Local Medical Center Hospital Accepted As Member Of THA

The Medical Center Donley County Hospital District has just received notice that it has been accepted as an Active Institutional Member of the Texas Hospital Association, the activities and programs of which are directed specifically toward "better health for Texans."

The requirements for membership in the Association are that a hospital be registered by the American Hospital Association and that the doctors practicing there be members of, or eligible for membership, in their county medical society.

Being a member of the Texas Hospital Association is beneficial to an institution because it indicates to a community that its hospitals are qualified and ethical, and are meeting the high standards of good hospitalization. This adds prestige to an institution and creates confidence.

Membership affords opportunities for improvement of member hospitals by frequent contacts with other hospitals in the Association concerning procedures and practices. It also offers a means of joining with other Texas hospitals in any advancement of their interests.

Legal counsel in Austin is provided for member hospitals to watch any legislation that would affect hospitals, and makes legal advice on matters of legislative nature available to members of the Association through its counsel.

The Association sponsors such organizations as Group Hospital Service, Inc., and Group Medical and Surgical Service to furnish hospitalization for employed people at cost. It places statistical information on Texas hospitals at the disposal of its members through extensive studies and surveys. The Association's official monthly publication, TEXAS HOSPITALS, keeps its members up to date on developments in the field through presentations of educational articles and news reports.

Warehouse Extended Loans

The State Committee has determined that 1970 and 1971 crop wheat and 1971 crop grain sorghum loans may be extended for one year. CCC will pay storage charges after the original maturity date. Cards will be mailed to producers with outstanding loans on which they will state their options. These cards will be mailed about 30 days before the maturity date.

1972 Farm Program Signup

Signup is progressing very slowly and only one week remains in the signup period. To date about one-half of the number which usually participates has signed up. Please come in as quickly as possible. March 10 is the final day.

It is impossible for us to explain all the options available under the feed grain and wheat programs in a news article. We will do this when you come into the office.

1972 Set-Aside Acreage

As we have emphasized in nearly every article, set-aside acreages must be average productive land which would produce as much as the land on which crops are planted. Your payments are riding on your decision to set-aside average land.

Cotton Production Records

Many of you still have not brought in your cotton production records. We must have these before your signup forms can be processed.

Membership means an opportunity to attend large conventions each year where thousands of hospital personnel meet to keep abreast with developments and to plan programs for the improvement of all institutions.

The acceptance of Medical Center, Donley County Hospital District into the Texas Hospital Association is a step forward for Donley County.

Texas Panhandle Community Action Program Office Here

There is now a representative of the Texas Panhandle Community Action Program functioning in Clarendon.

What is the Texas Panhandle Community Action Program (TPCAC)? It is a non-profit, state chartered, federally funded corporation designed to develop human resources with emphasis on disadvantaged families in poverty areas of the Panhandle region by sponsoring programs and projects to increase family potentials and benefit the people of our community.

Each county must decide what programs would be beneficial. There is no cost to any county to participate in the program. A PUBLIC hearing is held and a resolution passed at the Commissioners Court to accept the Texas Panhandle Community Action Corporation as an agency which will officially assist the county in helping the indigent residents. No county is urged or forced to take any program or project. An Advisory Committee serves to study the needs and to promote necessary programs.

The Texas Panhandle Community Action Corporation was accepted and is now active in our county with Emergency Food and Medical Services. Its purpose is to provide on a temporary basis any food or medical services to counteract conditions of the poverty stricken in our area. A survey will establish goals and priorities.

Emergency Food and Medical dollars must be used only as possible being used only in absolute cases of need and then only as a temporary measure while qualifying the person for assistance under one of the USDA programs. Food purchases are accomplished through food vouchers. Medical vouchers are issued only after a doctor's examination.

Mrs. Edna Osburn, local representative, reports an astounding need in this county. Needs are found by the representative going into the homes of the people, profiling families, determining needs, educating low income families to increase food purchasing power, counseling, and referring them to jobs or job training.

You can help with this program by volunteering your services, whatever you are willing and qualified to do, as an individual or a group. TPCAC will also work through civic and church organizations. Contact the local office for further information. The office is in the Court-house or you may phone 874-2573. All services and donations are appreciated and are considered an In-Kind contribution to the program. The objective is to help people help themselves.

Students In National Honor Society At CC

Beryl Clinton, Dean of Clarendon College, is most happy to announce that Guy Dell White and Nelda Nance of Clarendon, Carole Hill of Hedley, Richard Gilbreth of Lakeview, and Lynette Keel, Gary Pool, and Randy Ritter of Groom, also Joe Hood of Claude in the immediate area have been formerly initiated into the National Junior College Honor Society known as the Phi-Theta-Kappa Fraternity. Thirty-two were added to the roll this spring.

