## O'Daniel Continues to Slash State Budget, Asking Counties to Follow

Generally credited with making his best radio talk Sunday morning, thousands of Texans will listen more intently to the information and plans given by the Governor over the radio every Sunday from 8:30 to 9 a. m. Following his talk of Sunday, the Governor was on his big job early Monday morning looking over the \$77,000,000 appropriations of the Legislature for the operation of state departments for the next two years, beginning September 1st.

The governor devoted much of his broadcast to an appeal to the public to study the tax structure and confer with local officials on budget problems. He asserted mounting public debt was threatening the Democratic form of government.

In attempting to arouse taxpayers to attend August county budget hearings, O'Daniel revealed only 13 per cent of total revenues collected went to the state government and the rest to the county, city, school and federal agencies.

He repeated previous intimations he would call no special session of the legislature to find methods of taxation to support an expanded old age pension program and asserted consideration of the social security problem in the longest legislative session in history, just completed had blocked work on other matters.

Among the departmental cuts was \$1,047,740 in the highway department's allotment of \$2,920,744. The entire division of department and district employes was eliminated.

Other large departmental cuts were: State police, \$149,440; railroad commission, \$111,420; game, fish and oyster commission, \$172,100; education commission, \$109,590, and comptroller, \$270,976.

West Texas College Bill. Along with the mass reduction of appropriations cut by the Governor totaling \$5,383,616, West Texas College felt the axe. General plumbing and repairs \$7,000; new wells and equipment, \$8,695; Panhandle-Plains Museum, \$10,000. Practically every educational institution appropriation in the state, white and black, was trimmed down or eliminated entirely.

Departments escaping the Governor's veto were: Attorney general, auditor, commission of blind, architectural examiners, barbers examiners, medical examiners, water engineers, commission of the volunteer army of the war with Spain, firemen's pension, library and historical commission, liquor control, national guard armory board, prison system, Rio Grande compact commission, teacher retirement, treasurer, unemployment compensation. By way of explaining his veto action, the Governor stated that the state was already in the red to the amount of about twenty million dollars and going deeper every day. He said he thought it a good time to begin economizing to pay that back debt.

Among these matters, he said, were his recommendations that the governor be authorized to name a budget director and the legislature elect an auditor; that numerous special funds in the treasury be consolidated that the prison system be investigated with a view of placing it on a paying basis by utilizing convict labor, and that steps be taken to bring more industries to Texas. O'Daniel intimated he would devote future broadcasts to analyzing government tax costs.

"I want to warn you local government in Texas is, generally speaking, in mighty bad condition," he said. "With an outstanding debt of \$694,000,000 with more than 40 per cent of every dollar collected being used to retire public debt, I can say that we have a condition which demands and requires the intelligent interest of every taxpayer."

"It is alarming and the only way to stop this great conflagration of government debt is for the people themselves to take more interest." Meantime, he urged taxpayers to inspect county and school district budgets that are being prepared this month and to attend the county budget hearings that are to be held in August.

The governor commended the county budget law as a "milestone" in sound governmental progress and said the law is better than its application.

O'Daniel quoted statistics from the recently published report of State Auditor Tom C. King on taxes

## FARM PROSPECTS VARY IN SECTIONS

### Drouth and High Winds Causing Plenty Trouble In Getting Proper Stand

Farm prospects in early spring gave every indication of such a year as 1918. Rains came early and plentiful. Then along came a drouth that lasted around two months. During this time high winds whipped out or covered up more crops than were left standing.

Recent rains during the month of June permitted of replanting. In many instances, such plantings show a fine stand and a good growth. On some sandy land, wind of the past week has wrought havoc again with the small plants, covering them up in most instances. Especially is this noticeable in the Bray community where most of the farms are on deep sand.

On an average year, the deep sandy land is said to produce best because moisture is retained better than on hard land.

Some cotton has bolls up to a fair average. Insect pests appear to be absent so far as serious damage is concerned. Corn prospects, though planting was limited due to borers in the past years, shows up well.

Orchards are very limited as to acreage in Donley county. The fruit crop is above the average in quality. Hail specks are noticeable but the fruit is bringing a good price.

Melon growers are having plenty of trouble since sandy land is best suited for this product. Many are managing to hold the sand down by plowing deep and bringing up clay to the top. With an average season of rain from this time on, the summer crops of corn, peas and melons will be up to the average. Farmers stated this week that no rain is needed just yet.

## HINSON BUYS GILT FROM WORLD CHAMPION BLOODLINES

Redell Hinson, Clarendon F.F.A. member who lives near Ashtola, bought a championship gilt last week from the Lon Alexander Poland China Hog Farm near Childress. The gilt is an outstanding individual and is bred, for fall pigs, to the World Champion Aged Boar owned by Alexander. Redell will feed the litter of pigs for the 1940 spring shows.

The hogs owned by the Donley F.F.A. members are recognized as championship stock, having won more premiums at all recent major state club shows, than any other chapter, but constant efforts are being made to raise the grade of the foundation stock.

## LOCAL YOUTHS BROADCAST FROM PAMPA DAILY

Two young men, musically inclined, have been employed by an auto firm in Pampa to make a daily broadcast at 7:30 each morning over KPDN. The program will begin tomorrow, Friday, morning, the 14th. Lawrence Heckman will handle the guitar and Kenneth Sloan the fiddle. Other young men may appear on the program with them, it is said.

## PUPIL TRANSFERS MUST BE MADE THIS MONTH

Pupil transfers from one school district to another must be made this month, we are advised. If you have a child to transfer from one district to another, or from a rural district to town, see the County Superintendent at once.

## WORK CONTINUES IMPROVING CITY PARK SITE

The grounds are being covered with grass sod this week to prevent any further erosion that might result from high water. Walks will be laid at once of natural laminated stone. A crew of three trucks under the direction of foreman A. C. Donnel is said to be hauling in rock at this time.

and indebtedness of local units of government and declared the policy of getting deeper into debt must stop.

## CLARENDON CHAPTER TO BE REPRESENTED AT STATE F.F.A. CONVENTION

Joe Williams, Carl Morris, Johnnie Leathers, and Ray Bulls will accompany J. R. Gillham, their F.F.A. adviser to Temple, July 20, 21, and 22nd, for the State F.F.A. Convention. The four Clarendon youths will play in the State F.F.A. band while attending the convention. This is the first time in the history of the local chapter that delegates have been sent to the state convention. Williams, Morris, and Leathers have each received their Lone Star Farmer F.F.A. Degree, and Bulls was one of the winners in the most valuable Greenhand Contest held during the past year.

The Clarendon Chapter was recently honored by the State F.F.A. directors when chapter officials were notified that Clarendon had been given a Lone Star Chapter rating, a rating given to a few outstanding chapters each year. The local chapter was asked to send its scrapbook to the State convention to be used in preparing an Area I exhibit.

