Bronchos bounce Kangaroos 46-0

In what was supposed to be a very even contest the Clarendon Bronchos made a roast of the home team by rolling up a 46-0 lopsided victory.

The Roos began the game by kicking to the Bronchos and held on downs as Weatherston and Smith could gain only 4 yards and Thomas punt a fine 39 yard punt into the wind.

Kress opened up by throwing a surprise pass and had the man open, two running plays gained 6 yards and hoping to keep the Broncho offensive in a hole punted to Youngblood.

Clarendon took over at the 25 yard line. Rodney gain 11 yards, Bonnie got 2. Drvon hit Johnny for 13 yards then he threw to Richard for 12 and then Drvon found Doug wide open for a 39 yard T.D. There was a bad snap and the extra point was no good.

The defense was doing a outstanding job against a very large group of Kangaroos. Time and again Creed, Rodney, Bret, Dan, Johnny and Rod would stop the Roos offense.

Kress returned Johnny's kick off to the 32 yard line making a first down, then lost 14 yards, 2 incomplete passes and punted to Robert at the 20 yard line.

Drvon directed an 80 yard, 14 play drive by mixing a balance off. First a pass to Johnny went incomplete, Rodney gained 1 yard, then 7, Drvon got 9 and a 1st down, Rodney another 5, Booney went 17 for another first down. Glen for 4, Smitty went 26 for the 3rd first down, Curly got 4, Drvon made a nice 40 yard for another first down, a bad pitch cost the Bronchos 10 yards. Cutley got 3 back, then Drvon 12 and Smitty added 12 for the touchdown, another bad snap cost the extra point.

The kickoff was covered very strongly and trapped Kress at the 14 yard line. On the next play Kress fumble and Richard grabbed it for the Bronchos. On the first play we had a clip and moved back to the 29 yard but 'Curly' took a pitch from Drvon and behind Dean, Doug and Tim scooted 29 yards for a touchdown. Drvon hit Neal for the extra point.

Kress took the kick off at the 20 yard line and gained only 3 yards in three plays. and punted, put had 12 men on the field, which is a new penalty, illegal participation which is a 15 yard penalty and loss of down. This gave the Bronchos the ball at the 17 yard line. A holding penalty cost the Bronchos to be pushed back to the 26 yard line where Drvon threw a 26 yard to Richard for a touchdown, making the score 26-0 while Kress had used only 11 plays during the half.

The Bronchos stopped the offensive surge of the 'Roos at 1:54 left in the half, and started after another score. Smitty got 11, Curly moved another 24, Drvon hit Richard for 17 to the 1 yard line. Drvon scored behind Rod, Lyva, and Tim, but had a penalty, then Curley got 6 and T.D. but had another penalty as the half ended.

The half time statistics showed the Bronchos with 15 first downs, 233 yard total offense and 26 points, while Kress had 5 first down and 96 yard of offense.

The second half kick off was taken by Youngblood and returned 35 yards where the Bronchos set out to score again. Rodney got 5, then 1, Booney picked up 14, then 3 more, and 9 more, Drvon pitched up the first, on the next play Booney

broke thru behind Arlis and Johnny for 31 yards and a T.D. The Bronchos were having a hard time on extra points and their attempt failed.

Arlis kick-off was out of the endzone and the defense was on the 20 yard line. Kress made a 1st down, then another one and started to passing, then Rodney intercepted a pass to kill the drive.

A nice 9 play 49 yard drive was coming up. Curly ran for 5 yards, then Rodney went 22, Drvon got 14, and left the game. Robert lost a yard, then handed to Booney for 14, then to Dewy for 5, Robert got 2 himself, then Curly added 2 more and then a quick yard sprint by Curly added 6 points and Arlis added the extra point.

The field position was excellent each time the offense took the ball due to a well-drilled defense that kept Kress on their end of the field all night.

Kress received the kick off and moved to the 26 yard line to start their offense. They made a first down and three plays netted 2 yards and they tried a page from Clarendon's notebook.

Bronchos to play Sunray Bobcats

The second home game of the football season is when the undefeated Bronchos take on the Sunray Bobcats. The Cats come to town fresh from a 28-7 victory over the ever-tough Vega Longhorns. Their loss was to Boys Ranch (a team the Bronchos face for homecoming) by a score of 34-6. The Cats are schedule to meet the Bronchos at 8 p.m. Friday.

Some facts about the Bobcats: (1) return 12 starters from their offense and defense (2) more speed than anyone the Bronchos have played this year (3) their size is about the same as Canadian was in the season opener. (4) They are coached by one of the best in high school ranks - Jim Cain.

Sunray will give the Bronchos a very wide range of offensive formations to adjust to defensively and play a very sound defense to go along with their offensive.

They have 10 men that go both ways and are very strong tradition-wise.

The Bronchos are in good shape in so far as injuries are concerned. There has been a slight case of stomach virus passing around, but overall, the team is in good condition.

After coming off the victory over Kress, there is a great deal of excitement among the players and coaches.

Comments from the coaches "We had a chance to play several reserves against Kress and gained more experience. There is a great deal of improvement over the week before, we are trying to improve each day. There are still a great many tough games to play and the improvement will be valuable in those tough games."

Not enough cotton returned to USDA's CCC to meet PIK program

Edwin Campbell, Donley ASCS Manager, has received word from Washington that a special U.S. Department of Agriculture purchase program for cotton did not return enough cotton to USDA's Commodity Credit Corporation to meet payment-in-kind obligations.