To be a candidate for this honor society a student must be in the upper scholastic 10 percent of the student body. A faculty committee recommends students for membership on the basis of scholastic achievement, character, citizenship, and scholarship.

The local chapter of the National Phi-Theta-Kappa organization was chartered at Clarendon College in the spring of 1958 and is known as the Iota-Phi Chapter.

Mrs. R. L. Tolbert underwent surgery Monday morning at Groom Memorial Hospital.

Texas Public Schools Week Set March 6-10

Texas Public Schools Week will be celebrated by parents, teachers, and pupils March 6-10. Everyone is cordially invited to visit your school, get acquainted with the teachers, observe your children's work, and learn more about the many ways you, as a parent, can assist and encourage your children to learn more.

Very often, your presence alone is a very important factor in building up the children's morale and their spirit. Most of us do better when we know that someone cares about us and expects us to do well.

Your Board of Education consisting of Warren Hardin, Eldon Lyles, Richard Tunnell, L. A. Moore, James McAnear, L. A. Watson, Leo Smith, together with the administrators, faculty, and auxiliary employees wish to thank you, our public, for your fine cooperation in promoting the welfare of all our pupils.

You are welcome at anytime, but especially during Texas Public Schools Week. "Together we can help a child," said Arling Cordell, Superintendent.

FUN AFTER FIFTY GROUP TO MEET SATURDAY

The Fun After Fifty group (Senior Citizens) will hold the regular meeting Saturday, March 4, 1972 at 10 a.m. at Lions Club Hall. All senior citizens are invited. Bring a covered dish, enjoy games, visiting, entertainment, and lunch.

CLARENCE REYNOLDS HAS MAJOR SURGERY

Clarence Reynolds, County Commissioner of Precinct No. 1, underwent major surgery in St. Anthony's Hospital at Amarillo Monday. He was in intensive care and doing as well as could be expected at last report. His many friends wish him a speedy recovery.

Lions Queen Contest Tuesday, Mar. 7th

The annual Lions Club Queen contest will be held next Tuesday evening, March 7 at 7:30 p.m. in the Harmed Sisters Fine Arts building on the College campus.

According to Tex Selvidge, chairman, there will be fourteen contestants from the high school vying for the honor of Lions Queen and representing the local club at the District convention later this spring.

Out-of-town judges have been secured to judge the contest. The winner will receive a trophy plus \$30 in gift certificates from John's, Greene's, and Saye's. The runner-up will receive \$20 in gift certificates from Saye's and John's.

There will be additional entertainment along with the contest.

The admission charge will be 50 cents for students and \$1.00 for adults.

Chili Supper For Masons And Wives Friday Night

J. L. James, Worshipful Master of the local Masonic Lodge No. 700, announced this week that all Masons and their wives from the Clarendon area are invited to a Chili Supper at the local Lodge Hall, Friday night, March 3 at 6:30 p.m.

In addition to the supper, there will be a question and answer program in connection with the showing of the film "In The Heats of Men" depicting 200 years of Masonry. Visiting Masons will explain the new Scottish Rite Consistory to be located in Lubbock for the benefit of all Master Masons and Scottish Rite Masons in this northern part of Texas, James stated.

The program will be presented by the following representatives of Lubbock Scottish Rite bodies: Herman Green, H. K. Twing, John R. McAfee and M. L. Van Arsdel.

State Officers Meet With Medical Center Auxiliary Tuesday

The Medical Center Auxiliary was privileged to have two State officers meet with the Auxiliary Tuesday afternoon, February 29, 1972. Mrs. Ray L. Jeffroy of Amarillo, Second Vice-President of Texas Association of Hospital Auxiliaries, and Mrs. E. M. Kendall of Amarillo, State Treasurer of Texas Association of Hospital Auxiliaries.

Mr. Wes Langham, Administrator of the Medical Center, introduced Mrs. Jeffroy who conducted a question and answer period in regard to Auxiliary work.

Mrs. Kendall discussed the work that is being done by Auxiliaries in such areas as TV Rentals, vending machines, gift shop items, and others. She also spoke of the Junior Auxiliary and Candy Strippers who work through the summer months. A number of local youth have asked to do this type of work in our Center.

When Open House is held for our new Medical Center Auxiliary, each member of the Auxiliary will conduct groups of ten people on tours through the Center returning each group to the dining room for refreshments. Each member is asked to bring cookies for the Open House, date to be announced.