## INJURED IN AUTO MISHAP NEAR GOODNIGHT

Residents of Amarillo, Mr. and Mrs. C. C. Johnson and three children were on their way to Windy Valley to visit relatives Monday night. Their car collided with another in which the parents and one child received lacerations and bruises.

Mr. and Mrs. Johnson and the injured child were brought to Adair hospital where they remained overnight, then were dismissed.

Mr. Johnson is a son of S. F. Johnson, and Mrs. Johnson is a daughter of J. H. Riffe, the parents residing in Windy Valley.

## The Industrial West

W. P. BLAKE, Publisher

From the Industrial West, July 15, 1939.

The latest Philippine news at Washington is that Admiral Dewey and Gen. Anderson await the arrival of the Monterey before attacking Manila. They don't fear the Spanish, but Germans are creating anti-American feeling in Aguinaldo's army and Dewey is not so sure of his ground.

Lee Bivins of Sherman spent yesterday in town.

Mrs. Kate Hildebrand visited her sister in Memphis Monday.

Geo. F. Morgan went up to Higgins this week to organize a Masonic lodge.

Miss Ruby Bugbee had a hard fall from a horse Wednesday night in front of James Robertson's home, caused by a saddle girth breaking.

W. J. Lewis is making extensive improvements on his home here this week.

Mrs. T. S. McClelland, Miss Lila Winn and Miss Nella Preston spent yesterday in Goodnight.

M. Rosenfield and wife are in Galveston where she is taking treatment at John Seeley hospital.

The talk of a college has attracted the attention of the M. E. Church, south and will now be pushed to rapid completion. The building is to cost \$7,500 and with grounds and furnishings, \$10,000 will be spent. Ten acres have been secured on the knoll just west of the C. J. Lewis residence. The building committee consists of Capt. Chas. Goodnight, J. D. Jeffries, T. S. Bugbee, Robt. Sawyer, T. B. Gardiner, C. A. Burton, and A. M. Beville, the latter being secretary.

## Centenarian

T. A. LOVELACE

aged 102, enjoys the thrills of hitchhiking, which isn't hard for him to do since most every one instantly recognizes the tall, elderly fellow of soldierly bearing with a straight back and proud carriage.

Mr. Lovelace frequently visits relatives here in making his home temporarily with C. C. Oakley. He has relatives in McLean which he calls home. In Hedley and Shamrock he has other relatives whom he visits often. Visiting relatives and friends and attending singing conventions is a hobby with him.

A union soldier of the Civil War, Mr. Lovelace recalls incidents as though they happened yesterday. Having worked hard up until far past ninety years of age, he decries the "sfty" habits of air-conditioning, soft and hard drinks, electric fans and other modern comforts which he says has a tendency to make men "soft" and lack industry. "Contrary to general belief, he never complains of the weather—hot or cold. He just takes weather and conditions as they come.

## SENATOR GEORGE MOFFETT HERE ON BUSINESS

From all accounts of his record, the Senator made about as good a record in the Senate as he did during the years served in the House. Well versed in affairs of state, the Senator was lined up for his fellow citizens of all districts down at Austin.

He especially objected to the "Price Raising" law that was passed and later vetoed by the Governor. He was author of the bill passed offering a reward of ten thousand dollars to any one who would find a new and profitable use for cotton. He asked for fifty thousand in his original bill, but this was cut down by those who saw otherwise.

Senator Moffett was here looking after his business interests as owner of the Clarendon Motor company. "Your country looks like it is in mighty fine shape," he said when asked for an opinion of conditions in general.

## LUSK VISITS WITH MOTHER ILL AT MINERAL WELLS

Mr. and Mrs. Verna Lusk and son Bobby returned home about 2:30 Tuesday morning from Mineral Wells where they had gone Saturday night to be with his mother, Mrs. L. S. Lusk. Mrs. Lusk is a patient in a Mineral Wells hospital where she underwent a serious major operation Monday morning. She is said to be improving as well as could be expected.

Mrs. J. D. Holtzclaw, daughter of Mrs. Lusk, went down and remained with her mother.

## FORMER TEACHER HERE

W. Y. Switzer, Mrs. Switzer and daughter Martha Lu of Wynnewood, Oklahoma, visited friends here Tuesday. Mr. Switzer was formerly an instructor in old Clarendon college.

## PARK BOARD HAS MANY DONATIONS

### Money And Goods Are Freely Given To Worthy Cause

Ladies of the City Park Board greatly appreciate the liberal support given the park cause here the past week, and donors have their grateful thanks.

Some seventy dollars was realized the 4th of July in the sale of soft drinks, and a "fortune telling" project presided over by Miss Jessie Ingram.

The First National, Farmers State and Donley County State banks each contributed five dollars, as did Geo. B. Bagby.

Other donors of either goods for the sale, or cash, include Caraway's Cafe, Rathjen's Shoe Store, Pastime Theatre, Holland Bros., Gulf Service Station on the main street, Headrick Hardware, Lee's Cafe, Irene's Beauty Shop, Mellinger & Rosenwasser, Donley County Leader.

Bass, R. C. Allison, Dawkins Blacksmith Shop, Bartlett Department Store, Greene Dry Goods Company.

## LITTLE MISS EVELYN REED HAS ANOTHER OPERATION

Returning home from Amarillo Sunday with one limb in a plaster cast is no new experience to the young lady who is a daughter of Mr. and Mrs. K. C. Reed. A victim of infantile paralysis some years ago left her a hopeless cripple. The local Lions club and others took an interest in her and she was taken to competent orthopedic surgeons who finally enabled her to walk with crutches after a series of operations. Sunday, she was returned home with the limb in a plaster cast. She had been walking with the aid of crutches for some time, but now has the assurance of her surgeon that she may walk without aid since the leg will be stiff enough to hold her up, her father stated Monday.

## IN COLORADO COUNTRY

Mr. and Mrs. Tom Perkins are taking what they termed a belated honeymoon at this time. They left Sunday to spend two weeks in the mountain section of Colorado.

## GONE TO COLLEGE STATION

County agent H. M. Breedlove and "Jelly" McGowen left for College Station Saturday. They will remain there for the Short Course study.

## BUNTINS TAKING EXTENDED VACATION TRIP

Seeing the Grand Canyon on the way, the next stop will be made at Long Beach as Mr. and Mrs. Fred Buntin and daughter Phebe Ann continue on a vacation trip to the fair at Frisco.

The return trip will be made by way of Reno, Nevada and a longer stay made in Yellowstone National Park. Salt Lake City is on the list and the return trip will include Denver.

## RELATIVES VISIT BLANTON HOME OVER SUNDAY

Mrs. A. D. Blanton spent a very enjoyable day Sunday with her aunt and uncle, Mrs. H. M. Knight and Charley Knight of Long Beach, California. With the visitors which amounted to a form of family reunion were her cousins, Harvey Knight of Lubbock, Miss Maude McQuiter of Ft. Worth and Mal Knight of Claude.