Thus, all producers who are eligible to receive PIK cotton from CCC inventory must "Harvest for PIK" - obtain loans on their 1983 production to satisfy 40 percent of their PIK needs. The other 60 percent will come from cotton already in CCC's inventory.

Under the Supplemental Appropriation Act for fiscal year 1983 (PC 98-63), USDA had to accept bids of up to 20 percent on 1982-crop cotton, unless USDA could buy enough cotton to fulfill PIK requirements at lower bids. The 1980 and

1981-crop bids were evaluated on the basis of comparative equity values of the 1982 crop.

Under the special purchase program, CCC acquired an estimated 780,000 bales of cotton, which when added to CCC's present inventory, is not enough to meet CCC's needs for the PIK program.

During the Aug. 8-24 purchase program, CCC accepted bids on 1980, 1981, and 1982-crop cotton from farmers who had cotton pledged as collateral for outstanding price support loans. Farmers received in-kind compensation for selling cotton to CCC. Bids were offered on 1,177,901 bales. The bids ranged from zero to 100 percent. Farmers offered bids on 1,011,109 bales of 1982-crop cotton, 151,377 bales of 1981-crop cotton and 15,415 bales of 1980-crop cotton.

CCC accepted these bid offers:

Cotton	Bids accepted	Bids offered	In-kind compensation to farmers in bales	Net bales to CCC
1982-crop	0 thru 20 percent	907,701	166,164	741,537
1981-crop	0 thru 14 percent	39,597	3,933	35,664
1980-crop	0 thru 7 percent	2,662	168	2,494
			170,265	779,695

Campbell new ASCS manager

Edwin J. Campbell is the new manager of the Donley County ASCS office. He moved to Clarendon from Childress where he has been manager of the Childress County ASCS office for the past two years.

Campbell is no stranger to Donley County as he was raised in Claude and has worked in both Donley and Armstrong Counties.

Campbell and his wife, Janice, have a son, Chad, 7 years old and in the second grade, a daughter, Melissa age 3.

Both Edwin and Janice are graduates of Texas Tech University. She is an elementary teacher. They are members of the First Baptist Church.

Edwin said, "I am looking forward to working with the farmers of Donley County and the fine staff in the county office."

Campbell is the son of Mr. and Mrs. LeRoy Campbell of Claude.

Hay surplus sought

Due to widespread drought conditions this summer in many areas of the country, there are many reports of hay shortages.

Some states and counties are known to have a surplus of hay and other roughage.

Edwin Campbell of the Donley County ASCS office has reported they are com-

paring information to help locate this surplus. If you are a cattleman in need of hay or roughage or one who has a surplus, you should contact the ASCS office at 874-3561 so they will know who has a surplus and who needs hay and will be able to get the buyers and sellers together.

Deadline near for Tumbleweed Talent

October 1 is the deadline for all who would like to perform at the Third Annual Tumbleweed Talents program on the Clarendon College Campus on October 15. Everyone from Kindergarten through Adult is encouraged to enter this year's amateur talent contest for the West Texas Panhandle. Don't miss this excellent opportunity to share your talents with are residents.

A new part of the program this year will be for those who are not interested in competing in the talent contest itself but would enjoy entertaining the audience just for the fun of it. There is no entry fee for those wishing to perform in this special entertainment portion of the program, but you are asked to fill out an entry form and send it back to us, so we can work your act into the program. Don't be shy! Please share your talents. You will be helping to raise money for the American

Cancer Society and for scholarships for students who will be coming to Clarendon College and are eligible to become members of the PIK Honor Society and the CJC Drama Club.

Twana Garland, Trinda Judd and Christi Deen will enter the Twirling Pageant this weekend held at Clarendon College Gym.

BOOKENDS

by bo

Board members serving on the Library Board for this past year are Jenks Bostin, chairman; Bronnie McNabb, Kay Jill Turner and Phoebe Heil. Their service to the library and the community is greatly appreciated.

Large print books for those who have a hard time reading those in smaller type are really "big" at the library. They are heavily used and thirty different books are available through our rotating library system. About every four months they are changed. In August there were twenty-nine loaned out and 116 have been for the whole year.

"Memorial gifts to the library are always most welcome," says Annis Stavenhagen, librarian. If a particular book is wanted it may be ordered. Some books that make appropriate gifts are kept ready in the library. Since books are so expensive, smaller amounts may be given to the general book fund. Your donations are always welcome.

Color Me Beautiful by Carole Jackson which was on the best seller list most of last year is still selling strong and changing the colors of America. The library has this book, but after you read it chances are you will race to the nearest bookstore to buy your own.

Carole Jackson is becoming richer and more famous by the book. Every home economics major I know is slapping herself with Ann Landers' proverbial wet noodle or dashing

her face with Julia Child's vichyssoise. Some are making themselves sew nothing but buttonholes and zipper plackets. The reason for this self-punishment is that they were all taught basic color theories and how to combine it with clothing and personal appearance. Carole put it together first with self-improvement classes and as it evolved over six years she had the material for a book.

The author says that color is magic and it can work for you. Types of skin tone coloring are divided into the seasons Winter, Summer, Fall and Spring. Tests are given to determine which is you. After the colors are known, you move on to learn exactly what makeup and hair coloring tones are best for you. You will need only one color of lipstick and one of makeup. Your season never changes.

