stitutional amendments. These amendments have been published for your study and consideration. Give them serious thought. Our freedoms are gradually being taken away from us through just such measures. You will find a sample ballot in this issue of your paper. Study it before going to the polls. It is being run as a public service by the Donley County Leader. Regardless of how you vote the impor-

tant point is GO VOTE. Amendment No. 1 concerns increasing the Tax Rate for the college building program, adding schools and changing allocation of funds. This will benefit, for the most part, senior colleges, growing in number and constantly in need of funds to meet an increased enrollment. Opposition has been based on the effect of outstanding bonds for state college buildings and the fear that institutions which are growing more slowly will have insufficient

Arguments for the proposed amendment are to the effect that the Kerr-Mills type of medical assistance to needy people is preferable to Medicare. Many feel that our Legislature must have broader powers to adjust to federal requirements to maintain other welfare programs based on need. Opponents object on the grounds that the federal are urged to call 874-2421 and list government will hold more control over what welfare programs the State can have and what type of programs these will be. Too much would depend on the limits of Congressional liberality and

White Deer Bucks Trounce Broncs 40-14

By Tom Higley The White Deer Bucks, ranked number two in the United Press International football poll for scheduled for 7:30 p.m. each Texas schoolboys, gave Clarendon fans a preview of possible things to come in the state Class A race as they pounded the hosting Bronchos, 40-14, last Friday night.

The loss knocked Clarendon out of a tie for first place with the Mr. and Mrs. Frank Hardin and rockets. Now the Bucks and Rockets must play for the Dist- over. rict 2-A title and that clash will come about Friday night.

White Deer let little time pass from the scoreboard before drawing first blood as halfback Vernon Marlar dashed 10 yards for a score with almost 10 minutes left in the first quarter.

Buck halfback Gary Smith followed with two quick touchdowns, one on a 62-yard dash and the other on a two-inch plunge and tackle Johnny Mooney kicked the first of four perfect conversions and White Deer was off quarter lead.

Only 11 seconds were gone in the second quarter when Randy Elliott caught the Broncho defenses napping and set sail for a 53-yard touchdown dash that increased the Bucks lead to 25-0.

Starting a furious scoring session with 2:21 left in the half for both teams was Marlar when he added his second six-pointer on a two-yard plunge over left tackle. On the next series of downs, the Bronchos were unable Mrs, Jimmy Miller of Amarillo; F. to move, kicked to White Deer and Calvin Luman started passing for the Bucks.

Mighty Mac McClellan found one to his liking and grabbing the ball on the C13, the 130 pound sophomore found it clear running the City Hall. for 87 yards after Luman made a last-second tackle attempt on the WD10.

kind of American he is, personifies the dedication of this country to upholding principles that ave brought it greatness. I received a letter this week from ny young soldier friend, a boy from a small Panhandle town. It was the first letter I'd received in six months. I'd heard from him n September, 1964, when he wrote from Fort Hood, Texas, to ay that he'd been in the Army for five months and had "voluneered for Vietnam three times.' He wrote, "They keep saying they need volunteers, so I volunteered and it seems to do me no good at all." He closed his letter by saying, "Sir, I truly believe what President Kennedy said on January 29, 1960 in his inaugural address when he said. . . 'Ask not what your country can do for you but ask what you can do for your country.' " I asked the Pentegon to look into this matter, was informed that a security clearance of Secret was being obtained for the young private so that he would be eligible to apply for duty in Vietnam, and then

learned that an administrative

mixup had occurred and that the

young man had been further de-

layed. I asked the Army to do

its best to help him. The young soldier's latest letter to me, dated October 10 from Bien Hoa, South Vietnam, is one I'd like to share with you: "Dear Mr. Rogers: This letter will be real informal, but I wanted you to know that I am in Vietnam. I want to say once again thank you for all the help you have given me. This place is in bad shape, but as always I know that the American people will be able to give the Vietnamese people the peace they are looking for. I know that over here that if it's God's will that I die fighting for these people then my life won't be in vain. I hope the people back in the States understand that when an American life is taken, his life was given trying to give these people the way of ife that only an American knows. We all know that we are fighting for peace and that these people will have the freedom of worship, which is most important of all. This is my true feeling and I hope many more Americans share this feeling with me." So closed young American GI from the Texas Panhandle.

GRAZING DIVERTED ACRES Acreages diverted under the feed grain and wheat programs may be grazed begining November 1 provided rye has not been seeded on this land with ACP assistance. Any rye seeded under the ACP Program cannot be grazed until after February 1

The release of diverted acres is for grazing only and no crops can be harvested from the land. MARKETING QUOTA

FOR COTTON

USDA has announced a national marketing quota of 15,267,-000 bales and national acreage allotment of 16 million acres for the 1963 crop of upland cotton. We have not received our county allotrient yet; however, the share that Texas got was 6,799,390

November 23 has been set as the date for the referendum on 1966 upland cotton marketing quotas. Allotment notices will be mailed prior to this date.

The pending farm bill contains numerous changes in provisions of law for upland cotton. While legislation does not change requirement for establishing by October 15 a minimum national acreage allotment and marketing quota, it would enable producers to voluntarily reduce cotton plantings and become eligible for payments.

Details of the cotton program will be announced as soon as possible after it is enacted into law. The new program should result in a lower production than national marketing quota of 15,267,-000 bales.

USDA BUILDING

Work is progressing very nicely on the new building which will house the USDA agencies here. "Doc" Higgins of Amarillo is the contractor and owner of the building which will be located directly to the south of the post office. Ample parking space and the agencies being under the same roof will make it more convenient for all. We plan to be moved into the building by Jan-

WEST TEXAS BUFFS LOSE TO NEW MEXICO AGGIES

The West Texas Buffaloes lost their game to New Mexico State by a score of 10-2 in a tilt in Buffalo Bowl Saturday afternoon. A disappointed crowd of Homecoming fans watched in dismay as the Buffs played one of their poorest games of the entire sea son. It was a bad day for the Buff offense and protection for quarterback Hank Washington was poor. Only 12 of 29 passes were completed for a total of 99 yards.

Buffalo Head Coach Joe Kerbel will be trying to get his offense rolling this week when the Buffs will engage Memphis State in the New Memorial Stadium at Memphis.

The Buffs will play their last home game of the season Saturday night, November 6, when their foe will be Drake University. Game time is 7:30 p.m. Tickets are now on sale here in Clarendon for this last home game and cream, milk. may be purchased at the Chamber of Commerce office.

Amendments No. 4 and No. 10 are in regard to four year terms for Governor, other top State Exocutives and Representatives. It has been pointed out that 36 states now have four year terms for their governors and five other states have plans for change by 1967. Arguments for the change RUMMAGE SALE SPONSORED hinge on time to learn office routine ,accomplishing improvements, and time for campaigning. Opponents feel that officials elected for a two year term remain in closer contact with their constitutients and that re-election is not too great a problem for a competent official. After all, a lemon in office can do nothing constructive in an added two year

teacher retirement and broaden- improvement of the quality of ing investment policy. Teacher groups generally favor the

amendment. Those against the amendment feel the amendment would allow too free an investment policy. If this amendment should be adopted further corrective legislation would probably be needed in the future to regulate State and Federal relations in regard to retirement pensions
