# Cotton Festival

## TIME

One of the driving forces behind the success of the Annual Hedley Cotton Festival Parade is Sue Weatherly.

She has lost count of the floats she has helped build, but estimates there has been at least fifty and thinks there has been about fifteen first place winners. Certainly most

of them have won some award.

She has been responsible for the Security State Bank float since she's been working there.

Sue stated, "The hardest part of building any float is to come up with an original idea. Over the years we have acquired several trailers that we keep to use every year. We have

a permanent framework around them and change the decoration from year to year. We used crepe paper, but could only use it once. If it didn't tear off, it would fade until there wasn't any color. Now we have the vinyl that can be used more than once. It helps keep the cost down. Even now, the costs mount up. If you use a kit that comes ready to assemble, you can spend from \$500.00 up. That's why we try to use as much of the material over and over, when we can. I get most of the material from Minnesota. I've been ordering from the same company for years. I think we will have some outstanding floats in the parade this year. I think everyone will es-

pecially like the one that the Little Future Queens will ride. I have had some excellent help over the years. There have been so many, I'd hate to try to name them, because I'm sure I'd miss some of them. It's been very rewarding for me and I really enjoy seeing the completed floats."

Mrs. Weatherly always sees to it that there is at least one Hedley float in every parade in this area. She has taken floats to Wellington, Memphis, Clarendon, Shamrock and Turkey.

She remembers pulling cotton. "I guess I grew up in a cotton patch. I was hoeing and pulling

donated by local businesses will be given away at this year's program, along with first, second, and third place trophies to the contest winners in three different age divisions. Three special judges awards will also be given.

fine arts, and she was formerly with a radio station in Nashville.

Two of the judges for the contest are Ms. Mary Grady, a Channel 7 newscaster from Amarillo, and Dr. Zell SoRelle, former professor at West Texas State University, now residing in Clarendon.

This year's three-hour performance should prove to be a wonderful evening of entertainment for the entire family. Tickets will be sold at the gate.

Several Extension Service Specialists will be here to discuss cotton varieties, fertilization, diseases, insects, and other cotton production practices. They will also

be available for questions, etc.

For more information contact the County Extension Office, Phone 874-2141.

HOMECOMING QUEEN Gayla Clifford and runners-up Muzzy Hayes and Amy Hancock.

## Broncos lose 6 - 0 to Fritch

Sanford-Fritch brought their high powered offense to Clarendon Friday night and the Broncos controlled it for all but one play. Both defenses were outstanding and the Broncos showed signs of their offense coming to life. The 6-0 defeat was a tough one for the Broncos, but they have to be encouraged by the way the defense shut down one of the best offenses in the Panhandle. Fritch had only 10 first downs, only three the last half, and 195 yards total offense. The Broncos had 9 first downs and a total of 161 yards.

The first quarter was a battle of the punters. Rod Keown again punted well for the Broncos. For the game, Keown punted four times for a 40 yard average. The only threat was when Sanford-Fritch intercepted a Robert Youngblood pass and returned it to the Bronco 15 yard line. After 3 downs had gained 2 yard, Tim Cole recovered a fumble on the fifteen.

The second quarter saw Rodney Smith almost break a couple of times, each time saw the Eagles turn away the Broncos. The Eagles gained possession of the ball on their own 40 and after a first down on the Broncos 43 yard line, Dean

Thomas raced 43 yards for the only TD of the night. He was held to 107 yards on 20 carries. The two teams went to the dressing room with Fritch leading 6-0.

The third quarter was no different from the first two as the teams two defenses continued to dominate. The Broncos drove 40 yards in the fourth quarter only to see the drive end with a fumble on the Eagles 22 yard line. Dean Carly caught an 18 yard pass to keep the drive alive.

Leland Howell, Lynn Alderson, Rod Keown, Dean Carly, and Dewey Mincey lead the strong Broncos defense. Howell had 3 unassisted and 9 assisted tackles, Alderson had 6 unassisted and 6

assisted tackles, Keown had 11 assisted tackles, Carly had 3

A New Business . . . .

## Happy Hut will have open house

Another new business has opened in Clarendon this week. The Happy Hut, located at 713 East 2nd (old Ruby's Grocery) is owned and operated by Sharon Ferguson and Lonnie Lamm. They will have their grand opening Saturday, September 29th.

Lamm moved to Clarendon from Amarillo. She was raised in Groom and her parents, Mr. and Mrs. Howard Mansel, still live there. She has a son and three daughters. Two of her daughters live in Amarillo and her son live in Austin where he is a student at the University of Texas. Her other daughter, Kendra, is a sophomore student at Clarendon High School. She also has three grandchildren.

Sharon Ferguson was born and raised in Amarillo. She and her husband, Paul, moved to Hedley from South Carolina, where they

lived since being transferred by the Department of Interior, Fish and Wildlife Service. The Fergusons have five children, Cheryl, Amarillo; Steve, Fort Worth; Tracy, Florida; Marca, Amarillo; Lisa, Canyon. They retired and moved to Hedley July 1.