Well known Winters are Liz Taylor, Cher, Jackie Onassis, Audrey Hepburn and Jaclyn Smith. Summers are Queen Elizabeth, Candice Bergen, and Farrah Fawcett. Springs are Sally Struthers, Debbie Reynolds, Julie Andrews and Shirley Jones. Falls are Carol Burnett, Lucille Ball and Katherine Hepburn.

It is easier to decide what season someone else is than yourself. Since comparing with others is fun, this whole book would be an excellent program for an organization plan.

One can see why the popularity of this book has just kept on growing. It involves the reader on a very personal level and then each color-coordinated person wants to tell another just how great it is. The old breaking-the-ice-and-getting-a-conversation-started gambit, "What is your horoscope sign?" is now being replaced by "What is your season? or I'm sure you are Winter because you look to great in black."

When the color-me beautiful idea is used by the majority of people in this country, one may speculate about the many uses it really can have and unnumberable possibilities come to mind.

A color coding index could be used for the entire population of this country. Social Security numbers could be color coded and divided into four groups. Four more national holidays at the start of each season could be declared. Garment makers could estimate the market better. Shopping could be easier by clothing stores have the four seasons in four sections. The colors are unisex and so there would be no discrimination.

Howsoever, all of this sounds like more red or blue-red or bittersweet or orange-red tape to me, so check this book out and *Color Me Beautiful*.

GENE BULMAN

Victor Hugo published his last great work at the age of 81.

Bulman honored with retirement dinner

Gene Bulman, a former Clarendon resident, retired recently after 27 years of service with the City of Bell, California. Gene began his work with the city in 1956 in the maintenance department where he worked about eight years. He was then promoted to foreman and then to street supervisor, the position he held until his retirement August 30.

A dinner was given in his honor Saturday, September 10 at Montebello Holiday Inn. Mr. and Mrs. George Bulman, Jr. of Canyon, Mrs.

Billie Barbee of Grandbury and Mr. and Mrs. Bill Land attended the dinner along with other family members and many friends and associates.

Gene and his wife Shirley and son, Joe, reside in South Gate, California.

Comptroller Representative to be in Clarendon

A representative of State Comptroller Bob Bullock will be in Clarendon on September 14, 1983, to assist area taxpayers and answer tax questions.

According to Claudia Stravato, manager of the Comptroller's Amarillo Office, John Lindsey, Enforcement Officer, will meet with Donley County taxpayers in Clarendon at the County Court House from 2:00-4:00PM.

Questions about taxes, the filing of tax returns or assistance on returns can be answered quickly and efficiently in these face-to-face meetings, Bullock said.

Taxpayers who are not able to meet with the Comptroller's representative on September 14, 1983, can still get their tax questions answered quickly by calling from anywhere in Texas, toll-free 1-800-252-5555.

Alzheimer's Disease film to show at CJC

Becky McGee, President of ADRDA, of Amarillo will be in Clarendon at 2 p.m. Saturday, September 17th to talk about Alzheimer's Disease. The meeting will be held in Room 102 at Clarendon Junior College.

She will show a film "Someone I Once Knew". The film hosted by Dr. Tim Johnson, corrects the long-held belief that senility is an inevitable result of aging. Doctors and scientists now know that senility is a disease Alzheimer's Disease - afflicting one and a half million

persons. It is important, yet difficult, to distinguish between Alzheimer's victims and others who exhibit similar symptoms caused by depression, drug overuse or a physical ailment that affects the brain.

The problems families face in dealing with the long term care of the patient and the emotional, financial and social stress are immense and all too often devastating. Family support groups are being organized throughout the nation to offer a caring

situation where family members share their problems and seek solutions together. After the film, Mrs. McGee will open the meeting to a question and answer

MR. AND MRS. ALFRED SPALDING

The children of Alfred and Eloise Spalding invite you to join them in celebrating their parent's fiftieth wedding anniversary, Saturday, Sept. 24, from 2-5 p.m. at the Hedley Lions Club.

Their children Doug and Martha Lowe live in Ft. Worth, Bob and Kathleen Pizlev, Forgan, Okla., and Gary and Sara Carter live in Clayton, New Mexico.

Your presence is your greatest gift, they respectfully request no other.

Target Price-\$4.45
National Loan Rate-\$3.30
Advance deficiency payments are not authorized.

Eligibility for program benefits is limited to participants in the 1984 Wheat Program. To be eligible for program benefits, the planted acreage must not exceed 70% of the 1984 wheat base. This is a 30% reduction for eligibility, you can elect to idle an extra 10-20% for PIK payments. PIK payments are paid on 75% of the established yield for wheat on that farm.

1984 acreage bases will be the average of the planted and considered planted for the 1982 and 1983 crop years. Cross and offsetting compliance will not apply for the 1984 program.

Haying of CUA will not be permitted.

CUA cannot be grazed from May 1 through October 31.

Producers with no CCC loans and who are unable to harvest 1984 wheat for PIK will not receive a PIK payment.

Sign-up will be from January 16th through February 24, 1984.

If CUA is designated on dryland, the yield used to determine the PIK amount shall reflect the dryland yield.

Wheat Proven Yields
Proven yield records may be submitted at any time. You will need to furnish production evidence for the years 1979 through 1983. Some of you have records in the office and will not need to furnish all 5 years.

Spring Seeded Certification Revisions

Certification revisions need to be made if you certified a crop dryland because you had not watered but have since that time irrigated it. This could be important for future years participation.

