Jaycees Preparing For Celebration

The Jaycees are at present time engaged in several projects all of which have to do with the July 4th celebration.

The painting at the rodeo grounds is coming along at a very fine rate, but many work hours will be needed to complete this project by July 1st.

We hope to have all ads sold in the rodeo program by the end of this week so the printing may be done on schedule.

Association Officials And Workers Busy As Celebration Date Nears

Celebration TV Program To Be Video Taped Wednesday, June 20

All persons interested in promotion of the big Fourth of July Celebration in Clarendon will meet at KGNC, Channel 4, television station in Amarillo on the night of the twentieth of June to make a program advertising our Fourth of July Celebration.

Bill Porter, President of the Outdoor Entertainment Association and officers and directors are extending an all-out effort at the present time to make the annual July Fourth Celebration one of the best this year.

Porter said that we plan to really have Clarendon on Channel 4 station on the night of the twentieth and show the entire country that we are really planning a big one for this Fourth of July.

HOSPITAL NOTES

Patients as of Wed., June 13: Mrs. Emmett Bryson, Mrs. F. A. White, Guy Sibley, Mrs. Will Kennedy, Mrs. Carl Naylor, Lee Holland and Bill Todd.

Dismissals: Homer Hill, Mrs. J. R. Hillman, Mrs. W. S. Hearn and Mrs. Richard Tunnell.

Moisture Total Continues To Climb

Donley County started off the planting season short of rain but the situation has changed considerably the past two weeks with plenty of moisture and farmers still needing to get into their fields to plant...

We are still a bit short of our yearly total at this time of year and 2.22 inches short of the total moisture we had through June last year which totaled 9.20 inches.

Farmers in the area have received considerable damage the past week from heavy downpours, hail and blowing sand. Lots of crops were just breaking the ground or up just enough to be cut or burned by the sand and electricity in the air.

Sloan Throws No-Hitter In Little League Action

Mike Sloan made the old saying that pitching is 90% of a baseball team hold true as the Cubs shot down the White Sox 7-3 last Thursday night.

In the nightcap, the Yanks smothered the Cubs 12-2 as ace pitcher Gardner threw an easy 2-hitter and struck out 11.

