Fall Registration Tuesday Sept. 2 At Clarendon College

With Pre-Registration completed at Clarendon College, the campus is preparing for the arrival of students for the fall semester. Dormitories will open at 2 p.m. Monday, September 2 for students attending this year. All students that did not register during the Pre-Registration August 26-27 may do so Tuesday, September 3rd, from 9 a.m. to 4 p.m. Classes will begin Wednesday for the expected 400 or more students.

Students that are planning on attending Clarendon College and have not made application for admission are encouraged to do so immediately. Application may be made by contacting the Office of Admissions at the College. As of Wednesday Morning 230 students had pre-registered.

P. C. Messer Helps Find Owner Of Lost Wedding Band

A young Clarendon couple, now living in Kansas, was made happy Tuesday when a wedding band lost by the lady was found by Louie Bogue, Greenbelt Lake Security Officer, Monday in the sand on the beach at Greenbelt Lake. Louie brought the ring to County Clerk P. C. Messer who searched his records to see if he could find the owners name.

The ring belonged to Donnie Glenn Helton and Ronda Burgess. Ronda tussled at Glenn due to the extra expense when he had initials and the wedding date engraved inside the ring. It carried the initials DGH and RJB and was dated 6-28-68. P. C. turned thru the wedding records and found the information desired.

Ronda's father, Doug Burgess, an employee of the Farmers State Bank, stated that a long search was made for the ring after it was lost while Glenn and Ronda were visiting here July 4th and enjoyed an outing at the lake.

Broncs To Scrimmage Groom There Tonite

The Bronchos will travel to Groom for a scrimmage game tonight (Thursday) with the Groom Tigers. This game was previously announced to be played here but since Sanford-Fritch was rained out and muddled in, and they came here last Thursday night, the Bronchos will do the traveling this time. Scrimmage time is 7 p.m.

Coach Clyde Noonkester stated that the coaching staff was well pleased with the efforts and team spirit that was in evidence against Sanford-Fritch. We still have a lot of hard work to do yet before our first game comes up with Childress but the team should gain some valuable experience at Groom tonight.

One of the big problems facing the coach right now is that the new game jerseys have not arrived to replace the ones that were stolen some time ago from the field house. We just hope they will show up before our first game, he concluded.

Plans Announced For Muscular Dystrophy Campaign Sat. & Sun.

The Labor Day week end is approaching and with it the annual Muscular Dystrophy Campaign. The Jerry Lewis Telethon will be viewed by many in the area and as in the past many will contribute through this program.

On the local level Jack Bell, Kevin Cates, and Tony Hill will be on Channel 6 Cable TV from 10 p.m. Saturday night until 10 p.m. Sunday night and will be promoting the Muscular Dystrophy Fund Campaign.

Anyone watching who would like to make a pledge may call 874-3543. If you would like your contribution picked up personnel will be available.

It is hoped that one day Muscular Dystrophy may be controlled and all stricken helped through research made possible by such contributions.

The James C. Grahams and Doyce Grahams visited the Lloyd Reids and Ben Lovells at Claude Monday.

Bible Course To Be Offered At Clarendon College This Fall

A three semester hour course in the "Life and Teachings of Jesus" will be open to the public at Clarendon College this semester.

Two sections are being offered — a daytime schedule of 11:30 a.m. to 12:25 p.m. Monday, Wednesday, and Friday, and for those preferring an evening hour 7 to 10 p.m. on Monday only.

The instructor is Don Stone of Clarendon who reports the study will be spiced with numerous recordings, visual aids, and resource personnel. Maximum student participation is encouraged.

Cost to the regular student carrying 12 hours is \$12.00. The auditor (non-credit) is \$25.00. The credit student with less than 12 hours pays \$34.00. (Out-of-County enrollees will be charged \$49.00).

Enrollment opens August 26 and classes begin September 19. For information Call Clarendon College, 874-3571. Inquire about Philosophy of Religion 137.

Leader Copy Needed As Usual, On Holiday

Though Monday is Labor Day and traditionally a holiday throughout the nation, we at the Donley County Leader will not be taking the Monday holiday. Not that we don't like to have holidays but with a printing deadline Wednesday it is impossible to take off Mondays.

News items coming in from routes will be needed at the Leader office at their usual time. Since Mail Routes will not be run we hope this will not inconvenience anyone too much and that copy will be brought to the office.

At the present time it has not been announced as to the number of business firms that will be taking the holiday so perhaps you should inquire if you anticipate any particular need.

We at the Leader Office will appreciate receiving your news and advertising copy at the usual time.

Law Enforcement Course At Clarendon

The Amarillo College Public Safety Education Department will be offering several courses this fall in the Clarendon community.

Clarendon offerings include Juvenile Procedures to meet on Tues., and Police Role in Crime and Delinquency to meet on Thursday. Sessions will meet from 7 to 9:45 p.m. at Clarendon Junior College. Instructor will be Clarendon Chief of Police Gary Gerdes. Pre-registration will be held Aug. 26 through 30. Registration will be conducted Sept. 3 and 5. These classes are offered in cooperation with Clarendon Junior College.

Walter Eubanks, AC director of public safety education, is instrumental in arranging these course offerings.

In addition, three semester-hour courses will be offered at the Amarillo Police Department after Sept. 15. They include Government 234, Mid-Management 131 and Law Enforcement 131.

NEW CHAPEL UNDERWAY AT MEDICAL CENTER

A new Chapel and combination Doctors Library is being made possible at Medical Center this week. The newly furnished room is expected to be completed by the end of next week, was the report from Hospital Administrator Steve Bell.

This room will be available for the use of families who have relatives in the hospital or nursing home. A minister is scheduled to be on call at all times.

DOVE SEASON TO OPEN SUNDAY, SEPTEMBER 1

Nimrods of the area can get their guns all oiled up and ready for the first hunting of the fall with Dove Season opening at noon Sunday, September 1. The season will continue thru October 30 with hunting hours each day from 12 noon to sunset.

The daily bag limit is 10 with the possession limit set at 20. Hunters are reminded to have the necessary hunting license, permission to hunt from the land owner and not to shoot from any public road.

HOSPITALIZED

Mrs. Charles Bates is hospitalized at Groom Memorial Hospital. Several friends and relatives visited her Sunday.

Medical Center received a letter Sunday morning from the Department of Health, Education and Welfare stating that the facility here substantially meets all the requirements set forth in the conditions of participation for hospitals for certification for Medicare and the effective date set as of May 22, 1974.

The letter stated further that "in receiving this special certification, it is expected that you will participate with the State agency in periodic evaluations to determine the steps being taken to remedy any deficiencies. The continuation of this special certification will depend upon hospital taking appropriate steps to remedy its deficiencies. The findings of the recent Life Safety survey of your facility also have been evaluated. It has been determined that your institution substantially meets Life Safety Code requirements."

This certification will certainly improve the financial condition of the hospital as they will now receive payment on Medicare claims filed since May 22nd. It will also clear the way for collection of accounts through some insurance policies which have heretofore been held up due to the absence of Medicare approval.

Patients now entering the hospital can feel assured that they will be covered under the Medicare program if they are eligible to receive this assistance. All insurance policies should clear for payment also.

Most Areas Of County Receive Good Rain

A greater portion of Donley County and the Panhandle area has received good moisture the past week for the exception of some isolated strips that have received very little.

The moisture will help most crops and certainly improves the outlook for ranchers. Some cotton and feed is beyond help.

Our official weather observer reports a total of 2.74 inches for the month of August which brings our yearly total to 11.24 inches. He showed some type of moisture on 11 days during the month, the best amount being measured on the 23rd with 1.04 inches and .34 the day before.

The weather observers are predicting a continuance of the same rainy type weather for the next several days.

Growing Up In Old Clarendon

Dr. James O. Brandon
Pastor First Baptist Church

Saints Roost "sparking" is what they called it in Old Clarendon. Really, things haven't changed too much since those days.

So people grew up the same in Old Clarendon. "Kids were kids," one old settler says, "They weren't any different than kids today as far as their wants and desires went.

Said another, "In growing up, it was expected that you go to church and Sunday School. This was just part of life.