Sharon and Lonnie have been working and planning to put in a shop of their own for 13 years. Sharon stated, "One reason we decided to put our shop in Clarendon was, we find the people extremely friendly."

The Happy Hut will carry a complete supply of greenware, paints, brushes and all the supplies needed. They also have three kilns, two in working order now and hope to have the third in place soon. They will be offering free lessons and will gladly help you with your problems.

The shop will be open Tuesday through Saturday from 10 a.m. until 6 p.m. They will stay open on Tuesdays and Thursdays until 8 p.m. for those working people.

They will give away three door prizes Saturday, a wash cloth holder, bowl and pitcher set, and a chip and dip bowl. They will be offering you a 25% discount on greenware until October 15.

They would like to invite everyone out to see their shop, have a cup of coffee and get acquainted. Their phone number is 874-2818, if you

have any questions please call. They will be adding other hobby items later. They are agents for Hercules Trampolines which carries a 5-year warranty.

## Tires on 10 vehicles were punctured Sunday morning

Two Clarendon women were arrested Sunday, by the Donley County Sheriff's office for criminal mischief to public service, which is a third class felony.

The two women allegedly punctured from two to three tires on approximately 10 cars.

It is believed that the two held a grudge of some sort against owners of the vehicles.

Sheriff Jimmy Thompson and Deputy Faylon Watson were among the victims. It is estimated that \$3,000.00 in damages was done to the vehicle tires.

The two women posted a \$5,000 bond and were released from jail. Sheriff Thompson stated that he has some 20 to 25 cases to take before the grand jury Monday, Oct. 1 when the jury convenes.

## WTU and PUC makes settlement

A settlement agreement providing an increase in base rates and a decrease in fuel cost charges has been reached in the West Texas Utilities Co. rate case now pending before the Public Utility Commission of Texas.

A formal hearing scheduled for this week in Austin was cancelled after WTU, the PUC staff and intervenors on behalf of several cities entered into a negotiated settlement on all issues involved in the rate case. A hearing is set for 3 p.m. Wednesday Sept. 26 for submission of the written agreement, which must be approved and signed by the cities. The hearing examiner then will make a recommendation to the three-member commission.

Under the agreement, WTU would receive an increase in basic rates of approximately \$12.5 million. It will receive about \$7.1 million less for fuel costs because fuel prices apparently have softened. WTU also will refund to consumers about \$6.1 million in fuel

### Saints Roost Museum News

On February 25, 1910 Mrs. Cornelia Adair purchased a tract of land in Clarendon from the Panhandle Townsite Co. on which the Adair Hospital was built. By deed dated March 10, 1911 the Adair Hospital was transferred to Donley County. The same property was transferred on February 9, 1984 to the Christian Colony Museum, Inc. The museum board of directors later renamed to Saints Roost Museum, consists of Lawrence Neece, Lloyd Benson, Tunny Kent, Wayne Riggs, James Owens, Ruth

Hancock, Patty Craft, Helen Woody and Frankie Henson. Neece serves the board as president. Recently the board held their meeting at the Adair Hospital to look the situation over, to see just exactly what needs to be done to put the building in shape to house the museum. The immediate need was someone to live on the property to stop the vandalism. This has been done by allowing a family to move a trailer house on the grounds and blocking off all the access roads. Be Fully Alive

And one of them, a lawyer, asked him a question, to test him: "Teacher, which is the great commandment in the law?" And he said to him, "You shall love the Lord your God with all your heart, and with all your soul, and with all your mind. This is the great and first commandment. And a second is like it. You shall love your neighbor as yourself." *Matthew 22:35-40*

Jesus was a fighter who knew what the human struggle was about. Both his life and his teachings point us to the priorities of human life.

The essence of his teaching and his life is this: 1) Love God. 2) Love neighbor. These two commandments form the one essential priority for every person—to love. This priority clears your heart of lesser, contradictory priorities which leave you fragmented and uncertain. It removes the hesitation from your heart. It removes the threats to your humanity. Love fills your heart with clear, definite, unswerving objectives.

If love isn't working in your life, is it because it's false—or is it because it remains uncentered? Remember, "Love God with all your heart." It will fail you as long as you treat it as one thing among many others.

The more you practice love, the more your heart will become the heart of the fighter. The great commandments are always the right priority.

Never, never, never give up!

# Watt's Happening in Hedley

by PEGGY WATT

Things are beginning to happen in Hedley. Everyone is getting ready for the 33rd Annual Hedley Cotton Festival. The businesses are building their floats for the parade, the contestants are busy selling their tickets on the bale of cotton to be given away at the Festival, and the school classes are making their plans for their booths. There will be plenty of good food and games. Start making your plans now to be in Hedley on October 12-13.

We attended the Shrine Hamburger Supper at the Lion's Den in Clarendon Tuesday night. The boys went with us. I always enjoy this annual event. The men do all the cooking and cleaning up afterward. That might be the reason they use paper plates and plastic cutlery. To make the washing up easier for themselves.