Over 300 Attend Beef Cattle Ass'n. Barbecue Thursday

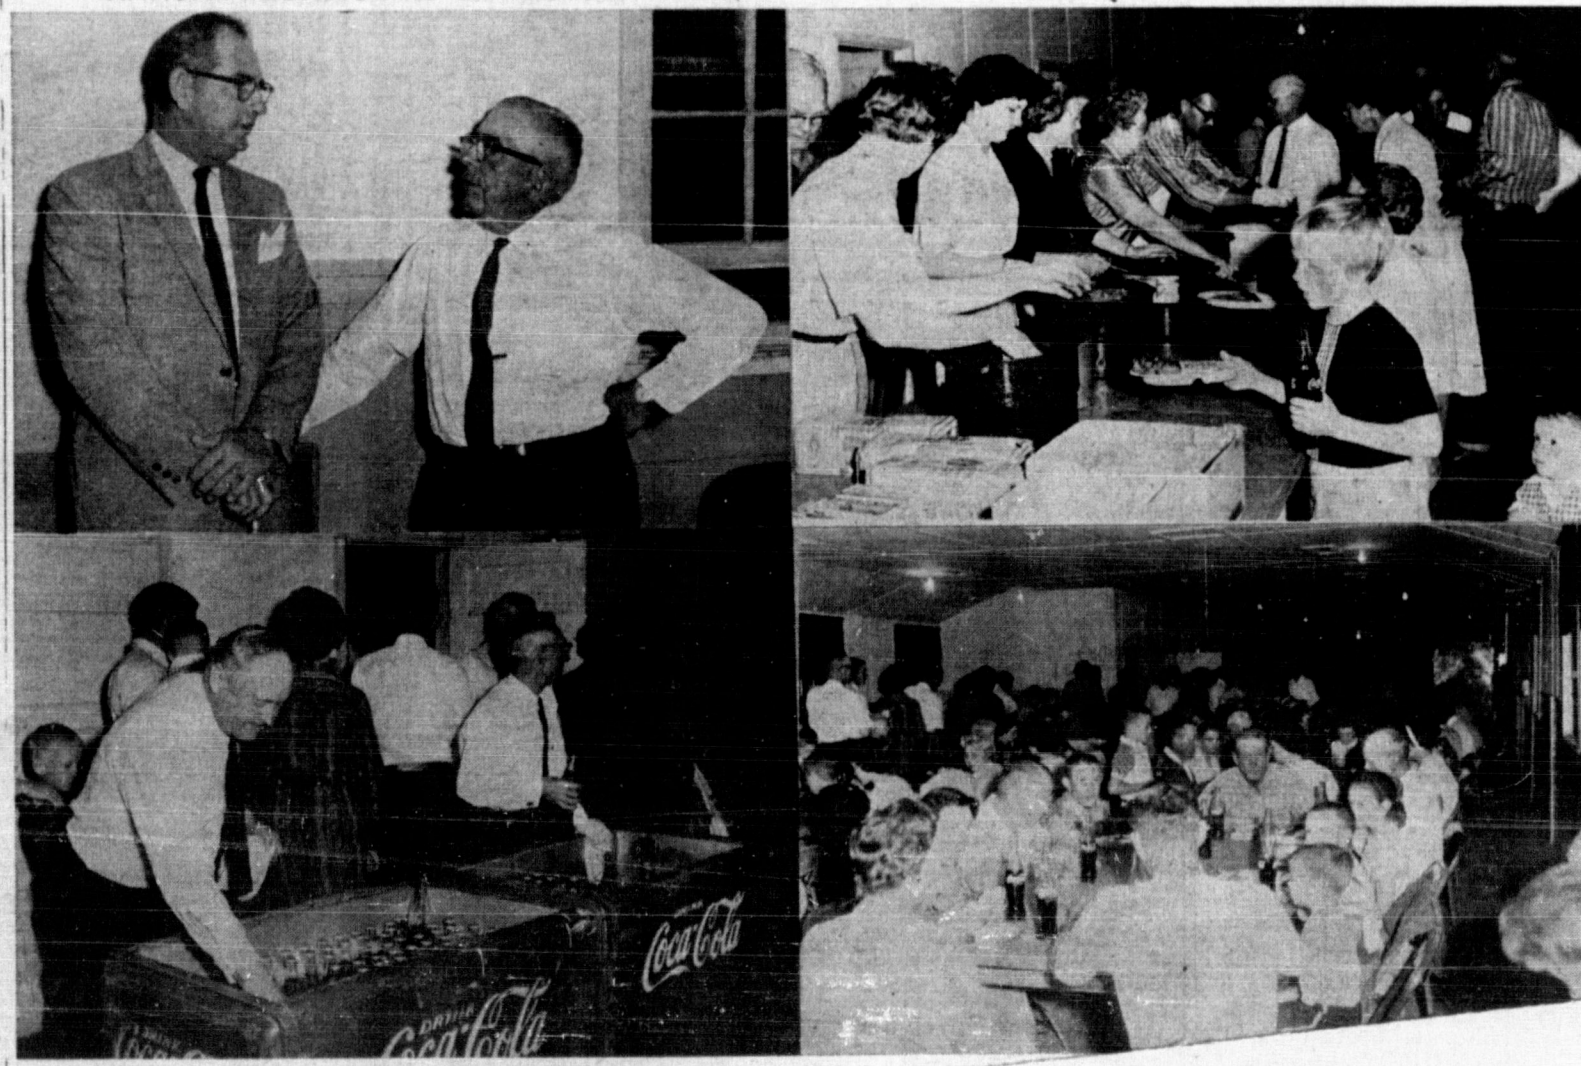

Over three hundred attended the Rolling Plains Registered Beef Cattle Association Barbecue on the seventh of June at 6:00 p.m.

The speaker for the meeting was Paul Marion, superintendent of the Spur Experiment Station. Mr. Marion gave a very interesting talk on experiments in feeding of beef cattle and of wintering of beef cows on the range.

Mr. George Saunders of McLean, Texas, chairman of the nominating committee for officers and directors for 1962-63 gave his report and it was approved by the members.

Directors for the coming year are: L. R. Houston of Memphis; Wade Watson, Claude; R. Finch, Clarendon; F. J. Hess, McLean; Leonard Ford, Claude; Bill G. Thornberry, Clarendon; J. H. Gilbert, Clarendon.

SUPPORTING CLARENDON'S INSTITUTIONS

AUSTIN — Crooked-hole well drilling is the big news at the

Capitol.

More than \$3,000,000 in penalties is asked by Atty. Gen. Will Wilson in the first suit brought by the state following "crooked-hole" investigations in the East Texas Oil Field. Suit contends that six oil wells were drilled in such a direction that they wound up under someone else's land.

Operators plugged two of them before Texas Railroad Commission engineers could check to see if the holes were straight or crooked.

Suit asked \$1,000 a day for each day of operation of each well. Over a two-year period,

this comes to \$3,442,000.

Commission engineers plan to check more than 1,000 wells. Humble Oil and Refining Company brought a civil suit against another group of oil operators. Humble says that the operators' crooked wells ended under an Humble lease and have been draining off Humble's oil.

SAFETY IN AGE — If you live to be 100, you'll be safe from death by accidents.

State Health Department statistics reveal that not a single Texan over 100 years of age died in an accident in 1960.

Statistics also reveal that there's something to what they say about Texas weather. Deaths from extreme heat and from freezing both were reported during the year.

Biggest killer for all age groups, except those under one and over 75, is the highway accident.

In the home, fire and explosion are the biggest killers. Falls are in third place.

Home ranks next to the highway as the scene of most accidental deaths.

MENTAL PATIENT CLINIC — Board for State Hospitals and Special Schools is expected to act within the next week or two on whether to select a site in the Lower Rio Grande Valley or in the Beaumont area for an outpatient clinic for discharged

mental patients.

Dr. C. J. Ruilman, state director of mental health and hospitals, said the Board already had chosen the Fort Worth area for one of the two clinics authorized by the last Legislature.

"Second will be established in South Texas," he added. Sites are being considered at Beaumont and Brownsville-Harlingen. Such clinics now are operating in Houston, San Antonio and Dallas.

PARK PATRONAGE GAINS — State Parks system is showing substantial gains in patronage as compared with last year.

Bill M. Collins, executive director for the Parks Board, said that increases in the number of visitors particularly were noticeable at Garner State Park in Southwest Texas, Lake Corpus Christi Park, Palo Duro Canyon Park in the Panhandle, Bentzen Park on the Rio Grande border, and Kerrville and Buescher parks.

Total visitors in April, latest figures available, were 681,871, compared with 590,133 in the same month a year ago.

DOVE HUNTING SEASON — Texas will have representatives at the national dove conference in Washington on June 26 when length and dates of the 1962 hunting seasons will be discussed.

H. D. Dodgen, executive secretary of the State Game and Fish Commission, reports the outlook favorable for a good dove crop in Texas — both mourning and whitewing doves.

VACATION READING STIMULATED — Fourth annual "Texas Reading Club" — designed to encourage an interest in reading among youngsters — during their summer vacation — is under way.

Sponsored by the Texas State Library and participating libraries in 89 cities and towns, the program enrolled more than 16,000 young people this year. Harold J. Marburger, director of rural library services, State Library, described the reading club as the largest of its kind in the nation.

Youths who read 12 books on their reading level before August 31 will receive a reading certificate signed by Marburger and Dr. Dorman H. Winfrey, director and librarian, State Library.