The young people were not so free with their morals. Today's youth call these "old fogies." But were they really? They were taught from their youth up to love God and remember the Sabbath Day to keep it holy.

I was told of two young men who got into their neighbor's chicken pen. Of course dad was beside himself. No father likes to discover that his two sons are thieves. He went to the

barn, got the check lines (the leather straps used to guide horses from a wagon), and tanned the hide of those two young fellows saying, "As long as you are in my house you will not steal."

John Collins was lucky to catch a 7 pound channel cat on a trotline. Mr. and Mrs. Alton Hendrick's catch was a 4 pound Channel Cat and also 1 1/2 pound cat. Mr. and Mrs. Larry Ledbetter caught a nice size Crappie and some nice Channel Cat.

There isn't much news except: Mr. Bob Atchley of Amarillo came down to attend a special meeting. He gave Mayor Doty and Carrell Rippeotte, our fire chief, some pointers on how to improve the fire truck, such as, ladders, fire hoses and equipment for the truck.

Mr. and Mrs. John Sarich and Mr. and Mrs. Vernon Berry were among those attending Family Night at the Country Club Wednesday night.

Mr. and Mrs. J. A. Eblevins of Vega had as their guests their grand - daughter and a friend from Hereford.

Mrs. Fanne Wilson left last Monday to attend a W. M. U. meeting at Waco. She returned Friday evening.

Mr. and Mrs. Jim Cheshire and son, Larry, of Amarillo visited with Mr. and Mrs. Jack Boling Friday.

Mr. and Mrs. John Collins entertained with a fish fry Saturday and Sunday evenings. Those eating the fish were the B. A. Collins, Timmie, Rita and Jana

days, they stayed together. There wasn't much of this legalized wife swapping.

We could certainly use a lot of these old fogy ideas today to better our society. (Thanks to Mrs. W. W. Taylor and Rev. S. H. Respass and O. C. Watson).

The Howardwick Party Line

By Sharon Mills

Hello, Party-liners: The Lions Club had a good turnout, Saturday. There were 33 in attendance to eat the chicken. Since Van Arsdel will be on the road with his job, a new secretary was needed. Vernon Berry will be taking his place.

Now for the fishing news; Pete Darnell of Clarendon caught a 7 1/2 pound Blue Channel Cat on pond and reel. Ewell Parker of Amarillo caught some bass that weighed four pounds and another string of fish that weighed a total of nine pounds. Mooring Place reports the channel cat fishing the best, and the bass are getting better since the weather is cooler.

John Collins was lucky to catch a 7 pound channel cat on a trotline. Mr. and Mrs. Alton Hendrick's catch was a 4 pound Channel Cat and also 1 1/2 pound cat. Mr. and Mrs. Larry Ledbetter caught a nice size Crappie and some nice Channel Cat.

There isn't much news except: Mr. Bob Atchley of Amarillo came down to attend a special meeting. He gave Mayor Doty and Carrell Rippeotte, our fire chief, some pointers on how to improve the fire truck, such as, ladders, fire hoses and equipment for the truck.

Mr. and Mrs. Joe Wells attended a family reunion at Lake Texoma Lodge. There were 28 present, ranging from ages 81 to two years. The family included those from Houston, Dallas, Howardwick, Texas; Stillwater, Lawton and Tulsa, Okla. They also celebrated the Mother of the clans birthday. The mother is Mrs. H. O. Hazen. I forgot some were from Chicago, Ill., too.

Mr. and Mrs. John Sarich and Mr. and Mrs. Vernon Berry were among those attending Family Night at the Country Club Wednesday night.

Mr. and Mrs. J. A. Eblevins of Vega had as their guests their grand - daughter and a friend from Hereford.

Mrs. Fanne Wilson left last Monday to attend a W. M. U. meeting at Waco. She returned Friday evening.

Mr. and Mrs. Jim Cheshire and son, Larry, of Amarillo visited with Mr. and Mrs. Jack Boling Friday.

Mr. and Mrs. John Collins entertained with a fish fry Saturday and Sunday evenings. Those eating the fish were the B. A. Collins, Timmie, Rita and Jana

of Memphis; Vera Vecker of Quanah; Jimmie and Tammie Quinn of Tulsa; Kay, Jackie and Allen Lee Blum of Lakeview.

Mr. and Mrs. Don Boren and daughter, Debbie, went to New Orleans last week. They also went to a Chrysler Motors meeting in Houston. Mr. and Mrs. Donald Bland and Neva Spier of Clarendon went to Dickens to see Judy's mother and father. They also went to an old fiddlers reunion at Roaring Springs.

We are sorry to hear Ed Peace is in St. Anthony's Hospital in Amarillo. He is ill with pneumonia. Ed, hurry and get well so you can be at the Community Sing on the 7th. The Wayne Castners will be there, too.

Be a better neighbor and you will have a better neighbor. Bye till next week. Sharon

NEWS FROM Congressman Bob Price 13th District, Texas

REPORT CONGRESSIONAL STATUS The Congress is currently in its Labor Day Recess. This is giving me an opportunity to return home and I look forward to visiting with as many citizens as I can. In the last few days before

the Recess, those of us who are working to reduce federal spending gained at least some ground with the help of a threat of Presidential veto. We succeeded in reducing the Federal Mass Transportation Authorization Act from \$20 billion to \$11 billion. I would have preferred an even lower figure and voted against the bill on final passage.

We simply cannot expect to wage an effective fight against inflation if we do not reduce federal spending. The Congress, thus far, has already appropriated a billion dollars in spending over and above the amount requested in the budget. That trend must be reversed.

This past week, the Congress did give the President the authority he requested to establish a Cost - of - Living Task Force to monitor the economy without authority to impose wage and price controls. Also, I voted against spending \$1.3 billion in appropriations for the District of Columbia, and an additional \$744 million in authorizations for the State Department, but both of these measures passed.

DURING THAT LAST LEGISLATIVE WEEK, also:

The House agreed to a bill to return to Standard Time during the four winter months of November, December, January and February. The Senate, however referred the bill to its Commerce Committee. I have opposed Daylight Savings Time and hope the Senate will act quickly on this measure when it returns from the Recess.

The House also passed a Solar Heating and Cooling Demonstration Act similar to one I sponsored earlier and sent it to the President for signature. Congressional Reform legislation was not acted upon and remains pending in the Rules Committee. Democrat reformers have expressed fear the bill may be killed by party leaders in response to pressure from labor lobbyists.

ON THE AGRICULTURAL SCENE, farmers in Briscoe County have recently been declared eligible for 5% - interest disaster emergency loans through the Farmers Home Administration, joining Swisher County as declared counties in the 13th District. FHA loan association can be declared under the law only after a request for such a declaration comes from the state governor. I am supporting such requests from Governor Briscoe. Recently, I asked declarations for Hartley, Dallam, Armstrong and Gray counties, which I am supporting. Reports are being readied for Ochiltree, King, Donley, Dickens, Hutchinson, Cottle, Hansford, Hall, Collingsworth and Oldham counties, but the governor has not made requests for these counties as of this writing.

The ASCS is also acting to aid drought - stricken producers by implementing two proposals I made earlier. The ASCS is now allowing producers to leave representative areas of damaged crops for later appraisal while salvaging what there is from the rest of the acreage. Also, ASCS is declaring potential production as zero when characteristics of severe damage can be identified or when the stage of growth is such that the crop cannot mature by the normal harvest date.

The Congressional Rural Caucus has written President Ford expressing our wish to work with him on matters affecting rural areas. I was recently elected among the 10 members of the new executive committee of this 46-member bi-partisan caucus of Congressional members. Also, I recently co-sponsored legislation designed to keep the Environmental Protection Agency from becoming further involved in state and local land use decisions. The measure would prohibit EPA from considering "indirect sources" of pollution in the granting of construction permits. Less than a month after the House voted not to consider federal land use planning legislation, the EPA issued regulations which will allow that agency to become very much involved in the land use planning issue. This bill is designed to reduce or halt that involvement.