Juanita Brown is recuperating from surgery in Childress Hospital. Roy and Roy Jr. have been with her most of the time. Mr. D.K. Hall is in Hall County hospital.

Pick Cox was in Amarillo Thursday to see his doctor. He continues to improve. He must really be improving! He is vacationing with his daughter, Lucy Poole, in Charleston, West Virginia. They are visiting his brother, T.F. Cox. LaQuita expects them home Friday.

Bob Roland was in Clarendon Thursday to see the doctor.

Darlene Ball was also in Amarillo Thursday to see the doctor. He told

her to be quiet. I don't know if he meant physically or verbally, but suspect the later would be as hard for her as it would be for me!

Eva Canada and Clara Mae Baggett went to Clarendon Thursday night to the ice cream supper. They had a good time.

The Whites were there also. Nell Land and I attended the Eastern Star meeting at Clarendon Thursday night. I always enjoy visiting there. They always make me feel so welcome. Tena and Billy Powell are Worthy Matron and Worthy Patron. They are former residents of Hedley.

Norma Andaverdi and Cindy Kirtpatrick sang at the Baptist Church recently. It's always good when the young people are active in the worship services of the churches. They are the ones who will carry on the work of the Lord when we are gone.

Phillip and Gerry Hermesmyer stopped by the house Monday. Fred had made Phillip a pair of spurs and they came to thank him for them. It's amazing to me how he can take an ordinary piece of metal and heat, hammer, beat, and file it and make such beautiful spurs. He's made all the kids and lots of our friends spurs. The ones he made for me measure about one and a half inches end to end. The tiny rowels really turn.

I saw a cement truck down at the Methodist Church, Friday, I think. The basement will be nice when it's

finished. I'm anxious to start using it.

Clara Holland was in Amarillo Friday to take Rhett to the eye doctor and Calvin to the Orthopedist.

Fred and I went to Amarillo Saturday to the Ice Capades. Guy, Mother, and Mrs. Nettie Alexander went with us. We really enjoyed it. Fred wanted the empty box with the amazing ability to disgorge pretty girls.

We visited with Ernie and Sandy. Houdashell and their family for awhile on our way home. We also saw Irene Gerber.

As we came home, we stopped at Minnie Mullins' place and watched the firemen douse the last of the flames that destroyed the house. Fortunately no one was hurt and they were able to get several pieces of furniture out before they smoke and flames got too bad. Blackie and Shirley Johnson, Terry Bailey, Sis Martin and others helped. I know the best neighbors in the world live at Giles!

LaQuita Cox went to Childress Saturday morning to attend the funeral of a long-time friend, Bill Cook. That afternoon she went to Borger to visit Pick's uncle, Clarence Ashcraft, who is seriously ill in the hospital there.

Dorothy Johnson is home from vacationing in Los Angeles with her son, Michael Johnson and daughter, Sharon Johnson. They went from Los Angeles to Lake Tahoe and Shasta Lake and on up into Oregon and Washington. Some people have all the luck!

Eva Canada visited her mother, Mrs. Virgie Nivens, in Hall County Hospital Saturday and Sunday.

I read somewhere that the experts estimate that the quantity of coal in the United States alone is sufficient to supply the whole world with coal for a period from fifteen hundred to two thousand years. This morning as I sat waiting at the railroad crossing for a coal train to pass, I thought they must be shipping that entire amount to South Texas all at once.

If you happened to be driving down Highway 287 Sunday morning, you might have noticed two handsome young men riding horseback toward Hedley. The one on the pretty paint was Calvin Holland. The other one was one of mine. He told me he was getting tired of seeing his name everytime he picked up the paper, so I won't mention which one it was, but Guy

was with Fred and Thunder was working at Rhema Ranch Country Store.

The Seniors had a bake sale Saturday. They sold all their goodies before noon. Way to go Seniors. Keep up the good work and you'll be able to take a world tour by May.

The Juniors held a car wash Saturday. The weather hampered them some, but they worked hard and made over \$150.00. I thought sure it would rain that day.

Carl Cox has sprained his ankle again. He thought at first it was broken, but fortunately it wasn't. It's in a cast.

On September 20, 1984, the Hedley High School Freshman class held an election for class officers. The elected officers were as follows: President-Carmen Quijada, Vice President-Scheli Holland, Secretary-Tina Shields, and Treasurer-Cheryl Glover.

After the election, the Freshmen talked about money making projects for their class. They will have money making projects during the Cotton Festival. "Help the Freshman class and get involved in their projects!"

The officers for the Senior Citizen's Chapter are: Dorothy Whitaker-President, Jessie Roland-Vice President, Pauline Kaufman-Secretary.

Mr. and Mrs. J.S. Hinds and Jane Long attended the meeting of the Advisory Council of the Panhandle on Aging, September 19th. Jane Long presented two grant applications, one for the Nutrition Program for Hedley Senior Citizens and one for Information and Referral. Grant applications from all over the Panhandle were presented.

