## Starla Mann Exhibits Champion Steer At Houston Stock Show

Starla Mann, a nine year old Donley County 4-H club member, exhibited the Champion Polled Hereford steer at the 40th annual Houston Livestock Show in Houston last week according to County Agent Ronald Gooch. The steer was a 1048 pound heavy weight bred by John Trenfield Polled Herefords, Follett.

The steer placed first in the heavy weight class and was then selected Champion Polled Hereford Steer of the show in the Astro Hall on Thursday morning. On Thursday night the steer was shown along with eight other breed champions for the Grand and Reserve Champions of the show at the Astrodome during the rodeo. There were 753 steers competing for prize money at the show, a record number.

The auction sale for prize winning steers was held Friday morning and Starla sold her steer for \$2,750 per pound for a total of \$2,882.00 to Blue Ribbon Packing Co. of Houston.

This was Starla's first year as a 4-H club member and her first 4-H steer project. Starla is the daughter of Mr. and Mrs. Milton Mann of Clarendon.

## PENTECOSTAL CHURCH ANNIVERSARY SERVICE

Members and the pastor, Lawrence Thompson, will celebrate the first Anniversary of the re-opening of the Clarendon United Pentecostal Church with special services and dinner Sunday, March 12, 1972.

The church had been closed for the past eight years, prior to the re-opening, last year. Sunday morning services will be at 10 a.m. to be followed by a free dinner. Afternoon worship will be at 2 p.m.

Brother Thompson, pastor, in making the announcement states that everyone is welcome to attend.

## Two Contested Races In April 1 Elections

There will be two contested races in the April 1st elections with the public schools drawing two new candidates and college regents two new candidates.

Roland Shields and Doyle Littlefield are the new candidates for public school trustees. The incumbents are Warren Hardin and L. P. (Bud) Moore. Two are to be elected.

Clyde I. Price Jr. and Roddy Klinnert are the two new candidates for college regent. The incumbents are W. R. Christal and Bright Newhouse. Ross Springer chose not to run again. Three regents are to be elected.

In the county school board election, incumbent Paul Hancock is the candidate for precinct 4 and G. W. Estlack is the candidate for precinct 1.

There is no opposition in the city alderman race either. The three incumbents are Harold Autry, Dave Croslin and Bob Kidd.

## Les Beaux Art Club To Sponsor Western Art Show & Antiques

On March the 18th and 19th from 1:00 to 5:00 p.m. a Western Art Exhibit will be held at the Farmer's State Bank. This exhibit will include the paintings of our professional area artists: Kenneth Wyatt, Carl J. Smith, Bob Moline, Gerald Collins, and Ted Bell.

A special exhibit of the work of the late Harold Bugbee, Clarendon's Cowboy Artist, will also be on display. All paintings will be for sale.

A various collection of antiques depicting the west will be on exhibit; so, for those of you that enjoy good art and love antiques, Les Beaux Art Club cordially invites you to attend this showing.

## Auxiliary Officers Of Medical Center To Be Installed Tuesday

Mrs. Neta Harmon, president of the Medical Center Auxiliary, has announced that all officers will be installed at a meeting of the Auxiliary in the dining room of Medical Center at 2 p.m. Tuesday, March 14. All members of the Executive Committee are urged to be present for installation. This was scheduled for the previous meeting but due to Mrs. Harmon's injuries she was unable to be present.

Each member of the Auxiliary is also asked to be present to learn of their respective duty for Open House, March 19. Each lady is also asked to report to Mrs. Bobby Dishman, Refreshment Chairman, as to how many cookies each will bring for the Open House.

Please, ladies, go to John's and pick up your smocks.

## BROTHER-IN-LAW DIES IN OKLAHOMA CITY

T. G. (Tren) Stargel of Oklahoma City, brother-in-law of Mrs. O. C. Watson, and Barcus Antrobus of Clarendon, died suddenly Wednesday afternoon, March 1, 1972 at his home. Funeral services were held Saturday afternoon, March 4, at Epworth Methodist Church of Oklahoma City. Burial was in Oklahoma City.

Mr. Stargel was a former resident of Clarendon operating the old Pastime Theatre. He later moved to Amarillo where he operated the Capitol Hotel Coffee Shop. In Oklahoma City he was associated with the Skerwin Hotel where he was manager of the Hotel Coffee Shop, for a number of years. At the time of his death he was manager of Food Service at an Oklahoma City business man's club.

Surviving are his wife, the former Lucy Antrobus; two daughters, two brothers, and several grand children.

## CHS Band Students To State Contests

Clarendon High School Band Students participated in Region I Solo and Ensemble Contests held Saturday at West Texas State University, Canyon, Texas. Several local students qualified for State contests to be held in May.

Elizabeth McGarity qualified for Class I Solos in Trumpet; The CHS Brass Sextet qualified for Class I. The Sextet is made up of First Cornet, Kent Heath; 2nd Cornet, Elizabeth McGarity; 3rd Cornet, Teddy Ashcraft; Baritone, Charles Clinton; Trombone, Mike Boothe; and Tuba, Ferral McAfee.

Clarendon High School Band entered four events Saturday and brought home three 1's and one 2. Other students taking part were Ferral McAfee, Class II Solo, 1; Calvin Burrow, Class III Solo, 2. The pianist providing the accompaniment for all solos was Sheila Smith.

CHS Band Students will go to Borger March 17 to participate in the Borger Band Festival. This will include both Concert and Sightreading. April 19 the U.L.L. Sightreading Contests will be held at the Civic Center in Amarillo and May 11 the three Clarendon Public School Bands — the Beginners, the Junior High, and the High School Bands — will present their annual Spring Concert, stated Garry Bowen, Director.