For the information of the general public, the first State Auxiliary was organized in 1941. The annual meeting of Texas Association of Hospital Auxiliaries will be held in Fort Worth May 21-24, 1972. The District meeting will be held in Pampa in October, 1972.

The next meeting of the Executive Committee will be a called meeting.

AT HOME

Mrs. J. D. Wood returned home Friday from Lubbock where she has been a patient in Methodist Hospital. She is reported improving.

Register Today To Vote In School And City Elections

Today, Thursday, March 2nd, is the last day you can register to vote in the April 1 school and city elections. You can either go by the County Tax Office or mail your application so it is post marked today and be qualified to vote.

Up until Wednesday morning an even count of 2100 had registered in Donley County to vote. This figure is still several hundred under what it should be with all the 18 to 21 year old prospective voters signing up. Don't wait, sign up today.

Candidates Scarce For City School, & College Election

According to a late check Wednesday morning, new candidates are scarce for the positions coming up for the city, public schools and college regents.

In the election for three city aldermen, incumbents Bob Kidd, Harold Autry and Dave Croslin are the only candidates that have signed up for the three positions to be filled.

In the school trustee election, incumbents Warren Hardin and L. P. (Bud) Moore are the only candidates that have signed up for the two positions to be filled.

The only new candidate to sign up before noon Wednesday in the College Regent race is Clyde Price Jr. The incumbents are W. R. Christal and Bright Newhouse. The other Regent whose term expires this year, Ross Springer from Hedley, declined to run for re-election.

The deadline for filing in all three elections was 5 p.m. Wednesday afternoon.

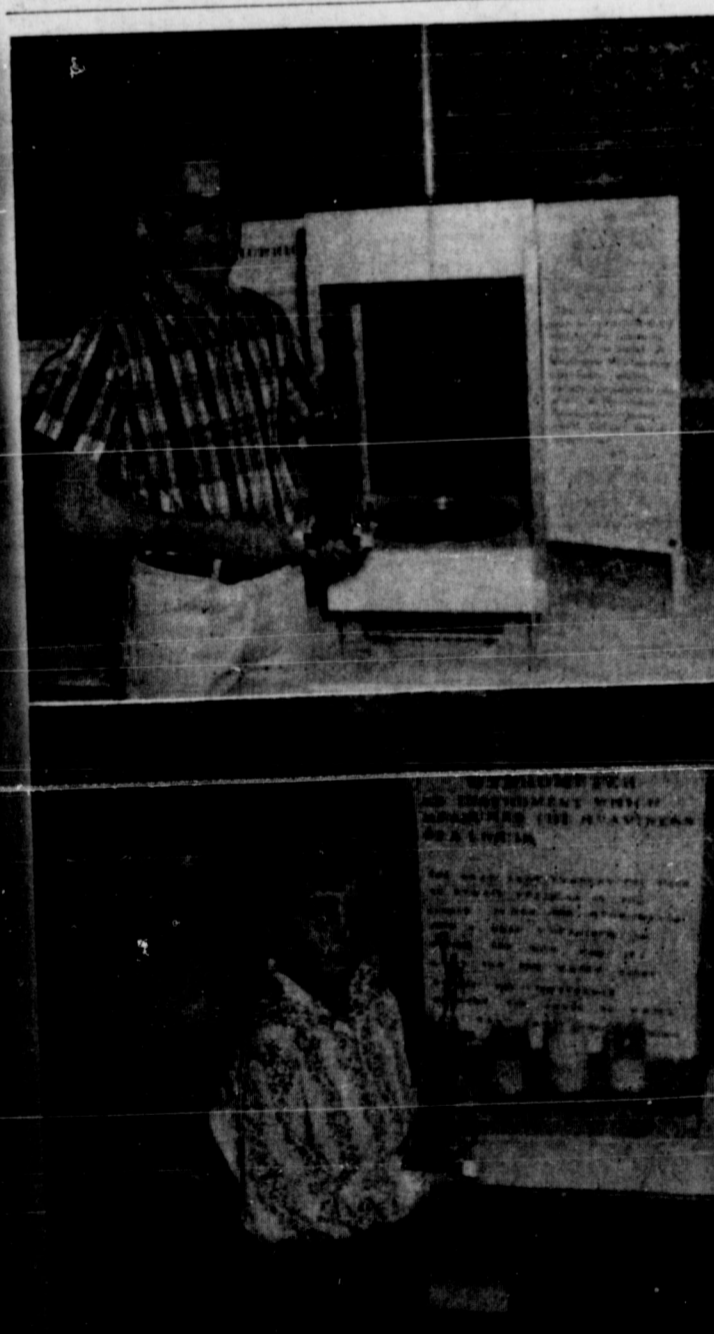

CC Bulldogs Win Last Game Of Season

The Clarendon College Bulldogs won their last game of the season when they defeated New Mexico Junior College 81-73 in Bulldog Fieldhouse last Friday night, February 25.

