CLAUDE UPSETS COLTS IN THURSDAY NIGHT GAME

The Clarendon Junior High Colts took their first defeat of the season at the hands of the Claude Junior High team in a game played at Broncho Stadium Thursday night. The Colts were on the short end of a 26-8 score. This leaves them with a 2-1-1 record.

Claude scored the first TD and extra points to be followed by a Colt TD racked up by Joe Yankie. James Shadle added the extra point to tie up the tally. Claude then took the ball on the kick-off and on a sensational play reached paydirt for 6 more points but the conversion failed leaving the halftime score at 14-8. Claude came back in the second half to score two more TDs.

In commenting, Coach Bromley stated, "We just got beat. The boys played a good game." And though the score may have sounded one-sided, the game was a good one with the Colts in there battling to the end and threatening to score in the final minutes of play.

The cheerleaders had a nice skit and program for pep rally Thursday. And as always, team members and the coaching staff appreciated the support given them by their fans.

Thursday night's game here should be a good one. The Colts play White Deer; Game time 7 p.m. White Deer is undefeated. The Colts will be in there to recover from their defeat and hold their present standing.

All fans are invited to come out and see a good game. Playing time is 7 p.m. at Broncho Stadium.

ACCIDENT AT GREENBELT DAM SITE INJURES TWO

An accident at Greenbelt Dam site about 9 a.m. Wednesday morning injured two men when the diesel truck they were operating overturned. Murphy Funeral Home ambulance answered the call and carried the injured men to Adair Hospital where they are under treatment.

Involved in the accident were Maurice Patterson, age 35, and Claude Fisher, age 44. Patterson received head injury and possible hip injury. Both men were covered with diesel fuel and Fisher received inhalation burns. The truck was owned by the R. N. Adams Construction Company.

Miss Theresa Mendes of Amarillo was a week end guest in the home of Mr. and Mrs. Homer Bones and Jerry.

JUNIOR HIGH BAND PLACES FIRST AT HEDLEY COTTON FESTIVAL

For the second year in a row the Clarendon Junior High Band placed first in the Junior High School Band division at the Hedley Cotton Festival Parade at Hedley Saturday afternoon. For this honor, the local group was presented a lovely trophy.

The band under the direction of Phil Anthony numbers sixty-two this year and is made up of sixth, seventh, and eighth grade students. Drum Major is Kent Heath, son of Mr. and Mrs. Hershel Heath.

Competing this year with Clarendon were bands from Memphis and McLean.

BERNIE GREEN RECEIVES AMERICAN FARMER DEGREE RECENTLY

Bernie Green of Clarendon, son of Mr. and Mrs. Horace Green, was among the more than 350 representatives in the field of agriculture to be honored at a dinner held during the three day Future Farmers of America convention held in Kansas City, Mo. October 12-14. Attendance at this year's convention passed the 12,000 mark.

Green was presented the American Farmer Degree, the highest degree awarded on a national basis in FFA work at the National Convention in Kansas City. This honor is awarded to approximately one out of 1000 young people working toward this degree. He also holds the Lone Star Farmer degree, the highest degree awarded on the State level.

SISTER OF LOCAL RESIDENTS DIES IN OREGON

Word has been received here of the death of Mrs. Gertrude Wiedman Hardesty in Salem, Oregon. Mrs. Hardesty, sister of Mrs. Julia Heuer, Mrs. Helen Churchman, and Shorty Wiedman of Clarendon, Mrs. Rhoda Naylor of Amarillo, and Bill Wiedman of Dallas, died Sunday at her home in Salem.

No arrangements have been made pending arrival of the family in Salem. Mrs. Hardesty had lived in Salem a number of years but had no immediate kin there. Her husband is buried in Arlington National Cemetery.

Mr. and Mrs. Bill Ray and Mr. and Mrs. R. S. Brumley had as their guests through the week end Mrs. W. W. Lindsay of Downey, Calif., Mrs. C. E. Allen and her father, Mr. Fred Bales of Fort Worth; and Mr. and Mrs. Arthur Tisdal of Oklahoma City.

Her escort is Pete Campbell; Attendants were: left, Miss Linda Palmer, daughter of Mr. and Mrs. Ray Palmer, escorted by Gale Gray and at right Miss Janny Robinson, daughter of Mr. and Mrs. Joe Robinson, escorted by Mac McClellan.

C.H.S. BAND FESTIVAL HELD TUESDAY NIGHT

The first Clarendon Band Festival was held at Broncho Stadium Tuesday evening October 18, with six bands entered. Only five were on hand for performances due to the inclement weather. Stinnett was unable to attend due to snow in their area, even though they were entered.

Performances were presented by McLean, Memphis, Wellington, White Deer and Clarendon High School Bands. Precision marching, well executed drills, and inspiring music was enjoyed by everyone in attendance.

Trophy awards are regulated by Interscholastic League so in festivals of this nature, only vocal awards are made. White Deer received the Class A Vocal Award and Wellington the Class AA Vocal Award. Clarendon as host band did not enter competition though these students opened the festival with a splendid and well planned presentation. Their director is Phil Anthony.

An estimated 250 students took part in the evening's activities.

YOUNG FARMERS SPONSOR GRAIN FOR BOYS RANCH

The Donley County Young Farmers are sponsoring a project to help provide grain to feed livestock at Boys Ranch. Grain is badly needed in the feeding program at the ranch as the ranch tries to feed and process as much of the beef, pork, and poultry consumed at the ranch as is possible. It takes about one and a half million pounds of milo yearly to do this.

Anyone who wishes to donate to help the boys at the ranch in this manner may do so by leaving grain at either Clarendon Grain Company or Bolin Warehouses, designating a portion of their grain sold to the elevators or leaving money to cover the amount donated. When the grain is collected a truck will be loaded and taken to the ranch.

Is possible have your donations in by December 1st. Any amount will be greatly appreciated and used for a most worthy cause.

Mrs. Herman Cross returned home last Wednesday following surgery and a week's stay in Groom Hospital.

Broncs To Open District Play Against McLean Tigers Here Friday Night

Broncs Defeat Wildcats In Homecoming Game

by Adele Barnhill

The Clarendon Bronchos made homecoming a memorable event Friday night by defeating the Canadian Wildcats 41-14, for the fifth straight Broncho victory this season.

Clarendon's hard-hitting defense set up the first touchdown when they caused the Wildcats to fumble on the Canadian 35 yard line. Senior Larnce Gardner covered the fumble for the Bronchos, and a few plays later, sophomore quarterback Don Mooring scooted around left end to pay dirt. Senior Archie Smith's kick was wide so the score remained 6-0.