Grain Sorghum Transportation Assistance

On August 3, 1983 CCC announced the transportation assistance program for producers desiring to take physical delivery of their corn or sorghum PIK. At that time, this office mailed to you a letter explaining the provisions of the program.

As initially announced, the transportation assistance program provided for assistance in moving the PIK commodity to a local UGSA or PIK handler warehouse. It has come to CCC's attention that some eligible producers may prefer that their corn or sorghum PIK be transported directly to their farms. CCC is therefore authorizing such assistance for eligible producers.

CCC will provide assistance for the cost of transporting the grain from the delivery point specified on the CCC-477-1 to your farm. You may transport the PIK yourself, or you may arrange for a private carrier to transport the PIK for you. In either case, reimbursement will be made directly to you and will be contingent upon your providing the county office with a signed invoice for costs incurred.

Mileage paid shall be limited to the lesser of: The distance from the warehouse specified on your CCC-477-1 to your designated warehouse, or, the distance from the warehouse specified on your CCC-477-1 to your farm. You will be required to pay the "out" charges at the warehouse specified on your CCC-477-1. You must apply for transportation assistance at the county office before you take possession of the grain at the storing warehouse.

"While the test is a screening device and not a complete eye examination, it will alert those who fail it that they should get that examination - hopefully, in time to correct the problem," Bob Maitland, Program Chairman for the Amarillo Society said. "Early detection and treatment are important in saving sight. Half of all blindness is needless, a tragedy that too often results just because an eye problem was ignored until it was too late for it to be properly corrected or treated."

The two-part eye test was designed especially for TV by Stanford ophthalmologists Milton Flocks and A. Ralph Rosenthal on a grant from the National Society to Prevent Blindness with which the Texas Society is affiliated.

The first part will test visual acuity - sharpness of

central vision. To take it the viewers will be asked to stand back from the screen and read the letters flashed on it. The second part will test visual fields - scope of side vision. For it, viewers will stand close to the screen and count the X's being flashed on it. Correct answers will be announced.

A question and answer period will be conducted immediately after the 12 minute test. This will allow Panhandle residents an opportunity to place free calls to Channel 4. Jim Blue of Channel 4 will host the program and Dr. Avery Rush, Medical Advisor to the Amarillo Society, and Dr. William Sansing, of the Board of Directors, will answer viewers questions.

The Texas Society to Prevent Blindness is an affiliate of the National Society to Prevent Blindness, now celebrating its 75th anniversary.

Living With Allergy

Allergy cannot be cured - but one can learn to live with the discomforts of this common complaint. The sneezing, nasal congestion, runny nose, and watery eyes of allergy can be reduced in intensity or eliminated by most individuals if they follow a common sense approach to self-care of allergy.

*Ask your pharmacist to recommend a reliable antihistamine preparation.

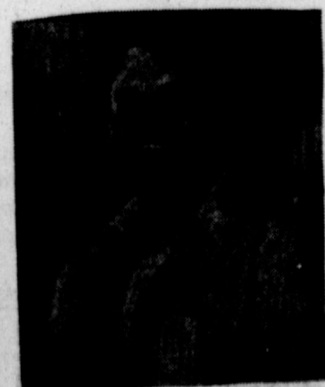

*If nasal congestion or runny nose continues even with regular antihistamine use, consult with your pharmacist regarding a nasal decongestant which can be taken with antihistamines.

*Attempt to determine the materials that cause allergic symptoms. Avoid these materials whenever possible. This may mean that pets must live outdoors rather than in, feather pillows be discarded, and housedust be removed on a daily basis.

*If plant pollen cause allergic symptoms, consider wearing a properly designed face mask when outdoors. All face masks do not effectively filter pollen and, therefore, it is important to obtain the correct mask.

DAWN MAE AND HER DOG BEAR

4-H'ers compete in State Dog Show

The 1983 Texas 4-H Dog Show was held August 20, 1983 in San Antonio.

Dawn May, daughter of Mr. and Mrs. Jerry May of Clarendon, and her dog "Bear", won first in Sub-Novice, placed fifth in the Confirmation Class for Non-purebred dogs, and was Second Overall Highpoint.

Michael Moore, son of Mr. and Mrs. Mike McCully of Lelia Lake, showed Baron Maxwell Von Schamann, a Doberman Pinscher, and placed fifth in the Sub-Novice Obedience.

A beginner's obedience class started September 12, with 8 participants and will meet next Monday, September 19, at 6:30 p.m. in the Community Center at Clarendon.

Adults and 4-H'ers are welcome to enroll.

This eight week course is being conducted by Bob and Vera Andis, and is the start of months of preparation for 4-H'ers who want to compete in next year's State 4-H Dog Show, August 18, 1984, in Dumas, Texas.

For more information, contact the County Extension Office at 874-2141.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

4-H'ers exhibit Shorthorns at fair

Donley County 4-H'ers exhibited several Shorthorn Heifers at the Tri-State Fair in Amarillo last week, according to County Extension Agent Ronald Gooch.

In the junior heifer class Christie McAnear placed 3rd in the junior show and 5th in the open show. In the winter heifer class, Rodney McAnear placed 3rd, Laura McAnear placed 5th, and Tracy Burch placed 4th

and 6th. In the summer yearling class, Lori Robinson placed 3rd and Rodney McAnear, 5th.

