Colts Down Silverton To Close Out Season

The Clarendon Junior High Colts under the coaching of Pete Bromley closed out their season by defeating Silverton 42-26 in a game in Broncho Stadium last Thursday night. This brings the Colts to a 4-1-2 District record and a 4-2-2 season record.

Howard Weatherston scored two touchdowns in the first quarter, one from 60 yards out and the other from 30 yards out. John Hall ran the extra points for conversions after each. In the second quarter John Hall scored from 50 yards and Weatherston again scored, this counter from 40 yards out. Both tries for extra points failed. The second unit played in the second quarter in defense. With the 14 points in the second quarter the half came with a score of 28-14.

In the third quarter Weatherston scored from 20 yards. The extra points were missed. The final score for the Colts was made when Bill Bromley scored from 2 yards out and made the two extra points following a set-up pass from Weatherston to Irvin Thomas for 25 yards. Silverton scored two more TD's in the fourth quarter against the second unit.

Coach Bromley reported the boys looked good and played good ball. Cheerleaders led a fine Pep Rally and had a nice skit.

Mr. and Mrs. Mike Smith and Mr. and Mrs. Bill Cushing prepared Hot Dogs with all of the trimmings at their ranch home and hosted the squad and coaches to supper after the game. All enjoyed the occasion.

Coach Bromley stated that he and members of the coaching staff along with the football boys appreciate the support given them this year. It really helps to make a fine ball club.

Hospital Slated For Opening Mon. 19th

According to Delbert Robertson, president of the Hospital Board, everything will be in readiness for the opening of the Medical Center Hospital unit next Monday, November 19.

The hospital will presently be staffed by Dr. E. Dale LaTonn and Dr. Richard Gilkey.

Mrs. Dale Martin is the new Administrator and Mrs. Charlotte Alexander will be in charge of all nursing staff. She reported Wednesday that she had her staff all lined up for the opening.

A reception and open house sponsored by the Medical Center Auxiliary, for the medical staff will be held this Sunday afternoon from 2 to 4 p.m. Residents of this area will be pleased to know the hospital will be open again to serve their needs when and if the time arises.

MR. & MRS. JACK DAVIS ANNOUNCE OPENING OF DAVIS RESTAURANT

Mr. and Mrs. Jack Davis of Dublin, Texas are announcing in the Leader this week that Davis Restaurant, formerly Franks Restaurant will be open for business Monday, November 19.

The Davis have been in this type of business for a number of years and Mrs. Davis stated that they would feature honest-to-goodness home cooked food along with hot biscuits for breakfast and home made pies.

Mr. and Mrs. Davis have two children, Samantha 4 years and Dewayne 12. They are members of the Baptist Church.

Read their advertisement in this issue of the Leader for further details.

Miss Pam Perkins, a student at Tarleton University, Stephenville, spent the week end with her parents, Mr. and Mrs. Thomas Perkins.

Clarendon College Boxing Program

Clarendon College will sponsor a program of Boxing skill training and conditioning for our area students in the old College Gym across from Clarendon High School each evening from 6:30 to 9:30 p.m. except Friday, Saturday and Sunday.

This training will be offered for individual instruction in boxing. Inter-team matches will be scheduled for parents and public entertainment. Matches with other teams will be scheduled to offer ring experience for team members who may wish to participate in either the Golden Gloves or A. A. U. Boxing program.

Over size practice gloves will be used in work-outs and regulation gloves for matches. Head guards and mouth pieces will be worn in all practice sessions. Mouth pieces to be furnished by each participant. Shorts, shoes and any special dress shall be furnished by the individual.

Leader To Publish Early Next Week

The Donley County Leader will be published a day early next week due to Thanksgiving. Since we will be publishing early, we will need your news and ad copy a day earlier. We will appreciate your help and cooperation.

Thanksgiving Dinner At Goodnight Nov. 15

The annual Thanksgiving Dinner at the Goodnight Community Center will be at 6:30 p.m. (Thursday Night) November 15, 1973.

Bring food as usual. We will charge \$1.50 per plate. Eat all you want. This is the manner in which we raise money to pay our insurance, bills, etc on the Community Building.

Come! Bring friends. All are welcome.

RONNIE WARD EXPECTED HOME THIS WEEK

Friends will be glad to know that Ronnie Ward will be returned home sometime this week. He has been hospitalized at High Plains Baptist Hospital in Amarillo since August 18th suffering from a broken leg. After the last surgery to graft a bone he had healed sufficiently to be placed in a cast Monday of this week. Some slight adjustment may be needed on the cast. Though Ronnie will have to remain in bed for some weeks it will be wonderful to be back home.

It's good to have you home, Ronnie.

Dr. Fred D. Howard

Dr. Fred Howard To Speak To Baptist Student Union, 20th

Dr. Fred Howard, professor and head of the department of religion at Wayland Baptist College, will be the guest speaker on November 20, 1973 at the Baptist Student Union. Dr. Howard will be talking on the topic, "When Is Sin Really Sin?" Before going to Wayland in the fall of 1958, Dr. Howard served as pastor of churches in Mississippi and Louisiana. He is a graduate of Wood Junior College and received his B. A. degree from Mississippi College. Later he was awarded the B. D. and Th. D. degrees from New Orleans Baptist Theological Seminary where he served for two years as graduate fellow to Dr. V. Wayne Barton in the Department of New Testament.

Besides his regular teaching activities, Dr. Howard preaches as interim or supply pastor almost every Sunday. Each year he teaches the annual January Bible study in four to fifteen different churches.

As a speaker, Dr. Howard is one of the best and it will be worth the time and effort on everyone's part, especially college students and high school seniors, to come on November 20 to the Baptist Student Union. The program will be in the Anna Moores Chapel, First Baptist Church, starting at 7:30. Dr. Howard will be available for questions after his speech. The public is invited.

QUAIL SEASON OPENS NOVEMBER 17

Quail Season, the choice of most hunters, will open here in Donley County Saturday, November 17 and continue thru February 15. The bag limit is 12 per day and 36 in possession.