The Bulldogs overcame a 7 point halftime deficit in the win and closed out their season with an 8-21 season record and a 3-11 Conference record. Carter scored 19 in 29 points to lead the scoring. Bobby Austin counted for 20, Kim Blout and Keith Keeling 10 each, and Rogans 9. The Bulldogs had a total of 14 team fouls in the game.

In season play Martin counted for a total of 465 points and 231 in Conference play. Carter counted for a total of 199 points in Conference play. Western Junior College Conference News Service.

Pruning Damaged Plants — Delay pruning freeze damaged plants until new growth starts, advises Everett Jeanne, Extension landscape horticulturist. New growth will pinpoint the dividing line between live and damaged tissue so you can tell where to cut without removing too much wood. Freeze damaged plants should receive special care this spring, such as proper watering and fertilization.

Hedley 1919 Study Club Meeting Held

The 1919 Study Club of Hedley met in the home of Mrs. Herlie Moreman with Mrs. Myrtella Deahl and Mrs. Cullen Taylor as assisting hostesses. Mrs. J. S. Hinds, president, called the meeting to order and Mrs. W. W. Wiggins read the minutes of the past meeting. A short business session was conducted.

Program leader was Mrs. C. L. Johnson. The topic was "Devotion" and in introduction Mrs. Johnson read a paragraph of prose, "The Magic of Love" by Helen Stiner Rice which was followed by Club Collect read in unison.

Mrs. Joe Miller gave a review of the beautiful love story of Bob and Anita Bryant, "Mine Eyes Have Seen The Glory." Told by Anita was the story of their love and devotion for each other, their children, their trust and love for the Lord. One of Anita's favorite songs is "The Battle Hymn of the Republic." Her programs, under the management of Bob, have been heard and seen in many places and times. She has been a part of Bob Hope's Christmas tours and programs for the G.I.'s over seas. The closing thought for the Wednesday program was "Variety is the Spice of Life that gives it all its flavors." Rep.

VEE Vaccination Campaign Underway

Horseowners throughout Texas are urged to "get the jump" on VEE. Venezuelan equine encephalomyelitis, that deadly sleeping sickness of horses. All horses that were not vaccinated last year should be vaccinated as soon as possible.

It was less than a year ago that the disease swept into the state from Mexico, killing hundreds of horses in its path. The 1972 campaign against VEE calls for vaccination of all equidae (horses, mules and donkeys) not vaccinated last year, points out Dr. James Armstrong, veterinarian with the Texas Agricultural Extension Service. In addition to Texas the vaccination campaign will include the Gulf Coast states and states adjoining Mexico. All these states have been designated "high risk" states by the U. S. Department of Agriculture.

Armstrong lists four categories of horses that should be vaccinated now — (1) unvaccinated horses that have recently moved into the state; (2) foals born since last year's vaccination drive; (3) foals vaccinated under six months of age; (4) horses that were overlooked and never vaccinated.

Officials of the USDA's Animal and Plant Health Service believe that VEE will break out again even though the disease was confined to 25 Texas counties in 1971. So, it's important to vaccinate now before mosquitoes which transmit the disease emerge in the warm months ahead, emphasizes Armstrong.

This year the vaccination program will be conducted at the horse owner's expense. Commercial vaccine is available and must be administered by a veterinarian.

Vaccination will provide immunity for more than a year and possibly longer, notes Armstrong. If there is some doubt as to whether horses were vaccinated last year, it is best to vaccinate again, he adds.

Texas is still under federal quarantine for VEE. Thus horses must have been vaccinated for VEE at least 14 days before being allowed to leave the state for other areas, explains the veterinarian. Horses for interstate shipment must be accompanied by a vaccination certificate with individual animals identified by tag, tattoo or other means.

About 92 percent of Texas' estimated horse population of 625,000head were vaccinated in 1971. Almost 800 Texas veterinarians participated in the vaccination campaign. More than 2.8 million horses were vaccinated in 19 states and the District of Columbia last year.

By appearance, VEE is not distinguishable from Eastern and Western forms of encephalitis. Symptoms range from fever, loss of appetite and depression to stupor, weakness, staggering, blindness and death. More than 60 percent of infested horses die, according to the veterinarian.