Some time later, the Wildcats fumbled again on the Clarendon 15 yard line. On the second play following the Broncho recovery, junior Mac McClellan swept around right end and outran the field 85 yards for the second TD. Smith's kick split the uprights for the extra point. The first quarter ended 13-0.

Canadian's Nicholson scored their first touchdown at the beginning of the second quarter. The kick was wide, leaving the score 13-6 and that was the half-time score.

Archie Smith scored twice for Clarendon in the third period of play. His first touchdown came on a run around right end. Smith kicked the extra point. Only minutes later, he dove across the goal line for six more points and once again his conversion was good.

Another Broncho score came during this quarter on a pitchout to McClellan. Smith kicked successfully again, and the third stanza ended with Clarendon out front 34-6.

At the first of the last quarter, sophomore Ray Fields broke through left end to cross the goal line for the Broncs. The conversion by Smith was good.

Canadian finally scored a second time just before the final gun with Clarendon's reserves playing defense. The game ended with the score 41-14 in favor of the mighty Maroon.

ATTEND HONORARY COFFEE

Mr. and Mrs. J. D. Swift were in Canyon Saturday for the Ex-Student Homecoming and attended a Coffee honoring Dr. J. A. Hill, President Emeritus of West Texas State University.

The Clarendon Bronchos open district play Friday night at 7:30 when they host the McLean Tigers in Broncho Stadium. McLean opened district play last week, defeating Claude 24-14, while the Broncs were busy stomping Canadian 41-14, in a non-conference tangle. The Tigers and Bronchos are the only original members of District 2A this year. New members are Claude, Silverton, and Wheeler.

Like Clarendon, McLean boasts a 5-1 record and will be doing their best to keep it intact. This game should be a hard fought contest since the outcome may have a strong bearing on the district championship.

Local Coach Jeff Walker stated this week that McLean has a strong defensive unit. He also said that the Tiger offense relies more on power than speed.

"We were pleased with our offense in the Canadian game," said Walker, "but our defense was not so sharp as it had been in previous games."

"We are going to need 100 percent effort from every player on the field if we expect to beat McLean and stay in the running for the district championship," he concluded.

Probable starters for the Broncs offense Friday night will be David Easterling, left end; Everett Monroe, left tackle; Larry Green, left guard; Barry Tyler, center; Pete Campbell, right guard; Gale Gray, right tackle; Larry Kidd, right end. In the backfield will be Larnce Gardner at wingback; Archie Smith at fullback; Mac McClellan at tailback; and Donnie Mooring, QB.

Probable Broncho defensive starters will be linemen Pat Perkins, Larry Green, Gale Gray, and Barry Tyler; linebackers Everett Monroe, Archie Smith, and Pete Campbell; corner backs, Steve Land and Larnce Gardner and halfbacks Mac McClellan and Monte Land.

The Broncho B. squad will journey to Wheeler tonight, Thursday, after a week's rest. Game time will be 7:30 p.m.

Hedley Cotton Festival Is Best Ever Despite Weather

The Leader would like to express their appreciation to Mrs. Mabel Bridges for the following report of the Cotton Festival held at Hedley Friday and Saturday.

Hedley's 15th Annual Cotton Festival has gone down in history as "The Big One." The weather Friday with 65 mile per hour wind and plenty of sand forced all events inside Lions

Den. Around 100 Old Settlers registered. Mrs. W. I. Rains, 86, was honored during the Old Settlers program as being the oldest Donley County resident present. She was also recognized as the founder of the Old Settlers organization. Bud Curtis, 81, a retired farmer, was the oldest man present. Mr. and Mrs. Ebb Hooker of Visalia, Calif. were recognized as having traveled the greatest distance for the celebration.

New officers of the Old Settlers were elected as follows: President, Bob Ayers; Vice-President,

Malcolm Glass. A record breaking crowd was in attendance Saturday. A full program started with breakfast in Lions Den and continued until midnight.

The parade was one Hedley could well be proud of—beautiful floats, pretty girls, bands, and everything it takes to make a really fine parade. Winners in the various divisions were as follows:

Business Floats: Security State Bank, first; Messer Food, second; Moffitt Hardware, third. Organizations: Sodalitas Club,

Beverly McPherson—1967 Queen

first; First Baptist Church, second; Hedley Garden Club, third. Novelty: Coon Dog Davis, Amarillo, first; Painter Children, second; Owl Cafe, third.

Decorated Cars: Dorothy's Beauty Shop, first; Chamberlain Motor Co., Clarendon, second; Johnson's Insurance and Harlan Flowers, third.

Bands: Clarendon Junior High Band, first; Memphis Junior High Band, second.

The Amarillo Air Force Band added some fine Band music to the celebration. Joe Neal Beaver of the Amarillo Fire Department,

Amarillo was announced winner of the Bale of Cotton and Hedley merchants gave away some nice gifts at the drawing.