May 12 the Junior High Sightreading and Concert Solo and Ensemble contests will be held in conjunction with the Phillips Band Festival.

## PRICE REPRESENTATIVE HERE TODAY, MARCH 10

Congressman Bob Price has called attention to the fact that his representative, Mr. Charles Lanham, will be at the Farmers State Bank in Clarendon from 1 to 4 p.m. and at Clarendon College Cafeteria from 4 to 5 p.m. Friday, March 10 and will assist any Donley County residents who may have problems with the Federal Government.

In this manner Congressman Price hopes to assist area residents by maintaining closer contact with those he represents.

## MCCULLY ON DEAN'S LIST AT ST. EDWARDS

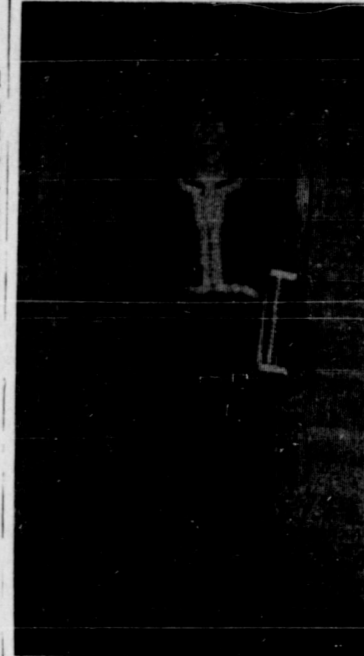

Michael McCully, son of Mr. and Mrs. Michael M. McCully, of Clarendon, has been named to the dean's list for the fall semester at St. Edward's University in Austin.

To qualify for the honor, a student must have a grade point average of at least 3.20, based on a four-point system, for a minimum of 12 semester hours.

## NEW ARRIVAL

Mr. and Mrs. Max Coleman of McLean, Texas announce the arrival of a baby boy Wednesday, March 1, 1972. The young man has been named Mikle Shane and weighed 8 lbs. 15½ oz. Grandparents are Mr. and Mrs. Jess Coleman of McLean and Mr. and Mrs. Elmer Vines of Brice.

## LIONS QUEEN

Pat Hastey

Miss Pat Hastey was chosen Lions Club Queen in ceremonies held in the Harned Sisters Fine Arts Center Tuesday night. Miss Shelia McAfee was the runner-up. Pat was escorted by Mickey Grady and Shelia was escorted by Tommy Shields. There were thirteen contestants participating.

## Girls Scouts Observe 60th Anniversary Saturday, March 11

Girl Scouts of the U.S.A. are celebrating their 60th anniversary March 12, and Quivira Girl Scout Council is commemorating this event with an International Festival Saturday, March 11, from 11 a.m. to 6 p.m. at the Aluminum Dome in Borger.

Admission is open to the public and cost 25c per person or by Girl Scout Membership card.

Each troop in Quivira Council participating in the festival will represent a separate country and will set up displays depicting their country. Demonstrations of crafts of various countries will be part of the festival activities. Each troop will also appear on the festival program with a 5 to 10 minute presentation.

From the eighteen girls in the first Girl Scout troop in Atlanta in 1912, Girl Scouting has grown to a nation-wide membership of nearly 3½ million girls. Girl Scouts all over the United States are celebrating this important 60th anniversary of Girl Scouting.

Quivira Girl Scout Council's International Festival is planned for girls to learn about the customs, crafts, and Girl Scouting around the world. The Festival gives girls the opportunities to share their new knowledge and skills with their families, their friends, and other Girl Scouts.

International friendship is a basic concept of Girl Scouting and very appropriate for this celebration," said Mrs. Larry Nash, festival coordinator.

Troops from the Clarendon Neighborhood participating will be Junior Troop 109, Junior Troop 113, and Brownie Troop 54.

## Panhandle School Leaders Association Meet Here March 11

The Panhandle School Leaders Association will hold its final meeting of the 1971-1972 school year at Clarendon College, Clarendon, Texas, on March 11, 1972. Registration will begin at 9:30 a.m. in the College Cafeteria with plenty of coffee and doughnuts available for all.

Superintendent of the Clarendon Public Schools, Arling Cordell, will welcome the group on behalf of the Chamber of Commerce, school administrators, school personnel, and area residents.

Senator Max Sherman is scheduled to address the Association at 10:00 a.m. in Clarendon College auditorium. No doubt he will touch upon many legislative items of interest to area school leaders. Probably, a short question and answer period will follow his address.

One very important item of business will be transacted during the General Session. It has been proposed that Article II, Section One of the Constitution and By-Laws of the Panhandle School Leaders Association be amended by adding the following item: "6. The Panhandle Association of School Business Managers and Tax Assessors." This amendment will be voted on at the meeting.

Numerous important topics will be discussed and voted on in the section meetings following the General Session. The University Interscholastic League will be the main subject of examination in the Superintendent Section. Recommendations will be proposed to the Legislative Council, and Region 1 Council members will be present. Elementary Principals will listen to Mr. Don Couch, President-elect of their State Association and principal of Oakhurst Elementary School in Ft. Worth. Selection of section officers for next year will engage the attention of the Secondary Principals. The Business Managers and tax personnel also have pertinent topics on their agenda. Whatever your section, you will find attendance at the meeting a rewarding experience.