Armstrong encourages all horse owners to report any sickness in horses suspected of being encephalitis to local veterinarians. A surveillance program is underway to check for possible infection in a variety of wild and domestic animals in the critical Gulf Coast and Mexican border states.

BIRTHDAY PARTY FOR TWO HEDLEY LADIES

A surprise tea honoring Mrs. V. A. Hansard and Mrs. Marshall Stone was held in the home of Mrs. V. A. Hansard Friday afternoon, February 25. The party was hosted by Mrs. Wayne Hansard and Mrs. Paul Lair.

A beautiful birthday cake and punch were served to 30 guests as they called to bring gifts and wish these ladies happiness and many more birthdays. Rep.

CHS HEALTH CAREERS ASSEMBLY MARCH 9

The Texas Health Careers program will be presented at a Health Career Assembly at Clarendon High School Thursday afternoon, March 9, at 1 p.m. The program will be presented by John Haddad, director, field services, Texas Health Careers Program, and is designed to introduce career opportunities in health care to all students.

A project of the Texas Hospital Education and Research Foundation, the Texas Health Careers Program was begun in 1964 by the Texas Hospital Association to overcome health manpower shortages and during the past four years health assemblies have been presented to over 500,000 students in Texas secondary schools.

DO YOU REALLY HAVE A LIFETIME MEMBERSHIP

There are many advantages in obtaining a lifetime membership. If you can't think of any, just ask the salesman at some of the local health spas, dance studios, or athletic clubs. He will tell you that this form of membership conveys the highest status, insures maximum benefits to the purchaser, and constitutes the most economical form of membership.

But what are the disadvantages of the lifetime membership? A lifetime membership is only as good as the company which stands behind it. The company may not remain in business throughout your lifetime and your membership then becomes a piece of worthless paper. Every year businesses go bankrupt leaving people stranded with services they have paid for but cannot obtain. Even if they remain in business their facilities may be allowed to deteriorate. Another problem arises when the purchaser transfers to another city and is unable to continue to utilize the facilities.

When purchasing a lifetime membership, you should consider the fact that after the "new" wears off, you may lose interest in the dance lessons or using the facilities at the health spa. A person who does not use the ser-

Consider whether or not you will be able to use the services you are purchasing. Consider the possibility of a shorter membership period such as one year. Be sure you have inspected the facilities to determine you will be satisfied. Above all, don't rush into signing a contract just because the salesman is impatient. Make up your own mind, don't let the salesman do it for you. Remember, you can nearly always sign the contract tomorrow, but you rarely can relieve yourself of your obligations under a contract once it is signed.

Report From TPCAP Volunteer Service

Mrs. Edna Osburn, representative for the Texas Panhandle Community Action Program in Clarendon, reports regularly to main offices the progress being made in her work, the interest being shown by area residents, and the efforts being made to have an informed public.

At the present time here is some of the volunteer work being done: A WMS church group has adopted a family in the community as a project. The Teen Age TIC group has adopted a 17 year old young man to assist in providing him with clothing. A local dentist has donated his services in treatment of a 15 year old boy. Church and civic organizations are working to provide dentures. Three local churches helped with utility deposits to provide housing for a family where an ill man was hospitalized in Amarillo.

Other work includes the work of a local doctor new in our community, who is helping the indigent of the community. Doctor's services must be referred through the local office to be qualified. An LVN in the city has volunteered her services as a therapist for a stroke victim. A blind lady has been given help in numerous ways. The F.H.A. Chapter has expressed the desire to help in classes or programs. A high school student, Margaret Reese, is providing part-time help in the office as a secretary. A church has volunteered to help with nutritional classes in the kitchen of their church. A local business woman has donated the back of her shop to be used as clothing headquarters.

There are many other areas in which work can be done.

Officers of the Panhandle Community Action Corporation are: Executive Director, Amarillo Office, Argus Burnett; EFMS Program Director, Amarillo Office, F. C. Highlights and Sidelights From Your State Capitol

By BILL BOYKIN
Texas Press Association

State operation and funding of a food stamp program in all 254 Texas counties was proposed this week by Gov. Preston Smith.

Cost to the state is estimated at \$17 million to \$20 million, but Smith says the expenditure would generate over \$285 million of economic activity in Texas cities and counties and offer low income citizens opportunity for better nourishment than is provided by commodity programs in some counties.

Among problems with the proposal is lack of money available at the moment to the U. S. Department of Agriculture which funds a large portion of the food stamp program. USDA says it would have to ask for additional congressional appropriations to fund the governor's proposed state-wide program.