Hunters are reminded that it is more important than ever to receive definite permission before hunting on any property as failure can result in a heavy fine.

Deer season opens also on the 17 and continues thru Dec. 2. The season on wild Turkey is the same as deer season. The Pheasant season in the Panhandle district is Dec. 8-23.

Mr. and Mrs. Dennis Rattan returned home Monday after spending a few days in Arkansas visiting and touring the Ozarks to see the gorgeous autumn foliage. In Ft. Smith they visited a nephew, Bill Phillips, and family. They were joined there by a sister, Mr. and Mrs. Carl Bennett of Tulsa, Okla. for a sightseeing trip.

Broncs Defeat Owls Friday Nite 58-6

The Broncho - Silverton Owl game was anticipated as a reasonable easy victory for the Bronchos Friday night and it proved to be such a game with the locals coming out on top 58-6.

Bronc reserves had the opportunity of gaining additional experience and showed they had considerable push and ability to add to the score the varsity had piled up by half-time.

Kenneth King was the spark plug for the Bronchos accounting for 33 of Clarendon's 58 points and played less than 2 quarters actual time.

Scoring in the game was as follows: King 5 yard run, his kick for extra was good; Jerry Holland followed with a 11 yard run and the kick failed; King added another six on a 36 yard run and the extra and Stan Shelton plunged over from 1 yard for the other 6 points in the first quarter and King added the extra.

Gary Jack intercepted a pass and ran 45 yards for the next Bronc TD. King kicked the extra. King took a kick-off and raced 85 yards for the next 6 points and kicked the extra point. After a good rest he came back on the field on first down and kicked a field goal. Tommy Sparks and Jimmy Floyd added the last 7 points with Sparks going 68 yards for the TD and Floyd kicking the extra.

Silverton scored in the third period with Jeff Tiffin going over from the 3 yard line. Run failed for the extra points.

Johnstons Purchase George's Cleaners & Open For Business

Mr. and Mrs. Billy Ray Johnston have purchased George's Cleaners from Mr. and Mrs. George Schollenberger and opened the business to serve the people of this area Monday of this week under the business name of Johnston Cleaners.

Billy Ray is a native of Donley County, having received his schooling at Lela Lake and Clarendon Junior College. He has previously been employed by Murphy Funeral Home and has been in charge of the ambulance service here on a 24 hour basis.

Mr. and Mrs. Johnston have three daughters, Deborah 10, Dyanne 8 and Missy 5.

In getting started off in this new venture, Johnston was fortunate to employ experienced personnel in Mrs. Marjorie Holland and Mrs. Willie Putman. In addition, Mr. and Mrs. Schollenberger are here to assist them in any manner possible.

Hospital Board Names Department Heads

In an executive meeting following the regular meeting of the Donley County Hospital District Board of Directors Monday night, the following department heads were appointed: Mrs. Dale Martin, Administrator; Steve Bell, Assistant Administrator and Business Manager; and Mrs. Charlotte Alexander, Director over all nurses. Mrs. Martin was recommended as Administrator by Dr. E. Dale LaTonn, who began practice at the Medical Center Monday.

In the regular meeting, the board voted to pay the Clarendon Public Schools \$5,500 to assess and collect taxes for 1974. They voted to pay present balance to school of \$3,600 plus interest for 1972 taxes. They also voted to pay \$2,100 on current taxes being collected.

They also paid off a bank note in the amount of \$10,000 plus interest, paid current bills and some past due bills.

The board also transferred \$20,000 from the current taxes collected to the interest and sinking fund to pay bonded indebtedness.

VISIT IN DENTON

Mr. and Mrs. Billy Jack Jordan of Amarillo and Mrs. Carl Pittman spent the week end in Denton where they visited a cousin, Miss Ethel Baker.

The Clarendon Bronchos have two chores this week end. The first is to journey to Wheeler to defeat the Mustangs Friday night and the next will be to win the "Odd Man Out" flip of the coin here Saturday morning to see whether Clarendon, Memphis or Claude will represent the district in bi-district play which will be against Stinnett. At present, District 2A is in a three-way tie.

The Bronchos don't expect any great opposition by the Mustangs Friday night but we know definitely there has been one slip-up before and this can always happen if a team relaxes too much. Coach Noonkester reports that he has the boys ready to go Friday night and they certainly have the team spirit to bring home another win.

Go along with the Bronchos Friday night and boost them to victory on the field and also when the coin is flipped Saturday morning.

Open House Sunday Nov. 18, At Medical Center Hospital

Medical Center Auxiliary is hosting a reception and open house at Medical Center Hospital Sunday afternoon, November 18, 1973. The reception and open house will honor Dr. Dale LaTonn, Dr. Richard L. Gilkey, and staff members.

