Sheriff-elect meets with commissioners

Donley County Sheriff/Tax Assessor Elect Truett Behrens met with the Commissioners Court at their November meeting Monday, Nov. 8, to outline his planned changes for that office.

Behrens submitted requests to the commissioners, 'for their consideration.' he will officially take office as Sheriff/Tax Assessor Jan. 1. 1977.

Behrens' request involved the number of personnel needed to work in the two combined county posts and the salary to be paid to these employees.

Behrens said he would like three employees in the tax office and two county deputies to assist him with law enforcement. He added he would probably need a third deputy sometime later if the Hedley community loses its current night watchman.

Out of this would come the three tax office positions, two deputies and the Sheriff's

According to Knorpp, no retail goods are sold at the store and, because of this, the business would not be direct competition with any established

Clarendon merchants. Breedlove said the business employs 20 to 30 persons.

City officials are currently investigating the possiblity of moving the City Hall offices back to the old City Hall location on Hwy 287. Knorpp estimated money received from the sale of the present City Hall would pay for the move and any renovations needed on the building.

and accounted for three of Memphis' four touchdowns. The Cyclones amassed almost as many yards in the air as they did on the ground, 148 passing to 168 yards rushed.

For Clarendon fans, the most exciting moments of the game came early. After receiving the opening kickoff, Memphis was intercepted by Broncho Howard Weatherton on their second play of the game.

His run-back put the Bornes to work on the 45 yard to line of Memphis. Clarendon put together four first-down efforts, two of them gained in crucial fourth down efforts. The drive faltered within the Cyclone 10 yard line. however, with Clarendon facing a 4th down situation with 31/2 yards to go. A field goal attempt by John Hall was wide and Clarendon's chance for points faded.

The Memphis offense came right back, beginning their first scoring drive of the night from their own 20. The

As the half ended, Clarendon trailed 14-0.

After receiving the op-ening second half kick-off, the Bronchos again failed to put together a crucial come-back offensive drive and were forced to punt. As soon as the Cyclone punt returner got his hands on the spiraling ball, he didn't let go of it until he'd carried it across the Broncho goal line for the night's third score. The 65 yard run-back put Memphis ahead 20-0 with most of the third quarter left

Clarendon's defensive unit pulled together late in the third quarter to stop another Memphis scoring threat on the Bronc 12 yard line. The ball went over on downs to Clarendon at the 14. Broncho Rarry Schafer carried it for a long gain a few plays later, advancing Clarendon to their own 30. A bungled hand-off was lost on the next play. however, and the Cyclones recovered on the 33 of Clarendon. With 2:04 left in the third quarter, Memphis was set up for their final scoring effort of the game. As the quarter ended. Memphis once again crossed the goal line with a 12 yard pass play. The extra-point kick was wide but without it Cyclones' led 26-0.

Memphis scored again in the fourth period, but a personal foul call nullified it. The penalty yardage made it 1st down again but from Clarendon's 27 yard line. The Bronchos contained them for the next four downs, the drive ending with Broncho Tony Wallace batting a pass down in the end zone.

It came too late, but the Bronchos put together their longest offensive effort of the night in their final possession. Starting from their own 10 and aided by a roughing the kicker penalty. they managed to progress to the Cyclone 15 yard line before the clock ended their scoring hopes. Final game score was 26-0.

It was also the Indians who first introduced eating oysters to the settlers. During the three-day feast, they even set a precedent for our Thanksgiving holidays today--they participated in races and athletic events. Just think of how many big athletic events are held in the U.S. that weekend.

With our connections, we can supply all the gas you'll need.

Lone Star's existing gas reserves will meet the requirements of all of our customers for the next 121/2 years, based on 1975 consumption rates.

What about the thirteenth year - and beyond - when these

reserves are depleted?

Fortunately, Lone Star is in a position to buy new gas reserves that could last our customers far into the 21st century.

We're in the right place at the right time. And we have all of the right connections.

Lone Star's pipeline system enters eight of the nine major gas producing areas in Texas and Oklahoma.

Our transmission lines cross areas which contain over 50% of the remaining on-shore gas reserves in the continental U.S.

This strong network puts Lone Star in one of the most favorable buying positions of any natural gas company.

All we need is the money to buy ahead. The price of gas will keep increasing, because producers will have to drill much deeper and more costly wells to develop new reserves.

It's going to take a lot of money to secure this area's share of these reserves. Unfortunately, Lone Star's ability to bid successfully for new reserves hinges greatly on the existence of adequate rates for the gas we sell.

The time to begin an aggressive resupply program is now, while we have a competitive buying edge and while economical gas is available.