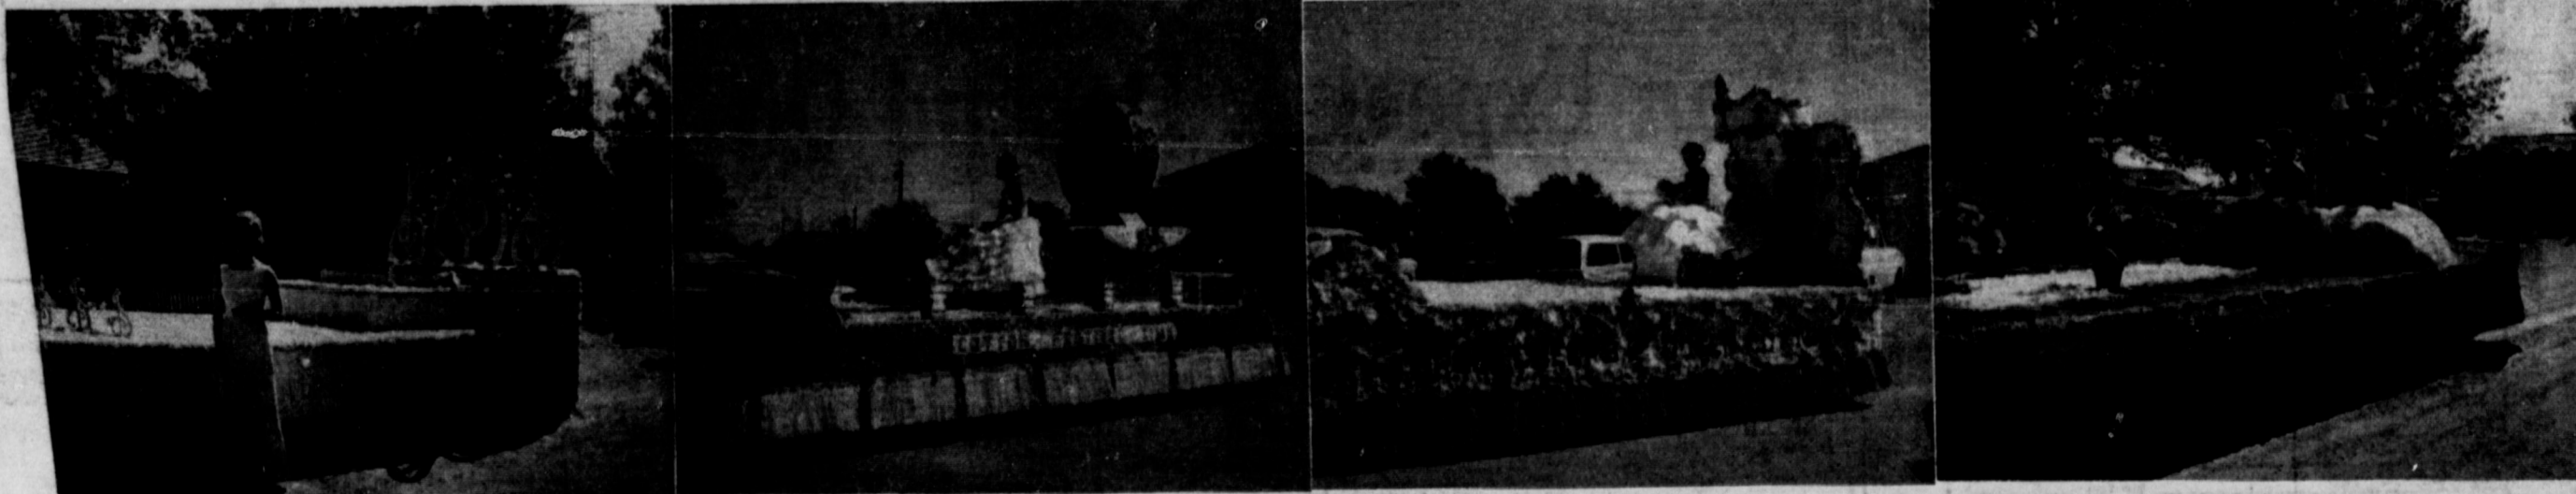

The Queen Coronation was held Saturday evening at 8 p.m. in the High School Gym. Queen Jamie Evans reigned over the coronation ceremonies in which Beverly McPherson, daughter of Mr. and Mrs. Virgil McPherson was named Queen for the 1967 Festival and crowned by Lion District Governor, W. L. Eddleman of Friona. Miss Kim Steel was first runner-up and Miss Loretta Hill was third. A good

attendance was on hand for Coronation ceremonies.

The splendid cooperation of everyone is one of the foremost contributing factors in making our Festival each year a success. Plans are already underway for an even bigger and better celebration next year.

#### FEARFUL REPORTS

Private Eye Fearful finished his last case Friday at 11:00 p.m. The Canadian Scout that hired him, contacted him at the game and informed him that his suspect was Gale Gray, player of the

week for the game at Wellington. The Band discovered Saturday night after a check was made that one of their Band members was not present when they marched in Canyon. The Band members ran quickly to the nearest telephone to notify Private Eye Fearful of this disaster. This person was described as having brown hair and enjoys eating. Fearful followed his suspect Monday morning to the football field where the band was marching. Fearful was right behind his suspect when the band trampled him after turning to march in the

other direction. Tuesday night Fearful decided to break into the Band Hall and try to find some more evidence on his suspect. He had gotten in through an open window and was looking through some music when he heard a squeaky sound. He ran and hid behind the bass drum hoping to evade the intruder. The squeaky sound came closer and louder. Fearful looked down by his feet and saw a tiny mouse. He jumped in terror and fell in the Base Drum and was knocked unconscious. He was still there the next afternoon when his mother found him. After being reassured that the mouse was gone, they left the Band Hall and went home.

At the time of this writing Fearful has only been able to figure out that his suspect has Band and Study Hall. Fearful will

continue trying to track his suspect down.

The score was 0 to 0 with seconds left to play. Then, somebody plucked the pigskin out of the air, cradled it in his arm, and ran for a touchdown while the rival eleven gaped in astonishment!

The year: 1823. The place: Rugby school, England. The event: the first touchdown in football history. Until then, football was a kicking game; carrying the ball was taboo.

In America, the game was described as 'unfriendly to clothes as well as safety.' It gained popularity, however.

Football is the only American sport developed and popularized through school games. In 1876, representatives of Harvard, Yale, Princeton, and Columbia formally adopted a set of rules similar to those governing the English Rugby Union.

By the 1890's, the Army-Navy rivalry had been established; other schools around the country began challenging the supremacy of the Eastern schools.

But football had almost as many opponents as ardent enthusiasts. It was the day of the flying wedge and other mass plays. The game was attacked for its brutality. Several journalists claimed the schools were producing a generation of ruffians.

Among the defenders of the game were Theodore Roosevelt and Walter Camp, called the father of American football. Un-

der his leadership, football became a safer, more exciting game. He introduced the forward pass in 1906 and the 10-yards-in-four-downs rule.

So get ready for the next big game. It's kickoff time!

##### EACH POINT OF VIEW IS UP TO YOU—THINK!

An old story tells about two knights, traveling in opposite directions, who met in front of an inn. Overhead, an elaborate sign stuck out proclaiming the name

of that inn.

"Tis a sight to behold," remarked one knight, "especially when you're tired, to see the white sign that means food and rest for my weary bones."

"Agreed," said the other knight, "but the sign is black, of course." "Blind as a bat be you. The sign is white!" repeated the first knight.

"Black, I say!"

"White!"

"Scoundrel that you are. Draw your sword!"

And so the story goes to this very day...

One knight facing the sign from one direction saw white. The other facing it from the opposite direction, was black.

Both were correct.

The sign was white on one side, black on the other.

But the knights did not know

this; for from each knight's point of view, he alone was correct.

So too is each person correct from his limited point of view, from his limited background, from his limited knowledge.

The eye sees what is before it, and the brain of that eye sees only what it has learned.

Each point of view, then is up to you. Where you are and what you know determines how you see.

Newport Custom 2-Door Hardtop

### The Take Charge cars for '67 are all under one roof. Ours.

We have 5 different Chrysler series this year.