## RELATIVES MEET HERE IN F. W. TAYLOR HOME

Relatives visiting Postmaster and Mrs. Forest W. Taylor are her aunt, Mrs. Margaret Gazel of Los Angeles, and a sister of Mrs. Taylor, Mrs. Grady Lacey of Houston.

Some years ago George Stanbaugh of Hereford attended Southern University of California four years. During that time he roomed at the Casel home. Sunday he and Mrs. Stanbaugh came over from Hereford to visit with Mrs. Gazel.

## AGED CITIZEN IS BURIED THURSDAY

### Resident of Donley Many Years Had Been Invalid For Months

Funeral services were conducted for John Craig Johnston at the First Baptist church in Lelia Lake, Rev. V. W. Allen, the pastor, officiating. The deceased had been confined to his bed for many months.

In charge of the floral offerings were Mary Jo Johnston, Mrs. M. A. Montgomery, Mrs. E. B. Abston, Mrs. Fannie Jones.

Pallbearers were E. S. Ballew, A. K. Leathers, H. K. Leathers, L. D. Aten, Chester Martin, Frank Hardin.

The deceased is survived by his widow, nine children and twenty-three grandchildren. His children are Mrs. Anna Gaines, Friona; Mrs. J. P. Garner, Electra; Mrs. Ed Bramblett, Lelia; Mrs. John Herndon, Plainview; M. L. Johnston, Luther, Okla.; Joe E. Johnston, Lelia; W. C. Johnston, Clarendon; R. L. Johnston of Houston; Clyde Johnston of Abilene.

His brothers and sisters are J. E. Johnston, Odell; W. A. Johnston, Chillicothe; R. H. Johnston, Clarendon; Mrs. W. M. Riddle, Odell; Mrs. Laura Horn of Odell; Mrs. M. L. Wood, Clarendon.

Mr. Johnston was a native of Lawrence county, Tennessee where he was born July 12, 1859, and was past 79 years of age at his passing. During his long residence at Lelia Lake, he was a leader in church work being a prominent member of the First Baptist church. His influence for the betterment of his community will be sadly missed. During his active years when health permitted, he was active in all community projects.

Interment was made in the Citizens cemetery in Clarendon, under the direction of the Kelso-Womack funeral home of Hedley.

## LINOTYPE SALESMAN HERE MOST OF WEDNESDAY

L. M. Bookman, that prince of fellows who is said to have more real friends among the printing fraternity than any other individual, visited with the Leader force Wednesday. Several new faces of type will appear shortly in the Leader, an order amounting to a "small fortune" being invested in those things necessary to keep the Leader on a parity with the leading weeklies of the state in the matter of serving its patrons, as well as keeping the Leader a leader in its field in Donley county.

## SHERIFF ON VACATION

"Some time I would just like to live there," stated the Sheriff when he made his last trip to Cortez, Colorado. He and Mrs. Pierce expect to spend a portion of their vacation with his brother, Blue Pierce and family, who make their home in Cortez where Blue is general shoe repair man.

## VISITS IN PALO PINTO

Mrs. Hattie Palmer visited her aunt, Mrs. Frank Hill and family near Perrin over the week end. She accompanied Mr. and Mrs. Verna Lusk that far on their way to Mineral Wells. She returned home Tues.

## REED'S CAFE IS POPULAR PLACE

### MAN OF MANY TALENTS IS VERY BUSY MAN

Formerly a farmer in the Naylor community, K. C. Reed pulled up stakes and landed in Lelia Lake to try a different line some two years ago. With the aid of Mrs. Reed and other members of his family, he has 'gone places' with the several lines that has followed.

Mrs. Reed operates the cafe in which her quality cooking and quality foods are popular with customers, local and transient. Vegetables and meat right off the ice are sold the public as a local convenience, and the quantity sold is an indication that the public appreciates this service.

Mr. Reed helps in the cafe, but he has other lines, too, to look after. There is the gas service station, public ice house and bus station all to see after. Patrons being served in the cafe can have their wants attended to outside which saves time in this fast age.

Fishing! Sure there is fishing. Mr. Reed keeps all kinds of fish bait, too. In fact if the individual does not see what he needs, all he need do is ask for it. K. C. Reed has it around near and the patron will be served muy pronto.

## DONLEY COUNTY TO HAVE EXHIBIT AT STATE FAIR

A booth has been reserved for a county exhibit from Donley County according to a letter received by J. R. Gillham, local F.F.A. adviser, from Roy Rupard, Secretary of the State Fair of Texas.

Reservations for a County exhibit booth at the 1939 State Fair of Texas for Donley County according to information received by J. R. Gillham, local F.F.A. adviser this week from Roy Rupard, Secretary of the State Fair. Rupard complimented the Clarendon F.F.A. for having the largest and best displays in the club poultry and pig sections of the fair for 1938 and for the county exhibit placed last year.

Members of the F.F.A. chapter have started gathering materials for the booth this fall. The booth will feature the crops of Donley County and some educational feature. The local chapter expects to exhibit over 150 birds and 50 pigs in the show this fall.

## FORMER TEACHER HERE

Mrs. Lopez Whitt McCarley of Orange Grove, Texas down on the coast, is here visiting her parents, other relatives and friends. She formerly taught in the Sunnyview and other schools of Donley county, and is to teach her second year in the Orange Grove school. She likes her home on the coast very much, she says.

## VISITS IN PALO PINTO

Mrs. Hattie Palmer visited her aunt, Mrs. Frank Hill and family near Perrin over the week end. She accompanied Mr. and Mrs. Verna Lusk that far on their way to Mineral Wells. She returned home Tues.

**SAVED TEXANS MILLIONS.**  
 Gov. O'Daniel's veto of the "fair trade" or price raising bill after he asked Attorney General Jerry Mann's opinion, is said to have saved the citizens of this state around \$52,000,000 in a sales tax. Mann declared the law unconstitutional because it conflicted with the Texas anti-trust law. This law was voted by a majority of both branches of the legislature and was designed to give certain manufacturers the legal right to set a price at which their products were to be sold in this state. In most states where such a law is in force, prices have advanced sharply. Lest you have forgotten, Senator Weaver Moore of Houston led a fight on this bill that lasted several days. Standing pat with him against this monstrosity in defending Texans were Senators Clint C. Small, Burns, Weinert, Cotten, Stone, Van Zandt, Redditt and Pace. There's the "immortal nine" who refused to stand for legalized highjacking in our beloved Texas.