Smith says he believes the state's share of the cost would be money well spent and it would relieve counties of the financial burden of administering the program and issuing stamps — requirements under the new federal guidelines.

Texas Welfare Commissioner Raymond Vowell said he doubts the statewide program could be initiated by the Sept. 1, 1972, start of the state's new fiscal year, as proposed by the governor, but he will talk to the governor about it.

Smith still says he wants to wait as long as possible before calling a special session of the Legislature this year to write an appropriations bill for fiscal 1972 and handle whatever other matters the governor chooses to submit — including the food stamp proposal. He estimates cost of a special session at \$800,000 to \$1 million. Others claim his cost figure is far too high.

EDITORS' POLL MOVES WEST — Newspaper editors and publishers were polled on state political races last week at the meeting of the West Texas Press Association in Sweetwater. Question one asked the editors was who they thought would carry their counties.

These were the results:
GOVERNOR: Smith, 15; Barnes 11; Briscoe, 9; U. S. SENATE:

Tower, 11; Yarborough, 10; Sanders, 7. LT. GOV.: Connally, 10; Hobby, 5; Christie, 3; Hall, 1 and Jones, 1.

Asked whom they would vote for, the editors said: GOVERNOR: Briscoe, 15; Barnes, 8, Smith, 6; Farenthold, 4. U. S. SENATE: Tower, 20; Sanders, 5; Yarborough, 5. LT. GOV.: Connally, 11; Hobby, 7 and Christie, 3.

ELECTION FINANCING — Still up in the air is the question of how state primary elections this year are to be financed.

Secretary of State Bob Bullock, the state's chief election officer, says the federal courts have clearly stated he has authority to use state funds for operation of the elections, just as state funds are used to conduct general elections. Other state officials say a special legislative session would be needed to provide the money.

TIMBER RECOVERY SOUGHT — Atty. Gen. Crawford Martin has filed suit to recover from the federal government \$732,000 for lands ceded to national forests of Texas.

Texas seeks money for stumpage sales on 658,513 acres in four national forests. The forests are Angelina, Jasper, Nacogdoches and San Augustine counties; Davy Crockett (Houston and Trinity counties); Sabine (Jasper, Sabine, San Augustine and Shelby counties) and Sam Houston (Montgomery, San Jacinto and Walker counties).

Under a 1911 act of congress, 25 per cent of money received from each national forest was to be paid by the U. S. to the state in which the forest was located. Martin alleges that while there have been \$2.9 million in Texas forest stumpage sales over the last six years, the federal government has withheld from the state the 25 per cent share due it.

HOG QUARANTINE LIFTED — Texas Animal Health Commission removed 28 counties from the hog cholera quarantine list last week and placed them under restricted movement.

Counties are Aransas, Bandera, Bastrop, Brooks, Caldwell, Calhoun, Colorado, Comal, Dimmit, Fayette, Frio, Guadalupe, Jim Hogg, Zapata, Jim Wells, Kendall, Kennedy, Kleberg, La Salle, Lavaca, Live Oak, McMullen, Matagorda, Medina, Nueces, Refugio, San Patricio and Wharton.

COURTS SPEAK — A \$50 monthly expense allowance as mayor of Rusk does not bar Emmett Whitehead from running for the legislature, the Texas Supreme

Court has ruled. A federal district judge granted a government motion to dismiss an indictment of a San Antonio bank for making a loan to a gubernatorial campaign in 1970.

A Galveston district judge held the board of the rich Moody Foundation should be increased from three to seven members.

APPOINTMENTS — Governor Smith named six persons to the Texas Board of Private Detectives, Private Investigators and Private Security Agencies, effective immediately. George W. Bichsel, Assistant City Manager of San Antonio, and Capt. Robert A. Crowder, director of a Dallas private investigation firm, will serve two-year terms. Robert C. Taylor of Houston, regional manager of a detective agency, and Morris A. Ruebright, former Houston Crime Commission member, will serve four-year terms. Serving six-year terms will be J. Mason Lankford Jr., security administrator for a Fort Worth firm and J. W. Golden, Richardson police chief.

Bob Alcock, special assistant for Congressional Relations on the Office of Governors' Conference Staff, has been appointed Associate Director of the Office of State-Federal Relations, to take office March 1. He replaces former State Rep. Randy Pendleton of Andrews, who resigned his position to run for the Democratic nomination for Texas Comptroller of Public Accounts.

Reps. Jon Newton of Beeville and Richard Slack of Pecos have been appointed to an interim legislative committee to study the state's land vacancy statutes and recommend revisions to the laws.