In the class for late spring yearling females, Rodney McAnear placed 6th, Shane Klinnert placed 4th and 8th, Kevin McAnear placed 9th and Jason Klinnert placed 5th and 10th.

In Class 6, early spring yearlings, Christie McAnear placed 3rd and 4th; Shane Klinnert placed 4th and 8th; Ginger McAnear was 6th and 10th; and Jason Klinnert was 8th and 12th. In the junior yearling heifer class, Christie McAnear placed 2nd and 3rd.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Deaton Reunion

The Deaton Reunion was held September 3 and 4 at Clarendon's Community Hall with forty-four attending.

Those coming from Oklahoma for this reunion were John and Darlene Johnson of Edmond, Chet and Juanita Grant of Hooker, Jimmy Baver of Tyrone, Dillard and Janice Grant and grandson, Joshua Wages, of Turpin.

Those attending from Texas were Habert and Phyllis Deaton of Amarillo, Jay and Nell White of Borger, Della Allen, Fred Russell and Ruby White of Clarendon, Herman Deaton of Gainesville, David and Della Spivey of Grand Prairie.

Bill and Jean Williams came from Salt Lake City, Utah.

From Alabama were Ronny, Debbie, Meredith and Ronna Lauderdale of Dora; Nina and Nelda Lauderdale of Sumiton, Jay and Thelma Downing came from El Sabrante, Ca. and Jim and Ursula Allen arrived from Colorado Springs, Co.

From Kansas came Eugene and Gladys Reece of Dodge City, Rob and Randy Grant and Herb, Ola, Bart, Brent and Bridget Howie of McPherson, Fannie Russell, Charlene and Michael Kopper of Sublette.

Jay White awarded prizes to Mrs. Della Allen for being the oldest in attendance and mother of the most children, Charles Landberg for being the baldest, Chet Grant for losing the most skin on his head, the Jay Downings for

coming the farthest, the Hubert Deatons for the most wedding anniversaries, the Eugene Reeces for the most grandchildren (because it was decided Mrs. Allen had won enough prizes). The oldest never married prize went to Nelda Lauderdale with youngest attending going to Ronna Lauderdale.

France has been sending memorable gifts to America for generations.

Then: It was nearly 100 years ago that the people of France donated some \$250,000 for the construction of the Statue of Liberty, given to the U.S. as a symbol of friendship and liberty. The presentation was made in Paris on July 4, 1884, and the Statue was dedicated in New York harbor on October 28, 1886.

Howardwick News

By ALICE HOOD

Willie and Troy Moore spent Labor Day in Hereford visiting daughter, Mary, her husband, Willis Duggan, and all their children.

Charles and Lucille Boren had son Donnie and a friend of Perryton over the Labor Day weekend.

Had quite a wind storm Tuesday night, September 6. No severe damages reported here. Some shingles and trash barrels and containers were reported scattered around. If anyone is still missing their container, it may be the one that landed at the Lawrence Whiteheads. We did get a little good out of the storm. An inch of rain fell and again Sunday morning early and another shower Monday September 12.

The black-top roads in Nacona Hills are showing up more each day. The men are moving along great.

Congratulations to Betty and Bud White for their new grandbaby!

We are very proud of the Bronchos. You're the greatest. Keep up the good work. "Win 'um All!"

The Ladies Auxiliary of Howardwick will hold meet-

ings the first Monday of each month. Next meeting will be October 3 at 7:00 p.m. at City Hall.

Alice Hood visited her aunt, Corene Ashcraft, Wednesday and took her some family pictures.

Remember, Friday at 7 p.m. is Friendship Club meeting and pot luck supper! (Sept. 16)

Lakers Homemakers

by ALICE HOOD

September 12, 1983, the Lakers Homemakers met after a summer vacation. Meeting was called to order by President Margaret Pettit. Minutes read by Secretary-Treasurer Lucille Boren were approved as read. Council report given by Council Delegate Lela Whitehead.

Linda Bell presented the program on Home Health Care. Linda is an R.N. working with the Home Health Agency of Texas Inc. and is a very good speaker as well as R.N. Thank you very

much Linda for coming out and presenting this program! And also thank Cherri Brown (E.H.A.) for coming out!

Dyron Howell was on the program schedule but could not come. Dyron was the student that the Lakers sponsored for the trip to Austin last spring. We hope to have him out sometime.

Motion was made by Alice Hood to make a donation in memory of Elizabeth Maxey. Eleanor Crossland made motion to give \$50.00

memorial to Donley County Cancer Society in memory of Elizabeth Maxey. A second motion was made by Alma Bingham and approved.

Upcoming events: "Christmas in October" craft show, Saturday, October 22, from 10 a.m. to 4 p.m. Trudy Davis and Eleanor Crossland will make door prizes. The Council will serve.

Members present were: Lucille Boren, Eleanor Crossland, Trudy David, Alice

Hood, Ruby Keith, Willie Moore, Bea Rogers, Margaret Pettit, Lena Singleterry, Lela Whitehead, Nora Hartwick and two new members, Nell Derr and Madaline Jones. Welcome!

Hostess, Lela Whitehead served delicious cookies and hot spiced tea and iced tea. She was assisted by Lena Singleterry.