Mr. Hinds is a member of the

Advisory Council.

Plans are underway for the expansion of the Senior Citizen's Center in Hedley. They have purchased the adjacent building from the city and intend moving the office and sewing room into it, leaving all the existing space for dining purposes.

When I talked to Jane Long, she said, "We're really excited about moving. Now that we actually have the building, we're anxious to get started with the remodeling. It will be at least the first of the year before we can move into it. The H&M Dry Goods must move out of their building before the City Hall in there. Everyone is looking forward to having more room."

Wednesday-Barbequed chicken, mixed greens, pinto beans, carrot-raised salad, corn muffin, butter, banana pudding, milk, tea, coffee, juice.

I saw the quilt the Senior Citizens are giving away at the Cotton Festival. I'd sure like to have it. It's in autumn colors in a sampler design. You can see both quilts at the Senior Citizens Center. Tickets are \$1.00 each or 6 for \$5.00. I don't know who all is selling tickets, but you can find out by stopping by the Center and asking Jane or Pauline. I know who isn't selling them. I'm not. That's because I'm not a senior citizen yet, but I'm getting mighty close. Any one of my kids can tell anybody listening how old I'll be on my birthday, but Moon can't. He asked me today if I was 38.

The community was saddened by the death of W.L. Baker, Friday. Our love and sympathy to Melanie and the rest of the family.

MRS. MARK CLARK

**Cave-Clark wed in double ring ceremony**

The wedding of Cynthia Gayle Cave and Mark Duncan Clark was August 11, 1984 at the First United Methodist Church of Lamesa. The Rev. James Martin of Forrest Hills United Methodist Church of Amarillo performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Daniel Cave of Ackerly, Texas; the granddaughter of Mr. and Mrs. Fred Cave of Ackerly and Mr. and Mrs. Arvel Snodgrass of Morton. The groom is the son of Mr. and Mrs. William Clark of Miami, Texas; grandson of Mr. and Mrs. Willis Clark of Miami and Mrs. Carol McClellan of Clarendon.

The couple exchanged vows before an altar decorated with a 15-branch arched candelabrum and two 7-branch candelabrum accented with lemon leaves. A unity candle completed the setting.

Musical selections on the piano were by Jackie Stogner of Lamesa, cousin of the bride. The soloist was Layne Heald of Lamesa. The songs were "Whither Thou Goest", "Love Me Tender", and "The Wedding Prayer".

The Mothers of the bride and groom were ushered in and each lit a taper on each side of the unity

candle representing the families.

The bride, given in marriage by her father, wore her mother's wedding dress of ivory slipper satin. The gown featured a rounded neckline with tapered long sleeves. The bodice was covered with reimbrodered lace. The full skirt cascaded into a chapel train. Her full length chapel veil was a circle of seed pearls on a crown made of illusion and accented with scattered lace appliques. Her bouquet was of gardenias and lily of the valley with lemon leaves atop a white Bible marked with a great grandmother's handkerchief. Something old was a wedding ring of her great grandmother's. Something new was a pearl necklace from the groom. Something borrowed was her mother's wedding dress. Something blue was the groom's mother's garter than was worn in her wedding. The bride also carried in her shoe, a six-pence from England of Sharla Echols.

Attending the bride as matron of honor was her sister, Dani Roberts of Welch. Her maid of honor was her sister, Terri Cave of Ackerly. Their full length dresses were identical midnight blue trimmed with dove gray along the tucks of the bodice. They carried long stem roses of dark blue.

The groom's attire was a white tuxedo with a white tie. His boutonniere was a white gardenia.

Lewis Linenby of Austin served as best man. Richard Bean of Miami, cousin of the groom, was the groomsman. Their attire was dove gray tuxedos with midnight blue vests and ties. Their boutonnieres were dark blue rose buds.

The flower girl was Amanda Reinert of Denver City, cousin of the bride. Her dress was similar to the honor attendants. The ring bearer was Kyle Cark of Duncan, Oklahoma, cousin of the groom. He wore a white suit with short pants and a dark blue tie.

The bride's mother wore a full length dress of jade green, featuring a cowl neckline with roll sleeves. Her corsage was of white gardenias.

The groom's mother wore a dusty rose full length dress. A matching jacket with long sleeves and a soft neckline ruffle completed her costume. Her corsage was of white gardenias.

Guests were registered by Haley Clark of Miami, sister of the groom.

Guests were ushered by Kevin Cave, cousin of the bride of Ackerly, Lance Thornberry, cousin of the groom of Clarendon and Drew Thornberry, cousin of the groom of Clarendon.

Following the ceremony, the reception was held in the fellowship hall. The bride's table was draped in a three tiered white lace tablecloth. A four tiered white cake featured the small porcelain bride and groom accented with a crystal bell with frosted doves on top. Serving from the bride's table were Meg Snodgrass, Zona Roulain, Cindy Stoud, and Kelli Cave.