All full-size. All full-value. Take our 4 Chrysler Newport. They're priced just a few dollars a month more than the most popular smaller cars, comparably equipped.

That includes power steering, power brakes, an automatic transmission, a radio, heater and all the essential safety features.

It also includes one of the biggest V-8 engines in the medium-price field. And the only torsion-bar suspension system available in Chrysler's price class.

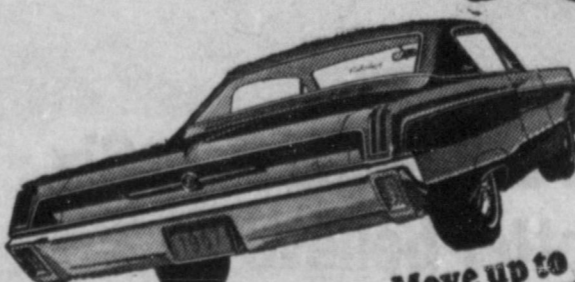

The '67 Chryslers are taking charge. See them at our place.

#### TSEA ORGANIZES

The initial Texas Student Education Association meeting was held last week for organization and election of officers. Those elected are: President, Charlene Gray, Clarendon; Vice-President, Gayle Cleveland, Memphis; Secretary, Amanda Dalton, McLean; Treasurer, Marilyn Phillee, Wellington; Reporter, Catherine Ivy, Memphis; and Parliamentarian, Linda Peters.

Miss Sarah Cline will serve as sponsor of TSEA.

#### KAMPUS KOMEDY

Chemistry students report that their classes are never dull. A prime example of what they mean: "I shall now illustrate

what I have on my mind," said Mr. Ellerbrook as he erased the board.

In the lounge the other day, Jane Ragsdale and Buster Brannum sat holding hands—a deadly silence prevailed. Jane had a feeling that this was the time when he would pop the all-important question. She braced herself for the moment, and with appealing eyes she turned her face toward Buster. "Why did you trump my ace?" Buster thundered.

Miss Cline (librarian), remarked that students are people who check out books and set wet glasses on them.

History is an account, mostly fake, of unimportant events, which are brought about by rulers, mostly knaves, and soldiers, mostly fools. Martin Hendrix is hoping that someone will inform Mrs. Naylor.

George Leathers, commonly known as "spider", says that unhappiness is losing a shoe.

Hypochondria as all CC students know, is a valid reason for skip-

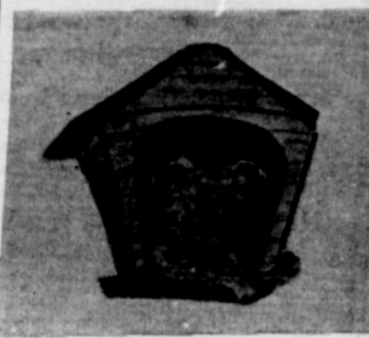

ping class.

#### STUDENT SENATE SPEAKS

A number of CC students hit the campaign trail last week as they sought berths in the Student Senate. The four hopefuls competing for office of president included Mickey Thomas of Claude, Jackie Beavers of Memphis, Buster Brannum of Clarendon, and Lynn Wolf of Wellington. Three candidates were running for vice-president Cleland Stallings from Wellington, Teddy Pool from Stratford, and Kit Smith from San Antonio. Charlene Gray from Clarendon was unopposed for the secretary's office, as was Donnie Helton from Clarendon, who was nominated for treasurer. The two candidates who were on the ballot for reporter were David Kendrick from Samnorwood and Rita Reed from Sidney.

Following campaign speeches by all the candidates, the polls were opened on Thursday and Friday to allow students to vote for their favorite son. A record number of 144 ballots were cast with the following election results: A run-off election between Mickey Thomas and Buster Brannum for the office of president, and between Kit Smith and Teddy Pool for the office of vice-president; Charlene Gray, secretary; Donnie Helton, treasurer; and Rita Reed, reporter. The run-off election will be held on Thursday (today) and Friday.

#### BULLDOG KENNEL

Comments from the Coach's Corner

The Bulldogs played their first open house intersquad scrimmage last Tuesday night before a good crowd of students and townspeople. These fans saw quite a display of spirit, determination, competition and basketball ability. The Green and White teams were evenly matched with the game ending in a 124-124 tie. Several bright spots were evident in the performance of both teams. Tom Byrd was the big gun for the Greens. The 6'7" cager scored 33 points and brought in 15 rebounds, making an accumulative score of 48, which is an excellent grade. Mike Barbera, 6'4", scored 17 points, grabbed 10 rebounds, and made a

grade of 42. On the White side, Harry Cannon, 5'11", racked up 42 points and a grade of 44. Claude Maldonado, 6'3", tallied 21 points, 10 rebounds, and a grade of 44. Jerry Jordan, 5'8", displayed excellent floor play and earned a grade of 38.

In the category of defensive skills, a grade of 20 is the maximum score. Green's Rick Vidauri, 6'5", made the highest grade of 19. Jerry Jordan, White's key man, ran a close second with a grade of 18. Green's Tom Byrd also scored 8 on defensive grading.

The Bulldogs will play 1 more intersquad game in approximately two weeks with the date to be announced in the near future. The team will scrimmage the Wayland Pioneer varsity on Saturday, October 29, at 2:30 p.m. in Bulldog Fieldhouse and again at 7:30 p.m. in the high school gym. The public is invited to watch either or both games. There will be no charge.

#### LIBRARY NOTES

EDITH BARNES

Two more memorial gifts have been given to the library dedicated to the memory of Tommie Carl Saye, Jr.

"Tell No Man" by Adela Rogers St. Johns is the most asked for book at the library, proving again that person to person recommendation is by far the quickest way to get a book in circulation and on our most read list.

Quoting: "Civilizations perish in the heart. Not in the head. No, no, no. In the heart. For lack of love they perish. No government, no college education, no intellectual plunderbund, no hierarchy of priests and ecclesiastics, no military might, no first-to-the-moon science supremacy, no up the down social class, no integration march, no business, no labor union, no political party, no rich-rich, no poor-poor—none of these can give you love. Only Christ. He destroys hate. You cannot have the brotherhood of man, without the fatherhood of God. That's love."

Hank Gavin, the young man who stood in the pulpit and spoke

these words had come a long way down a hard road. A rich, successful investment counselor, married to an aristocratic socialite, his life seemed a model for the American dream. But, during the Korean War his complacency had been shaken; and after the suicide of his best friend, Colin, anguish and futility overtook him.