Ashtola-Martin News

By NAOMI GREEN

Last week brought a couple of showers very scattered and hardly a measurable amount of rainfall, but appreciated none the less. Goodnight received more bountiful moisture with the clouds imparting two inches at Groom. Whoopie! About an inch and .40 Monday evening at Ashtola! Wish I

had the turnips sowed. Gerald and Linda Fry, Tara and Jamie of Amarillo spent some time with the Royce Halls Sunday evening. Mark and Judy Mann were here from Brownfield for a visit with his parents, the Jiggs Manns. The Claude Spiveys had all of their children home for the

holiday weekend: David and Della Spivey of Grand Prairie, Brodus and Ruth Ann Spivey of Austin, Becky and Jerald Lane, David and Oleta of Turkey, and Johnny, Kay and Claudette Marie Spivey of Ralls. Harold and Kay Green of Stinnett were visitors in the Skeet Brown home this past weekend. Hubert Rhoades joined them at lunch Sunday. Mr. B.E. Jones was brought home from the hospital by Mr. and Mrs. Frank Jones of Amarillo Saturday. He is doing very well.

Candy Floyd had surgery at Northwest Texas Hospital Thursday and was released Tuesday. Naomi Green and Dusty Allen made a business trip to Wellington Thursday. School was out there and the town was roped off for a "Fair Day Celebration Parade". Mr. and Mrs. Lawrence Scott of Amarillo visited with Mr. and Mrs. Steve Reynolds this weekend. Susie Gammon and her dog, "Muffie" of Dallas visited Katherine, David, Clint and Lindsey Green over

the weekend. Danny Phillips of Amarillo had supper with the Bob Havens family Friday evening. Kent and Tina Mills from Stinnett were in the Clarendon area to show off new little Miss Heather Marie. Saturday afternoon they visited great-grandparents, the L.A. Watsons. Mr. and Mrs. J.R. Graham Richard and Brent took a trip to Memphis Sunday to visit her parents, the Alvin Wards. L.A. Watson took C.I. Casteel to the hospital Saturday. Renee Watson spent Monday morning with Rosalie Watson. The Lloyd Risleys had a family reunion this weekend. In attendance were: Lloyd Virgil, Marie and Tresa of Amarillo, Jim, Linda, Amy and Alison of Denver City (all Risleys), Jo Schollenbarger of Palisades, Leane, Richard, Patricia and Seth Thornberry of Memphis and sister-in-law from San Diego, Calif., Maxine Johnston who will be visiting for several days. Horace Green and Kenneth Matthews of Claude made a business trip to Wellington Monday for an R.E.A. Board meeting. Saturday, Mr. and Mrs. Carl Taylor of Amarillo were here to visit the Burl Hollar family. The Bob Havens family attended the fair the horse show in Amarillo Saturday. Dorothy Patterson of Fritch came this week for a visit with the Tommy Elliot family. Jason Green spent the weekend with Rhonda and Lori. They were all at Plainview for the air show. The green bean pan found it's home but we still have a square Pyrex lid to a Corning Ware pan. Please call for it if it belongs to you.

It has been a problem with some of our younger people who have worked long hours with excessive exposure to the heat, as working in a metal building when there has been little wind or inadequate ventilation. Muscle cramps, dizziness, excessive perspiration, headache and weakness are the primary symptoms. Treatment consists of plenty of fluids, salt, brief rest periods for the heat (as standing in front of a fan or air cooler) and a good nights rest. Don't overdo when the temperature is too hot. One such episode of heat exhaustion can make that person sensitive to the heat for one or two years.

They should be taken to a hospital immediately, since it is life threatening. The excessive heat also allows germs to grow more rapidly in foods. We have had many cases of acute gastroenteritis with nausea, vomiting and diarrhea the past two months. Fortunately none have been too severe, but it can be quite disabling even for a few days. Keep foods adequately refrigerated. Allergies as hay fever and

sinus have become worse because of the dry heat. Fortunately there are many good over-the-counter medications to help, as: Drizoral, Actifed, Sinutab, and many others. Practice good health - Use good common sense. INFLUENZA VACCINE is now available at your physician's office.

Friends of Vera Gardemire are invited to attend a reception being held in honor of her birthday on Saturday, September 24th, 1983 from 4 to 6 in the afternoon at the First Baptist Church in Hedley hosted by her family.

Gibson Employees were in Lubbock recently to attend the presentation of a new product line, TV Brand, being offered to food retailers in West Texas and Eastern New Mexico supplied by Waples-West, a Lubbock, Texas food wholesaler.

The product show was held at the Southpark Inn on Sunday afternoon, September 11, 1983, and consisted of product displays, sampling, booths, presentations, and merchandising methods.

A product comparison showing the quality of TV Brand products to National Brands, as well as other locally branded products, was presented according to sources at the meeting. TV Brand products are equal or superior quality to National Brands, and are available in a wide variety of grocery, dairy, frozen foods, meats, baker, and non-food items. All priced below comparable National Brands.

In addition to product comparison, the Food retailers sampled numerous products for themselves, including potato chips, orange and grape juices, yogurt, ice cream, and others.

The TV Brand products are beginning to appear in **Gibson's Clarendon** supplied by Waples, and will surely become more and more common to consumers as a result of an extensive marketing campaign designed to tell Ms. Consumer about the value of TV Brand products.

Waples-West supplies over 100 supermarkets and food stores in West Texas and Eastern New Mexico. Waples-West is a division of Waples-Platter of Fort Worth, Texas, which is a part of Fleming Companies, Inc. with headquarters in Oklahoma City, Oklahoma.