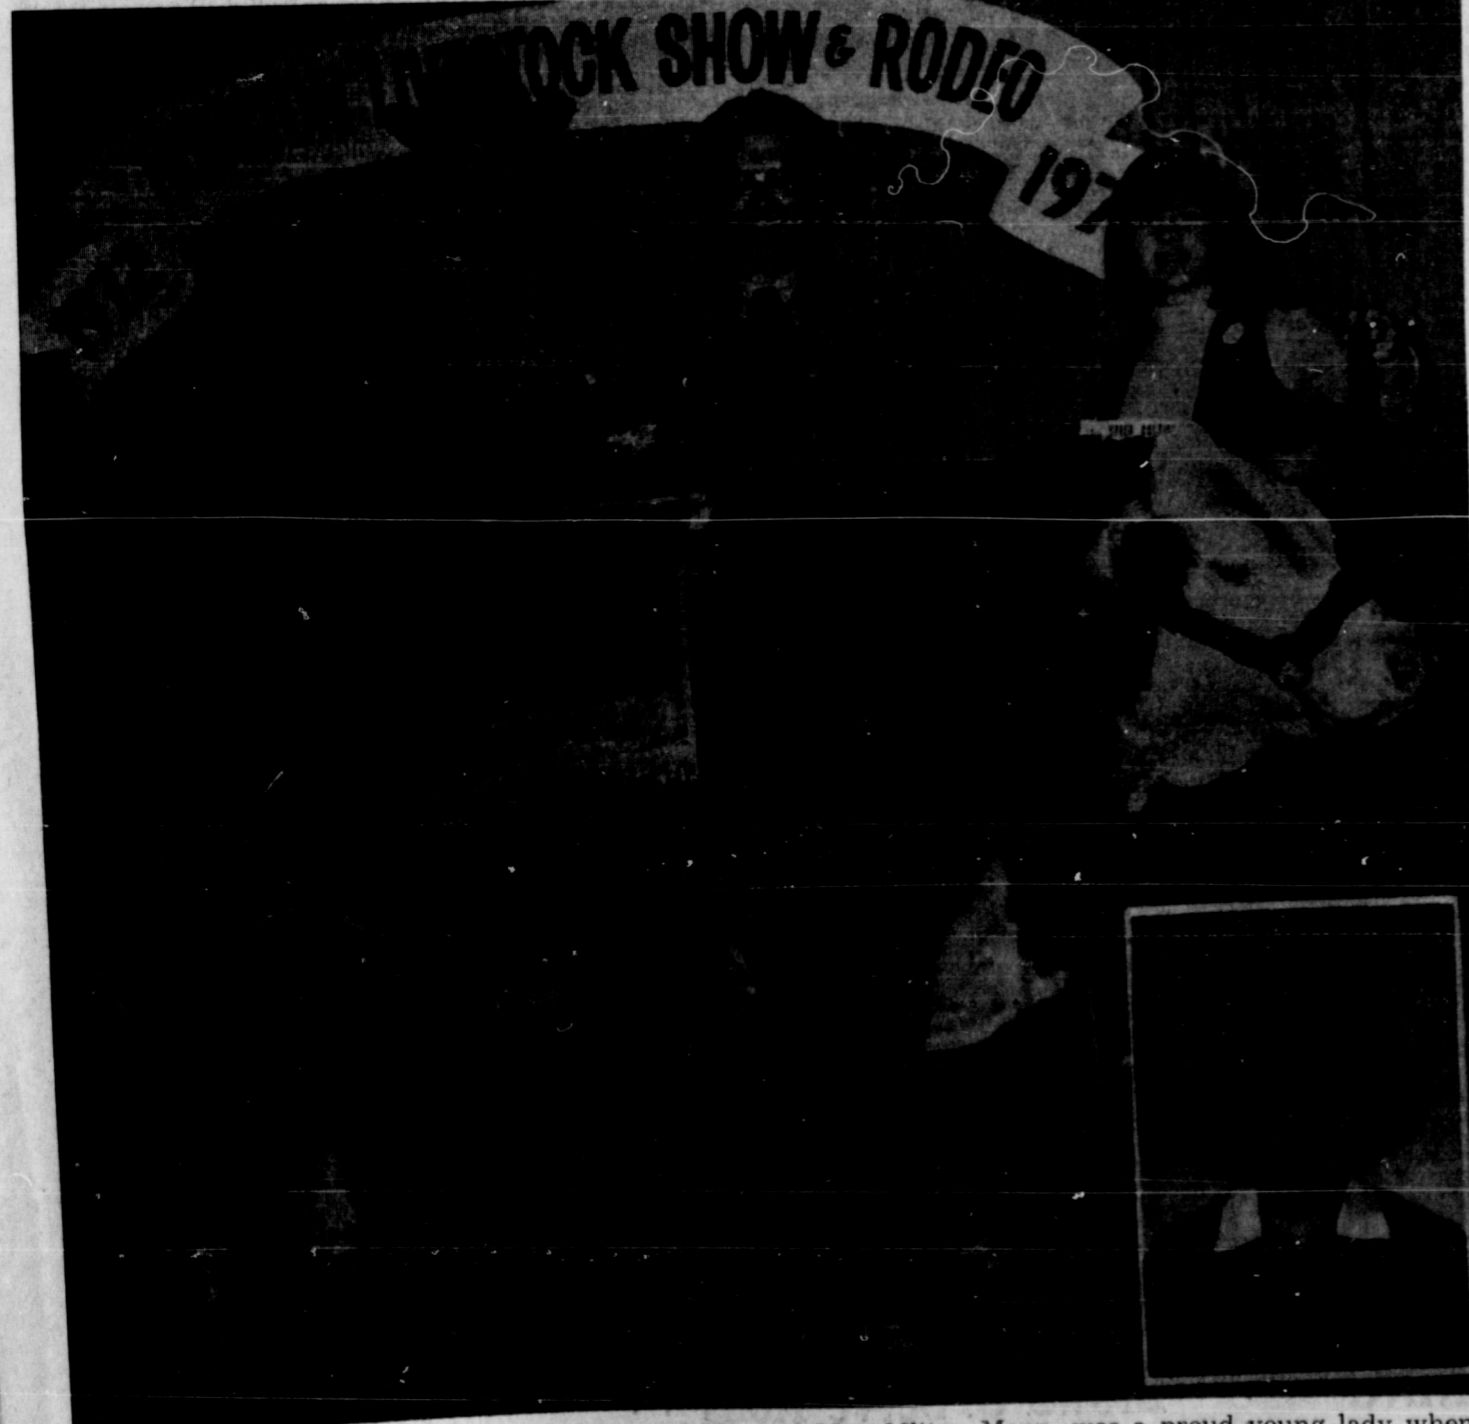

Clarendon has a very fine course which should be a challenge for all who participate in the sport of golf. After lunch, Tex Selvidge has arranged for competition on the local green at reasonable prices. Golfers - bring your clubs.

Kenneth L. McKay, President of the Association, and officers are encouraging a fine turnout at the Clarendon meeting.

NAMED TO HONOR SOCIETY AT PAMPA  
Cindy Welch, granddaughter of Mr. and Mrs. R. S. Brumley of Clarendon, has been named a member of the National Honor Society at Pampa High School. Cindy is a senior student and the daughter of Mr. and Mrs. Raymond Welch.

Highlights and Sidelights

From Your State Capitol

By BILL BOYKIN
Texas Press Association

Leaders of both Democratic and Republican state parties will meet March 13 for major decisions as well as routine house-keeping duties.

Texas law requires executive committees of political parties on that date to certify statewide candidates, set ratios for state convention delegate selection, fix hours and sites for June 13 and September 19 state conventions and select a place to canvass May 6 primary returns.

National GOP Committeeman Peter O'Donnell Jr. gave Republicans something else to think about when he unexpectedly submitted his resignation, the vacancy to be filled at the statutory R.E.C. meeting in Austin.

State Rep. Fred Agnich of Dallas is the overwhelming choice to succeed O'Donnell as committeeman and may get the job un-

is also getting close for a vote to adopt a formal set of written rules for operation of party conventions and regular operations, although that is considered no great problem for the GOP.

110V. Electricity Anywhere WITH Tool Power OPERATES ON VEHICLES W/ALTERNATORS ONLY. Includes permanently on any late model car, truck or tractor for operating portable saws, etc. \$22.00

Rules writing is a problem of major proportions for Democrats. April 6 is the deadline under new state law for the parties to submit their rules drafts to the secretary of state.

Democrats are expected to make a choice at the March 13 meeting between a set of reform rules drawn under direction of William R. Anderson Jr. of Corpus Christi and a watered-down draft which opponents claim perpetuates the winner-take-all system of convention operations.

Supporters of the Anderson rules claim a majority of the State Democratic Executive Committee will adopt them in preference to the alternative which has SDEC rules sub-committee approval.

Rumors persist that SDEC Chairman Roy Orr of DeSoto may resign his post at the Austin meeting. Gov. Preston Smith is backing Anderson to succeed him.