As he preaches his passionate sermon, Hank Gavin knows that he is drawing near to the eye of the hurricane. The story then surges to a culminating scene so powerful that it both stuns and moves the reader.

This powerful novel is written with all the immediacy and verve of a newspaper reporter's coverage. It is violent, shocking, compassionate, courageous, tough and tender—as contemporary as tomorrow and as old as time.

Adela Rogers St. John's "Tell No Man" has been given to the library as a memorial gift in memory of Mr. Cap Morris.

A memorial gift has been given to the library dedicated to the memory of Mrs. Vergie McAnear.

## A reminder of SENATOR TOWER'S service in Washington for TEXAS FARMERS

- HERE ARE A FEW OF THE MAJOR PROJECTS SENATOR TOWER HAS UNDERTAKEN FOR YOU:
- He supported soil and water conservation projects so necessary to the future of agriculture in Texas.
  - He sponsored six key bills on water resources, conversion of brackish water, desalinization, and rural water systems. Five of the six already have become law and are benefitting Texas farmers.
  - He served as a leader in the action against suspension of the investment tax credit which would amount to \$100 million tax increase on American agriculture.
  - He supported necessary subsidies to help offset the artificial economic conditions created by too much government in agriculture.
  - He flatly rejected the contentions of some federal bureaucrats that farmers and ranchers are somehow responsible for the inflation really caused by federal deficit spending. He has fought hard against restricting or freezing farm prices.
  - He sponsored legislation making federal crop insurance available in high risk areas.
  - He sponsored legislation to allow states to regulate recruitment of foreign agricultural workers needed to harvest crops.
  - He has supported the REA's position in working to maintain status independent of Federal Power Commission control. He also cooperated with the REA's efforts in supporting federal bans for rural community water systems.
- YOU COME FIRST WITH SENATOR JOHN TOWER**

Senator Tower serves you as a STRONG FRIEND OF THE LAW AND OF CIVIL ORDER.

Senator Tower serves you as an effective FIGHTER AGAINST INFLATION AND SKY-ROCKETING PRICES.
- Senator Tower serves you as a LEADER IN THE PURSUIT OF VICTORY IN VIET NAM.
- YOU CAN COUNT ON THINGS GETTING DONE WITH SENATOR JOHN TOWER ON THE JOB.
- He has earned National Congressional seniority and gained experience no new Senator could replace. With John Tower in the Senate, Texas has the distinct advantage of having its voice heard in the highest leadership councils of both parties.

You don't believe  
a 6 can act  
anything like an 8?

With our new Overhead Cam Six  
you'd better believe it.

Our OHC 6 delivers 165 hp on regular gas. And 215 horses from the premium gas 4-barrel version. Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do, but they're overhead cams, too. In fact, they inspired us. Our OHC 6 is standard on all Tempests and Le Mans. So are a host of new safety features like passenger-guard door locks, General Motors' new energy absorbing steering column and a four-way hazard warning flasher. We've said enough. If a test drive won't sell you, nothing will.

# WALTZ THROUGH WASHDAY

IT'S FUN TO OWN  
24-HOUR SUNSHINE

Automatic electric home laundry equipment does away with dull routine. You can wash and dry clothes any time of the day or night—even while you entertain guests or relax with the family.

It's fun, fun, fun to let REDDY KILOWATT do the work while you do something more interesting.

See your "Waltz Through Washday" dealer now. He's the man who will make it easy to own home laundry equipment.

In many cases your old washer makes the down payment and since electric dryers do not need expensive vents, and WTU customers get FREE 220-volt wiring when they buy from a local dealer or WTU, the chances are you'll be out very little money to begin your own waltz through washday!

See your electric appliance dealer, and be sure to see all the new electric washers and dryers by Frigidaire at West Texas Utilities.

## CARDS OF THANKS

With Deepest Gratitude we extend this word of thanks for the many kind acts, food, and other kindnesses expressed by thoughtful friends. They have meant much to us.