Governor Smith reappointed Mrs. Jimmy (Annie Laura) Day of Brookshire and Dan R. Eddy Jr. of Dallas to the Good Neighbor Commission of Texas.

CRIME TAX — Houston and Harris County led the state during the first four months' collection of the new "crime tax", a court cost levied for use by the Texas Criminal Justice Council to upgrade local law enforcement planning.

The Legislature enacted the tax, additional court costs of \$2.50 are levied for misdemeanor convictions in city, county and justice of the peace courts, \$5 for conviction on a misdemeanor in district courts and \$10 for felony convictions.

Increases Authorized For Veterans

Five to 10 percent increases authorized for 2.5 million veterans and survivors by two bills signed December 15, will be reflected in February checks, the Veterans Administration reported today.

The increases are effective January 1, but will not show up in checks until early February. The increases will cost an estimated \$195-million the first year.

Commenting on the two new laws at a recent press conference Administrator of Veterans Affairs Donald E. Johnson declared: "I cannot begin to tell you how very pleased the President and all of us are with this new legislation. This is chiefly because those who benefit are mostly older, low income veterans who are totally disabled and widows and children who most need this financial support."

Johnson noted that PL-198 provides 6.5 percent cost of living increases to 2.2 million veterans, widows and children who draw VA benefits based on the death or disability of veterans for non-service-connected causes. First year cost of the increases is estimated at \$127.2 million.

"By signing this legislation," the VA Administrator pointed out, "the President has prevented hardships. The hardships would have arisen January 1, when Social Security increases become effective. Without the legislation 1,150,000 pensioners would have had their VA pensions reduced and more than 16,000 on VA rolls would have lost their pensions entirely."

Under PL 92-198, the Administrator explained, current payment and income limitation tables are eliminated. They are replaced by an innovative formula approach which provides better allocation of pensions benefits according to relative need and also avoids disproportionate reductions of VA pensions when outside income increases.

The other new law, PL 92-197, provides a 10 percent increase for 186,000 widows of veterans who died of service-connected causes. Called dependency and indemnity compensation, such payments are also made under some circumstances to children and parents of veterans. About 53,000 children will receive five percent and 66,000 parents 6.5 percent increases under the law which will cost an estimated \$67.8 million the first year.

VA officials stressed that no application for the increases will be necessary. They will be included automatically on February checks.

Investment Tax Credit Restored

Investment tax credit is back. Farmers, ranchers and businessmen can claim a seven percent investment tax credit on their 1971 tax returns for qualifying property. Such property must have been ordered and acquired after March 31, 1971, or acquired after August 15, regardless of when ordered, explains Dr. James L. Mallett, economist with the Texas Agricultural Extension Service.

Investment credit also applies to property where construction or reconstruction was begun after March 31 or was completed after August 15, regardless of when begun. If construction was begun before April 1, only costs attributed to the period after August 15 apply, explains Mallett.

Investment credit must be taken the year the property is placed in service and cannot exceed your tax liability, says the economist. If the tax liability is greater than \$25,000, the limit is \$25,000 plus one half of the tax liability in excess of \$25,000. Unused credits can be carried back three years and then forward seven years.

The amount of investment credit on each asset depends on its useful life. This must be the same for computing both investment credit and depreciation. One-third of the investment qualifies for tax credit if the useful life is three years but less than five; two-thirds, if five years but less than seven; and 100 percent, if seven years or more. There is a \$50,000 limitation on investments in used property eligible for credit.

Property qualifying for investment tax credit must be depreciable, points out Mallett. It includes tangible personal business property such as machinery, office equipment, trucks, autos and, for the first time, livestock except horses, elevators and escalators. Tangible real property tied closely to production is also included, such as fences, silos, grain bins, hay barns and fuel storage tanks. Buildings not used strictly for storage do not qualify.

Tax laws prevent the creation of artificial credits by disposing of raised or non-recapture depreciable livestock and then acquiring substantially similar livestock. The cost of substantially identical livestock acquired within one year beginning six months before the original livestock was sold is reduced by the sale value.

The business percentage of property used for both business and personal purposes is also eligible for investment credit, adds Mallett.

Foreign-made equipment is not eligible for tax credit unless it was ordered between April 1 and August 15 last year. This includes all property completed outside the United States and property completed in this country if less than 50 percent of the cost is attributable to value added inside the U. S.

The economist explains that if investment credit property is disposed earlier than its estimated life, the credit must be recomputed. Any credit for which the actual holding period does not qualify must be paid back.