The groom's table was a midnight blue tablecloth with brass appointments. The centerpiece was a sprayed gold boot of the groom's filled with wheat from the Clark Ranch. The groom's cake was a two tiered German chocolate cake. Serving were Kathy Logan and Lisa Hinton.

After a honeymoon trip to New Mexico, the couple will reside in Lubbock. The bride will continue her education major at South Plains College in Levelland. The groom attended South Plains and is employed by Hobbs Trailers in Lubbock.

The rehearsal dinner, hosted by the groom's parents, was barbecue catered by the Hickory Hut in Lamesa.

**Hicks-McEwen to wed**

Linda and Arthur Jewett of Panhandle, Texas and Larry and Lou Ann Hicks of Amarillo, Texas are honored to announce the marriage of their daughter, Sherry Gayle, to Robert Wayne (Skeeter) McEwen. Grandparents of the bride are Mr. and Mrs. Olace Hicks and B.F. DeBord of Clarendon and Mr. and Mrs. Paul Kayle of Lubbock.

The wedding will be held at 7:30, November 10, 1984 in the home of the bride's mother.

1836-1986  
State of Texas

Twin Cities for Texas

Sesquicentennial

Texas, in the United States and South Australia, in Australia, will each be celebrating their sesquicentennial in 1986. They have arranged to celebrate this 150th birthday celebration of theirs in a unique way by having twinning cities across the oceans.

In an article published in THE CLARENDON PRESS on April 5, 1984 the visit of Libby Ellis, of South Australia, to Texas and Clarendon was reported. The visit to Clarendon was an unscheduled one, worked in when Ms. Ellis visited Amarillo.

At a publicized meeting which was held on March 20, at Clarendon College, a great deal of interest was evidenced at the prospect of Clarendon, Texas twinning with Clarendon, South Australia. After some time, a certain amount of correspondence and mounting interest the "twinning" of the two Clarendons has become fact.

The city manager of Happy Valley, South Australia, Douglas, R. Aylen, his wife and three children came to Texas in early September. They first visited Houston and planned to arrive in Clarendon, Texas about the 12th. At this time, Mrs. Aylen had become ill and the doctor forbade more travel. As a result the proposed visit did not develop. The Aylen's returned home as soon as her condition improved enough. With many apologies, Aylen declared they would return in 1986. South Australians seem to also have something else in common with Texans, traveling great distances. Libby Ellis had made two trips to Texas when she came to Clarendon on the second time around.

Although the visit has been delayed the "twinning" is to continue through 1986. An invitation has been extended to all Texans and to "twinning" cities in particular to visit South Australia.

There is an Old Clarendon in South Australia also. It was the Old Clarendon Winery, established in 1858, and although it is no longer a winery it is a place of interest.

Luxury hotels, with grass sod roofs, restaurants, craft shops, bakery, art gallery and a modern winery with tasting room. Clarendon is one of a number of vineyard and winery districts. This is an important business in South Australia.

Clarendon is a quiet small rural town nestled in a valley on the doorstep of the Southern Vales wine growing area. There are 28 kilometers between Adelaide and Clarendon. This distance is enough to preserve Clarendon's rustic charm.

Exchanges of culture, ideas and other interests are expected to take place during the time before the end of the Texas sesquicentennial year.

Donley County will be officially sanctioned in a brief ceremony this Thursday, September 27, at 5 p.m. on the old courthouse steps.

Lee Story will be present from Austin to witness the event and the Texas Flag Pledge will be given.

The pledge is: "Honor the Texas flag, I pledge allegiance to thee, Texas one and indivisible."

Did you know? South Australia is the driest state in the world's driest continent.

Shamrock defeats Colts 12-8

The Clarendon 8th grade Colts and the Shamrock 8th grade se-sawed up and down the field for the first quarter with neither team gaining much ground.

The second quarter started off at a fast pace after Jason Klinnert made a good return on the kick-off but a penalty brought the ball back and the Colts had to return the ball to Shamrock.

On the next series of plays, Dale Phillips took the ball over for a touchdown but an offside penalty cancelled the TD. With 3:15 left in the second half, Phillips took the ball to the 9 yard line. On 3rd down with a yard to go, Klinnert went to the left and across the goal line. He also ran the ball across for 2 points. The Colts left the field at halftime with an 8-0 lead.

The Colts kicked to Shamrock to start the second half. Neither team moved the ball until the end of the third quarter, Shamrock mounted a drive which netted them a TD but the extra point failed, making the score 8-6.

The Shamrock team scored again in the 4th quarter but again failed to make the extra point, moving ahead of the Colts 12-8.

Jason Green, Mike Moore, Danny McCampbell, Clemmon Weatherston, Dale Phillips, Nugget Bland and Richard Graham made some outstanding tackles. It seemed that McCampbell had his hand on the Shamrock ball carrier's

ankle everytime the ball was snapped.

The Shamrock 7th grade did not bring their 7th grade team. Last week the 7th grade lost to Floydada 18-0 and the 8th grade lost to Floydada 30-0.