Books in many instances are being furnished by the State Library through inter-library loan, bookmobiles, multi-county regional libraries and through the loan of books as an extension service from the library field

services.

TOLL ROAD — Only toll road in Texas — the Fort Worth-Dallas Turnpike — seems to be making its way.

The Turnpike grossed \$3,245,797 last year, with operating expenses of \$937,168. It put \$1,641,977 into the fund to pay interest on the \$58,500,000 it borrowed to build the road, and to build up its total reserves to nearly \$5,000,000.

The Fort Worth-Dallas Turnpike is the only place in Texas where it is legal to drive 70 miles per hour.

Legislature allowed the Turnpike Authority to raise the speed limit to that figure.

SMOKERS PAY — Cigarette smokers are chipping in more than \$7,000,000 a month to the State Treasury under the 8-cent sales tax on each package.

Treasurer Jesse James reported income from that source to be \$7,700,588 in May.

SCREWORM CONTROL — Fight against the screwworm fly has been extended northward. Reason is because truck-hauled livestock, infested with screwworms, crossed the control line which was being maintained by aerial distribution of sterile male flies.

Texas Animal Health Commission met on June 11 to adopt a regulation requiring inspection of livestock as they cross the control line, and spraying them to make sure they do not carry the costly worms into clear territory.

A new distribution point was established at Conroe after outbreaks of screwworms were reported in East Texas.

Program is a bold effort to control this \$40,000,000-a-year pest. It is financed by the federal and state governments and by contributions from livestock owners. Most of the money is federal.

GOVERNOR'S APPOINTMENTS — Governor Price Daniel appointed former Atty. Gen. John Ben Shepperd of Odessa to the Texas Industrial Commis-

sion to replace Robert L. Haynsworth of El Paso, who resigned. Commission has the job of attracting industry to Texas.

Governor Daniel moved Dr. Harvey Renger of Hallettsville from the board of directors of Texas A & I at Kingsville to the board of Texas Southern University at Houston. He named to the A & I board C. C. Winn, San Antonio; Leo Welder, Victoria; and Lewis Maples, Kingsville.

Hoyt Johnson, Palestine attorney, was named to the board of managers of the Texas State Railroad.

Carl Phinney of Dallas was put on the State Securities Board.

ROY CRUTCHFIELD, Owner

PHONE TR 4-3852

Senator Harry Byrd claims that our government has overall debts and promises totalling one and one-quarter trillion. We always thought this figure was for measuring things of a scientific nature not dollars and cents. . . . And to think that Senator Byrd is called a conservative makes the statement even more flabber-

gating . . .
Over in another state politics gets even warmer than it does in Texas according to many reports. At least it seems more commonplace for folks to call each other by the names they feel should fit them. Talked with one rancher who was so full of the situation that he had moved to Texas. It seemed that about a half dozen ranchers owned 90% of this certain county. He and the other five had only some dozen votes in the elections involving taxes out of about 1000. The voters had found out who was paying for the benefits, so things had been going bad for the landowners. Out here he hoped to have at least a fighting

chance at the voting box.
We heard this story as it supposedly could have happened in the above situation. The issue was red hot as to whether the jack rabbits should be killed off or not. A certain politician was asked directly as to his stand on the controversial subject.
"Well, out in my district half of my friends are for shooting the rabbits — half of my friends are for letting the rabbits live. Now that you have asked me, I want the record to clearly show that I am for my friends."

A Clear Conscience and a clean slate is about the best beginning one can find for a new day. If we are at peace with God, on

good terms with our fellowman, and at ease with our own inner-self then the day has a good chance of being a happy one.

Usually when we are facing the world with fear in our heart, it has been caused by something we wish we had never done. Likely, a little incident that we would rather keep hidden from others. It may even be only the results of thoughts we should never have had causing a subconscious guilt.

We do not become fearful or scare easily when we are sure of our ground. When we are at peace with the world and with our Maker, we have less cause to be afraid. Most of all, if we expect happiness we have to be on good terms with our own conscience.

Someone once put it this way; "A shady life never produces a sunny disposition." Even those with a hardened conscience have the perpetual worry of being caught up with and having to pay the penalty for their wrongs. A clear conscience is sometimes only the result of a poor memory. It is easy to quiet our conscience by putting our short comings out of our mind, but things have a way of popping up again out of the past. To clear up a wrong is like paying off a debt; we are then through with it for good. Trying to forget it, or worrying about it is like putting something on a charge account. It will be there until we take care of it in a permanent way.

JUNE IS DAIRY MONTH
College Station — June is a time of recognition by the nation of the dairy industry's vital contributions to the health and wealth of America. The month-long observance, now in its 26th year, continues to pick up promotional steam, says A. M. Meekma, extension dairy specialist, and ranks as the biggest single dairy food sales and information campaign in the food field.

June was selected as the time to tell the dairy industry story for production is at its peak during this season, explains Meekma. Businesses of all kinds endorse and support the observance and nationally 13 organizations cooperate with the American Dairy Association to sponsor it.

Richard M. Riley, a well-known Travis county dairyman, is serving as Dairy Month chairman in Texas, according to Meekma. Riley is an immediate past president of the ADA of Texas and currently a member of the Association's Board of Directors. He is also president of the Mid-Texas Milk Producers Association; vice president of the Travis County Dairy Herd Improvement Association and a member of the Travis County Dairy Program Building Committee.

Meekma and Riley point out that dairies throughout Texas and the nation will be holding "open-house" during June and

that many special events ranging from a "three minute cow wash" to milk drinking contests will help acquaint the public with the dairy industry and make dairymen better known to the public they serve.

Food editors, nutritionists and others concerned with the American diet will emphasize milk as "nature's most nearly perfect food" during the month and point out that proper diets for every American should include milk and milk products.

The two dairy leaders extend an invitation to the public to take advantage of the open-house offer by dairymen and pay them a visit.