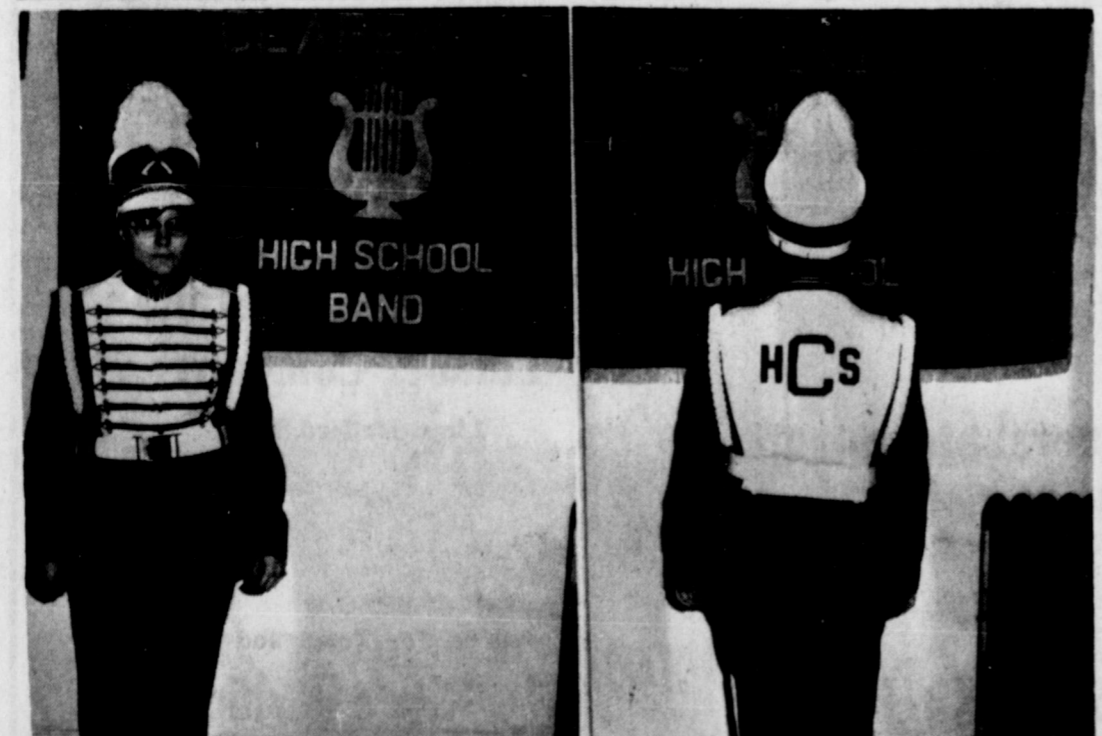

Receiving hours will be from 2 p.m. to 4 p.m. Everyone is invited to attend, meet, and visit with the doctors and staff members.

Final Report Given On Henderson Chapel

Mrs. Johnny Bates reports that the final status on Henderson Chapel C.M.E. Church is most favorable. The new roof has been completed and the old porch on the parsonage has been pulled off. Mr. Morrow and son were the carpenters on the job. They did this work for \$500 and their contribution to the church.

Mrs. Bates stated that Henderson Chapel now has \$112.50 left on deposit at the Donley County State Bank and that this amount will be applied on painting of the chapel. When the painting is completed the project will have been finished. The money now on deposit is not quite enough to provide for the painting.

The pastor and members of the congregation would like to again extend their thanks to everyone for the generous contributions that have made this work possible.

The mighty Bronchos claimed another victory last Friday night when they defeated Silverton 58-6 in our home stadium. The Bronchos played a good game all the way and all the boys got a chance on the field. Good going, guys. Tomorrow night we will travel to Wheeler. I have a feeling Claude will be watching anxiously for the outcome of this game and we will all be awaiting the score from Memphis. Then we will see where we go from there. The way we see it, it's all the way, big Bronchos. You are Number One.

Since there was no school last Friday, everyone except the teachers got an extra day of rest this week. Some of the kids worked; some went out of town for the day, and some just took advantage of the day to relax.

There was a street rally downtown last Thursday night and everyone seemed filled with spirit. At least everyone seemed to enjoy themselves. It's good to show the Bronchos and their coaches that we are all behind them.

The F.T.A. traveled to Canyon last week for the District Convention of the Future Teachers of America. The attendance was great and there was a lot of enthusiasm shown in the campaign for election of the District officers. We are happy to announce that Mona Robinson was elected Historian at this meeting. Mona won by a wide margin. The gang all worked hard in supporting her and they are proud of her in her victory. Congratulations, Mona.

Mr. and Mrs. Gunnels and family hosted a breakfast last Saturday morning and from all reports, it was a tremendous success. They gave this breakfast in honor of the Cheerleaders, their sponsor, Mrs. Grady, and the alternate Cheerleaders, Sandra Jochetz was a guest. The food was reportedly out of this world. The girls all had such a good time they didn't want to leave and go to work up at the school. The girls all ate so much they didn't even need to stop for a lunch break but they finally quit for a while just to rest. Thanks to the Gunnels for such a special treat and Happy Birthday to Mr. Gunnels. His birthday was Sunday and he got something he was quite proud of. If you don't know what it was, just ask him. He will be glad to tell you about it.

We hope Shauna Hardin is feeling better by now. She has had some dental work done and from what I hear, she feels kinda like a semi-truck hit her in the mouth. It will be better soon, Shauna.

Speaking of getting better soon, Danny Holland is back on the sick list but is improving at this time. Debbie Robertson and Pat Trout went down to visit him Saturday night. They took him some things to cheer him up and they thought it seemed to help

a little. We hope you're better soon, Dan. Belinda Tanner, did you have a happy day Sunday? We hope so, sweetie.

Andy Eads made a trip out of town over the week end and she returned home with several new souvenirs.

Mitzi Cagle, do you dislike people who make paper airplanes and fly them at other people? I wish I'd been there to see how you handled that situation. I heard it was good.

Terry Saye is getting anxious for Christmas to get here and I don't think it's Santa that she's waiting to see!!

Jimmy Floyd seemed pretty happy the other night. Any particular reason, Jim?

The girls basketball team is coming along real good. Coach Keeney is doing a great job and the girls are eager to begin their season. They are working very hard and it looks like they are going to go far this year. Good luck, team and Coach.

Johnny Just, you're a pretty sweet guy!!!

Hey gang, that sounded like some slumber party the other night!!!!

Ava Hasteley, what kept upsetting you at the show the other night?

Bobby Ellerbrook, you seem awfully happy lately. Any special reason?

Tommy Hill doesn't believe the story about the washing machine repairman. Tommy thinks the Service Station attendant has the loneliest job in the world.

Wayne Hardin, did you finally find a solution to that problem? It will all work out.

Question of the Week—"Is it worth it?" Cutest Couple—Claudine and Bill Todd.

This can be because while man is created in the likeness of God, Paul tells the church at Colossae it is Jesus "Who is the image of the invisible God" (Colossians 1:15). And such knowledge is essential for the salvation of our souls, and such knowledge is the responsibility of the parent to pass on to the children.