COURTS SPEAK - Texas Supreme Court has agreed to decide whether party primary election costs can be paid from state funds without special legislative authorization.

The High Court heard arguments in the historic case Monday (March 6). Secretary of State Bob Bullock claims he has power to make rules for conduct and financing of the May and June primaries.

Martin tried unsuccessfully to prevent Bullock from bringing the mandamus action against Comptroller Robert S. Calvert to force payment of two minor preliminary election bills.

Court of Criminal Appeals has held that probation cannot be revoked for association with disreputable persons unless it can be shown the probationer knew of the reputations of his friends.

MUSTANG CONTROVERSY REVIVED - Parks and Wildlife Commissioners postponed for 60 days a showdown on a proposed purchase of 3,965 acres on Mustang Island for a park development after earlier voting to forget the whole thing.

Commissioners voted two-to-one to kill the \$4.2 million island purchase, with three new members abstaining. They agreed to hold off on a firm decision, however, following legal advice that a majority - at least four of six members - had to vote to make action binding.

Former Commission Chairman Pearce Johnson blocked the Mustang purchase early last year with a federal court suit. A higher court reversed the lower court decision, throwing the decision back to the Commission.

SALES TAX LOSS TOLD - A Senate committee's staff report that at least \$12 million a year is being lost by the state in uncollected sales taxes due to alleged faulty administration by the state comptroller's office is figuring in three campaigns.

Sen. Joe Christie of El Paso, chairman of the senate committee, is talking about it in his race for lieutenant governor. Randy Pendleton of Andrews, a candidate for comptroller, blames the loss on Comptroller Robert S. Calvert and Attorney General candidate John Hill of Houston claims Attorney General Martin should be more diligent in filing tax collection suits.

AG OPINIONS - A public school district can permit neighboring parochial school students to participate in its music (band) program, Attorney General Martin held.

In a flood of other recent opinions, Martin concluded: Parks and Wildlife Department is not authorized to appoint any game wardens, salaried or non-salaried, other than those permitted under the current state appropriations act. PWD further has no appropriation to buy a white-winged dove habitat.

Wichita Falls city officials can collect Wichita Falls Independent School District delinquent taxes at a penalty rate of 10 per cent. The state treasurer may accept mortgage-backed serial notes as collateral for state deposits if payment is unconditionally guaranteed.