Veterans should safeguard documents

Veterans concerned about their families' well-being after they are gone can ease their worry by safeguarding basic documents relating to military service, life insurance and Veterans Administration correspondence, says Stephen Lemons, Director of the Waco VA Regional Office.

Securing papers, marriage certificates or child custody evidence from fire, theft or loss could be one of the most important legacies a veteran can leave the family, ac-

ording to Lemons. Other documents that should be protected and filed with family papers are government and commercial life insurance policies, any VA correspondence with identifying claim numbers or social security numbers, wills, and where applicable, naturalization papers.

The regional office director reminds families that they should be aware of survivor benefits as well. These include death pension, dependency and idemnity compensation for service-connected death, burial benefits and interment in a national cemetery.

"The few minutes spent by the veteran organizing and protecting documents -- and informing the family -- can do much to avoid anguish during times of emotional stress," said Lemons.

He said veterans should encourage family members to seek information and assistance concerning benefits at the Waco VA Regional Office. That office can be reached toll free by using the number listed in the local telephone directory.

Jack A. Moreman, Donley County Veteran Service Officer, urges veterans and veteran's

families to record a discharge at the county clerks office, if it has been made public record, find out what county the record has been made.

If discharges are lost or destroyed, they can be replaced, by applying to the Military Personnel Records Center, St. Louis, Mo., but we must have date of entry into service, date discharged, military service number, branch of service, unit served with both in the state and overseas. This information is very hard to obtain if the veteran is critically ill or has died.

Many World War II veterans are reaching the age, at this time that they should provide their families with the above information, this would be a great deal of help if this information is made available.

Health Hints for Today

by R.L. GILKEY, M.D.

**SINUS & HAYFEVER** - The past month has produced a lot of careless weed, ragweed, and tumbleweed. If you suffer from these allergies now is the time to use a decongestant as Actifed, Dimetane D, Sinutab or something similar. It is alright to use a nasal spray for a

few days, but never more than ten days or you may become allergic to the nasal spray. The safest nasal spray is a weak salt solution as Ocean or Ayr, or simply make your own with a pinch of salt to a cup of water. It can be used three or four times a day with no harmful effects.

**INTESTINAL FLU** - The intestinal flu of the past several weeks is about over. It frequently lasts more than twenty-four hours and can go on for days. If you do get it and it lasts more than two or three days, see your doctor. He can cure it, if paregoric and kapectate don't help.

The Communicable Disease Control Center in Atlanta is again recommending the pneumonia vaccine for those high risk people with heart disease, emphysema, etc. This year the pharmaceutical houses finally produced enough vaccine that it is available in this area. Although expensive, it provides immunity for three years, possibly five or more years, and immunizes against the twenty most common types of pneumonia.

Church of Christ to show films

In Matthew, Mark, Luke and John we see Jesus training His disciples for life in the world. In Acts we see what can happen when Christians are trained with Jesus training. Isn't it time we got back to training? Wise leaders. Confident Christians. Growing churches. These don't just happen, they are the result of training.

"The Heart of the Fighter" series trains Christians to live lives that stand up and county in a dangerous, discouraging world. It is designed to increase your congregation's impact on community, neighbors, friends, and family.

For twelve Wednesday nights Clarendon Church of Christ congregation will view films that are exciting and entertaining as they are edifying. These films will attract attention. Stir discussion. And motivate to action, inspiring Christians to be "Doers of the word."

Landon Saunders is a great motivator of people. He is heard on the NBC and CBS radio networks by millions of people. His Heartbeat messages have helped so many people. Brother Saunders will provide so many ways to help each of us to grow in the Lord.

The film titles are as follows: 1. Heart Quickening, 2. Heart Liberating, 3. Heart Embracing, 4. Heart Clearing, 5. Heart Overflowing, 6. Heart Surviving, 7. Heart Seeing, 8. Heart Timing, 9.

Heart Connecting, 10. Heart Warming, 11. Heart Daring, 12. Heart Prizing.

The films will be shown each Wednesday night at 7:30 beginning October 3 through December 19. Everyone is invited to attend. A nursery is provided for smaller children.

The Lions Tale

By Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-nine members, Lion Sweetheart Jessie Adams and two guests were present. Lisa Winsor was the guest of Lion Mark Winsor. Edythe Carter was a guest of the club in honor of her birthday this month. Songleader Bently escorted her to the front and we all sang Happy Birthday to her. Following the regular opening ceremony, Boss Lion Lovelady presented a membership application from Jim Shelton, which was unanimously approved. He is an attorney with the firm of Lowe and Courtney and was sponsored by Lion Homer Estlack. Welcome Jim. The club would especially like to thank Mr. and Mrs. Eddie Floyd for donating some sinks for our kitchen. We were in bad need of them and they were much appreciated. Meeting adjourned.

Volleyball was invented in a Holyoke, Mass., YMCA in 1895 by William George Morgan.