With a fair return on our necessary investment, we can make the long-term financial commitments that will assure our customers all the natural gas they'll need for decades to come. And we will.

"You see, a friend doesn't go on a diet when you are fat. A friend never defends a husband who gets his wife an electric skillet for her birthday. LONE STAR FILES FOR RATE INCREASE

[Clarendon], [November 5, 1976]--Lone Star Gas Company's local manager, A.E. Swearingen, today filed an application for a rate increase to provide the company an 8% rate of

Swearingen said Lone Star's distribution system serving Clarendon earned a 1.09% rate of return in 1975 and that \$28,536.00 is required to correct the utility's revenue deficiency. He explained that Lone Star has experienced increased costs of operation due to the current inflation, and unrecovered costs of purchased gas which substantially eroded utility earnings.

In June of last year, the Railroad Commission authorized Lone Star to recover 85% of its increase in the average cost of gas |above a base of .72 cents] from residential and commercial deliveries at the city gate. During the fourteen months ended August, 1976, Lone Star had unrecovered gas costs of \$14.2 million for gas delivered at the city gate for residental and commerical customers.

"These costs result from the rapidly rising gas prices during the last few years. For example, our average cost of gas climed from 18 cents per thousand cubic feet in 1971 to \$1.03 in June of this year, a 472% increase. Utility earnings declined from \$23.3 million in 1971 to \$13.1 million in 1975, or 44%," Swearingen said.

The company's application would raise the average residential customer's bill about 1.41 cents per month, based on 8 Mcf |thousand

Welcome back to Colt Country.

The last two weeks of football have been real hectic. The Colts beat Memphis in Clarendon last Thursday. Two tough Shamrock teams will come to town this week and to add to our problem, this week is 6 weeks and quarter test week. Get an Irish but study, study, study! The "Colts Corral" is short and sweet this week because of all the things above, so lets get on with it!

Donley County Senior Citizens Singing Sunday

The regular Singing was held at the Center at 103 East 4th Sunday at 2:20. There were thirty-six who signed the register. These singings are for everyone-whether teen-agers or ninety years of age. The singings are really informal and are enjoyed so much by the group whether they like to sing or just listen to the old hymns or even the songs that were sung in school over fifty years ago.

The Halloween Party was a huge success. There was more than plenty to eat. Games of 42, bridge, and checkers were enjoyed by the forty-two people who attended the party.

Don't forget this Friday is the birthday party. So if you know anyone who has a birthday in November, they are especially invited. And, as you know, there has to be more than the honorees to have a party. Bring a salad and come on to the Center at 103 East Fourth, and we will eat around 7:00 p.m. If anyone needs transportation either going or coming, just call 2665 and a way will be provided.

Don't forget the blood pressure clinic next Monday afternoon.

THANKS FROM THE HIGHTOWERS

Colleen and I are deeply grateful for the confidence you demonstrated in the Hightowers at the polls on Nov. 2. We are told that the 95,364 votes are more than any candidate for Congress ever has received in the history of the 13th Congressional District. It is truly a wonderful feeling to have the support of nearly 60 per cent of the voters, and you can be sure that I will spend 100 per cent of my time during the next session of Congress working for all of the residents of the District. It has been an honor to serve as your Congressman during the last two years, and I am looking forward to continuing to represent you. My staff and I always will be at your disposal, and I hope you will not hesitate to let us know when we can be helpful.

Reed-Springer wedding Oct. 16

Miss Patsy Ann Reed, daughter of Mrs. Clyde Reed and the late Mr. Reed, and Don Springer son of Mr. and Mrs, Ross Springer of Hedley, were united in marriage in a pretty ceremony on Oct. 16 in the home of the bride's mother.

Rev. Bill Curry pastor of the First Baptist Church of Lakeview, performed the double ring ceremony before baskets of yellow and orange galdiolas centered by an arrangement of camellia leaves which was accented by a bow of white satin and wedding bell. The bride groom and his best man, Harold White of Hedley were waiting in front of the mantel

when the bride entered. The bride, given in marriage by her brother-inlaw, Eddie Piland chose a gown of apricot Quiana.

For something old, she

carried her sister's Bible. Something new was a necklace given to her by the groom. Something borrowed was a sixpence belonging to Dena Barlett. Something blue was her garter.

Mrs. Joy Piland of Colorado City was her sister's Matron of honor.

Mrs. Reed's grandson, Mark Piland served as usher corsage from her bridal to seat the mothers and other guests. Immediately following the ceremony, a Hedley where the groom is reception was held in the engaged in farming. dining area of the home. Miss LaMoss Springer, daughter of the groom and