RURAL MAIL SERVICE is being extended as a result of action by the Postmaster General, Mr. E. T. Klassen. In a recent letter to me, extensions could be made only if at least one family would be served for every seven - tenths of a mile a rural carrier must go to the mail box

and return to his line of travel. But Klassen says he is changing that guideline by extending the figure to a full mile. This will mean more rural families and businesses will be able to have carrier delivery.

DPS To Maintain Operation Motorcade Through Holidays

"It is indeed tragic that so many men, women and children will become victims of motor vehicle accidents this last holiday weekend of the summer when thousands of motorists traditionally take to the highways for an outing," Major C. W. Bell, Regional Commander of the Texas Department of Public Safety, said.

Bell said the DPS will use all facilities and personnel at its disposal in an effort to reduce the predicted death toll. A special "Operation Motorcade" will be activated at 6:00 p.m. Friday, August 30, and continue through midnight Monday, September 2. During this period, all uniformed DPS officers and equipment will be used on the highways to enforce traffic laws.

During the holiday period the DPS will tabulate each traffic death, and the totals will be announced three times daily in order to call public attention to the highway dangers.

"More people are killed in Texas each year in traffic than are killed in all the United States by murder and homicide," Bell continued, "and the deaths are just as senseless, as needless and as tragic, but not nearly as well publicized."

"Psychologists say that one reason the general public fails to take positive action in matters of traffic safety is due to a lack of personal identification with the problem. It might behoove all drivers in our state to stop and consider that they have less than a 50-50 chance to go through their driving career without being involved in a traffic mishap, or without incurring injury to themselves or one of their family. 1,550 persons killed in traffic crashes on Texas streets and highways this year had no idea that they would be involved in an accident either."

"In the final analysis, traffic safety must rest on the shoulders of every person who gets behind the steering wheel of a car. With the proper attitude of alertness and with the acceptance of responsibility, we can see positive results in our attempts to halt the increases in the number of traffic mishaps," Major Bell concluded.

Congratulations! GREENE'S On Your 50th BIRTHDAY EVENT PITTMAN CLEANERS Mr. and Mrs. Carl Pittman

This was a crowd of folks packed in front of Greene Dry Goods Co. September 11, 1943. The occasion was mass sale of war bonds. That was 31 years ago. Starting today, Greene's will be observing their 50th Anniversary with a big 10 day store-wide sale. See if you can pick yourself out of the crowd. —Photo by Alderson Studio

AC Registration Set Aug. 28 Thru Aug. 30

The Amarillo College campus will spring to life August 28-30 as freshmen and sophomores begin registering for the 1974-75 academic year.

Registration will be conducted for classes in the College of Arts and Sciences, School of Biomedical Arts and Sciences, and School of Technology.

Orientation for new students was held from 9 a.m. until noon beginning August 22 and 23 and ending August 27 and 28.

Registration for evening classes is slated from 7 to 9 p.m. August 28 and 29 in Badger Gymnasium.

Day college registration is set for 1 to 4 p.m. August 28 and from 9 a.m. to 4 p.m. August 29 and 30 in Badger Gym.

Classes will begin Sept. 3.

College officials expect an in-

crease over the approximate 4,000 students in the four divisions last fall. Enrollment in the various programs of the Continuing Education division bring the total number up to around 12,000 students during the full year.

This will be the first fall enrollment under the leadership of the new president, Charles D. Lutz, Jr., who replaced the retired Dr. A. B. Martin. Dr. Martin is remaining through February as President Emeritus.

Teach Children To Eat Right Foods

Allowing a child to eat only the foods he likes and making up lost nutrients with vitamins is a poor practice, one foods and nutrition specialist contends.

"Learning to enjoy a wide variety of nutritious foods is basic for developing good lifetime

eating habits," Frances Reasonover, with the Texas Agricultural Extension Service, The Texas A&M University System, said this week.

She explained that children who eat only the foods they like have to depend upon these few foods for all the 45 or more essential nutrients.

Parents can encourage children to learn to eat a variety of foods by setting a good example in their own eating habits.

"It's all right for a child to have a few dislikes. If he refuses certain dishes, don't push but offer them again later," the specialist suggested.

Children's taste buds are sensitive — they generally like bland foods better than those with sharp or distinctive flavors.

"A food 'jag' — eating only one food for a time — is common and seldom harmful. A wise parent will not worry a-

bout this, knowing his child will soon concentrate on a different food," she advised.

Letting the child help prepare food, serve himself and allowing him some choice in the selection of his meals are other ways to encourage variety in the child's diet.

WRONG SIDE OF ROAD

Fifteen per cent of the fatal accidents on the rural highways of Texas occurred last year when some body was driving on the wrong side of the road, according to the records of the Texas Department of Public Safety.

Vandals was the name originally applied to a Germanic tribe which settled in the Oder Valley in the 5th Century B.C.

In the painting of Washington Crossing the Delaware, a soldier is shown holding the American flag, though it had not been designed at that time.

Accent On Health

J. E. Peavy, M.D., Commissioner of Health

It's that time of year again when parents should attempt to "safety proof" their youngsters — many of whom are entering school for the first time.

Whether walking, riding in a bus or car, or bicycling to school plans should be made to ensure the safety of every child, reminds the Texas State Department of Health.

Darting across streets without looking, crossing at mid-block from between parked cars, and doing bicycle tricks in traffic are just a few of the pitfalls to be avoided, advises the Health Department.

Parents can caution their children about all careless practices, and they also can show them. If your child is starting to school — or going to a new school — it's a good idea to make the trip at least once with the child.

If he will be pedaling to and from school every day — often in inclement weather — you'll want to be doubly sure that your child is observing safety rules. If you're a motorist in the vicinity of schools, be especially wary, says the State Health Department.

What are the trouble spots for bicyclists and motorists. Collisions between motor vehicles and bicycles occurs about as follows:

- Well over half at intersections.
- Seven out of ten during daylight hours.
- Most bicycle riders killed or injured in traffic accidents, were violating a traffic law at the time of the incident.
- Half of the motor vehicle - bicycle accidents involved a violation on the part of the motor vehicle operator.
- One out of five bicycles involved in accidents had some mechanical defect.
- Some of the most common traffic violations of cyclists are (not in order of frequency):
- Failure to yield right-of-way. (In most cases, the cyclists did not "see" the car; in some cases he intentionally infringed on the motorists's right-of-way).
- Riding in the center of the street.
- Speed too fast for conditions of traffic and road surface.
- Disregard of traffic control devices — signal lights and stop signs.
- Improper turning.

To avoid such situations as just described, here are some safety rules for bicyclists:

A skillful bicycle rider always has his bike control. He never drives too fast and he never rides too far. He always has both hands free to steer.

The cyclist must develop skill in balancing and pedaling to avoid swerving into traffic, hitting a fixed object, running off the sidewalk or highway. Parents have the responsibility to be certain their child has the skill to cope with traffic before permitting him to ride on the street.

Every bicycle driver should be familiar with the laws governing bicycling in his community, or the one in which he is riding. These rules are usually available through the school or local police.

Cyclists must ride on the right side of the street with the flow of traffic; not on the left, facing traffic.

Hand signals should be used by the cyclists, and are now commonly accepted as a safe riding practice.

Cyclists should avoid crowding between cars at stop signs, or between an automobile and the curb.

Carrying more passengers than a bicycle is designed and equipped for is dangerous and illegal. Two on a bike also increases stopping distances. The pole or "banana" seat, standard equipment on the hi-rise bike, appears designed to carry two. Such is not the case!

Never hold onto a moving vehicle nor in any way attach the bike to the vehicle.

Always ride single file.

Trick riding is always dangerous. Drivers of hi-risers are especially cautioned against making the bike rear up and riding on back wheels only, or jumping the bike over obstacles.

urge you to sign a contract immediately to take advantage of the "fantastic" offer for only \$2,000.

When you sign, you may be told that a "locator" will call a few days after your machines are delivered to tell you the spots at which they will be placed.

So your machines are delivered, your money paid. After what may vary from a few days to never, the locator comes by with a list of locations for your machines and has you sign a form stating that "locations have been provided and are acceptable."

Later, when you survey the locations, you may find that your soup dispensing machine is located in the back of a beauty salon or service station where there is little public traffic.