**THIS TAX MONEY SPREE.**  
 While the federal government has apparently gone hog-wild in spending, dear old Texas appears to be in the hands of the enemy—tax gluttons. The last report of the state auditor shows the cost of government in Texas has increased 670 percent in 31 years. Taxes are 70 percent higher than 10 years ago. The total state tax debt is \$646,374,586. According to the tax valuations, that means that we owe just \$15.59 for every hundred dollars worth of taxable property, or \$460 per family. Tracing out farther, we find that every family would have to chip in \$1.60 a day for the next year to pay the state debts—municipal, district and county. Tax incomes are at their highest peak, so is the cost of government. Now every family in Texas could become suddenly patriotic and pay off the above debts, with the state debts added. In that case, each family would pay nearly \$1800 each. That would be a great day for Texas. Just

about the time a saving is effected in one place, the tax eaters hatch up three new ideas for piling up more tax debts. Who pays the taxes anyhow? The masses. Everybody pays taxes. Of course there is a difference in some counties, but taxes are being paid by every citizen. While our tax rate, including city, district, county and state amounts to less than \$5, Hidalgo county citizens are paying \$64.11 for the same privileges. Who is to blame? You, I and the other fellow. We do not object at the right time in the right place. As time goes on, this writer will give Leader readers the inside facts on the extravagance of the last legislature, for instance. If you don't think you have been sold "down the creek" to the lobbyists, you just wait. The tax issue will overshadow the pension promises of crooked politicians next summer. Next summer is campaign year in Texas and everybody and their dog will know it when the campaign gets under way.

**HOW SPANISH-AMERICAN WAR WAS STARTED BY NEWS REPORTER**  
 The role of the newspaper man as a "reporter recording history" is a familiar one. Not so common, and therefore more interesting, are instances of a "reporter making history." Such an instance was related on a radio program, broadcast this week from New York, by Walter Scott Meriwether, veteran editor of the Mississippi Sun at Charleston. The story—one of those "now it can be told" kind—is substantially as follows: Early in 1898 Mr. Meriwether and John Caldwell were correspondents for the New York Herald in Cuba. Caldwell, desiring to have a gun to take along on a hazardous expedition into the interior and finding himself unable to buy one in Havana because of the Spanish authorities' strict supervision over the sale of firearms, wrote to his home office to send him a revolver. The Herald

complied with his request but neglected to send any ammunition along with the weapon. Thereupon Caldwell called his office, in code, "Camera received, but no plates. Send by next steamer." It so happened that the Herald's regular cable editor was off duty when the message was received. His assistant used the wrong code book in deciphering Caldwell's message and translated it to read "Spaniards have attacked the American consulate here." Immediately there was great excitement in the Herald office. It was past 9 o'clock at night and the cable office in Havana was closed so there was no opportunity to obtain confirmation of the message. Immediately the Herald wired Caldwell's "bulletin" to its Washington office which reported the "news" to administration officials. Thereupon the secretary of the navy wired to Captain Sigsbee, commander of the Maine, an armored cruiser, then at Key West, Fla., to proceed immediately to Havana. The Maine steamed through the narrow channel into the harbor of Havana t dawn the following day—the first American warship to do so since the outbreak of the Cuban struggle for independence. The rest is history. Three weeks later Sigsbee's ship was blown up and with the cry of "Remember the Maine!" the United States went to war with Spain. Had it not been for a newspaper man's misinterpreted message to his office, the Maine might not have been sent to Havana. Thus she might have escaped the disaster which led directly to a war which ended forever American "isolation" and made Uncle Sam an actor on the stage of international affairs.—Publisher's Auxiliary.

**METHODIST CIRCUIT NOTES**  
 J. G. Walker, P. C.

Not so very well satisfied with our services at McKnight Sunday. A little late gathering for Sunday school. About forty present. Several others came in for preaching. Looked like every one enjoyed it. Don't know why can't get more people out. Maybe fault of pastor. If so, why not show him an exit. Have been changing them around recently in Clarendon District. Don't guess the District Superintendent would be surprised if another change was suggested. Might have trouble finding a place for me. Very nice bunch at Bray in evening, but terribly late gathering. We like to have our evening services in the fore part of night. We think a fine opportunity at Bray for some one who knows how to handle the situation. I am praying that I may find a way. Some of them came to Clarendon Tuesday (4th of July). Guess they were on time. Rodeos don't wait. Maybe they remained over for the street dance. We under-

stand that the Chamber of Commerce sponsored the Tuesday program. From what we have heard, the program through the day was enjoyed by the ones attending. Would you think that I am speaking out of my place, if I raise a question? I am a citizen of Clarendon. Geographically speaking it is in the bounds of Clarendon Circuit, and lots of my people live here. Why they ruined that days program with a street dance. Likely not one of the members of the Chamber of Commerce took an active part in the dance. I'm sure all did not; but it was given a place in the program. It was their program. One of them told me that he did not stay to see it. Left about 9 o'clock p. m. Reminds me of a father and mother giving permission for an entertainment in their home. All class of people in community are present. Some of them well drunken, and bottles of whiskey in their pockets. The father and mother slip away, find a private room, go to bed and to sleep, and leave the bunch to have their way. We heard of one fellow who danced on the streets Tuesday night who danced so big he jolted a bottle out of his pocket. He kicked it aside and danced on. When he quit dancing he got his bottle, put it back in his pocket and went away. Maybe he felt like a gentleman. Was he? Clarendon is a beautiful little city, with a fine public school system, a junior college, many nice churches and I think as fine a body of pastors as I have ever met; and the citizenship is above an average. We don't believe that they are proud of the Tuesday night's record. This pastor conducted a funeral Wednesday of a little baby which died near ten o'clock Tuesday night,

**UNITED STATES APPROVES WESTERN JAILS**  
 Kangaroo courts have been outlawed and so many improvements made in the jails at Lubbock and Amarillo that Colby Curtis, United States prison inspector for the Southwest, has recommended that they be put on the approved list again. That was the statement Tuesday of J. R. (Red) Wright, United States Marshal, who has been trying for months to relieve the federal jail situation in the Northern District of Texas, where the Dallas jail is the only one large enough to hold any great number of federal prisoners. The Lubbock jail has been outlawed for three years and the Amarillo jail for eighteen months by the Federal Government.

**TEMPLE OF TRUTH**

By the Apostle

Ima Fizzle says she has more backbone than her mother ever had, and proudly displays the fact through her style of dress.

From the "don't drink" signs on the highway, one would infer that the driver should be "on the wagon."

The 'good ole days' might have been alright until the flies all came in to swarm over the dinner table.

Hastoon Yazzie says his fourth son has gotten so lazy that the only time he can see him move is when he 'falls to sleep.'

Many a lad reared as the 'pet lamb' of the family turns out to be the black sheep.

If your tracks on the highway are called footprints, would your auto tire tracks be called an autograph?

**PEEPING PRICES.**  
A local man complaining of the high price of cottages in the mountains this season told of having paid for one. Then the manager escorted him on the inside and said: "If you take a notion to look out the window at the scenery, just drop a dime into the meter and the shutters will open for five minutes."