"NEW" PAIN RELIEVER?

One advertisement called it "the first new nonprescription pain reliever in 29 years." The medicine, ibuprofen, has actually been around for several years. Formerly a prescription-only product, it was approved in May by the U.S. Food and Drug Administration for sale on a nonprescription basis.

When first available on prescription, ibuprofen was marketed exclusively for relief of arthritis symptoms. With time, the Food and Drug Administration approved its use in dysmenorrhea and then as a general purpose pain reliever.

Because ibuprofen is not related to aspirin, persons sensitive to aspirin may believe it to be an acceptable substitute. This is not always true, however. Individuals who have had reactions to aspirin may have similar reactions to ibuprofen. Also, like aspirin, ibuprofen may be irritating to the stomach.

As "new" nonprescription medicines are made available, consumers may wonder, "Should I use this product?" Why not ask your pharmacist? He or she has devoted years of study to medicines and can usually help patrons select products that are both effective and safe.

**Wheels for life bike ride fights childhood cancer**

Bike-a-thon chairman Bonnie Gooch today asked Clarendon citizens, schools, churches, business establishments, social and civic organizations to join the St. Jude Children's Research Hospital "Wheels For Life" Bike-a-thon slated for September 29, 1984, at the Clarendon High School band parking lot.

Gooch said this ride honors Jaime, a leukemia patient at St. Jude. "With every turn of the wheel, riders become 'spokes'-men for all the kids with cancer, like Jaime, who want to know they aren't in this battle alone." Gooch said, "People willing to give time to create more time to children crying for help stimulates a better event and raises more money for the hospital. Riders are really needed. They make or break a Bike-a-thon."

Sponsors donating a sum for each mile completed are enlisted by riders. Those who raise \$25 receive a St. Jude t-shirt. When \$75 is raised, the rider receives a barrel

tote bag and a t-shirt. Pick up sponsor forms at Biven's Pharmacy.

Names of key volunteers for the September 29 event include: Marion Davis, Judy McCully, Freddie Moreman, Elmonette Bivens, Melissa Hatley, Geogia Guinn, Helen Land, Norma Jones, Pauline Heath, Mary Nelson, Nina Hunt, Tena Mooring, Mitchie and Lesia Fuston, Helen Estlack, Bobbie Thornberry, Paulette Kidd, Extension Homemakers, Pearl Hermesmeyer, Dianne Mooring, Freida Tucker, and Wanda Cornell.

"These volunteers, excited about the Bike-a-thon which benefits kids with cancer, are determined to make this ride a community party. They're inviting everybody to join the fun," Gooch said. "St. Jude's Children's Research Hospital is the largest cancer research institution in the world. It's an important and wonderful project to support."

Contact Bonnie Gooch at 874-3619 for details on riding or sponsoring a rider.

A fire in downtown Giles completely destroyed the summer home of Mrs. Minnie Woodruff, about 6 p.m. Saturday.

Firefighters from Hedley and Memphis were at the scene shortly after the blaze was discovered by Mrs. Shirley Richards, who is the

daughter of Mrs. Woodruff. According to Memphis fireman, Gayle Gilreath, the roof had collapsed by the time the firetruck got there.

"All we could do was keep the fire from spreading to the out-buildings. Even then, a small building just at the rear of the house was badly damaged. The front wall was burned and the window was broken by the heat and water."

Mrs. Richards' husband, Gordon, said the fire was out of control by the time it was discovered.

"We were in the yard mowing, when Shirley saw smoke coming from the roof. By the time we got into the house, the ceiling in the bedroom was sagging. She called the fire department just before the electricity went off."

