Mandatory usage of child safety seats effective October 31

The Texas Coalition for Child Passenger Safety will join other groups in providing information and education to the public during Texas Child Safety Seat Education Week August 27-September 1, according to Dr. Ben H. White, outgoing chairman of the statewide group.

The special observance was declared as a result of a House Concurrent Resolution passed in June by the Legislature and signed by Governor Mark White. The resolution was introduced by Representative Chip Staniswalis of Amarillo.

In the same Legislative session mandatory usage of child safety seats was enacted and will become effective October 31, 1984.

"This special observance week is an excellent opportunity for citizens to become familiar with the new law and to find out about statewide and local efforts to help citizens comply," said Dr. White.

The new law will require residents of Texas to transport children up to two years old in federally approved child safety seats and children from two up to four years old in the child safety seats or safety belts.

An offense is punishable by a fine of \$25 to \$50, and the Court shall dismiss the charge if the person shows proof of acquisition by purchase, loan, or rental within 10 days after the offense.

The law exempts violations involving a person operating a vehicle for hire and a person transporting a child in a vehicle in which all seating positions equipped with the child passenger safety seat systems or safety belts are occupied.

Although the new law becomes effective October 31, 1984, fines will not be assessed until January 1, 1985.

A key effort underway since March is the SAFE RIDERS program being carried out by the Texas Department of Health in cooperation with the State Department of Highways and Public Transportation. It is a statewide public awareness campaign on the benefits of using child safety seats

correctly and consistently. In addition the program includes a more intensive demonstration project on public awareness and services in the Dallas-Fort Worth area.

Information and literature about child safety seat usage can be obtained through the program's Spanish and English information line 1-800-252-8255, which operates from 8:00 a.m. to 5:00 p.m. Monday through Friday.

A statewide Child Passenger Conference will be held September 13-14 in Austin under the sponsorship of the SAFE RIDERS program, the Texas Coalition for Child Passenger Safety, Texas Chapter of the American Academy of Pediatrics, Center for Health Promotion Research and Development-UT Health Science Center at Houston, Texas Medical Association, Texas Medical Association Auxiliary, Texas Pediatric Society, and Texas Safety Association.

The conference will include workshops on operating loaner programs, obtaining funds and resources for child passenger programs, organizing a community discount sale, and facts about the new law. More information on the conference topics and registration

4-H Horse Project to have Play Day

Donley County 4-H Horse Project is having a Play Day Saturday, August 18 at 7:00 at the rodeo arena. Unlike the other playdays this year, this playday will feature only team events and instead of riding for ribbons the contestants will be riding for ice cream. The first place team award in each age group will be a Dairy Queen malt or milk shake. The second place teams will win double dip ice cream

can be obtained through the SAFE RIDERS information line 1-800-252-8255.

Resources materials on correct safety seat usage, starting loaner programs, holding low-cost seat sales, and other community activities will be available to the public through the SAFE RIDERS program.

Many private and public sector organizations have been active in educating parents on the proper use of child safety seats and helping them obtain the devices, according to Dr. White.

Greene's could have been victim for a second time except for deputy

While on routine patrol Wednesday, August 8, about 2:06 a.m. Deputy Butch Blackburn observed a male wearing dark pants and a blue shirt with a white stripe on the side, allegedly attempting to break out a window at Greene Dry Goods Co., which is located at 206 S. Kearney.

The man ran east across Kearney Street, disappearing into the drainage ditch. Another man was seen in the ditch and the two men ran north down the drainage ditch where the officer lost them.

Deputy Blackburn followed the tracks to Highway 70 and lost them at the bridge construction sight on Highway 70.

Blackburn then sighted a vehicle parked at the rest area on Highway 287 across from Clarendon College.

After checking, it was found that the 1977 Olds was registered to a Donald Ray Steptoe. Deputy Jim Shadle joined Blackburn and they waited at the vehicle until Steptoe and another man, identified as Woodrow Richardson III appeared at the vehicle. Both men were questioned and taken to Donley County jail at 5:08 a.m.

Greene Dry Goods' display win-

dow was broken and approximately \$1,000 of merchandise was taken Sunday, August 5. This alleged attempt to break into the store fit into the same pattern as the August 5th burglary.

The two men were charged with criminal conspiracy. Richardson posted a \$5,000 bond and was released. Steptoe is still confined in jail.