A coyote is termed a "dumb animal" because, caught in one trap, he does not spend years trying to get into another as the human animal does.

Little as you think of tragedy, the auto is doing more to make room for laborers than any one thing. Thirty six were killed in Texas last week alone.

Many of the New York City hotels regret that they did not keep their permanent guests. The transient Fair suckers are slow in coming in.

Since the New Deal claims to have broken the brokers and bent the bankers, why not pull down the Stars and Stripes from the Capitol and hang up the three balls?

Bachelor Bill, in turning his attention to more serious things, says most of our state politicians can be trusted only as far as you can throw a farm by the gate, a bull by the horns, or a tax hound by the tail. Was that the reason the legislative lobby probe went hokey before it got started?

**PITY THE NUT.**  
"Ignorance of the law" is said to be no excuse, yet even the Supreme Court justices can't always agree on what is the law.

**JAIL ALARM INVENTION.**  
Inventor Jim Heckman comes out flatfooted for a new idea in keeping the boys in the hoosegow once they are put in. He has invented a cell bar that is burglar proof. The bar is said to be hollow, not once but several times. When the bozo starts to saw the bar to get out, he saws into the first hollow space that is connected with the jailor by compressed air which sounds an alarm that would wake the dead. If the jailor is slow to understand, the saw keeps on until another hollow air space is reached in the bar, and that releases tear gas in the cell. The next hollow sawed into sounds the fire alarm and that gets the job done of preventing the prisoner's escape. He could go on and add another hollow space that, when sawed into, would cave the jail down on the prisoner, but won't just yet.

**OFFER WITHDRAWN**  
We have been running an offer of a "sub for a skeeter" for two weeks now, and not a claimant, though some few synthetic mosquitoes were brought around. The offer is therefore withdrawn. Maybe we don't have any skeeters here.

**THE BOTTOM SUPPORT.**  
A storekeeper kept a blackboard in his store and as people passed he asked them to write what they did.  
A lawyer came along and wrote, "I plead for all!" Next came a preacher who piously wrote, "I pray for all!" A doctor passed next and wrote, "I prescribe for all!"  
Then came along a red neck farmer who scribbled, "I pay for all."

Besides being cool, these Coolie shirts of tailless design hide many a misplaced German goitre.

Political platforms likely are questionable because the plank was sawed from a tree that was grafted.

**SUGGESTION.**  
Many a fellow would be better off if he traded his wrist watch for an alarm clock.

**CROSSED IDEAS.**  
Owner: I've had this car for years and never had a wreck.  
Auto Salesman: You mean you have had this wreck for years and never had a car!

**OUR WEAKLY POME.**  
Growing taxes in Texas  
Has its worries and vexes,  
Until we have no change,  
To keep seats in our pants,  
As taxes effect both sexes.

**DIRTY SHAME.**  
The Leader received the same picture mailed out in mat form by the Amarillo office of the Farm Security Administration in which is pictured "furniture" for the rural homes. This picture actually shows how to make furniture out of an old crate and a nail keg. Ye gods! When the folks who grow the stuff to feed and clothe the world can't have anything better than that, we need a change—a big change right now in the management of the government. Pioneers had to do that because they were not established. Now folks do it because they are robbed of the products of their labor.

**UNIQUE.**  
Mrs. Cockrell sells 'dressed poultry' in Hereford. Then over in Altus there is a cafe sign reading: "Eat at Grammas." That being the name of the proprietor.

A committee making a survey of rural conditions in the Hogjaws settlement Monday stopped at the village for refreshments. The chairman noting the absence of trains, since they had no railroad, and a total lack

of a picture show or any other form of amusement, asked a young lady at the cafe what the young folks did for amusement. Looking up with an air of disgust, she said, "since they closed the dog fight arena, we all go down to the grocery and watch the meat slicer work!"

A. M. King, who for 13 years was a pharmacist in the Stocking drug store here, is spending a part of his vacation in Clarendon at this time.

Homer Mulkey is spending the week in Dallas.

**PLANS BEING MADE FOR FALL POULTRY EXHIBITS**

F.F.A. members are making plans for exhibiting a large number of birds at Tri-State, and State Fairs and the Green Belt Poultry Shows this fall. Carl Morris, Russell Morris, Jr. Spler, Gene Putman, Bill Alexander, Wilson Rector, Maschil Cole, Rex Shannon, Frank Mahaffey, Pete Morrow, and Lee Christie will show Columbian Wyandottes, white Orpingtons, rose Comb Rhode Island Whites, speckled Sussex, lamonas and rose comb Rhode Island reds, black

leghorns, light brahmas, white wyandottes and anconas, brown leghorns. Others expected to show this fall are Claude Primrose, E. V. Quattlebaum, Sam Tankersley, Clarence Cobb, and J. F. Cannon. Donley has won the county display at the Tri-State Fair for the past four years and prospects are bright for a fifth consecutive win.

Mr. and Mrs. W. W. Taylor spent Sunday with their daughter, Mr. and Mrs. Bert Boomer and son, Lynn Taylor Boomer, weight 6½ pounds, born July 2nd.

## Miss Verna Fae Latson Becomes Bride of Carson Greah Wells, Saturday Morning

Miss Verna Fae Latson and Mr. Carson Greah Wells were united in marriage, Saturday morning, at eight o'clock, in the home of the bride's mother, Mrs. O. W. Latson.

The beautiful ring ceremony, read by Rev. H. C. Gordon, pastor of the First Methodist Church, was read before an improvised altar of English ivy and lace vine, flanked on either side by baskets of gladioli. Attractive arrangements of lovely garden flowers were used to complete the nuptial setting.

The bride, entering with the bridegroom, wore a tailored dress of cornflower blue sheer alpaca with accessories of dusty pink. Her shoulder corsage was pink carnations.

Mrs. Wells is the lovely daughter of Mrs. O. W. Latson. She was reared and educated in Clarendon, having graduated from Clarendon High School and Clarendon Junior College. She later attended Texas Technological College at Lubbock. For the past four years she has held a responsible position with the Fire Companies Adjustment Bureau at Tyler.

Mr. Wells is an accountant for the Gulf Oil Company with headquarters at Eunice, N. M.

Following a two weeks wedding trip to San Francisco and other

western points, Mr. and Mrs. Wells will be at home at Eunice, N. M.

### NEEDLE CLUB MEMBERS HAVE QUILT EXHIBIT

## GRANITE MONUMENT MARKS CAMP WHERE INDIANS STOLE WHITE CHILDREN ON MCCLELLAN CREEK BANKS

### Four Sisters Were Captured by Cheyenne Indians While Their Parents And Three Other Children Were Murdered In Gray County In 1874

Tuesday evening over a NBC program, "We the People," Mrs. Adelaide German Andrews told of the horrors of being captured in what is now Gray county, by Cheyenne Indians.