HE IS ONLY A BOY

Please don't curse the boy down there.
He is my son you see.
He's only just a boy you know.
He means a lot to me.
I did not raise my son, dear fan,
For you to call him names.
He may not be a super-star,
It's just a high school game.
So please don't curse those boys down there,
They do the best they can.
They never tried to lose a game,

They're boys and you're a man.
The game belongs to them you see,
You are just a guest.
They do not need a fan like you,
They need the very best.
If you have nothing nice to say,
Please leave the boys alone
And if you have no manners,
Why don't you stay at home.
So please don't curse those boys down there.
Each one's his parent's son.
Win or lose or tie, you see,
To us they're "NUMBER ONE."

JV edges Wellington in season opener

The Bronchos total effort throughout the night proved to be the edge in the defeat of the Skyrockets 14-12.

Early in the first quarter, tailback Marcus Smith made the first score, but Clarendon failed to make the extra point. This left the score at 6-0.

The second quarter seemed to be dominated by both defenses as Clarendon went into the half up 6-0.

Late in the third quarter, Wellington scored to tie up the game at 6-6. Clarendon held them for the extra points on a fine play by Donald Brogdon.

Clarendon could do nothing on their next possession, so they punted. Wellington received the ball and after a good offensive drive, they scored. They again were denied the extra points on an excellent defensive play by Marcus Smith. The score was in favor of Wellington 12-6.

Clarendon had not given up yet. After a long offensive drive led by full back Randy Crump, Quarter Brent Hayworth threw a pass into the end zone to tight end Jake LaGrone for a TD. It was late in the fourth quarter and Clarendon had to score the two point conversion to go ahead. On a good block by Joew Patterson, Randy Crump went in to score the go ahead points. The score was now 14-12.

The game wasn't over yet. Wellington drove deep into Clarendon's territory. On a third and long play they passed. It was tipped by Steven Phillips and intercepted by Leland Howell, who had two on the night, with only seconds remaining.

Clarendon's offense kept the ball to run out the clock. Clarendon plays at Memphis next Thursday. Please come and support Clarendon.

From pg 1

next play fumbled and Richard Gaines grabbed it at the 46 yard line.

Robert and other reserves took over the offense and started toward the goal line. Boonev for 8, Curly for 6, then 8, Dewey busted for 23 and Curly got 12. on the next play there was a fumble between the quarterback and center to kill the drive at the 30 yard line where Kress ran 3 plays to loss 5 yards and had to punt.

Robert was determined to drive for a score, he let Curly get 27, then Bonnev 4, and he added 2, then squirted for 18 yards and a TD to make the game 45-0 and Arlis added the extra point for a final of 46-0.

Mabry attends food show

Bylow supermarket manager, Larry Mabry was in Lubbock recently to attend the presentation of a new product line, TV Brand, being offered to food retailers in West Texas and Eastern New Mexico supplied by Waples-West, a Lubbock, Texas food wholesaler.

The product show was held at the Southpark Inn on Sunday afternoon, September 11, 1983, and consisted of product displays, sampling, booths, presentations, and merchandising methods.

A product comparison showing the quality of TV Brand products to National Brands, as well as other locally branded products, was presented. According to sources at the meeting, TV Brand products are of equal or superior quality to National Brands, and are available in a wide variety of grocery, dairy, frozen foods, meats, bakery, and non-food items. All are priced below comparable National Brands.

In addition to product comparison, the food retailers sampled numerous products for themselves, including potato chips, orange and grape juices, yogurt, ice cream, and others. The TV Brand products are beginning to appear in area supermarkets supplied by Waples, and will surely become more and more common to consumers as a result of an extensive marketing campaign designed to tell Ms. Consumer about the value of TV Brand products.

Waples-West supplies over 100 supermarkets and food stores in West Texas and Eastern New Mexico. Waples-West is a division of Waples-Platter of Fort Worth, Texas, which is a part of Fleming Companies, Inc. with headquarters in Oklahoma City, Oklahoma. If you have any questions, you can call Larry at Bylow's.

Hedley News

The Woody Wilson's farm is really growing. The beautiful German Shepherd that came to their house gave birth to 8 black babies this week. The owner can rest assured that they are being well cared for. I'm sure they will be in the parade come Cotton Festival. Good Luck to the Wilsons.

Nancy Stevens spent the weekend in Dallas shopping and relaxing. She said she had a great time.

Slim Hunsucker is home from Lubbock hospital. He isn't feeling too well. Let's hope he feels better soon.

Jonnie and Woody Wilson spent last Monday in Amarillo. They both had doctors appointments.

I'm wondering why Highway 287 has to be a race track through our city. Was hoping we could get speed zones. Let's all work on it.

It made me very sad to see the dog that got killed in front of Hill's Can-Way last week and lay so long before someone removed it.

Jonnie and Woody Wilson are still helping out with the Amarillo paper route. They have done a good job. "They do get out early." Thanks to them!

The sprinkle of rain we had Tuesday night cooled things off a bit. Maybe we will get some more.

It's good to see the highway patrol out working Highway 287. Maybe people will slow down and live.

I noticed the produce stands are slowly closing around Hedley. I feel sure the owners are happy the long, hot summer is almost over. They have worked hard to serve the customers.

Welcome to our community Mr. and Mrs. Leslie (Slim) Sides and daughter

Sharla.

at night also helps keep crickets away from buildings, and making sure that all screens and doors fit tightly will help keep the pests out of the home.