Using Credit Wisely

According to home management specialists, a family can get out soft ice financially without realizing something has gone wrong.

It would appear that a breadwinner would know at once that his "financial ice" was thinning out or becoming soft," according to Mrs. Bonnie Fowler, home management specialist with Texas A&M University Extension Service.

"The ice usually begins to thaw on pay day. That's when it becomes apparent there's not enough money to satisfy all the creditors and still have enough left to pay daily living expenses until the next pay check."

Mrs. Fowler offered these pointers on deciding when a family can afford credit:

1. Spend no more money than you make each month.
2. Use credit only for those things with lasting value.
3. And buy things which a person with your income can afford.

New Income Tax Withholding Tables For 1972

Ellis Campbell, Jr., District Director of the Dallas District of Internal Revenue Service, covering 143 North Texas Counties, issued the following fact sheet on the New Income Tax Withholding Tables for 1972:

Under the Revenue Act of 1971, the withholding tables will make the amount of tax withheld for 1972 more closely match the tax liability for the year. The new tax tables correct an underwithholding problem experienced by many taxpayers who ended up with large year-end tax bills. Taxpayers most affected by this problem were working couples and persons who held more than one job.

If taxpayers haven't filed a new Form W-4—Employee's Withholding Exemption Certificate — (Revised December 1971) it is essential for them to do so now. This should ensure that the correct amount is withheld from their pay.

In the past many taxpayers had been claiming fewer exemptions than they were entitled to in order to avoid paying additional tax at the end of the year. These persons may now claim on a new W-4 all exemptions and special allowances to which they are entitled; they no longer need to claim fewer exemptions to avoid paying large income tax bills each April.

Under the new withholding tables certain taxpayers may claim a "special withholding allowance" which is like another exemption. It can only be claimed for withholding purposes, not on income tax returns.

A single person or married person whose wife or husband does not work is entitled to claim the special withholding allowance. However, it may not be claimed by a person who works at two jobs concurrently. Single persons with income under \$25,000 and married taxpayers with incomes under \$31,000 should claim the special withholding allowance of they qualify.

Extra allowances may also be claimed by taxpayers who have large itemized deductions. The Form W-4 contains a table that will show the number of extra allowances that may be claimed for large itemized deductions. These extra allowances, like the special withholding allowance, may be claimed only for withholding purposes, not on income tax returns.

The amount of tax withheld in 1972 will decrease for an estimated 47 million taxpayers if they claim all exemptions and extra allowances to which they are entitled. Most taxpayers who do not claim all exemption allowances will receive refunds when they file their income tax returns in 1973.

Forms W-4 may be obtained either from employers or Internal Revenue Service offices.

Q—If I surrender my National Service Life Insurance permanent plan policy for a paid up policy, would I still receive dividends?

A—Yes, but they would not be as large as dividends on your existing policy.

Q—How can I get my claim for a pension considered since I have no doctor and can't afford the cost of an examination required by VA?

A—Suggest you notify the VA office handling your claim what your disabilities are, describing them as best you can. Be sure to make clear you don't have money to pay for the examination and perhaps arrangements can be made for a VA clinic to examine you.

Q—I have never used my World War II G.I. loan entitlement. May I use it now to buy a mobile home?

A—Yes. The mobile home loan benefit is available to eligible veterans and servicemen who have \$12,500 guaranty toward the purchase of conventional homes. VA will guarantee up to 30 percent of approved loans for mobile homes.

Taxpayers Ask IRS

Q—I'm a small retailer doing less than \$200,000 worth of business a year. I have a sign on the wall of my store telling customers that base price information is available. Isn't that enough to satisfy the posting requirement?

A—No. The base prices of your top 40 items or those products which accounted for 50 percent of your total dollar sales volume during the last fiscal year must be posted prominently in your store. (Retailers with sales of \$200,000 or more a year must post these prices in each department and must post the base prices for food and food-related products.) The important thing to remember is that the base price lists must be easily accessible to the customer and must not require him to ask a store employee for access to the information.

In addition to the above, all retailers must prominently display, on each floor of their establishments, at least one sign (minimum size 22" x 28") announcing the availability of base price information for all items that are not posted or required to be posted. Base Price Information Request Forms must be available in at least one location on each selling floor of the establishment and the retailer must respond in writing to such written requests within 48 hours after the request is received.

Q—Can a retailer post his base prices in book form?

A—Yes, as long as the book is prominently displayed.

Q—What constitutes a "department" as far as retail posting regulations are concerned?

A—A department is the organizational unit customarily treated by the seller as a department.