Where three districts vote on school consolidation and the proposition fails in the third, but the first two subsequently consolidate, another election cannot be held for at least a year on con-

solidating the third district with the others.

A court has discretion whether criminal case judgments and sentences will be announced orally and subsequently entered by the clerk or prepared in writing by the clerk and signed before being entered.

A county is not required to pay out of its funds any portion of court costs due the criminal justice planning fund which are served out in jail by a convicted defendant. If a defendant pays part of the total court costs and serves out the remainder in jail, money collected is to be prorated among various costs including that due the Criminal Justice Planning Fund. No cost has priority over another.

Accrued vacation time of state employees is a vested right of those employees and their estates.

There is no statutory authority for disannexing Midland Independent School District from the Odessa Junior College District by resolution of the board of regents. Creation of a new district would have to be under general law.

An act providing for treatment of cars left too long at parking garages as abandoned does not prohibit enforcement of mechanics' liens on the vehicles.

An active or retired judge appointed as a master in proceedings before the judicial qualifications commission draws \$25 a day from a \$28,380 commission appropriation.

Harris County Commissioners Court may enter into contract with the county's Pre-Trial Release Agency for background information to be used in determining the amount of bond in cases.

A citizen member of the State Banking Board may not be compensated for services rendered to the board but may receive expenses.

A non-licensed accountant who lists on his letterhead that he is a member of accounting organizations is in violation of the public accountancy act.

Combination of a "port-a-lift" (towing device) coupled to a vehicle and towed by passenger car falls within the statutory ban on

a passenger car's being coupled with more than one other vehicle.

Kilgore College District trustees do not have authority to provide for internal redistricting of the Kilgore Junior College district.

HORSE OWNERS WARNED - Horse owners have been warned to have their animals immunized for protection against another Venezuelan Equine Encephalomyelitis (VEE) outbreak this spring and summer.

A Texas Veterinary Medical Association spokesman said foals born since the 1971 epidemic and horses vaccinated under six months of age during the epidemic or afterwards are prime targets for exposure.

CROP INSURANCE CHANGED - New changes in the crop hail insurance program aimed at savings on premium costs to farmers were reported by the State Board of Insurance last week.

The new "stepladder policy" will enable cotton growers, for example, to buy as the crop grows in value. Policies are cheaper after July 1 because hail usually ends with May and June.

Forage Outlook Bright For Texas

National authorities on forage production feel that Texas and other southern states have a bright future. They formed this opinion at a recent conference of the American Forage and Grassland Conference in Louisville, Kentucky.

Dr. Neal Pratt, agronomist with the Texas Agricultural Extension Service, attended the conference. He agrees with the outlook on forage production.

"The American public is consuming more and more beef each year. Since forage is marketed through beef cows or dairy cows, this additional market potential

are required for harvesting, storing and feeding. In Texas long growing seasons and adapted winter forages provide producers with considerable opportunities for improving pasture profit, contends the agronomist. In addition to profits from stocker calves on winter pastures, forage producers over much of the state have opportunities for profitable cow-calf production on limited winter pastures.

Good quality forage can also be produced in other sections of the nation but higher investments

"In Texas, forage producers need to take advantage of their opportunities," says Pratt. Soil and climatic conditions are favorable for long growing seasons in most of the state. ## Fun After Fifty Meeting Held Sat.

The Fun After Fifty Club met Saturday, March 4, in Lions Club Hall with 41 present. Visiting and games were enjoyed during the social hour.

The St. Patrick's motif was carried out in napkins and other decoration.

The business meeting was called to order by the president, Mrs. Lillie Knox, and the invocation was given by Mrs. Florence Hester. A motion was made that we send \$10 to the new Hospital. This motion carried.

We had as visitors: Sibyl Rattan, Mrs. Marie McDaniel, Mrs. Jim Glass, and Mrs. T. M. Caldwell.

We enjoyed the program given by Mrs. Jim Glass, pianist, and Mrs. T. M. Caldwell, vocalist, who sang "Just For Today" and "O, Love Devine."

Table grace was given by Mrs. Tom Tucker after which a most delicious meal was served the group.

## LELIA LAKE CENTER

We will meet at the Lelia Lake Community Center Saturday night, March 11th at 7 p.m. Bring a covered dish. Rachael Butler and Shirley Riley will be hostesses.

## Mrs. Martha Fowler's 89th Birthday Party

The family of Mrs. Martha Fowler joined her Sunday, March 5, 1972, to help her celebrate her 89th birthday.

All of her children were present for the occasion. Thirty-five enjoyed lunch. The afternoon was spent visiting and making pictures. Mrs. Fowler received many lovely gifts.

Mrs. Fowler's twin brother visited her Sunday, February 27, 1972 so he might have a like birthday with his family. Mrs. Fowler and her twin brother had a wonderful time visiting.

Present for the day Sunday were: Mr. and Mrs. M. M. Martin and Elaine, Mr. and Mrs. W. R. McCleeny, Mr. and Mrs. G. T. Mayo, Joel and Melinda, Mr. and Mrs. Ralph Ashford, Mr. and Mrs. Edward Martin, Ricky and Gary, Mr. and Mrs. Don Martin, Pam and Penny, Billy Mayo, all of Amarillo; Mr. and Mrs. W. L. Stewart of St. Jo, Mr. and Mrs. Kenneth Hutson and Ken of Hereford; Mr. and Mrs. Fred Hutson, Mrs. Dollie Mayo, Mr. and Mrs. Milton Havens, Gina and Preston, and Mr. and Mrs. Jimmy Hutson of Clarendon. Rep.

