, the evangelist conducting the services at the First Baptist Church, conducted a short service on the street Saturday afternoon. About four o'clock he spoke to some 200 men on the corner by Bryan and son Drug Store. He addressed them on the subject of sowing and harvesting. After an altogether interesting talk he invited the listeners to attend the meetings at the church. Clarendon News 1919.