A Sound Fishing Tip
Don't let muddy water discourage you from fishing. Murky water often is better than clear water, because when a fish's vision is obscured it feeds by sound — carried to either by radar-like nerve endings, or its hollow bones that act as sound chambers. Fish pin-point the location of your lure by its vibrations. So in murky water, or any water after dark, use a good noisy lure which gives off heavy vibration that a fish can hear. Reel from slow to faster, until you feel the lure's strongest pulsations, then maintain that speed throughout retrieve.

WHY

Do So Many Home Buyers Insist on Medallion Homes?

"Live Better Electrically," the advertising slogan says. Modern homemakers know that it's more than a mere slogan — it's a fact. You CAN live better electrically when you buy a Medallion home. Here's why. The man who built that home, the Medallion home, EARNED the privilege of displaying the medallion by observing certain minimum electrical standards in the design and construction of the home, and in the appliances which are a part of the plan for living. It has been called "the Hallmark of Excellence." And it is. So look for the "Live Better Electrically" medallion when you are thinking of buying a new home. Enjoy FLAMELESS electric living!

ASHTOLA NEWS

Mrs. Doyce Graham

Saturday Mrs. Bonnie Whittington and daughter, Julie, of Canyon came to the SJ Ranch, and brought along Miss Enicka Leningman, an exchange student from Holland, to visit the Millard Words. Miss Leningman, a senior at Canyon, is 19 years old, and a stately, queenly redhead. Her father is a professor at the Hague University in Holland. She speaks five languages, and is an excellent public speaker having been graciously received because of this fine talent at several public speaking engagements. Enicka was delighted with her visit to a Texas

ranch, and said that it was the most interesting thing that had happened to her in her world travels. She was given a tour of the ranch, the dipping vat, watched the cowboys as they deboned and branded; made an inspection of the mares and new colts; and many other sights by Mr. Word. It was pure pleasure to have her on the ranch, and we hope our exchange student to Holland made as good a showing for us.

Mr. Walter Word and Mr. Myers visited at the ranch fishing with Mr. Millard Word Thursday. Jap Goodman, a former resident, passed away, and was buried at Albuquerque.

Mr. and Mrs. Dane Perdue and daughters of Levelland spent the week end in the H. S. Mahafey home.

John Butler of Claude was a Sunday visitor in the Hubert Rhoades home.

Mr. and Mrs. Weldon Lovelady of Odessa spent the week end with the Leland Lewis's, and Ronnie Lovelady stayed for a week's visit with the boys.

Mr. and Mrs. Millard Word visited relatives in Amarillo last Sunday.

Eddie Heston of Borger spent Friday night with Larry Lewis.

Doyce Graham of Lubbock and Linda Updike of Phillips were week end visitors in the home of Mr. and Mrs. Doyce Graham and family.

Jack and Aaronda White are spending this week in the home of Mr. and Mrs. Lloyd Reid.

Horace and Bernie Green were in Canyon and Amarillo Monday.

Mr. and Mrs. Leland Lewis and family visited Mr. and Mrs. Jack Lewis Saturday night.

Larry Green left Sunday for Scout Camp at Camp Kawaoiat, Canadian.

Mr. and Mrs. O. R. Patterson of Amarillo visited Sunday with Mr. and Mrs. Leland Lewis and boys.

Patricia, Bernie, and Robin Green attended all of the MYF Services last week during the Youth Activities Week, and Beth Green and Mike Graham attended the Bible School Sessions.

Mr. and Mrs. Marion Garland and Mrs. Doyce Graham were among those to attend the Estlack-Allen wedding Saturday night.

Kelly Morris of Amarillo visited in the Horace Green home this week.

Mrs. Stock Lamberson is in Groom Memorial Hospital and her many friends wish her a speedy recovery. Let's all send her a get-well card; it will help pass her time, and will be appreciated.

Mrs. Francis Brown of Rocky Ford, Colo., spent Monday with Mrs. Charlie Harp.

Mr. and Mrs. Jack Scott of Tucumcari and their two granddaughters, who live in Dallas, spent the week end in the C. B. Harp home. The Scotts had been to Dallas to get their granddaughters to take home with them for a visit this summer.

Mr. and Mrs. Paul White and sons of Amarillo spent the week end with the Jess Whites and Harold Grahams.

A group went from Ashtola to Boys Ranch Sunday.

This is an interesting and heartwarming story that I want to pass along, sharing with the neighbors the glow one feels in doing things for ourselves. Millard and Jan Word along with several other service people received their charter last Sabbath Day, June 10th, and are organizing a Presbyterian Church there in Camarillo, California, where they reside. They hold their services at 4:00 p.m. in the Episcopal Church; and the laymen have charge of the services. Jan Word directs the choir, and with her wonderful voice; plus the training she received as a young girl she undoubtedly does a splendid job. David Word, the seven year old, "a phenomenal reader" — a quote of one of his school teachers, three weeks ago

read the scripture for the church service. All of us offer our very best wishes and our sincerest prayers for success for these young people in Camarillo for the fine job they are undertaking.

Mr. and Mrs. Horace Green and family attended the Rolling-Plains Registered Cattle Association Banquet Thursday night at the Lions Hall. Horace is an officer in this association; and he and the boys assisted with the host duties of the banquet and the meeting.

"Lucky" Charles Thompson of Laramie, Wyoming, spent the week end with Mr. and Mrs. C. B. Harp.

Mr. and Mrs. Lloyd Reid visited during the week end with the Bill Reids at Lamesa.

HEDLEY NEWS

Mabel Bridges

On the evening of June 5th the children held open house in the home of Mr. and Mrs. Harry Boatright honoring their father and grandfather, Mr. J. W. Noel, on his 80th birthday. Present were Mr. and Mrs. Frank Anderson of Wellington, their daughter, Virginia Sue of Gainesville, Miss Martha Sue Noel of Phillips and host and hostess. Four generations were present for the occasion: Mr. Noel, Mary Noel Anderson, Virginia Sue, grand daughter, Karen, daughter of Virginia Sue and great-granddaughter of the honoree. A number of guests registered despite the stormy evening. His many friends wish him many more happy returns of the occasion.