Very seldom will you get a profitable location, so naturally, there is little chance for a return on your investment — no "monthly income without effort."

If you complain to the company, you may be told that an attempt will be made to sell your distributorship to someone else. Chances are good, of course, that you will never get your money back.

Experiences such as this may be an exception, for there are many reputable firms engaged in the sale of distributorships, but they are occurring frequently enough that they have become a matter of concern for Attorneys General in all states.

Our Consumer Protection attorneys indicate that there are literally millions of dollars in distributorship contracts being written nationwide with many of the persons who purchase them receiving almost no return on their investment.

And often the people who buy such distributorships can ill afford to lose their money. Typically, most sellers of misleading distributorships aim their pitches at retired military persons, people with hard-earned savings to invest, or those who have to borrow the necessary money.

The Attorney General's Consumer Protection attorneys advise taking these precautions before investing any money in a distributorship:

Find out who the principal in-

investors are in the company. Ask for a list of other investors and contact them to learn what experiences they have had in dealing with the company.

Don't rely on the representations made to you by salesmen for such companies about investment returns, product quality, or anything else — verify these things yourself or ask others.

Don't be high - pressured into signing a contract immediately — think about the offer for a few days or even weeks, and have your lawyer look over the contract.

Check with your local Better Business Bureau to find out if any complaints have been filed on the company.

Always — with distributorships and any other consumer transactions — be wary of someone who promises big money returns for a minimal effort. If it sounds too good to be true, it probably is!

If you become suspicious of deceptive or misleading tactics by the seller of a distributorship, contact our Consumer Protection Division immediately.

The Consumer Alert

by John L. Hill, Attorney General

If you're looking through the classified section of your newspaper, sooner or later you're sure to run across an ad that reads something like this:

"Business opportunity! New expanding into this area needs distributor for national product. No selling required. Earn \$20,000 a year working part-time! Proven investment returns. Call Mr. Wonder."

If you respond to this or similar ads, there's a chance you could become the object of a misleading sales pitch for a less - than - profitable distributorship. The sales routine for such a deceptive offer generally follows this pattern:

Mr. Wonder comes to your house or sends a sales representative to explain the distributorship investment opportunity. The product to be distributed may be anything from film to children's books to vending machines that dispense freeze-dried coffee or soup.

Very likely, you will be shown lavish colored photographs and brochures of the product designed to impress you with the fact that large amounts of money can be made with little effort. The salesman of such a product as vending machines may get you to agree that such a machine will sell at least 15 units of the product a day.

"But let's be conservative," he may say. "Suppose it sells only 10 units a day. Even at that, you can make \$1400 a month of you purchase 10 machines and they earn 50 cents on each sale."

After describing the profitable machine locations provided by the company, the salesman will

Nuptial Vows Exchanged August 16, 1974 By Miss Cathie Owens and Ray Lynn Fichte

Miss Cathie Ray Owens and Ray Lynn Fichte of Clarendon, Texas exchanged nuptial vows in a double ring ceremony in the Martin Baptist Church, Friday, August 16, 1974. Bryan Knowles, Baptist pastor, officiated.

The bride is the daughter of Mr. and Mrs. Jack Owens of Clarendon, Texas. Parents of the groom are Mr. and Mrs. Harvey Fichte, also of Clarendon.

nations and showered with ribbons tied in love knots. Miss Pamela Denise Owens attended her sister as maid of honor. She wore a street length dress of pink crepe fashioned a-long princess lines with a stand-up collar and carried a nosegay of daisies with pink ribbon and trim.

Attending the groom as best man was Steve McAfee. Ushers were Farrell McAfee and Mike Owens, brother of the bride.

Rhonda Owens, sister-in-law of the bride, registered the guests. For her daughter's wedding, Mrs. Owens chose a floor-length dress of beige and brown accented by white accessories. Mrs. Fichte, mother of the groom, wore a street length red knit dress with white accessories. Each wore a corsage of white carnations.

Following the ceremony a reception was held in Fellowship Hall of the church. The serving table was laid with a white cloth and centered with a floral arrangement in shades of pink. Appointments were crystal. The three tiered wedding cake was decorated with pink roses and rope trim and topped with a miniature bride and groom encircled with wedding rings. Presiding at the table were Jacl Johnson of Dimmitt, Janice Fry and Rhonda Owens of Clarendon.

As a traveling costume, Mrs. Fichte chose a beige dress with brown flecks and a brown jacket. Complimenting her costume was the corsage of pink carnations lifted from her bridal bouquet. The couple is at home in Clarendon.

Mrs. Fichte attended Clarendon Schools and is employed at the Charm Beauty Shop. Mr. Fichte attended Clarendon Schools and will attend Clarendon College this fall. He is employed at The Automotive and The Hardware.

Among the out-of-town guests attending the wedding were the bride's grandparents, Mr. and Mrs. Ray Briggs of Amarillo. Mr. and Mrs. Harvey Fichte hosted the rehearsal dinner at their home Thursday, August 15. Approximately fifteen attend-

The W. B. Edens Are Honored On Fiftieth Anniversary Sunday

Mr. and Mrs. W. B. (Jack) Edens celebrated their Golden Wedding Anniversary at a reception held at Patching Club House Sunday afternoon, August 25, 1974. Guests called between the hours of 2 and 5 o'clock.

Hosts for the occasion were the couple's children: Mr. and Mrs. Jack McDaniels of Brighton, Colorado, Mr. and Mrs. Glydon Cherry of Amarillo, Texas, and Mr. and Mrs. Burl Wynn of Tucumcari, New Mexico.

Christal Wynn of Tucumcari, New Mexico, a granddaughter, presided at the guest book. Refreshments were served from a table laid with a white cloth and centered with an arrangement of mixed seasonal flowers. Appointments were crystal. The three tiered wedding cake was decorated with miniature flowers and topped with the numerals "50th" in gold.

Out of town guests included four of Mrs. Edens' sisters: Mr. and Mrs. Durwood Shackelford of Rainbow, Texas; Mr. and Mrs. Elbert Wilson, Mr. and Mrs. Bill Lemons, and Mrs. Monette Hewlett, all of Glenrose; Mr. and Mrs. Leslie Murry of Amarillo; Mr. and Mrs. Jerry Matthews of Borger; Mr. and Mrs. T. J. Cherry and Mr. and Mrs. W. B. Wiggins of Hedley; also Mr. Edens' sister, Mr. and Mrs. Roland Salmon of Brice.

Many friends called throughout the afternoon and the couple received many lovely and useful gifts.

The Edens have lived in this area since 1924. They were married in the Georgian Creek Community by Justice of the Peace Jack Love, August 31, 1924.

We join their many friends and relatives in wishing Mr. and Mrs. Edens many more delightful anniversaries.

The Leon Fosters 50th Anniversary Party A Surprise

Mr. and Mrs. Leon Foster of Clarendon were surprised with a 50th Wedding anniversary party at their home in Clarendon Sunday, August 25, 1974.

Their daughters and sons-in-law: Mr. and Mrs. Buford Holland of Hedley and Mr. and Mrs. Lydon McBrayer of White Settlement joined in hosting the party complete with the beautiful tiered wedding cake topped with the numerals "50".

The Fosters also received a telephone call from their son, Haskell Foster of New York during the gathering.

Other guests included their grandchildren: Mr. and Mrs. Darrell Holland, Stephanie, Calvin, Shelly, and Tanya, Mr. and Mrs. Glyndol Holland, Mr. and Mrs. Johnny Hill, and Karen, all of Hedley.

The Fosters were married in Donley County August 27, 1924 and have lived in the County most of their married life. Congratulations on this happy occasion.

Activities Medical Center Nursing Home

Activities vary at Medical Center Nursing Home.

Visitors in the home this week were: Betty Stone of Borger, Texas; Ross Brown and Ray Brown of Fort Worth; Mary and Hollis Banister of Lella Lake; Mr. and Mrs. Austin Sneed of Pampa; Wanda Dromgoole, Mr. and Mrs. J. C. Moffett, Mr. and Mrs. Richard Hinkle and Mrs. Ruby Blackman of Clarendon.

We have one new patient, Mrs. Maude Palmer.