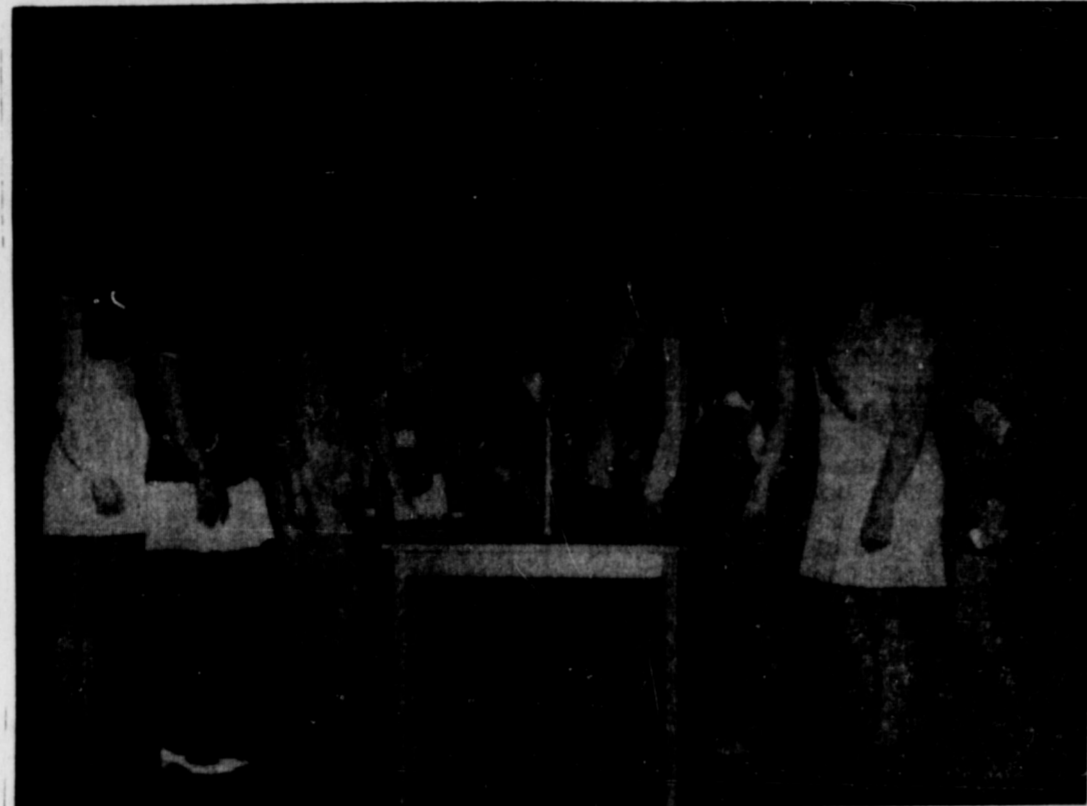

The St. Patrick's Day theme was carried out in entertainment rooms, table decorations, and refreshments. As members and guests arrived they were served finger sandwiches, open-faced sandwiches, sour cream cake, nuts, coffee, and tea by the hostess, Mrs. Otis Naylor.

After the social hour, the president, Mrs. Frank White, Jr., presented Mrs. E. S. Ballew who gave a most impressive review of Taylor Caldwell's book "The Listener." The listener is God. She spoke of the tremendous release and comfort in making and listening to a loving God. The story centers around John Godfrey whose wife, Stella, dies after 10 years of marriage, and the beautiful building he had constructed in her memory where a troubled person can enter and pour out his woes to HIM. Many have found new hope and new life after a visit to the memorial.

During the business meeting, Mrs. Joe Ritter was voted back into Active Membership.

Members present were Mesdames: C. E. Bairfield, E. S. Ballew, J. R. Brandon, Luther Butler, Jack Clifford, K. K. Day, Dick Delaney, Clarence Hamilton, Otis Naylor, Harold Phelps, W. C. Thornberry, Frank White, Jr., W. E. Clifford, and Loyd C. Johnson. Guests present were Mesdames H. T. Burton, J. R. Gilliam, Bill Mooring, Walter Lowe, and Charles Lowry. Rep.

You may contact Mrs. Brumley for further information.

## Tree Planting Time Is At Hand

Late winter and early spring are good times to set out new trees in your home or community landscape.

Dr. Bill Welch, Extension landscape horticulturist, points out that planting trees demonstrates a feeling of continuity with the past and anticipation for the future.

"Trees are probably one of the biggest bargains in our environment," says Welch. "Varieties should be planted that are adapted to the area and that will meet specific needs. Trees can provide lasting beauty if cared for properly."

In addition to aesthetic reasons for planting trees, there are many other bonuses, noted the horticulturist.

1. Trees reduce smog and purify the air by acting as dust and pollution filters and by releasing life-giving oxygen into the air.

2. Trees moderate the climate by protecting from extremes in wind, heat, cold and drought.

3. Trees provide food and shelter for many bird and animal species.

4. Planting good trees increases the value and sales appeal of homes. Beautiful, well-placed trees are a prime selling factor, especially in older homes.

For information on selecting trees for your home or community consult your county Extension agent or local nurseryman, adds Welch.

Silver worth \$2.2 million was reclaimed from X-ray film during the past three years, the Veterans Administration announced recently.

### LOTTERIES

Are you unwittingly participating in an illegal lottery scheme? Every day Texas consumers are solicited by promoters to operate lotteries in order to market their merchandise. Merchandise sold in this manner takes such varied form as children's toys and electric clocks.

These lottery schemes sometimes operate by the use of punchboard devices.