Mr. and Mrs. C. L. Johnson sold Johnson Dry Good Store. They owned and operated the store the past 7 years. Mr. and Mrs. Jo Hoggett and Mr. and Mrs. Tommy Moffitt bought it. The Hoggetts operated Hedley Variety Store which will be moved to combine the dry goods and variety stores. It will be located where the Johnson Dry Good Store was located. The building where the variety store was located will be occupied by the C. L. Johnson Insurance Agency, Cherry Radio and TV

Shop, and Mrs. C. L. Johnson's sympathy to them in the death of Mr. Darnell.

W. L. Mosley has remodeled the Cotton Bowl Cafe with a new paint job, a complete new arrangement with new booths and counter making more room and a more modern cafe.

Mrs. Bill Scales is in Odem Hospital receiving medical attention.

Mr. and Mrs. Rex Willoughby and son, Tommy, of Mt. Pleasant visited the lady's mother, the H. P. Wilsons, last week.

Mr. and Mrs. Roy Jewell and Cindy Hopsin of Dimmitt spent last week end in Dallas visiting the Paul Dishman family.

Mr. and Mrs. Walter McCracken are spending a few days in Amarillo with their daughter, Mrs. Anna Mae Riddle.

Mr. and Mrs. Bud Moody and Mr. and Mrs. Coleman Fife of Wellington spent Sunday in the Leonard Wall home.

Mr. and Mrs. Malcolm Glass visited with relatives in Kerns,

Texas, last week.

Mrs. Mabel Bridges spent the week end in Amarillo with her children. Carol and Sherri Jeffreys returned home with their grandmother after a visit here last week. They decided to come back to Hedley for a longer visit.

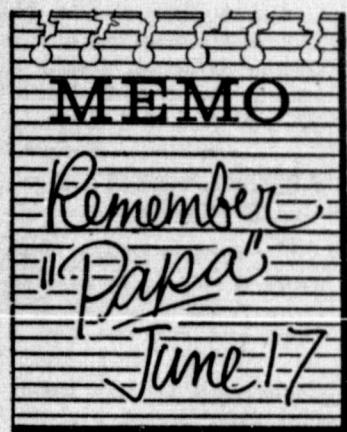

Attending Lions Convention in Amarillo last week were C. L. Johnson, Jap Shaw, L. D. Messer, Mr. and Mrs. A. L. Cherry and queen candidate, Sammy Sanders.

David Moreman has returned home for the summer from Texas A&M at College Station.

Mrs. Nollie Hunnicutt and children, Paulette and Janice, of Amarillo spent last week with the lady's parents, the Carl Reids.

Don Cox is home for the summer from Texas University at Austin. He is employed at Security Bank.

William Fietz is home from Texas Tech in Lubbock for the summer. He is employed at the Security State Bank.

Estlack-Allen Nuptials Solemnized In Church Ceremony Saturday Evening

In a service held Saturday evening, June 9, 1962, at the First Methodist Church, Clarendon, Texas, Miss Donna Jane Estlack, daughter of Mr. and Mrs. Homer Estlack, Clarendon, became the bride of Mr. Jerry Lee Allen, son of Mr. and Mrs. Bill Allen, also of Clarendon. The double-ring ceremony was read by the Rev. J. V. Patterson, pastor of First Methodist Church.

Vows were exchanged against a background of emerald palms and white colonial columns topped with urns of white gladioli interspersed with Cathedral candles in wrought iron candelabra. Tapers were lighted by Miss Donna Hinton, McLean, Texas, cousin of the groom, and Neel Carter. Mrs. Ronnie Tyra presided at the registrar.

Miss Connie Williams, organist, played a nuptial prelude and accompanied Miss Paula Adams who sang "Because" by Malotte and "Wedding Prayer" by Dunlap. The traditional wedding marches were used.

The bride, escorted to the altar and given in marriage by her father, wore a formal wedding gown of Chantilly lace and silk organza. The lace bodice was fashioned with a low scalloped neckline and long tapered sleeves. The bouffant skirt with lace appliques was enhanced with a French lace back panel which fell into a chapel train. She wore a shoulder length veil of imported French illusion attached to a Queen's crown of pearls daintily designed in scallops with pearl drops. She carried a fan-shaped bouquet of feathered nylon with a white orchid and stephanotis. The white

satin streamers were pearl trimmed.

Attending the bride were Mrs. Rodney Seago, matron of honor; Mrs. Dennis Kotara of Panhandle, Texas, Miss Jackie Jo McClellan, and Miss Frances Wallace, bridesmaids; and Miss Dana Estlack, cousin of the bride, junior bridesmaid. Their dresses were identically styled of organza over cotton satin with the matron of honor wearing Romance blue and the other attendants wearing Dior blue. Each was fashioned with a lowered neckline, gathered skirt and short sleeves. They wore matching halo hats with blue meline trim and blue shoes and carried colonial bouquets of white frenched carnations, blue cornflowers, and pink sweetheart roses. Each wore a necklace, a gift from the bride.

Attending the groom as best man was Ronnie Tyra. Groomsman and ushers were Allen Estlack, brother of the bride, Dennis Bradshaw, Neel Carter and Buster Wayne Emmons of Lubbock.

For her daughter's wedding, Mrs. Estlack chose a dress of rose silk linen accented by a matching hat and white accessories. She wore a corsage of white frenched carnations. Mrs. Allen, mother of the groom, wore a dress of beige silk, beige accessories and a corsage of green frenched carnations.