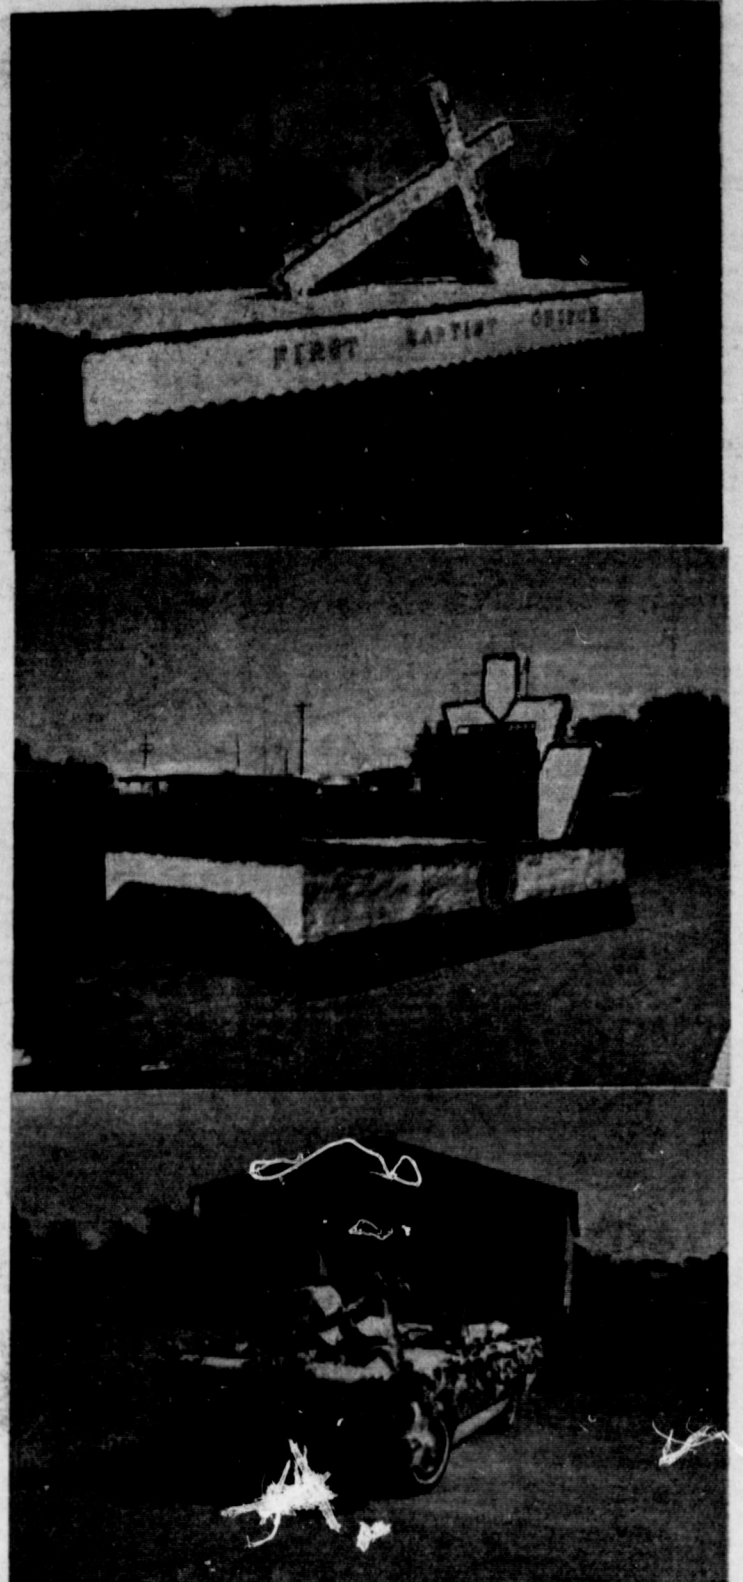

The family of T. W. (Cotton) Trussell.

To all who remembered me during my stay in the hospital, I want to say thank you, for all the lovely cards, flowers, calls, and visits and the many other kindnesses shown me. Each thought made the days seem a little shorter and brighter.

It is things like these that make life worth while. Thanks to all and may God bless each and every one of you. Sincerely,

Mrs. Van Knox

The family of Max M. Rumpy wishes to express their appreciation to the many people who extended their sympathy through flowers, cards, and visits during our recent sorrow. May God bless each of you.

LOCAL PEOPLE REGISTER FOR AUSTIN MEETING: Left to right are A. W. Dalrymple, Field Rep., State Soil Conservation Board and Mr. W. P. Doherty, Vice-Chairman, Donley County Soil and Water Conservation District who attended the annual meeting of Texas soil and water conservation district supervisors. Mr. Doherty is supervisor of the local Donley County Soil and Water Conservation District.

**STATE CAPITAL**  
*Highlights*  
 AND *Sidelights*  
 by Vern Sanford  
 TEXAS PRESS ASSOCIATION

Texas Research League unveiled its tentative recommendations for heading off "disaster" in growing urban counties following a statewide study ordered by Gov. John Connally.

Plan contains sweeping and controversial proposals to overhaul local government in 24 major and middle-sized counties. It proposes four statutory changes and two constitutional amendments. Test public hearings have been set in Austin and Dallas-Fort Worth and more discussion meeting will be set over the state.

Basically, the recommendations aim to encourage regional planning and cooperation among units of government in solving common problems and performing services on an area-wide basis and to permit big counties to adopt a modern governmental structure best suited to their needs. State aid to carry out these recommendations would be available under League suggestions.

A cabinet-type agency — The Texas Local Government Agency — is proposed to advise metropolitan areas and to police new municipal incorporations.

Probably the most controversial recommendation is a constitutional amendment to permit — on popular vote — the reorganization of governments in 24 counties, making it optional whether most county administrative officers are to be appointed or remain elective.

Counties directly concerned are Bell, Bexar, Cameron, Dallas, Ector, El Paso, Galveston, Gregg, Harris, Hidalgo, Jefferson, Lubbock, McLennan, Midland, Nueces, Orange, Potter, Smith, Tarrant, Taylor, Tom Green, Travis, Webb, and Wichita.

**ATTORNEY GENERAL SPEAKS** — Coordinating Board, Texas College and University System, can purchase life insurance on student borrowers to pay the premium directly to an insurance company from Opportunity Plan Fund. So held Atty. Gen. Waggoner Carr in an official ruling.

Other recent opinions concluded that:

• Petition of September 9, nominating an independent candidate for merged Jim Wells County j.p. precinct, is valid.

• Where a doctor is not available a technician may take blood from drunk-driving suspect, on his consent.

• Texas Aeronautics Commission has no regulatory authority over airline service with origin or destination points outside the state.

• Auto sales tax is due on cars transferred from subsidiary to parent corporation.

• Appointed lawyers are due a separate fee for each appeal to final conclusion in Court of Criminal Appeals.

**TEACHER PAY** — Texas State Teachers Association has served notice it will push for a pay raise in 1967, regardless of views of the Governor's Committee on Public School Education.

TSTA blamed a 5,500-teacher shortage mainly on pay scales

and renewed its plea for a "national average" wage with built-in escalator clause.

Texas Association of School Administrators joined teachers in urging an interim committee report on the need for better teaching salaries.

Stage may be set for one of the next Legislature's biggest money controversies.

**FUSION FUNDS** — The University of Texas, putting together a team of physicists and electrical engineers to work on conversion of thermonuclear fusion directly into electricity, has won a \$700,000 research contract from the Texas Atomic Energy Research Foundation. Previously, the contract had been held by a California firm.

Governor Connally hailed the contract's coming back to Texas as marking a big step in his drive for excellence in higher education. The University committed a dozen faculty tenure positions to attract top men in plasma physics to join the UT Center for Plasma Research and Thermonuclear Physics.

**SCREWORM EPIDEMIC** — Texas is in the midst of its worst screwworm infestation since the statewide eradication program was initiated in February, 1964.

Two weeks ago, there were 33 confirmed cases. But last week (just through Thursday) 106 cases were confirmed.

Federal, state and private funds are being used to fight the infestation through dropping sterile flies from airplanes and treating infested animals. "But things don't look too good," said Dr. S. B. Walker, executive director for the Texas Animal Health Commission.

**SHORT SNORTS** Department of Mental Health and Mental Retardation has outlined priorities for \$58,300,000 worth of construction projects for submission to the next Legislature.

Garden Club leaders from over the state reviewed the Governor's Mansion landscaping plans initiated by Mrs. Connally.

Texas Securities Commissioner William M. King revoked the secondary trading exemption of Westec Corporation of Houston.

Governor Connally approved Neighborhood Youth Corps project in Cameron County and San Diego Independent School District and a Head Start Project for Uvalde, Kinney and Real Counties.

Austin District Judge Jack Roberts was sworn in here Monday (Oct. 3) as a U. S. District Judge for the Western District of Texas.

Mr. and Mrs. David Edwards of Pekin, Ill. announce the arrival of a daughter, Zondra Ann, Thursday, October 13. The young lady weighed 7 lbs 13 oz. The mother of the little miss will be remembered as Judy Ashcraft. Clarendon grandparents are Mr. and Mrs. Woodrow Ashcraft.