Knowledge means more than just information about Jesus. We read in the Gospels that even the evil spirits knew who Jesus was and out of fear because of their corrupted nature would not become his disciples although they affirmed his identity. This knowledge is quite often an external knowledge — it is knowledge ABOUT Jesus rather than knowledge OF Jesus. Of course, knowledge about Jesus is essential; it is the first step toward knowledge OF Jesus. Knowledge of Jesus leads to commitment and discipleship. This is knowing Jesus in an intimate experience which is most personal and direct. It goes beyond knowledge of the facts about his life to a personal encounter where we must choose either to be his disciples and follow him, for Jesus said (John 6:40) "This is the will of him that sent me, that everyone which seeth the Son, and believeth on him, may have everlasting life: and I will raise him up at the last day," or we become listed among those who (John 6:66) "went back, and walked no more with him." For, you see, knowledge of God in Christ Jesus demands Christian conduct. Therefore, man's working arrangement with God is simple: if we keep his commandments we can be sure of his unquestioning love. If we don't we shall be cast out "Where there will be weeping and gnashing of teeth" (Luke 13:28).

Grace and peace in Christ Jesus. THINK ON THIS: "If life is a comedy to him who thinks and a tragedy to him who feels, it is a victory to him who believes."

Killing Frost Poses Prussic Acid Threat

It's just a matter of time before the season's first freezing temperatures arrive. Such a killing frost can spell danger for livestock producers that have cattle grazing on sorghum stubble or any of the sorghum-sudan hybrid pastures, says County Extension Agent Ronald Gooch.

The reason is prussic acid poisoning of the animals.

The danger of prussic acid poisoning exists mainly in pastures and fields where sorghum stubble is making regrowth and where there is vigorous, young growth of Johnsongrass, sorghum-sudan hybrids and related plants. Such growth generally has a high content of prussic acid, especially if produced under stress of dry or cool weather.

According to Gooch, the main danger to livestock is grazing such pastures and fields immediately after a killing frost.

He advises livestock producers to wait a week to 10 days following a killing frost before allowing cattle to graze suspect pastures and fields. If only a light frost occurs, remove the cattle until plant growth is killed by a heavy freeze.

Each year numerous animals are lost from prussic acid poisoning. These losses are needless

An important message from your Texas Panhandle Ford dealers.

5 QUESTIONS TO ASK THE MAN WHO'S TRYING TO SELL YOU A '74 MODEL CAR.

If you're about to invest in a new car, the gentlemen at your Texas Panhandle Ford dealers believe you ought to have straight answers to some pretty basic questions—about the car you're looking at, and about the dealer you're talking to.

- 1** How do I know this is the right car for me? The right engine, options? The gentlemen in sales at your Texas Panhandle Ford dealers know the cars they sell, backward and forward. Once they have some idea of how you use a car, they'll be more than happy to make suggestions about size, body style, engine and options. The choice is yours, of course. The point is, we want to see you in the right Ford, not just any Ford.
- 2** How about service after the sale? This question catches a lot of salesmen off guard; because all too many are interested only in moving cars. But not the gentlemen at Ford. We know you're vitally interested in our ability to service your car. So here, you'll find total car care service: the tools and equipment, plus a shop staff with the know-how and the willingness to help keep your Ford rolling smoothly for as long as you own it.
- 3** What are the full terms of the warranty on this car? At your Texas Panhandle Ford dealers, you'll get more than just broad generalities. We'll hand you a copy of the warranty, give you time to read it, then give you straight answers to any questions you might have about it.
- 4** How can you help me with financing? Just a few quick questions, a reference or two, and chances are we can arrange for the money you need in a matter of minutes — and at the best possible rates available.
- 5** When will the car be ready for delivery? And will it be ready? We'll give you a realistic delivery date, and do all we can to make it. More important, when you do take delivery, the car is going to be just the way you want it. Because we'll spend the time and effort it takes cleaning and polishing, tuning and adjusting — to deliver a car you'll be proud of. A car we'll be proud of.

A Ladder Of Virtue

(PART II)

Weldon Rives, Pastor
First United Methodist Church

II Peter 1:5-7 — "And beside this, giving all diligence, add to your faith virtue, and to virtue KNOWLEDGE; and to knowledge temperance, and to temperance patience; and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity."

I have never been able to accept the saying that "It does not matter what you believe so long as you believe something." This is often said by parents who seek to escape their God given responsibility to see that their children are brought up within the Christian Faith, taught true Christian disciplines and become faithful disciples of Jesus Christ. From the beginning of the Old Testament through the Book of Revelation God specifies this as being an essential task of the Christian parent. If our children and young people are taught in the home by the parents and in the church school by the teachers the things they are able to comprehend they will gain knowledge needed to make their commitment to Christ Jesus. If either - or both - fail the life of that person may be lost from the Kingdom of Heaven and that loss is the sole responsibility of the neglected party because knowledge of God in Christ Jesus is essential to each life, young and old.

In Acts 17:22-29 Paul preaches to the Athenians. The road leading from the seaport to the Acropolis bore evidence that some one had raised the question about the gods that controlled the universe, and shrines were erected to what were considered to be "the gods" who controlled the elements of life. In order that an "unknown God" might not take offense, at the fact that he had been over looked, someone had erected a shrine in his honor. You see, man has hungered to know what God is like and Jesus came to satisfy that hunger.

Pathfinders Convened At Club House Fri.

Members of Pathfinder Club convened at Patching Memorial Club House Fri. afternoon with Mabel Mongole as hostess. Mrs. Paul Shelton presided over the business session in the absence of the president.

The program was the story of Priscilla and John Alden with Mrs. George Benson, Mrs. Vernon Berry, and Mrs. Pete Kunz participating. Mrs. Benson gave a collection of interesting facts concerning the life of Henry Wadsworth Longfellow. Mrs. Berry painted a verbal portrait of Miles Standish, and Mrs. Kunz traced the kinship of Mrs. Guy Wright Cockrell, a former Clarendon resident and an Alden before her marriage to Guy Wright. The program was both interesting and informative.

Two beautiful arrangements of mums from the garden of Mrs. H. T. Burton graced the entertaining rooms.

During the social hour refreshments were served to one guest, Miss Edgar Mae Mongole; and to members: Mesdames C. E. Bairfield, George Benson, Vernon Berry, H. T. Burton, Frank Hawkins, Carl King, Pete Kunz, S. W. Lowe, Walter Lowe, C. T. McMurtry, Lacy Noble, Heckle Stark, Frank White, Jr., Frank Phelan, Jr., Paul Shelton, and Mabel Mongole.