7 inches of rain falls in parts of county

A large portion of Donley County received moisture starting Wednesday afternoon and continued through Sunday night. As much as seven inches have been reported in some parts of the county.

The cotton crop was looking good but this rain was beneficial to it. It probably made the difference between a good cotton crop and a poor one. The cotton had not suffered from the lack of moisture as much as the grain crop and the pastureland.

Some ranchers reportedly had been selling off their herds because of the lack of grass. This was the first general rain the county had received all year.

The rain was the heaviest between Hedley and Memphis. The rain fell so hard Wednesday afternoon, cars were pulling off Highway 287 because they could not see to drive.

Did you know?

Our present highway system is one of the finest in the nation. It is a valuable asset to our state and to each of us as Texans. To extend the useful life of our road system, and to protect the \$60 billion investment which it represents, we must remain committed to the task of maintaining it in good condition.

In today's dollars, that \$60 billion translates to over \$100 billion invested in our highway system. To protect that investment, the State Department of Highways and Public Transportation is shifting its focus from construction to maintenance and preservation. Only about 9% of the State budget is designed for highways - and although legislation has provided for general fund transfers that will assure a highway work program equal to \$750,000,000 in 1979 dollars, this amount is insufficient even to maintain our highway system in its present condition. The life expectancy of a highway is roughly twenty years; much of Texas' highway network is now well over 25 years old. Repairs are essential if these older highways are to remain useful - but the present funding level makes no provision for these repairs. Moreover, it does not provide for the new highway construction that becomes more and more necessary as our population grows.

The rapid growth of cities in Texas has increased the urgency of a long-standing problem: urban mobility. Many Texas cities are finding their downtown business areas so clogged with traffic as to seriously curtail accessibility. Solving these traffic problems must become a priority in highway project funding.

As a church school, our Academy is dedicated to helping you mold your children to God's honor and glory, that we might turn this nation back to the Biblical principles America was founded upon. We at the Calvary Baptist Academy are in the business of training young people today to be the Christian leaders of tomorrow.

We stand ready to help you fulfill your obligation before Almighty God in raising your children to take their position successfully in today's society. I urge you to consider a church school education for your youngster now. Nothing else can provide them with greater future security. It will pay eternal dividends. Recall for the Governor

By: Ben Ezzell, THE CANADIAN RECORD, July 12, 1984.

Losing freedoms in a Constitutional democracy such as ours is a matter of chipping away at bits and pieces...a sort of war of attrition waged by the political leaders of the moment against the legal restraints that limit their powers to reform the system.

It is sometimes necessary, in the interest of progress, or for the preservation of order in emergencies, or in recognition of changing times, to give a little ground to the governing group, but we must always give way grudgingly, and carefully.

We Texans may have given away a much bigger chunk than we yet realize when we allowed our legislators to pass the public school reforms demanded by Ross Perot and Governor Mark White last week.

Mark White had more political clout, or maybe Ross Perot had more money, than most of us realize when that unlikely duo "railroaded" (that's the Governor's own term); the school reform package through a special session of the Legislature.

In the course of it, at any rate, they succeeded in destroying an elected Board of Education and substituting a smaller and more maneuverable board to be appointed by the Governor himself, presumably with Perot's blessing, to wield formidable new powers over our local (and elected) school district boards.

Although the huge new tax package which that worthy pair pushed through along with its school reform package may take a painful enough bite out of the taxpayers to stir a political storm in a few months when the full impact begins to be felt, greater damage may have been done in irretrievable loss of local control over public school education in this state.

It may become irretrievable, at any rate, if we permit that power to become consolidated in the hands of the fifteen people appointed to the State Board of Education, owing allegiance only to the Governor and his controller.

A regular, and Constitutional, session of the Legislature is coming in January. A concerted statewide effort needs to be organized now to un-do much of the White-Perot "Railroad Act of 1984" when the Legislature convenes again. There are Constitutional safeguards in a regular session procedure which were not present in the Governor's special session...safeguards which demand more time, more careful consideration of bills, and more than a simple majority vote to ram them through...safety factors not present under the special session rules.

Your own representatives, Buck Buchanan, Foster Whaley, and other members of the Panhandle delegation in the House of Representatives, held fast under pressure against the "railroad act". Let them hear your appreciation, and assure them of your support in the future.

Your own State Senator, Bill Sarpalius, held out but gave in finally to the steamroller. Let him hear from you, too...it might stiffen his backbone.