**DPS REPORTS 8 RURAL ACCIDENTS IN COUNTY**

The Texas Highway Patrol investigated 8 accidents on rural highways in Donley County during the month of September, according to Sergeant J. W. Wilson, Highway Patrol Supervisor of this area.

These crashes resulted in 2 persons killed, 4 persons injured, and an estimated property damage of \$16,230.00.

The rural traffic accident summary for this county during the first nine months of 1966 shows a total of 54 accidents resulting in 9 persons killed, 30 persons injured, and an estimated property damage of \$41,335.00

Mrs. Boots O'Neal and a sister, Mrs. J. L. McFarling of Hereford, visited last week with a sister and husband, Mr. and Mrs. W. A. Fronabarger of Ft. Summer, New Mexico. This was the first time all had been together in a number of years. They also went to Tucumcari and visited with the George Shepherd family whom they had not seen over a long period of time.

**OFFICIAL MINUTES OF CITY COUNCIL**

The Board of Aldermen, City of Clarendon, met in regular session at 7:30 P.M. at the Board Room, City Hall, October 18, 1966.

Members present: Mayor Richard L. Gilkey, Mayor Pro-tem Basil Smith, Aldermen John Jones, Fred Russell, Chauncey Hommel.

Members Absent: J. G. McAnear.

Others present: City Secretary Walter B. Knorpp, Water Supt. Carrel Rippetoe and Dick Chunn.

Motion was made by John Jones with a second by Basil Smith that the minutes of the October 4, 1966 meeting be approved as read. Motion carried.

Board action to approve the change of certain fees by the General Telephone Company. These fees being the following:

- Service call Fee \$5.00
  - Moving of main station from one premise to another 7.50
  - Reconnect after non-paym't 7.50
- Motion was made by Basil Smith with a second by Fred Russell that the Aldermen call for the annual audit for the year ending Sept. 30, 1966. Audit to be done by the firm of Glover, Graham and Brown of Amarillo, Texas. Motion carried.

There followed a general discussion of the different facets of the City programs. The possibility of doing some paving was discussed in detail and it was reiterated that no pieces or parts of blocks could be paved. They must be entire blocks. The reason for this being the deterioration of the paving by water and sand washing over and around it. It was agreed by the Board at this time that any paving that was done the City would furnish the Labor with the customer to pay for the material.

Motion was made by Chauncey Hommel with a second by Fred Russell that the meeting adjourn. Motion carried.

**WTSU BUFFS WIN HOMECOMING VICTORY IN SATURDAY GAME**

Homecoming for ex-students at West Texas State University was a rewarding experience for those who attended the Homecoming football game at Buffalo Bowl Saturday night and were on hand to see the Buffaloes defeat the University of Richmond, Richmond, Virginia by a score of 41-7. For the last several years the Buffs have lost homecoming games, so for those who remained for the game the victory was indeed sweet. Attendance was not

up to expectation considering the successful season the Buffs have been experiencing this year.

Saturday night the Buffs will host New Mexico State at Buffalo Bowl, game time 7:30 p.m. This will be Parents' Night.

This should be another good game. The New Mexico Aggies have won five out of six games and have been ranked fifth nationally. Their Jim Bohl is the nation's leading ball carrier aiding the Aggies to bring their average to 34.3 points. The Buffs will be playing their best to defeat this strong team.

**TEXAS TECH SET FOR HOMECOMING SATURDAY**

Annual Homecoming at Texas Tech will be observed Saturday, October 22 on the Tech Campus. One of the highlights of activities will be the football game in Jones Stadium when the Texas Tech Red Raiders will be challenged by Southern Methodist University. Game time will be 2 p.m. This will be a Southwest Conference game.

Tech lost their game last week to Florida State and has been hard hit this season to come up

with a win. Homecoming is always a key game for any team so perhaps this could be one of this week end's upsets. At any rate a capacity crowd of exes are expected to be present at Jones Stadium when the sounding whistle blows.

Mrs. G. C. Heath and son, Hershel Heath went to Clovis, N. Mex. Sunday where they visited her sister, Willie Hopper, who is in a convalescent home. They were accompanied by a brother and wife, Mr. and Mrs. Hardy Ray of Amarillo.

is clear from our own experience in the Panhandle, where attendance figures at Lake Meredith surpassed all forecasts this past summer. The trend is national and Congress has recognized the people's growing interest by engaging in a stepped-up program of improving and expanding existing parklands, by authorizing new parks, by extending financing assistance to States and other political subdivisions as they develop their own programs, and by aiding private landowners in developing recreational facilities.

The Federal government has become so involved in fostering recreation development that an 83-page booklet has been published to summarize provisions of the various programs. Its title is: "Federal Assistance in Outdoor Recreation Available to States, Their Subdivisions, Organizations, and Individuals." If you would like to obtain a copy, the 35c booklet may be ordered from the Superintendent of Documents, U. S. Government Printing Office, Washington, D.C., 20402. Programs of assistance outlined involve credit, cost-sharing, technical aid, educational services, and research.

The number of new proposals for expanding the National Park System rises with each new year. More than 400 measures (some duplicates and some non-recreational in character) have been filed in this 89th Congress and referred to the Subcommittee on National Parks and Recreation of the House Committee on Interior and Insular Affairs. Obviously, there are more proposals and bills than can be given adequate consideration in any one year or in a single Congress. The 88th Congress recommended a dozen major additions to the National Parks System and the 89th Congress has approved the addition of several more. In addition, this Congress enacted authorizing legislation for a number of smaller areas, including four national historical sites and four new national monuments. Among the latter was the Alibates Flint Quarries and the Texas Panhandle Pueblo Culture National Monument, approved following House and Senate enactment of legislation I had introduced, to be established near the south shore of Lake Meredith. Our National Monument in the Panhandle, I am proud to say, is the first ever

approved by Congress in the State of Texas. Some work will begin this fiscal year in developing the Alibates site. More is expected to come in the fiscal year beginning next July 1.

In order to finance expanding recreation facilities development, Congress in 1965 passed the Land and Water Conservation Fund Act. The purpose of the act was to relieve the General Fund of the Treasury—to provide for collecting entrance and user fees and by applying revenues from the sale of surplus property and the motorboat fuel tax to make the Federal park acquisition program largely self-sufficient. While the purpose of the act certainly has merit, I have continued my strenuous objections to the provision calling for admittance fees to be collected from persons visiting Federal recreation areas. Land areas paid for and financed by all Americans, who have paid for them through their taxes, should be open without charge to any American wishing to visit them.