Mrs. Andrews lives in Berne, Kan. The John German family was en route from Georgia to Colorado. As they moved slowly across the plains of Kansas in their ox wagon they were attacked by warring Cheyennes,

who killed the parents and three children and took the four little girls.

The captives were divided between two bands of Cheyennes—one headed by Chief Stone Calf and the other by Gray Beard.

The two younger sisters, Julia and Adeline, were rescued the same year by U. S. troops under command of Lieut. Frank D. Baldwin. The two

older sisters were rescued in March 1875.

In June, 1928, two of the German sisters, Mrs. Adelaide German Andrews and Mrs. Sofia German Feldman, returned to the Texas Panhandle for the first time in 53 years. They were en route to California to visit with one of the older sisters and stopped off in Pampa where they were the guests of T. D. Hobart.

At this time, Mrs. Andrews and Mrs. Feldman were taken to the location of General Miles camp of 1874, near the Hobart ranch on the Washita River. Gen. Nelson A. Miles was in command of the troops at the time the sisters were rescued and afterwards was made guardian of the sisters. Congress made provision for the care of the orphans by an appropriation of \$2,500 for each child. The interest from this sum was to be used for their education.

Mrs. Andrews was 5 years old when she was taken captive. She is the mother of 11 children and says, "there isn't a black sheep among them."

In 1936 a granite monument was erected by the Centennial Commission on the site on McClellan Creek in Gray County, where the two young German sisters were rescued on Nov. 8, 1874. The monument is 14 miles south of Pampa on Highway 88.

Mrs. Alfred Estlack and daughters, Ira Jean, Patricia Ann and Barbara Fay; Mrs. Elmer Palmer and Mrs. Jack Murff were Amarillo visitors Thursday (today).

J. A. Warren, Jr., who has been employed by the Ponca Wholesale Co., in El Paso, since last December, visited homefolks here Monday, stopping over on his way to Austin, where he has been transferred to assume charge as manager of their business there. Mrs. Warren is spending a few days here before going on to Austin Sunday.

Mrs. Mary Howren and her brother and wife, Mr. and Mrs. W. D. Howren of Amarillo are on a vacation trip at Creed, Colo.

Mrs. Floyd Keener and son Wheeler of Vernon visited Saturday night and Sunday in the W. A. Land home.

THE ADVENTURES OF OZZIE

Flirting With Trouble

EAT EGGS FOR STAMINA

By RUTH J. COOPER, Home Economics Consultant  
Breeder-Feeder Association

In a study of American diets, representing a wide range of conditions, both rural and urban, the amount spent for eggs was 5.5% of the total spent for food. In comparison to the amount of nutrition derived, this is too low by half. We need about one egg per day or approximately 30 dozen eggs per person per year, or about 11% of the food budget.

Eggs are protective foods. Both the yolk and white are rich sources of protein. An average egg of 70 calories contains about 60% of the protein in the white and 40% in the yolk. Raw egg yolk is easily digested but raw egg white often causes digestive disturbances. That is the reason that egg white is cooked just enough to coagulate the albumins, for then it too, is easily digested. Fat, and in general, the minerals in eggs are to be found in the yolk. The most important mineral is iron. While the amount is small, it is constant and in a very usable form. One egg furnishes about one-tenth of the daily iron requirement.

Eggs are a rich source of vitamins, containing all except "C". This wealth alone would place them in the protective foods class without other qualifications. An egg is an egg whether it is taken into the diet straight or in combination. Eggs may be used in any of the various methods of cookery and with almost any food. Egg and milk combinations are nutritious and palatable. They round out the protective diet and are insurance against nutritional deficiency.

CUSTARD

2 eggs or 4 yolks  
2 tablespoons sugar  
1-8 teaspoon salt  
2 cups milk (scalded)  
1/2 teaspoon vanilla  
Whipped cream

Soft Custard: Beat eggs slightly, add sugar, salt and gradually add milk. Cover over low heat either in a double boiler or very low flame, stirring constantly, until the custard coats the spoon. If cooked beyond this stage, it will curdle. Strain, flavor and chill. Serve with whipped cream.

Baked Custard: Combine as for Soft Custard. Strain and flavor. Pour into custard cups and set cups in a pan of water to the depth of about one inch. Bake in a moderate oven (325 degrees F.) until a knife inserted in the center comes out clean, about 35 minutes. Serve with whipped cream.

EGGS POACHED IN CREAM  
1 egg Salt and Pepper  
1 tablespoon cream Toast  
Butter a custard cup and add cream. Break egg into cup, sprinkle with salt and pepper and bake in moderate oven (325 degrees F.) until egg is set. Serve on buttered toast.

CREAMED EGGS

3 tablespoons butter  
3 tablespoons flour  
1 1/2 cups milk  
4 hard-cooked eggs  
Paprika  
1/2 teaspoon salt

Melt butter, blend in flour, salt and gradually add milk; cook until thick, stirring to prevent lumping. Slice eggs, combine with white sauce and turn into serving dish. Sprinkle top with paprika.

Goldenrod Eggs are a variation of Creamed Eggs. Dice the egg whites and add to the cream sauce; pour over buttered toast. Press the egg yolks through sieve and sprinkle over all.

MERINGUES or KISSES

2 egg whites  
1/4 teaspoon salt  
2-3 cup sugar  
1/2 teaspoon vanilla  
1/2 cup pecans, coconut, etc.

Beat eggs to a stiff foam, add salt, and gradually, the sugar. Beat until stiff. Add flavoring and fold in the nuts, coconut or whatever fruit is desired. Drop on a cookie sheet and bake in a moderate oven (350 degrees F.) about 12 minutes or until delicately browned.

THEY'LL DO IT EVERY TIME

My Grandpa used to tell me,  
And make me mighty said;  
"You keep away from burlesque shows,  
And other things as bad."  
One day I met a classy dame,  
Oh, boy, but was she there,  
Right neat shape, and up-to-date,  
And had a baby stare.  
'N then I went to her burlesque show  
And now I'll show no care,  
As down in front in baldhead row,  
I saw my grandpa there.

Milling Sanatorium

MINERAL WELLS, TEXAS

AN INSTITUTION WITH A NATIONAL REPUTATION FOR THE TREATMENT OF CHRONIC DISEASES

Our little girl seven years old was taken with what the doctors called Saint Vitas Dance. We tried a number of doctors without receiving any noticeable help. Our little girl was growing worse every day and our hearts ached to see her in such a pitiful condition. She could not speak, walk or even hold her head up; she was entirely helpless. A friend advised us to go to Dr. Milling of Mineral Wells, Texas. We did so and at the end of three weeks our little girl was able to walk and talk as she had before taking sick. At the end of five weeks we came away with our child entirely cured. We take pleasure in recommending Dr. Milling in any case of this kind, for we positively know what he did for our child. We can not say too much for him. We would advise any one who is sick to go there and be cured. We will answer any personal letter written us.