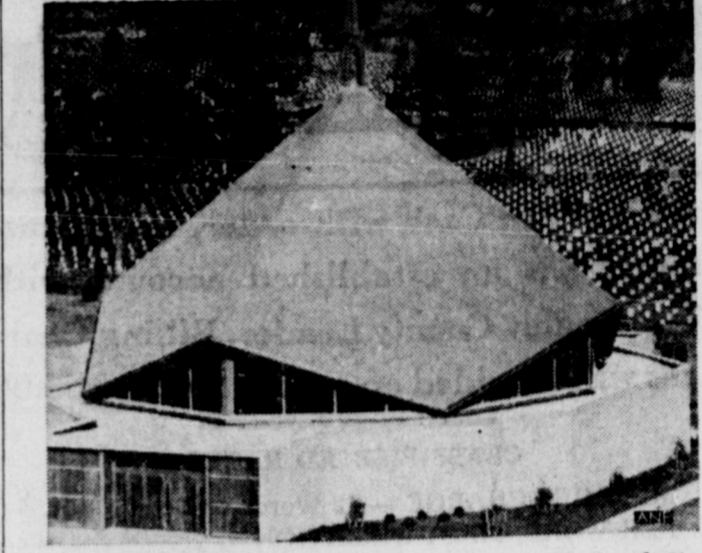

After all these "chances" are sold, the consumer will make a sufficient return to cover his original investment. The "lucky" winner on the punchboard receives the original "free" product from the consumer as his "lucky prize." The only catch is, the whole scheme is illegal in Texas!

The criminal law prohibits the possession as well as the use of a lottery type punchboard.

There are other types of illegal lotteries that do not utilize punchboard devices that you should be cautious about. All types of lotteries are illegal.

A lottery consists of three essential elements:

1. There must be an awarding of a prize which can be in the

NEW CHAPEL—The new interdenominational chapel at Ft. Myer, Va., overlooks the Arlington National Cemetery. The chapel was dedicated recently by Secretary of the Army Robert F. Froehke.

form of money, merchandise, or something else of value.

2. The prize must be awarded on the basis of chance. This can be in the form of a drawing or some other means of selection done in a manner so that chance, rather than skill or judgment, is

the predominant element.

3. There must be consideration for the chance to win the prize. Where these three elements are involved, the scheme is a lottery.

## YOU DON'T NEED TO USE NEWSPAPER ADVERTISING! IF YOU THINK SO, THEN

PREACHERS — Should preach only one sermon or so a year. We are all against sin anyway, so why harp on it?

TRAFFIC LIGHTS — Should be turned off at dangerous intersections to save electricity. Everybody knows it's a dangerous spot and that is sufficient.

TEACHERS — No need to review lessons. Tell the children just once and they'll never forget.

HIGHWAY POLICE — Stop driving up and down the highways. No need to caution drivers by patrolling highways. Drivers know the law and should obey.

MAIL ORDER FIRMS — That send catalogs are wasting their money. Everyone knows what is sold at area stores and of course they'll shop there.

IF YOU ARE ONE OF THE foolish kind, like the Notre Dame Cathedral that has stood for six centuries but still rings the bell every day to let people know it is there; and if you believe in consistent profitable advertising, then you will . . .

### Robert Montgomery Seeks Election Of District Judge

District Judge Robert E. Montgomery of Memphis has announced he will seek election as District Judge of the 100th Judicial District, a post he has held since January 1st, 1971. He is completing the unexpired term of Charles L. Reynolds, presently an Associate Justice of the Court of Civil Appeals at Amarillo. Judge Montgomery, who will be 41 in May, graduated from Texas Tech University in 1951 and Baylor University Law School in 1953. While at Baylor he was President of the Mid-Law Class and Editor of the Baylor Law Review. He was licensed to practice law in 1953 while attending Southern Methodist University on a graduate law fellowship from the Southwestern Legal Foundation. He has served as a Judge Advocate in the Air Force and as special County Judge in Midland and Swiss Counties.

Judge Montgomery and his wife, Araminta, have three children, Pam, Debbie, and Robert Jr. They attend the First Christian Church in Memphis where he is Sunday School Superintendent and a teacher in the Adult Department. He practiced law in Memphis prior to becoming District Judge.

Judge Montgomery stated that he appreciated the wonderful cooperation given him by the attorneys and the citizens of the District, and would continue to devote his full time to the office.

### Nail Polish Useful To Outdoorsmen

Fingernail polish is finding its way from the cosmetic case to the tackle box.

The brightly-colored stuff has dozens of uses appreciated by the outdoorsman, according to the Texas Parks and Wildlife Department.

The dark red polish can be used to touch up chipped fishing lures, or to add color or patterns to dull-colored lures.

If the silk or nylon winding on a rod begins to unwind, a few drops of either colored or clear polish will stop the damage. Even braided line can be protected by dipping it in polish.

Nail polish also is an excellent sealer for bolts and screws in reels, guns or scopes. Just coat the threads and tighten them down.

It will also waterproof the heads of matches and will burn readily when the match is struck.

**4-H TV Film Series To Begin March 11**

"Exploring the World of Electricity," the first film of a new 4-H television series, will be shown on television station KGNC, Channel 4, Saturday, March 11, at 12:30 p.m.

County Agent Ronald Gooch says the film is about 25 minutes long and features "Sam, Betty and Mr. E," two 4-H'ers and their adult leader, Astronaut Neil Armstrong introduces the series of six films called "The Magic World of Electricity."