Immediately following the ceremony the bridal couple was honored at a reception held at Patching Club House. The bride's table was laid with a white linen cloth. A branched silver candelabra entwined with a garland of

Mrs. Jerry Lee Allen — nee Donna Jane Estlack

table smilax and white daisies provided the decor. Appointments were crystal. The tiered wedding cake topped with a miniature bride and groom was accented by a touch of blue. Cake was served by Miss Helen Hartzog while Mrs. Barbara Edwards dispensed punch.

For the wedding trip to Colorado the bride chose a navy and white silk dress, navy straw hat with white silk trim and white accessories. She wore the orchid taken from her wedding bouquet.

Mrs. Allen is a graduate of Clarendon High School. She took part in many school activities. She was a member of the High School Band, FHA, a class officer, a member of the yearbook staff, and a student assistant in the principal's office. Mr. Allen is a graduate of Clarendon High School and Junior College. He took part in athletics, FFA, and

was a class officer. The couple will be at home in Clarendon. Mr. Allen is shop foreman at the Donley County Leader.

SURPRISE PARTY HONORS BRIDE-ELECT

When good friends get together for a surprise slumber party, things are bound to happen. Such was the occasion at a slumber party Friday night in honor of the bride-elect Andra Pinkerton. Hostesses for the occasion were Agatha Wallin, Sharon Williams, and Jeanette Blevins. The scene of the party was the Wallin home. The rooms were decorated with slightly wilted sunflowers and the theme "Dennis loves Andy" was carried throughout the evening. The bride-elect was surprised first with a mock wedding and reception. The reception included such things as a tiered brown and green wedding cake made of old bread. The punch was served from a dishpan and was deliciously prepared with colored water. Candles set in tuna fish cans and unappropriate music added to the merrymaking.

Following the reception a make-believe shower was held in honor of Miss Pinkerton. The gift-laden table was laid with a ragged white bed sheet and in the center sat a beautiful two week old floral arrangement. The newspaper-wrapped gifts were presented to a delighted Andra. Such gifts a tooth paste, broken dishes, plastic spoons, safety pins, pacifiers, broken clocks, and many, many others highlighted the evening.

Later, delicious refreshments were served to Deanna McAnear, Connie Martin, Shirley Mann, the honoree, Andra Pinkerton, and the hostesses.

Summing the party up with gags, gifts, giggles, and well wishes, a wonderful time was had by all. —Rep.

DELTA KAPPA GAMMA STATE CONVENTION HELD IN AUSTIN

Ten members of Gamma Kappa Chapter of Delta Kappa Gamma were in Austin June 7-10 to attend the state convention of the society for women teachers. This was the thirty-third state convention and was held at the Driskill Hotel. There were 835 members from over the state in attendance. Miss Inez Blankenship and Mrs. Velma Weaver of Clarendon were among those to attend. Also included in the group were four international founders and one state honorary founder.

The International President, Miss Zora Ellis, was speaker Friday evening. Her theme was "To Goals Enriched." The Founders Banquet was held Saturday evening at which time Mrs. Una Holden was the speaker. Her topic was "Vestal Fires of Democracy." Music for the state convention was under the direction of Mrs. Velma Weaver. The state choir, of which Miss Inez Blankenship is a member, provided music for the Founders Banquet.

CELEBRATES BIRTHDAY WITH PARTY

Mrs. Pete Bromley entertained with a birthday party at her home Friday afternoon, June 8, honoring her daughter, Elizabeth Ann, on her fourth birthday.

The young ladies enjoyed play until time to open the birthday gifts and sing "Happy Birthday." Attending were the honoree, Elizabeth Ann Bromley, Debra and Jo Swartz, Tracie Davis, Chris Craft, Regina Knorpp, and Becky Deyhle.

Cake Decorating; 3. Stain Glass Bottle Craft; 4. Vacation Bible School; 5. Officer Training School; 6. Making Cowboy Shirts; 7. Helping with Girl Scout Day Camp.

Fourteen girls are all ready for the July 4th celebration. They have just completed their cowboy shirts complete with beautiful embroidered yokes and pearl grippers.

Seven girls are enrolled in the Cake Decorating Class this week. These girls will learn to make decorator cones, decorator icing, simple flowers, leaves, borders, printing, writing, nail head flowers. Cut up cakes will be used to learn to ice cakes smoothly. Cakes for special occasions are not too difficult to make and these girls will be ready for Father's Day as well as for the Baking Contest Division of the County Fair in September.

Several girls have just completed a workshop in Vacation Bible School. They assisted regular teachers by teaching songs, games, crafts, and telling the Bible Story. They study Child Care and Development, working with these small children and they learn to accept adult responsibility in their churches.

One-half credit is given for completion of this project course. A total of one credit may be earned over a period of two summers in this manner.

BACHELOR DINNER HONORS JERRY ALLEN

Dennis Bradshaw was host Thursday evening at a Bachelor Dinner in the G. W. Bradshaw home honoring Jerry Allen. The dinner table was laid with a white cloth and centered with an arrangement of garden flowers.

The honoree was presented a card table.

Present were Jerry Allen, Melvin Housden, Neel Carter, Billy Bradshaw, Ronnie Tyra, Allen Homer Estlack, Dennis Bradshaw, Kenneth Housden, Lynn Spier, and Bill Allen. Unable to be present were Butch Emmons of Lubbock and Philip Abel.

Mr. and Mrs. Ted Price of Electra, Pod Price of Pampa, and Mr. and Mrs. J. W. Price and girls attended the Estlack-Allen wedding Saturday evening.

ASHTOLA COMMUNITY CENTER NEWS

Tuesday afternoon Mrs. Robert Partain (Youth Director) and Mrs. Burk DeBord met with the older girls of Ashtola and made stuffed toys for the pre-school play corner at the Community Center. Charlene Gray, Roberta Partain, Ann Porter, Linda DeBord, and Pat Green completed two Teddy Bears and took several animals to be finished at home. Material for these toys was donated by Mrs. L. L. Wallace.

Mr. and Mrs. John White donated a rug to be used in the pre-school play center. It was cut out and laid this week.