QUALITY JOB PRINTING AT THE DONLEY COUNTY LEADER

Cleaning Brass, Copper And Bronze

Brass, copper and bronze owe much of their value to the treasured blue-green patina that comes with age.

"This look adds to the worth and some say, to the beauty of the object," according to Patricia A. Bradshaw, housing and home furnishings specialist, Texas Agricultural Extension Service, Texas University System.

"Sometimes it's difficult to clean and shine these metals without rubbing off the patina.

"Objects sealed against air with a coat of lacquer won't develop patina," she noted.

To clean unacquainted brass, the specialist suggested washing the object in soap suds with a small amount of ammonia and hot water. Then polish it using a commercial brass polish.

"Apply it with a soft cloth — and unless the polish contains tarnish preventive, remove it with hot water.

"Commercial cleaning products for copper are on the market, as is jeweler's rouge—a fine red powder that cleans delicately."

Miss Bradshaw noted that copper tarnishes from sulfur impurities and salty, moist air. The first indication of oxidation is a dull film followed by a green deposit.

"For stubborn tarnish, try a mix of salt, hot vinegar and flour.

"Dusting copper cuts polishing frequency," she added.

"Bronze, on the other hand, can be brought to a high luster by rubbing it with your hand. The hand's natural oil provides the polish.

For hard-to-remove tarnish, use a commercial silver polish," the specialist concluded.

Social Security Law Information Via Film

"The Social Security Administration is charged with the responsibility of informing people about their rights and responsibilities under the Social Security law," said Travis C. Briggs of the Amarillo social security office today.

One way the office does this is to provide speakers, films, and written materials to organizations and groups that request them.

"An organization can schedule a speaker from our office on very short notice," said Briggs, "and with a little advance notice, an interesting film can be shown to the group."

Several of the full-color films available have received awards for quality as educational films. Colorful and informative pamphlets about all types of social security benefits payable are also available.

"Because social security coverage is so extensive, everyone should know about the protection his tax dollar buys against the major causes of economic insecurity — reduced earnings due to retirement, death, disability or long illness," Briggs said.

Clubs, classes or groups which want to know more about social security can schedule a speaker, a film - or both - by calling the social security office.

Veteran News

Q—My husband was killed during military service in Vietnam. Will Veterans Administration pay me education assistance to attend a university in Paris?

A—Yes. Public Law 92-540 (Oct. '72) allows wives, widows and children of veterans whose deaths or permanent total disabilities were service connected to study at approved foreign institutions of higher learning.

Q—World War II veterans who never used their GI home loan benefits are still eligible. How about school benefits?

A—The Veterans Administration can provide education bene-

charged after Jan. 31, 1955. These education benefits expire eight years after date of discharge or May 31, 1974, which ever is later.

Q—I've been having trouble lately with a stomach condition developed during military service. I've been out of service three years, and wonder if I can apply for disability compensation from the Veterans Administration?

A—Yes. There is no deadline for filing a claim for a service connected disability.

Social Security

by Travis C. Briggs

Q—We have been caring for our two grandchildren ever since their parents died in an automobile accident five years ago. Last year I retired and began receiving my social security. Can our grandchildren now receive social security benefits on my earnings record?

A—Yes. Effective January, 1973, dependent grandchildren or step grandchildren may qualify for a child's benefit on the grandparent's earnings record. The child's parents must have been deceased or disabled at the time the grandparent became entitled to a retirement, or disability benefit, or died. The grandchild must have been living with and receiving at least one-half of his support from the grandparent.

Q—I'm drawing student benefits from social security. I'll be 22 before I finish my course at the University. Will my checks stop when I'm 22?

A—Your check can continue until the end of the school term after you reach age 22 if the school is on a semester or quarter system. If the school is, on another system, checks can continue through the 2nd month after your birthday. This applies to undergraduate work only. If you already have your bachelor's degree, our checks will stop at age 22.

Q—Icebergs are always formed of fresh water.

CHS Group Attends FTA Meet In Canyon

Miss Betty Veach, 39 students from Clarendon High School and two sponsors, Mrs. Melvin Boothe and Mrs. Tommie Saye, attended the F. T. A. (Future Teachers) District XVI Convention held in Canyon. The Clarendon Chapter successfully ran Mona Robinson for the office of District Historian for 1973-74. She competed against 3 other students in the district.

Three general sessions were held. At the first session Shauna Hardin, District XVI Historian for 1972-73, gave a response. The second general session was for the election of officers. Clarendon's voting delegates were

Tracy Cagle, Pat Trout, Jennie Barbee, Mac Thornberry, and Mark Boothe. The third general session summarized the events of the day. Workshops were hosted by different schools. Clarendon hosted the "Human Relations" Workshop.

The Clarendon campaign committee worked hard to get Mona elected. Mac Thornberry was a candidate for a state office. Serving on the committee were Liz Bromley, Karen Burgess, Shirley Wise, Mona Robinson, Mac Thornberry, Manager, Mark Boothe, Roy Monroe, and Ralph McGarity.

Mona was introduced with a skit. Participating were Shauna Hardin, Terry Saye, Cindy Price, Tracy Cagle, Jan Barbee, and Kim Newhouse.

The Consumer Alert

by John L. Hill
Attorney General

INSURANCE

This morning's mail to the Attorney General's Office included a letter from a woman in one of our small Texas towns, who complained that her 81-year-old mother-in-law had been misled by an insurance company promotion which was designed to look like a Medicare mailout.

The printed material did state that the health insurance for which Social Security recipients can qualify (Medicare) does not cover all costs of all care and treatment procedures, and seemed to imply that the insurance company had a working agreement to pick up where Medicare leaves off.