The three basic uses of electricity—heat, light and power—are explored in this first film. The 4-H'ers learn about the principle of electromagnetism and how this idea is practically applied in home appliances, machinery and industry. The basic operation of heating devices, light bulbs, and motors are outlined. In one part of the film, the two youths and their leader visit a television studio and see how important electricity is in television production.

The county agent points out that the film should help area youth learn to perform certain technical skills related to everyday uses of electricity. The film is made available by the Texas Agricultural Extension Service and the investor owned electric utility companies.

More information concerning the film and the entire series can be obtained at the County Extension office, says Gooch.

**Narrow - Row Cotton Increasing In Texas**

The production of narrow-row cotton has become a reality in Texas.

More than 18,000 acres were planted to cotton in narrow rows in 1972, pointed out Dr. Robert Metzger of Lubbock, area agronomist (cotton) with the Texas Agricultural Extension Service. Most of this acreage was on the High Plains although about 3,000 acres were planted in the Rio Grande Valley. He contended that 1971 acreage could reach as high as 50,000 acres with the use of more than 100 narrow-row harvesters.

Metzger discussed the narrow-row cotton situation in Texas at the recent Western Cotton Production Conference in Bakersfield, California.

"Even though 1971 was a poor production year, yields from cotton planted in narrow rows ranged from 5 to 30 percent more than that planted in conventional rows. Production costs were similar or lower and this is the real advantage for the narrow-row method of production," said Metzger.

What row patterns are producers using in this high plant population method of production? These tend to vary with the soil type and the irrigation system, according to the agronomist. "Double-row on a 40-inch bed is the most commonly used row pattern under furrow irrigation and on finer textured soil. In sprinkler irrigated areas, planting flat with a grain drill in row widths of 10, 12 and 16 inches is the most common pattern."

In the Valley, 10-inch row spacings have looked good under dryland, noted Metzger. Under irrigation, 28 to 30-inch rows as well as two and three rows on a 40-inch bed have yielded well.

"As far as seeding rates are concerned, four to five seeds per foot of row regardless of row spacing have given the best results on the High Plains," said the agronomist. "This is about 35-40 pounds of seed per acre with two rows on a 40-inch bed. As dwarf varieties become available, higher planting rates and higher plant populations may be required to achieve maximum yield in a minimal growing season. Seed for dwarf varieties should be available to producers in 1974."

Further commenting on varieties, Metzger pointed out that many of the stormproof, stripper varieties presently planted on the High Plains fit well into the narrow-row picture. Such varieties as Lockett 4789A, Rilcot 90, Gregg 35, Paymaster 18 and Stripper N are characterized by earliness, close fruiting and little branching.

"Although the future looks rosy for narrow-row cotton, there are a few problems," said the agronomist. "Effective control of perennial weeds is a major obstacle. Non-uniform and soft areas in narrow-row fields present some difficulty in keeping the stripper head level."

Root rot is a serious problem in harvesting in the Valley as the plants are pulled out of the ground during the stripping operation. Wet, humid conditions in that area also affect defoliation and desiccation of plants for maximum stripping efficiency.

Narrow-row production is still limited to some extent in certain areas due to a lack of harvesters, but that condition will not prevail for long, noted Metzger.

Turning to the "plus" side of the ledger, the agronomist noted that reducing the cost of production while maintaining or increasing yields has been the major advantage of narrow-row production. "Much of the lower production cost is due to reduced harvesting costs as well as reduced cultivations and irrigation. It is estimated that harvesting costs can be reduced from the present \$10 - \$15 per bale level to about \$3 per bale."

In the Valley, shortening the growing season may be a real key in controlling some of the most damaging cotton insects. This will also reduce the use of chemicals for controlling insects, emphasized Metzger.

A coordinated research and extension program is being directed at the production of narrow-row cotton. "Outstanding progress has been made and the future looks bright," said Metzger. "Some tests in 1970 with lines adapted to narrow rows produced more than 800 pounds of lint per acre in a total of 128 days from planting to a killing freeze. Narrow-row cotton could indeed mean a revitalized cotton industry."

**Swine Shortcourse Set March 27-28**

Two days of presentations on feeding, breeding, health and marketing will make up the 21st annual Swine Shortcourse at Texas A&M University, March 27-28, in College Station.

West Texas producers, scientists and educators will take part in the conference and also the meeting of the Texas Pork Producers Association, according to Dr. Gilbert R. Hollis, area swine specialist for the Texas Agricultural Extension Service.

Dr. A. M. Lennon, assistant professor at Texas Tech university, will report on research on weaning pigs at one day of age.

Hollis will moderate a panel of pork producers composed of Elmer McLaughlin of Pampa, Don Gray of Snyder and Harold Ham of Dumas. Roy Poage, of Slaton, president of the Texas Pork Producers Association, will head up the annual Pork Banquet on March 27. At that time, the winner of the Master Pork Producer Award will be named, and the Texas Pork Queen Contest will be conducted.

In addition to West Texas people, the program will also feature some 15 other presentations on pork production, including a

talk on Texas feeder pig production by Dr. Randall Grooms, area livestock specialist for East Texas.

**SENATOR MAX SHERMAN ON SPECIAL COMMITTEE**

Lieutenant Governor Ben Barnes has named Senator Max Sherman of Amarillo as a member of the Texas Legislative Council's interim committee to study the problems of pornography within the state and the possibility of new legal approaches to its control.

The committee was requested to ascertain the identity of producers and publishers of pornography and to study the marketing arrangements and legal relationships between manufacturers, distributors, and exhibitors. The committee will present its findings and recommendations to the 63rd Texas Legislature when it convenes in January 1973.

Senator Sherman also serves on the standing committees on statutory standards and present conditions in Texas jails, and the statutory revision program.