Bingo was played Monday and we had several winners. They were: Maude Palmer one game, Beatrice Mungrove one game, Fannie Stone one game, Irene Gray one game, and Cora Hall three games.

The patients had an unexpected guest Saturday. Jack Richardson, better known as "Mr. Magic," dropped in and did quite a lot of magic tricks. I understand it was quite interesting.

The First Baptist Church will hold Church Services this Sunday.

Lions Family Picnic At Hedley Thurs. Nite

A good crowd was on hand for the annual Lions Club Family Picnic held at the City Park in Hedley Thursday evening. Everyone enjoyed visiting as the group assembled.

The barbecue crew did an excellent job of cooking the chicken and preparing the trimmings. Short Sanders and Woodrow Farris furnished home grown cantaloupe to go along with the beans, pickles, onions and bread.

And following the table grace it didn't take long for the lines to form and plates to be filled.

After eating there was more visiting and the young people enjoyed the facilities in the park for play.

As the group dispersed, comments were heard all around complimenting the cooks on the good meal and the great fellowship together.

The annual Family Picnic is another of the community activities which the Hedley residents and friends look forward to and reflects the warmth and hospitality for which the Hedley area is known. More than 200 were present for this year's event.

State Capitol Highlights and Sidelights

By BILL BOYKIN
Battle lines are drawn for the State Democratic Convention here September 17. Liberal delegates, although apparently outnumbered, asserted their intentions at a recent meeting in San Antonio to claim their full share of convention plums. First, they made clear, they will fight for proportional representation on the State Democratic Executive Committee, the party's policy-making body in Texas. Second, they are demanding their share of the 76 delegates to the national Democratic mid-term mini-convention in Kansas City next December. The liberals also made preparations for expressing their views on the party platform, resolutions and rules. Finally, they indicated they may challenge Gov. Dolph Bris-

coe's choice for SDEC chairman and other top committee officers. Choices of incumbent governors for these posts traditionally have gone unchallenged where they have majority control of conventions.

The "open party" Democrats at the San Antonio session adopted a platform committing themselves to a state party organization that will support Democratic candidates and principles at all levels rather than "promoting the policies of incumbent governors."

Bob Bullock of Austin, Democratic nominee for comptroller, is being urged to oppose incumbent SDEC Chairman Calvin Guest of Bryan, Governor Briscoe's choice for a second term. Meanwhile, the national Democratic charter commission broke up in anger when party regulars and reformers clashed over reform measures in the proposed Democratic constitution.

GOVERNORS TO MEET - Governors of the southern states, Puerto Rico and the Virgin Islands will meet near here September 8-11 to discuss a wide range of problems, including economy and energy.

Governor Briscoe is host to the Southern Governors Conference which will meet at Lake Way, a luxury resort on Lake Travis 20 miles northwest of the Capital City.

About 300 reporters will join the 19 governors and their staffs for the three-day business meeting, and the social rounds of tennis, golf, sailing and parties.

Gov. Melvin Evans, governor of the Virgin Islands, is chairman of the Southern Governors Conference for 1973-74.

INSURANCE JARGON HIT - The State Board of Insurance is declaring war on "the fine print, double talk and gobble-dey-gook" in insurance policies, according to Board Chairman Joe Christie.

Christie said the average po-

licy holder cannot understand policy jargon, and recent tests show Einstein's theory of relativity is more readable than an average hospital insurance plan.

Christie said efforts will be made in the next session of the legislature to improve "the readability factor" of insurance policies. He recommended that other state agencies give some attention to similar readability problems involving documents over which they have jurisdiction.

No-fault auto insurance will be another subject for legislative consideration in 1975, Christie told Texas Bankers Association at a conference here. He said a recent study on the subject by the Lyndon Baines Johnson School of Public Affairs will be of major help to lawmakers.

AG OPINIONS - The University of Texas must give a legislative access to files on UT land leases, but may keep confidential land appraisals and sealed bid contents, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded: Records of a city's exercise of licensing authority over electrical installations is public information and should be disclosed.

Police supplementary reports of accidents including witnesses' statements and photographs, although involving possible litigation against a city, are part of the official record and are not excepted from disclosure.

A faculty member who fails to exercise the option to participate in the optional teacher retirement system does not have the right to a second opportunity to exercise that option on returning to teaching in Tex. after terminating previous employment and leaving the state to seek an advanced degree.