The U. S. Department of Health Education and Welfare, which administers the Medicare program for the federal government does not have a working arrangement with any private insurance company. And both federal and state laws prohibit the deceptive

Campaign Committee for the FTA Convention from Clarendon were Liz Bromley, Karen Burgess, Shirley Wise, Mona Robinson, Ralph McGarity, Roy Monroe, Mark Boothe and Mac Thornberry, Mgr.

trade practice of misrepresenting that there is any governmental endorsement of a private business venture.

The Consumer Protection Division of the Attorney General's Office took note of the complaint, then referred it to the State Board of Insurance for investigation or whatever action that agency might deem necessary.

The State Insurance Commissioner has the legal authority to call a hearing on any complaint of an insurance company activity if he determines that it may be a violation of the board's regulations on advertising practices.

In a little more than a year, these hearings on deceptive advertising practices have resulted in some 40 cease-and-desist orders having been issued by the commissioner.

Misleadings about Medicare have accounted for some of the hearings, since the state requires that insurance companies offering a form of coverage designed to

supplement Medicare make it "clear and conspicuous" that that is all their insurance does. They must disclaim any affiliation with the federal government and Social Security.

To prevent other possible frauds upon the consumers, the advertising of any insurance plan must state the "negatives" in a given policy, as well as the benefits offered. For instance, if a policy precludes benefits for a preexisting illness for two years from the date of the issuance of the policy, the advertising should show that.

If the policy includes in-hospital benefits, such as "\$25 per day for each day in the hospital," but those daily benefits are not payable until after the first three days, the potential buyer should be put on notice.

Most insurance companies which operate in Texas do follow the state law and Board of insurance guidelines meticulously.

But if a consumer does

have a complaint about a deceptive insurance advertising practice, he or she should register that complaint with the State Board of Insurance or with the Attorney General's Consumer Protection Division office in Austin, Dallas, San Antonio, Lubbock, Houston or El Paso.

In addition to the administrative hearings procedure for halting any fraudulent practice, the individual consumer also has an avenue for legal action under the 1973 Deceptive Practices-Consumer Protection Act.

Under this new law, a consumer may file suit himself, for triple damages and attorney's fees, if he and his attorney believe they have a cause for legal action.

Another section of the 1973 act gives consumers the right to file

a class action suit, under which they possibly could collect single damages and attorney's fees.

But a suit may not be brought for purposes of harassment. If the trial judge determines that that was the reason for suit, he can order the consumer plaintiff to pay court costs and attorney's fees to the defendant company.

The files show that most deceptive advertising practices, however, are brought to a halt as soon as we inform the subject of a consumer complaint that the practice is considered misleading.

Rhode Island, smallest state in the union, has the longest name.

It takes from 50 to 100 years to produce a tree large enough for lumber.

CHEAPER COW DIETS

Providing the beef cattle herd with an economical, yet nutritional diet will be the center of discussions at the Beef Cattle and Forage Short Course at Texas A&M University Aug. 20-21. Emphasis will be placed on using good forage in the feeding program to lower ration costs.

The use of protein supplements and minerals will also be discussed as well as different types of forage grasses and different grazing systems. An equipment display will feature new forage nipping and harvesting machinery.

When a star precedes the number on some U. S. currency, it indicates that the bill is a substitute, issued to replace one that was worn or defective.

To The People of Clarendon & Donley County

THE MURPHY FUNERAL HOME in Clarendon, presently owned and operated by Mrs. J. W. Murphy & Mrs. Louise Payne, has been sold to Maurice Schooler and Mack Gordon of Schooler-Gordon Funeral Directors in Amarillo and Delbert Robertson of Clarendon. The change of ownership will be effective December 1.

Mr. Robertson will be the managing partner here in Clarendon where he was associated with Murphy Funeral Home for many years.

In announcing the sale, Mrs. Payne and Mrs. Murphy wish to express their gratitude to all the many friends and families of Clarendon and Donley County. Mrs. Payne said it was an extremely difficult decision to make after twenty-eight years of service to this community, but due to our age other business interests, we feel we have made the right choice.

Mrs. Payne plans to devote her time to "The Tumbleweed" which features children's wear and gift items.

Highlights and Sidelights FROM YOUR State Capitol

By BILL BOYKIN
Texas Press Association

Outlook for a bleak winter grew steadily worse as the energy crisis mounted.

Speed limit reductions and year-around daylight savings-time, recommended by President Richard Nixon, may be some of their milder results.

Gov. Dolph Briscoe, assessing the president's proposals and reaction of other states before announcing his own program, said gasoline rationing is an "eventuality that will have to be considered."

Grimmest of all was Railroad Commission Chairman Jim Langdon's forecast: "Some people in Texas are going to be cold this winter." Those who use butane, propane or electricity for their heating are the ones most likely to get the shivers, said Langdon.

Middle distillate fuels, used primarily to generate electricity—and of increasing importance due to the shortage of natural gas—may also be in short supply as much as 400,000 barrels daily, according to Langdon's estimate.

Meanwhile, the Nixon administration altered previously-announced allocation policies to allow middle distillate suppliers to provide Texas customers diesel fuel, fuel oil and kerosene without limit through November.

Even in the reprieve from mandatory allocations, there was an implied warning to Texas electric utility companies: come December they may be running short of fuel oil, since allocation formulas are based on 1972 purchases. Most Texas utilities, used to plenty of natural gas, didn't use much fuel oil to fire

their boilers in 1972.

Things apparently are going to get a lot worse before they get better on the energy front.

COMMUNITY AFFAIRS CHIEF SWORN — In swearing-in ceremonies for Ben McDonald as executive director of the Texas Department of Community Affairs, Governor Briscoe promised that the department will stand ready with aid to local communities.

He said McDonald will have a team of experts ready at all times to go for on-the-scene help in community emergencies. A special long-distance telephone will be available for calls to the department. The Community Affairs department encompasses the significant drug abuse program, as well as such divisions as housing, child development, youth services, public employment, model cities, local government personnel and a number of others.

In naming attorney McDonald, the Governor said the former Corpus Christi mayor represented the dynamic leadership the Community Affairs Department needs.

GOVERNOR WILL GET REPORTS — Gov. Dolph Briscoe talked about two important study reports forthcoming from the Texas Research League — at that group's annual meeting last week.