A great deal more is involved here than a pay boost for teachers, which the teachers themselves are finding now was largely a fraud. The future of our public school system is at stake...and beyond that, of local control over almost everything connected with public education.

An important chunk of your freedom has been chipped away this summer, and it may be gone forever unless Texans take action.

A recall election for Mark White might even be in order. It probably wouldn't work, but it might generate enough steam to warm the seat of his government uncomfortably.

Ashtola -Martin News

By Naomi Green

Mr. and Mrs. Tom Shadle, Jim, Susie, Shay and Traci along with LaRue Pitman and Lucille Koening-er of Amarillo and Cheryl Hand of Canyon were among the fifty persons who attended the Koenginger family reunion at Plainview week-end before last. Louise was the only one of the original Koeningers to attend as her only living brother was unable to attend.

Dr. Frank and Christine Brough of Oklahoma City came to Amarillo to see their son Lonnie Brough and on to Clarendon to visit Lily Knox

over the weekend.

Jerry and Gloria Gray of Canyon and Ismanell and Vance Gray spent the weekend in Adair, OK visiting Larry Gray. Weather was pretty as they had enjoyed an inch of rain there Thursday. However more rain is needed as the pastures looked brown and droughty in that area.

Jerry, Mary, Christel, Little Jerry and Horace Green were in Portales, New Mexico Saturday looking at some peanut operations. Too much rain there is wreaking havoc with cotton, corn looks good.

Beth Payne and a friend, Steve, of Fritch brought Tiffany home from the Doerrie farm Saturday. Tiffany went home with Patricia last week. Jerome took the girls fishing and Tiffany caught five fish. Charlotte Payne stayed at Booker for a week visit with the Doerries.

Ray and LaRue Pitman and Billy Mack and Mrs. Pitman of Amarillo were down for the Martin reunion. Louise Shadle attended and reported that there were about fifty there and it was voted to have it every other year rather than annually.

Jim and Susie Shadle have returned from Dallas by way of Jacksboro and reported it wet there. It has been so dry in the area that they could not water yards. Stock water has been a problem as there had been no run-off water for creeks and tanks.

Melba Risley was in Lubbock last week helping Leane and Richard move. Leane will be teaching there and Richard is in banking.

Horace Green visited with Joe Green at Canyon Monday. Joe and Rodney have enjoyed several week-ends in Red River and attended a music festival in Oklahoma.

Mr. and Mrs. Lloyd Risley visited the Don Mathersons in Claude Saturday night.

Lloyd's cousin, Anthony Lago and family of California spent Monday night with the Risleys.

Mr. and Mrs. J.R. Brandon attended the Top of Texas trailer rally Friday at Lake Meredith Harbor. The Richard Salmons hosted the rally. They toured the dam, visited and had wonderful eats. The Brandons came home Sunday by way of Claude and visited Jimmy Lee and Don Mather-son.

Claude Spivey had three brothers to visit him recently, Harold from Bowie, C.W. and wife, Virginia and daughter, Christie of Altus and Ira and wife Tommi of Amarillo.

Eadith Spivey and Oleta Lane went to Ralls to help with Claudette Marie over the weekend. Kay had a reaction to some medication.

Recent visitors in the Claude Spivey home were Mrs. Raymone Stafford of Lebon, Mo., A.E. "Boss" Stafford and Mrs. Zora Turner from Roswell.

Larry Green was in Panhandle Sunday evening to fetch Jason and Lori for a visit with Clarendon relatives.

Those to attend the Graham family reunion at the Ashtola Community Center last weekend were Robert and Elizabeth of Plainview, Mary Rush and four grand-children of Portales, New Mexico, Don and Paula Graham of Sunray, Doyce, Viola and Mike Graham, Doyce Jr., Linda and daughter of South Carolina, Allen and Winnie Graham of Panhandle, the Jitter Graham family and Lena Mae Graham.

There will be a meeting of the Board of Directors for the Ashtola Community Center Thursday evening at 7:30 p.m. at the community center.

Quessenberrys attend Mary Kay seminar in Dallas

Stan and Lorette Quesenberry of Clarendon have just returned home from three days of intensive sales and product training in Dallas as a participant in Mary Kay's 1984 national seminar.

More than 30,000 independent beauty consultants and sales directors flocked to Dallas between July 23 and August 4 to attend one of four consecutive three-day meetings. Since 1984 is an election year, this year's multi-million dollar seminar was appropriately entitled "Share the Spirit."