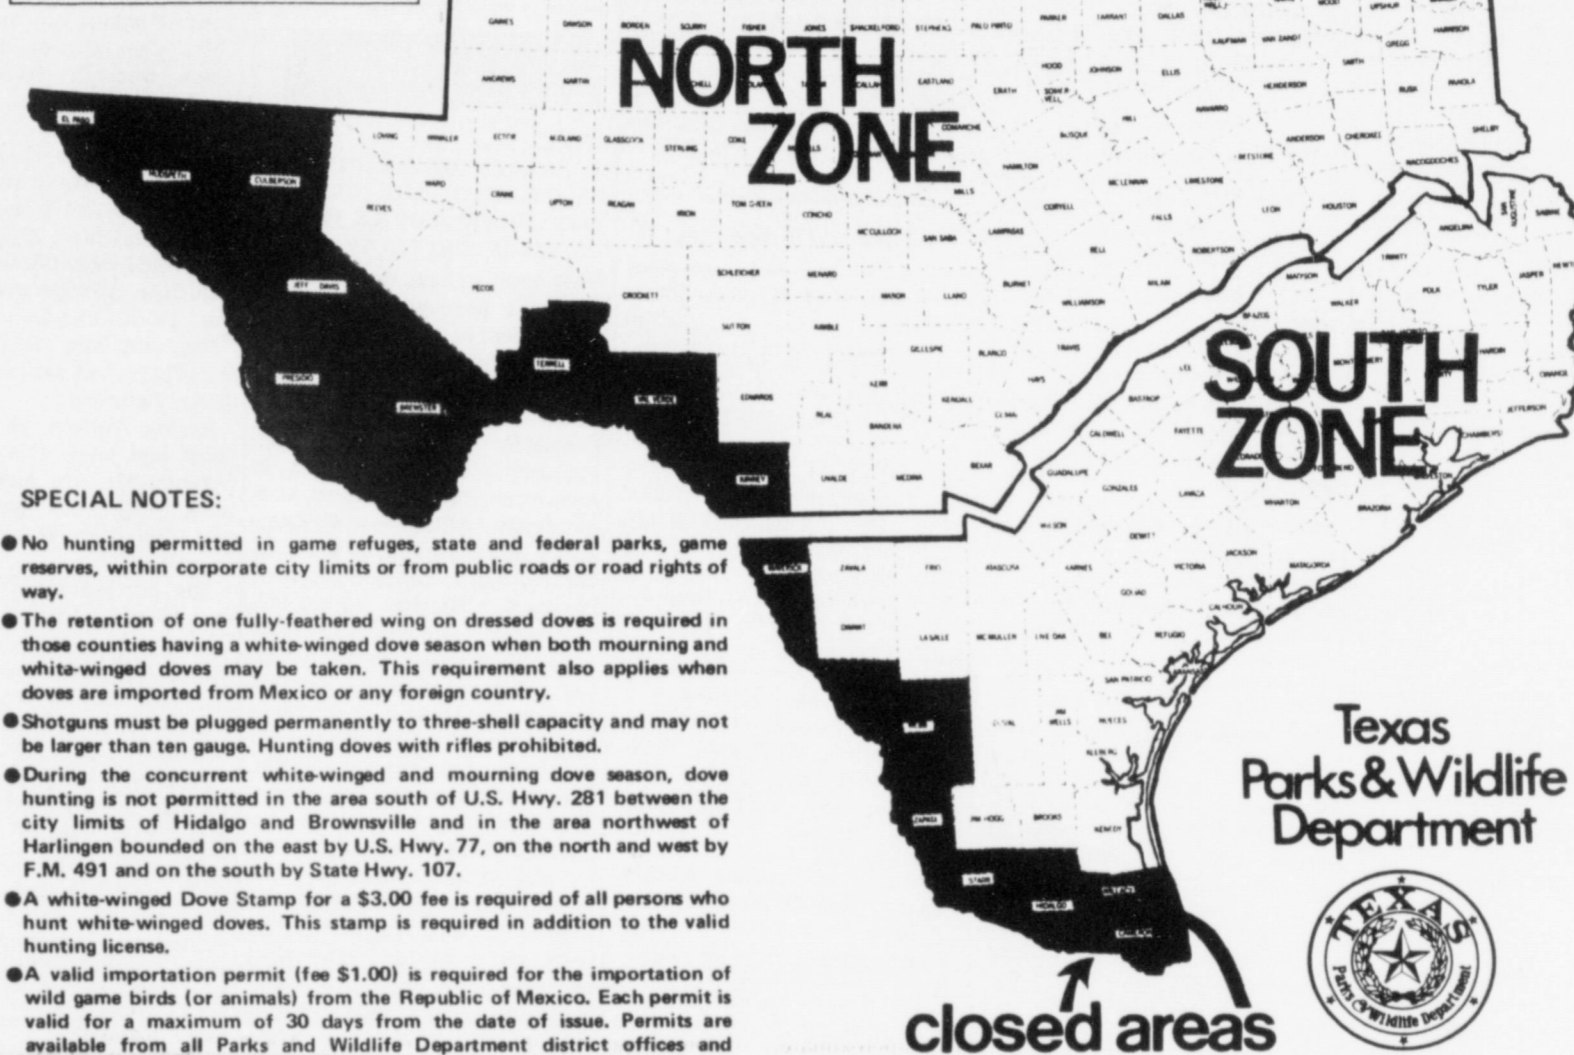

Whether a water pump and irrigation casing are fixtures within terms of taxation depends on facts in a particular case.

MOURNING DOVE · WHITE-WINGED DOVE
Hunting Regulations 1974-75

OPEN SEASONS

MOURNING DOVES: North Zone-Sept. 1 thru Oct. 30, 1974. MOURNING DOVES: South Zone-Sept. 21 thru Nov. 3, 1974, and Jan. 4 thru Jan. 19, 1975. In the shaded counties of the South Zone, mourning doves may be taken on Sept. 1 and 2 and on Sept. 7 and 8 during the white-winged dove open season. In these South Zone shaded counties the fall open season for mourning doves will close on Oct. 30, instead of Nov. 3. WHITE-WINGED DOVES: Shaded Areas - North and South Zones - Sept. 1 and 2 and Sept. 7 and 8, 1974.

DAILY BAG LIMITS
MOURNING DOVES
Daily Bag Limit-10. Possession Limit-20
WHITE-WINGED DOVES
Daily Bag Limit-10. Possession Limit-20
NOTE: Bag Limits of both white-winged and mourning doves may be taken during the open white-winged dove season.
SHOOTING HOURS:
Mourning and White-winged Doves: 12 noon to sunset.

SPECIAL NOTES:

- No hunting permitted in game refuges, state and federal parks, game reserves, within corporate city limits or from public roads or road rights of way.
The retention of one fully-feathered wing on dressed doves is required in those counties having a white-winged dove season when both mourning and white-winged doves may be taken. This requirement also applies when doves are imported from Mexico or any foreign country.
Shotguns must be plugged permanently to three-shell capacity and may not be larger than ten gauge. Hunting doves with rifles prohibited.
During the concurrent white-winged and mourning dove season, dove hunting is not permitted in the area south of U.S. Hwy. 281 between the city limits of Hidalgo and Brownsville and in the area northwest of Harlingen bounded on the east by U.S. Hwy. 77, on the north and west by F.M. 491 and on the south by State Hwy. 107.
A white-winged Dove Stamp for a \$3.00 fee is required of all persons who hunt white-winged doves. This stamp is required in addition to the valid hunting license.
A valid importation permit (fee \$1.00) is required for the importation of wild game birds (or animals) from the Republic of Mexico. Each permit is valid for a maximum of 30 days from the date of issue. Permits are available from all Parks and Wildlife Department district offices and wherever hunting and fishing licenses are sold in the Rio Grande Valley Area.

COMMITTEES NAMED - State Democratic Chairman Calvin Guest named an election advisory committee to plan state-wide rallies and extensive voter registration and get-out-the-vote campaigns to help Democratic nominees.

A pre-election statewide telecast is also under consideration for the party's nominees.

Members of the committee include all statewide Democratic nominees, Guadalupe County Democratic Chairman Lem Allen, Travis County Chairman Ken Wender, Midland County Chairman Vann Culp, Tarrant County Chairman Estil Vance, Swisher County Chairman R. T. O' Daniel.

Also Democratic Congressional Candidates Bob Gruener of New Braunfels, Jack Hightower of Vernon and Mike McKool of Dallas and seven members of the State Democratic Executive Committee.

SCHOOL AID APPROVED - Seven Texas school districts and four regional education service centers will receive a total of \$191,091 in federal funds to develop modern planning, budgeting and program evaluation techniques in 1974-75.

The grants will go to El Paso, Galveston, Birdville, Waxahachie, Irving, New Caney and Lockhart and to ESC regions in Edinburg, Corpus Christi, San Angelo and El Paso. A second round of grants totalling \$79,599 will be awarded later this fall.

SHORT SNORTS
A Houston federal court decision held unconstitutional a requirement that campaign literature contain both the name of the person paying for it and identification of the printer or publisher who prepared it. The state will appeal.

Texas Republicans generally expressed disappointment that National GOP Chairman George Bush of Houston did not get the vice presidential nomination, although most had no objection to Nelson Rockefeller.

Joe Bill Watkins is resigning as executive assistant to Attorney General Hill, and will be succeeded by David Kendall. Watkins will return to law practice in Houston.

Governor Briscoe has asked Armstrong County be added to the list of counties designated as disaster areas due to prolonged drought in Central and West Texas.

State Banking Department received an application for a Twin City State Bank at Texarkana. A statute of former President Lyndon B. Johnson was unveiled at LBJ State Park near Stonewall Saturday (August 24).

The Department of Public Safety denied it made any surveillance or background reports on members or staff of a joint committee on prison reform.

Texas Water Rights Commission set October 10 hearings on creation of Meadowlakes Municipal Utility District (Burnet County) and Timmeron MUD 1 (Hays County near Wimberly).

Unleaded Gasoline

Service stations throughout the Nation will be able to obtain both leaded and unleaded gasoline in their monthly allocation under a rule change being proposed by the Federal Energy Office, John C. Sawhill, Administrator, has announced.

"The proposed rule, which will be published in the Federal Register on May 30, would make it mandatory that suppliers make available unleaded gasoline to their wholesale purchasers, retail outlets and other purchasers regardless of whether the purchasers had been supplied with unleaded product previously," Sawhill said.

The FEO Administrator also announced a temporary ruling on the pricing of unleaded gasoline for the month of June and has invited comments on a final pricing of the unleaded product. The proposed price is essentially the same as the price for premium gasoline.

Refiners that did not produce unleaded gasoline prior to May 15, 1973, are to use as the maximum price that price used for the production of premium gasoline. Retailers will also use the

price they charge for premium fuel as their pricing guide for unleaded gasoline. In time most gasoline refineries will probably eliminate the addition of lead to the gasoline refining process.

Under the proposed rule wholesale purchasers and retail outlets would have the option of refusing unleaded gasoline. The percentage of unleaded gasoline offered by the supplier to his customers would reflect the exact proportion of his total leaded and unleaded product.

"Any amount of unleaded gasoline refused by a wholesaler or dealer would then be apportioned among the supplier's customers who wanted more unleaded product than was offered to them" Sawhill added. "However, under no circumstances would the total amount of leaded and unleaded gasoline allocated to the station exceed the total gasoline allocation for that month."

Comments on the proposed rulemaking should be submitted in writing to: Executive Secretariat, Federal Energy Office, Box A-L, Washington, D. C. 20461. All comments by June 10 will be considered in the final rulemaking.

Social Security

Q-I am a widow with one son age 20. He was in an auto accident and won't be able to return to school. Will his social security benefits continue?

A-Yes, under the law, children who become disabled before age 22 can receive disability benefits. You should contact the social security office and file a claim for benefits for your son.