He will soon receive a report on the impact of the federal welfare law on Texas' public welfare costs, and he revealed that TRL is working on a governmental reorganization study for the Governor's office.

Another study is being prepared by the research organization for the Legislative Property Tax committee on "state school financing."

"The legislative committee has asked TRL to prepare a plan to estimate property values in all Texas school districts," the Governor said.

During his annual talk before the statewide group of businessmen, he discussed the need for

a "zero" base budgeting system for the state, and changes in the constitution to strengthen local units of government.

Briscoe talked about the energy crisis — blaming the shortage of natural gas on the artificial "price" set on gas by the federal government.

"The crisis can be solved best by industry — not by government," he added. "The people of Texas are interested in 'less governmental' intervention into their affairs. And," he continued, "they are not interested in any new taxes."

IN THE COURTS — The Supreme Court upheld an intermediate court decision that a Houston fireman's family was entitled to death benefits and disability payments following his illness and death in 1969. The High Court said a fireman need not prove the actual medical cause of his disability to establish his eligibility for such benefits.

Court of Criminal Appeals ordered a new trial for a man convicted and sentenced to 25 years imprisonment in the beating death of a woman at a Dallas shopping center two years ago.

A Lubbock murder conviction and 10-year prison sentence were affirmed by the Court of Criminal Appeals, which ruled admissible a Texas Ranger's testimony that the defendant confessed the shooting to him.

AG OPINIONS — The attorney general's office, responding to an opinion request on political committee status, indicated to some newsmen that a broad interpretation of the new campaign reporting and disclosure act may require newspapers to report cost of editorials endorsing candidates.

In recent opinions, Hill concluded: The state can use federal funds deposited in the treasury for a program to aid pregnant women, nursing mothers, infants and children.

Fayette County commissioners court is not legally required to furnish access roads to the Col-

orado River every two miles unless it is determined to be factually necessary.

Average daily attendance of children in "institutional" school districts (like Boys' Ranch) must be considered in determining a new consolidated school district's eligibility for incentive aid on debts and buildings.

The new open records law apparently contains no exceptions that could form the basis for withholding access to complete records on workmen's compensation rolls and sales tax permits. However, Hill concluded he could not address the problem of "practical difficulties" presented by requests for the data.

LAREDO GRANT APPROVED — A \$306,894 grant was approved by the U. S. Department of Labor to help Laredo ease unemployment problems caused by closing of Laredo Air Force Base.

The total includes \$217,294 for institutional training of 90 in five occupations, and \$89,000 will be used for on-the-job training of 160 in four different occupations.

APPOINTMENTS — Kerry D. Webb of Teague will head a newly-created Office of Youth Care Evaluation.

Governor Briscoe named William C. Kleine Jr. of San Antonio, George R. Hall Sr. and John A. Heidman of Dallas and Robert F. White of College Station to the Texas State Board of Landscape Architects.

The Governor placed Dr. William J. Robinson of San Antonio; Mrs. John Hall of Weatherford; and Mrs. Earl Lockhart Jr., Dr. Clyde Martin and Mrs. J. Beatrice Hall, all of Austin, to an interim study committee on gifted children.

Appointed to a Real Estate Research Advisory Committee by the Governor were Chester W. Kyle of Kingsville, Joe W. Loper of San Antonio and Glenn W. Justice of Dallas.

Dan M. Krause of Dallas was reappointed to the University of Texas Development Board.

Cattle, Grain, Health Topics At PEP Meet Nov. 16 At WTSU

Depleted grain supplies, sharp price increases and tight supplies for the coming year characterize the outlook for grain markets. These and other trends affecting grain marketing and beef cattle production will be discussed in special task force meetings during the upcoming Panhandle Economic Program annual meeting Nov. 16 at West Texas State University in Canyon.

The task force sessions will be part of a one day program featuring Governor Dolph Briscoe and Senator Max Sherman, according to W. W. Grisham, Jr., district extension agent and PEP coordinator, and Howard Ladewig, area resource development specialist with the Texas Agricultural Extension Service and secretary to PEP.

The meeting gets underway with registration at 8:30 and assembly at 9:30. Site of the event is the Activities Building of West Texas State University, Ladewig added.

Morning sessions, he said, will be devoted to future economic and social trends as viewed by experts in the fields of agriculture and family living. Area people will be able to make an important contribution to these sessions by offering their ideas about economic needs and opportunities.

Dynamic industry changes have drastically altered the structure of the beef cattle industry as well as its impact on the supply and price outlook, according to Uvacek. Some of these industry adjustments will be discussed, along with their implications for beef cattle production and marketing on the High Plains.

The Family Living-Youth Task Force will discuss the future of family health and economics as they relate to health programs, and foods and nutrition.

The governor's address is set for 1:30 p.m. Appearing also on the program will be Senator Max Sherman of senatorial district 31.

The annual meeting of PEP, says chairman R. C. (Dick) Cline, is open to all citizens interested in the economic and social growth of the Panhandle.

Phase IV Petroleum Regulations Set Up

"Because of recent changes in the Phase IV petroleum regulations, all gasoline and diesel fuel retailers must obtain new ceiling price stickers for each pump or grade of petroleum sold," Elton W. Davidson, Administrative Officer of the Internal Revenue Service (IRS) office in Amarillo, said. New stickers are now available and must be posted on pumps by 11:59 p.m. November 21, 1973. New pump stickers and instruction-computation forms may be picked up at the IRS office at:

317 East 3rd Street
10th Floor Herring Plaza
P. O. Box H-4378
Amarillo, Texas 79101

Written requests for stickers and instructions may be made at the IRS office listed above. Retailers should specify the number of stickers they will need.

"The new stickers should be posted on each pump in a prominent position to be easily seen by the customer. The old sticker should then be removed," Davidson said. If more than one grade of gas is sold from a pump, a separate sticker must be posted for each grade. Stickers must contain the new ceiling price and the minimum octane of the gasoline. Anticipating additional changes, The Cost of Living Council (CLC) designed the sticker with four numbered blanks for inserting the ceiling prices for November 1973 through February 1974.