The Ashtola Community Center has an educational program on Brucellosis Control Friday night. There was a 100% sign up on the petition to make our county part of the state-wide brucellosis free area.

Flip Breedlove presented Mrs. John White with the certificate and prize money for the 3rd place which Ashtola received in the Rural Community Progress Contest sponsored by the Electric Power Companies of Texas. We are very proud of this recognition.

At the business meeting it was voted to hire the well work done and to continue the Fourth of July Bake Sale.

The next meeting will be a party for Doyce Graham, Jr., and his bride-elect at the Community Center Saturday evening, the 16th of June, from 7 to 9. Hostesses for the occasion are Naomi Green, Ruby White, Ruby Jewel Hardin, and Mary Bell DeBord. You are invited to bring your family and come to meet the bride.

Johnson To Dedicate Plant At Mission

Vice-President Lyndon B. Johnson will dedicate the 75-million-per week sterile fly plant at Mission, headquarters of the Southwest Screwworm Eradication Program, on Saturday, June 16.

Dedication ceremonies begin at 10:00 a.m. at the plant, Moore Air Force Base, 14 miles north of Mission. Also included in the day's program will be tours of the plant before production and security regulations are started the following day.

The plant, built with funds contributed by individual livestock producers and sportsmen through the Southwest Animal Health Research Foundation, is being dedicated to the improvement of the Southwest Livestock Industry.

The plant is actually a "fly factory." It covers 75,000 square feet, will employ 500 people working in three shifts every 24 hours for seven days a week, and is designed to produce from 50 up to 75 million sterile screw-worm flies each week of the year. Every operation is timed to coincide with the normal life cycle of the screwworm.

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

OUR COUNTRY

In recent months there has been a noticeable increase in bitter and caustic criticism directed against the government of the United States of America. This is not a new and unprecedented happening. It has occurred many times during our history and will, no doubt, occur many more times. It proves the basic strength of our type of government. It proves that if constructive criticism is offered and properly utilized, great benefits can be the result. It proves that a full and complete expression within the confines of the freedoms guaranteed under the Constitution can be enjoyed by the people without the danger of internal revolution. It proves that freedom of expression by all is one of the best safeguards against totalitarianism or dictatorship. It proves that those who were the authors of the Declaration of Independence, the Constitution, and the Bill of Rights had Divine Guidance in creating the greatest government ever conceived in the mind of man. History records no similar example in the field of political science.

The Constitution of this Nation has been amended 23 times. Actually only 13 times, because the first 10 amendments to the Constitution are what we commonly know as the Bill of Rights. This great document has been attacked almost daily since its inception. It has successfully weathered all the storms and will weather many more. It has been stretched and strained by every conceivable argument, but stands today as the bedrock of the government of free men. It is the perfect answer to Communism or any other ideology of those who would subject mankind to slavery.

There are, no doubt, many imperfections in our form of government, as well as in other governments in the life of man. Constructive criticism should always

be directed at the correction of those imperfections, and especially should this be done with regard to the governmental processes by which man must live. However, it must be appreciated that man is not perfect, and probably will never be perfect. In weighing our way of life, what it is, what it does, and what we would like it to be, we must not lose sight of our blessings. The United States of America stands today as the foremost Nation in the history of the world in providing the many freedoms which man enjoys, as well as the material things that contribute so measurably to provide a pleasant life span. Those who would condemn our free enterprise economic system, and our government need only look to the obvious to see a full, complete, and clear picture of the blessings that we in this country enjoy. The comparison with other countries in what we know as the free world reflects benefits which we accept in every day life, that are not even remotely hoped for in other nations. When compared with the Communist or Communist Satellite Nations, the picture is like night and day. All of the automobiles in the 16 Soviet Republics wouldn't make a good-sized traffic jam in New York City. All of the television sets wouldn't provide the needs of one good apartment complex in Chicago. All of the automatic washing machines wouldn't meet the needs of one of our medium-sized cities. (This would be interpreted in Russia as meaning that American cities and our people are dirty.) In that regard, it might be said that this country has the cleanest people in the world because we have the means by which to stay clean and healthy. Where else in the world do you have the fine food, the fine automobiles, the fine houses, the fine labor saving appliances and devices, the beautiful parks, the fine clothes, and the right and power to move about at will without being required to answer to anyone? These are only a few of the blessings with which God has seen fit to endow us. This has not come about without toil and sacrifices of those who have liv-

ed before us. It is our responsibility to see that this great country with all of its bounties be fully preserved and made better during our generation. We must also keep in mind that those who follow us must be armed with the knowledge, the understanding, the initiative, and the love of freedom to carry on.

THE SPELLER

We have just had a most enjoyable visit with the Spelling Bee Champion from Amarillo, Miss Vivian Salazar, accompanied by her mother, Mrs. Antonio Salazar, and the very able Randy Rutherford who handles the entire operation. Although Vivian did not win the contest here in Washington, it was not because she did not know how to spell the word that stumped her. Under the rules, you can't take back any letter that you pronounce. If you get one letter out of place, even though you haven't finished spelling the word, they ring the bell on you. The Panhandle should be very proud of this fine young lady and the impression that she made on Washington.

FRESH-WATER CATFISH BOOK IS RE-ISSUED

AUSTIN — It's catfishing time in Texas, and some big ones are now being hauled in on trot lines, and even with rods and reels. But a great many fishermen don't know their catfishes. Every day letters come into the office of the Game and Fish Commission seeking information about these fresh water species found in the lakes and streams of Texas, according to T. D. Carroll, coordinator of information and education.

To answer these questions, the Commission has reissued its bulletin No. 39, entitled "The Fresh Water Catfishes of Texas, and How to Know Them." The bulletin lists the fresh water catfishes, with a chart making identification easy. Also, it covers the feeding habits and habitat, enabling fishermen to have greater creel success. This bulletin is sent free to interested persons.