To enable Mrs. Quesenberry, who joined Mary Kay in March, 1983, to share the Mary Kay spirit in the months ahead, dozens of specialized classes were held each day in product knowledge, color selection, sales training, business management, goal setting and other valuable tools for success.

Besides intensive training, company founder and Chairman of the Board Mary Kay Ash also uses the annual meeting to personally reward and recognize the outstanding achievers of the past year. During four identical Award Night extravaganzas, the company distributed more than a million dollars worth of fur coats and jackets, luxury vacations, shopping sprees and gold and diamond jewelry.

Mary Kay Cosmetics, Inc. is an international manufacturer and distributor of premium skin, hair and body care products, cosmetics, toiletries and fragrances. Net sales for 1983 were \$323.8 million.

Pen of Pastor Pinion

Sundays are very important, especially in these perilous times. I believe what we receive in the services on Sunday, hinges on some important things that I desire to list below:

1. We ought never to do anything Saturday night that would hinder our being in Sunday School, Sunday morning. Sunday morning worship begins Saturday night.
2. We ought to pray and read the Bible before we get to Church. This prepares our heart for the services.
3. We should be concerned about the services. Do everything we can to make them a success.
4. We should put on a smile and greet everyone with a warm greeting.
5. We should always bring our Bible and take notes of the lesson

and message. It will mean more to you. These are good guidelines for our participation in the services.

The Lions Tale

By Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall with 23 members, Lion Sweetheart Jessie Adams and 6 guests present. Following the regular opening ceremony, Lontamer Messer introduced our guests. Russell and Roger Estlack were the guests of their father, Lion Allen Estlack. David Smith was the guest of his father, Lion Don Smith. Donald Gooch was the guest of his father, Lion Ronald Gooch. Jean Stavenhagen, high school librarian, was a guest of the club in honor of her

birthday which is during the school year. Following several announcements by Boss Lion Lovelady, Lion Donald Smith introduced our program which was given by our Zone Chairman Charlie Prickett of Howardwick Lions Club. Plans were made for advance sales by our members of tickets to the Annual Lions Pancake Supper to be held September 14th. See any member of the Lions Club for your tickets.

A starfish can be cut into sizable chunks and each piece will grow into a completely whole starfish.

Senior Citizens News

Thanks to everyone that donated to the purchase of the tray slide rail. Thanks to Barney Baten and Fred Hamilton for going to Amarillo after it--and a big thanks to Woody Argo, Charlie Norton and Fred Fortenberry for getting it put up. Thanks to our good neighbor, Don Stone, for furnishing the screws to attach it to the counter. You are a great bunch of people, I'm so proud of every one of you.

Thanks to Aileen Moore and Lela Norton for more quilt scraps. Carmen had forty-seven to come by for blood pressure checks on Monday, August 6th. You have all been so great to fill

out the information sheets we needed for our file. We really appreciate your cooperation.

I (Jean Baten) just recently completed a course in Cardio Pulmonary Resuscitation (more commonly known as CPR). I passed the test and am certified to administer CPR. We truly hope it is never needed. I was so impressed with the course that another class was scheduled here at the center for our employees and towns people. Janice Johnston is the instructor for the class that started Saturday, August 11, 1984. Janice has been great to coordinate these classes and assist us when needed. Janice

we do appreciate you.

The Board of Directors met in regular session on Wednesday, August 8, 1984. Major items of business was the proposal application for Federal assistance to help with our nutrition program for 1985. This proposal is now complete and ready to be submitted to the Area Agency on Aging office in Amarillo for review.

Frank and Goldie Barbee treated the Dance Club to a hamburger supper on Saturday, August 11th. Other folks brought cake and homemade ice cream to compliment the supper. Thirty-two people enjoyed this treat and an evening of visitation and fellowship.

Thursday, August 16, 1984, we will have a bar-b-que chicken supper before games. Starting around 6 p.m., come and enjoy the evening with us.

Coming Events: Monday, August 20th - Blood Pressure Check 9 a.m.-1 p.m.; Dance Practice 7-9 p.m.; Tuesday, August 21 - Dance 8-11 p.m. at the Lions Hall; Thursday, August 23rd - Game Night 6-10 p.m.; Friday, August 24th, Arts & Crafts 1 p.m.; Exercise every morning at 11 a.m.