Q-I have been receiving social security disability benefits since 10-72. When can I get Medicare?

A-Medicare will begin for you after you have received a disability check for 24 consecutive months. In your case, Medicare should begin October 1974.

Q-I am over 65 and have been receiving social security checks for several years. I am now disabled. Can I receive disability benefits, too?

A-No, disability benefits are only payable to workers who became disabled before attaining age 65. At age 65 disability payments are converted to retirement benefits.

Q-I plan to marry next month. Should I have my name changed on my social security card?

A-Yes, and you may obtain an application form at any social security office.

Q-I heard that the monthly premiums on the medical insurance part of Medicare was to be raised. Is this correct?

A-Yes. The basic premium rate did go up from \$6.30 to \$6.70 a month effective July 1, 1974.

Q-I plan to retire at age 65 in October 1974. I inquired about Medicare last year at the local social security office and was told that the supplemental medical insurance premium would cost me \$6.30 per month. Is this still true?

A-No. Since that time, there has been an increase in the premium for the supplemental medical insurance portion of Medicare. Beginning July 1, 1974, the basic premium was increased from \$6.30 to \$6.70 per month.

Q-I was not eligible for Hospital Insurance, Part A, of Medicare because I didn't work long enough under social security. Can I now obtain this coverage?

A-Yes. Premium Hospital Insurance under Medicare may now be obtained by enrolling for this coverage. The monthly premium was increased from \$33 to \$36 per month effective July 1, 1974.

AC Offers Library Technical Course

Included in the vast course offerings for fall at Amarillo College is a course designed for the clerical staff of any type of library.

Maxine Merriman, library coordinator of the Amarillo public school system, will teach Library Technical Assistant (LTA) 133. Offered through the LTA program, the course will cover a study of the technical services division such as acquisitions, processing, binding preparation, and repair.

"This course will include the technical processing of materials," said Mrs. Merriman. "We will study the different ways that college and university libraries, public and special libraries do their processing," she said.

The class will meet Thursdays at 7:00 p.m. in L 20 in the basement of the AC Library.

Enrollment will be held Aug. 28 and 29 from 7 to 9 p.m. in Badger Gymnasium for evening classes this fall at Amarillo College.

Mrs. Merriman of 3407 Wayne holds a library science degree from the University of Southern California.

As coordinator of the Amarillo Public School Libraries, she works with elementary and secondary librarians in cataloging materials.

Mr. and Mrs. Bible of Panhandle visited Sunday with her parents, Mr. and Mrs. Edgel Tisdale.

FmHA To Guarantee Emergency Livestock And Poultry Loans

Financial assistance to Livestock and poultry producers under the Emergency Livestock Credit Act is now available through a new loan guarantee authority of the Farmers Home Administration (FmHA), a rural credit service of the U.S. Department of Agriculture.

Robert A. Keown, FmHA County Supervisor, in a release August 22, said agency will be prepared to implement the recently enacted law by guaranteeing up to 80 percent of possible loss on loans made by legally organized lenders to livestock and poultry producers.

Under terms of the act, the loan guarantee program will be in effect through July 25, 1975. It may be extended for 6 months beyond that date if the Secretary of Agriculture determines that it is needed to help the livestock industry obtain sufficient credit.

The law calls for loans to be made by banks or other legally organized lenders. Mr. Keown said interested producers are urged to make applications to, and complete loan arrangements with lending institutions. The lender in turn will ask FmHA for a loan guarantee if one is required. The lender will process the application, close the loan and service it.

The maximum loan to any single borrower that can be assisted by an FmHA guarantee is \$250,000. Loans will be repayable in 1 to 3 years, although renewal or 2 years may be authorized. Interest rates are determined between borrower and lender.

Mr. Keown said the agency is authorized to guarantee up to 80 percent loss a lender may incur on loans to bonafide farmers and ranchers who breed, raise, fatten or market beef and dairy cattle, hogs, sheep, goats, chickens and turkeys. A majority of the borrower's income must come from the operation, and a majority portion of the borrower's time must be devoted to the livestock or poultry production.

In the case of a corporation or partnership, assistance can be extended only when the majority partners or stockholders are primarily engaged in the livestock or poultry production.

FmHA guarantees will be made only when the bonafide farmer or rancher cannot obtain financing without a guarantee. Loans may not be used to expand operations.

Mr. Keown said the county FmHA office serving the area where the borrower's livestock or poultry operations are conducted with handle requests from lenders for guarantee, or supply information on the loan guarantee program.

The FmHA Office serving Donley County is located in the Agriculture Building in Clarendon.

Boys Ranch Rodeo Set September 1-2

The biggest Labor Day attraction of the Texas Panhandle is the annual Boys Ranch Rodeo at Cal Farley's Boys Ranch where more than 370 boys will be putting on the 30th presentation of the nationally known event.

Rodeo performances are scheduled for 2:30 p.m., September 1 and 2. Reserve box seat tickets are available at the Boys Ranch Administration office, 600 West 11th in Amarillo for \$2.50.

General admission is \$1.50 for adults and 75c for children and service - men in uniform.

The Ranch's boys have been preparing for most of the summer trying to become contestants by riding calves, steers, bulls and bucking broncs. The rodeo's two-hour time limit restricts the number of entries to about 50 boys, all will have some part in the rodeo production. Trophies are awarded to riders for the best performance in each riding event. All the boys will be competing for the titles of Junior and Senior All-Around Cowboys. The two top riders will also share the Michael McAngus Thomas Memorial trophy, a sculpture created by Amarillo artist Jim Thomas in memory of his son.

The rodeo will also be an annual reunion of the Boys Ranch Alumni Association, membership composed of young men who have lived at the Ranch since its founding by Cal Farley in 1939. Another attraction will be bar-be-cue beef plates that will be prepared and sold by the boys for \$1.50.

The Test Of Faith

By: Weldon Rives, Pastor First United Methodist Church

Romans 12:1 — I appeal to you therefore, brethren, by the mercies of God, to present your bodies as a living sacrifice, holy and acceptable to God, which is your spiritual worship.

The concept of sacrifice has changed as man has advanced in the development of his society. I suspect that all of us are happy that today there is no known activity of human sacrifice. Yet, the supreme sacrifice was the oldest son of the family as indicated by Deuteronomy 7:1. In burning their own children on the blazing altars the pagan fathers were not exhibiting callousness; they were giving to their gods the dearest thing they had in proof of their devotion. We read about it in history books and other literature, but no modern man is aware of its

being practiced today. Hopefully those who did practice out of ignorance were forgiven because they lived in that period when God overlooked their ignorance (Acts 17:13).

By the time of the Hebrews, thanks to the Lord, most religions were making animal sacrifices in the place of human sacrifices. The ram on the altar was a creature one had raised and nurtured with love. The "firstlings of his flock (Genesis 4:4) were none too good as offerings to God. Somewhere the Jews had arrived at the revolutionary idea that their God did not require human sacrifices but had willed that animals be used instead. Abraham is credited with this startling revelation: (see Genesis 22).

Then Paul reveals that the true sacrifice was not the slaying of an animal but the living sacrifice of the dedicated believers (Romans 12:1). He declared that the only sacrifice a person can rightly offer to God

is that of a life fully dedicated to His will. Thus the Christian's life must be so transformed by love that he is willing to subordinate his personal desires for the greatest good — that of another, or more especially, that of the entire community of faith. Such a dedication of the whole person to God is the true spiritual worship. Paul is saying that your life given to God in obedience and service is your sacrifice. Thus our sacrifice is not something we do occasionally, but constantly, every day and everywhere. It is to be given instead of any other thing you can give because it is the most precious and personal gift you can make!

The 20th Century Christian, all too often, does not present his body as a living sacrifice. This means the whole person, e.g. body, spirit and soul. He turns his interest to other pursuits. We have made such a big thing out of the separation of Church and State that we have almost

completely separated all but one small segment of life from any association with the Father. He conceives in his mind that all he "owes" God is from 10 to 12 a.m. on Sunday morning. He does not perceive that he is to be his disciple in his work-a-day-world.