As far as insecticides are concerned, Brown advises spraying a band from 5 to 20 feet wide around foundation walls and treating window and door faces, crawl spaces, door thresholds, and around garbage cans and wood piles to keep crickets from moving indoors. Effective insecticides for outdoor use include chlorpyrifos (Dursban), diazinon, malathion, propoxur (Baygon), resmethrin, carbaryl (Sevin) and metaldehyde, the latter two as baits.

Application of insecticides indoors will only be mini-

mumly effective points out Brown. Residual sprays such as chlorpyrifos, diazinon, propoxur, and resmethrin applied to the baseboards, closets, under stairways, and wherever crickets are hiding may be helpful.

Be sure and use insecticides according to label directions, reminds Brown.

PUBLIC NOTICE
BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 8, 1983

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolition of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

The Lions Tale
By GENE ALDERSON

The Clarendon Lions Club holds its regular meeting at noon on Tuesday at the Lions Hall. There were 30 members, Lion Sweetheart Jessie Adams and four guests present. Following the meal and the regular opening ceremony, Boss Lion Henson called on Lontamer Messer who introduced Maurice Risley, guest of Ernest Kent, David Smith guest of his father, Donald Smith, and Floyd Henson of Albuquerque, NM guest of his brother Boss Lion Henson. Sec.-Treas. Homer Estlack reported the pancake supper was very successful. Lion Alderson presented Lion Henson with the prize for being the top ticket salesman for the pancake supper. Lion Jim Sharrar introduced Jimmy Bennett, Division Manager with General Telephone Co. who gave us a detailed explanation of the effects of deregulation of the telephone industry.

Crickets invade Donley County

Hordes of field crickets have invaded parts of Donley County, creating a nuisance in some areas and causing minor damage.

Large numbers of crickets usually occur in the fall following prolonged dry weather in the spring and summer, points out Cherri Brown, county agent with the Texas Agricultural Extension Service, Texas A&M University System. If temperatures get cooler and rains occur, increased nuisance will occur from massive migration from yards and fields into homes and other lighted areas.

Field crickets can damage ornamental and garden plants. Inside homes and other buildings they become a nuisance and may occasionally feed on fabrics, especially clothing stained with perspiration or food.

Brown suggests cleaning yard and garden areas to reduce cricket feeding and breeding sites. This includes destroying weeds and dense vegetation around homes and other buildings and removing piles of bricks, stones, wood and other debris where crickets may hide.

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constitutional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, together with any improvements on the land. The constitutional requirement that, at the time of designation, an urban homestead not exceed ten thousand dollars in value without reference to the value of any improvements on the land would be eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment replacing the limitation on the value of an urban homestead with a limitation based on size."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect.

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 30 proposes a constitutional amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurred in by the House of Representatives and the Senate through a resolution approved by a major-

ity of the members present.

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing statutory provisions for succession of public office during disasters caused by enemy attack, and authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 12 proposes a constitutional amendment that authorizes the Legislature to enact legislation providing for the use of the permanent school fund and income from the permanent school fund to guarantee bonds issued by school districts. The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the amendment.

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment which would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other purposes.

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

costs of administering the fund and issuing the bonds.

The amendment provides, further, that if there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund available for payment of principal and interest on the general obligation bonds issued pursuant to the amendment, then money coming into the Treasury in each fiscal year is appropriated in an amount sufficient for payment of principal and interest due in that fiscal year.

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes political subdivisions to exempt veterans' organizations from ad valorem taxation on their property. The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem taxation.

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewerage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated.

PROPOSITION NO. 12 ON THE BALLOT

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state."

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate

jurisdiction and to county courts."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewerage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Constitutional language specifying the qualifications and terms of office for members of the Board of Pardons and Paroles is eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and to give the board power to revoke paroles."

New Doppler Radar

In the past, the only sure way to detect a tornado was to wait until one was sighted. Unfortunately this eyewitness method often resulted in tremendous loss of property and lives. Channel 7's new Doppler Radar System will change all that. Doppler Radar is the most sophisticated and accurate form of weather radar in the nation. It can detect a potentially damaging storm, like a tornado, while it's forming, thus giving you ample time to seek shelter. Channel 7 is the first station in Texas to have the Doppler System, the only station in the area that can provide you with this type of radar information. When serious weather threatens the Pahrandle, Len Slesick and Doppler Radar will provide you with the most complete weather picture available.

WHAT TO DO IN CASE OF A TORNADO

If a tornado is sighted, take cover in a basement, under large furniture, in an interior hallway, or leave a mobile home and take cover in open country, move away from the tornado's path at right angles. If there is no time to escape, lie flat in a ditch or ravine. In a car, get out of the car and seek shelter in a building or a ditch.

WHAT TO DO IN CASE OF LIGHTNING

When lightning occurs, get inside a home, a large building or an all-metal automobile. Do not use the telephone except for emergencies. If you are caught outside, do not stand near a tree or telephone pole, stay in the open.

WATCH VS. WARNING, WHICH IS WHICH?

A severe thunderstorm or tornado watch means that storms or tornadoes are possible and you should stay aware of weather conditions. A severe thunderstorm or tornado warning means that a storm or tornado has been sighted and you should seek shelter immediately.

Supplement to Channel 7's Doppler Radar System... Channel 7's new Doppler Radar System... Channel 7 is the first station in Texas to have the Doppler System...