FACT AND OPINION

A well-known engineering and transportation consultant, testifying before a Senate sub-committee, said that proposals by the Army Engineers to build two new large canals in the South at a cost of millions of dollars are uneconomical and "thoroughly unsound." Existing transportation facilities in the areas of the canals, he added, are being used at only a fraction of their capabilities. So the canals would not create new traffic, but would depend entirely on diverting traffic from existing transportation facilities.

Here's W.A.'s "Timeless" All Road Hazard Written Guarantee

The Guarantee Never Expires While There's Tread on Your Tire!

Nails, glass, rocks, many things can cause blowouts, cuts, bruises making the best tire unserviceable, but NOTHING—not even defects in workmanship and material—can damage your DAVIS TIRE GUARANTEE, except cases of misuse.

At our option we will replace your tire with a new Davis tire or repair it free of charge. When adjusted, you pay only for tread used, and adjustments are prorated on tread wear and based on current exchange selling price (NOT ON LIST PRICE AS WITH MOST OTHER GUARANTEES).

YOU MUST BE COMPLETELY SATISFIED!

Members of Troop No. 37 are shown receiving instructions at Camp Ki-o-wah near Canadian on the safety rules and regulations at the water front before being divided into non-swimmers, swimmers, and class A swimmers. There are four instructors on the water front at the camp to insure safety and help improve the boys' swimming. Mr. Kelly, football coach at Shamrock, is in charge of the water front.

FARM NEWS

from County ASCS Committee

1962 WHEAT STABILIZATION PROGRAM

We want to remind wheat growers that the Wheat Stabilization Program applies only to the 1962 crop of wheat. Wheat price support is available only to those wheat producers who participated in Wheat Stabilization program and who stays within their farm allotment.

The 1962 wheat program also increased the marketing quota penalty rate as well as the amount of wheat subject to penalty, and extended the quota program to many small farms which were previously exempt from quotas.

We urge wheat growers who are not clear about the Wheat Stabilization Program provisions to check with the ASCS office for full information.

1962 ACP PROGRAM

Have you made application to carry out a practice under the ACP Program for this year? Cost-share assistance is available to producers who are interested in carrying out one or more of the approved practices.

If you desire to have an approved contractor or vendor do the work in carrying out a practice he may be paid the cost-share assistance soon after the work is complete.

The following are some of the producers who have carried out practices under the 1962 ACP Program:

1. Constructing Dam for Livestock Water: Jack Thomas and J. T. Trew.
2. Control of Mesquite: Sim Reeves, Lawrence Hagy, Earl Myers, Spencer Sitter, E. L. Sitter, Clarence and C. E. Bairfield and Joe Robinson.
3. Control of Sand Sage: Forrest Sawyer, V. L. Morris, Lee Shaller and L. D. Aten.

Kenneth Price and Bobby Cain are shown greeting Scoutmaster Bill Land as Troop No. 37 arrives at Camp Ki-o-wah near Canadian. Kenneth and Bobby are working on the staff at the camp this summer. They will be there for five weeks and will be working with better than 2,000 boys from the Adobe Walls Council.

SORRY!

The announcement of the CJC Dean's Honor Roll in last week's issue of the Leader, erroneously omitted the name of Miss Sandra Pinkerton, the daughter of W. W. and Fayes Pinkerton. Dean Abel extends apologies to Sandra for the omission. Sandra has been on the Honor Roll throughout her two years of college and graduated as valedictorian of the class of 1962. She is now enrolled at Texas Women's University Denton, Texas, for the summer sessions.

Mr. and Mrs. Roy Lee Helms are the proud parents of a daughter born June 5th weighing 7 lbs., 14 oz. She was named Paula Janice. The grandparents are Mr. and Mrs. J. W. Helms of Lelia Lake and Mr. and Mrs. D. R. Koontz.

Mr. and Mrs. J. L. Wood are vacationing in Colorado and New Mexico this week.

CELEBRATION . . .
(Continued from Page 1.)

furnishing the music. Admission will be \$1 per person.

On June 20th, local residents are urged to join the group of celebration boosters that will meet at KGNC Channel 4 TV station at 7 p.m. to make a videotape recording advertising the celebration. The 30-minute program will be presented over Channel 4 Saturday afternoon, June 23rd, and everyone will have an opportunity to see just how they look on TV.

Ernest Kent is starting his round-up of Old Fiddlers to enter the Foddlers' Contest July 4th. If you are interested or know of someone, let Kent know. He is in charge of the Old Timers Reunion July 4th also, and is making big plans for this honored group. Old-Timers 75 years of age or persons who have been residents of Donley County 60 years will be admitted to the Barbecue free July 4th.

W. J. Adams will be in charge of the kids event at each performance of the Rodeo and is reminding all youngsters that \$10 in cash will be given away each performance.

Mr. and Mrs. Geo. L. Green returned home last week after visiting their daughter, Helen in Dallas. They also attended the graduation exercises of their grandson, Billy Mark Green, at the North Texas State University in Denton and the graduation exercises of their granddaughter, Carolyn Ann Green, in Trinidad, Texas. They also visited Mrs. Greene's sisters in Lancaster and Ferris, Texas.

Mrs. Butch Emmons and Jeff of Lubbock are visiting Mrs. Naomi Phelan and Mr. and Mrs. A. J. Emmons this week.

LITTLE LEAGUE . . .
(Continued from Page 1.)

scored 9 runs. The Gold Sox got 3 hits; however, they could muster only 1 run, and that was the ball game.

Although the Gold Sox haven't won a game as of now, they are improving each game and will be plenty tough if boys such as Adkins, Smith, Sims, Risley, and Green come around. Perkins and Lowrey are both big and strong and can hit the ball a mile. Therefore, the other teams had better take heed for the near future.

In the only minor league game, the Indians proved themselves superior by rallying in the last 2 innings to win from the Dodgers by a score of 14-7.