**TRACE MELODY MILESTONES IN NEW DRAMATIC FILM ROMANCE**

The romantic stars of "Alexander's Ragtime Band"—Tyrone Power and Alice Faye—are joined by Al Jolson, the star who sings back the past everyone wants to remember, in "Rose of Washington Square," hailed by critics as the entertainment highlight of 1939.

Featuring, as did "Alexander's Ragtime Band," the heart songs and hit songs of today and yesterday, the 20th Century-Fox film opens the gates of memory, rich with emotion of years of beloved melody, and tells the stirring dramatic romance of Rose, a girl on the level about love, no matter how it tricked her.

These milestones of melody fill the film: "My Man," "Toot Toot Tootsie, Goodbye," "I'm Sorry I Made You Cry," "Ja-Da," "The Vamp," "The Curse of an Aching Heart," "April Showers," "Mammy," "Rose of Washington Square," by James Hanley and Ballard Macdonald, "I'm Always Chasing Rainbows," "I'm Just Wild About Harry," "California Here I Come" and "Avalon."

In addition there is Gordon and Revels latest hit, "I Never Knew Heaven Could Speak."

The screen play by Nunnally Johnson, who also served as associate producer, opens in a popular burles-

que house on Fourteenth Street in New York, just after the War. Al Jolson is a candy-butcher in the theatre, but he has great ambitions for the stage. The film traces his ascent, as well as the climb to fame of Alice Faye, a singer who wins an Amateur Night performance at the start of the story. It tells, also, the tender, heart-breaking romance between Alice and Tyrone Power, a handsome young man who unfortunately prefers to live by his wits.

"Rose of Washington Square" opens at the Saturday night Prevue at the Pastime Theatre.

Featured in the cast are William Frawley, Joyce Compton and Hobart Cavanaugh.

**TEXAS OUT-O'-DOORS**

Texas can and is raising elk. The big game animal is protected the year 'round in the Lone Star State. A herd of forty-four planted in Jeff Davis county in 1927 has increased until there are now nearly 300 animals in the herd.

Triplet deer are very unusual, does usually giving birth to a pair, but Texas has at least two does which are more than doing their share in keeping the State stocked with deer. A doe on the W. H. Ramsey farm three miles from Kerrville recently had three deer for the fourth consecutive year. She is not yet five years old. The other deer which has proved very prolific is one on the Hyatt Brothers Ranch near Johnson City. She recently had her third set of triplets. She has given birth to seventeen young, including four sets of twins, in the last seven years.

The Southwestern Sportsmen's Show, held in Amarillo for one week and which was the first show of its kind ever staged in the Southwest, will be repeated next year, it was announced by Gene Howe of Amarillo, sponsor of the show and a member of the Texas Game, Fish and Oyster Commission. Mr. Helton went to Estelline Tuesday for his son Jack.

**GARDEN GLANCES**

"America beautiful lies in the hands of the gardeners."

A few minutes taken for a garden pilgrimage in our town brought this gardener home with some excellent ideas for improving a neglected corner. To others it may be a return to your own garden sanctuary to enjoy its beauty as there are some beautifully kept lawns here.

The Turner Nichols' lawn has been relandscaped, or carefully worked this season as it is exceptionally pretty. Other lawns near this that have attractive features are Johnson's, Brown's, Jeffries' and Mrs. Rufus Chamberlain's.

As you drive on first street notice how well tended practically every lawn on the left side is. Then in another part of town you will be surprised to find the lovely plants, trees and shrubs showing much care at the George Green home. He must be using his leisure time working it.

**This Onion Dish is Delicious**

Arrange tiny boiled onions on rounds of buttered toast in a shallow oven glass platter or plate. Put one rounded tablespoon of thick cream over each round. Sprinkle grated cheese thickly over the top. Place in oven and allow cheese to melt, and brown lightly. Serve as soon as possible.—Ellie Wilcox Burt, Olympia, Washington.

Mr. and Mrs. McCracken returned home recently from a family reunion held at the home of his brother-in-law, W. H. Ellenburg, near Newport.

Mrs. Kerbow's lawn is very neat with its colorful bordered beds, trees and shrubbery too. The Helton's seem interested in their lawn with its multi-colored beds of flowers bordering the walls. Another continuous row of homes that unconsciously compete for the best looking lawns, are Stricklin's, Mrs. Grey's, J. Perry King's, Duncan's, Taylor's, Clampitt's and Greene's. It is so restful to see a continuous line of these entrancing spots, but it does mean much planning and work. However, a few minutes of effort each day can lend surprising enchantment after a few weeks.

**UNITY AND STRENGTH**

A father in one of Aesop's fables, wished to prove to his sons that unity is strength. He asked each of them to break a single stick, which they did with ease. However, when he gathered several sticks into a bundle, none of the sons could break it.

The same principle of unified strength applies to our country's progress and prosperity. As long as separate groups such as business, labor and government stand alone, the structure is weak.

But when all groups decide to go ahead together, nothing in the world can stop us.

**MAKING THE MOST OF PASTURES**

By T. C. RICHARDSON, Associate Editor  
Breeder-Feeder Association

The mower is conceded to be the best pasture-growing implement, and this applies sometimes to planted summer pastures (Sudan grass, etc.) as well as to permanent pastures where the mower keeps down weed competition with the grass. Both on permanent and temporary pastures the use of the mower cannot be dated by the calendar, but must depend upon the conditions to be met. In most of the Southwest the spring growth of weeds has already been mowed before now, or has been permitted to seed. Certain other weeds, however, come along later in the sea-

son and should be mowed about the time they begin blooming. Brans and sprouts of various kinds, and seedlings of certain trees, also yield to the mower's persistent use. It is generally conceded that July and August are the best months in which to cut sprouts, robbing the roots of the sustaining foliage before the storage of food in the roots is completed for the season. This operation is hard on the mower which is past its usefulness for cutting grass will still cut weeds and sprouts. Many farmers who have no hay to cut are buying second-hand mowers to use on the weeds and sprouts in the pastures.

There are times, however, when the mower is also important in the temporary pasture. Everyone knows that when Sudan or other hay and pasture grasses begin to get "stemmy"—that is when they shoot up the coarse seed stems and start making seed, they are less palatable to livestock and also less nutritious. We have all seen such a pasture where the foliage has been eaten off and the bare stems left standing.

If the pasture gets ahead of the animals which graze it—that is when they do not keep it grazed fairly close—the mower comes into play to cut back the seed stems and throw all the growth into new foliage instead of seed. Fresh growth has a higher protein content than old growth, and is more palatable besides. It will pay to run the mower over the temporary Sudan grass pastures even though there is not enough hay to rake and cure, whenever stock do not keep the seed stalks down.