Meanwhile, pressure outside Congress grows for incorporating new and very costly areas in the Park System. Proposals for the Redwoods National Park in California have become highly controversial. Special interests involved—conservationists on one hand, lumber companies which own the land, political figures of varying opinions—heatedly debate the assorted proposals affecting redwoods, and a long road remains to be traveled before agreement is reached as to the proper action of the Congress.

It is generally accepted by Americans that it is in the national interest to conserve areas of outstanding scenic, scientific, and historic importance—and areas of wholesome outdoor recreation in this wonderful land of

ours.

Sincerely,  
**WALTER ROGERS**  
Your Congressman

**ROLLING PLAINS COTTON GROWERS PROTEST SKIP-ROW RULING**

The Rolling Plains Cotton Growers Association has protested the ruling by the U. S. Department of Agriculture, ASC, concerning skip-row planting patterns and their effect on 1967 projected yields for cotton.

Charles Stenholm, executive vice-president of theRPCG, reports the ruling totally unfair and highly indiscriminating to farmers in the Rolling Plains and if allowed to stand, will cause our 31 counties to lose up to 4 million dollars in price support and diverted acreage payments in 1967.

The department has ruled that skip-row penalties in effect for 1966 are retroactive back through 1962-43-64-65. This means that 2-2 cotton measured as 50% cotton in 1962 is now counted as 65% cotton in figuring 1967 projected yields. A 2&4 cotton pattern is being planted today which has no penalty. The ruling has the effect of taking pounds away from Rolling Plains farmers and giving them to non-skip row farmers in other areas.

Stenholm has been assured that new and full consideration will be given this new ruling and that a change will be made so that the Rolling Plains cotton farmer will receive what is rightfully his in 1967.

**CHS Homecoming Attracts Large Group Of Exes For Week End**

Homecoming for Clarendon High School Ex-Students was a most enjoyable occasion this year with registration reaching a total of 125, an increase over that of last year. All activities were well attended and much enthusiasm was shown in regard to future Homecomings.

Festivities got underway on a happy note when the Clarendon Bronchos defeated the Canadian Wildcats by a score of 41-14 at Broncho Stadium Friday night. This was the first time Clarendon has won a Homecoming football game in several years. Following the game there was dancing at the School Cafeteria and visiting at the Canteen for exes.

Between forty and fifty exes enjoyed the visitation where sandwiches, Cokes, and coffee were served from a table decorated with white mums and maroon streamers lettered "Welcome Exes-1926."

The business session was held Saturday afternoon in the College Auditorium following registration that morning. The oldest class registered was that of 1917 and was represented by Eula Naylor Chunn, Geraldine Kelley Roberts of Arcadia, California was recognized as having traveled the greatest distance to attend Homecoming and Kenneth Fink of Childress, a member of the class of 1926, received special recognition for his work in getting classmates together for their reunion this year. Mrs. Marguerite Goodner of Amarillo, a beloved former teacher in our Clarendon Schools and who is now retired, was the teacher present having taught the greatest number of years in public schools.

The group voted in the business session to continue Homecoming on an annual basis and the following officers were elected to guide the organization for the coming two years: President, Delbert Robertson; Vice-President, J. F. White; Secretary, Ethlyn Drennan Grady; Assistant Secretary, Helen Bulman Land; Treasurer, Jean Knox Moore; and Historian, Joan Putman Kidd. The classes of 1926 and 1942 were about equally represented at this meeting.

Before adjournment recognition was paid the present officers and the group enjoyed singing several of the old songs under the direction of R. E. Drennan with Mary Lou Barker Hopkins at the piano. Mrs. Larue Shadle

Pittman of Amarillo was crowned Homecoming Queen of the Ex-Students.

The school colors of maroon and white were carried out in decoration at the Cafeteria where 147 attended the Ex-Student banquet. Bill Bradshaw served as master of ceremonies and Bill Lowe pronounced the invocation. Mr. Morris Ledger, High School Principal, gave the welcome address. Honor classes and their queen candidates were recognized and Mrs. Larue Shadle Pittman, Class of 1942, of Amarillo was introduced as Homecoming Queen. The Class of 1926 was again recognized as a group.

Cherry Vallance Shadle, retiring president of the Ex-Student Association expressed her appreciation, along with that of other officers serving with her, for the cooperation given her and her staff in planning and bringing to a successful conclusion the reunion of exes for this annual Homecoming. Adrian Youngblood of the Class of 1926 gave the benediction dismissing the group.

The dance held at the Gymnasium in the Old Red Brick School building was attended by about 130. Music was provided by the Dixie Land Five of Miami, Texas.

The support of local people, this year was appreciated, and may next year see even more of those living right here in our own community participating and on hand to welcome back to Clarendon exes who have had to travel some distance to be with us all.

**EDUCATOR TO SPEAK AT WTSU MEET**

Dr. Jack K. Williams, Commissioner of Higher Education in Texas, will speak at a luncheon climaxing a two-day "Higher Education Regional Development" observance October 21-22 at West Texas State University. The observance coincides with the fall meeting of the Board of Regents of Texas Senior Colleges scheduled on the WTSU campus.

The luncheon October 22 is expected to attract about 600 persons from the Panhandle region as well as members of the Legislature, the Coordinating Board, Texas College and University System, the Board of Regents of Texas Senior Colleges, and other educational and political leaders.

Included in the two day meeting will be tours of the Kilgore Research Center on the WTSU campus, the Amarillo Medical Center, and special programs on the region's growth and potential development.

**DEE MILLER ISSUES STATEMENT IN REGARD TO RECENT POLL**

Dee Miller, Democratic candidate from the 18th Congressional District, has issued a statement concerning the results of a poll announced by his Republican opponent's campaign chairman at a conference this past week.

Miller stated, "It is obvious that my opponent's statement to the press media of this so-called poll was intentionally misleading. The statement was so worded as to misrepresent the actual results." Miller further added that, "I am confident that when the real poll is taken on November 8th that my opponent will be asking for a refund of the money he spent on his poll—if a poll was taken at all." He charged that his

opponent had failed to affiliate himself with his party.

In addressing various groups over the district the past week Miller has stressed the importance of sending our best man to Washington in view of the fact that so many basic issues will be facing Congress, among them such problems as the fight over water, air base closing, cut-back on agencies vital to our area, decisions on the war in Viet Nam, law enforcement, economy in government and a cut in domestic spending—to name just a few. All of these and other issues are vital to our country.

With a steady rising population in the State and Nation goes a mounting demand for wood and the thousands of products made from wood.