Under revised CLC Rules gasoline and diesel fuel retailers are permitted to increase their May 15, 1973 selling price to reflect, on a dollar for dollar pass-through basis, their increased petroleum costs. This can be done more than once a month. Whenever an adjustment is made to the maximum permissible price, each retailer must adjust his posted price.

"On the reverse side of the posting instructions is a form which dealers must use to compute their ceiling price," Mr. Davidson said. This sheet must be

retained at the service station for IRS inspection to determine compliance with the new regulations.

Public Hearings Set For Constitutional Revision Proposals

The public, members of local citizen advisory committees, and representatives of organizations interested in constitutional revision are invited to public meetings as held by the Texas Constitutional Revision Commission in cities and towns all across Texas.

The meetings will be held in 20 local areas where the Commission held public hearings prior to drafting its proposed new Constitution for Texas.

At each meeting the public and the many citizen advisors who helped the Commission will hear an explanation of the proposed new Constitution and may ask questions about the Commission's work.

The series of public meetings is being held in accordance with the Commission's legal mandate to insure maximum public participation in its work and to fully inform the public of its recommendations.

In the immediate area meetings will be held in the following places on the date and time indicated:

Amarillo — 9:45 a.m., December 3, Sunburst Room, Quality Inn, 1-40E.

Lubbock — 3:00 p.m. Monday, December 3, Texas Tech Museum, Classrooms A & B.

Now Check On Your Social Security Card

Planning on going to work or taking a job soon? If you are, Travis C. Briggs, of the Amarillo Social Security Office, suggests that the first thing you should do is check to see if you have a social security card.

If you have lost your card and have the number, you can get a new card in about a week. But, if you do not have the

number nor have never had a social security card, it will take about six weeks before a card can be issued for you. With this in mind, Briggs suggests that people should file for their social security card well in advance of the time when they will need them.

Briggs adds that to obtain a social security number, you must complete an application form and submit it to a social security office. These forms are available at your nearest post office or social security office.

If you expect to have a need for a social security card in the near future, be sure and file for one well in advance. For further information, call your social security office.

Q—How many amputees are there from the Vietnam War?
A—There are somewhat more than 5,000 among the 6.3 million Vietnam Era veterans. Of the 5,000 about 1,000 have more than one amputation. Of the total, about 4,500 are leg amputees.

Know why Plymouth Duster keeps on winning 'em over?

Your Chrysler-Plymouth dealer tells me that, in the last several years, more than half a million people have been won over to Plymouth Duster. I'll tell you: there are a lot of obvious reasons. For a small car, Duster's pretty big. Inside, it's got plenty of room for five. And behind all those people, Duster's got a trunk that holds so much. You might not believe that it's part of an economy car. Yessir, Duster's just big enough, just small enough to be just right... and so's the price. I figure that, with all the great features Duster offers, and the fact that it's nice and easy on regular gas, this '74 Duster's gonna keep that winning streak going for a long time to come.

Dr. James Underwood Guest Speaker At CC

On November 8, the "Brown Bag Seminar" at Clarendon College presented Dr. James Underwood as its guest speaker. Dr. Underwood is an Associate Professor of Geology at West Texas State University.

Dr. Underwood gave an account on the program of the Mars Mapping Program currently underway at WTSU. Among the things discussed were: the rocket ship "Mariner Nine," the geography of Mars, volcanic activity, the moons, and future explorations. Dr. Underwood told of a very interesting theory in that some scientist believe that Mars is a replica of the early development stage of the Earth.

"Brown Bag Seminars" are held at noon throughout the year at Clarendon College with featured speakers discussing topics of varied interest. The public is invited to attend these seminars which are free to all attending.

Graveside Rites Held For James I. Barnett

Graveside services for James Ira Barnett were held Monday, November 12, 1973, at 2 p.m. in Citizens Cemetery. Rev. Lawrence Thompson, pastor of the United Pentecostal Church officiated. Local arrangements were directed by Murphy Funeral Home.

Mr. Barnett, 86, died Saturday evening in Memorial Hospital at Dumas. He was a retired farmer in Hartley and Moore counties. Born December 28, 1886, in Hall County, Mr. Barnett lived in Clarendon as a boy moving to Moore County from Mobile, Alabama in 1950. He was a member of the Methodist Church.

Surviving are three nieces: Mrs. O. W. Douglas of Guthrie, Okla., Mrs. Maurice Grummer of Fort Worth, and Mrs. Mozelle Amos of Oklahoma City.

Texas Farm Bureau Continues To Grow

1973 has been a banner year in membership for the Texas Farm Bureau, reports TFB President J. T. (Red) Woodson. The organization scored its biggest membership gain in history, he said.

Total membership as of Oct. 31 (end of the organization's fiscal year) was 152,380 member families, a gain of 15,437 over last year, making the 21st straight year for the TFB to show an increase in members. Tabulations were completed Nov. 6.

All of the 209 organized county Farm Bureaus registered an increase in membership Woodson said.

Veteran News

Q—I would like to know who my husband has designated beneficiary of his government life insurance. Where may I obtain this information?

A—This information can not be disclosed to anyone other than the insured or his duly appointed fiduciary during the insured's lifetime, unless authorized by the insured or his fiduciary.

Q—Is there a limit on the amount of G. I. loan a veteran can get?

A—The amount of the home loan is a matter between the veteran and the lending institution. However, there is a maximum on the portion of the loan that the Veterans Administration can guarantee — 60 percent of the loan, not to exceed \$12,500.00.

Q—I am insured under a "V"-prefixed National Service Life Insurance policy. Can I take out more insurance?

A—Yes. A recent law (92-188) allows veterans with that type of coverage to buy up additional life insurance with their annual insurance dividends. Write the insurance center where you pay your premiums (St. Paul or Philadelphia), if you have not received an application form.

Q—Can a service-disabled veteran who received a VA automobile allowance be reimbursed for the special adaptive equipment more than once?

A—Yes. Payment may be made to the seller of the equipment or reimbursement to the veteran, under certain conditions, when the equipment requires repair or replacement.