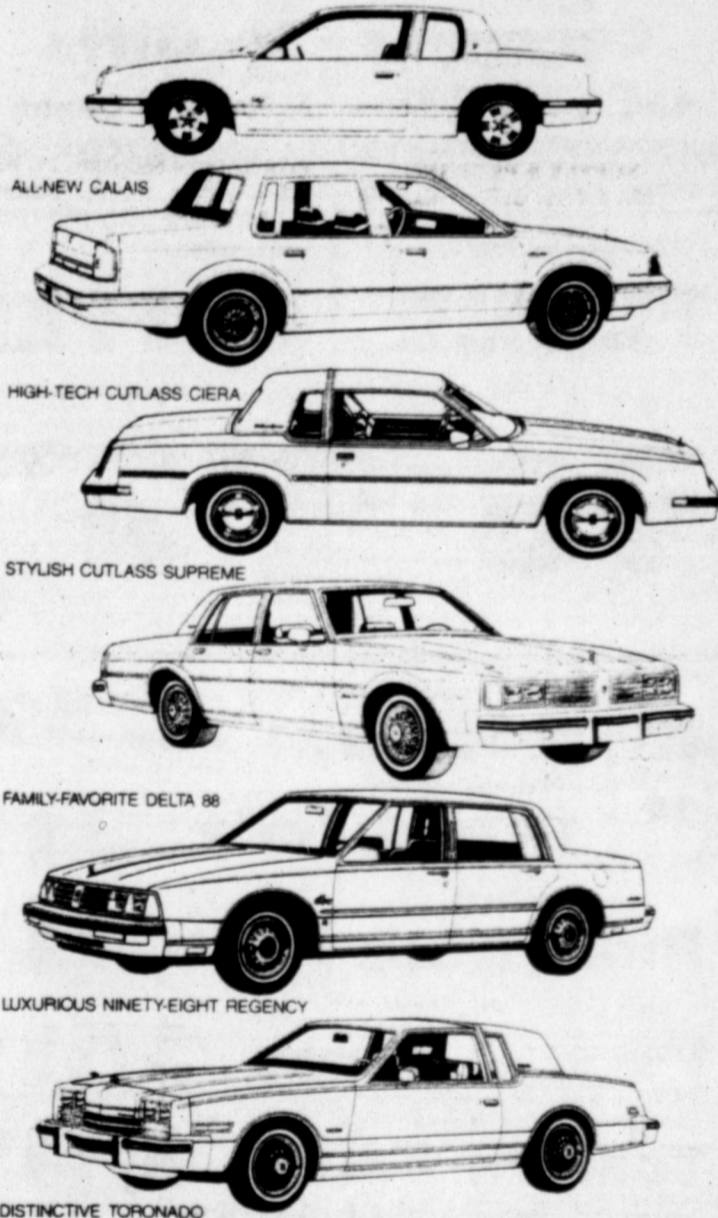

Quick thinking on the part of the neighbors enabled them to get lots of things out that otherwise would have been lost. Blackie and Shirley Johnson, Terry Bailey, Sis Martin and others helped. One unknown man driving down the highway saw the smoke and stopped and helped carry a full freezer out. His name was not known. When they noticed, he was gone. Shirley Johnson helped carry a microwave oven out and later when she tried to move it further, she couldn't even lift it.

Mrs. Woodruff, contacted at her Maysville, Oklahoma home, said she didn't have any insurance on the house.

 cotton long before I started to school," she said. I'll never forget Halloween day in 1943. I pulled 1,000 pounds of cotton. I had to weigh and empty my own sack, too."  
 After she graduated from Lelia Lake High School, she worked for Moreman's Grocery and the M-System Grocery in Hedley. She started working at the Security State Bank in 1954. Beginning as a teller, she now holds the position of Executive Vice President.  
 She married O'Neil Weatherly in 1946 in Hedley, and they have made their home there since. The Weatherlys have one son, Gary, who lives with his wife and two sons in Colorado Springs, Colorado.  
 Mrs. Weatherly enjoys working in her yard and has one of the best kept yards in Hedley. She has most of the flowers which are adaptable to the area and several fruit trees.  
 She is active in the First Baptist Church and has served in many offices. She is also active in the Hedley Lioness Club.  
 Most afternoons and evenings during the month of September and early October, Sue Weatherly can be found in one of the barns around town where the floats are kept. She will be building the framework

or decorating a trailer in an intricate design that will, when completed, turn an ordinary flatbed trailer into a fairytale setting of fantastic imagery.  
 On October 13, 1984, as the 33rd Annual Hedley Cotton Festival parade winds its way down main street in Hedley, you can be sure that most of the beautiful floats you see were, in part, the handiwork of Sue Weatherly.

 costs over-collections during the past year, bringing the total fuel revenue reduction to roughly \$13.3 million. The refunds will be reflected in customer bills throughout the coming year.  
 The effects on various classes of customers depends on details of the new rate design which were being worked out by company representatives and other interested parties. A new feature for WTU rates will be a summer-winter differential for residential and commercial customers. This will establish lower rates during the winter period, November through April, and higher rates during the rest of the year, which is the peak usage season.  
 The new rates will not go into effect until a final order is issued by

the three-member commission. In WTU's last case, the hearing was held in September and rates became effective in January.

**FOOTBALL GAMES ARE NOT FOR ME**

The following article appeared in one of many Church bulletins that cross my desk each week. I want to share it with you.

I've made up my mind never to attend another football game. I've been an avid football fan for many years, but now I've had it. Let me list the reasons why:

1. I was taken to too many games by my parents when I was growing up.
2. The games are always played when I want to do something else.
3. Every time I go to a game, somebody asks for money.
4. Although I go to games quite often, few people are friendly enough to speak to me.
5. The seats are too hard and uncomfortable. Besides, I often have to sit down front on the fifty yard line.
6. I suspect there are hypocrites sitting nearby. They come to see their friends and to look at what others are wearing rather than to see the game.
7. The field judge says things I don't agree with.
8. The band usually plays some numbers I've never heard before.

10. I have a good book on football. I can stay home and read that.

Well, there they are - ten reasons why I will never attend another football game. Kind of foolish, isn't it, to miss the joy of football for reasons like these? I wonder how many of us are missing the joys of

worship, Bible study, preaching and prayer for reasons just as foolish?