Also, what the 20th Century Christian offers to God as his sacrifice is of poor quality and limited quantity. It reminds me of Little Jack Horner saying "What a good boy am I" because what we do we want others to be impressed by our insufficient sacrifice for the Lord. We need to be shut up in solitary confinement with only the story of "The Widow's Mite" (Mark 12:41-44).

She went her way, and never knew The praise which from her savior's lips she drew; Yet casting all Before the Temple door, We must believe She never wanted more. —Marjory Clifford

Cosmetology Class In Pampa Through CC

Clarendon College has announced the agreement between Clarendon College and Pampa College of Hairdressing to offer Cosmetology in Pampa through Clarendon College effective immediately.

The agreement will permit students of the College to practice Cosmetology in Pampa under the direct responsibility of the faculty of the Clarendon College School of Vocational Cosmetology. The course consists of 1500 hours of training with classes meeting Tuesday thru Saturday. Completion of the course qualifies the students eligible to take the State Board Examination for Hairdressers and Cosmetologists.

Clarendon College is now accepting applications for the first class to be offered by the College through the Pampa facility. Registration will be held September 3rd on the campus of Clarendon College with classes beginning September 4th. Individuals interested in enrolling for the class may do so until September 19.

Clarendon College also has a School of Cosmetology located on the campus of the College in Clarendon.

The Pampa facility will be under the direction of Mr. and Mrs. Loel D. Box of Pampa. For additional information on the classes to be offered at Pampa and Clarendon, contact the Office of Admissions at Clarendon College or the Pampa College of Hairdressing.

Lloyd V. Risley Attends Solar Energy Meet In Colorado

Lloyd V. Risley, instructor at Clarendon College, attended the International Solar Energy Convention held at Colorado State University in Ft. Collins, Colorado last week. Between 1000 and 1200 persons were on hand for the meeting.

In commenting, Risley stated that the interesting thing was that there was such a wide spectrum of people at the meeting—literally from hippies to corporation presidents with architects and solar scientists in between. This was the largest Solar meeting that has ever been held.

Solar Energy, a fascinating subject, is one that people are going to be hearing more and more about as time goes on and sources of energy are depleted.

Risley pointed out his interest in getting to go through a working Solar house that both heated and cooled itself with Solar panels on the roof. The entire meeting was very interesting.

CHS Drill Team Nooz

By Elesha Brandon
Monday, August 26, 1974
Drill Team of the Clarendon Bronchos began some definite preparations for this year! We're really expecting a year full of victories.

We elected a new vice-president and treasurer which was Freda White. Camille Mann is now our president because of a sudden change in Chris Craft's schedule.

We discussed our uniforms! All of you girls who plan on being in the Drill Team better head on down to Barbara's Fabric Mart to get your pattern and material! You'll need them pretty soon!

We discussed whether or not we should march at the games I think we've about decided to march! It will really be a fantastic experience. Were looking forward to a fantastic year!!
GO, BRONCHOS!

Broncho Boosters Hold First Meeting

A large number were present at the first meeting of the Clarendon Broncho Booster club Tuesday night. Guests were the Clarendon Broncho Football teams. After the teams were introduced, they were served ice cream, cake and cookies.

E. H. Monroe, Sr. presided at the business meeting when new officers were elected. They were:

President - Earl Ford.
Vice - President - Arthur Shields.
Sec. - Treas. - David Moorling.

Projects completed this summer were the remodeling of the west end of the Field House and installation of the seats in the reserved section. Mrs. Noonkester reported that only about 60 reserved seats are left. They are \$4.00 each. If you want a reserved seat for this season's home games, you should contact Mrs. Noonkester.

Broncho Booster memberships are \$2.00 again this year, and you can obtain these from any Booster Club member.

Coach Noonkester showed film from last week's scrimmage with Sanford-Fritch.

Booster Club will meet next Tuesday at 8:00 p.m. at the school Cafeteria. Film of this week's scrimmage with Groom will be shown.

DPS On Alert Thru Labor Day Weekend

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents in Texas over the Labor Day Weekend will claim 34 lives.

Speir noted that traffic deaths in Texas, which earlier were running up to 30% under the 1973 toll, have been rising throughout the summer months. He said the upward trend is related to heavier traffic and an alarming disregard for the 55 mile speed limit.

The DPS director said every effort would be made to prevent accidents and deaths by placing all available DPS troopers on duty during the holiday period which extends from 6 p.m. Friday, August 30, through midnight Monday, September 2.

Speir noted that many local law enforcement agencies will be cooperating in the all out effort to make the streets and highways safe.

In addition, he said the DPS

SCOTT WILSON ENROLLS AT WAYLAND COLLEGE

Scott Wilson, son of Mr. and Mrs. Wayburn Wilson, signed a track scholarship with Wayland Baptist College in Plainview and begins school there with the fall semester now beginning. Wilson missed first place in state finals by one point. He

would be working with the news media in a special public education program called "Operation Motorcade." A concerned effort will be made to focus attention on where and why fatal accidents are occurring during the holiday.

Wilson placed second in the District 1-AAA pole vault and second in the State Finals with a 14 feet 6 inch vault this past year. In State finals he missed by nicking the bar on the way down from a vault of 14 feet 9 inches. Ron Mills, track coach and head football coach at Canyon High School, has referred to Wilson as one of the finest vaulters he has coached.

Scott is the grandson of Fannie Wilson of Howardwick.

Reddy's consumer tips on ... lighting

Edison's light bulb has come a long way since it first lit up the night in 1879. Today, lighting is such a natural part of our lives we hardly give it a thought. But the fact is, the more choice we have in how we can use light, the more attention we should pay to how we buy and use light bulbs and lighting fixtures. Put a little more light in your life by following Reddy's money-saving, energy-conserving lighting tips.

CARE FOR LIGHTING EQUIPMENT

Dust and dirt alone cause substantial losses in the amount of light produced. Systematic cleaning is important. Clean lamp bulbs (when they are cool) with a damp cloth.

Check frequently for defective cards or plugs. Replace or repair them immediately if they are faulty.

LESS IS MORE

Generally, you'll get more light for your money if you use the least amount of bulbs that give the light you need. For instance, one 100-watt bulb gives more light than three 40-watt bulbs—and costs about one-third less to buy and replace.

READ THE LABEL

Speaking of "lumens," you'll find that all light bulbs have three ratings on their packaging. Lumens tell you what the light output or performance of the bulb is. "Watts" tell you how much electricity is needed to produce that light, and "bulb life" is the estimated length of time it will take the filament inside the bulb to burn out. When brightness is more important than bulb life—for reading, studying or working—choose the "standard" life bulb that gives you the most lumens for its wattage.

Remember, Reddy supplies the energy, but only you can use it wisely!

HARD FACTS ABOUT OUR DODGE BOYS' 1974 MODEL CLEARANCE.

DODGE PICKUP CLEARANCE!

FACT 1: DODGE PICKUPS HAVE FEATURES YOU CAN'T GET FROM COMPETITION. CHECK 'EM OUT!

Any way you want to compare our Dodge D100 against Ford's F100 and Chevy's C10—you'll find out you're a winner when you choose Dodge! For example: Only Dodge offers you Electronic Ignition (standard on all models), a greater standard payload, more pickup models, the smallest six-cylinder engines (as well as the efficient Dodge 318 V8), the largest standard fuel capacity—and much more.

FACT 2: OUR DODGE 318 V8 CAN GET SLIGHTLY BETTER GAS MILEAGE THAN A FORD OR CHEVY SIX-CYLINDER PICKUP!

In an actual road test from LaVerne to Blythe, California (a distance of 381 miles), at an average speed of 54 mph, USAC put six competitive pickups through the test: a Six and V8 each, Dodge, Ford, and Chevrolet. All pickups were purchased by USAC through normal retail channels. All had standard manual transmissions and rear axle ratios, as well as nominal eight-foot cargo boxes.

The Dodge 318 got slightly better mileage than the other two V8s, as well as the Ford and Chevrolet six-cylinder engines! Our 318 V8 got 18.78 mpg. Our 225 Slant Six did even better—19.05 mpg. Of course, the mileage you get depends on many factors, including how and where you drive, and the condition of your vehicle.