After corn is laid by grass and weeds often spring up and grow luxuriantly. This late summer growth can be turned into cash by grazing the corn fields with sheep. Fencing off such temporary grazing has been greatly cheapened and simplified by the invention of the electric fence, which, with one or two wires properly installed and energized (by battery or power) keeps the animals within bounds quite effectively. The sheep may destroy a small amount of corn, but the gains from the grass and weeds will more than offset the loss in grain, and the corn ground will be in better condition than if the weeds and grass were permitted to grow unmolested, and seed the ground for next year.

Temporary summer pastures will also furnish more and better grazing if they are divided and the divisions grazed in rotation. Here again the

**THE MODERN FARM KITCHEN**

This photograph shows that even the most remote rural kitchen can be made just as attractive as the city-home kitchen, with the principal equipment consisting of an oil burning refrigerator and an oil range. The burners of the refrigerator need be lit only two hours out of each 24 for continuous refrigeration and the freezing of ice cubes.

**SELL IT VIA THE CLASSIFIED ADS**

temporary fence, electric or otherwise, pays well for the trouble and the moderate expense of installing. Dollars are lost every year on many Southwestern farms through failure to take advantage of the grazing available, when it is available. There must be animals to graze and fence to confine them, but there is no form of wasted opportunity so common, and which offers so great a promise for extra farm income.

The new agriculture which is growing out of the cotton crisis is a balanced agriculture, of which both crops and livestock are essential parts. We have too long thought of "agriculture" as crop farming, and "animal industry" as a thing apart. True agriculture includes both, for nature's own laws demand that plants and animals be kept together in that God-given reciprocal relation by which each feeds the other and the residue returns to the soil—nothing lost.

**Texas Highway Department**

AUSTIN—State police today sought an explanation as to why nearly half the people killed in traffic are fatally injured on Saturday and Sundays.

The death toll is far out of proportion to the volume of traffic on those days, even though week-end travel is high.

Much of the blame, state police believe, must be laid to the "week-end driver"—thoughtless, careless, joy-riding, sometimes drunk and often inexperienced. He must shoulder responsibility for an appalling toll which in five months this year has claimed 279 lives out of a total of 567 fatalities for that period, they declared.

The five-month survey disclosed that 49 per cent of the traffic deaths occurred on week-ends, 26 per cent on Sundays, 23 per cent on Saturdays. But less than 34 per cent of all traffic moves on week-ends—18 per cent on Sundays, 15.7 per cent on Saturdays, state officers pointed out.

The volume of traffic was taken from average figures developed by the state-wide highway planning survey based on a year's actual count.

Week-end fatalities were highest in January, when 73 lives were claimed on four Saturdays and five Sundays, and have declined appreciably since then, the survey showed. February had 56 deaths for four Saturdays and four Sundays; March, 50 deaths for four Saturdays and four Sundays; April, 53 deaths for five Saturdays and five Sundays; and May, 47 deaths for four Saturdays and four Sundays.

Chief Ralph L. Buell of the state driver's license division described the "week-end driver" thus:

"He is frequently the man who leaves the car with his wife all week, then takes it out on Sunday for a long drive on the highways. He is unprepared by habit for heavy traffic and the emergency that takes split-second thinking and split-second reaction. Often he doesn't even know the rules of highway behavior, but you can't criticize him to his face. He thinks he's a wonderful driver."

"Frequently he is a student, pushing his car to the utmost to spend all the hours possible that week-end

**PENSION CHECKS AWAITING FEDERAL APPROVAL**

July payments of old age pensions is being held up until the federal department of the Old Age Security Commission sends Texas a check to match the State funds.

More than 118,000 checks totaling \$1,670,000 are being held up at this time.

In the past, checks have been mailed out between the 10th and 15th of the month, state director W. A. Little stated, but a delay of some two weeks is expected this month pending the action of the Social Security Board.

Liberalization of pension laws by the last legislature is said to have occasioned the delay of the federal department at this time.

They were forced to return home due to the illness of Mrs. Estlack who is slowly recovering from the effects of her experience.

**IN THE MOUNTAINS**

Mr. and Mrs. Fred Russell and children left Sunday to spend several days in the mountains of New Mexico and Colorado. "There is no telling when we will stop to turn back, as it all depends on how the family enjoys the scenery," Mr. Russell stated as preparations were being made for the trip.

James Wesley Palmer is visiting his uncle, Hal Riley, in Amarillo.

**HEDLEY JUSTICE RESIGNS**

The county commissioners Monday accepted the resignation of Judge J. C. Doherty of Hedley. He was elected justice of the peace in Precinct 3 in the last election. Judge Doherty gave as his reasons that his health and business interests would not permit him longer to devote the attention to the office that is required of him.

Frank Kendall, resident of Hedley for more than thirty years, and a former justice of the peace, was appointed by the commissioners court Monday to succeed Judge Doherty.

**TO STATE CONVENTION**

Every profession apparently has its conventions. Mr. and Mrs. F. A. White are in Houston for the State Claim Agent's convention. Mr. White has been claim agent for the Denver road for many, many years. They expect to return Monday.

**GREEN TO VAVATE SOON**

George L. Green, with whom we all fuss at times, will leave soon on a vacation, to where he has not definitely made up his mind. J. E. Sullivan is here from Electra to look after the express office during Green's absence.

**IN FT. WORTH HOSPITAL**

Several days ago Mrs. F. C. Gordon was taken to the Methodist hospital at Ft. Worth. Monday Rev. Gordon and the children went down. Mrs. Gordon was operated on Wednesday.

Mr. and Mrs. "Slick" Naylor and children, who are in Canyon this summer where he is attending West Texas College, visited relatives here the week end.

**FORMER DRUGGIST HERE DIES SUNDAY**

M. A. Grimes Operated City Drug Store Around Twenty Years Ago

Several friends in this section attended the funeral service in Wellington Monday where Martin Allen Grimes 66, passed away in a hospital early Sunday.

Mr. Grimes, a former resident of Clarendon where he was well liked, exchanged his property here for a farm east of Chamberlain. He then traded that farm to Mr. Self for a mercantile business in Quail where he had resided since, meeting with financial success.

He is survived by his widow, two brothers and three sisters, none of whom reside in this section.

**MEMPHIS TO STAGE RODEO AT REUNION 27-28th**

The rodeo will be staged in Cyclone Stadium July 27-28 when Memphis celebrates her 49th county birthday.

A wide variety of entertainment will be provided for the thousands who annually gather at Memphis for similar occasions. The greatest is the Old Settler's Reunion.

Pioneer regalia and pond duckings have been frequent in the metropolis under the Cap the past week. Localities are getting thoroughly in tune for the big occasion.

Mr. and Mrs. June Pattillo of Orange, Texas and son Junior Pattillo of Tulsa, Okla. spent the week end visiting her brother and family Buel Sanford.
